Welcome, welcome, all ye out-of-town teams. We hope that you have a good time, and win all your games (except against South Side, of course.) (We also hope that they get to read our paper or they won't be able to read this welcome.)

Hurray! We've just discovered that there's not going to be any school tomorrow afternoon. That's nice for the poor ones who battle Caesar in the afternoon, but then we don't have any afternoon classes. Can you beat it?

Talk about love for sport, loyalty to the school and such, what would you call this? Last week, all during that awful cold spell, when snow covered the stadium, and the wind blew some of the snow off of the stadium, the brave track team dashed forth and trotted 'round the stadium. But, of course, they weren't clad in the regulation track outfit. Instead, they had Eskimo suits. Even if they did have nice cozy hoods to keep their ears warm, they didn't cavort in the snow for any great length of time. But, who would?

Per usual, we can't think.

The floor for last Friday's game must have been awfully slick. In the prelin it seemed as though the teams just couldn't stand up. And it was the same way in the main affair.

One time, a Peru man acted as though he were playing leap-frog. Anyhow, he jumped over Don Currie in an attempt to get the ball. But Don just grinned and hugged the ball and all the Peruvian aerobatics went for naught.

It's more fun to listen to the comments of the older fans during the games.

All the older generation think that "Billy" Rastetter is "too cute for words", to use our own pet phrase. Lots younger people think so, too, for that matter.

But, all kidding aside, he is one fast little player and he surely deserves all the praise he gets. (This blurb was brought on by sitting in front of some of his admirers during the prelin.)

We wonder if you-all are on pins and needles like we are, "waitin' for the evening game."

So fare-well, all you rabid basketball fans, we'll see you tomorrow nite at the game.

P. S. We've just learned that our Middredites are going hunting for a Tiger skin this afternoon. Y'know, they already have one in their possession.

We're sure that they'll come back from this battle victorious.

## ORIGINATOR OF BASKETBALL INVESTIGATES NET GAME

"Are Basketball Games Too Strenuous for Players?" Is Question to Be Settled

"Are basketball games too strenuous and a strain upon the heart?" This is the great question before Dr. Naismith, originator of basketball, and a member of the University of Kansas faculty. Dr. Naismith at tended the high school basketball games at Kansas City recently with a pencil and chart on which he noted the effect of the game upon players.

"This chart," said Dr. Naismith, showing one, "is to determine the actual playing time of the team. Later I shall determine the actual playing time of the individual. I have found that in football the players average twelve minutes during which he is strenuously engaged.

"The time of strenuous engagement of the individual in basketball," he said, "would give him material with which to contradict or agree with the critics of the game."

## TWO LOCAL TEACHERS TO REFEREE TOURNEY

Mr. Davis and Coach Welborn, both instructors at South Side, will referee the sectional tournament games at Columbia City. Mr. Davis has been refereeing many out-of-town games and several industrial and Sunday school tilts this year, while Coach Welborn has been displaying his ability in the preliminary contests he has been refereeing here.

# WATER POLO IS NEW SPORT FOR HI-Y BOYS

Hi-Yers Lead Water Sports League by Defeating All Teams in First Round of Tourney

Water polo, a new sport for Fort Wayne high school boys, is being played every week at the Y pool. A number of members of the Hi-Y club has upheld the honor of the high schools against teams of men employed in some of the larger shops.

Since some never have seen a game of water polo perhaps it will be wise to state that it is something like a mixture of football and basketball, played in the water, and rougher than either. About the only way a personal foul may be committed is by a man biting his opponent.

Since both the Hi-Y and Wayne Knit teams had defeated the General Electric and the Triangle Aquatic aggregation in previous games, their meeting was to decide who won the first round of the water sports league. The Hi-Y won in a close and spectacular game, 6 to 1. The first half ended 1 to 0 in the Hi-Y favor, the only point being scored on a free throw.

**High Point Man**

Berghorn was high point man for the boys, scoring one thrown goal and two fouls, while A. Doege made the only point of the Wayne Knits.

Hi-Y got the tap-off and took an immediate offensive but failed to score in the first half other than by the foul route. Each team missed five throws at the board during the first half.

The Wayne Knits secured the ball at the beginning of the second period and scored on W. Doege's technical foul for hanging on the board. The Hi-Y missed their shot on Jennings' foul for talking to the referee. The Wayne Knits then carried the ball into Hi-Y territory, where Humbert fouled Kayser. Kayser missed his shot but a moment later Martin scored a point on A. Doege's foul. The ball was then scored a thrown goal.

The Wayne Knit then took the ball into Hi-Y territory and would have scored had not A. Doege become over-eager and committed a technical foul. Hi-Y missed. A moment later A. Doege fouled again and Berghorn hung up two more points. The game ended a few second later.

In the other game of the evening the L. A. C. secured third place in the league by defeating the General Electric.

# Monroeville, South Side Picked To Meet in Semi-Final Round

Monroeville Basketball Team

Top row, left to right: Perice, coach; Speith, forward; White, forward, and Leuenberger, forward.

Back row: Meese, guard; Purman, forward; Hobbs, forward and captain; Sheehan, center, and Leonard, back guard.

Monroeville is the quintet that is generally picked to meet South Side in the semi-finals of the sectional tournament Saturday afternoon, as the Monroeville players are picked to defeat the Leo five in the first round Friday night at 8:30 o'clock. South Side is hoped to have an easy time over Lafayette Center at 7:30 p. m. Friday. South Side and Monroeville, if both victorious in the first round, will not have to play in the second round Saturday morning as a bye advances them into the semi-finals.

This team is expected to offer stronger opposition to the Green than Lafayette Center will give, as the Monroeville boys were the runners up in the Allen county tourney, being defeated in the re-play of the finals in the county net meet by Huntertown, another sectional contender, by a score of 19-20.

This year's team is an entirely new combination as all of last season's first five were lost by graduation. Seventeen games have been won and six lost.

## The Winning Combination!

"Who's gonna win?" "Our team?" "Yea, bo!" We sure don't represent those old "hefties" that don't know what to do with their legs. Fort Wayne's team is more like the basket tosser and his teammates. School spirit, team work, sportsmanship, scholarship, and diligent training—that's our stuff. "Yea, bo!"

### The Players Creed

I believe that athletics, rightly conducted, develop organic vigor, physical fitness, intellectual efficiency, moral qualities, and social habits. Therefore, that I may gain these advantages for myself, and uphold the honors of my high school, I WILL conduct myself, at all times, so that I shall be a credit and not a handicap to my school; I WILL obey all training rules faithfully; I WILL play the game to the end, with all my mind, strength and courage; I WILL play to win with honor and the knowledge that my opponent has had a square deal; I WILL be a gentleman at all times—winning or losing. "When the game is on and your friends about And you could put your rival out By a trick that's mean, but wouldn't be seen."

### At The Game

I. They enter—Seat themselves and begin to take out various articles from within the deep, dark recesses of their vanity boxes. Then ensues a ten minute survey of their respective countenances. After much fluffing of hair and adjustment of ties, scarves, etc., they decide to watch the game. II. They endure the spectacle of those horrid boys playing so roughly, for about ten minutes. Not understanding the game, poor things, they are bored to death. III. When the game is at the most exciting moment, they rise, give the crowd the once over, then saunter slowly away. The next day they are overheard in the hall telling some friend who did not go, that it was perfectly "thrilling," marvelous, wonderful, exciting, and all the other adjective which they have tucked away in their vocabularies. Comment: "Aren't girls queer things?" Male Chorus: "We'll say they are."

### Alumni News

Evelyn Lewis, '23, played at the Strand theatre last week with the Myrtle Ross players in "Flapper Grandmas." Evelyn can be remembered as having one of the leading parts in "Clarence," the 1923 senior class production, and many other amateur plays in town. This is her first appearance with a professional troupe of players.

Cozette Garwood, '24, who is attending Hillsdale College at Hillsdale, Mich., spent last weekend visiting her parents and friends.

Mary Wasson, '24, member of the Simpson Dramatic club, is one of the cast in the play, "His Best Investment," to be given at Emmaus hall next Thursday night by members of the club.

Dorothy Bolt, '23, was one of the soloists on the musical program given by the Fort Wayne Musical club last Sunday afternoon at the Little Art theatre. While in high school, Dorothy took an active part in musical clubs and programs. She had a leading role in the "Bells of Beaujolais," 1923 operetta.

Lucile Rasmus was given a birthday surprise party last Thursday night by her most intimate friends. Games and dancing were enjoyed, after which a two-course luncheon was served. Those present were: Naomi Crummitt, Kathryn Bell, Jeanette Glass, Lucile Rasmus, Al Ralston, Forest Crummitt, Bob Szink and Walter Barbier.

### The Principal Says--

South Side and Fort Wayne welcome the regional teams. Fort Wayne, this is your tournament. Your help will increase its success.

Robt C. Harvie

### The Mirror

By RUD BECK  
(Publication of this column does not necessarily imply the paper's agreement with the author's opinions.)  
About the Game  
Mr. Null, who is the English department head, and concerning the South Side-Central game: "You know, I was quite certain as to the outcome of the tournament. I was sure that there was a victory in store for Fort Wayne!"  
It was, but Central got it.

To the State  
The test of a real sportsman is the defeat, not the victory. In the regional tourney South Side students can show their sportsmanship by helping send another Fort Wayne team to Indianapolis. Let's help them go!

Concerning Ideas  
One thought concerning the honor room has been contributed to this paper. This person thinks that only juniors and seniors should be admitted because underclassmen cannot concentrate. Then he would have a membership based upon grades alone, no one being admitted whose average is less than eighty-five.

Do you agree with this person on these limitations of membership? The writer of this column gave an outline of his plan concerning a board of directors last week, but has received no comment upon it. Now that the opportunity for capturing state honors in basketball has gone glimmering, let's work out a system for an honor room that will last longer than any champion team, and will be more useful than any victory!

In Bosse High of Evansville  
Leo Warren, head prefect of Bosse, writes: "Our system has worked exceedingly well and we are very proud of the fact that it is only a year and a half old and is working so well." Here is their plan: The school is governed by five boys and five girls called prefects. The senior class elects three boys and three girls to this position while the junior class elects two to each. The prefects conduct trials for minor breaches in student government rules. They are the officers of the student government. One of the duties of the government is to conduct the honor study hall, to which sophomores and freshmen are admitted only upon application and recommendation.

For Underclassmen?  
That person who had enough interest in the plan to give his ideas believes underclassmen should be barred. In Bosse high school a limited number are admitted and we are assured that they cause no trouble or inconvenience. Do you seniors and juniors want them in the honor room? Do you sophomores and freshmen think you ought to be put on the same basis with the upperclassmen?

Forced Attendance  
In Evansville the presence of every honor room member is checked by student monitors. In other words, the student is put upon his honor only in regard to his conduct and not in regard to his attendance. Is this a real honor room, where a student cannot be absent without a written excuse? Is there honor in trusting a student to attend the study hall if he has lessons to prepare? Just where are the limits of honor in an honor room?

Some Problems  
"Responsibility of presenting and considering plans lies upon the students," says Mr. Harris. If YOU want such a study hall, tell the world about it, don't be afraid someone will object to your thinking about it or to your expressing your thoughts. There must be interest taken in the plan or the honor room will not be established.

## SOUTHERN SPICE

Mary Monroe: "The idea of working 12 hours a week on the Times staff! I would not think of such a thing."  
Pauline Baumgartner: "Neither would I. It was Miss Harvey who thought of it."

The Downfall  
Whenever teacher springs a quiz,  
I think how grand 't would be  
If I should make a hundred,  
The ninety would satisfy me.

I'm sure I'll make at least an eighty,  
Until I see the test;  
And then I know that seventy  
Will be my level best.

When I am done, and ope my text,  
To see what answer's right,  
I see that sixty'll be grading it high,  
Though I tried with all my might.

But when my paper comes back to me,  
I scarcely dare to look,  
A fifty stares me in the face—  
Next time I'll know my book.

Melvin R.: "Have you got an Elson's?"  
Paul B.: "No but I got a Beard."  
M. R.: "I want a book, not whiskers."

But the Teacher Did  
It was Monday morning and apparently no one had found it convenient to prepare the assignment. The usual excuses had long been exhausted and new ones resorted to as the roll was called. In final dismay the last name was called.  
"Harold?"  
But Harold Shookman had been having his usual nap and awoke only in time to hear his name called. With a yawn he attempted his wise reply.  
"I don't believe that I have anything to add to what has already been said on the subject."

Dear Bell, I love you Mower each day:  
Of all the girls you're my Pick.  
And if I ever have my way,  
You may be sure I'll Steel you quick.  
When I first saw your golden Locks  
I hoped I could with Tackle-blocks  
Draw you more closely to my heart.  
Could I in my Repeating Arms  
But close you, little maid divine,  
I'd Bolt you there with Awl my charms  
And Rivet your sweet lips to mine.  
I'd chain your heart's door fast and fair  
And Nail the Hinges on with bliss,  
I'd really love you on the Square,  
You'll find no Grater love than this.  
So now I'll Screw my courage up,  
And Axe you if my name will fit;  
If so, you're just the needed Cup  
Of Punch to Brace me up a Bit.  
So come tonight and we will File  
The papers, dearest little Plumb;  
I'll meet you at the outer stile;  
Just Wire me if you Can Nut come.

## TRIAL OF CRIMINAL STIRS UP INTEREST

Public Speaking Class to Have Mock Trial All Next Week

### RESOLUTION IS PASSED

Much interest has been aroused in the public speaking class since it was decided that a mock trial would be held. A committee of three, consisting of Power W. Karr, Gertrude Schuelke and Ruth Eickmeyer, were chosen to decide the principal characters, the criminal and the crime.

The date for the trial was set for the week of March 8 but when a legal resolution was brought forth it was voted upon and the trial was thus postponed for seven days.

The document was submitted by the committee and before its adoption a lengthy discussion took place. Mr. Makay presided at the meeting. Many feared that a new set of speeches would be due if the trial were postponed but through the efforts of the committee, they were persuaded to vote for the measure and delay the trial. The vote read eight to five and the resolution was carried.

The resolution submitted by the committee is as follows:

**RESOLUTION**

Whereas the proposed Criminal trial in Room 144 of South Side high school of East Wayne of Indiana of the United States of America is intended to take place the eight periods of certain days of the week beginning March 8, 1925 and ending March 14, 1925, and

Whereas the proposed elimination contest of the National Oratorical contest is intended to take place sometime of the same day of the afore-mentioned week, and

Whereas, more than two persons who are members of the class of the aforementioned room intend to take part in the said contest, and

Whereas the preparation outside of school which is essential to the success of both said trial and said contest would be unduly restricted, and

Whereas the delay stated in the hereinafter mentioned resolution would be of great benefit to the success of both said contest and said trial.

Be it hereby resolved: That we, the undersigned members of the committee on the judiciary, hereby express our desire to have said trial delayed or postponed for one week, or until sometime during the week beginning March 15, 1925 and ending March 21, 1925.

Respectfully submitted,  
The Committee on the Judiciary,  
Gertrude L. Schuelke,  
Ruth Eickmeyer,  
P. W. Karr.

## PHILO BANQUET POSTPONED ON ACCOUNT OF REGIONAL

"Men Not Wanted" to Be Staged at Next Meeting on March 23

Because of the regional tournament, the Philaethian Saint Patrick's banquet has been postponed until March 18. Tickets will be sold for 75 cents.

A play, "Men Not Wanted," will be given at the next meeting, March 23. Ruth Barber and Katherine Chapman told the story "So Big" at last Monday's meeting.

## TALKS TO BE FEATURES OF NEXT ART PROGRAM

Sophomores, Juniors and Seniors Invited to Join at Meeting, Monday, March 16

The next art meeting will be held Monday, March 16, in Room 38. There will be a talk on art by Thyra Jurgensen on the Green team and one by Mildred Obenour of the White team.

Although the entire program has not been planned, there will probably be a reading and a solo. There will also be games.

Those sophomores, juniors and seniors who still wish to join are cordially invited to attend this meeting.

### The Fan's Creed

Believing as I do, in a high standard of sportsmanship for Indiana high schools—

- I WILL acquaint myself with all the players;
- I WILL be a booster—and not a knocker;
- I WILL insist on a fair play, honest dealings, clean athletics, and real sportsmanship;
- I WILL abstain from making any noises whatsoever while an opponent is in the act of making a free put;
- I WILL never heckle an official, nor "crab" about his decisions;
- I WILL be courteous to visitors, visiting teams and officials;
- I WILL be a sports man and not a "sport."

"For when the One Great Scorer comes, to write against our name,

## South Whitley Enters Regional With Strongest Team Since 1922

SOUTH WHITLEY BASKETBALL PLAYERS

Back Row, Left to Right—Eisaman, Merrick, Goff, Snyder, Fox.  
Front Row—McConnell, Matson, H. Kinsey.

By HELEN CRAWFORD

(Written after special trip to South Whitley as Times correspondent.)

This year's basketball team at South Whitley is the best they have had since 1922, and it is probably even better than the 1922 team. In general they have a heavy team. Snyder, a freshman only fourteen years old, weighing 150 pounds, has earned a position on the varsity team. Merrick is 18 years old and weighs 150 pounds. Merrick is a junior, but is playing for the first time on the varsity team. Goff, their high point man, is 18 years old. He is a junior and has played with the team three years. He and Matson are the biggest men on the squad, both weighing 165 pounds. They are also the high point men. Matson is 19 years old and has played all four years on the team. Eighteen-year-old Fox has played three years on the squad. This is his last year, as he will graduate in June. He weighs only 135 pounds.

McConnell weighs 155 pounds, is 18 years old, and is playing his second year on the varsity. As he is only a junior, he will be with South Whitley for another year. H. Kinsey weighs 140 pounds, is 18 years old and is playing his last year. He has been on the squad three years. J. Kinsey, a new man on the team, is a sophomore. He weighs 135 pounds and is 16 years old. J. Kinsey has not been on the regular team all year, which accounts for the fact that his picture does not appear in the group with the rest of the team. Eisaman, who is on the picture, is not playing.

Out of eighteen games that South Whitley played this year they won ten and lost eight. Some of the scores of the games in which they lost were very close.

The gymnasium at South Whitley is about 70 by 40 feet. They have practically no equipment in it. Its seating capacity is about 600. The South Whitley high school has an enrollment of about 145 pupils, seventy-one of whom are boys.

Their coach is Harry Yoder. He has been their coach for the last three years. After graduating from Manchester College, he taught in a very small school for one year. Besides being coach, Mr. Yoder teaches English and mathematics in the seventh and eighth grades.

South Whitley's hardest opponent in the sectional tournament was Columbia City. Columbia City held the lead in the first half of the game, the score at the half being 9 to 4. At the beginning of the second half South Whitley worked ahead and held the lead throughout the rest of the game. The final score was 22 to 15.

In South Whitley's first game of the sectional tournament they beat Coesse, 45 to 14. Their next game, with Chubbuck, was won by a score of 43 to 8.

South Whitley also defeated Columbia City in the county tournament this year.

## Need For Vigorous Indoor Sport Causes Net Game's Rapid Growth

Y. M. C. A. Workers Are Largely Responsible for the Development of Basketball; First Hardwood League Was Formed in 1898 by Six Social Organizations.

Basketball has entered communities of all kinds and sizes gripping the interest of both young and old. When basketball "struck the town" in 1898, a six-team league, representing as many social organizations of the city, was quickly formed. After a time these teams began to take on games with teams from out of town. In the meantime high schools and other groups took up the sport.

Dr. Joseph E. Roycroft, of Princeton, the first chairman of the joint basketball committee, has given the following brief description of the general growth of the game:

"It is doubtful if the history of competitive games contains an example of more rapid growth than that shown by basketball during the first two or three years of its existence. Even the remarkable spread of baseball in the years immediately following the Civil War was second to this. The rapidity with which the knowledge of basketball spread throughout the world was due, first to the fact that the game was so constituted that it met in an adequate way the real need for a vigorous indoor game; and, second, the game was developed in an institution which sent its students, all of whom had learned how to play the game, to all parts of the world. Dr. Naismith is authority for the statement that one of the players on the first team went to India, another to China, another to Japan. . . . The game appeared in Canada and the far west in 1892-93. It was taken to the Philippines in the late '90s by the American school teachers. It was introduced into Germany by Dr. Schmidt, who saw it played in the Olympic games at the St. Louis Exposition in 1904. Naturally enough, since the game was developed in a training school for Y. M. C. A. physical directors, it spread very rapidly among the members of these organizations; but the colleges and schools followed very closely. Yale is reported to have had a representative team in 1892-93, while Cornell and the University of Chicago had representative teams in 1893-94."

"While the game found a place in a few colleges throughout the country within the first year or so of its existence, there were no intercollegiate leagues formed until 1901-02, when Harvard, Yale, Princeton, Columbia and Cornell organized a basketball association. The Western Intercollegiate Basketball association was formed by the members of the conference colleges in 1905. These organizations have constantly gained in importance and influence. They are largely responsible for the continued and growing popularity of the game in schools and colleges, and for consistent work in checking the development of undesirable features. It would be remarkable if a game should experience such rapid growth and be played by so many different kinds of people under widely varying conditions, indoors and out, and not be subject to abuses which have required vigorous measures to control."

"The development of the game has demonstrated the wisdom of the inventor in emphasizing the rules prohibiting personal contact—holding, tackling, charging, and so on. The most dangerous tendency in the game has been the increase in the amount of roughness that has resulted from the failure on the part of those coaching teams and officiating in the games to insist upon the spirit of the rules governing personal contact."

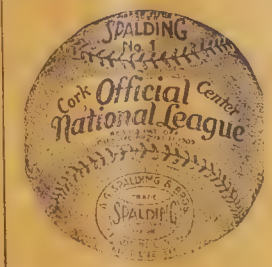

**Dangers Recognized**

"The dangers and bad results from the development of these tendencies

toward the close guarding, personal contact game were early recognized by the committee responsible for the formulation of rules governing the game, and a strong movement has been in progress, during the past few years in particular, to modify the rules so as to make it possible to eliminate this type of roughness from a well conducted game. Personal contact and rough play are bound to occur among men moving at top speed in a restricted space unless the rules are framed to penalize these tendencies and at the same time to emphasize the fundamental principle of the game, "to play the ball and not the man," and to reward its observance."

"Basketball makes no uncertain demands on heart and lungs, and on endurance generally. It develops alertness, self-control, skill, speed and teamwork; and it brings into action every part of the body. A good game of basketball arouses interest and enthusiasm in both player and spectator. Its essential simplicity and the small amount of inexpensive apparatus required, taken in connection with its other qualifications, make it one of the most valuable of our competitive games."

## DEAN OF GIRLS ATTENDS EDUCATIONAL CONVENTION

Miss Pittenger Tells Of Interesting Speakers Heard at Meeting In Cincinnati Last Week

Miss Pittenger, dean of girls at South Side, attended the convention of the National Educational association, held at the Gibson hotel, Cincinnati, Ohio, recently.

The convention was divided into various sections, one of which was "The Dean of Women's." It in turn was again divided into three parts: the advisor of girls of high schools, colleges, and of universities. Miss Pittenger attended the one having to do with the particular problems of high school deans.

This section had its first meeting Thursday morning, and concluded with a dinner Saturday noon. Speakers of national reputation were heard. One of the principal addresses was given by President Frank Aydelott, of Swarthmore college. His theme was "Promoting Scholarship Through the Honor Student." Dr. Alexander C. Purdy, professor of practical theology, Hartford Theological Seminary, gave an inspiring and illuminating address on "Character Building."

The program was well carried out and the suggestions were helpful. About five hundred attended the convention.

Luncheons and formal dinners, followed by helpful after-dinner speeches and discussions of problems of education made up the social program of the deans.

## "DATES AND LEMONS" DISCUSSED AT FORUM

Mr. Null Is Leader; Ann Weaver, Chairman; No More Meetings This Year

The last of the eight forums for the students of South Side and Central was held Sunday afternoon at the Y. M. This was as well, if not better attended than any this year. Over 130 were present.

Mr. Null, of South Side, was selected as leader when word was received that Miss McCloud, librarian from Central, had taken ill. The original subject intended was "Pal o' my Dreams," but through some misunderstanding, the subject given Mr. Null was "Dates and Lemons."

Before the discussion was over, everyone present was glad that the subject was such. It was difficult to get the boys and girls to express their opinion, but through the able leadership of our English instructor, a very peppy discussion ensued.

Anne Weaver, a student at Central, was chairman. Mrs. Bowerfield and Mr. Yarnelle entertained the crowd with a few vocal selections.

"Our forums have been better attended this year than any," said Mr. Brunson, boys' secretary of the Y. M. "We hope all students of both South Side and Central are looking forward to next year's series."

## OVERCROWDING IS GUARDED AGAINST

State Officials Take Measures to Prevent Jamming Exposition Building Beyond Capacity

### BUILDING IS FIREPROOF

State officials have taken great care to eliminate all possibility of overcrowding the Exposition building at the state basketball tournament this year. A special detail of inspectors will be sent to the state tournament to see that the building is not overcrowded, and that all law in regard to the tournament are strictly enforced.

#### Recommendations Offered

Mr. Miller, state fire marshal, said that under no circumstances should more tickets be sold than the seating capacity of the building. Rushes for seats should be eliminated by seat checks, and an adequate staff of ushers to assist in seating the spectators. He announced that three state agencies will be looking after the enforcement of the state laws. The state industrial board, and officers of the state board of agriculture have already made it plain that no congestion will be permitted at the state tournament.

The Exposition building has been inspected by E. J. Barker, secretary-treasurer of the state board of agriculture, who announced that the building will be entirely safe as it is fireproof and twenty exits are available.

Lew Shank, the mayor of Indianapolis, announced that all precautions have been taken to prevent overcrowding of the building. The problem of seating the fans was put in the hands of F. F. Hamilton, building commissioner. A large detail of police will be present to prevent any disorder, and to help enforce the state safety laws.

## CANN MEASURE IS PASSED TO STOP TICKET SCALPING

Robert Starr, Sports Editor of Frankfort, Is Responsible for Introduction of Bill

Since an anti-ticket scalping law has been passed, the familiar sight of great numbers of boys scalping tickets at the Coliseum will not be seen this year at the state finals at Indianapolis.

The Cann measure, introduced by Senator Howard Cann, which was passed last week, prohibits the sale of any tickets for public amusements at a higher price than the original cost, and places a penalty of a fine of from \$25 to \$500 for conviction.

Robert Starr, columnist of "The Basketball World" and sports editor of the Frankfort Morning Times, was responsible for the introduction of this measure.

### BASKETBALL FOUNDER TO BE AT STATE FINALS

Much interest is manifested in the fact that Dr. James Naismith, the founder of basketball, will be attending the state finals at the Exposition building at Indianapolis and will also present the shield and medals which are given to winners each year at the conclusion of the tournament.

A. L. Trester, secretary of the Indiana High School Athletic association, extended the invitation to the Kansas professor, and received the word of acceptance recently.

## SOUTH SIDE GRADE SCHOOL NOW LEADING NET LEAGUE

Wins Six Out of Eight Games; Have Two More Games on Schedule

The Eighth Grade Basketball league is now playing its second series of games. The six schools represented in this league are: South Side Grades, James H. Smart, Jefferson, Harmar, Hoagland, and Bloomington.

The South Side Grade team has won six out of eight games played this year. They have two more games to play, one with the Hoagland five and the other with the Bloomington team.

"We would like for the two teams with the highest per cent to play a final game at the South Side gymnasium. We would charge for this game and give a trophy to the winning team," Mr. Cairns, who is the South Side coach, said.

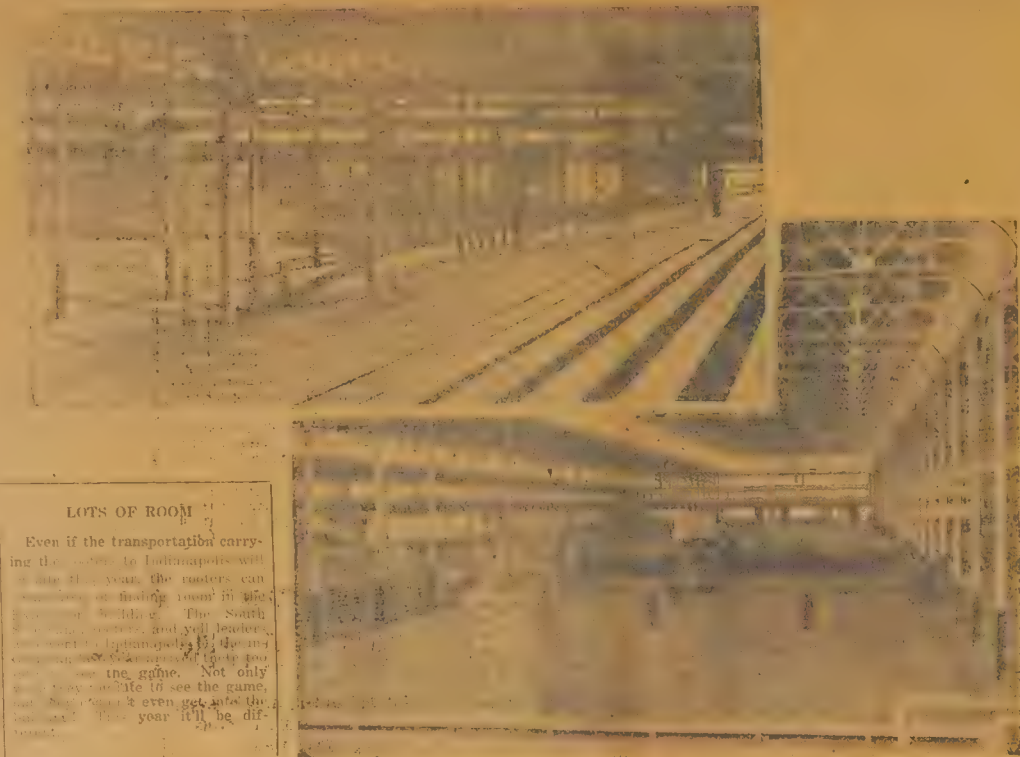

The standing of the highest teams is as follows:

	Won.	Lost.	Pct.
South Side .....	6	2	.750
Hoagland .....	5	3	.625
James H. Smart .....	5	3	.625
Harmar .....	5	3	.625

#### Plan Spanish Paper

Spanish classes of the Central high school of Minneapolis, Minn., are planning to publish a paper in the Spanish language. As planned, there will be four departments in the paper: school news, editorials on Spanish or Spanish-American events, modern Spanish poetry and advertising.

## New Stage Chosen on Which Basketball Thespians Will Strut Their Stuff in State Finals Show Down

### LOTS OF ROOM

Even if the transportation carrying the fans to Indianapolis will be slow this year, the rosters can be made as fast as room in the Exposition building. The South Side gymnasium, and all leaders, will be in the Exposition building to see the game. Not only will they see the game, but they will even get into the Exposition this year it'll be different.

### EXPOSITION BUILDING

Victors of the regional "state championship" on the floor of the new Exposition building at the Indianapolis state fair ground instead of at the Coliseum, as was formerly planned.

Work inside the mammoth structure has been going on for several weeks and the building is nearly completed. The cement floor covers four acres and the playing floor is at one end of the building. The rest will be at the Exposition building, which is closer to

the sides and platforms are provided at the end for those who can't find seats. Approximately 20,000 Hoosier basketball fans may sit and stand to see the games.

On account of the increased entrance facilities all the crowding to get in will be practically eliminated.

A large part of the eating arrangements for the fans are in one end of the building. The rest will be at the Exposition building, which is closer to

the Exposition building than to the Coliseum.

About a dozen big furnaces have been installed to care for the heating problem. The floor is of cement and engineers say that once the building is warm it will hold the heat.

The chairman of the tournament, Fred Garman, of Technical High school, Indianapolis, thinks that the Exposition building would be better than the Coliseum in every way

it not for the cost involved in building additional seats. "But," he said, "there is no great desire on the part of the I. H. S. A. tournament men to make money on the classic. The main thing is that all fans in Indiana have a chance to see the tournament."

Traffic facilities at the fair ground are good. The building is just to the right of the Thirty-eighth street entrance to the fair ground and directly opposite the Automobile building.

## South Side Gym Again Scene of Regional Net Tournament

### SOUTH SIDE GYMNASIUM

The South Side gymnasium is considered the finest gym in the state. It has 2,461 numbered seats but many times there are more than 3,000 people in it at one time. The playing floor of the gym is 45 feet by 84 feet. Under the rows of seats there are many store rooms, showers, lockers and offices.

On the east side are the boys' and girls' showers, which are equipped with every modern convenience. Next to these are large locker rooms.

On the west side of the gymnasium are two large rooms, one for home team and the other for visiting team.

South of these rooms, on the west side, is the handball court, which has a spectators' gallery and a storeroom for apparatus.

There is a large storeroom across from Miss Hadsell's room. Next to this is a smaller room which is used as book store at the beginning of each semester.

On the outer edge of the gymnasium, opening into the halls, are two offices for the Times, one for the Totem, and also one for Mr. Null.

Ten Teams Entered In Last Week's Tournament; Central Tigers Tounce Arcola In First Game

CENTRAL, SOUTH SIDE MEET IN FINAL GAME

Harlan, Monroeville and Fort Wayne High Schools Reach the Semi-Finals

### Summary of Tournament

Central, 57; Arcola, 17.  
New Haven, 27; Woodburn, 17.  
South Side, 57; Lafayette Center, 10.  
Monroeville, 21; Leo, 13.  
Harlan, 23; Huntertown, 22.  
Central, 36; New Haven, 7.  
South Side, 36; Monroeville, 10.  
Central, 88; Harlan, 5.  
Central 81; South Side 15 (final).

The sectional tournament got under way Friday afternoon at 2 o'clock when Central defeated Arcola in the curtain raiser by a score of 57 to 17. Teams within a radius of twenty miles played here to battle for sectional honors. Those who participated were Arcola, Central (Fort Wayne), Lafayette Center, Leo, Monroeville, Huntertown, Harlan, New Haven, Maumee township and South Side (Fort Wayne).

**Central-Arcola Game**  
The Central Tigers came safely through the first round of play when they tounded the Arcola quintet by a 57 to 17 count. They showed their superiority over the small town lads in every department of the game, and shot almost at will. Arcola battled fiercely but they lacked the strength and endurance that was contained in the Tiger blood. Central was never headed throughout the entire contest although the Green and White bombarded the hoop for fourteen points in the second half.

The half ended with Central leading 25 to 3.

**Lineup and summary:**

Foul goals—Scott 1, Baker 5, Morrill 2, Nobles 1, Wolf 2, Smith 1, Hazzard 2.

**South Side-Lafayette Center Game**  
South Side played their first game of the sectional tourney, Friday evening, when they walloped Lafayette Center by a score of 57 to 10.

A full house greeted the Green and White warriors when they made their first appearance on the hardwood. Coach Gilbert started the regular lineup but they were substituted before the half was over. South Side had things their own way during the contest. The entire Green aggregation contributed to the score. The Lafayette Center team put up a hard fight throughout the whole contest but were too small and outweighted to stop the attack of the local team. Currie displayed his usual good game, dropping the ball through the hoop four times. DuWan, Rahe and Wiener were high point men, each scoring five field goals. DuWan played his best game of the season. Thiele's guardship and breaking passes was responsible for Lafayette's low score. The score at the half was 33 to 6. South Side drew a bye in the second round of the tourney.

**Lineup and summary:**  
South Side Pos. Lafay. Center

Foul goals—Brubaker 4, Rahe 2, DuWan 2, Currie 2, Thiele 2, Sprunger, Platt, Martin 3, Young.

**Central-New Haven Game**  
Central won its second game of the tournament when they ran up a score of 36 to 7 on New Haven. The Tigers took things easy during the entire game. Jasper and Morrill were the big guns for the Blue and White. Most of Central's baskets were made by passing the ball down the floor and sliding under for short shots. Central led at the half, 15 to 3.

**Lineup and summary:**  
Central Pos. New Haven

Foul goals—Kowalczyk, Jasper 3, Wolf, Schnitker, D. Blaising 2.

**South Side-Monroeville Game**  
South Side defeated Monroeville in the semi-finals, Saturday afternoon, by a score of 36 to 10. Monroeville gave South Side some real opposition but the Green was able to get an early lead and hold it. South Side led at the half, 16 to 6.

Weiner led the Kelly Klads in scoring with thirteen points while Simon followed him with nine points. DuWan was not in uniform due to an injury to his leg. Thiele was substituted to center. Currie played but a few minutes of the game.

Sitting—Left to right—Royal Fehler, Roy Schultz, Elden Miller.

By CHESTER WYNEKEN

(Written following special trip to Milford.)

Milford high school basketball tossers, the winners of the Warsaw sectional, will play their first game of the regional tournament tomorrow at 2 o'clock when they will play Wawaka, the winners of the Kendallville sectional tournament.

Although greatly handicapped by not having a gym until about the middle of the season, Milford has made an enviable record by winning twenty-nine of the thirty-one games they played. All the members on the team have had at least two years' experience and with the obtaining of their new \$18,000 gymnasium and the able coaching of Noble Neff, a graduate of Manchester College, Milford has developed rapidly in the last two months. One of their recent victories was over Elkhart.

**Lineup and summary:**  
South Side Pos. Monroeville

Foul goals—Simon, Weiner 2, Brubaker, Hobbs, Sheehan, White.

**Central-Harlan Game**  
Central exercised the new Campbell scoreboard when they romped to an 88 to 11 win over Harlan in the semi-finals. Their furious attack could not be stopped by Harlan. Harlan fought desperately for the first few minutes of play but were soon weakened by the growling Tigers.

Morrill was the big man for the Blue, scoring ten field goals and one free throw. The Tigers led at the half by a mail score of 47 to 2.

**Lineup and summary:**

### "GIRLS AGAIN" TOPIC OF DEBATE AT HI-Y

Mr. Schmalzried to Lead the Bible Study, "Team Work and Leadership"

The subject for discussion at the Hi-Y meeting March 12 will be "Girls Again." This subject has been discussed before and a lively debate was had each time it was discussed. Mr. Schmalzried will lead the bible study, "Team Work and Leadership." The discussion last week on "Dancing" proved to be a subject on which everyone wished to voice his opinion. The questions of, where to dance, how to dance, and why dance, were discussed rather warmly at times, but a precise answer was not given for each. The bible study, "A Leader's Need of Courage," was led by Mr. Schmalzried, who brought out the main reason why a fellow should have courage and ideals enough to stand up against what he knows is wrong.

### E. LEWIS, EX-SOUTH SIDER, ENTERS FIELD OF DRAMA

Appears at Strand in "Flapper Grandmas"; Declares Himself Delighted In Work

Evelyn Lewis, '23, well known to many South Siders for taking part in the senior play, "Clarence," has again proved her histrionic ability. Evelyn was in the play "Flapper Grandmas" which was at the Strand last week. In the cast she was known as Patricia Benton, a vivacious young college girl. Her ability in portraying this bit was marked. This is Evelyn's first professional play but she has had former stage experience as she took parts in "Hoopla," "Springtime," "The Posey Shoppe" and "Clarence." Mr. Fisher, who is the manager of the theatre, witnessed an initial performance and recommended her to the manager of the company. Although Evelyn will not be in the play every week she will occasionally take roles when her services are needed. She formerly took lessons in dramatics from Marjorie Porterfield. When speaking of the work Evelyn said: "The work is very enticing and, well—I like the work but I am in love with the company. They all have treated me wonderfully." After graduating from South Side Evelyn took an I. U. extension course, receiving a scholarship in the work. She then attended the International Business College, taking a sectional course, and now has a position at the Art Mosaic and Tile company.

## OFFICIAL PRIZES TO BE AWARDED

No Others Can Be Offered to  
Schools or Individuals in  
State Finals

### TO GIVE GIMBLE MEDA

"No prizes of any kind except the official awards are to be given to a school or individual from any source," and "the Indianapolis high schools will award the winning school a shield of similar trophy, and each member of its team an individual trophy," is bulletin number 9 of the Indianapolis High School athletic association cautions. This bulletin was issued by A. L. Trester, secretary of the I. H. S. A. A. There are now a total of 74 schools in this association.

In regard to awards, being offered to the winning team in the state final tournament the bulletin states that the J. Gimble medal will be given to the boy showing the best mental and moral qualities at the tourney. No other prizes will be awarded.

The board of control of the I. H. S. A. A. desires to say that schools and individuals will lower their standing by accepting prizes, rewards, trips and so on. No permission has been given by this board to any organization or person to offer reward of any kind to a winning team, other than has been provided in the bulletin.

In regard to tourney information Mr. Trester stated that no more tickets were to be sold than the capacity of regional gyms and exposition buildings will justify, also that exits must be kept open in case of fire.

## FORT WAYNE TANKMEN DEFEATED BY CHICAGO

Triangle Aquatic Club Drops  
Meet With Emil G. Hirsch  
Center, 44-24

The Fort Wayne Y. M. C. A. Triangle Aquatic club, on which South Side was represented by four men, Marth, Cook, Dorn, and Van Ness, was downed by the Hirsch Center team of Chicago, national A. A. F. champions, Saturday night at the "Y" pool by a score of 44-24.

The champions brought their regular team of title holders and expert swimmers to Fort Wayne, and so, although every event was close and grimly fought, the Triangles were able to pull only two firsts out of the contest. Arthur Martin, state backstroke champion, beat Bailhe of Hirsch by a hand in that event, and Carter Palmer easily took the plunge when he covered the 60 feet in .48 seconds.

The South Siders did more than hold their own in comparison with the rest of the Fort Wayne team for Martin gave us his win and Cook took second in the fancy diving. Dobler and Van Ness failed to place in their events.

### Sport Shots

Uncle: "Frankly now, has your education in high school ever been of any practical value to you?"

Travis: "Gosh, yes. A burglar got into my room one night and I gave him high school yell and scared him away."

Helen: "So your brother made the team?"  
Catherine DuWan: "Oh! I wouldn't say that. But of course he helped."

#### Most Important Word

Here's my entry for the most expressive word in the English language. You may contend that it's a phrase, but then, if printed and spelled correctly it resolves itself into a wonderful, conclusive, clinching, highly expressive, grasping, and all powerful expression of our most sublime and sacred thoughts:  
**FEVVENSACE.**

Kell (tearfully)—"You know, I feel dreadfully responsible about losing that basketball game."  
"Why so?"  
Kell—"I cheered once at the wrong time."

#### Playing the Game

We can't all play a winning game—Someone is sure to lose;  
Yet we can play, so that our name No one may dare accuse.  
That when the Master Referee Scores against our name,  
It won't be whether we've won or lost,  
But how we've played the game.

A freshman wants to know if a basketball coach has wheels.

The boys may not be wearing garters but the school still has plenty of green and white supporters.

At a baseball game in Chicago the gatekeeper hurried to Comiskey, leader of the White Sox, and said: "Umpire Hirst is here with two friends. Shall I pass 'em in?"  
"An umpire with two friends!" gasped Comiskey. "Sure!"

Edna Van Tilbury: "Dot, I want you to meet Dick Weiner; he's one of our letter men."  
"Glad to know you Dick! My father's a mail man, too."

Seated, from Left to Right—Wiseman, Funk, Silberg (Captain), Dannison, Snyder.

Auburn is one of the teams that lived up to the dope by winning the sectional at Auburn and it will meet Fremont in its first game of the regional.

During the entire season Auburn made a total score of 720 points, or an average of 34 points to the game, to the total score of 416 points for its opponents, an average of 21 points each. During the sectional Auburn made twice as many points as its opponents.

Auburn won seventeen out of twenty games, winning every game on the home floor. The only teams defeating Auburn this season were Ligonier, Garrett and Angola. Ligonier won by three points, Garrett two points and Angola seven points.

## VERY FEW STUDENTS HAVE MADE PAYMENTS

Totem Agents and Circulation  
Managers Endeavoring to  
Raise Quota

Just five hundred and seventy students have paid a quarter or more on their Totem notes. This is about 70 per cent of those who signed up, and about 50 per cent of the students enrolled in South Side. Of the subscribers, one hundred and eighty-five have paid in full.

The room agents and circulation managers are endeavoring to raise the desired quota of subscriptions to one thousand. There are almost two hundred notes on which nothing has been paid. These are the notes that the agents are trying hard to collect. The students who have not paid at least their first quarter should do so at once.

The freshman campaign, which is being conducted largely by freshman agents, is bringing in the subscriptions from that part of the student body.

If the people who signed up for Totem would make their first payment, the circulation staff would be able to complete its work much more quickly," reported Mary Monroe, the circulation manager.

#### THE WINTER PUZZLE

How does the agile leader  
Who leads the high school cheers  
Contract his spinal column  
To wrap around his ears?  
How does he flop his ankles.  
How does he hinge his knee,  
To get those queer and quaint effects?  
Elucidate it, please.

How does the rancorous leader  
Induce his vocal cords.  
To make those shrill satanic sounds  
That thrill the happy hordes?  
Why does he scamper here and there  
To get so many plans,  
Encouraging our lads to make  
Those noises with their fans?  
I hear him rah-rah-rahing  
Throughout our pleasant land,  
And just what he is driving at  
I do not understand;  
I hear him shouting madly  
And leaping to and fro,  
But what the heck it's all about  
I sure would like to know.

## SPORT GUSH

Hasn't Central got a long team? We'll bet if they'd form a human pillar that they'd reach the top of our gym.

We're going to eat long food (like cucumbers) so that we can grow to be a big boy like Hank. P. S.—Hank, just what do you eat?

Four sable equines are going to prance around here tomorrow. (Sable equines mean dark horses. Us sport writers just date on that fancy expression.)

Sh-h-h, we'll tell you a secret. The enterprising sport ed sent for Angolia's picture to run in the Times. Y'see, he thought they'd win their sectional. But, they didn't, (a sable equine kicked over the dope bucket) so the poor ed has a nice picture he doesn't know what to do with.

Howja like this blue ink? Ain't it purty?

We hope Central goes to the state. If they do we get another half day of vacation when they leave. And all vacations are gratefully received.

Didja know that this makes the third year that the Mildredites have trampled over the Blue? That ought to make 'em some sort of champs.

And champions ought to have a trophy or something to show that they're winners. In other words, we are thinking that some kind, very kind, person ought to donate a nice, pretty, cup to the fair basketweavers.

"The saddest words of tongue and pen are, 'You can't have vacation again.'"

In other words, we've just learned that as the regional will only be held on Saturday, there is no possible way of getting even a half day vacation on Friday.

"Bye, we'll see you at the regional."

## GREEN AND WHITE BEAT TIGERETTES

Free Throw at Last Minute of  
the Game Saves the  
Mildredites

### IS HARD FOUGHT BATTLE

By tossing in a free throw just one second before the gun banged, the Mildredites broke a tie score and captured the second game from the Central Tigerettes last week at the downtown school. The final count was 10 to 14, and the game was won only after one of the hardest fights ever staged by the girls. It was a game that typified the usual fight that is known when the two schools meet in any contest. This makes the third consecutive year that the Green girls have carried the honors away from the Blue ones.

The game was played under two division rules that the Centralites have been playing under all season and because of this they were given the edge and were conceded the win.

Gertrude Brouwer and Nellie Merica each tossed in three baskets. Gert also sank two from the charity line. Maxine Schmieder connected with the ring for one free throw. The Green guards played one good game. Mildred Koster especially played a clean, close guarding game. Alice Mason is always a good guard and she played her usual consistent game.

Louise Zwick was the scoring star for the down-town lassies when she tossed in four field goals and two free ones. Williams played a grand guarding game and performed her duty wonderfully guarding Gert Brouwer.

This was the last basketball game to be played this season between the schools.

# CENTRAL CRASHES THROUGH TO VICTORY IN FINAL GAME

## BLUE AND WHITE FIVE WINS CITY TITLE FOR FIRST TIME

Trounces Sister School 31-15 in Final Contest of Sectional Meet; Doped to Take Fort Wayne Tourney But by Smaller Margin

TIGERS SCORE AT WILL IN SECOND HALF AFTER GREEN DEFENSE WAS SHATTERED

Count Twenty Points to South Side's Seven in Final Frame; Emerald Clads Lead 8 to 7 at Half Way Mark; Nobles High Point Man

Central high school annexed her first district basketball championship last Saturday when the Blue and White athletes won a well earned decision over her greatest rivals, South Side, in the sectional tournament finals by the score of 31 to 15.

Central was doped by many to take the Fort Wayne tournament but no one ceded the Blue an advantage equal to the margin by which she dropped South Side. To double the score on the Green after she had held the downtown team to two close scores during the season was more than the most ardent Central fan expected.

### Tigers on Floor First

At eight o'clock Saturday night the Tigers were first to invade the gym and they were greeted by a big ovation from their rooters' section. The Green clad tossers trotted on the floor a few minutes later and were met by a deafening applause from the Green followers. The Tigers pranced on the floor filled to the brim with pep and confidence. The Fightin' Green seemed to lack the usual punch shown in the preliminary moments of such a great battle.

### Starts Best Five

Coach Gilbert started his strongest and fastest team in Captain Brubaker, Rahe, DuWan, Currie, and Thiele. This team battled the Blue to a several point advantage but when Brubaker and Thiele were suspended from the game on personal fouls, the Green defense cracked and Central scored practically at all times during the closing minutes of the game. Captain Brubaker was taken from the game early in the second half. Thiele followed a few minutes later. The South Side star back guard, after staving off the Central offense for most difficult to be ruled out of the game, when he was giving everything he had. The scene was most pathetic to Captain Brubaker, Currie and Thiele, who have played in their final basketball game for the Green and White.

### Strongest Ever

Central's fighting Tigers including Captain Kowalczyk, Morrill, Nobles, Jasper, and Baker, represented the greatest aggregation of basketball players ever assembled at one time at the Blue institution. Playing in a much heavier role throughout the tournament, the Blue was always spurred on by the light of hope to put over a win and become district and city champions of Fort Wayne for her first time. Central had every thing to win and nothing to lose. Her basket-shooting in the last half of the game was most spectacular.

South Side played stellar ball in the first half of the game. The Green executed a defense that was air-tight and held the Central offense well in check. The score-board showed an 8 to 7 lead for South Side at the half-time. Central's method of offense carried the ball down the floor, under her rivals goal for short shots. The Green was shooting from long range the greater part of the time. When the Green did weave its way to the vicinity of the Central basket for a seemingly easy shot, Hank Kowalczyk, giant back-guard of the Blue, would stretch out his big hands and break up the shots that bid well for two points.

### The Game

Kowalczyk got the tip-off. The ball went to Nobles and he shook off the Green defense for a field goal. Jasper had a chance to add a point on a free throw but missed. Brubaker tied the count on a long chance that went through the hoop scarcely touching the net work. It was a pretty shot. Thiele scored a free throw on Jasper's foul and sent the Green ahead. Jasper was in the heat of battle. He worked under the basket for a close shot. Rahe attempted a long shot but missed. DuWan followed and scored. Kowalczyk and Baker missed chances to knot the count from the free throw line. Both teams missed several shots from near the goals. Thiele, Currie, and Brubaker were making the Tiger forwards shoot hurriedly and the shots were bounding wildly about the basket. Brubaker and Baker engaged in a double foul. Baker hit and Brubaker missed. The score stood 8-all. Brubaker counted on another long shot. Baker evened matters on a shot from medium range. Simon put South Side ahead on a free throw. At the half the score was 8 to 7 with South Side leading.

For several minutes the ball seemed up and down the floor with neither team scoring. Simon then broke loose for a shot and counted. Nobles and Morrill found their way under the Green basket for short shots which netted four points. Rahe put

The South Side basketball team was runner-up for the title of the Fort Wayne sectional tourney, held at South Side High School gym March 6 and 7. They were defeated in the finals by Central, of Fort Wayne. Thiele, Brubaker, Staley, and Currie are the only men that will not be with South Side again next year. In spite of this loss, it is believed that South Side will have the strongest team in this part of the state next season. Material for next year's team is of high caliber. They're a fine looking bunch, aren't they? They still feel just as peppy as they look.

### Tourney Toots

Yes, this is still Sport. Gush, only we have a new bat on. How do you like this "Tourney Toots"? We've always wanted to use the name—the alliteration is so pleasing.

Let's all pull for Central. We want them to survive the regional and thus carry the name of Fort Wayne to the state finals.

Central can put another feather in her cap because of the unusual decorations. Unusual isn't the adjective we meant—we can't think of the proper one.

For those who weren't there: the aforsaid decorations consisted of numerous bunches of flags in the colors of the different schools, suspended from the ceiling and surrounded by "nice long" fringe. You understand? Anyway, they were extremely pretty.

The red-haired man from the Western Union occupied his usual place in the corner of the gym, and he surely shook a wicked telegraph key. (Yep, and lotsa times the ball came near shaking the key and him, too.)

A full crop of out-of-town signatures were harvested by the bevy of mem'ry book girls.

What would a tournament be without the memory book?

During the best period of the last game the Centralers seemed to be shooting off firecrackers. But, where would they purchase the fireworks? And if they weren't Fourth of July things, what were they? Central, we're asking you.

The Middredites are real Dianas, because they captured another Tigrette skin last week.

Y'know, their Blue lassies claimed that if they'd guard "Gert" Brouwer they'd win the game.

They guard her all right, but their strategy was vain, 'cause the Green carried off the honors again.

Wardoes, we're backing you, and next year we know that you'll get another leg on the Storm trophy and you'll walk off with the Rastetter cup.

### A. MARTIN IS LEADING SOUTH SIDE SWIMMER

Arthur Martin

"Abe" Martin, the state back-stroke champion, is expected to be the mainstay of South Side's first swimming team which is being sent to the national interscholastic meet March 20 and 21. He has recently added to his laurels by taking first in his event in the Y. M. C. A.-Chicago meet.

Coach Welborn is considering sending a swimming team to Northwestern University on May 20 and 21 to accompany the track team which will also compete in the national meet. This team will probably have to be selected from the following men: Dobler, VanNess, Ewell, Bourns, Birely, Wiener, Sprunger, Welsh, Cook, Duryee and Martin.

# EIGHT GREAT NETMEN CARRY BLUE AND WHITE TO TRIUMPH

**Jasper**

That the city basketball crown now rests upon the brows of the victor known as Central High School, is due to the accurate shooting and the consistent guarding of the eight, musketeers shown above. As was prophesied last spring, Central has state championship material. These eight have won the first line of trenches, the sectional tourney. Aided by Cockrell and Manth, who did not get into the skirmish last Saturday, the Blue and White are confidently expected to go over the top successfully next Saturday following two lively engagements. The next attack will be staged on a foreign battlefield, at Indianapolis, but fans believe that if the Blue and White are as "hot" as they were last Saturday night, they will do what George Rogers Clark did, take Vincennes, and take them aplenty.

**Kowalczyk**

Central's rangy center and captain.

**Scott**

"Hank" Kowalczyk is the backbone of the whole team. He jumps center at the tip-off and then plays at back guard. His work under the basket is sensational because of his height. He is a good passer and a dangerous shot from any range.

**Baker**

Baker is a good floor man, a flashy dribbler, and a consistent shot. His work in the South Side-Central game was spectacular. He made three long shots when points were needed. He is expected to do much in the regional.

**Jasper**

Jasper is a tall, rangy player. He takes the position of center after the tip-off. He is an effective floor man and dangerous under the basket. He was second high point man for Central in the sectional tournament. He is also a good defensive player, and valuable to the team.

**Morrill**

Morrill is a dead shot from beneath the basket and leading scorer in the sectional tournament. He is a good man in Central's offensive play.

**Nobles**

Nobles is a fast, hard-working forward. He is a bad man to stop under the basket and is a dangerous shot from long range. He works well in the Central team play, and with Jasper and Morrill he carries the brunt of the Blue offensive.

**Wolf**

Wolf is a good man to shoot in the line-up to give a regular a rest. He is a hard fighter and a good basket shot. He plays guard on Coach Mendenhall's city championship team.

**Scott**

Scott is probably the smallest man on the Blue and White team. He is a speed merchant and a good floor man. He is a dangerous shot from close range. He'll be ready for relief duty in the regional tournament.

**Diehl**

Diehl was one of the leading scorers on the Central team until he was handicapped by illness. Since his return to the game he has been going big and promises to be in the pink of condition for the regional tourney. From medium range he is one of the most consistent shots on the team.

By GEORGE WYSS

There was no material from which to choose a mythical team comprised of the star players of the Fort Wayne sectional tournament outside the tossers from the Central and South Side high school teams. These players were so far in advance in real basketball ability that the honor of being placed on the "ghost" team lies among the Green and Blue stars.

Taking into consideration the work of the players during the tournament exclusively and especially during the semifinals and final games, no player outside the Green and Blue teams made a striking impression. The Central team rolled up a total of 212 points against her opponents in four games. South Side outpointed their opponents 108 to 51 in three games.

Nobles was the best forward on the floor during the tournament. He was able to score from under the basket and from a distance. He played a good floor game and handled the ball well.

Jasper is the second choice at forward. This lanky offensive cog was the second high point man during the tourney. He didn't see much action in the minor games but was held in reserve for the crucial battle. He scored consistently in the final game.

Kowalczyk is the ideal center. He is the backbone of the Central team on offense and defense. He played center at the tip-off and dropped back to take care of the basket-on defense. He is a dangerous shot from anywhere on the floor.

DuWan is second choice for the center position. He was badly handicapped by an infection on his knee. DuWan did splendid work during the tournament but ranks next to Kowalczyk at the pivot position.

Baker and Thiele were the "cream" of guards. Baker's work during the tournament was as spectacular as any seen on the floor. It was characteristic of the play which gave him a berth on the team last year.

Thiele at backguard on the South Side team was a sensation. He was the big noise in the Green defense. He played a stellar brand of ball at all times. He broke up play after play under the Green basket. His floor work was commendable.

Morrill and Rahe were the next best offensive men in the tournament. Morrill was high point man, but scored heavily against the weaker teams. His work was good but he did not measure up to Jasper and Nobles when against a strong defense. Morrill scored in the South Side-Central game but not until the Green defense was weakened by the removal of Thiele and Brubaker. Morrill's floor game was not as good as the other forwards.

Rahe was the next best forward. He was steady in all the games. He was able to score against all defenses. His work against Central steadied the Green attack. He is a good floor worker and a dangerous shot from all ranges on the court.

The defensive players are also Green warriors. Captain Brubaker of South Side, although lined up as a forward, played a mean defensive game. He fouled his forward under the basket for they shot. His shooting from long range was sensational.

Currie's playing during the tournament was as good as any seen here but did not score consistently against Central. He did good passing and dribbling. He was a big factor in the Green team play.

## Central, 1925-6 Champion, Cops Storm and Rastetter Trophies

The two basketball trophies, which were in the possession of South Side last year, were surrendered to Central as a result of winning the city championship this year.

South Side has kept the Rastetter basketball cup for two consecutive years and the Storm trophy for one year. This will be Central's first year to have the cups adorn their trophy case.

South Side needs only to win the championship one more year, then the cup will be given to this school as permanent property.

### STORES DECORATE FOR HIGH SCHOOLS

People, Not Parents of Students, Show Interest in High School Athletics.

Are the people, outside the parents of the students, interested in high school athletics? One would surely be convinced that they were by glancing in the windows of various stores.

Danuser's Hardware and Sporting Goods store has a very novel way of expressing their interest. They have a small train on tracks with cars bearing the name of each sectional team.

The track leads to a ladder on the top of which is a card bearing the words, "Sectional Title." The South Side Sweet Shop is decorated artistically in Green and White, while the Star Confectionery has both the blue and the Green.

Another downtown store has for its window display an imitation of a basketball game with the players and fans represented by peanuts with the title of "Basketball Nuts." They have gone into detail by even naming a section after our band. Wolf & Desauter's had South Side and Central colors on display while several other stores had Green and White decorations.

**Band Plays Better**

Mr. Schaffer states that the band played better at the sectional tournament than ever before.

## Fremont, Winner at Angola Meet, Comes with Ideal Basketeers

FREMONT TEAM

By KENNETH FLAG

(Written after a special trip to Fremont for the Times.)

Fremont, winner of the Angola sectional tournament, will enter a strong team in the regional tourney here Saturday. Fremont has a team to talk about because it is composed of all 16-year-old boys, who are junior by them the town will be represented again next year.

Fremont boasts of a clean, fast and medium weight team. The team averages 150 pounds and as for the clean playing, they have a man among them who in all his three years of basketball had never been removed by the personal foul rule, until the final Angola game in the sectional tournament. He happens to be a guard, too! Some record! Their high score made 200 points before the tournament. He was a large factor in Fremont's trimming Angola last Saturday.

Their coach, Mr. Kinsey, has in his five years' coaching there turned out two good teams. This is only the second year that Fremont has had a gym and in those two years Mr. Kinsey has developed out of the 46 boys in school a team headed toward Indianapolis. The coach made a team out of 16 boys that held a team to 1 point in a game and piled up 60 points.

Fremont has already planned to go to the state. Here is their record for the season. Look it over.

## MISS THORNE DEVISES PLAN FOR FORGETTERS

Thirty-two hooks for chalk and string have been installed in Miss Thorne's room. She says "Geometry students so often forget to bring their chalk and string that I had to stay the ninth period with them almost every night. So I decided this scheme, so that they would not have to forget."

## ART CLASSES WORKING ON CLAY AND POSTERS

Many of the art students are working in clay at this time. Iva Riley has made an incense burner and Margaret Metzner and Helen Crawford are making book ends. Tom Shulze has been working on a ship molded in clay. Besides this, pupils are working on designs and posters.

## Paper Has Wide Exchange

"The Rouge News," a high school paper published by the Ashland (Ore.) high school, is exchanging with student papers all over the world. Three exchanges have been received from Scotland besides many from the Hawaiian Islands, Alaska and Canada.

## WHO ARE WE?

We are plumbers. Yes, we are plumbers. And we are proud of it. We are proud of the part we play in the comfort and convenience and health and happiness of this huddle of humanity where we live and work.

Plumbing is a science—the science of sanitation. Without this science disease would play tag with every living soul at every turn.

Plumbing chases away sickness and lengthens life. It takes the stomp and strain from the back. It saves time. It adds pep and power to all who make use of its blessings.

Plumbing builds tall buildings, turns houses into homes, puts great ships in the air and on the sea.

Plumbing is the science of running water. Without running water civilization and progress would limp in darkness.

Yes, we are plumbers. Why shouldn't we be proud of our work?

## SOUTH SIDE WINS NINE OUT OF TEN PLACES IN MEET

Will Take Part in District Contest Saturday, March 28; Two Entries Represent Each Class

### SIX COUNTIES COMPETE WITH LOCAL WINNERS

Noble, DeKalb, Steuben, Whitley and Lagrange High Schools to Take Part

Nine out of ten possible places fell to South Side when all but one of her ten entries gained the privilege to take part in the district meet to be held Saturday, March 28, at Central high school. Winners from Noble, DeKalb, Steuben, Whitley and LaGrange counties will compete against the Allen county victors. Only one person will represent each division.

The nine South Siders winning first and second places were:  
Division Ia.—Olive Prine, 99.16; Margaret Pocock, 91.  
Division Ib.—Esther Hanning, 98.78 (first place).  
Division II.—Franklin Smith, 92.7; William Dammeier, 89.6.  
Division III.—Mary Pocock, 98.75; Pauline Baumgartner, 97.8.  
Division IV.—Forest Weddle, 98.5; Helen Cleasapette, 97.38.

A girl from Leo high school won second place in Division Ib. Dorothy Troendle, who received 94.84, was third in that class and Charles McAfee, also of this school, was fourth with 90.66.

Marguerite Schiewer received third place in Division II. with a percentage of 86.7.

## "LOTTERY MAN" PICKED AS PLAY FOR 1925 CLASS

Try-Outs for Comedy Started Yesterday; the Cast Will Consist of Nine Persons

### MR. SHELDON DIRECTS PLAY AGAIN THIS YEAR

Production To Be Given at the Strand Theatre Second Week After Spring Vacation

"The Lottery Man," a three-act comedy by Rida Johnson-Young, has been chosen as this year's senior class play. The cast includes nine characters, five girls and four boys. The play will be presented at the Strand theatre the second week after the spring vacation.

Try-outs for the play started yesterday and will continue for several days before the cast will be selected. Vernon Sheldon, who had charge of the senior play last year, will direct the rehearsals again this spring. He is connected with the Sheldon School of Speech, and has had much experience in coaching school plays and is well fitted for the work.

### Journalists Hold Contest

An advertising contest was held in the journalism class of the Senior high school of Holton, Kansas. The class was divided into two teams, with a captain for each. The contest was conducted on the point system, the side that got in five advertisements won six points; second, five points; third, four points, etc.

### Pupils Inspect Legislature

The students of the civics classes of the Logansport (Ind.) high school took a trip to Indianapolis to visit the state legislature. First they went into the House of Representatives. After leaving the House they procured an interview with Governor Jackson. From there they went to the Senate. After the visit there they went to the postoffice, courthouse, juvenile court, and blind asylum.

### ANOTHER CHANCE

An opportunity for those students who have not yet subscribed for the Times, to get the issues from now until June at a special rate, is being given to a student body in the newly-organized campaign which got under way yesterday. The group of papers to which a person who subscribes now will be entitled will include the April Fool and Faculty editions, both of which were among the most interesting issues published last year. Besides these, there will be about ten regular editions.

A one hundred per cent subscription goal has been established by the staff, and the accomplishing of that end will send the paper several bounds ahead in its path of progress. The support of the entire student body will help in improving the Times far more than the support of seventy-five per cent. So "bend to the oars" and

## Journal-Gazette Praises Times' Enterprise and Sportsmanship

"It Is More Than a School Publication, Distinctly as It Is That, For It Is a Real Newspaper," Reads Editorial Last Monday.

Pointing out the significance of the important award just acquired by the Times, the sportsmanship displayed in the regional edition and the enterprise shown by staff in covering its news field completely and efficiently, the following editorial appeared in last Monday's Journal-Gazette:

"It is becoming an almost trite story to speak of honors won by the Times student newspaper of the South Side high school in this city. But if a trite it is by no means a dull story. Hence it is the people of this community learn with extreme interest and gratified pride that the Times has achieved a new distinction which is perhaps its greatest.

A contest just concluded under the auspices of the Columbia University Scholastic Press association has bestowed upon the South Side Times the first honors of the competition in which were entered more than three hundred school publications scattered throughout the United States east of the Mississippi river. The Fort Wayne school's honors are for Class A schools, that is to say schools having an enrollment of more than one thousand pupils. The highest honors in that class may reasonably be taken to imply first distinction over all. The newspaper submitted for the competition were required to be regular editions, not special editions, and each newspaper was judged by the merits of three consecutive issues, a condition wisely designed to forestall any unusual burst of enterprise or more than an average showing of excellence for one edition to be entered in a contest. The Fort Wayne school is awarded a silver cup as a trophy of its victory over all others in its class.

"South Side Times has won highest awards from the School Press association meeting in Madison, Wisconsin, and one of these awards set the Times above all competitors in the nation. The Columbia award has a distinction of its own, for the contest was conceived in a purpose to find the best in the eastern half of the United States and it brought into competition all the school publications noted for their merit and judgment was most critically bestowed. We doubt that we can add anything to what heretofore we have said in praise of the South Side Times. It is more than a school publication, distinctly as it is that, for it is a real newspaper. It is produced with all the technique of a modern newspaper. It has an elevated policy to which it cleaves without apparent deviation. It is conducted with enterprise and with business efficiency, as its columns prove. It is edited carefully. It has all that appearance can lend to make it attractive. It covers its news field with a completeness that leaves nothing to be accounted for. It has a variety, sparkle and satisfying fulness that rather astound professionals, for it is the work of the boys and girls of the school.

"It is interesting and it is a pleasure to call attention to the latest issue of the South Side Times. It was a special edition of ten pages got out with reference to the regional basketball tournament which took place in South Side's gymnasium at the end of last week. In the sectional tournament the previous week Fort Wayne Central high school's basketball team had defeated South Side for first honors and the city championship. The Times joined the school in stepping behind their victorious rivals and they gave their whole spirit that Central might be triumphant in the regional. As an honor and a pledge of loyalty to Central South Side Times issued its regional tournament special in blue and white, the colors of the school to which on fair field it had been compelled to strike its own. As an example of generous sportsmanship nothing could exceed this magnanimous tribute. Then South Side Times sent a staff correspondent to each of the schools which in the sectional tournament had entered into the regional tournament here. Group pictures of the teams were presented and unprejudiced and illuminating stories of the victorious teams were written by the correspondents. That is the enterprise of modern journalism at the nth power and shows that capable and imaginative executive minds on the staff of South Side Times are doing the thinking for that newspaper. The regional special was an issue to be proud of and an example of progressive journalism that other school publications will not be disposed to ignore.

"The editorial and business staff of the Times, Miss Rowena Harvey, faculty advisor for the publication, the principal and teaching corps and the student body of South Side high school are to be congratulated upon not only the new honors won by the Times, but upon its sheer merits as a school newspaper. It is needless to repeat that Fort Wayne appreciates the honor the Times brings to this city."

### Miss Cromer Chairman

Miss Mary Cromer of Central has been selected as county chairman for the Discussion League. Miss Cromer has been intensely interested in all school activities at Central and also other schools over the state. This discussion will be March 27, at Central high school.

### Cooking Class for Boys Formed

Thirty-eight prizes were won in typing during the month of February. The awards included twelve Underwood certificates, four Underwood bronze pins, one Underwood silver pin, four Royal certificates, eight Remington certificates, three Remington silver pins, four L. C. Smith certificates, and two L. C. Smith bronze pins.

Underwood certificates were awarded to: Robert Krill, Margaret McClintie, Mildred Rabel, Evelyn Metcalf, Winifred Custer, Dorothy Meyer, Viola Leach, Mary Barnes, Juanita Tolley, Mildred McCune, Mildred Nosselt, and Elizabeth Schmidt.

Underwood bronze pins were received by Robert Krill, Helen Goette, Ho Foster, and Mercedes Nosselt. Queen Esther Hafert won an Underwood silver pin.

Royal certificates went to Margaret McClintie, Roland Smith, Ho Foster, Mary Monroe.

The eight Remington certificates went to Helen Goette, Gladys Mumy Florence Hansen, Georgiana Rodabaugh, Martha Grote, Frances Cozik, Margaret McClintie, and Rose Joseph. Remington silver pins were awarded to Margaret McClintie, Frances Cozik, and Mildred McCune.

L. C. Smith certificates were won by: Charles Snider, Elizabeth Schmidt, Mary Jane Florence, and Dorothea Falls.

L. C. Smith bronze pins were received by Mabel Markley and Evelyn Metcalf.

## MISS HARRAH TO SPEAK ON "REVERENT TO GOD"

Party To Be Given for Elinor Wilson's Team, Winner of Membership Contest

Miss Harrah, of Central, chief advisor of the Girl Reserve clubs of the city, will talk to the U. S. A. girls this afternoon at 3 o'clock in Room 38 on the part of the Girl Reserve club. The speaker will lead in a discussion of the following questions: "What is reverence?" "How is it manifested?" and "What is its importance to girls?"

Following the discussion the program committee will give a stunt. After the meeting Elinor Wilson's team will be entertained with a party by Esther Ballard's team. The Wilson team won in the contest for new members which was held recently.

At the candy sale last Tuesday the U. S. A. club made \$54.7. Most of the girls that didn't bring candy contributed 25 cents. Those who did not contribute either candy or money are asked to give their money to Elizabeth Suter or Miss Rinehart as soon as possible.

## NEW AND ARCHAIC FADS ENUMERATED

Sloppy Sox, Canine Collars, and All the Rest of Fad Family Busy at South Side.

"Oh! say can you see?"—beg your pardon we didn't mean to infer that you were sleeping and didn't notice the dapper little dog collars being sported around school. By the way, they all happen to be green and white, don't you know? Well, nevertheless, they are being worn with the utmost boldness by the members of the fair sex and are being just as ardently admired by the members of the more foolish sex! Never mind, now, if you don't like what is being said. You can do no less than burn the Times, which would be a criminal offense, indeed!

Haven't you also admired the cute "Red Grange" ties being worn by the fellows now and then, but this fad has not struck as hard as the dog-collar stunt!

And sloppy sox? Oh! yes, that is growing old now. It is getting to be too much trouble to keep the fad going. The fellows do not seem to know how to make it sensational anymore. Anyway the trousers are so long that it is exasperating to a chap to know that his shin bones do not show all the time. Plaid flannel shirts are just reaching the stage of being extinct although some are seen yet regardless of the command of style and whim.

You have seen the cross-word puzzle boots, of course! We can confess that we personally can't see much cleverness in them, but still it is a fad.

Oh dear!—with sloppy sox, snappy ties, painted boots, dog collars, and the like, grandfather must certainly be right that we are rushing to the bows!

## SOPH FESTIVAL TO BE STAGED FRIDAY EVENING

Dale Shimer and Helpers Working Mightily to Make Party Success in Every Way

### VARIOUS COMMITTEES APPOINTED FOR AFFAIR

Cafeteria to Be Used for Scene of '27's Annual Frolic

The long-postponed annual sophomore party will start off with a bang tomorrow evening in the cafeteria. All is in readiness to make the frolic a huge success. The president, Dale Shimer, has appointed a committee to gather them in from "the high ways and byways." This is only the second soph festival ever given in the history of the school.

Greta Astrom is in charge of decorating the cafeteria. Her assistants are Jack Lighthill and Dean Metzner. Gold and purple, the class colors, will predominate.

Cecil Parvin is chairman of the publicity committee. Louisa Fredericks has made most of the posters advertising the party.

Dale Shimer, with Winfield Ray, Marjory Reeves, Marguerite Lucke, Mary Hale, Marguerite Schiewer, and Fred Simon, make up the entertainment committee. Games will be played.

Jack Rodabaugh has charge of the "cats."

Miss Fiedler and Mr. Virts, the faculty advisors, are the chaperons for the affair.

## POINT CONTEST INCREASES MEMBERSHIP OF ART CLUB

White Team Leads With 945 Credits; Each Side Brings in Three New Members

The White team is still leading in the Art club drive. The points. They have a total of 945 points while the Green team has only 660. At the last meeting each side brought in three new members making a total of 150 more points for each side.

At the meeting Monday night it was decided that the contest for getting the most points would end on the last meeting of the Art club in April. The losing team will give a party for the winning team.

Speeches, readings and solos featured the program. Mildred Obeour gave a talk on the different classes of art and Thyra Jurgensen gave two readings. Dorothea Kohlemeyer gave some selections of music. The remainder of the time was spent in playing games.

It will be interesting to note the enlargement of this club. It was organized the first year of the existence of South Side with just twelve members. During the next year it increased in size very little. Now, the Art club has a membership of thirty-five. This was partly due to the increasing interest created in the art room.

## MORE BOYS THAN GIRLS SLEEP LATE LAST WEEK

The boys of South Side are evidently more addicted to over-sleeping than the girls, according to the latest tardy list. Last week, March 9 to 13, twenty-one of the twenty-four pupils arriving after the last bell were of the stronger sex.

The daily report of the stragglers is:

	Boys	Girls
Monday, March 9.....	5	0
Tuesday, March 10.....	5	0
Wednesday, March 11.....	1	1
Thursday, March 12.....	8	2
Friday, March 13.....	2	0
Total.....	21	3

### Journalists Study Dailies

The journalism classes of the Kansas City (Kans.) high school are now making a detailed study of several metropolitan dailies. The students analyze the papers, outline them, and clip the different types of features and heads for their notebooks. The papers studied so far are, "The Los Angeles Times," "The New York Times," "The Chicago Daily Tribune," and "The Chicago Daily News."

### Exhibit Best Exchanges

The Scroll (Washington high school, Milwaukee, Wis.) has adopted the practice of placing about five of the best exchange high school papers in the library so that both students and teachers may read them and see what other high schools are doing in newspaper work and other outside activities. The papers are kept on the rack with the daily city papers.

## SO-SI-Y BOOSTS DRIVE FOR Y. W. MEMBERSHIP

At the So-Si-Y meeting of March 17, it was announced that a drive is being made for at least twenty-five So-Si-Y members to join the Y. W. C. A. for the year 1925. The dues for membership are \$1.00.

The new members were initiated, after which a St. Patrick's party was held. An Irish jig, given by Doris Minor, Maxine Schmieler, Vesta Johnston and Thelma Birely, was part of the entertainment.

## RELIGION IS SUBJECT FOR HI-Y MEETING

"Girls Again" Is Heartily Discussed by Everyone; Beck and Dildine Well Versed

The Hi-Y meeting to be held March 19 will be one of the most interesting held this semester. Rev. Mr. Richardson will talk on "A High School Boy's Religion." His subject is of great interest to all high school boys, and a large crowd is expected at the "Y" that evening. The Bible study for the meeting will be "The Mind of a Leader."

The discussion March 12, "Girls Again," proved to be one on which everyone had something to say. Although some of the fellows professed to know nothing about the subject, they entered into the discussion very heartily and voiced their opinions with as much exactness as those that professed their knowledge on the subject. The discussion was very informal, each person speaking whenever he could get a word in. Beck and Dildine proved to be the two best authorities on the subject, and so most of the time was taken up by them.

A few of the older generation gave their views on the matter, and some related personal experiences which they had had on the sea of matrimony. Some ships were wrecked, while others sailed into a quiet port and remained there ever after.

The Bible study, "Team Work and Leadership," was led by Mr. Schmalzried. Everyone took part in the discussion and made it a very interesting study hour.

## DIGNAN AND DUWAN TO DESIGN PLACARDS

Posters To Be Drawn Free of Charge for School Clubs and Organizations

Lottie Dignan and Gerry Duwan, under the supervision of Miss Ley, the art teacher, will make card-board posters for any organizations that desire them. Lottie will design and draw the posters while Gerry will print them.

The posters will be free of charge except that the organizations who desire them will have to pay for the cardboard and other material used.

All presidents of clubs or publicity chairmen who desire to have posters made should see either Lottie or Gerry or hand in the copies in the form of lettering and designing they wish to Miss Ley, Room 61.

## ROOM 20 PEOPLE ARE QUEER FOLKS

Copy That Editors "Kill" and "Head" Floods Tables and Desks.

"Papers here; papers there; papers, papers everywhere," usually is the thought of a person if he wanders in to the Times room (also known as Room 20, the journalism room and Miss Harvey's room) after school on Monday and Tuesday. On these days the young journalists are feverishly editing, rewriting, and heading stories for the issue that will make its bow on the following Thursday.

Papers are scattered on the long tables, and are piled high on the copy trays. In one part of the room Pauline Baumgartner and Cornelia Bad are reading copy. Occasionally a writer's pet story is ruthlessly "killed." Other times it is "headed" instead of "beheaded" by these rulers of the copy readers.

All the while the cheerful chinkety clack of a typewriter—maybe two typewriters—is heard. And then there is lots of chatter, and gay gossip, and gurgly giggles.

"Dick" Porterfield, ad man of the Potem, dashes in and dramatically begs for the scissors—shears—what ver-you-call-ems. He begs in vain because most times the scissors are never found in Room 20. However, his time is an exception, and he utters a cry of victory and, capturing his truant scissors, he carries 'em down to his cubicle he calls an office.

In one corner of the room "Ikey" Miller, a sports writer, is grinding out "Sport Shorts" by the yard. An scattered hither and yon on the scene are numerous reporters who grasp their pencils determinedly and gravely write reports of meetings.

Miss Harvey presides over all this nice confusion. Sometimes she can be caught contentedly eating an "Auntie's Peppermint"—but not very often. Usually, she's talking to many people at once, answering questions and helping with editing of the many stories.

It's a very interesting, absorbing scene, but fortunately for the editors it is enacted only on Mondays and Tuesdays.

## TIMES CARRIES OFF HONORS IN NEW PRESS ASSOCIATION

Publications of More Than Three Hundred High Schools Are Entered in Contest Conducted by Columbia University Scholastic Press Association

### SILVER TROPHY TO ACCOMPLISH GIVEN FIRST FOR GENERAL EXCELLENCE

South Side Beacon Wins Second in Section Division; "E" Weekly Given Third; Times Placed in Class Composed of Schools Having Attendance of 1,000 or More

"Best high school publication east of the Mississippi river" is the new laurel added to the already various supply garnered by the Times in its existence of only one-half years. This award was conferred upon the paper in the first annual contest conducted by the Columbia University Scholastic Press association last week. A silver cup accompanies the reward.

The issues of the Times entered in the contest, in which over 300 high schools competed, were regular editions and not specially prepared copies.

"General excellency" in the style of writing, the general policy of the publication, its headlines, editorials and features was the basis used in judging the papers. The Times make-up, which includes the selection of type and arrangement of articles, was also praised by officials.

The paper entered in the new contest were placed in three divisions, Class A in which were entered publications of schools having an enrollment of more than 1,000, Class B of schools having an attendance of 500 to 1,000, and Class C of institutions whose attendance is less than 500.

In Class A, in which the Times carried off the honors, the South High Beacon of Cleveland and the "E" Weekly of Englewood high school, Chicago, won second and third prizes respectively. Both schools are much larger than the Times.

The Central Interscholastic Press association in 1923 judged the Times the best high school paper in the United States, and this year it ranked among the four best. First prize in the Indiana High School Press association contests, first in state Sigma Delta Chi and first place in Indiana in the Central Interscholastic Press association in 1922, have also been attained by the local publication.

The News-Sentinel is offering a total of \$285 in cash prizes for the county and district contests. Prizes of \$50, \$25, \$15 and \$10 will be given to the first, second, third and fourth best orators, respectively, in the county meet. The four highest in the district contest will get \$100, \$50, \$25, and \$10.

In the state finals, prizes of \$100, and three of \$50 each, are offered, while the Indianapolis News offers a grand prize of \$500. In the national contest prizes totaling \$5,000 will be awarded.

The county contest, that Kurr is entering, will be held some time during spring vacation. Then the champion orator of Allen county will appear in the congressional district contest and the winner of this contest will compete with other district winners of a designated territory. Then come the state zone finals and, on May 8, the national finals at Washington. The speakers in the last contest will speak before President Coolidge and the supreme court will be their judges.

The American Bar association, by its president and executive committee, heartily indorses the National Oratorical Contest. The association urged repetition of the contest to end that boys and girls, unobscured by the principles of American government, intelligently informed as to the provisions of its constitution, appreciating their heritage, may become not only its valiant defenders, but missionaries bringing to all Americans a better conception of American ideals and American institutions.

## Various Hobbies Take Up Time Of South Side Faculty Members

Athletics, Music, Long Walks, Flower and Vegetable Gardens, Hiking, Fishing, and Wireless Are On List of Teachers' Favorite Pastimes; Some Have More Than One Chief Interest.

"What is your hobby?" When this question was literally "shot" at some teachers they immediately answered, "I don't know." But after thinking a while, they would finally have some very interesting hobbies that they would relate to the reporter.

Most all of the teachers have athletics as a hobby and this is one of the chief ones of Miss Perkins. She also enjoys hiking and fishing, although she says, "I never catches anything." (But she thinks it over," she continued, "I believe my real hobby is correcting 300-h papers, because I surely am reading some of the answers I get from my students."

"Hobbies," Well, now I don't know," drawled Mr. Schmalzried, when asked upon the subject. As it might be expected, his chief hobby is athletics. He has started publicizing his every back-hall practices and so far, has been out for every track practice. We are thoroughly convinced that this really is his one great hobby.

Mr. Murphy says that he has a hobby that he really never has time to carry out. This aroused the curiosity of the writer and he was waiting eagerly for him to continue. At first Mr. Murphy wanted a definition of the term "hobby" and after this was given he replied: "My hobby is to have a nice garden spot in which I could raise all kinds of vegetables."

Mr. Schaefer, leader of the band, orchestra, glee clubs, etc., says that some of his hobbies are collecting antiques but his pet pastime is music. This is also his main occupation.

"My hobby is wireless," was the answer gotten from Mr. Hull. "It is not only my hobby," he continued, "but I have developed it to such an extent that it is also part of my means of livelihood."

Mr. Rothert states that he likes to go out in the country on long, long walks and view the beauties of the surrounding country.

HUBERT BECK, Student Counselor  
ROWENA HARVEY, Faculty Advisor

Be sure you're right, then go ahead.

Two-thirds of pro-motion consists of motion.

Opportunity always looks bigger going than coming.

If you've made good, try your hand at making better.

A library is a starting point—a gateway to the whole world. Are we making the best use of it?

All of us ought to be proud of South Side, and we ought act in such a way that South Side can be proud of us. Don't you think so?

Experience is what you get when you are looking for something else.

A man should never be ashamed to own up he has been in the wrong, which is but saying, in other words, that he is wiser today than he was yesterday.—Pope.

"It is better to wear out, than to rust out." This old saying means, of course, that it is better to grow old as a worker than as an idler. The remains in the former case can withstand at least a rainstorm better than those of the latter, a mere heap of rust.

There is a spirit, called Service, that works for the common good, that places the interests of the many above those of the few. Such a spirit promotes true happiness, adds fullness to life and living, and is an attribute of all success. The clubs around school give a fine opportunity for Service. Are you doing your bit? Today will die tonight—do it now.

The sophomores have started something new—a clean-up committee for their annual party. No other class, not even that of the wise seniors, thought of having one. The committee takes much work off the shoulders of the regular group, and as its name signifies, cleans up. Thanks, sophs, for thinking of it.

Here's something else: Almost everybody in the world is funny, but the funniest person you know is yourself, and you want to learn to laugh at him. If you can see when somebody else does a ridiculous thing you ought to be able to see when you do one yourself, because you're so much closer. A joke on yourself is just as funny as a joke on somebody else, and there's no reason why you shouldn't get as much fun out of it as the others will.

Facts are made to exhibit and not to conceal. There are lots of people in the world who will not deliberately tell a lie, but who think it is perfectly proper to withhold facts. Their idea is that the other fellow can take care of himself and that it is his business to discover the facts. We know that that isn't so. If we are going to make a statement, then we should make all of it, for it is poor sportsmanship to hide a fact the other fellow should know.

"Got a tongue, haven't you?" growled the farmer. "Why didn't you ask me which were weeds and which were cabbage plants instead of wasting a whole morning and ruining the whole patch by pulling out the wrong thing?"

The city "gink" reddened and protested, "But you said I should stop asking questions."

The farmer glared at him. "I did not. I said you should stop asking fool questions. There's a difference."

Well, there is, isn't there?

MARCH

When Death has spread his ashes on the head  
Of one most dear, and pulse has died to naught,  
And of despair the web of life seems wrought,  
And hope and joy we deem forever fled;  
How turns the weeper, breathless, at the sound  
Of one who lies—  
As breath reanimates the yielding form,  
And thwarted, chill Disease retreats, and warm,  
Though feebly, through the veins  
Once more bounds:  
So turn we anxiously as through the earth  
A shudder runs, as from her death-like sleep  
Nature awakes, and through her million veins  
The warm life flows and swells toward new birth,  
And we who watch the wonder guess how deep  
Our kinship is with earth, when March brings rains.  
—HERMAN O. MAKEY.

## Read A Bit

On his first day in Paris, the young D'Artagnan, who desires to enter the famous corps of Louis XIII's musketeers, contrives to entangle himself in three duels, with three of the most dreaded members of that body, who are known by the names of Athos, Porthos, and Aramis. By his pluck and spirit, he wins all three in friends; and the four of them from that time share their fortunes, good and bad. If you like adventure you'll like "The Three Musketeers."

## Open Letters

All contributions to this column will be accepted providing they are of interest to the school and not longer than 200 words. Letters must be signed an evidence of good faith, but will be published unsigned if desired. Letters may be put in Times' box in main entrance to Room 8.

South Side Times,  
South Side High School,  
Fort Wayne, Indiana.  
Dear Sister School:

We, Centralites, certainly appreciate the good sportsmanship shown by the South Side high school at the regional tournament. Even though South Side was out of the game, they "stuck" with Central to the last.

South Side deserves a great deal of praise for the way the band, yell leaders and rooters cheered for Central.

South Side has displayed a wonderful spirit and if the two schools will continue in this manner we are certain one of us will put out a team which will "take the state."

Yours for school spirit,  
VIRGINIA TRIER.

Is This Sarcasm?

To the Editor:  
I wish in this manner to express my thanks to those six people who had the courage (if that is what it was) to come out and attend the oratorical contest.

It is really a pleasure to think that six (yes, that's the number not including the judges and contestants) were there. There might have been less. At the discussion contest last time there were two (2) who made up the audience.

Mr. Makey is fervently hoping that there will at least be three (3) at this year's contest. Why not "pep up" and make it four (4)?

A CONTESTANT.

## The Mirror

By BUD BECK

(Publication of this column does not necessarily imply the paper's agreement with the author's opinions.)

About Wearing Letters.

"A girl has no right to wear a man's letter sweater, for it was given him as a recognition of his own service in athletics and should be worn by him alone," said Coach Welborn the other day.

Welborn is right. A letter should be prized by an athlete like insignia and medals are prized by an army officer. Only the person to whom they were given has the right and privilege to wear them. Any person other than the owner displaying badges of honor or of authority is an impostor and a fraud.

Pink Tea

"Then I am afraid that the men will degenerate into tea hounds," continued the little coach, "for if some girls wear sweaters, you may be sure that all the others will try to get one. If a man wants his girl to wear a green and white sweater, let him buy her one!"

National Honors

Again the Times sweeps first prize! Again South Side high is in the newspapers from Atlantic to Pacific! To the world of journalism, South Side is both Windsor and Passaic. Letters pour into the school asking the Times to exchange publications with other schools.

Does not this school have reason for its pride?

Analyzing the Success

The Times has been published for only a bit more than two and a half years. For two of those years, ending last semester, the writer has been active on its staff. He attributes its success to five essentials as follows: a diligent and earnest staff, an excellent faculty advisor, a helpful principal, an interested student body, and co-operating publishers.

The Staff

Just as good competent workmen and high grade materials are necessary to build a fine structure, so a willing and serious staff is necessary in publishing a real paper. The articles in the Times are written wonderfully well. All the big athletic news is written by a person who took a prize in the C. I. P. A. national sport story contest. The business staff for the last two semesters has done most excellent work in financing such a big paper on so small subscription rates. The biggest assets of the Times are its amazingly good staff and fine policies it is establishing.

Its Advisor

Now good workmen and costly materials do not construct a building of their own accord, for there must be a thoughtful architect and a good foreman. Miss Harvey was the second woman in the history of Indiana University to be entrusted with the editorship of the Daily Student. She has had a great deal of experience on commercial newspapers and has done considerable advising of high school publications. It is she who has drawn the wonderful plans for the Times and done it in such a way that the staff comprehended them, and carried them out.

The Principal

Mr. Harris has been an ideal principal. Not a single wise plan that was put before him by the staff did he not accept and help in executing it if he could. The Times has been aided, not handicapped like some schools, by the principal.

The Student Body

Were it not for the support given the Times by the students, it would long ago have ceased to exist. They have subscribed better than the average school's students, and they have patronized the advertisers in the paper.

## COMMERCIAL CONTEST TO BE HELD IN CITY

Business Students of Northern Indiana to Compete at Central High School

A contest for the speedy and accurate commercial students of north-eastern Indiana will take place at Central high school Saturday, April 18. Representative commercial students of twelve Indiana cities will compete for the laurels that will qualify them for the state contest at Muncie, Friday, May 1.

"We are now holding try-outs during class periods," said Mr. Murch, who is in charge of the typewriting and shorthand departments at South Side.

The state has listed penmanship, bookkeeping, typewriting and shorthand in the contest. The schools entered in this district are: Angola, Auburn, Butler, Bluffton, Columbia City, Garrett, Kendallville, Ossian, Princeton, Central and South Side. Mr. Northrup of Central is in charge of this district.

Last year South Side was represented by three pupils at the state contest. Helen Crawford, Mable Markley and Francis Buckles were successful in the district contest but failed to win a place in the state contest.

The penmanship contest is open to anyone taking penmanship.

The bookkeeping contest may be entered by any student who has not taken more than two semesters in bookkeeping. This contest includes three tests of thirty minutes each. The first will be a test in the classification of accounts. A test in journalizing will follow the first test after a short interval. The third test will consist of theories and definitions.

The amateur typewriting test is open to any student enrolled in typewriting. Another is the novice typewriting contest. This test will admit only the students who have had typewriting before September, 1924.

The beginning shorthand contest includes all students who have not had more than two semesters of shorthand. Two dictations of three minutes each compose this contest. The first will be at a rate of sixty words a minute on literary matter. The second will be on business matter at a rate of seventy words a minute.

The advanced shorthand contest may be entered by any student enrolled less than five semesters of shorthand. This contest will also be divided into three-minute dictation tests. The rate of dictation will be ninety words a minute on literary matter and 105 words a minute on business matter.

A gold medal will be awarded to the contestant having the highest number of points. No contestant shall be eligible for this reward the second time.

### Team Awards

First place.....9 points  
Second place.....6 points  
Third place.....3 points

### Individual Awards

First place.....3 points  
Second place.....2 points  
Third place.....1 point  
A cup will be awarded to each school having the highest number of points.

## With the Classes

At the suggestion of Mr. Voorhees, Ruth Mae Dawkins washed and refilled all the acid bottles on the shelves in the chemistry laboratory. All the bottles are in perfect order at the present time. Little acts of this kind help our teachers a great deal, and promote better school spirit.

The first and third hour chemistry classes enjoyed a lecture on fertilizer, illustrated by lantern slides, last Friday morning. The lecture proved very fertilizer should be used, how, and what kind of fertilizer is best. A few lessons of this kind are appreciated by the students, and make the course more interesting and effective.

During the third hour Friday morning, three gentlemen from Van Wert visited Mr. Voorhees' chemistry class. They seemed to be very favorably impressed by the class room and chemistry laboratory.

Noise in the chemistry laboratory has decreased to a certain extent but it can still be improved. Mr. Voorhees would like to have the same discipline in the laboratory that Miss Shulze has in the library. The students can do it.

Miss Miller's eighth period history class has been having some interesting reports this term. Among those given last week were by Ruth Mae Dawkins upon Louis XV., Mildred Obenour on Marie Antoinette, and Melvin Richendollar upon Louis XVI.

Margaret Welsh gave a very interesting account of her visit to Washington's home at Mount Vernon, in Miss Miller's eighth hour general history class recently. She also showed post card views of Mount Vernon, the city of Washington and some of our national capitol.

The biology classes are now doing some surgical work on the internal anatomy of the grasshopper and crawfish.

There will probably be some free movies in the biology room in the future, as a large number of biological slides have arrived in the science department.

## Times Printed on School Press by Mr. Hill, Vocational Teacher

E. S. Hill, Instructor in Printing at Central, Who Prints the Times on School Press

Not all the work on the Times is done at South Side. In fact a very important part of it is done at Central, at the high school print shop where each Wednesday the Times is printed by Edgar S. Hill, instructor in printing.

The press which is used is being partly paid for by the Times. First the heavy metal forms arrive from the typesetters and are fitted upon the press. The news half-tone paper is then arranged and the press, fitted over a revolving cylinder which passes over the forms, covered with ink by several rollers. A rack, moving up and down at a rate equal to the number of papers turned out, catches the paper after one revolution of the cylinder, and places it upon the pile of printed copies. When about five hundred have been printed they are placed upon a rack to dry. Then they are run over other forms and printed on the other side. The rate varies from 1500 to 1800 copies per hour.

Besides printing both the Spotlight and Times, Mr. Hill prints grade cards, enrollment cards, absence and tardy slips, tickets for games, plays, entertainments, schedules, library and P.T. A. work.

Although the print shop has been enlarged to twenty-four by thirty-eight feet, it is inadequate. In addition to the huge press, the shop is equipped with a Peco proof press, two Chandler and Price platen presses, a Diamond power cutter, several new storage cabinets whose contents are catalogued, the stone and several racks. A large assortment of display type is also on hand.

At present twelve boys are enrolled in the course. Although they help with job printing, they do not work on the Times.

Along with the rumor of a new administration building, come dreams of a larger print shop with even more extensive equipment.

## INDIANA PUPILS TO ENTER BI-STATE LATIN CONTEST

Two Students From Each School  
May Represent Their State at  
Louisville, April 3

"April 3 is the date set for the bi-state Latin contest," Mr. Rothert said recently in announcing this contest which always follows the state Latin contest at Bloomington.

Representatives from high schools of both Indiana and Kentucky are eligible for this. Two students can go from each school and students who have had Latin at least three years will be given preference. The contestants will meet at Louisville for the test, which will take place on Saturday, and they will be treated royally while there. They will go to the best movie house in Louisville and will attend a large banquet.

"We hope that two students will go from here," Mr. Rothert also stated. "The school will also pay the entrance fee and the Kentucky Latin association will pay for the theatre party and the banquet. The students will stand the expense of transportation and hotel bills themselves. This would probably take about \$25 for students from Fort Wayne."

## VALUE OF FERTILIZATION PROVED BY EXPERIMENT

To show the value of soil fertilization is the purpose of an experiment now being conducted in the botany department.

There are three different jars, one of which contains all the elements necessary to plant life, another containing all but nitrogen and the other jar containing all but iron.

Equal length slips of the wandering Jew were placed in each jar. The slip which was placed in the jar containing all the elements has grown very rapidly. The slip placed in the jar in which iron was lacking is losing its green color and the other slip which was placed in the jar lacking nitrogen has not shown much growth.

## Have Lincoln Essay Contest

A Lincoln essay contest was held at the Moorehead (Minn.) high school. The purpose of this is to encourage the study of Lincoln's life and character. The winner of this contest received a bronze medal.

## PLANS UNDER WAY FOR NEW NORTH SIDE HIGH

Gymnasiums, Auditorium, Stadium, Swimming Pool and Cafeteria are Features

The deal for the estate on which the North Side high school is to be erected has been closed. The school will be located just east of the St. Joseph river and abutting on the north side of State street. The proposed St. Joseph river boulevard will pass through the school property but plenty of ground will be available for the high school building and stadium.

Tentative specifications for the building call for more facilities than any other high school in northern Indiana, as is shown by the fact that the school board has allowed \$750,000 for the erection of the building and reserved \$100,000 for the purchase of furniture.

The building will consist of a swimming pool, gymnasium, with a seating capacity even larger than that of South Side, a smaller girls' gymnasium, study hall with a seating capacity of 400, and auditorium with a seating capacity of 1,500, cafeteria with a seating capacity of 300, special room for instruction in physics, chemistry, botany, biology, physical geography, domestic science, manual training, commerce, art and music, library rooms, office suite, teachers' rest-rooms and all necessary heating and storage rooms, besides thirty-six standard class rooms.

Complete plans will be submitted for the approval of the school board by July 15, and the building will be ready for occupancy by the fall of 1925.

## INTER-CLUB COUNCIL HAS ELECTION OF OFFICERS

Ruth Eickmeyer of So-Si-Y Chosen  
President; About Twenty Take  
Part in Discussion

Officers for the Inter-Club council were elected at the meeting held in the club rooms at the Y. W. C. A. last Thursday. Ruth Eickmeyer, treasurer of So-Si-Y, was elected as president. Ruth Knatz, of Central was elected vice-president. Marguerite Schwier was chosen to have charge of the devotions.

The Inter-Club Council is composed of the cabinet members of the four high school clubs, the Friendship, U. U. D., So-Si-Y, and the U. S. A.

Everyone took part in a discussion for the betterment of their respective clubs. Many valuable suggestions, comments and criticisms were made which will be considered. About twenty members, including the advisors, were present.

## OPPORTUNITY

When Opportunity knocked,  
I found the door locked,  
And I searched in vain  
For the key, without a name.  
(I called it luck,  
While its real name is pluck)

The wise man, one day,  
Happened to say:  
"The key of pluck,  
Not of luck,  
Is the key that unlocks  
The door where Opportunity knocks."

The wise man told me,  
That to find this key,  
I should stop searching,  
And start working.  
This advice found for me,  
The key to Opportunity.

## MANY FUNNY JOKES HEARD IN ROOM 144

Students in Public Speaking  
Class Make Many Unusual  
Confessions and State-  
ments.

"Gee, I wish I knew the joke," wistfully observed a girl from Room 142. "Every day during the eighth period the public speaking class, in Room 144, just roars and roars, and then, at the end of the period, everyone comes out just holding his sides. I guess I'll ask someone from the class what happens that's so funny," she continued.

Here are a few of the things that happened last week. Virgil Horn started his rebuttal with these impressive words, "Allow me to enlarge on the first speaker." Gertrude Schuelke was the one to whom he referred.

In answering rebuttals made against her own speech, Mary Alice Tannehill solemnly declared, "The rebuttals had about as much argument as my speech." The members of the class who heard the speech that Mary Alice gave, felt highly insulted, but still the speeches and the mistakes went on. One person talked about a farmer, who cleared a space of bare land. Another, Ruth Eickmeyer, declared that she honestly believed a widow's pension would be a fine thing to support her. In the middle of her speech, Dorothy Emrich calmly took "time out," walked to her seat, opened her purse, took out a handkerchief, and returned to her former position, blowing vigorously.

Such things as these often happen in Mr. Makey's public speaking class.

## SOUTH SIDE ALUMNI TAKE I. U. EXTENSION

Fourteen Teachers Enroll; Mr. Voorhees, Miss Paxton and Mr. Reising Instructors

Twenty-two people, who are now enrolled in the Indiana University Extension course, are faculty members or graduates of South Side, it was learned recently when a survey of those who are benefiting by the course was made. Thirteen of these are present teachers at the school, two graduates in 1923, and seven are students who graduated in 1924.

In 1917 an Indiana University representative came to Fort Wayne and discovered that this territory was a good center for the extension course. Through the co-operation of the Fort Wayne Commercial club, the City Board of Education, and the Allen county commissioners, Indiana University was able to establish an extension center at Fort Wayne.

The work is given here just the same as it is at the university. The school year is divided into two semesters, starting in September and running to January, then from January to May. The classes meet once a week at Central high school for a period of one hour and forty minutes. Some classes are held in the afternoon, but most of them recite in the evening.

Anyone who shows evidence of ability to pursue the work profitably and pays the class fee, will be permitted to enroll. Those who want University credit, however, must be a high school graduate and must comply with the requirements in the catalog of Indiana University.

Last semester seventy-five different occupations were represented by the enrollment here and the students vary greatly in age.

Those from South Side and the courses they are enrolled in are:

Mr. Murch—American Diplomacy.  
Mr. Chappel—Diplomatic History, English History.  
Mr. Schellshmidt—American Diplomacy and History.  
Miss Schulze—English History.  
Miss Rehner—Elementary French.  
Mr. Schaefer—English Composition.  
Deane McAfee—English Composition, Survey of English Literature.  
Miss Kieper—Economics.  
Miss Kieper—Conversational French.

Mr. Voorhees—Radio.  
Miss Harvey—Constitutional Studies.  
Miss Pittenger—Educational Measurements, School Administration.

Mr. Heine—Educational Measurements and School Administration.  
Mr. Murphy—Educational Measurements.

Theodore Hugel—English History, Survey of English Literature.  
Verl Patterson—College Algebra, Economics, English Literature, Eugenics.

Vivian Crates—Eugenics, Analytic, English Composition and Literature.  
Pauline Sigrist—Public Speaking, Dramatic Art.

Josephine Dinklage—Advertising, English Composition and Literature.  
Dwight Meyers—Composition and Literature, History of Opera.

Dorothy Dix—Eugenics, English Composition.  
Dorothy McDougall—English Literature.

Mr. Voorhees and Miss Paxton, of South Side, and Mr. Reising, of Central, are teachers in the course.

## With the Classes

Last week Mr. Murphy gave to his 12A civics classes an "understanding-of-history" test. The test had four divisions. The score was taken separately on each division and then was averaged up for the final grade. The divisions were as follows: Character test, historical terms, sequence of dates, and causes and effects. Soon Mr. Murphy expects to give a reading-of-history test and correlate the results of both of the tests.

Written reports on Napoleon Bonaparte were collected by Miss Smeltz on March 9. These reports took the place of an examination; and perhaps this is one of the reasons why they were so good.

Boys in Mr. Arnold's drawing and shop classes made five hundred and four blue prints, or eighteen sets of the exercises which are drawn by the mechanical drawing classes each semester. New sets had to be made as the old ones have become useless with wear.

The boys in Mr. Thomas' forging classes are taking more than usual interest in making tools. Some of the tools made are tongs, hammers, coal chisels and wood chisels.

The 10A forging classes of Mr. Schellshmidt are accomplishing the required work very successfully and the quality of the work is quite satisfactory. At the present time they are making tongs, the making of which involves a great deal of difficult forging and welding. This project has two purposes: First, keeping up the shop equipment; and second, teaching the boys something of the physical properties of iron and steel.

Mr. Chappel's woodworking classes are finishing their exercises from which they learn the different processes of turning. Most of the boys have chosen the article of furniture which they will make this semester. Many are now designing their projects and will start work on them next week.

Mr. Spalding has on display in his manual training room, a sample of balsa wood. This is the lightest wood known. It comes from South America and is used in packing fine furniture and in the construction of refrigerators. The wood averages 7.3 pounds per cubic foot while white pine weighs 23.7 pounds and oak 46.8 pounds per cubic foot. A man can easily carry a log of balsa wood as large as a telephone post under each arm.

The boy scouts are continually being made use of in the manual training departments. When a boy's finger is cut, a scout volunteer and with a first aid kit soon bandages the injury.

## Nine Teachers Make Classrooms Bright With Plants and Flowers

Mr. Gould Has Several Rare Specimens; Miss Miller Supplies Other Teachers With Plants and Gives Daily Care to Those in Room Eight.

An exclamation of surprise and delight escapes from our lips as we enter the botany greenhouse, for it looks like a cool and shady wood. Everywhere we see flowers and ferns, while the gold fish aquarium, with its sea weed and moss, surrounded by ferns, gives a mystic appearance to the room. Mr. Gould has several rare specimens. One of these is from the phaeophyceae group which grows along the Pacific coast, anchoring to the rocks by holdfasts. In the laboratory we even find a carnivorous plant (carnivorous means meat-eating). These plants grow in swamps of both North and South America. They eat animals or insects through their leaves.

But Mr. Gould is not the only one who shows love for plants, for many others of the faculty have beautified their rooms. Hyacinths and geraniums bloom everywhere from the window ledges. Many of the plants were given to teachers by Miss Miller and her mother. Miss Miller takes excellent care of her plants. "Oh, I would not think of letting my ferns to a single day without watering them, because you know it is through their leaves that they must breathe," said our careful history teacher.

Miss Demaree, Miss Esarey, Miss

## ADVERTISING MANAGER WORKS HARD ON TIMES

HELEN CRAWFORD

Any time you enter Room 20 you will find Helen Crawford, our faithful advertising manager, busily engaged. Week before last Helen worked very hard to make the eight-page paper a success. Last week she was busier than ever trying to make the ten-page paper a success. No one realizes what it means to work as Helen does until they work for or with her.

Since Helen is a senior the Times will lose in June a good and faithful worker. She will be missed by all, and especially by Miss Harvey.

The school is hoping that next year her successor will have the co-operation of her fellow students as Helen has had, and will prove to be as successful.

The boys in the art classes are all interested in architecture work or in cartoon work. Dudley Wass is making a prospective plan of a suburban house and Dean Shaffer is making plans for a tool chest. Gerald Botteran is also doing this kind of work. Robert Starke and Richard Moores are making landscape paintings in water colors. Among these are Virginia Bell, Marie Brown, Fayma Root, Thyra Jurgenson and Madge Roush. Some interesting posters are also being made.

Classes in 9A algebra in Room 28 have begun the study of graphs. When they are thoroughly familiar with the subject, they will make practical use of it in graphing results of the work done in one week. Both class and individual work will be graphed. This will enable each student to compare his work with the work of others of the class as well as with the standard score.

In the botany greenhouse there are about 250 tomato plants. Some of them are three inches high.

Cabbage, aster, and snapdragon seeds will soon be planted in the hotbed greenhouse. The pupils will be allowed to transplant these and tend them and later take them home to plant in their own gardens. Since the pupils were very enthusiastic over the experiment last year, it was decided to conduct it again this semester.

Miss Mereness' 10A cooking classes are planning and serving meals. They have to buy, plan, cook and serve the food. The meals must have the right number of calories required for the number of individuals served.

The biology classes are now doing some surgical work on the internal anatomy of the grasshopper and crayfish.

A large number of biological slides have arrived so the classes will perhaps have a number of free shows.

## Alumni News

Miriam Yoder, '24, student at Indiana University, spent last week-end at DePauw University, the guest of Leland and Bonita Blossome.

Lenora Luttmen, former student of South Side, has recently taken up a position at W. T. Grant's.

Naomi Crummitt will entertain the members of her club tonight at a little informal party at her home on East Woodland avenue.

The following alumni have had their credits sent to college they intend to enter next fall: Tony Underwood, Oberlin; Paul Agnew, Oberlin; Russell Dale, Indianapolis College of Pharmacy; Catherine Roe, DePauw; George Wyss, Northwestern; and Rose Joseph, Northwestern.

Paul Hahn, '23, composer of "Our School," was heard in a xylophone concert Saturday evening over radio broadcasting station WTAY, at Oak Park Arms Hotel, of Chicago. Paul, who is also an accomplished organist, is a student at River Forest, Illinois. Paul can also be remembered as the Fightin' Green's first yell leader.

Dorothy Dix, '24, spent last week-end visiting friends at Northwestern University.

Ethel Blum, '24, is employed at the Malloy hat shop. Esther does the hand painting and fancy trimming of the spring and summer hats.

Students Study Poultry

The agriculture class of the Ottawa (Kan.) high school has been studying the construction of a modern poultry house. In order to further this study they visited a noted poultry farm. The man who owns the farm has offered a setting of eggs to the member of the class, who writes the best article on "Model Poultry Houses."

Publish City Paper

The Press club of the Pasadena (Cal.) high school supervised the publication of "The Pasadena Evening Post," the daily newspaper at Pasadena. Every department of the paper, including features, sports, cable, telegraph, editorial and sports departments were handled by the 128 members of the club.

Freshmen Do Duty

Freshmen boys of the Billings (Mont.) high school did their bit toward making the tournament games a success by vigorously scrubbing the vast expanse of the gym floor. It was a long and tiresome job, but when they finally finished they proved that they would make good janitors for they had the gym floor shining.

High School Dedicated

The new building for the Sullivan (Ind.) high school was dedicated recently. A new auditorium, with a seating capacity of one thousand is one of the main features of the building. The stage is modern and \$1,600 worth of new scenery has been purchased.

## NEW YORK POLICE BAND TO PLAY HERE MARCH 28

Will Give Concert in South Side Gym; Are Making Tour of Country

The famous police band from New York city has agreed to appear in Fort Wayne under the auspices of the Fraternal Order of Police.

The concert will be given in the South Side high school gymnasium on Thursday, March 26 at 8:15 p. m. Tickets can be purchased from any policeman in the city at the price of \$1.00 each.

The band has had the permission of Mayor John E. Hylan and Police Commissioner Richard E. Enright of New York city to tour the country for four weeks. These four weeks are spent as their vacation. Miss Perle Barthe, soprano, accompanies the band.

This band consists of sixty-two pieces and is one of the greatest bands in the country. It played at the inaugural ceremonies in Washington, D. C., on March 4. The police band is not allowed to play in theatres.

## MANY FOUND ARTICLES CAN BE HAD AT OFFICE

The following found articles are now at the office: Seven pocketbooks with money in them and thirteen without any money, one spectacle case, three combs, three compact, two mirrors, one rubber ball, two large coat buttons, two pocket knives, one notebook, eversharps, six silver ones, four gold, and eight colored ones; five pens, four erasers, three bracelets, two strings of beads, three rings, one ornate needle, one finger nail file, one cuff link, two pieces of lead, one cap, thirty-two gloves, three mufflers, seven belts, one pair rubbers, and three umbrellas.

The following locker keys have also been turned in: Numbers 6, 9, 11, 56, 59, 66, 70, 74, 98, 135, 138, 162, 164, 170, 207, 222, 230, 267, 284, 300, 335, 349, 380, 383, 386, 424, 433, 468, 476, 488, 541, 555, 559, 587, 590, 619, 626, 632, 666, 770, 726, 729, 746, 773, 838, 895, 937, 961, 898, 954, 1010, 1095, 1169, 1202, 1340, 1321, 1395, 1438, 1447, 1512, 1522, 1536, 1673, 1675, 1676, 1699, 1707, 1722, 1745, 1748, 1791, 1809, 1812, 1822, 1905, 1929.

Are Writing to Spaniards

The Spanish students of the Hutchinson (Kan.) high school are carrying on a correspondence with Spanish young folk in Porto Rico and South America. They write the letters in Spanish and the Spaniards, who are studying English, reply in English, so that all involved really get some worth-while practice out of it.

Have Alumni Edition

Pictures and stories concerning their alumni will be featured in an alumni edition of the paper published by the Pasadena (Cal.) high school. The purpose of this edition is to bring the alumni and school students together through the news published.

Cafeteria Has Bread Slicer

A bread slicer and a butter cutter are two labor and time saving machines in the Wichita (Kan.) high school cafeteria. The bread slicer can be adjusted to cut the bread into slices of any width. The butter cutter cuts a pound of butter into forty-eight cubes at one time.

Stage Hello Week

Plans for holding a hello week have been completed at the Kokomo (Ind.) high school. Tags will be distributed to all the pupils of the school which will bear the student's own name, also another person's name with whom he has to become acquainted. Other features of the week will be speeches by the students.

(Inasmuch that Fort Wayne has celebrated its centennial, the TIMES takes this occasion to inform its readers of some interesting facts concerning Fort Wayne's business and civic institutions that have helped to make the city what it is today. Ed. Note)

## Harrison Hill Drug Store

The Harrison Hill drug store started business seven years ago, in 1918, under the ownership of W. T. Bohn. In 1920 the Klein brothers bought the store from Bohn and had management of the store until January 10, 1925, when the store was purchased by the present owners, Morrison and Kring.

Mr. Morrison was formerly in partnership with his son at the Broadway Pharmacy. He has been a druggist for years. Mr. Kring, who is a registered pharmacist, attended Central high school in this city. Later he studied pharmacy at the College of Pharmacy in Ohio. He then worked at Meyer Brothers at the corner of Broadway and Taylor street.

When interviewed Mr. Kring declared: "Our aim, to the students and faculty of the South Side high school, as well as the students of other schools and the people of the surrounding community in which we serve, is to give you quality merchandise along with better service at down-town prices."

"We also aim at all times to carry a complete line of school supplies so that the school students will be able to purchase any article which they may need at our store. If there is any article which we do not carry, we will be glad to include it in our stock if you will but inform us of your desire. We believe that by doing this we will build a bigger and better drug store for our patrons. We will always be 100 per cent loyal to you, and if you need our service at any time we will do all we can to fulfill our aim. South Side students have more than shown their loyalty to us since we have been in our new store and we wish to thank them one and all."

## Dime Savings and Trust Company

In March, 1921 there sprang into existence in Fort Wayne the Dime Savings and Trust company. This institution, located at Court and Berry streets, is very young and consequently hasn't much of a history. The bank's capital stock is \$225,000, its surplus amounts to \$22,500, while its resources total \$1,900,000.

The officials of the bank are: H. G. Hogan, president; Charles Stanley, vice-president; W. C. Quimby, vice-president; W. S. Range, secretary and J. E. Ruhl, assistant secretary.

"Commercial training should be taken by all persons who desire to work in a bank," Mr. Ruhl, assistant secretary, stated. "Persons who have taken just a business course are acceptable," he went on "but we prefer the person who, along with outside commercial experience, can furnish certificates for having completed the commercial course in high school."

"I think that no one has anything but the highest regard for South Side," Mr. Ruhl declared. "With its wonderful equipment, it easily surpasses any high school I have ever seen!" he added.

Helen Crawford and Isabelle Walters delightfully entertained a number of friends at the latter's home recently. Luncheon was served to Anna Bratt, Florence Phelps, Beatrice Roshier, Vera Mueller, Velma Rolf, Virginia Woobeking, Lillian Rolf, Lucille Grosvenor, Beatrice Rieke, Marcella Reitz, Violet Fell and Eleanor Church.

Lucille Grosvenor entertained a few of her friends at her home last Friday evening. Various games were played after which luncheon was served to Mary Travis, Beatrice Rieke, Beatrice Roshier, Lucille Lapp, Isabelle Walters, Helen Crawford, Lillian Rolf, Velma Rolf and Helen Masters.

Miss Louise Ryberg was hostess to a number of her friends at her home on East Pontiac street last Thursday evening. Progressive games and dancing were the main features of the evening. At a late hour the hostess served a luncheon, the appointments being carried out in keeping with Saint Patrick's day. Those present were: Mary Anders, Mary Barnes, Mabel Spath, Margaret Hemrick, Ruth Allbright, Ruth McKean, Lucille McKean, Dorothy Tucker, Caroline Ryberg, Helen McKinley, Elizabeth Parks, Winifred Switzer, Mildred Obenour, Malvin Richendollar, Levin Bearinger, Forest Crummit, David White, Donald Davis, Harold Spath, Voil Anders, Adrian Buckmaster, LeRoy Parker, Earl Hart, Joe Borber, Jean Pain, Arthur Spath and Andre Whrel.

Florence Hazelet was hostess to a number of her friends at prettily appointed Saint Patrick's party at her home on South Webster street last Tuesday evening. Five hundred was played, prizes being awarded Agnes Bauserman, Marguerite Howard and Adelaide Auer and Kenneth Flaig. At a late hour a luncheon was served to Marguerite Lew, Madge Roush, Martha Boneher, Katherine Gunder, Doretha Jenkins, Mildred Obenour, Doretha Moore, Esther Roush, Fern Jenkins, Agnes Bauserman, Jess Grice, Kenneth Flaig, Gerald Amerman, Noble Miller, Lewis DeWald, Maynard Patterson, Claude Bauserman, Kenneth Boucher and William Hazelet.

Eleanor Colson entertained a number of girls at her home on South Harrison street. Those there were: Ruth Eickmeyer, Elizabeth Schmidt, Mary Alice Tannehill, Dorothy Emrich, Mildred McCune, Mary Pocock, Cornelia Bade, Gertrude Schuelke, Florence Hansen, Pauline Baumgartner, Louise Patt, Elsbeth Crane and Edith Kyler.

Miss Brigham and Miss Burns entertained a few teachers last Sunday afternoon at their apartment on West Berry street.

## 106 PUPILS CARRY EXTRA SUBJECTS

Many Wish Additional Credits for Graduation or Help on Future Work.

That 106 pupils are listed among those who are carrying five subjects was revealed by a recent investigation.

Many of these wish extra credits besides those needed for graduation, hoping that they will be better fitted for future work.

In addition to the regular commercial course, some students are taking subjects required in many of the universities. In several cases pupils are taking five subjects because they changed from one school to another, or from the three-term to the two-term plan.

A student is eligible for carrying five subjects if his grades are all A or B. A senior, who is behind with his credits but wishes to graduate with his class, can do so by taking more than four subjects.

Marjorie Homsher was hostess to a number of her most intimate friends Friday evening. The first prize in five hundred was won by Eldora Colson. At a late hour a delightful luncheon was served to Betty Rider, Mattie Cook, Eldora Colson, Mary Sherman, Mildred Grosvenor, Katherine Homsher and Martha Sherman.

## Fishman's Showing Many Styles for the Young Miss

Possibly no other store in Fort Wayne has a larger following of high school students than the Fishman Store, 917-921 Calhoun street. This following is not merely an accident, but comes about because the Fishman organization buys just as carefully for the young miss as they do for their other lines. Thought and considerable study are given styles and every garment sold must represent the maximum value at the minimum of price. Right now the Fishman store is showing an exceedingly large selection of new spring styles.

## City Builders

The Great Atlantic &amp; Pacific Tea Co.

Sixty-five years ago, in October, 1859, the largest grocery house in the world began business. It started with one store and steadily has grown until there are at present over 12,000 stores in the United States doing on an average business annually of over \$305,000,000 dollars. There are also about thirty warehouses supplying these stores, and about 35,000 people are employed.

The importation of coffee by this company in one year is over 70,000,000 pounds, which would require a train of 1,120 freight cars, eight miles long to transport. The sale of tea in one year would make 225,000,000 gallons. The sale of butter exceeds 75,000,000 pounds, of eggs, 39,000,000 dozen; flour, 225,000,000 pounds; sugar, 385,000,000 pounds; potatoes, 504,000,000 pounds; milk, 90,000,000 cans; bread, 200,000,000 loaves, and assorted goods, 225,000,000 cans.

The idea of the A. & P. stores is to put into the consumers' homes, each and every item that they purchase at the lowest possible figure with a guarantee back of every article sold. Previous to the coming of the A. & P. stores, a customer would have to buy in quantities to save.

The bulletin issued by the U. S. Bureau of Statistics gives the average food price monthly and the A. & P. figures show that they have saved their customers 225,000,000 dollars in the last ten years.

The president of the company is J. A. Hartford, and George T. Hartford is vice-president. The company was founded by the father of the president in 1859.

### Will Hop On New Roof Garden

Pittenger Endorses Plan of Converting Lunch Hours Into Social Hours

Whitmans Pounders and Blowers Officiate

"The roof on the north side of the school is going to be reconstructed so that it will be the best roof garden dance floor in the state!" emphatically declared Mr. Harris when interviewed upon this subject. Mr. Ward has been very anxious to have the dance garden in order that the students will have every opportunity of learning all the latest dance steps. In fact, he is so anxious that the students will not be out-of-date in their dancing, that he has secured Arthur Murray to teach the students. Mr. Murray is so elated over the fact that he is the one chosen out of the field of masters that he declared he would not charge a cent. Mr. Harris also stated that dancing would be accepted as a course and credits will be given. Paul Whitman, when he heard of the classes that were to be started, personally came to Mr. Harris to ask if he might be allowed the pleasure of furnishing the music. After seriously talking, the matter over with Miss Pittenger, who is an authority on good jazz orchestras, he told Paul that his offer was accepted. The Flick Floral Company has asked Mr. Harris to sign a contract with them that they be allowed to supply fresh flowers each day for decorations and also present each girl with a wrist corsage. The dances will be held the 4th, 5th and 6th periods and also after school and in the evenings.

At present Miss Harvey is in Europe, where it is said that her "Dance of the Veils" is the reason for the French King abdicating his throne and the Prince of Wales' latest fall this time for the slender, graceful dancer, not for a horse.

Vilhelm Thiele and Boobus Schopf were indicted for manslaughter by Special Judge Allen Mason in the U. S. Supreme Criminal Court to-day.

Early in the fall, late one night these two youthful "Ponzis" committed the most dastardly crime yet reported in the criminal annals of history. It far surpasses the Leopold and the McCintock cases.

For killing the engine of Elizabeth Ford in front of the "Greasy Spoon" a well known resort for crooks, in the south end of town, they were sentenced to a season's hard labor on the South Side football squad next year. We all say it serves them right.

Miss Martha Matilda Pittenger has been critically ill for the last two weeks. Little hope is held out for the three doctors that are attending to her case. She has a violent attack of mumps which will, if she lives, undoubtedly have her disfigured for life since they now project out six inches. She will not care about her looks, however, if she can retain the affection of the wonderful students who are under her supervision.

If she does survive the attack she will not be able to assume her duties here at school so her place will be filled by Miss Chapin, whose duties are exceedingly light.

## Ben Null

### makes Invent

Will Revolutionize Egg Industry

Mr. Benjamin Null, one of South Side's dignified faculty, has changed his vocation from an English teacher to that of a farmer. Mr. Null was known throughout Indiana, the United States, and most of the world as one of the best authorities on the English language and literature. Mr. Null's change of vocation is a great shock to his many friends, and we believe that many will try to dissuade him from his purpose after reading this article.

Mr. Null has been trying to invent something that would be of great use to the whole world. It was on Wednesday evening, March 18, that Mr. Null happened to stumble on the invention that he believes will revolutionize the chicken industry, and save the housewife many steps and burners. Mr. Null has invented a mechanical device which can be attached to a chicken, making her lay eggs with handles on them.

He has patented his invention and will start next week to manufacture this article. It will not be sold until Mr. Null has tried the invention on his own chickens. Ben had bought a small farm a few miles south of Fort Wayne which he has stocked with Leghorn chickens. His chicken ranch is one of the most modern establishments in the world. Each chicken has a special home of its own which is fitted with a nice nest and electric lights. Ben has the light burning all night which makes the chicken think it is day, and in this way he gets as many eggs as he wants.

Mr. Null's new egg will have many advantages over the old kind. The eggs will be easier to get from the nest, and the person who is picking the hen-fruit can take hold of the handle and extract the egg from the nest without being pecked by the hen. The eggs will be easier to carry, and the grocer will not need to waste sacks because a great many of these new eggs can be carried at the same time without danger of dropping them.

When the housewife boils an egg, she puts it in the vessel with the handle, and after the eggs have boiled long enough they can be taken out without any danger of being scalded by the hot water. When the housewife is coloring eggs for Easter, the new egg will be of great use. She may dip the egg in the coloring, holding it by the handle, and after the coloring is on lift out by the handle. After these eggs have dried, the handle can be broken off, ground up, and used as chicken feed. This new egg therefore saves the hands from being colored by any solution that would be injurious to them.

Another reason why Ben's egg is much better than the old is that a mother will be perfectly safe in sending her little child to the store to get eggs, and bring them home. The little boy or girl can carry the egg like he or she does a lollipop or an ice cream cone without any danger of dropping it and spilling the contents on the pavement.

The eggs will be packed with the handles up, and they will save the grocer time and energy. After the new eggs are put on the market he will not be them just as a druggist does ice cream cones. Mr. Null has interviewed some of Fort Wayne's leading grocers, and he has been assured by them that his new product will sell like ice cream cones in the middle of the Sahara desert.

The South Side students and faculty hate to see Mr. Null leave them, but they think he should go on with his new invention and make it a paying business. They believe that because of the saving on sacks, the use of the handles as chicken feed, and the saving of time and energy which the new egg produces, that the new business will be a success.

Mr. Null has started the largest and best company of this kind that has ever been known to the world before. Mr. Null has the help and cooperation of all the South Side Faculty and student body and, we believe, all of Fort Wayne is behind him. Now let's go, Ben!

Mrs. Blanche Abigail Sophia Jane Sarah Hall Kookemier was duly appointed dish-washer for the home of the aged by the Board of Trustees at a recent session held early next year.

Mrs. Kookemier was the former Blanche Hall who was under-graduated from South Side in 1925. She is well fitted for her esteemed position having received her P. M., A. B. C., and P. D. Q. at Northwestern College.

In an interview a reporter of this venerable paper reports her to have said, "I am gratified, and having promised my husband when he was hung that I would do charity work the rest of my life I shall put my heart and soul in this work." This position pays only \$4,000,000,000 per year.

It is up to the students of South Side to subscribe for the Times and buy the back copies in order to finance her that she may be given the best of care. By buying back copies it will be shown that Cornelia has really been appreciated.

All the staff members were scared out when they heard this news for they feared that they would have to take the place of general manager. At last it was decided that Kenneth Flaig will be general manager and Clara Doegmes will be the managing editor. All the other positions are still open to whoever wishes to fill them. As those still vacant are big positions, fat people are desired.

As all great Statesmen and orators do, "Lutz" is keeping a diary of the important events (including the Street Cleaners Dance) that happen during his stay in this country. South Side has expressed its pleasure in having the Honorable Mr. Pohl visit us in his business tour to this country. Also in this diary, we learned that he has many of his original poems and stories. The habit of wearing dog collars is growing extensively by the students and faculty of South Side High School. Miss Pittenger, dean of girls, was the first to start the fad here. From that time on dog collars have been seen everywhere. Miss Chapin was next to be seen sporting a dog collar. Later Miss Thorne, Miss Work and several others began wearing them.

The colors vary greatly. That of Miss Pittenger is green and white; Miss Chapin's is red and white; while the others are mingled. Miss Pittenger says she likes the fad very much and thinks the dog collar would be very becoming to everyone. Come on, girls! Don't let the faculty run away with the styles.

Mr. and Mrs. William C. Baer announce the recent marriage of their foster daughter, Flora Mathilda Sophia Baer, to Mr. Dolph Jasper Jack Clayton, Jr., son of Mrs. Dolph Jerome Clayton, the big New Haven bootlegger. The wedding, which was a very quiet affair, took place at the Jewish Synagogue Sunday morning at four a. m. The only guests present were the relatives and intimate friends of both the bride and groom, numbering about five hundred in all. A delicious five o'clock breakfast was served at Kresge's 5 & 10 cent store, consisting of ham and eggs, after which the couple escaped to the docks, and there took a canoe to Richmond, Indiana. Here they will visit friends for five years, after which they will be at home to friends in their very large estate on State Blvd.

The groom wore red knee trousers, green shirt-waist, a plaid bow tie and a white palm-beach coat. His bright yellow three-quarter socks looked very attractive with his black satin pumps. The bride was plainly attired in a dark blue suit, and her attendants in black.

## GOOD Plan Made

We WILL have MORE LUNCH, RaH!

LiZ ForD Ran Into IdeaR 12 IodspR

A drastic change is about to be made in South Side's daily program. The school board, at its last meeting, decided that students needed more study time, and a twelve period schedule is now being arranged by Mr. Harris to comply with the new ruling.

School will be opened at five-thirty in the morning instead of eight-twenty as it has heretofore. There will be the usual sixty-five minute periods with the fifteen-minute intervals between periods for the girls to powder, etc., and boys to pull up their socks.

Mr. Ford, who has been investigating prevalent conditions introduced the ordinance and was chiefly instrumental in putting it through. He says, "The majority of students would have better prepared lessons if they had more study periods. Therefore it logically followed that the thing to do was to give them the extra study time. We hope that this change will satisfy both teachers and pupils."

Mr. Ward, superintendent of public schools in Fort Wayne, protested vigorously, saying that it was impossible for him to give as much more time to the work as this change would necessitate. His objections were disregarded, however, by most of the board members.

Mr. Harris says, "I think this will be a fine change. Four lunch periods will be much more convenient, especially since it will give everyone ample time to go home for lunch or spend their time on the roof garden. Also, it will help to take care of the crowd in the cafeteria at noon. We are planning to serve breakfast the first two periods to students not having classes, if enough desire to eat here to make it profitable. We may, also, serve a lunch about the ninth or tenth period so that no one will have to go to class hungry."

Fort Wayne is the first city to adopt this plan in its public schools, but, if it is successfully carried out here, several other schools have already signified their intentions of trying the same idea.

Miss Pittenger, chief cook and bottle washer, accepted a lucrative position as saleslady for the Davis Brothers Goods, Greenfield, Indiana. Miss Pittenger quoted, "If any girl runs out of lipstick, rouge, eyebrow pencil, or any of the essential articles needed before entering classes come to me for I have the best goods for the cheapest prices." She receives one cent for every article sold. This is a great increase over her present salary.

### Gets man Job

ACCEPTS OFFERS MADE BY PURDUE

Mr. Whelan Signs a Five-Year Contract; Duties Will Begin Monday

TO LEAVE FRIDAY EVENING

Mr. Whelan, one of South Side's faculty, with his wife, will embark for Lafayette, Indiana, where he will begin to teach at Purdue University next Monday morning. He will leave here at 6:45 P. M. and will arrive there at about 10 o'clock.

Mr. Whelan will leave behind him many friends, among them some of his best students. He was liked by the majority of his students and his loss to the school will be more than a little. His advancement has come after a long period of hard, continuous, study. He says that he will teach a class in civil engineering.

"Good luck to you, Mr. Whelan," from the student body.

Application for Position

Mr. Whelan had his application for a position in a few years ago. They had written him a number of times, explaining and offering him positions, but he rejected them all, mainly because he thought them not much worth-while.

Two weeks ago he received a letter offering him a good position. He immediately accepted the offer, and after closing the negotiations, he notified Mr. Harris of his intentions.

Mr. Harris congratulated him on his success in getting himself a higher place, but was very sorry to hear that he would leave South Side.

Spare Moments Spent in Studying

Mr. Whelan also prepared himself for the position, if he should ever get the chance. All of his spare time was spent in studying the stars. He has a volume of civil engineering books, and through these he has learned a large portion of his knowledge on engineering. He had an instructor to teach him and he spent practically all the money he made in South Side for the study of his favorite subject. He really deserves to have an advancement, and all the faculty agrees that Mr. Whelan is honored by the fact that he was the first choice by the Purdue University executives, as Purdue University is one of the highest standard engineering universities in the country.

Don Currie, star bread slinger for South Side High School, was arrested March 13, 1925, for feeding starving children stale bread. He was caught and arrested giving poor, puny, little Gerry DuWan a half loaf of mildewed bread.

Don was immediately taken to the court room, where he had a hearing before Judge Harris. He was bound over to Circuit Court with a bond fixed for April 1, 1900. The bread slinger team of South Side is working hard in order to obtain the bond. The time is approaching and he bread is hot when the once criminal will be of poor service to the "Bread Slingers."

"Always in a Green Moon," the operetta which everyone wished was over, is not to be presented. Mr. Schafer has fired everyone who was taking part, for they spent too much time practicing for the final moment. Also the voices were so harsh and rotten that nothing much could be accomplished and the band, which had been rendering notes formerly, laid down on the job because they did not receive enough pay. In all it is a very bad situation to be in. It is thought that Mr. Harris will probably fire Mr. Schafer for stopping such a rotten thing which might have won a great name for South Side.

### LEAVES SOUTH SIDE FOR POSITION WITH COOLIDGE

Gerry DuWan Chosen Athletic Advisor to President Coolidge

When Gerry asked his new boss if he might return for the commencement exercises in June, Cal said, "I will be delighted to allow you to return for a week or two, if I might accompany you. I believe it would be well worth my time to attend the exercises."

## Clarence SZINK

### Vali-dictorian

Averages 99.8th for Four Years

TriboLET Is Next BeST

Zink

"Clarence Szink is the valedictorian of the senior class of 1925," announced Mr. Harris after the official draw last week. Clarence has the honor of having the highest average in the four years, in the Fort Wayne high schools. He will enter Yale University in September to take a course in barbering. Horace Tribolet is salutatorian with an average of 99.7.

The honor students are as follows:

	Average
1. Clarence Szink	99.8
2. Horace Tribolet	99.7
3. Virgil Hite	99.6
4. Charles Waltemath	98.5
5. Loree Bergel	98.2
6. Tom Summers	97.9
7. Bob Steger	96.8
8. Millard Bennett	96.4
9. Ethel Fishman	96.7
10. Tom Thorne	95.6

These students will receive scholarships at the Bible Training School.

### IT HAS BIN JUST 4 YEARS that—

Tom Shulze, otherwise known as "Red" blew into the school with a gang of eight graders. "Red" is a great lover of basketball, having played as star forward on his various class teams for the past four years. "Who's got their Latin?" is his daily question. In the sciences he is a shark, and spends much of his time experimenting with dangerous explosives. Tom is secretary to the Imperial Order of Women Lovers. Our little boy has great hopes for the future. He plans on a matrimonial course and aims to become a grandfather of fortune.

## MISS WOODWARD IS

### Killed Badly

Miss Woodward, the world's champion typist, was killed slowly when the pencil sharpened fell on her head, fracturing her skull. A basketball badge was used to keep her head from bursting. It was an accident. It happened when Miss Woodward stooped to pick up a rick which was under the pencil sharpeners which she intended to throw at Maynard Patterson when he asked Miss Woodward for the use of her pony.

## Receives \$12,000 Berries Yearly

Gerald DuWan, star center on South Side's football team, left Fort Wayne this morning for Washington, D. C., where he will take up his duties as the athletic advisor to President Coolidge.

He was picked by Cal from the players in the National Basketball Tournament, held last week at Washington. President Coolidge was very enthusiastic at the opportunity to meet DuWan and was very anxious to sign the four year contract, where by Gerry will receive \$12,000 a year as the private physical director to Mr. Coolidge.

The South Side student body, including the band, in uniform, gave Gerry a "send-off" at the Pennsylvania station.

When Gerry asked his new boss if he might return for the commencement exercises in June, Cal said, "I will be delighted to allow you to return for a week or two, if I might accompany you. I believe it would be well worth my time to attend the exercises."

PINCHED

Oren Flaugh, a prominent youth of this school, was arrested last week on the charge of carrying concealed weapons and transporting moonshine.

The sheriff who made the arrest, D. Hauk Goodman, ate some of the moonshine and faded from the scene. The criminal then stood trial and his accomplices, Pullman Car, Ruth "Ike" Meyer, Emrick's Best, Windy Mat, and Marcella Patterson, testified as to his base character.

The judge immediately sentenced Flaugh to two thirteen-year sentences in the county jail and designated that at the end of the first thirteen-year years the criminal should take a test based on the text "Sentence and Theme," and then be forced to pay a fine of \$0.136840037, if he did not pass.

"It is to be hoped," says Mr. Harris, "that the rest of the criminals at South Side will take warning and stop the continuous-murdering of pencils."

## Short Spots

"Ikey" Miller, the star miler, has already been chosen as a member of the 1928 Olympic team.

It is rumored that K. Flaig will take DuWan's place on the varsity next year. We feel your do heaps better, Kenny.

LATEST PROPOSAL

South Side high school will now take an active part in charitable work. In the office, a small tray has been attached to the mailbox of each teacher. Our worthy instructors are asked to place all chewing gum (chewed or otherwise) taken either from members of their classes or from the drinking fountains, in their individual trays. At the close of the day, Miss Smeltzly will collect all gum and take it to the Orphans' home.

"The student body can help by chewing as much gum as possible when in class," says Miss Miller, who proposed the plan.

ALACK! ALACK!

We have always been eager to support this school, but now comes the real test.

South Side is falling to pieces. The building is simply ramshackle and getting worse from day to day. State inspectors say, that unless something is done, we will soon have no school.

Because of this the faculty has discussed the question a good bit and has finally hit upon a plan to save our school. Each student is to bring one cent to school and the money will be used to buy two strong poles. These will be used to prop up and support the school.

Please bring your penny before the school falls over.

## Why S. Side be here

Not many years ago, before the white man's hob-nails had crossed the Indian trail of the Maumee, the only inhabitants of these lanes were pig-eon-toed Indians. The redskins greeted the intruders with peaceful seclusion by using the scalping knife.

The mayor in order to stop this wholesale slaughter took drastic measures and threatened to establish a high school wherever a white man got in the way of a tomahawk.

An old Indian sent an arrow through the vitals of a policeman as he was attempting to enforce the eighteenth amendment. Another pale-face was killed when the hatchet of an over-excited Indian came down upon his skull as they were watching a baseball game. The mayor made good his threat and subsequently put up our own high school as a memorial building.

Just a few short years before that a woman was killed as she was chasing her husband through the woods so this consequently led to the erection of the edifice of Central high school which had a few more illumini than South Side.

The Indians are greatly afraid of education and so have withdrawn almost completely from our vicinity, and gone into other parts of the country which his not so densely populated with white people.

## Looking Glass

By KATIE WEDLER.

(Publication of this column does not necessarily imply the author's agreement with the paper's opinions.)

Advice to Athletes

"If a boy wishes to engage in athletics he must first have an iron constitution," said Mr. Gilbert recently. "Perhaps the best way to test the constitution for the necessary iron is by using HCL. If it is impossible to secure any of this he find bootleg whiskey a fitting substitute."

Wardo is absolutely correct. If a man is not capable of quaffing at least a quart of fuel oil he certainly has not the strength to participate in the rougher sports. The writer attributes his great success as a journalist to the fact that he can drink nitro-glycerine straight.

Times Gains New Honors

Last Thursday it was announced that the Times had been given the award of "Best Paper in U. S." This was true as far as it went but unfortunately we failed to state that it was for margins. The honorable judges were wise in their decision. After observing all the papers with whom the Times exchanges, as well as many of the daily newspapers, the writer can easily see why the decision was as it was.

Reasons for Winning Honor

The Times was the only paper to have its margins so artistically arranged around the outside of each page. On most of the other papers the first page was reserved entirely for margins while the rest of the pages had none. Two papers placed the margins in the center of each page.

Credit Due to Two People

The chief work on the margins is done by those two artistic souls, Gerry DuWan and Bob Miles, who, although constantly interfered with by such persons as Bud Beck, who saw no reason for margins, and Miss Harvey, who wanted cartoons in them have managed somehow to turn out such good work.

Another person to be advised is Jack Clayton, who measures the spaces between the lines to see that they are even. His work is absolutely perfect.

## New Kooes in Cafeteria

Three new kooes has been picked for the cafeteria. They are Mr. Voorhees, the famous Swedish cook; Monsieur Whalen of French fame; and Frau McCloskey who makes the delicious corned beef and cabbage which is so much in demand at South Side.

"NO MORE OUTSIDE WORK," SAY THE TEACHERS,

"IT'S A MODERN CURSE," THEY DECLARE.

"It's an outrage! \*\*@%\*!!!! to give home assignments to students," Miss Harvey, our fond (fond means foolish) journalism teacher, snaps crisply. "Teachers ought to know enough so that they could teach the studies to the students in school time and not have to give them any outside work! Do I give any home lessons? I should not!!" After that they put in a strenuous day at school students should have some time to rest."

"You bet I don't give assignments," Mr. Null drawled when asked what he thought about this modern curse. "A student has no business to crowd the library every period to find out something that the teacher ought to know."

Bud Beck, would-be editor of the Totem, which was rated as the worst annual between here and New Haven says in answer to that gives outside assignments is a back-number, so that goodness that South Side has no back-number teachers."

## With the Classes

Mr. Gould is in a serious condition as a result of an automobile accident which occurred in front of South Side high school yesterday noon. Allen Mason, a South Side student, claims that Mr. Gould tried to beat him to a parking place and his driver and that of Mr. Gould's collided. Mr. Gould is under arrest since it is believed that he was intoxicated at the time of the accident. Upon his recovery, he will be taken to jail until the day of his trial is set.

The girls that are taking cooking will not be required to study any more. Neither will any exams be given. Each day one girl will be chosen to make 10 pounds of candy, which will have to be eaten that day. Miss Paxton is going to give A's to the girls who eat the most each day. By the end of the term, each one hopes to gain at least 100 pounds avoirdupois.

Miss Demaree has offered to give everyone of her pupils what turns in their Burke book an A. Because of the students' luv for this text it is doubtful whether Miss Demaree will have to make any A's.

The stewdents in Mr. Heiny's class, what want to take a special course in the study of fishes are to meet in the science room every Monday where they will each cook a fish and eat it. It is believed that this will create a greater hunger for the study of fishes.

Each stewdent of the Art class was urged to bring a flea to class to draw Miss Ley gave them some suggestions as to where they could be obtained, such as: on dogs, mosquitos, radios and Ford's. Miss Ley expects several masterpieces with such good models before them.

## This Week's Best Editorial

A Line to the Brainy

Writing editorials ain't what it used to be—it's like it's going to be. It takes a lotta nerve to writ a pencil on a chunk of paper and scribble down a mean scrawl on what, when and why the stewdents don't do this and why did do that.

You know if I was those pupils I'd tell a guy where to get off at that time to hand out the blabber to me in such a wicked style.

But times have changed, yep, from good to wurster. This gang of brainy humans don't ovent waste the eye power to shift their binoculars onto the terrible scathing things that's said about them in the wild and wooly editorial column.

Nope, there aint much chance of telling this crew what's what. They won't listen to the line of spiel you hand them. They won't read the "in black and white on paper," sermons. How they goin ter be reformed? As me, I don't know.

Well, here's one of the pessimist, that ain't carin any what becomes of the herd of untamed unbridled young going to the dogs generation.

It's a 7 to 11 bet that the mob will stand up under the machine gun fire just as long as they shy away from this column. Don't ever read this column and you will end up anywhere but in jail.—The O-C's P, Central High School, Superior, Wisconsin.

## Bead A Rit

NOVELS WILL Replace HIS-TRYs—says MISS SCHULTZ

"All the dry, dusty, old, ancient history books are going to be taken from these shelves and the modern novels will fill their places," announced Miss Schultz recently. "Of course, as the books will be modern novels and thrilling detective stories, we don't expect the shelves to be filled as the students will constantly have the books under their gaze." The latest editions of novels written by Harold Bell Wright, Ellnor Glynn, Booth Tarrington, and other popular authors will be purchased. Miss Pittenger expresses her sentiments in these words, "I felt that the students have been reading entirely too much ancient history, mythology, and civics, for their own good. I have been worried because every evening the boys and girls just flock to the library and take those large encyclopedias home. The knowledge that is in those books should not trouble their young heads. Mrs. Thompson said that if there were any books the pupils would like to suggest for purchase they would be immediately added to the collection. This is another way of obtaining silence in the library as each student will be so interested in the story he is reading that he will not have time to talk to his neighbors."

SCHOOL LIBRARY

CAUGHT FIRE

Reference Books Burned to a Chrisp

Last night about the magic hour of twelve a fire broke out in the school library. It was caused by friction of two Elson Histories.

The friction caused emitted a spark, the spark developed into a flame, soon the whole building burst into hissing flames.

The fire was witnessed by some students who were returning from a "Corn Beef and Cabbage Ball." They were greatly entertained by the fire, and applauded with glee.

The faculty have decided to wait until 1950 to buy another supply of reference books in order that they may be up-to-date for our posterity.

An American editor had a notice stuck above his desk that read: "Accuracy! Accuracy! Accuracy!" and this notice he always pointed out to the new reporters.

One day the youngest member of the staff came in with his report of a public meeting. The editor read it through, and came to the sentence: "Three thousand nine hundred and ninety-nine eyes were fixed upon the speaker."

"What do you mean by making a silly blunder like that?" he demanded, wrathfully.

"But it's not a blunder," protested the youngster. "There was a one-eyed man in the audience."

# PROGRAM FOR NEXT TERM PRINTED TO AID STUDENTS

"Pupils Should Report Any Conflicts Immediately," States Mr. Harris; Schedule Will Be Revised to Fit Case If It Is Possible

STUDENTS WHO PASS IN ALL SUBJECTS  
PERMITTED TO SELECT OWN PROGRAMS

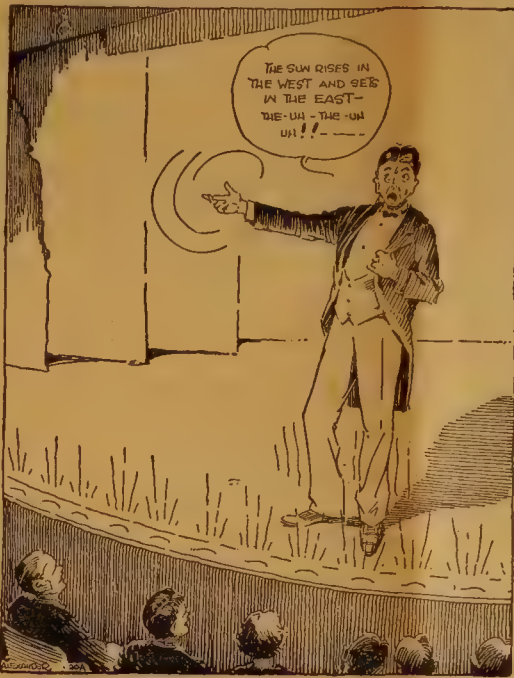

April 13th Is Day Set for Handing in Curriculums; Most Classes Made for English Department; Language and Mathematics Come Next

"This program is printed this week so that pupils may observe the different subjects to see whether or not they can make out their programs without any conflicts," stated Mr. Harris in regard to the schedule of classes for next year. "Those who expect to graduate in February, 1926, or in June, 1926, should note the subjects carefully, and if the program cannot be made out, please report this fact to the office. It may be possible that the program can be revised to fit your case. In the next publication of the Times the program will be run again with such changes," he further continued. Students who are passing in all subjects will be permitted to make out their own programs, April 13.

## When Miracles are Needed

### PHILAS HONOR ST. PAT. WITH ANNUAL BANQUET

Interesting Irish Program Entertains and Amuses Many Members of Society

Fifty members of the Philaethian Literary society attended the annual St. Patrick's banquet which was given March 18 in the cafeteria. Edna Van Tilbury, president of the society, was toastmistress. Mrs. Crowe, who has visited Ireland, gave a very interesting talk on Irish poetry, illustrating various points of her topic by selections from Irish literature. Dorothy Bolt, '23, gave several delightful Irish solos. Another attractive feature of the program was a dance by Ruth Wehmhoff. A charming violin solo was given by Eldora Colson and clever readings by Betty Hutchins and Virginia Drage also entertained the members.

A chief source of amusement in which everyone present took part, was the stunts, which were enacted between the courses. The stunts were entirely planned by Miss Demaree, who is the advisor of the club. The table decorations were in accordance with St. Patrick's day.

### HI-YERS WILL TELL YARNS AND WHOOPERS

Prizes Will Be Awarded for Giving Best Story at Next Meeting

"Spinning Yarns and Telling Whoopers" will be the subject of Hi-Y meeting to be held March 26. Prizes will be awarded for the largest whooper, the story that is told in the best way, and the most humorous story. Mr. Brunson, boys' secretary of the Y. M. C. A., has asked each member to be prepared to tell some kind of a story to give when called upon. The South Side and Central Hi-Y's will probably meet together for first part of the program and separate for the Bible study which will be "A Man Among Men."

Rev. Hostetter gave an interesting talk on "What Young People Want Today," at the Hi-Y meeting on March 19. Rev. Hostetter brought the results of a test that was given to forty young people at a convention held in California in 1923. The test showed that most young people wanted above all, health, success, and money. All of these seem to be necessary to every person in every walk of life.

### ANNUAL SOPH FROLIC STAGED FRIDAY NIGHT

Seventy Sophs Attend Party; Games, "Eats," and Dancing Feature Program

About seventy sophomores attended the annual frolic of the class of '27, held last Friday evening, March 20, in the cafeteria.

The sophs marched from Room 28 to the cafeteria, where a grand march followed, led by Marguerite Luecke and Dale Shimer. After an attempt was made to dance the "Virginia Reel," the sophs played "Living Alphabet," "Musical Chairs," "Winkum," "Charades" and the "Folding Chair Race."

After refreshments were served dancing was enjoyed to the music rendered by Jim Willson's orchestra.

The entertainment committee was made up of Dale Shimer, chairman; Winfield Ray, Marjory Reeves, Marguerite Luecke, Mary Hale, Marguerite Schwieler, and Fred Sieman. Greta Astrom had as her assistants on the decorating committee, Jack Lighthill, and Dean Metzner. Cecil Parvin with the aid of Louisa Fredericks made up the publicity committee.

Jack Rodabaugh planned the "eats". Miss Fiedler, Miss Esarey, and Miss Pittenger chaperoned the affair.

### SOUTH SIDERS PERFORM IN Y. W. SPLASH PARTY

Girls of the Y. W. C. A. swimming classes gave a splash party in the association pool Friday evening, March 20. The program consisted of form swimming, racing, diving, and other stunts.

The girls from South Side who participated in this program were as follows: Elizabeth Schmidt, form swimming; Dorothy Bales, racing; Maxine Rahe, and Dorothy Bales, diving.

Central high school girls won in a water polo game with the girls of South Side high school by a score of 8 to 6.

### MEMBERS OF ART CLUB WILL HEAR CHALK TALK

Green and White Teams to Be Represented by Thyra Jurgenson and Beulah Corwin

A chalk talk by Miss Ley will be the principal feature on the program for the Art club which will hold a meeting April 13 in Room 38. Besides this there will be a talk on art by a member from each team of the club. The Green team will be represented by Thyra Jurgenson and the White team by Beulah Corwin.

All members are urged to be there so that each side may obtain more points. The party for the winning side will be given the latter part of

## LOCAL STUDENT TO TAKE TEST AT LOUISVILLE

Margaret Welsh Is Only South Sider to Enter Bi-State Event Between Indiana and Kentucky

### NINE WILL TAKE PART IN DISTRICT CONTEST

State Finals to Take Place at Bloomington After Spring Vacation

The Bi-state Latin contest for pupils in Indiana and Kentucky schools will be held April 3 at Louisville, Kentucky. This test is given annually under the auspices of the Latin club of Louisville high school.

"Margaret Welsh will represent South Side and is expected to make a creditable showing," states Mr. Rothert. Each school will enter two pupils but South Side will begin with one. The students do not have to complete a certain amount of work before entering, but Virgil pupils are preferred.

"All people who enter will be entertained with genuine southern hospitality," say the people of Louisville.

Tomorrow, nine South Siders will enter the District Latin contest at Central. These people are, Olive Prine, Margaret Pocock, Esther Harrington, Franklin Smith, William Dammeyer, Mary Pocock, Pauline Baumgartner, Forest Weddle, and Helen Clapsattle.

From this contest one person from each division will go to Bloomington in April for the final contest.

## BOY CITIZEN MAGAZINE PUBLISHED IN THIS CITY

Youths From All Parts of United States Subscribe; Theodore Huges Is Circulation Manager

The endorsement of Principal R. C. Harris is behind the free distribution of the Boy Citizen magazines with the Times this week. The youthful magazine is published right here in Fort Wayne for the youth of the whole nation, but naturally, Fort Wayne high school students are subscribing in greater numbers than out of town boys.

The Boy Citizen, which was founded in 1917, has grown considerably since its birth and has received the personal endorsement of public men and civic leaders like Harry S. New Postmaster General of the United States, Alfred Smith, governor of New York, ex-Governor Emmett Branch of Indiana, and many others.

In order to handle more rapidly and thoroughly its increasing circulation additions and changes have been made in the staff of the Boy Citizen. The new circulation manager is a graduate of South Side high school, Theodore Huges.

## DENNISON WORK TAUGHT TO ALL WITHOUT CHARGE

Miss Carrie Freeman to Give Instructions at the Central Office Equipment Building

Free instructions on making paper costumes, crepe paper flowers, favors, weaving with paper rope, working with sealing wax, and on decorating halls, booths, and schoolrooms, will be given at the Central Office Equipment by Miss Carrie Freeman of the Dennison Manufacturing company.

Instructions will be given to teachers only, from April 6 to April 18, between four and six o'clock on week day afternoons, and between nine and four on Saturdays.

The general public can come every day beginning Monday, April 13, to Saturday, April 18, from ten to twelve in the morning and from two to four in the afternoon. There will be absolutely no charge.

### CAMP YARNELLE

This is the fourth year that girls have spent happy and long remembered vacations at dear old Camp Yarnelle; and it is hoped that each year there will be more girls who know and love Camp Yarnelle as "the camp of their dreams."

The best part of the summer is the high school period, July 11-25. Registration opens on April 1st. Be on time to register, so you won't be disappointed! It costs one dollar to enroll.

If you've been to camp before, you'll surely go again.

If you haven't been to camp, get in step! Have the happiest time of your life! Remember that any girl can go, so make your plans NOW.

## PONTIAC STREET HAS INDIAN NAME

Called After Ottawa Chief, Who Formed Conspiracy Against English.

Names of many of the greatest Indian warriors are linked closely with the history of Fort Wayne, such as Little Turtle, Tecumseh, Pontiac, Blue Jacket, Buckongahelas and many others.

The name of Pontiac is interwoven into the story of a most thrilling period of the development of the story. Pontiac was an Ottawa chief and he had great power and influence. After the French and Indian war, English Robert Holmes was placed in command of the post located on our St. Joseph river which the French surrendered in December, 1760. As soon as the English had taken command of the posts, including Detroit, Pontiac conspired with the various tribes throughout the west to capture the posts and restore the vast western areas to the whites.

Pontiac was inspired by the defeat of General Braddock, in which he had a part, and has frequently been called "The Napoleon of the western Indians." He maintained his camp down the Maumee and sent his emissaries into all the camps of the Indians. In some way Holmes, at Fort Miami, now Fort Wayne, discovered the plot and reported to his superiors at Detroit.

Notwithstanding this, Holmes was lured from the fort by his Indian sweetheart, and was shot by the Indians.

But in spite of the unity of the savages the plan failed. Pontiac, sad at heart, departed for the west, where near the site of St. Louis he was stabbed to death by a Peoria brave.

Pontiac street was named after this Indian chief, Pontiac.

## GIRLS ASKED TO GET Y.W.C.A. MEMBERSHIP

Mary Monroe Placed in Charge of Drive in South Side Clubs

A city-wide membership drive is being conducted by the Y. W. C. A. during Membership month which is from March 15 to April 15. This drive is being put on under the auspices of the interdepartmental committee composed of members from each organization of the Y. W. C. A. Mary Monroe represents the South Side Girl Reserves, or the So-Si-Y and U. S. A.

The object of the drive, which started March 15, is to bring before the young women of Fort Wayne the great opportunities and privileges the Y. W. C. A. offers them, thus pointing out the real value of a "Y" membership. Another idea to be brought before the younger women is that they should be assuming the responsibilities and relieving the older women of the duties that are necessary to have a successful association. Each group has promised to secure at least four members during each month in the year beginning March, 1925. During the drive a special effort is to be made by all clubs to secure memberships from girls and women outside the clubs as well as from the club members.

The interdepartmental committee is constituted of representatives from the various industrial, business, and girl reserve clubs. This committee has charge of all interdepartmental work. Helen Willson, as chairman of the committee, is general chairman of the membership drive. She says, "I am quite anxious to make this drive, which is being conducted mainly by the younger women, a success to show the older women that we really are fitted to take on the responsibilities and duties of making the Y. W. C. A. a powerful factor in the lives of Fort Wayne young women, and in doing it successfully."

Each club representative will work in her club with the aid of a special drive committee to raise a larger quota than that of last year. Mary Monroe will have charge of the drive at South Side. She says, "Both U. S. A. and So-Si-Y should be one hundred percent Y. W. C. A. members. The association offers so many privileges in the way of swimming pool, gymnasium, rest rooms, club rooms, and besides all this, highly trained leaders and all the benefits of club work, that no single dollar could be spent to better advantage than the one spent for a "Y" membership—and it is much more satisfying to enjoy the privileges and feel that you really deserve them because you have helped to bring them about with your dollar."

If a girl belongs to the So-Si-Y or the U. S. A. she is a member of the Girl Reserve department of the Y. W. C. A., but she is not a member of the Y. W. C. A. The fee for junior membership, that is, for girls under 18, is 50 cents.

## HORN COMPETES WITH L. PETERS TODAY AT 3:15

Central's Auditorium Will Be Scene of Wordy Battle; Winner Will Enter District Discussion Meet

### ORATORICAL CONTEST BOOKED FOR APRIL 3

P. U. Karr to Speak Against Representatives From Other Allen County Schools

Virgil Horn, of this school, will compete with Leah Peters, of Central, at 3:15 today at Central's auditorium, for the right to represent Allen county in the district elimination of the state discussion contest. The topic for discussion is the so-called child labor amendment.

Prof. Fred Conkling, head of the English department at Manchester college; F. R. Tewehsburg, instructor in public speaking at Wabash high school, and O. R. Bangs, county superintendent of Warren, Indiana, will be the judges.

South Side's representative in the national oratorical contest, on the constitution, P. W. Karr, will give his oration on April 3, along with the representatives of the other Allen county high schools. Charles M. Niezer, Charles R. Lane, and Oehmlie Bird will pick the one to speak in the district meet.

Mr. Makey, who has been coaching our entries in the discussion and oratorical contest declares, "Both Virgil Horn and Power W. Karr have been working mighty hard, and whether they win or lose, South Side can be proud of them."

The winner of the county discussion contest will speak in the district meet on April 10 and two weeks later, the winner of the district will go to Bloomington to speak in the finals. George Beauchamp, of Wabash, won the title of state champion last year.

## MANY SUBSCRIPTIONS GAINED BY CAMPAIGN

Members of Debating Teams Help Put Times Drive Over the Top

During the last three days of last week, the circulation department of the Times, with the assistance of several members of the debating teams, raised the number of subscriptions from 875 to 1025. This number is the highest ever attained by the South Side Times in its three years of successful existence. Several more rooms have reached the one hundred per cent mark, and big increases have been made in the percents of most of the remaining rooms.

Chester Wyneken, the circulation manager, wishes to thank the following for the work they have done to help this campaign go over the top: Dorothy Emrich, Elsie Crane, Ruth Eickmeyer, Maynard Patterson, Mary Alice Tannehill, and also the room agents.

## With the Classes

More interest is being shown by the boys in 9B shopwork because they are now in the midst of the construction of their masterpieces. A variety of furniture is being turned out this term which will outnumber other work done in former years. Original drawings are numerous.

Drawing models of machinery such as gas engines, oil pumps, automobiles, etc., is the work of Mr. Arnold's 10A mechanical drawing classes. The 10B drawing classes are beginning actual drawings of less complex models. The use of the ruling pen in inking drawings, has aroused a great deal of interest in the work.

## LITERARY DIGEST USE REGULATED BY RULES

Magazines Are to Be Under "Library Reference Book" System, Decided by History Dept.

Laxness in the use of the Literary Digest and Review of Reviews magazines as references in the current history work has, with Mr. Harris' consent, forced the history department and librarian to agree upon the following rules regarding their use:

1. Literary Digest and Review of Reviews magazines are to be under "library reference book" rules:
- (a) These magazines are overnight books.
- (b) Unless by special assignment these magazines are not to be taken from the library to the class room.
- (c) Fines will be imposed on all violators of these rules, as in case of other reference books.

2. Pupils are to prepare assignments in the library or outside of class room.

3. Pupils are entitled to take from the library only the magazines they have purchased. All others must be taken only by observing library rules.

### Y. M. C. A. WILL CONDUCT HEXATHLON MEET HERE

A hexathlon meet, for boys under 18 years of age, will be held at the Y. M. C. A. next Wednesday evening, beginning at 7 o'clock. More than seventy-five boys are expected to take part in the meet. The events are as follows: short and long distance potato race, running high jump, running and standing broad jump, bar-snaps for distance and target throw, shot-put and fence vault. Scores of good records made here will be sent to the international office of Y. M. C. A. at New York. A comparison of records received at the New York office will enable officials to pick international champions.

# Smeltzly Shows Up As Poor Referee in Faculty Seltics-Game

Game Ends 156-4 in Favor of South Side; Home Team Forced to Use Football Tactics in Second Half

## ALLEN COUNTY ORPHANS HOME TO PLAY TEAM IN SHORT TIME

### Makey Entertains Crowd During Half; Talks About Wheel an

The S. S. Faculty basketball tossers defeated the New York (original) Celtics, in a hotly-contested battle in the second of a 3 game series thereby winning the series and claiming the worlds' championship by a score of 156 to 4. They will shortly get a game with the Allen County Orphans' home team.

The only thing that saved the Celts from being completely swamped was the sensational foul tossing of Holman. He having made 4 out of 20 throws. The Celts seemed very badly treated here. They say that this was because of the terrible refereeing of Miss Smeltzly, notable official, claiming that she was partial to the faculty because of having a love affair with Murphy, stellar backguard of that aggregation.

Gordy, forward, was the brightest luminary of the game having caged 27 baskets. In the doubtful moments of the game the crowd arose time and time again to voice their plaudits of this husky forward, who, while racing down the floor at full speed, would suddenly stop, face the opposite basket, and easily toss the ball in. Again and again the Celts tried to break thru the Faculty's defense but the airtight guarding of Murphy prevented them from scoring. He scored 12 markers. Makey, the rangy forward, also had 12 baskets, while Null had 17.

The brilliant & fine playing of the team was slightly marred by the roughness of Whelan, who, since the personal foul rule was waived, seemingly made as many fouls as he could. The faculty team played rough and tumble basketball, but there were many sensational plays.

As the whistle blew for the first time, Whelan deliberately kicked Holman, of the Celtics, while Murphy dribbled the length of the floor and shot five baskets while waving to his son in the bleachers. Whelan was caught carrying concealed weapons but was not put out. At one time Makey brought the crowd to its feet with six one-handed shots from the center of the floor. Null, with real skill, dropped in two while sitting on the floor where he had been resting during the entire time. The half ended 50-0 in favor of South Side.

Makey entertained the crowd with a fifteen-minute talk on the sportsmanship of Whelan and then the second half was played. The faculty used football tactics during the entire time. Makey drop-kicked three in from the middle of Murphy's back, Murphy dribbled through the entire team, and then Gordy argued with Referee Smeltzly over the score. An encyclopedia was produced and two hours later Gordy gave in. The final score was Faculty 156; Celtics 4.

Summary and Lineups:  
Faculty: Makey, Gordy, Null, Whelan, Murphy, Field Goals: Gordy 27, Null 17, Murphy 12, Makey 12.  
Free Throws: Holman 2.

Celts: Holman, Beckman, Lipschick, Lehner, Ripley

## SPORT SLUSH

Let's give three cheers for Gerry's election as captain of the Pie-eaters team. This is a great honor and was won, as you know, when Gerry proved his ability by eating three ruckelberry pies in three minutes without getting any of the ruckelberries on his face. Congrats old man. (Now because of the "old man" don't look for one of the Smith Brothers.)

The tennis team composed of Miss McCloskey and Mr. Schmalzried, of the faculty, and Ralph Lang and Miss Fiedler of the students have been having daily workouts over at Weiser Park as the school courts are not ready yet.

They look like a strong line-up, don't they? And we're counting on them to defeat New Haven when they take 'em on in the fall.

Have you seen the darling new track suits? Wardoe whispered in ear-ears that they're the latest from Paris (Illinois). For the benefit of those who haven't watched the fast ones cavort on the cinders: the suits are green and white striped—on zebrans—and have white Peter-Pan collars at the neck. (How foolish where else would collars be but at the neck?) White shoes are to be worn with this outfit.

Did you hear about the pink tea that Ward and Lundy gave for the football team? We heard that it was just grand. Bob Schopf poured, while Howard Welch and Tiny McHaven were on the receiving line. The decorations were green, pink—to carry out that part of the tea—and white. Each guest received a tiny buttoniere of holly-hocks. We wish we could tell you all the games they played—but Wardow made us promise that we wouldn't.

## green faculty five makes central blue

Gets Championship of U. S. By Swampin' of Pedagogues

The South Side faculty cagers nosed out the Central faculty in a slow and exciting contest, the final score being 147 to 146. The game was played last Sunday at Madison Square Garden, New York, as the big South Side gym was not large enough to accommodate the people. By defeating the Central team South Side claims the basketball championship of the U. S.

"Herb" Voorhees and "Pat" Murphy led the attack for the "Green" team, the former scoring 18 field goals and the latter scoring 15 times from the field. "Johnny" Reisinger and "Dad" Northrup went big for the down-town team.

The Kelly Klags team was composed of "Herb" Voorhees, captain; "Pat" Murphy, "Slim" Gould, "Ben" Null, and "Red" Arnold. Gilbert and Welborn were substitutes.

The Tigers team consisted of "Johnny" Reisinger, captain; "Dad" Northrup, "Pat" Richardson, Mendelhall and Bills were bench warmers.

"Red" Arnold received the Gimbel medal for being the worst player.

Lineup and summary:  
South Side Pos. Central  
Voorhees ..... F. .... Reisinger

### TRESTER LIKES US

The whole town turned out to cheer the basketball team of South Side high school when they came home from winning the finals at Indianapolis. South Side defeated Central in the sectional tournament and defeated Milford in the regional tournament by large margins. The General Electric band led the parade. After parading about the city the Athletic association gave a banquet at the Kewpie on Baker blvd. Everybody was invited who was a subscriber for the South Side Times.

Mr. Coolidge sent his congratulations to the team.  
Mr. Trester, permanent secretary of the A. A. S. H. I., said hereafter we could disregard any association rules that we saw fit. This is worth more to the team than all the shields, trophies, cups, pins, prizes, awards and rewards that they got. (We already sent for Fromuth and Norris).

## Track TRYOUTS receive FRU COATS AS reward for WONDeR-FUL SeRVICeE

For coats were awarded to the track tryouts last evening in the stadium for their wonderful services. They spend so much time, at the maximum ten minutes, every morning after school for practicing. Everyone was very much pleased, for they all need them very much to wear to the lake this summer to keep them from freezing.

NoBody StaRred in SKy—Line-UpS ARe HeTeRoGeNeOus

A splendid game was played by Central with South Side in which South Side won a hard fought game of 99 to 2. The defensive of the Tig-garettets was marvelous and the poor-garettes player on the team was Brubaker. Kill-Waszkay made many baskets which the ball did not hit. Wiener was out when he had made for personal fouls. Everyone clapped at his victory.

Baker made a defensive run and made the goal for a touchdown and the plause of the rooters when the ball went through the loop. This made South Side eligible for the state. This was followed by a home run by Ken-dale Central team. This made a ap-plause from the teams as they all piled upon each other. When they got up one man was missing. The last 49 points were made when we were given a free throw on Simons fly catch. All of Centrallites went down town to celebrate their victory. Time was called while South Siders took a ride around the Stadium to cool off.

The game was a very calm one. During the course Mr. Ward and Mr. Mendelhall got in a friendly quarrel at the end of which they were both carried off the field. The crowds all clapped again. The referee was wonderfully, and finally crippled for boy-hood in the game. After all the play-ers had been sent to court, the game was finally announced in favor of the South because the most boys served in the peaceful and quiet hard one and beautifully fought game.

### Pat Invents Something New

Mr. Murphy has developed a product from the ever popular vegetable, the Irish potato, which he prophesies will soon be hailed as one of the great-boons ever given to humanity. No more will the heavy-weight popula-tion look with longing eyes and forgo with heart-breaking sighs this tempt-ing but forbidden dish, for Mr. Mur-phy guarantees to all buyers that his discovery will not only prevent the gaining of dreaded pounds but will ac-tually reduce those already possessed. It is said that the Wallace Reduc-ing Bread company is threatening to bring suit for damages, charging him with unfair competition methods.

## Gurls Rules are RuFFer

The Rules for FeetBall Are Dif-fernt for Boys and Gerls

Mr. Gilbert has decided to have a girls' football team and has been de-ciding on the rules that would bring more effectiveness to this form of warfare. They have already decided on a few rules and these will be given a trial to create more interest among the football fans.

In the first place they would abolish the ball; it distorts the attention of both player and spectator.

When the referee blows the whistle each player should pick out the oppo-nent she wishes to tackle, rush over to her, throw her down and jump all over her. If, when the referee has counted one hundred and the under-me has not arisen, it will count one point for the opposite side; if any-one is injured they shall be scored ac-cording to the seriousness of the in-jury. Then they begin all over again. When one side has completely ex-terminated the opposite side then they win the game.

No substitution is necessary, thus eliminating both benches and side-lines.

## SOUTH SIDE IS ACCREDITED BY N. CENTRAL ASSOCIATION

North Central Association Gives South Side Place on Accredited List of Secondary Schools With Eighty-seven Other Secondary Schools in Indiana

## NORTH CENTRAL ASSOCIATION KNOWN FOR PRESTIGE AND GREAT INFLUENCE

Size Has Grown Until 1,804 Schools Belong to It; Schools Must Be Well Equipped and Faculty Must Meet Standards Before Recognition by Association

South Side high school was placed on the approved list of the North Central Association of Colleges and Secondary Schools for the period ending March 20, 1926 at the thirtieth annual meeting of the association held in Chicago, March 17-21, 1925. By virtue of this honor South Side stands with the 88 schools from Indiana accredited by the association this year.

To be able to be accredited in the association each school must comply with certain standards. The equipment of the school is a great factor in its being recognized by the association. There must also be a pupil-teacher ratio of 25-1. By that is meant that there must be one teacher for every twenty-five students. Beginning next fall all new teachers of academic subjects will be required to have fifteen hours of professional courses.

Many Are Members  
One thousand eight hundred secondary schools are now accredited by the association, 143 new schools having been added this year. Thirteen schools were dropped from the list because of continued violation of important standards. This association has such a great influence and prestige that Dean C. R. Maxwell of the University of Wyoming is planning to issue in November, 1925, a report on the success of the graduates of North Central schools.

The association was founded in 1895 by a group of men representing but a small number of institutions and a limited territory. It has steadily grown in size until the following twenty states are recognized: Arizona, Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, North Dakota, Ohio, Oklahoma, South Dakota, West Virginia, Wisconsin, and Wyoming.

Purpose of Association  
The object of the association is "to establish closer relations between the secondary schools and institutions of higher education within the North Central states and such other territory as the association may recognize."

Promotes Education  
The North Central association is seeking to promote the cause of education through three types of activities: first, by bringing about a better acquaintance, a keener sympathy and a heartier co-operation between the colleges and secondary schools in its territory; second, by considering common educational problems and devising ways and means of solving them; and third, by promoting the physical, intellectual and moral well-being of students by urging proper sanitary conditions of school buildings, adequate library and laboratory facilities, and higher standards of scholarship.

The association is the most generally recognized standardizing agency for high schools and colleges in the North Central states—if indeed it does not rank first in prestige in the entire United States. Recognition by the North Central association means, therefore, in the educational world, the same as Dun or Bradstreet in the field of finance and business.

## Fifty Percent of Students Here Are Counted as Child Laborers

Entire Number Missed Only Twenty-one Days During School Life Because of Work; Most Boys Have Jobs Entirely Different From Those of Girls.

Child labor, as defined by congress, exists in South Side high school to a most extensive degree. One out of every two pupils, or 546 of the total number enrolled, are engaged in gainful occupations. There are 240 girls, just sixty-six less than boys, that are earning money. The majority of the girls do housework and clerk in stores, but most of the boys do all kinds of odd jobs in addition to carrying newspapers.

These facts were obtained by a census of the entire student body, taken in assembly recently. All South Siders designated upon blanks, what their age, class and sex was, whether or not they worked, what occupation they had, how many years they had been earning money, how many hours a day their job required, and how many days of school they had ever missed because of it.

Girls Do Different Work  
For the most part, the girls have altogether different kinds of jobs than the boys have. Ninety-one girls do housework, eighty-two clerk in stores, twenty-four care for children, twelve make dresses, hats, and fanciwork on a commercial scale, eleven do restaurant work, the same number works in restaurants, four curl hair, three teach in the vacation Bible school, and two are music instructors.

Carrying newspapers is the favorite occupation of the boys as 166 earn spending money in this way in addition to also doing odd jobs. Fifty-one are clerks, twenty work in foundries and factories, seventeen "jerk"

## MANY WILL ENTER BUSINESS CONTEST

Teams Selected for Each Division of Typing, Shorthand, Bookkeeping and Penmanship

## WINNERS GO TO STATE

Teams to represent South Side in the District Commercial contest have been selected. This meet will take place at Central, April 18, with Mr. M. H. Northrup as manager. South Side will enter students in all the divisions in typing, shorthand, bookkeeping and penmanship.

The following schools will be represented: Angola, Auburn, Butler, Bluffton, Central, Columbia City, Decatur, Garrett, Kendallville, Ossian, Pierceton and South Side.

Students who will represent South Side in the several divisions are: Novice typing, Winifred Gunter, Martha Meyer, Helen Goette, Mercedes Nossett, Ilo Foster and Gertrude Grimes; amateur typing, Roland Maifort, Frances Cozik, Virginia Wilkinson, and Evelyn Metsker; beginning shorthand, Winifred Beeth, Helen Goette, Elizabeth Schmidt, Gertrude Grimes, Mildred McCune and Florence Hanson; advanced shorthand, Dorothy Falls, Virginia Wilkinson, Vesta Johnson, Frances Buckles and Mabel Markley; bookkeeping, Marguerite Rahe, Esther Shaw, Marguerite Schiewer, Margaret Maillard, and Ned Perkins; penmanship, Helen Ostermeyer, Eric Lasch, Georgianna Rodebaugh, Chrystal Jackson and Esther Reynolds.

Of these three having the best record from now to the contest will write. Three People On Team  
Each team will consist of three people, but three others are chosen as substitutes. A school may win team honors or individual honors. Nine points will be given for first place in team averages, six for second and three for third place. Individual winners will receive three points for first, two for second and one point for third. The school having the most points in all will be awarded an appropriate pennant.

Winners of all district contests will enter the state finals at Muncie, May 1. The school having the highest number of points at the end of the state contest will receive the governor's cup.

## REVISIONS MADE IN NEXT YEAR'S CLASS PROGRAM

Conflicts Cause Changes in Last Week's Schedule; Printed This Week as Final One

## ONLY PASSING PUPILS TO SELECT CLASSES

Entitled to Choose Subject, Period, Room, and Term; Proves Satisfactory

"The program which is printed this week is the final program for the fall semester," said Mr. Harris. "Those who are passing in all their subjects at mid-term will be entitled to make out their own programs, including subject, term, period, and room."

"Last term the work done by the pupils was very fine. It was a great aid to the office to have this done, and we feel it was much more satisfactory to the pupils." He also stated in regard to the plan of having each student make out his own program, "Proved Successful."

Last semester this scheme was given a tryout, and as it proved so advantageous in all respects, it has been decided to allow pupils to do the same again this semester.

Conflicts in the schedule printed in last week's Times were to be reported to the office Tuesday. As the program was altered to fit the needs of all those who reported, it is now taken for granted that the students, seniors especially, will have no difficulty in making out their program. The corrected schedule of classes for 1925 is as follows:

## HI-Y CLUB TO DISCUSS INTERESTING SUBJECT

"What Is Meant by Leading Church Life," Is Topic for Tonight

"What is meant by leading Church Life" will be discussed at the Hi-Y meeting Thursday evening, April 9. The discussion is one which is of great interest to every high school boy. A large crowd is expected to turn out for this meeting, and an interesting discussion is in store for the members of the club.

Mr. Schmalzried will lead the bible study, "Is Jesus Really Our Leader." Mr. Schmalzried has proved to be a very efficient leader of bible study and discussion groups, and the members of the Hi-Y are fortunate in having such a leader to be present at their meetings. Mr. Schmalzried has led every bible study since the beginning of the term, and his leadership has made the discussion very instructive and interesting.

There was no Hi-Y meeting April 1, because of spring vacation.

## FORTY-SIX DAYS OF SCHOOL LEFT

Term Ends on June Twelfth; Grades Will Be Given Next Monday.

Just think, only forty-six days of school and then for the grand and glorious summer vacation. The school terms ends on June 12, since there are no vacations in the meantime. Mid-term grades will be given out next Monday morning when the pupils will get their cards in the gym and take to their teachers for their grades.

## WORK ON TOTEM IS ALMOST DONE

Pictures Are Mounted and Advertising Goal Is Being Reached

## TO BE FIRST-CLASS BOOK

"Work on the Totem is almost completed. Pictures have been mounted and the advertising is coming along well," said Bud Beck, the editor.

There will be a design in two colors and gold for the Ex Libris of the 1925 Totem. This is being drawn by an Indianapolis artist especially for the Totem. This will go on the fly sheet inside the cover. Following this there will be seven pages in four colors reproduced from the exclusive paintings for the annual. The Totem will have a great deal more color than it has ever had before. Plans are to make it a first-class book and nothing is being spared that it may be so.

There will be no more snapshots accepted since enough have been already received. The snapshots have already been mounted and are being engraved.

"This year's Totem will be a vast improvement over last year's and we have no corrections to make in our plans," said the engraving officials when Miss Harvey talked to them during spring vacation.

## SO-SI-Y AND FRIENDSHIP TO HAVE JOINT MEETING

"Camps and Camping" To Be Discussed; Central Club in Charge of Program

So-Si-Y and Friendship clubs will hold a joint meeting called "My Land" next Tuesday, April 14, at the Y. W. C. A., in the club rooms. The Friendship girls will have charge of the program and the eats. Camps and camping will be discussed. As it will be an especially good meeting, all girls are urged to attend.

The Hi-Y clubs and the So-Si-Y and FFriendship clubs will sponsor a meeting at the Y. M. C. A. from 3:15 to 4:15 this afternoon. The Glee club and girls' quartette will sing. Rev. M. K. Richardson, of the South Wayne United Brethren church, will speak.

## Sketches Drawn From Memory

The art classes of the Central high school, Kansas City, Mo., drew from memory sketches of any of the speakers of the last assembly. This plan will be carried out after nearly every assembly.

## Have Large Commercial Department

Mansfield (Ohio) high school prides itself on its commercial departments. There are 1,229 students enrolled in this department this year. Most of the pupils are taking shorthand and typewriting.

## "LOTTERY MAN" WILL BE GIVEN APRIL 17 AND 18

Tickets Are Now On Sale; Play To Be Presented at the Harrison Hill School

## D. CLINE AND R. MILES TAKE LEADING ROLES

Nine Persons in Cast; Vernon Sheldon Is Again Director of Senior Production

"The Lottery Man," a three-act comedy by Rida Johnson Young, and the 1925 senior play, will be staged on the evenings of April 17 and 18 at the Harrison Hill school. Tickets went on sale last Tuesday evening, and can be secured from the office, officers of the senior class, and members of the cast. The prices of tickets are seventy-five cents and one dollar.

Dorothy Cline and Robert Miles have the leading parts. The members of the cast are: Mrs. Wright.....Thyra Jurgenson Jack Wright.....Robert Miles Foxey Peyton.....Ward Dildine Mrs. Peyton.....Margaret Jane Rose Helene Heyer.....Dorothy Cline Lizzie Roberts.....Ethyl Fishman Hedwig Jensen.....Edna Van Tilbury Hamilton.....Ralph Welch Stevens.....Edwin Clapham

Synopsis of Play  
Mrs. Wright, an elderly mother, is seen on the stage at the opening of the play. Mrs. Wright is ready to retire when a knock is heard on the door and a friend of Jack Wright, Foxey Peyton, enters.

Foxey is the owner of a newspaper, and has promised him a good story to be published in the Sunday edition the next morning. Lutz Jack Wright enters and tells Foxey that the story he will give him is that he is going to get married. Jack puts himself up for lottery at a dollar a chance to the women of America. Because of an accident Mrs. Peyton, Miss Helen Heyer, and Lizzie Roberts, Mrs. Peyton's companion, are forced to come into the home of Mrs. Wright. Jack immediately falls in love with Helene, and by the time he phones the Examiner his story is on the press and there it must stay.

Jack Wright buys all the coupons that he possibly can, and has them all made out in Miss Helene Heyer's name. Mrs. Wright, Mrs. Peyton, and Miss Heyer are also buying coupons in Miss Heyer's name. The lucky number is drawn, and Miss Roberts is the lucky winner. The money has run up to \$300,000 and it looks as if Jack must give it to Miss Roberts to get out of marrying her. Then Hamilton, the butler, discloses that Lizzie Roberts has made out all the coupons.

## Doings of the Teachers During Vacation

Miss Crowe visited in Detroit, Mich.

Miss Paxton spent her vacation "beautifying the back yard."

Miss Fish acted as a nurse during her spring vacation. Everyone was ill with the "flu" at her home.

Miss Hadsell spent the week-end visiting friends in Lima, Ohio.

Miss McAfee spent the spring vacation home resting up for another ten weeks of office work.

Miss Ley spent part of her vacation visiting relatives in Ohio and taking care of some business. The remainder of the time was spent at the lake.

Miss Thorne spent her spring vacation visiting in the country and during her stay found her first wild flower of the season.

Mr. Whelan spent his spring vacation at his home, resting and finishing a breakfast set.

Miss Demaree reports that she spent a pleasant vacation with relatives at Indianapolis and Bloomington, Ind.

Miss Burns visited at the home of her sister at Hillsdale, Mich., during her spring vacation.

Miss Feidler visited relatives at Lansing and Jackson, Mich.

Miss Perkins spent her entire vacation visiting at Madison, Wis.

Miss McCloskey spent her vacation cleaning the house and yard.

Mr. Arnold spent part of vacation at home fixing up his garden and lawn. The latter part of the week he motored to Cleveland and visited the American Shipbuilding company where he was employed as mechanical draftsman for four years.

Mr. Morris visited his mother in Swayzee, Indiana. He also went to Marion, Indiana. While there he visited friends and Marion high school, dropping in upon the Commercial department, and the shorthand class of which he formerly was instructor.

## SOUTH SIDE SWEEPS HONORS IN DISTRICT LATIN CONTEST

Five Local Students Win Way to Bloomington by Defeating Entries From Seventeen Other Schools; Four Others Take Second or Third Places

## DISTRICT WINNERS TO WRITE APRIL 17; INDIANA UNIVERSITY SPONSORS CONTEST

Esther Hanning, Olive Prine, Franklin Smith, Pauline Baumgartner and Helen Clapesattle of Division I B, I A, II, III and IV Respectively to Represent School

Five South Side students took all first honors in the district Latin contest at Central, March 28, and will enter the state finals at Bloomington, April 17. Four other South Siders who entered this meet took second or third places.

Seventeen schools of Noble, DeKalb, Steuben, Whitley, Lagrange and Allen counties were represented. There were five divisions as in the other contests, but only one person from each may enter the finals.

The highest grade made by anyone in this meet was 99.88, while 75.75 was the lowest. In the first division the grades were close, Esther Hanning winning by only a .375 margin. In the other classes the margin was much greater and in the Virgil section there was a six-point difference.

The five South Siders will represent the twelfth district at Indiana university.

Two of the five from South Side, Esther Hanning and Pauline Baumgartner, are pupils of Miss Work. Olive Prine and Franklin Smith are pupils of Miss Woodward, while Mr. Rothert teaches Helen Clapesattle.

Following are the three highest in each division, as announced by Miss Harrah, who was in charge of the district contest:

Div. I B.  
1. Esther Hanning, S. S.....99.88  
2. Katherine Swartz, S. Whit-

3. Forest Weddle, S. S.....91.3

Margaret Welsh, who entered the Bi-State contest at Louisville, has not heard what her grade was but she did not take one of the high honors.

Snap-dragon and aster seeds have been planted in the botany greenhouse.

Mr. Gould has transplanted several tomato and cabbage plants in the greenhouse. These plants were started in the early spring and now are several inches high.

The botany pupils have the privilege of transplanting the plants also.

## Eighty-Three South Siders Celebrate Birthdays in April

Twenty-Three Students Have Celebrated Their Birthdays For This Month; Today Marks Advancement in Age of One; Fifty-Nine To Be Future Events.

During the month of April eighty-three South Siders have celebrated or will celebrate birthdays.

Twenty-three have already passed their annual event of growing older. Clyde Briggs was sixteen on the first. On April 2 Margaret Hemrick and Margaret Dinklage were fifteen, Hurley Jett was seventeen, Margaret Welsh eighteen, and Ralph Coblentz and Emily Waters were both nineteen.

April 3 witnessed four birthdays, Catherine Fries, Wayne Wenzel, and Merville Somers reached the much anticipated age of sixteen, and Mary Barnes was eighteen. Ward Dildine was the only one to celebrate on April 4, when he became eighteen, and Charles Rice were each eighteen. Margaret McClintic was seventeen on April 6, while on the same day Stanley Ewell was seventeen and Frances Wagner was eighteen. On the seventh Ralph Frank and Dorothy Moore reached the coveted age of sixteen, Brooks Smith was seventeen and Collier Hoffman, eighteen. Charles Collier was eighteen yesterday, April 8th.

Walter Adams is the only person to welcome a birthday today, having reached sixteen. Tomorrow's sun will rise on the birthdays of Frederick Buimann, who will be fourteen, Annabelle Smith, sixteen, and Abraham Azar, eighteen. HUBERT BECK.....STUDENT COUNSELOR

ROWENA HARVEY.....FACULTY ADVISOR

If we speak kind words, we shall hear kind echoes.

There are only nine more weeks to bring up your work. Dig now as you never dug before.

The most important element in success is economy—economy of money and time.

Patience stops being a virtue when we allow others to impose upon us.

The best angle from which to approach any problem is the try-angle.

The square fellow is the one most people enjoy round.

Knowledge is of two kinds. Either we know all about a subject ourselves, or we know where we can find information upon it.

We hope you had the best time of your lives last week. Vacation is like oil in your engine. You can't run without proper oiling. Spring vacation was supposed to oil your engine enough to last till next June.

With the opening of the ticket sales for the senior play comes the final opportunity to show our appreciation of the '25 class. Besides the play itself makes a fine appeal to our pocket-books.

The spring slump is with us. We all blame our short-comings on spring fever. But we can't hold spring to account for our own laziness of spirit, and we ought not pack all ambition away in moth balls until next winter. It is worth remembering, in a time like this, that the man who accomplishes something is the man who sticks to it.

Would-be humorists consider the height of wit to encourage some poor, bewildered pup to wander aimlessly about the building. The dog doesn't enjoy it, for he is almost as much out of place as Mary's little lamb; the teacher certainly doesn't like it; and the thinking student doesn't enjoy it either. We wonder where all the fun comes in.

One South Sider, who ran a block to catch a street car, only to have the door shut in his face, was pitted by a sympathetic young woman, who was waiting for a car on another line. "What a shame," she exclaimed indignantly, "for you to run all that way for nothing!" And then the boy, still breathing hard, replied with a sunny smile, "Yes, but there was a lot of fun in trying for it."

"Don't be a drifter. Breast the stream and struggle for a worthy dream." We think Edgar Guest had the right idea when he wrote these words—we should always have an aim, and a high one at that; it may always seem just beyond our grasp, but soon we will be able to touch it, and soon we will have it. But again we must have a new aim, a new purpose and a new dream. This poem expresses our idea.

Don't be a drifter! Join the few who seek life's real tasks to do. Strike out where deeper water flows. And breast the stream with manly blows. The shallows and the coves beware, Too many bars are broken there. The ricks and tangled branches lie To catch the driftwood floating by; But he who fights against the stream Shall some day reach his port of dream.

### BE A TRACK ENTHUSIAST

In the days when Greece and Rome were at their height, athletics or sports played a very conspicuous part in every person's life. They were great admirers of individual strength and ability. Their sports consisted mostly of personal conquests rather than conquests by a group.

It seems that today most of our popular sports are carried on usually by more than one contestant in the game, and the victory depends upon the organized effort of all rather than one particular person. As a result of this modern system of athletics we have football, basketball, baseball, rowing, etc. There is still retained, however, to some degree in modern sports combats where a single person is engaged in conflict with his opponent. The official term given to these sports is called "track."

Almost every school and college usually supports a track team. It is now the time of year when the track season is on. As a rating with other sports, track should be just as important as any.—Ottawa High School Record, Ottawa High School, Ottawa, Kansas.

## In Other Schools

### Give Foreign Plays

Members of the Modern Language club of Detroit will present three plays, each in a different language, at the Northern high school of Detroit, Mich. The plays to be given are "La Sorpresa de Isadora" (The Surprise of Isadora), a Spanish farce; "Rosalie," a French play; and "Eigensinn" (Obstinacy) a German comedy.

### Irish Program Presented

An Irish program was presented at convocation by the students in the English department of the Fairbury (Neb.) high school. The entertainment was divided into two parts: the first a group of Irish selections and the second, a play presented by a cast from the eighth grade.

### Freshmen Give Best Assembly

The freshmen class of the New Trier high school of Kenilworth, Ill., had the best assembly given by any of the classes. The faculty were the judges.

### Class Has Small Library

A class of the New Trier high school of Kenilworth, Ill., have acquired several shelves of books and have appointed a librarian.

### STAR STUFF

Far-flung, through unbound space those flaming suns Their giant orbits spin, light-years apart,

Ardent, tremendous, the Creator's art Displaying with a glory that outruns Man's most extended fancy; with a speed

That leaves thought, like a laggard, creeping slow, They haste to do a will they can not know—

Event magnificent if this the seed! Yet of the selfsame stuff as glows the star

My spirit clothes itself; the selfsame Guide Who traces its long journey through the wide

And limitless expanse leads me more far On more adventurous journey—I am one

Who claims a kinship with the farthest sun.

—HERMAN O. MAKEY.

## Open Letters

To the Editor:

From my own observation, I have come to the conclusion that an honor study room would be ideal at South Side. One example clearly shows that this is true. Miss Thorne was recently giving a test. I noted that about a half dozen kept whispering the answers to some of the problems. Then, Miss Thorne was called away to the office. The students were put on their honor not to cheat. And of that class of thirty-one, I saw absolutely no one who took advantage of her absence.

If this is the effect that taking a test without a teacher in the room had on these boys and girls, then ought we not to expect the same effect from an honor study hall? Should we not have one then? I am sure it will benefit all of us.

## Read A Bit

"Alice of Old Vincennes" is a story of Indiana life in 1778, a love story of the frontier in all its rudeness and simplicity, when men went about with scalps hanging at their belts and Indians made life exciting for the early traders and settlers.

## The Mirror

### Sweeping the District

Good News! Every first place in five divisions of the district Latin contest was won by South Side! This means that all the five representatives from the twelfth congressional district who will enter the state finals at Bloomington will be South Side students. They are Helen Clapesattle, Pauline Baumgartner, Franklin Smith, Olive Prime, and Esther Hanning.

### Their Grades

"I am very proud of the grades that all of the ten South Siders who were entered in the recent contest made," exclaimed Mr. Rothert, "for they were all above ninety!" Esther Hanning's grade was 99.88%, just one-eighth of one per cent lower than perfect!

### Co-operation

These pupils and their teachers have worked long and diligently in preparing for these contests. Often they have worked together long after school has been dismissed. If it were not for the friendly and earnest spirit of the teachers in helping the contestants, these splendid results could not have been achieved.

### At Bloomington

When you five students are ready for the final test at Indiana university, remember this: that you are representing South Side, a school that supports all its teams, and that, no matter how the contest results, your honest effort and your sacrifice will not have been in vain.

### They Deserve Awards

It has been the custom to present debate teams and athletic teams with letters that somehow are a token of the sentiments of the school, but the Latin team has been forgotten in the giving of awards, even though they bring home as great, if not greater honor than either of the others. The library is fast accumulating cups and trophies that publications and athletic teams have won, but is there a monument to our Latin contestants. They, too, deserve recognition.

### Something Interesting

We have just finished glancing over a commercial publication called Business. On one page there is a convincing article telling why modern business needs an orator, and on the page facing it there is another telling how a person can become one, written by a man who is an editor, publisher, chautauqua lecturer, chautauqua manager, advertising manager, and sales manager. He says that the reason most men cannot make speeches is because of FEAR. If this fear can be overcome, ease in public speaking will be natural.

### A Good Story

"But," he says, "there are two kinds of speeches." It is said of Aeschines, a rival of Demosthenes, that, after his speech, the sentiment of the mob was "How well he speaks!" but it is said of Demosthenes that he aroused the feeling of "Let us march against Philip!" there is a place in many big firms for Demosthenian speakers.

## CHALK TALK BY MISS LEY IS ON ART CLUB PROGRAM

Discussion On "High School Costumes" To Be Led By Thyra Jurgensen at Next Meeting

A chalk talk representing a song which will be sung by Thelma Bively will be given by Miss Ley at the next meeting of the Art club, to be held April 13 in Room 38. Thyra Jurgensen will lead a discussion on "High School Costumes," and Beulah Corwin will also give a talk.

At this meeting plans for the party to be given the latter part of April will be made.

## NEXT U. S. A. MEETING TO BE HELD APRIL 16

No meeting of the U. S. A. will be held until April 16. At this time "Polished Windows" will be discussed.

About sixty-seven people attended the meeting last Thursday afternoon in Room 38. Mrs. White, wife of the pastor of the Simpson M. E. church, talked on "Reverent to God."

"A beautiful colors of sunrise enter the temple of God it makes us feel emotion called reverence," said Mrs. White. "This reverence makes us grow and accumulate more than we could without it." She then added, "Take time every morning to think about God, because we are not able to accomplish our tasks alone."

She compared each member to one of the units that help to make up a piece of mosaic, a small part of the beauty of this world of God's.

Miss Vivian Lower gave a violin solo after Mrs. White's talk. Bobby-bob-bob and a relay race were the games the members played.

stole the ticket from the kitchen maid. Lizzie is made to give it up. Jack and the kitchen maid divide the money evenly, and Hamilton marries the maid. Jack and Helene live happily ever after.

Vernon C. Sheldon of the Sheldon School of Speech is again coaching the play this year.

## Advertisements Play

Lottie Dignan has taken charge of the publicity for the play. Many posters have been made, and placed in the store windows. Lottie has put a short account of the play in the News-Sentinel, but larger accounts will be published in the near future. Publicity for the play was halted until Central's senior play had been presented. Now all members of the class will co-operate and make the senior play a big success. Seniors are wanted to sell tickets, and help with the publicity.

**Have Experience**  
Thyra Jurgensen has been in plays given by the St. Paul church. She also gives many readings before different clubs. Margaret Rose took an important part in "Nothing But the Truth." Bob Miles has been in the plays given by the music department, also in "Nothing But the Truth." The other members of the cast have been initiated to the ways of the stage, and they are expected to put the play over in the best way possible.

The seating capacity of the auditorium of the Harrison Hill school is from 680 to 720.

## SCHOLARSHIP IS OFFERED SOUTH SIDE BY DE PAUW

Is Given to One of the Ten Highest If Honor Student Does Not Apply

A scholarship has been awarded South Side by the Edward Rector Scholarship Foundation of DePauw university. In case the highest boy in the class does not apply, scholarships are sometimes given to the young men who rank not lower than the high ten per cent of their class.

There are at this time four hundred and seventy-five young men enrolled as Rector scholars. These scholars are good for four years and pay all tuition and fees which amount on the average to \$125 a year, and in addition, there is a loan fund from which the student may borrow, if it is necessary.

"This foundation has been highly successful, and is justifying the high expectations of Mr. Rector, the founder, and is bringing honor to many of the high schools. Its scholars stand high, not only in scholarship, but are taking prominent places as leaders in all activities on the campus," stated Henry B. Longden, a member of the committee on administration.

## HORN WINS WAY TO STATE FINAL DISCUSSION MEET

Defeats Five Opponents in District Contest at Kendallville and Receives Silver Loving Cup

TO COMPETE NEXT WEEK AT INDIANA UNIVERSITY

Twelve Others to Argue With Him There; Must Speak About Child Labor

Virgil Horn, a senior of this school, won the right to represent the Twelfth congressional district in the finals of the state discussion contest to be held at Indiana University April 24, by defeating other county winners in the district meet at Kendallville last Friday.

The chairman gave him a silver loving cup provided by Indiana University. All arguments were about the so-called child labor amendments, but both first and second places were given to speakers against the amendment.

Whitley County Second  
Second place was won by the contestant from Whitley county; third by DeKalb county; fourth, by Steuben county; fifth, by LaGrange county; and sixth by Noble county. D. S. Gerig, an English teacher at Goshen high school, J. W. Foreman, superintendent of Goshen schools, and C. A. Tevebaugh, of Indianapolis, state secretary of the Y. M. C. A., were the judges.

During spring vacation Horn defeated Leah Peters of Central, and Mary Huddleston, of New Haven, and in this way gained the right to represent Allen county in the contest at Kendallville last Friday. Twelve South Siders went along to hear him speak in the district meet.

Corbett Wins Other Contests  
South Side's speaker in the national oratorical contest, Power W. Karr, was eliminated by other county orators on April 3. Frances Corbett, a junior at Central Catholic high school, took first place and Eleanor Vail, of St. Augustine's Academy, took second. A girl from New Haven and a boy from Monroe took third and fourth. The News-Sentinel awarded \$50, \$25, \$15, and \$10 to the four highest in the order in which they ranked.

Then Corbett, as the champion orator of Allen county, spoke in the district contest and again took first place, this time receiving an award of \$100. Mildred Wineland, of Auburn, was judged second and was given \$50; Dean Ransburg, of Steuben county, received the third award of \$25, while Russell Stevens, of Kendallville, and Russell Schroeder, of Larwill, tied for fourth place and were both given \$10.

Judge Howard L. Townsend, former judge of the Indiana supreme court, presented the News-Sentinel checks to the winners.

Francis Corbett will speak next in the territorial contest.

## 170 SUBSCRIPTIONS NEEDED FOR GOAL

Ruth Egan's and Mildred McCune's Teams Lead In Totem Subscription Contest

CAMPAIGN TO CLOSE SOON

"One hundred and seventy Totem subscriptions are still needed," stated Mary Monroe, circulation manager of the Totem. The five teams are working hard to obtain subscriptions. Ruth Egan's team is in the lead, having taken in four subscriptions. Mildred McCune's team runs second. The other teams have obtained five Totem subscriptions.

The campaign will close one week from tomorrow, April 24. All subscriptions must be in by that date, since the number of annuals will have to be ordered. Anyone who wishes to subscribe for the Totem may give their subscription to one of the following people:

Team I.—Mildred McCune: (1) Elizabeth Schmidt; (2) Ruth Eickmeyer.

Team II.—Ruth Egan: (1) Jeanette Duryee; (2) Fred Pierce.

Team III.—Lottie Dignan: (1) Margaret Welsh; (2) Margery Burres.

Team IV.—Virginia Danuser: (1) Rich. Glem; (2) Marguerite Schwieler.

Team V.—Elizabeth Suter: (1) Margaret Pocock; (2) Elsie Crane.

GRACCHI CLUB HEARS TALK ON PALESTINE

Miss Minette Baum gave an interesting talk about her trip through Palestine to the members of the Gracchi club last Monday evening at their regular supper meeting. About thirty girls were present. Eleanor McKinnie from DePauw and Kathryn Willson and Helen Young from Michigan University, were guests.

The senior girls of the So-Si-Y and Friendship clubs have been invited to attend the Gracchi Admiration Dance, which is to be held at the Y. M. C. A. Jimmy Willson's orchestra will play for the dance.

Latin Play To Be Given  
"The Last Days of Pompeii" will be given in movie form by the pupils of the Latin III. class of the Brookville (Ind.) high school.

## TWELVE SCHOOLS ENTER BUSINESS PUPILS IN MEET

Contest To Be Held at Central; Winners Go to the State Contest at Muncie May First

MR. M. H. NORTHRUP IS NAMED MANAGER

Local Representatives Will Not Be Definitely Announced Until This Afternoon

"South Side representatives for the district commercial contest will not be definitely announced until this afternoon," stated Mr. Northrup. There are many ties for places on the teams, especially in the beginning classes in shorthand and typing.

In the advanced shorthand division, Dorothy Falls, Vesta Johnson, Frances Buckles and Virginia Wilkinson are still on the list. Queen Esther Hafert, Roland Smith and Mary Monroe are the probable three who will take part in the amateur typing event. Helen Goette has had the most consistent record for novice typing and has a sure berth on that team.

Other people still in the race for beginning typing are: Winifred Gunter, Martha Meyer, Mercedes Nossett and Gertrude Grimes, and in beginning shorthand, Winifred Beeth, Helen Goette, Elizabeth Schmidt, Florence Hanson, Gertrude Grimes and Mildred McCune.

In the bookkeeping and penmanship departments definite decisions have been made. Esther Shaw, Marguerite Schwieler and Margaret Mairland will represent the bookkeeping classes, while Eric Lasch, Georgiana Rodebaugh and Chrystal Jackson will do their best for the school in penmanship.

M. H. Northrup, of Central, is the manager of this contest, which will be held tomorrow. Angola, Auburn, Butler, Bluffton, Central, Columbia City, Decatur, Garrett, Kendallville, Ossian, Pierceton and South Side are the schools who have entered.

The teams who are highest in the district events will represent their respective districts in the state finals at Muncie, May 1st.

## JUNIOR HI-YERS TAKE TEST ON BIBLE STUDY

The Junior Hi-Y had its Bible study test last Wednesday night at its meeting at the Y. M. C. A. instead of the program and the regular Bible study. The test was over the ten lesson pamphlet on the life of Christ. It was given by the International committee of the Young Men's Christian Association and certificates will be given to all those making a grade above 70.

Present Same Play

The senior class play at the Wakeney (Kans.) high school was "Come Out of the Kitchen" and was a great success.

## REGULAR CREDIT GIVEN FOR WORK DURING SUMMER

Classes To Be Held in English, Mathematics, History, Latin and Perhaps Sciences For Ten Weeks

SOUTH SIDE TEACHERS WILL BE INSTRUCTORS

Fifteen Must Enroll to Make the Class Possible; Must Take State Exam Afterwards

Courses in English, mathematics, history, Latin and possibly the sciences will be offered to students in a summer session this year, provided that in any of these subjects at least fifteen persons apply for the same work. Credit will be given as for regular school work.

Classes will meet for a period of ten days in a week for one hour, six days in a week for two hours, and take the state high school examination after completing the course.

South Side Teachers  
Regular members of the South Side high school faculty will teach, although the work will not be under the direct supervision of the city school officials.

Persons who have failed will not be the only ones benefited by this summer school, but it is anticipated that the bulk of the students will be those who wish to shorten their time in high school.

If there are enough applicants for any subject other than those listed above, a class will be organized for them. Persons interested in a summer session should register with Miss McAfee at the office.

A small tuition fee will be charged for these ten weeks.

## TYPEWRITING REWARDS WON BY TWENTY-TWO

Deane McAfee Types Highest Number of Words Per Minute; Three Win Silver Pins

Twenty-two typewriting awards were given to persons of the commercial department during the month of March. Deane McAfee goes the honor of typing the most words, her record being 58 words per minute, for which she gets a L. C. Smith silver pin.

Margaret McClintic and Roland Smith were the second highest, with 45 words per minute. They receive an Underwood bronze pin and a Remington silver pin, respectively.

Eighty-one students made the mid-term honor roll when the grades were given out April 13.

The juniors head the list with 26 names. The sophomores follow closely with 23. The seniors are next with 18, while the freshmen are last with 13.

The honor roll had decreased a little, as these records show. The number of juniors honored in February exceeds those honored this time by 1. The sophomores surpass those in February by 3. The seniors have lost 12 since February, and the freshmen have lost 8.

The honor roll contains the names of 57 girls and 24 boys.

Marguerite Schwieler, Martha Sherman, Mary Sherman, and Helene Foellinger made 5 A's. Twenty-two made 4 A's, and fifty-four made 3 A's.

Out of the one thousand two hundred enrolled here about seven per cent made the honor roll.

The honor roll is a German postcard.

## WARD GILBERT WRITES ARTICLE FOR MAGAZINE

Ward O. Gilbert, director of boys' athletics, has written an article for the "Boy Citizen," a national magazine published in Fort Wayne, on the value of athletics in South Side and in any high school. His article will be illustrated by views of the South Side stadium and the gymnasium. In his article he compares the old athletic record of the Fort Wayne high schools with those made at the present time, to bring out the value of proper facilities for practice and games. The players' creed is also mentioned to show how athletics aid in making a boy better morally.

## LOCAL PUPILS TO REPRESENT 12TH DISTRICT

Five Students Will Take Test at Bloomington; School Has Entrance in Each Division

EMBARK FOR CENTER YESTERDAY MORNING

Funds for Transportation Received From Entertainment Given by Philos Last Week

Five South Side Latin students will represent the Twelfth congressional district in the finals contest at Bloomington this noon. Between sixty-five and seventy-five pupils, representing the other congressional districts, are entered. To reach the finals contest these students have won the local, county and then district meets.

The contestants, Helen Clapesattle, Pauline Baumgartner, Franklin Smith, Olive Prine and Esther Hanning, with Miss Work, left by bus for Bloomington at 10 o'clock yesterday morning. They reached Indiana University, where the contest is to be held, last evening about 6 o'clock.

South Side has representatives in all five divisions. Last year the school sent four students, the greatest number then possible. This year officials have divided the first division into two parts. The 1A division takes in those students who have finished their elementary Latin and are now in the 1B division.

The contestants will take the test at noon today and awards will be announced some time this evening.

A gold medal will be awarded the winners in each division. Students who take second and third places will receive silver and bronze awards respectively. Grading in this contest will be even closer than in the previous tests, and more work will be covered.

At 5:30 this evening an informal banquet is being held for the contestants.

The contestants will return late Saturday afternoon.

Helen Clapesattle's sister is planning to accompany the representatives.

The funds for transporting the representatives were obtained from the play "Men Not Wanted," given by the Philaethian Literary society.

Last year Vivian Scott and Emma Hixon were South Side's representatives. Helen then won third place in the Cicero division and received the bronze award.

Newspapers Studied

Newspapers are being studied by the American literature classes of the Wichita (Kans.) high school. The amount of space given for various subjects have been compared. Each pupil has been assigned a special topic and the material is found in the papers. Then the stories are collected and are made into a scrap book.

Present French Pageant

The students of the Highland Park (Mich.) high school are presenting a French pageant, "An Evening in France." The proceeds are to be turned over to the junior class fund.

## SENIOR CLASS TO PRESENT PLAY, "THE LOTTERY MAN"

To Be Given Friday and Saturday Nights, April 17 and 18, at the Large Auditorium in the New Harrison Hill School, Accommodating 680 People

TICKET RESERVATIONS MADE AT OFFICE; LEFT OVER TICKETS SOLD AT THE DOOR

Play, Which Is Full of Humorous Situations, Was First Published For Amateur Use in 1924; Screen Idols Have Starred In It On the Silver Sheet

"The Lottery Man" will be one of the best plays that was ever given by amateurs," stated Vernon C. Sheldon, who is coaching this play. It was first published for amateur use in 1924. Before this time both Wallace Reid and Thomas Meighan have starred in it in the silent drama.

"If any man can imagine more of a nightmare than knowing that he is engaged to 300,000 clamoring females at the same time, we must say that he has a strong imagination. Is there a girl living who would not take a chance at \$1.00 a ticket on a perfectly good looking young man and a fortune of \$300,000?"

Think of being the companion to a foolish woman who tried all of the anti-fat cures on you. As a result of this experience, you will laugh when you see Ethel Fishman as "Lizzie" in this play. Can modern methods for reducing bring happiness? Should mothers and their sons be chummy?

"These are some of the questions and situations that will engross your attentions in 'The Lottery Man,' the comedy by Rita Johnson Young. The play abounds in funny situations and clever characters. The characters are varied and there is a human side to everyone."

The cast of characters is as follows:

Mrs. Wright.....Thyra Jurgensen  
Jack Wright.....Robert Miles  
Foxy Peyton.....Ward Dildine  
Mrs. Peyton.....Margaret Rose  
Helene Hoyer.....Dorothy Cline  
Lizzie Roberts.....Ethel Fishman  
Hedwig Jensen.....Edna Tilbury  
Hamilton.....Ralph Welch  
Stevens.....Edwin Clapham

"The tickets are going very well, but there are several good seats left. We expect and hope to have a full house both nights," stated Edward Hulse, senior class president. Tickets can be bought from any member of the senior class or at the office. Reservations are now being made in the office.

"The Lottery Man" will be presented Friday and Saturday evenings at the Harrison Hill school. Tom Wolf-um has been appointed stage manager. Mary Monroe and Prelina Fletcher are the property managers. Mary will secure all the necessary furniture, and Prelina will get the costumes.

The auditorium of the Harrison Hill school has been decided upon because it is very suitable. It has seating capacity for 680 people. There are three sections and twelve rows of seats on the main floor. In the balcony there are 234 seats. Everything will be new since this is the first time the auditorium has been used. A new curtain has been ordered from the Foster-Rahe company and the scenery will be rented from the Strand theatre.

At the beginning of the meeting Mr. Rothert, Miss Work and Miss Woodward gave short talks. The play was then given by the following cast:

Mrs. Kellogg.....Lucille Grosvenor  
Grace Kellogg.....Elviah Miles  
Margaret Branson.....Dorothy Eymann  
Laura Simmons.....Elvah Fashbaugh  
Emma Summers.....Helen Masters  
Helen Stoddard.....Mildred Scott  
Frances Ayres.....Ruth Wemhoff  
Mary Castle.....Eleanore Colson  
Time—The present.  
Place—Mrs. Kellogg's Summer Cottage.

Large Class Graduates

Westport high school of Kansas City, Mo., will lose five hundred and six students this June by graduation. This will be the largest class to graduate from Westport.

To Present Comedy

A number of French students of the Bedford (Ind.) high school are preparing the play, "The Dumb Wife." This comedy will be presented in a few weeks.

Selections by the Hi-Y Glee club, the Girls' Quartette of South Side, and several students of the European School of Music made up part of the program. South Side was well represented at this meeting.

In his Easter message, the Rev. Mr. Richardson divided the Jesus way of living into five parts: Conviction, courage, reverence, honesty, and purity. Some time in your life you will be obliged to meet Him, so why not now?" he said.

## U. S. A. AND U. P. D. CLUBS TO HOLD JOINT MEETING

Discussion on Courtesy, Music, Stunts and Work on Scrap Books Make Up Yesterday's Program

"Double Windows," a joint meeting of the U. S. A. and U. P. D. clubs, will be held in the Y. W. C. A. club room, April 23.

Miss Kiefer led the discussion on "Courtesy" at the meeting held yesterday at 3:00 p. m. The rest of the program consisted on several selections of music, reports of the findings of the group conferences on "Courtesy" and stunts performed by the program and publicity committees.

At the close of the meeting scrap books were made by the members.

The title of this meeting was "Polished Windows."

## Some of Senior Thespians to be Seen in "The Lottery Man"

Margaret Rose

Ralph Welsh

Ethyl Fishman

Edwin Clapham

Edna Van Tilbury

The above people will appear in "The Lottery Man," the three-act comedy of Rita Johnson Young, which is to be given tonight and tomorrow night by the senior class at the Harrison Hill grade school auditorium.

Eddie Clapham will take the role of Stevens. Edna VanTilbury will ap-

pear as Hedwig Johnson, while the part of Lizzie Roberts, the companion of Mrs. Peyton, will be enacted by Ethyl Fishman.

Margaret Jane Rose will take the part of Mrs. Peyton, who with Helen Hoyer and Lizzie Roberts are forced to come into the home of Mrs. Wright because of an accident. She buys tick-

ets for the lottery in Helen Hoyer's name.

Howard Welch appears as Hamilton, the butler, and discloses that Lizzie Roberts, who held the lucky number, had stolen her ticket from the kitchen maid.

Vernon C. Sheldon, of the Sheldon School of Speech, has again been

placed in charge of coaching the play. Lottie Dignan has charge of the publicity for the play, while Tom Wolf-um has been appointed stage manager. Mary Monroe is responsible for the furniture, and Prelina Fletcher will look after the costumes.

Thyra Jurgensen, another member of the cast, is a talented reader and

has appeared in several church plays. Margaret Rose and Bob Miles have both had experience, the former in "Nothing But the Truth," which was given by the Girl Reserve and Hi-Y clubs last year, and the latter in plays given by the music department and also in "Nothing But the Truth."

# SIX JOURNALISTS HONORED BY C.I.P.A.

Have Articles Appearing In the  
April Edition of "The Scholastic Editor"

## TELL OF TIMES' METHODS

Six of the South Side high school journalism students have been honored by having articles which they have written appear in "The Scholastic Editor," which is a national monthly magazine, published by the C. I. P. A., and distributed to practically all high schools in the United States.

One section of the magazine is called "Helps, Hints and Hunches." Any student can contribute articles for this column if they are such that will be of help and interest to other students who publish school papers. For each article a certain number of points will be given according to the number of columns the head is given. In the summer, prizes will be awarded to the persons having the most points.

Helen Crawford, '25, had the largest article, a full page illustrated. The article is headed "Keeping Advertisers' Copy Timely." Reproductions of three of our forms appear on the page. Helen is a present the advertising manager.

Helen Fochlinger, '27, wrote an article entitled "Forty-three Tips for Feature Articles." This is a two column article and very interesting. Helen is exchange editor on the Times.

Ruth Mae Dawkins, '25, has an article headed "Eight Hundred Name. In the Paper." This story tells of the great number of names which appear in the paper.

William VanNess, '26, also has a one-column article, "Filing Papers and Copy," in which he explains the methods used in filing the weekly papers. A picture of the file in Room 20 appears with his article.

Another one-column article, "Collecting for Ads," was written by Blanche Hall, also '25. In this article the efficient method of collecting from our advertisers is explained.

The other one-column article, "In Case of Transfers," was written by Lottie Dignan. This article tells how to keep track of the transfer of pupils during the subscription campaign.

## City Builders

(Inasmuch that Fort Wayne has celebrated its centennial, the TIMES takes this occasion to inform its readers of some interesting facts concerning Fort Wayne's business and civic institutions that have helped to make the city what it is today. Ed. Note)

### Piggly Wiggly

The first Piggly Wiggly store in Fort Wayne opened June 23, 1922. It was not long before Mr. J. Saunders, the first manager of the local stores, opened other stores. Mr. A. R. French, who is the present manager, has opened several stores since he has been in Fort Wayne.

There are now seven stores in operation and another one will be opened in a few weeks, with additional locations under consideration as the present aim is to have eleven or twelve stores.

The cost of opening one Piggly Wiggly store is \$5,000. The cost of the equipment of a self-served, cash-and-carry grocery is more than the cost of an old-fashioned neighborhood store.

Mr. J. Saunders was the first local manager. The managers following him are Mr. W. Carter, Mr. E. Packard, Mr. J. Gold, and Mr. A. R. French. Miss Bernadette Oddou is the present bookkeeper and stenographer. Mr. French has held the position of local manager longer than any other man here. Mr. French emphatically declared: "I am simply carried away with Fort Wayne. It is a fine town to live in and I hope I'll be here for some time to come. South Side high school is one of the nicest schools I've ever seen. It certainly makes a good impression on visitors. Every time an out-of-town man visits me I take him to the South Side high school."

There are eighteen employees of the Piggly Wiggly in this city. That includes the entire force. Young men who are not over 22 or 23, and who have had a slight experience in grocery work, are especially desired for the work. They receive a rapid training when they become employed. One third of the help is required to care for the customers in the Piggly Wiggly store due to the fact that it is strictly run on a self-serve, cash-and-carry basis.

Three men can easily take care of 1,600 customers on Saturday making approximately \$1,200 worth of sales.

Altogether, there are 469 Piggly Wiggly stores in operation, scattered all over the United States, 54 meat markets, 14 warehouses, 17 subway depots, and 8 variety stores. The Piggly Wiggly corporation is represented in 54 cities. In the month of January the sales tabulated \$2,746,291.76, which is an increase of \$551,929.70 over the sales of January of last year. The capital of the Piggly Wiggly stores is \$8,442,813.79. It is recognized and known to have the highest volume of any stores in the United States. Any nationally advertised goods can be bought at the Piggly Wiggly stores.

The Piggly Wiggly style was originated by Clarence Saunders in 1916. Mr. Saunders, who was a resident of Tennessee, was the first president. Mr. J. C. Bradford was elected president in August, 1923, and is the present active president. J. C. Staples who took office at the same time Mr. Bradford did, is the vice-president and general manager. W. Tomlinson, who has been with the company since the beginning, is the treasurer.

### Tri-State Loan and Trust Company

The Tri-State Loan and Trust company was organized in June, 1912. The progress has been wonderful, bringing now an organization with a capital of \$16,666,777.86.

The officials are: Charles A. Wilding, president; W. E. Mossman, vice-president; E. C. Hoffman, vice-president; G. M. Leslie, vice-president; Byron H. Somers, vice-president; H. C. Paul, chairman board of directors; F. C. Heine, secretary; F. J. Mills, assistant secretary; F. A. Hiker, assistant secretary; W. J. Vesey, attorney; P. M. Certia, trust officer.

## To Write State Latin Test This Noon

Helen Clapesattle

Franklin Smith

Pauline Baumgartner

The five South Side students pictured are representing the twelfth district in the state Latin contest which is to be held this noon at Bloomington, Indiana.

Helen Clapesattle, who last year won third place in the Cicero division, will take the Virgil test today. Pauline Baumgartner will represent the Cicero division, while Franklin Smith is the local entrant in the Caesar division. Olive Prime and Esther Hanning will compete for honors in Divisions 1A and 1B respectively.

Both Miss Work and Miss Woodward have two pupils in the contest, while Mr. Rothert has one. Last year South Side had a representative in each division and is sending again this year five students, the greatest number possible. These pupils gained the privilege of representing the school by eliminating their fellow contenders in the local, county and district contests.

The winner in each division in the finals today will be awarded a gold medal. Those winning second and third places will receive silver and bronze awards respectively.

## STUDENTS ENJOY CAFETERIA FOOD

Ice Cream, "Someone" and  
Reasonable Prices of Food  
Attract Pupils.

"I like to eat in the cafeteria," states Miss Kiefer, "because it saves time and money and it is my only opportunity to visit with the other teachers."

Ruth Eickmeyer says, "Why, I like to eat up there because I have the seventh period for lunch and I get served individually in the kitchen." "Things always taste so good in the cafeteria," declares Clara Sherbondy. "Well, I can't resist the candy," announces Chester Wynken.

"I eat in the cafeteria because I have no other place to eat," says Miss Thorne.

Elizaeth Suter's reason is entirely different and she blushed as she said this: "Because I have the 5th off for lunch and so has someone else."

"The food satisfies," announces Miss Harvey.

Virginia Danuser says, "Oh! Everything looks so good."

"The ice cream gets me up there," declares Margaret Pocock.

Thelma Buirley goes a little further when she says, "Really, they have swell food up there."

"I like to eat up there because you can eat anything you want to, and get it cheaply," declares Mary Hale.

"There's a good variety up there," says Hazel Sloan.

## New York Life Insurance Company

The New York Life Insurance company was chartered in 1841 and began business on April 10, 1845, in New York City. Mr. Hugh McCollough, ex-secretary of the treasury of the United States, was the first Fort Wayne agent. William Cooper, deceased, was the local agent for thirty years prior to his death. General Lew Wallace was the first agent in Indianapolis and Schyler Colfax, a newspaper man, the agent in South Bend.

The branch office in Fort Wayne was opened in 1916 in the Strand theatre building. As soon as the Utility building was finished they moved there, where they have been located ever since. Mr. L. R. Wade is the agency cashier and Mr. A. E. Rose is the cashier for the local branch. The Fort Wayne branch has twenty employees. They prefer people who have had a high school education and they are willing to start high school graduates in the office or as salesmen.

"A good agent is a fine help to the community, as life insurance is the best builder in which a person can possibly invest. Life insurance teaches more people the true meaning of thrift," declared Mr. Wade.

The first officers of the company were: James DePeyster Ogden, president; Aaron M. Merchant, vice-president; and Lewis Benton, secretary.

The present officers are: Mr. Darwin P. Kingsley, president; Thomas A. Buchner, vice-president. There are 250 life insurance companies operating in the United States. Only 36 of the 250 are more than fifty years old. The New York Life Insurance company is over eighty years old. The New York Life's assets of \$1,000,000,000 is about one-eleventh of the total assets of all the 250 companies.

### Nationalism Studied

"The Development of Nationalism in European Countries" is the topic of the many outside reports in history that the students of the Bartlesville (Okla.) high school are required to give.

### High Grade Required

The students in the French class of the Bartlesville (Okla.) high school are required to make a hundred on daily recitations or stay after school.

## With The Classes

The following students have left school: Sterling Clark, Isabelle Nemeth, Evelyn Holmes, Catherine Buck, Russell Moring, Naomi Brenizer, Pauline Martens, and Howard Moore.

Ronald May has returned to school after being out since last December.

At a recent meeting of the Manual Arts club, an organization comprised of manual training teachers of the city public schools, which was held at the Chamber of Commerce last Thursday, each instructor gave an outline of the work and course which is followed in his school, thereby acquainting one another with the work in the different schools.

Boys in Mr. Arnold's 10A mechanical drawing class are starting to draw screw threads and the helix. They are also studying about the standard bolts and screws now used.

In a recent interview by a Times reporter, Mr. Chappell issued the following statements: "During the year I have had several boys come to me and ask me if they might come in the shops during certain periods or after school to make certain pieces of furniture. When I ask them why they aren't taking manual training, they say that they were ignorant of the fact that so many useful things can be made in the shops. For this reason I wish that more boys would become interested and sign up for manual training."

Ruth Mae Dawkins, a student in Mr. Voorhees' third hour chemistry class, has again played the role of the good Samaritan. Miss Dawkins took the lead in a play entitled "The Little Bottle Washer," and washed all the acid bottles in the laboratory while she was practicing there one evening. This is the second time she has taken a leading role in this play, and Mr. Voorhees is pleased with the great success she has made of it. Mr. Voorhees wishes to thank Miss Dawkins for practicing the play in his laboratory, and hopes that more students will be inclined to take part in similar plays which he hopes will be done in the near future.

The boys in Mr. Thomas' forging classes are almost through forging tongs. Next week the boys will start work on steel, which is much harder to work with than irons.

Finishing the forging of the square and hexagonal topped bolts is the work accomplished by the 10B's in Mr. Schellschmidt's forging class. They will soon be ready for welding. This process is always the most interesting of all forging work.

"Qualitative Analysis" is the subject for study in the 12A chemistry classes. The subject is very interesting, and the students are taking more interest in it each day. At the beginning of each laboratory period, Mr. Voorhees gives each student a set of unknown composition. He takes this and finds by analysis the substances it contains, and then compares his result with the record of the salt which is kept by Mr. Voorhees.

Miss Smeltz collected maps in United States history classes Monday.

Miss Kiefer's 9B and 9A classes have completed the study of "Kidnapped" and "Quentin Durward," respectively, and this week will begin the study of the "Odyssey" and "Marmion."

Tom Switzer translates German poetry into English poetry.

Mr. Mack's 12A English class have just finished a study of the book, "The Life of Samuel Johnson."

The rehearsals for the operetta have now started in earnest. Mr. Schafer announced Monday.

The band played for the dancing during the fifth period Friday.

Joe Gosney, '24, one of the leaders in the music department last year, was a visitor the early part of last week.

John Steinman withdrew from school to accept a position at the Wayne Tank and Pump company.

Mr. Schafer recently announced that the orchestra will play for "The Lottery Man," to be presented next Friday and Saturday at the Harrison Hill grade school auditorium.

The orchestra will play for the operetta.

Mrs. Ellingham, of the school board, and Miss Baldwin, director of the school pageant, visited the music department last week and heard the orchestra play. They were favorably impressed.

## Exchanges

Of our exchanges, the most prominent is undoubtedly the South Side Times, of South Side high school, Fort Wayne, winner of the national prize awarded by the C. I. P. A. last year, and of the state prize at the hands of the I. H. S. P. A. This sheet is a six-pager, issued weekly, is printed on regular new stock, and more nearly resembles a "real" paper than any other on the list—Columbus (Ind.) Triangle.

The South Side Times, Fort Wayne, is a paper to be proud of. It shows a hundred per cent school spirit. Your local color is exceptionally good. Brown and White, Greensburg, Pa.

The South Side Times, South Side High School, Fort Wayne, Indiana "Your paper is one of the best school newspapers we have received. You cartoons are good."—Criterion, Paterson, N. J.

The South Side Times of Fort Wayne, Indiana, for the third consecutive year has been adjudged the best all-American high school publication in the United States. This is an honor which carries with it great distinction for there are hundreds of high schools enrolled in the Central Inter-scholastic Press association of which the Excelsior is a member.

The Times is a seven-column eight-page weekly paper. The school colors are green and white, therefore it is printed in green ink on white paper. All heads and illustrations are evenly balanced, presenting a pleasing make-up. There is an abundance of illustrations and news covering the sports of the school. All other departments are made up equally as well.

All around it merits its selection as the leading high school paper in the United States—Excelsior, Excelsior Springs, Mo.

### French Club Organized

The first French club ever organized in the Hammond (Ind.) high school was recently formed. The meetings are to be conducted in French as far as possible. French conversation and French games will be discussed at every other meeting.

### Donated Money To School

The senior class of the Sandusky (Ohio) high school has decided to spend its surplus money, one hundred dollars, for a map, several hundred dollars for the band, and a small amount for the Radio club. Also a large sum will be donated for pictures.

### Sell Slide Rules

Keuffel Esser & Company are giving to the students of the high school a discount of twenty per cent on the list prices of slide rules. Those who wish to purchase slide rules please see Mr. Voorhees, Mr. Virts, Miss Paxton, or Mr. Hull.

## C. M. T. C. PROMISES A FINE VACATION

Camp Knox To Be Scene of Thirty Days of Military Training.

### By Ike

Boys, how about a good vacation? Uncle Sam invites you to spend thirty days in the great out-of-doors again this summer at Camp Knox or Fort Benjamin Harrison at the expense of the government.

At these camps a splendid opportunity will be offered young men for healthy recreation. Special attention will be paid to your physical development, so that you may become hardy men.

The camp's main purpose is:

(1) To bring together young men of high type, both native and foreign born, from all sections of the country, on a common basis of equality, and under the most favorable conditions of outdoor life.

(2) To stimulate and promote citizenship, patriotism and Americanism.

Ike Miller, who made sports editor of the Times, recently moved to Detroit. Miller, who is sports editor of the Detroit Free Press, has served in that capacity on the Times staff for about a year and a half.

Ike has been assistant sports editor of the Times this semester. Last year he headed the business staff.

## PIQUA, OHIO, GIVES NAME TO STREET

Thoroughfare of Fort Wayne Is Old Trail Connecting Two Settlements.

Piqua avenue branches off Calhoun street and extends in an irregular southeasterly direction until it connects with Lafayette street and continues beyond the city limits.

In the beginning, as early as 1740, the English realized that the French had entrenched themselves in the valleys of the Maumet and Wabash, with the site of Fort Wayne as their stronghold in this region. The English claimed this region by right of charter and the French claimed it by right of discovery and occupation. So began the period of annoying attacks, which developed into the French and Indian war.

Piqua or Pickawellany is located in Ohio and it was on this spot where the American colonists made their first settlement in the west.

It was to Piqua that Aleron came in 1749 to proclaim the sovereignty of France over the mid-west. It was Piqua that was attacked in 1752 by the French under Charles Langlade. The women and children of Fort Wayne were taken to Piqua when Fort Wayne was about to be assaulted by the savages in 1812.

Down to the year 1825 Piqua was the nearest settlement of whites, and the settlers of Fort Wayne and Piqua were held in a common condition of friendliness and brotherhood because of their situation in the unsettled wilderness.

Piqua avenue is the beginning of the old trail which connected the two settlements, according to a feature story in the Journal-Gazette.

## Society

Ruth McGuire and Kathryn Diggs entertained a number of their friends recently at the home of the former. Luncheon and dancing were the main features of the evening. Those who enjoyed this affair are Viola Havert, Dorothy Miller, Dorothy Wergman, Helen Fletcher, Mary Cooke, Leonard Christopher, Leslie Morrell, Paul Jasper, Jim Baker, Erwin Hockmeyer and Orrie Nobles.

Dorthea Johnson spent last week-end visiting friends and relatives in Indianapolis.

Mildred Kesterson entertained Dulcia Hewitt, of Plymouth, Ind., last week-end.

Elizabeth Little entertained last Sunday afternoon at her home on Cornell Circle for Lucile Rasmus, a bride-elect of next month. The table decorations were in keeping with the Easter season. The honored guest was presented with many beautiful gifts. The guests were Naomi Crummitt, Helen Minnich, Jeanette Glass, Kathryn Bell, Catherine Roe, Zoe Marahrens, Mary Falk and the honor guest.

Betty Zoll and Mary Falk motored to Peru Saturday to visit with friends and relatives.

## DISTRICT CINDER POUNDERS TO COMPETE IN STADIUM

Track Meet Awarded Fort Wayne by A. L. Trester, Executive Secretary I. H. S. A. A.

The district track meet will be held at the stadium Saturday, May 16. A. L. Trester, secretary of the Indiana High School Athletic association, announced centers for fifteen high school district track and field meets. A total of 140 teams are entered in the district events.

The district centers are: Evansville, Fort Wayne, Logansport, Plymouth, Salem, Scottsboro, Terre Haute, Vincennes, Connersville, Elkhart, Elwood, Gary, Indianapolis, Kentland, and Kokomo. The winning relay team and all men winning first and second places in each meet will battle for state honors in the state meet at Indianapolis May 23.

Jack Gilliom, '23, Louis Norris, '24, and Roland Mackwitz, '24, all returned Tuesday to Northwestern University after spending the week's spring vacation in this city.

Ruth Wagner, '23, first editor-in-chief of the South Side Times, has been given a \$200 scholarship to Indiana University by the Tri Kappa sorority. In a recent issue of the "Cross Keys," Tri Kappa publication, Miss Wagner was praised in the following way: "We are certainly very happy over the fact that a \$200 scholarship has been awarded to Ruth Wagner. She is certainly delighted and we feel sure she is worthy of the award. Of course, \$200 will only see her started in her teacher's course at I. U. But it is a big start and we feel sure that with a little more help from us in the way of local scholarship money, Ruth will be able to get along splendidly."

You don't need a large room for that extra bathroom every house ought to have. The end of a broad hall, an unused sewing room, or clothes closet, may be sufficient.

We can install a modern bathroom, complete, in a space five feet square. Consider the convenience of an extra bathroom for the use of guests—and for the family, too, to save time and encourage daily bathing without having to wait. At best there isn't much time in the morning—if more than one is to have a plunge or shower. Come in—or telephone. We'll be glad to send someone to show you where one of these efficient bathrooms can be installed.

## HI-Y CLUBS TAKE TO BIBLE TEST TONIGHT

Examination To Include Work Covered By Term; Schmalzried Leads Discussions

The members of the South Side and Central Hi-Y clubs will hold a joint meeting in the Y. M. C. A. banquet rooms tonight.

At this meeting all the members of the Hi-Y clubs will take a Bible study examination which is issued by the Y. M. C. A. At each Hi-Y meeting this semester part of the time was taken by a Bible study, which was always led by Mr. Schmalzried. The examination will be on the subjects studied in this course.

The Bible study course has been studied very thoroughly by the members of the South Side Hi-Y club, and Mr. Brunson urges that all members be present to take this state examination. A certificate will be issued by the National Religious committee of the Y. M. C. A. to all persons making a grade of 70 or above.

"What Is Meant by Leading a Church Life" was discussed at the Hi-Y meeting April 9. Mr. Schmalzried led the Bible study, "Is Jesus Really Our Leader?" An orchestra composed of Jim Willson, Bob Scheuman, John Simmers, and Roland Smith furnished some very good music for the meeting.

### Imitate Colonial Folk

Colonial gentlemen and gentlewomen of about the year 1750 have entered the history class at the Central high school of Minneapolis, Minn. Each student is trying to imagine himself a colonist and is keeping a diary of his daily adventures. In preparing for the work the students look up material enough to put themselves back all these years and know what problems came up before the people of that time.

### German Letters Received

Letters, German stamps, and photographs are among the various articles which the German classes of the Central high school of Minneapolis, Minn., have received from students in Germany, with whom they corresponded.

### Listen To Inaugural Address

The entire West Allis (Wis.) high school reported to their auditorium to listen to the inaugural address of President Coolidge via radio.

### Form Rifle Class

## BRAVE DANGERS TO SAVE WOMAN

Mungovan Brothers Drive Through Rain to Bring Pneumonia Victim to Hospital.

Readers of the Times were interested in an article which recently appeared in the Journal-Gazette, concerning the heroic deed of the two sons of Frank Mungovan, Frank, Jr., and Thomas. Mr. Mungovan has always been a supporter of South Side by advertising in the Times and Journal-Gazette.

The brothers proved that they were right on the job by driving at night an ambulance about fifty miles through rain and windstorms for the purpose of bringing to St. Joseph's hospital, the mother of six children, Mrs. Keener, who was desperately ill with double pneumonia.

Keener's live about twenty miles from Fort Wayne, in Springfield township, but the drivers were forced to detour, owing to the impossibility of some of the roads.

The mother was in a critical condition when she arrived in Fort Wayne, but reports from the hospital told of her convalescence.

Compensation in the form of money was not accepted by the heroic drivers, but nevertheless their deed will not be forgotten.

### Receive Letters

The Spanish IV class of the Hutchinson (Kans.) high school has been writing letters to the pupils of a Porto Rico school that study the American language. These letters are written in Spanish by the students at the Hutchinson high and in English by the pupils of Porto Rico.

### Make Doll House

The manual training class of the West high school, of Seattle, Wash., are working on a doll house for the Day Nursery of their city. The miniature house is to be three feet square and is to have three stories.

The "dual" track meet was held last day in preparation for the triangular track meet at Columbia City Saturday.

Thiele and Brubaker made their first appearance in track suits last day afternoon at the meet. Each won two first places.

Thiele was the big star of the afternoon, finishing first in three events and third in one event.

Ed Rahe's team won the meet in the final event after trailing all throughout the meet. The score was 51 to 48.

South Side will make a threatening appearance at the meet Saturday.

Let's make a good showing, fans!

The district track meet will be held in the stadium Saturday, May 16.

The Federals defeated the Green nine, 6 to 4, in a practice game last Saturday.

Brubaker made his first appearance on the mound.

The first scheduled game will be with Auburn.

## GREEN TO OPEN TRACK SEASON THIS SATURDAY

South Side, Columbia City, and Kendallville Will Participate in Track Meet, April 18

### WELLBORN HOLDS MEET TO DETERMINE ENTRIES

Miles, Brubaker and Thiele Make Good Showing; Sixteen Kelly Klads Are Chosen

South Side will take part in a triangular track meet at Columbia City Saturday, April 18, the opponents being Columbia City and Kendallville. Both Columbia City and Kendallville have very good teams, and a very close contest is expected. The former team is very strong in the shot-put and pole vault events, while the latter excels in the dashes and hurdles.

A week later, Saturday, April 25, South Side will also be entered in a triangular meet with Huntington and Central, at the South Side stadium.

A "dual" track meet was held at the stadium last Friday afternoon, the competing teams being halves of the Green track squad. The trials were held in preparation for the triangular meet to be staged at Columbia City, April 18, with Kendallville as the third entrant.

The final score in the meet was 51 to 48 in favor of the team captained by Ed Rahe, the winners trailing until the final event. The losing team was captained by Lombard.

Miles, Thiele, and Brubaker were the big stars of the afternoon. Miles went big in the distance, taking first in the one mile, half mile, and low hurdles. Brubaker and Thiele each took two firsts, the former winning the 100 and 220 yard dashes, and the latter grabbing the shot-put and broad jump events.

Coach Wellborn is very well satisfied with the showing made in the trials and announced that the following fifteen men will be entered in the triangular meet:

Lombard, Fleming, Lighthill, Brubaker, Miles, Clapham, Rahe, Chapman, Schulze, West, Dildine, Lake, Stanley, Thiele, Currie and Richendollar.

Officials of the meet were: Schmalzried, official scorer; Wellborn, official starter; Steger, Hanna and Rastetter, timers. Summary:

440-yard Dash—First, Lombard; second, Fleming; third, Lighthill Time—62 3-5 seconds.

100-yard Dash—First, Lighthill and Brubaker; second, Richendollar. Time—12 seconds.

220-yard Dash—First, Brubaker; second, Dildine; third, E. Rahe. Time—27 seconds.

One mile—First, Miles; second, Chapman; third, Lake. Time—5 minutes 30 seconds.

120-yard high hurdles—First, E. Rahe; second, Fleming; third, Currie. Time—21 seconds.

Half-mile—First, Miles; second, Lake; third, Chapman. Time—2 minutes 31 seconds.

220-yard low hurdles—First, Miles; second, E. Rahe; third, Fleming. Time—32 1-5 seconds.

Broad jump—First, Thiele; second, Richendollar; third, Miles. Distance—17 feet 10 inches.

Pole vault—First, Schulze; second, West; third, Staley. Distance—7 feet 10 inches.

High jump—First, Staley; second, Schulze; third, Currie. 5 feet 3 3/4 inches.

Shot-put—First, Thiele; second, E. Rahe; third, Martin. 40 feet.

## JUNIOR NET TOSSERS WIN CLASS CATALON

Defeat Freshmen, 22 to 15, In Deciding Game for Inter-Class Championship

By defeating the freshmen, 22 to 15, the juniors won the inter-class championship in basketball in a hard fought contest last week.

The juniors took the lead early in the game and were never headed. Due to the close guarding by Schmidt and Baker, the freshmen were able to score only once in the first half, which ended 14 to 2.

The under-classesmen came back on the hardwood strong in the second half and scored thirteen points while they held the juniors to eight points.

They looked very threatening at various times, Bell making about all long shots register.

Fleming was the big gun for the winners, scoring five times from the field and twice from the foul line. Dick Bell was the main cog in the freshmen machine, scoring ten out of their fifteen points. Captain Gerig, the freshmen flash, was unable to score. Welch played his usual fast game. Bennett, Feustel and VanNess also contributed to the freshmen score.

The line-up and summary:

Juniors	Pos.	Freshmen	Pos.
Fleming	F.	Bell	F.
Cline	F.	Feustel	F.
Welch	C.	Fay	C.
Baker	G.	Gerig	G.
Schmidt	G.	Bennett	G.

Field Goals—Fleming, 5; Cline, 1; Baker, 3; Bell, 4; VanNess, 1. Foul Goals—Fleming, 2; Cline, 1; Welch, 1; Bell, 2; Feustel, 2; Bennett, 1. Substitutions—Garwood for Cline, Cline for Welch, Lombard for Baker, VanNess for Gerig, Phipps for Feustel, McLucas for Bell. Referee—DuWan.

## BASKETBALL AWARDS PRESENTED AT FEED

About Fifty Attend; Sophomore Team Is Guest of Honor

Varsity and class basketball awards were presented to the girls at the novel banquet held last night in the cafeteria. The entertainment was given for the sophomores who won all three of the inter-class tournaments. About fifty girls who had been out for basketball, either class or varsity, attended.

The seniors under the direction of Maxine Schmieder, were in charge of the program. The juniors were responsible for the "eats," while the freshmen, with Marjorie Mossman in charge, decorated for the banquet.

The guests of honor were: G. Brubaker, D. Bauer, G. Guehard, M. Koster, V. Nobles and N. Merica, who are on the -first team, and E. Ballard, M. Canada, W. Englehart, C. Hixon, M. Shalley, K. Sellers, G. Rohrer, R. Augspurger, G. Bradley, R. Spore, M. Jones and G. Smith, who are also on the squad.

## TENNIS VARSITY TO MEET TIGERS

Will Compete for Silver Trophy; Central Has Possession of Cup Now

### SEVERAL VETERANS BACK

The Green and White tennis team will start practice this week for a series of matches with Central for the Rastetter trophy. This cup is the largest cup in competition between the two schools. Central won the cup last year, and will have to win it only once more to have it permanently.

However, the prospects are bright for a good team, and practice will start at Jerry Miller's court on West Creighton avenue this week. Lundy Wellborn is in charge of the team. The following men are out: Smith, Clapham, Willson, Summers, Simmers, Dammeyer, Dierstein, and Richards. Clapham, Dierstein, Willson and Simmers are the veteran players.

Central will have a strong team with Captain Schoaff, Buck Wolf, and J. Shoaff all left from last year's team. The first meet will be held April 25, at Miller's court.

## CENTRAL PLACES NINE ON DIAMOND THIS YEAR

Ten Games Already Scheduled; Team Meets Wolf Lake at Lincoln Life Field Today

For the first time in four years Central high school will be represented on the diamond. Many players have displayed a distinct interest in baseball, and Central is assured of a strong nine.

Coach Bills has already made a cut in the squad and the men who will compose the regulars are as follows: Kowalczyk, Baker, Steinhauer, Gersinger, Scott, Troyer, Jasper, Bayers, Steigler and Ridley.

There are only three players who have "cinched" their position. They are Kowalczyk at first base; Baker, pitcher, and Steinhauer, catcher.

Central already has ten games scheduled with such teams as Wolf Lake, whom they play today at Lincoln Life field, Howe, Bluffton (2), Auburn, Huntington (2), Decatur and South Side (2). A third game will be scheduled with the Green and White if each team wins a game. The three or four open dates will probably be filled by Sturgis, Muncie and Montpelier.

## GREEN TO OPPOSE UPSTATERS TODAY

Game Will Be Played at the Stadium; Brubaker and Staigt Are Probable Batteries

### MEET HUNTINGTON NEXT

South Side will oppose the fast Auburn baseball team in the first game of the season at the stadium this afternoon at 3:15 o'clock. Brubaker and Staigt will probably make up the battery for the locals. This game was not in the schedule which was published in last week's Times. The admission will be 25 cents.

Federals Defeat Kelly Klads  
The Kelly Klads were defeated by the Federals in a practice game last Saturday afternoon by a 7 to 4 score. Brubaker and Staigt made up the battery for South Side. Bolyard hit a home run in the seventh inning, while Thiele and DeHaven made two-base hits. Plasket was sent in for Brubaker and allowed only two hits.

## GREEN TO BATTLE BLUE ON DIAMOND

Girls' Indoor Nines to Clash Week After Next; Schedule Is Drawn Up

### SQUAD CHOSEN MONDAY

Central will meet our girls on the indoor baseball diamond about a week after next. Miss Schwehn, Central's coachess, conferred with Miss Hadsell on Tuesday and a schedule was drawn up. This is the first time in the history of girls' sports at South Side that the fair sport enthusiasts have clashed on the diamond.

The squad was cut last Monday. Miss Hadsell has been putting her charges through three stiff practices every week, so she is sure that the girls will be in good condition to meet and vanquish the wearers of the Blue.

## SPORT GUSH

Of course, "you-all" will see the combat with Huntington. Everyone ought to support the team even as in basketball.

And this season we meet our rival school, Central, twice on the diamond. This is the first time in the baseball history of South Side that we've bumped up against the blue. May it not be the last!

Our track-men haven't been prancing around the stadium for nothing. They journey to Columbia City tomorrow to enter a triangular meet.

And on the following Saturday, Huntington and Central will race our gang in another triangular (oh, these eternal triangles) affair.

A favorite indoor sport: dancing in the gym while the South Side band plays "Stars and Stripes Forever."

Last night was the big night for the Mildredites. Banquets don't grow on every tree, but the lassies were lucky enough, however, to pick out a tree that contained one.

You can tell spring is here and that our special shiek is in the room. What we're attempting to say is that the four class teams' banquet was last night.

Well, after that last burble we're going to sign off. We're going swimming. (Hope that Oncover won't say anything if we use his ending.)

## TIGERS OPEN SCHEDULE IN TOMORROW'S MEET

Auburn, Decatur, Portland and Central Entered in Contest; Blue Men Are Confident

With almost a veteran team, the Central Tigers will open their out-of-door track season Saturday at the stadium with Auburn, Decatur and Portland, in a meet which is expected to be hotly contested. Coach Mendenhall has drilled his cohorts daily at the stadium and is confident of winning.

The men who have shown marked ability in the events are as follows:

100-yard dash—Nobles, Kepler, Altshaw, Felger.

220-yard dash—Felger, Kepler, Nobles, Pierce.

440-yard dash—Smith, Felger.

Half mile—Smith, Lamont, Coleman, Loetz.

## Students Think School Activities Not Dull Since Net Season Closed

Glee Clubs, Public Speaking, Latin and Commercial Contests Cited as Important and Interesting Occurrences Since End of Basketball Season.

There rises a wail from some student, who is only aware of one side of the school's activities—athletics, that "everything seems dead around school" since the basketball season closed. "There just isn't anything doing! What do we have for amusement now? Baseball doesn't come for quite a while yet! What shall we do? Where shall we go?" comes the plaintive cry.

Ruth Mae Dawkins in a lengthy answer has solved the problem admirably. "The school, dull? I confess I don't find it so! Take the Glee clubs for instance. They are working diligently to stage the best operetta ever presented by the musical organizations of South Side. There is nothing dull about the musical organizations. Then take debating. Between the discussion contest and the oratorical contest there is plenty of action. If anyone thinks there is nothing to do, just let him wander down to Room 20 after school on Monday and Tuesday. Heaps of excitement there!"

Lucille Grosvenor doesn't believe that everything is dull at school now. "Indeed!" she says, "I like basketball and I think the net season is full of amusement, but the Totem work is very interesting now. It has increased since the tournament and so I have no time to think that there is nothing to do."

Thelma Bairley also agrees that she finds nothing dull in the school routine. "My position as art editor of the Totem keeps me occupied. By no means is school dull now."

Mr. Null stresses the Latin, commercial and public speaking contests in his comment. "A student should be 'educated' in every phase of school life. We will have no more basketball this year but we have commercial, Latin, and public speaking contests to take students' time. Surely there is no time on anyone's hands who will realize that contests are going on constantly!"

## Our Teachers

Mr. Harris we consider our boss, He is always kind and never cross.

Miss Pittenger is the girls' dean, A better-liked person you've never seen.

What, oh, what would our office be, If we didn't have Deane McAfee?

A fine teacher is Mr. Arnold, Everyone likes him, we are told.

Ethel Bert, our professor, Teaches Spanish by the hour.

Miss Brigham, a teacher with a smile, Helps to make our school worth while.

He who studies with Miss Burns His English, we are sure, he learns.

Who teaches Manual Training better than Chappel? Who teaches until he hears the ringing of the bell.

Mr. Davis in Room Eighteen, Is very patient and never mean.

A very good teacher is Miss Demaree, Who causes one to use his memory.

An English teacher is Miss Esarey, Who teaches better we can not say.

Miss Fiedler teaches in Room 28 And is a teacher of very good rate.

A better teacher we couldn't wish Than a Latin teacher called Miss Fish.

Mr. Gilbert, fond of sports, We never find him out of sorts.

Mr. Gordy, whose name is Glenn, Gives us our grades by the stroke of his pen.

Who is it that speaks to you in the hall? Why, that's Mr. Gould, who is quite tall.

Mr. Greeley is for Green and White, For at the games he's always in sight.

Who is more friendly to one and all Than Miss Hadsell, who teaches basketball?

Miss Harvey, advisor of the Times, Makes us compose all these little rhymes.

## D. CLINE HAS LEADING PART IN SENIOR PLAY

DOROTHY CLINE

Dorothy Cline, as Helene Heyer, plays an important part in "The Lottery man," the senior play to be given tonight and tomorrow night at the Harrison Hill grade school auditorium. She plays opposite Robert Miles, who enacts the role of Jack Wright.

Next week the operetta will start rehearsing after school for "Once in a Blue Moon," which will be given the middle of May. All the choruses are selected, and when the club starts practicing after school they will cut out the sixth period practice.

Members of the 10A physical geography classes started to make weather maps this week. Since the beginning of the term, they have been studying about the weather and observing changes in the temperature, humidity, velocity of the wind and things like that, but this is their first attempt at a weather map.

to Teams and Individuals

Highest honors in the district com-  
mercial contest were won by South  
Side. First place in four out of the  
six events and two seconds were  
awarded to South Siders. The com-  
plete list of first, second and third  
place honors are as follows:

Events	First	Second	Third
Beginning Short-hand	Helen Goette, S. S.	Elizabeth Schmidt, S. S.	Bonham, Central
Advanced Short-hand	Virginia Wilkin- son, S. S.	Akey, Decatur	Rex, Central
Beginning Typing	Mercedes Nosset, S. S.	Harvey, Kendallville	Schug, Decatur
Bookkeeping	Esther Shaw, S. S.	Margaret Mailed, S. S.	In amateur typing pupils from: Bluffton won first place and in pen- manship the Columbia City writers carried off the honors. Winifred Beeth, a South Sider, was rated fourth in beginning short-hand, Helen Goette fifth and Gertrude Grimes sixth in novice typing, and Margue- rite Schiewer eighth in bookkeeping.

Gets Wall Blanket  
South Side received a wall blanket  
for having the most points of any  
other schools entered. Blue ribbons  
were awarded to the first place win-  
ners and red ones to those winning  
second.

Mr. H. Northrup, head of the com-  
mercial department at Central, took  
charge of the contest, with E. H.  
Murch, of South Side, and Miss Opat,  
of Kendallville, members of the ad-  
visory committee, assisting. O. R.  
Rogers conducted the penmanship  
contest. G. W. Witte dictated the  
short-hand material and Walter Pring  
supervised the bookkeeping meet.

The state contest, which the four  
South Side teams will enter, is to be  
held at the Ball Teachers' College in  
Muncie on May 1. Sixteen districts  
will be represented. Prizes will be  
awarded here for both school and in-  
dividual honors.

## NEW MEXICO SCHOOL WRITES FOR ANNUAL

News of our super-annual has drifted  
away down to Albuquerque, New  
Mexico, and the exchange editor has  
written requesting to exchange an-  
nuals. Their editor writes: "We  
have heard that you have an unusu-  
ally good one." (One meaning an-  
nual).

Perhaps they believe in the adage,  
"The early bird always catches the  
worm," and that's why they are writ-  
ing in April for an annual that will  
be published in June.

## Visit Packing Plant

The agriculture class of the Central  
high school of Sioux City, Iowa, re-  
cently visited the Armour Packing  
company plant. They were shown  
through every department of the  
plant. The most impressive points of  
the tour were the cleanliness, effecien-  
cy, and amount of government inspec-  
tion evident everywhere.

## Four Youngest Members of Class Graduating in June Revealed

Virgil Horn, Fifteen, Helen Clapesattle, Sixteen, Ruth Mae Daw-  
kins, Sixteen, and Dorothy Graham, Sixteen, Are Honored In  
Being Called the Youngest Students in the 1925 Class.

It is very fine, indeed, to be valedictorian, or salutatorian, or  
editor of the Totem or Times, but to have the distinction of being  
one of the four youngest members of the present graduating  
class is quite another thing! The four above mentioned are:  
Virgil Horn, 15; Helen Clapesattle, 16; Ruth Mae Dawkins, 16,  
and Dorothy Graham, 16.

Virgil Horn, the youngest member,  
might well be taken for an under-  
classman because of his small stature,  
but just let our second Daniel Web-  
ster cut loose on an argument on the  
Child Labor amendment and you will  
soon discover an unusual degree of  
oratorical talent! Besides being such  
a splendid public speaker, Virgil is an  
excellent student. He won the school,  
county, and district discussion con-  
test and bids fair to make a good showing  
in the finals at Bloomington. With  
all his public speaking work, our  
young senior managed to gain the  
honor roll. Virgil will be sixteen next  
October 4. He has been rightly dubbed  
the "25" "Class Baby," because of his  
extreme youth.

Helen Clapesattle, 1925 salutatorian,  
is also one of the youngest seniors.  
Helen is a splendid all-round student,  
but she gained the limelight at South  
Side when she made such a fine show-  
ing in the state Latin contest a year  
ago. Helen made remarkable grades  
in all the contests this year but she  
failed to take any of the three place  
in the state contest. The Latin shark's  
seventeenth birthday will come next  
November 11.

## MR. MAKEY'S CLASSES WILL TURN NOVELISTS

Mr. Makey's classes are writing a  
novel. There will be eight chapters,  
one chapter a week, for the rest of  
the term. Each week the best chap-  
ter handed in will be printed in the  
Times. Then the students in the  
classes will get their ideas from the  
first chapter printed, to write their  
second chapter, and so on, until the  
novel is finished.

## SENIOR PLAY PROVES A GREAT SUCCESS

\$551 Taken in; Expenses \$250;  
Balance to Be Used as  
Pledge to Totem

"The Lottery Man," the 1925 sen-  
ior play, was a complete success.  
Financially and dramatically. The to-  
tal receipts amounted to \$551, while  
the expenses are approximately \$250.  
The money will be used to pay for  
the senior pledge to the Totem and a  
gift to the school.

As was promised, the play proved  
very entertaining, and everybody en-  
joyed it.

It is estimated that about 600 or  
700 people attended the production  
given April 17 and 18 at the new  
Harrison Hill school auditorium.

## INTER-CLUB COUNCIL TO BE FROM 5-7 TONIGHT AT Y.W.

Mother-Daughter Banquet, June Fete  
and Girl Reserve Conference  
to Be Discussed

At Inter-Club council, which will be  
from five to seven tonight at the Y.  
W. C. A., the Mother-Daughter ban-  
quet, the June Fete and this year's  
Girl Reserve conference will be dis-  
cussed.

Final dates have been set for all of  
these events. The banquet will be  
held on May 8, the June Fete on June  
4, and the conference, which is to be  
at Saugatuck, Michigan, from June  
26 to July 6.

"It is the duty of every member of  
the U. S. A. and So-Si-Y cabinets to  
be present at Inter-Club council,"  
states Ruth Eickmeyer, president.

## ALGEBRA CLASSES MAKE GRAPHS TO SHOW GRADES

The students of the morning and  
afternoon sections of 9A algebra in  
Room 28, have been making graphs  
showing the results of their individual  
class work for the week.

Besides his individual graph, each  
student has represented on his graph  
sheet both the standard graph and  
the class graph for each day, thus  
giving a representation of the week's  
work in a way that can be interpreted  
at a glance. Each student is there-  
by made to realize the effect of his  
score upon the class score and wheth-  
er or not he has helped in reaching  
this score.

These graphs are posted in the  
room so that each student is able to  
compare his work with that of his  
classmates.

Indian Princess Sings to Pupils  
Princess Wah-Nee-Chee, who is  
traveling in full Indian regalia, on a  
concert tour, sang several songs in  
the Indian language to the pupils of  
the Hyde Park high school of Chicago.  
The Indian name of the Princess  
translated into English is "White  
Flower."

## Make Paraffin Figures

Paraffin figures are being made by  
the English class of the Crawford-  
ville (Ind.) high school in order to  
represent a scene from "The Pied Pi-  
per of Hamelin," which they are study-  
ing now. They are making rats, chil-  
dren, and everything necessary for it.

## SOUTH SIDE WINS GOLD AND SILVER MEDAL IN FINALS

Franklin Smith Is First in Di-  
vision II; Pauline Baumgartner  
Second in Division III in  
State Latin Contest

## LOCALS RATE HIGHER THAN OTHER SCHOOLS

Papers Are Graded Closely to  
Decide Upon Winners; Sixty-  
Three Persons Take Exam

Highest honors in the state Latin  
contest, held last week at Indiana Uni-  
versity, went to South Side when she  
won a gold and a silver medal, Frank-  
lin Smith, of Division II, and Pauline  
Baumgartner, of Division III, getting  
the awards. Central of Evansville tal-  
liefed two seconds and Marion took a  
first and a third.

Franklin Smith won with a grade  
of 99.6 and Pauline Baumgartner  
made 99 having been defeated for first  
place by five-hundredths of a percent  
margin. Shades of a percent deter-  
mined the winners in many cases so  
keen was the competition.

Helen Clapesattle, of Division IV,  
Oline Prine representing Division IA,  
and Esther Hanning, writing in Di-  
vision IB, were the other South Siders  
in the finals. This school was the  
only one in the state to have a full  
representation.

## 63 Take Tests

Sixty-three persons of the thirteen  
districts of Indiana, who had been  
eliminated from an original 12,000,  
took the tests at Bloomington. Local  
county, and district contests were held  
to determine the state finalists.

The team, chaperoned by Miss  
Work, left Thursday morning and ar-  
rived at Bloomington that night. The  
test was given at 12:30 o'clock Fri-  
day and after the banquet held that  
night the fifteen winners were an-  
nounced. On Saturday morning the  
Classical club took all the contestants  
on a sight-seeing tour of Bloomington  
and the university. The party came  
home Saturday.

The schools participating in this  
year's contest numbered 475 as com-  
pared to 254 with about 1,000 entrants  
last year.

## MATH-SCIENTISTS TO SEE ELECTRICAL EXPERIMENTS

Maurice Felger To Speak to Club;  
Meeting Postponed Because  
of So-Si-Y Party

Maurice Felger will demonstrate  
and explain some static electrical ex-  
periments at the next meeting of the  
Math-Science club to be held Friday,  
May 1, in Room 96, at 7:30 o'clock.  
The meeting would regularly be held  
the last Friday in the month but it  
has been postponed to the first Fri-  
day in May because of the So-Si-Y  
party.

Games will be played after the pro-  
gram and refreshments served.

## GIRL OF WASHINGTON WRITES TO FRESHMEN

Gladys Knight, a freshman of the  
high school at Walla Walla, Wash.,  
to get practice in letter-writing wrote  
a letter to the freshman class of  
South Side. She writes that she heard  
of our high school by reading the  
"World News" about a week ago  
which contained an account of the  
Times' award at Columbia Univer-  
sity.

## Correction

"Our Teachers," a feature appear-  
ing in the Times last week, was writ-  
ten by Dorothy Tucker and Ruth Mc-  
Keeman and not by R. E. and E. S.,  
whose initials appeared below it.

## SOUTH SIDE DESIGNER SUBMITS BEST MODEL

Dixie Buchanan, a member of the  
sophomore class at South Side, won  
the first prize, a \$25 dress, in a cos-  
tume designing contest held by the C.  
H. Otto Meyer Company.

This contest was open to any girl  
over fifteen years of age in the state  
of Indiana who submitted original de-  
signs for ladies' costumes. Dixie won  
over several hundred other contestants  
when she submitted a loose leaf note  
book with several clever, original  
costumes.

There was also a second prize of a  
\$10 pattern dress and a third prize of  
a \$3.00 pair of Gordon shoes.

## Class Takes Field Trip

The agriculture class of the Tucson  
(Ariz.) high school made a field trip  
to study open and controlled grazing  
areas. The class reported many as-  
tonishing observations.

## Students Get Vacation

Students who were on the honor  
roll for the past six weeks were al-  
lowed a day of rest from the toil and  
daily procedure of Sullivan (Ind.)  
high school.

## Pupils Illustrate Poems

A novel method of making the pu-  
pils picture a story they are reading  
is being used in the English III. class  
of the Tucson (Ariz.) high school. The  
class, which is studying the "Three  
Narrative Poems," is drawing pic-  
tures two inches square, some col-  
ored, of the scenes in the "Ancient  
Mariner" which impress them most.  
The method is also being used by the  
English II. class in studying "Ivan-  
hoe."

## DENTAL DISPLAY IN BIOLOGY ROOM

Three 'tittle Toothums of Tintah  
Mastodon Are Presented to  
School.

A toothache can be a very painful  
thing, as Mr. Mastodon who inhabited  
a part of our fair state eons ago  
would tell you if he could only speak.  
Especially if one had a tooth, the  
mammoth size of his.

At present, three of these huge af-  
fairs are peacefully reposing in a nice  
glass case in the biology room. They  
were found, along with the rest of Mr.  
Elephant (yes, a mastodon is of the  
genus elephant) in 1870 on the Hess-  
man farm in the southern part of the  
state.

He was carefully dug up, more care-  
fully packed in boxes, and shipped to  
Earlham College. There he was wired  
together and set up in true form,  
minus the skin and such, of course.  
But, three of the huge molars were  
missing. They were still decorating  
the Hessman farm.

This year the teeth were given to  
Bruce Grosvenor and he, being gener-  
ous, presented them to the South  
Side science department.

## U. S. A'S TO ENTERTAIN BOYS AT PARTY DANCE

Program Arranged by Social  
Committee; Invitations Sent  
by Secretary

U. S. A. girls are entertaining boys  
at a party to be given at the Y. W.  
C. A. club rooms, Saturday evening  
from 7:30 to 10:30 p. m. Invitations  
have been sent by the secretary, Mar-  
celle Baals. The social committee has  
arranged the program, which will  
consist of games and dancing.

Refreshments will be served. The  
members of the social committee in  
charge of the party are: Alice Mil-  
ler, Marjorie Mossman, Dixie Buchan-  
an, Lucile Lindeman, Jeanette Blough,  
Margaret McCreary, Claire Staley,  
Helen Weir, Dorothy Underwood,  
Dorothy Wilkins, Dorothy Boswell,  
Mary White, Wanda Worman, Mar-  
cella Shalley, Hester Meek, Catherine  
Childers, Alice Collier, Geraldine  
Joker, Martha Rupley, Phyllis Toot-  
hill, Martha Sherman, Olive Prine,  
Katherine Blackwell, Avera Diffe-  
baugh, Rosanna Haven, Dorothy  
Oren, Helen McKinley, Hilda Homey-  
er, Ethel Raney, Donna Snyder, Dor-  
othy Horton, Grace Gaskill, Vivian  
Lower, Delma Anderson, Mildred  
Nikolai, Dorothy Jones, Esther Rob-  
inson and Kathryn Dancer, with Miss  
Mereness as advisor.

## DR. FRANK CRANE URGES BOYS TO GO TO C.M.T.C.

Says Only Fault With Camp Is That  
Not Enough Take Advantage  
of the Offer

"C. M. T. C. means Citizens' Mil-  
itary Training Camp. Get familiar  
with those letters," says Dr. Frank  
Crane in an article which he wrote  
for a Columbus, Ohio, newspaper. He  
says, further, that the only fault he  
can find is that instead of 20,000 boys  
20,000,000 should have attended the  
camps.

The schools do not necessarily  
make soldiers out of the boys but they  
teach them to behave themselves, how  
to get strong bodies, alert minds, and  
how to become good citizens.

Every boy in the United States be-  
tween the ages of 17 and 21 is eligi-  
ble to enjoy this camp life during the  
summer. The government takes care  
of all expenses, including the fare to  
and from the camp.

## Give Real Vacation

These schools give many boys the  
opportunity of getting a real vacation  
which they would otherwise have to  
do without.

South Side boys are urged to take  
advantage of this treat, and if inter-  
ested should see Earl Moss at the  
Moss-Roberts Auto company for fur-  
ther information and application  
blanks.

## Make Latin Cross-Word Puzzles

The Latin students of Bartlesville  
(Okla.) high school are required to  
make crossword puzzles in Latin. The  
teacher gives them the designs and  
they have to fill in the spaces.

## NUMEROUS EXCUSES GIVEN BY TARDIES

Some Are So Used to Being  
Tardy That It Becomes a Habit  
With Them.

"Alarm didn't ring."  
"Errands for mother."  
"Trouble with automobile."  
"Illness."  
"Papers are late."

In every issue of the Times some-  
thing has been said about persons be-  
ing tardy to school. Numerous ex-  
cuses are given for being late. Much  
blame is put on such things as:  
Balky autos, errands, housework, de-  
layed street cars, wrong clocks, un-  
timely alarms, and dressmakers.

With the girls the reasons for tar-  
diness range from stocking runners to  
having to take care of small sister  
and brothers. A great many other  
excuses are given that are not worth  
mentioning.

Some people are late to everything  
at every time, and have become so  
used to straggling in that they can-  
not be broken of the habit.

## V. HORN DEBATES IN STATE FINALS AT BLOOMINGTON

South Sider, Representing the  
Twelfth District, Will Take  
Part in Discussion Meet  
Tomorrow

## PRELIMINARY CONTEST WILL DECIDE SIX BEST

The Champion To Be Chosen at  
Night; Gold, Silver, Bronze  
Medals to Be Awarded

Virgil Horn engages in a wordy  
battle with the representatives of the  
other congressional districts of this  
state tomorrow at Indiana University,  
in the final elimination of the state  
discussion contest.

Horn and Herman O. Makey, who  
has been coaching him in this work,  
are leaving for Bloomington this  
noon.

The thirteen speakers entered will  
give their arguments tomorrow af-  
ternoon and the judges will choose the  
six that they consider best. In the  
evening these six will compete for the  
title of champion of the state discus-  
sion contest.

The representative from Wabash  
high school won the state contest last  
year. This year again, Wabash has a  
speaker in the contest at Blooming-  
ton.

Winner of first place will be award-  
ed a gold medal; second place, a silver  
medal; and third place, a bronze  
medal.

This week an attractive silver cup  
was received from Indiana University  
as an award for Virgil Horn winning  
the district contest. It will be the per-  
manent property of the school. On it,  
it has "Won by Virgil Horn for South  
Side High School."

## PHILAETHIANS CELEBRATE HOOSIER DAY AT MEETING

Geraldine Lower, Jeanette Stults, Lil-  
lian Rolf, Elizabeth Kline, Helen  
Rastetter, Beatrice Rieke Talk

"Hoosier Day" was the title of the  
Philaethian meeting in the cafeteria  
last Monday. Talks were given in  
keeping with this title. Geraldine  
Lower spoke on the history of Indiana,  
and the origin of "Hoosier." Jean-  
ette Stults, Lillian Rolf and Eliza-  
beth Kline talked about Indiana au-  
thors. Helen Rastetter spoke on In-  
diana scenery, and Beatrice Rieke on  
Indiana art.

The Gold team, captain Mary Po-  
cock, reported that \$8.30 was taken in  
at the candy sale. The White team,  
captain Lucille Grosvenor, reported  
\$5.15 taken in. Those who did not  
bring candy should bring 50 cents to  
Miss Demaree.

"On the Banks of the Wabash,"  
played by Dorothy Eymann and sung  
by the club, closed the meeting.

## COMPETITION GROWS HOT IN TIMES STORY CONTENT

Gertrude Schuelke, Ruth Mae Dawkins  
and Rose Joseph Highest of  
Twenty-two in Race

"The Times contest has brought  
about better work by the greater ma-  
jority of the journalism students,"  
Miss Harvey said recently in com-  
menting upon this contest which will  
last until school is out.

Miss Harvey, Bud Beck and Cornelia  
Bade go over the paper each week  
and unknown to each other they  
grade the articles. After this is done  
they pool their grades, compare them,  
and then mark the three best articles.  
The best article receives three points,  
second best two points, and third one  
point.

A slip is kept on the bulletin board  
in Room 20 and each week the points  
of the winners are marked down. In  
June the person having the most num-  
ber of points will receive \$12.50, the  
second highest \$7.50, and the third  
\$5.00.

In the last two weeks Gertrude  
Schuelke has forged ahead of Ruth  
Mae Dawkins, who for several weeks  
has held a comfortable lead. Gertrude  
has 13 1/2 points, Ruth Mae Dawkins  
11, and Rose Joseph comes third with  
7 points.

At the present time twenty-two  
people have won points in the contest.

## Given National Mention

D. Appleton & Co., publishers, New  
York, have issued a statement that the  
South Side high school, which won  
first place at the recent Columbia  
Press convention, and the South Side  
high school, Cleveland, and Englewood  
high school, Chicago, which won sec-  
ond and third prizes, all use their text,  
"A Course in Journalistic Writing,"  
by Hyde. These statements are sent  
out to English teachers over prac-  
tically all the United States.

## NOTICE!

More men are needed for the  
baseball team. There are still sev-  
eral positions open and Coach Gil-  
bert will supply any candidates  
with suits. It is the prevailing idea  
that it is too late to come out, but  
players can still try out.

## IVA RILEY WILL MAKE POSTER FOR LIBRARIAN

Iva Riley is making a poster for  
Miss Metts, the Allen County Libra-  
rian. Miss Metts saw the poster in  
the children's department of the Main  
Library and wanted one like it for a  
book she is making for the library.

Iva first made the poster, which is  
"Select Good Books to Read," in art  
class last term and it was put up in  
our library for several days. Then  
Miss Shultz took it down to the Main  
Library.

## LARGE ATTENDANCE DAILY IN LIBRARY

About 10,780 Students Taken  
Care Of; Third Semester and  
Eighth Periods Busy

The total attendance in the library  
for the month of March was 10,780.  
Miss Shultz said that they took care  
of about 490 students a day.

The library seats 80 people and  
these seats are all filled during the  
third, seventh and eighth periods daily.  
The eighth period fluctuates, some  
days not having as many seats filled  
as on other days. But taken all in  
all, Miss Shultz and Mrs. Thompson  
are kept rather busy tending to the  
wants of the many students.

The books circulated outside of  
school for the month of March totaled  
3,808. The number of books circu-  
lated in March last year was 2,850.

The number of books on the shelf  
last year in March was 2,216, and the  
number of books on the shelf last  
March was 2,787. The greatest de-  
mand for books is from the English  
and history departments. Next in de-  
mand is art.

## SO-SI-Y PARTY-DANCE TO BE STAGED FRIDAY

Jim Willson's Orchestra Will  
Play for Dancing; Games Will  
Feature Part of Program

Final plans are now being made  
for the So-Si-Y party-dance, which  
will be held at 7:30 tomorrow eve-  
ning in the Y. W. club rooms.

The social committee will have  
complete charge of all the entertain-  
ment. Jim Willson's orchestra will  
play for the dancing and games will  
be played in the library for those who  
do not dance.

The chaperones for this affair will  
be the club advisors, Miss Thorne,  
Miss Burns, Miss Schultz, Miss  
Woodward and Miss Symons, of the  
Y. W. C. A.

Thelma Gasser and Elizabeth  
Schmidt have charge of selling the  
tickets, which are 50 cents per couple.

## FORTY-THREE SUBSCRIBE DURING TOTEM CAMPAIGN

Ruth Egan's Team Is Ahead With  
Twenty-six Subscriptions; Jeanette  
Duryee Has Highest Score

Forty-three Totem subscriptions  
have been taken in by the five teams  
since the opening of the final cam-  
paign. Ruth Egan's group is still in  
the lead, having persuaded twenty-six  
people to subscribe. Lottie Dignan's  
team takes second place with eight  
subscriptions.

The highest individual score is held  
by Jeanette Duryee. She has obtained  
sixteen subscriptions.

The campaign will close next Fri-  
day, because the annuals must be or-  
dered soon. Miss Harvey will take any  
subscriptions handed to her this week.

## HI-Y FACULTY BANQUET POSTPONED UNTIL APR. 30

The Hi-Y Faculty banquet has been  
postponed until Thursday, April 30.  
There will be no Hi-Y meeting this  
week, so that more time may be spent  
on the banquet to the teachers. This  
meeting will be one of the largest of  
the Hi-Y clubs, and much interest has  
been stirred up for this social event.  
The banquet will be held in the South  
Side cafeteria.

At the meeting of the Hi-Y club  
April 16th, a Bible study examina-  
tion was taken by the members. The  
examination was issued by the Na-  
tional Religious Committee of the Y.  
M. C. A. Those who pass the test  
will be awarded a certificate by the  
National Committee.

## Nursing Course Offered

A course, including more academic  
work than customary, is offered to  
senior girls by the School of Nursing  
at the University of Missouri, next  
fall. This course enables the girls not  
only to complete the nursing course  
in three years but also to acquire two  
years of college credit towards a  
bachelor's degree.

## To Visit Plant

The physics class of the senior high  
school, Holton, Kansas, is going to  
visit the electric light plant, since the  
class is just finishing the study of  
electricity.

## Class Makes Emblem

One of the woodworking classes of  
the Kansas City (Kan.) high school is  
making the emblem of the National  
Honor society for the National Hono-  
r society assembly to be held in May.

## Paper Gets Radiogram

A compliment by radio was received  
by the staff of the "Roosevelt News"  
of the Roosevelt high school, Seattle  
Wash., from Greenville, Texas. The  
radiogram praised the school paper.

ROWENA HARVEY.....FACULTY ADVISOR

The big noise of the time is "Play Ball!"

Anyone who waits for something to show up has a life-time job.

Every man is a volume if you know how to read him.—Channing.

Even though we now have warm weather, we had better not start going barefoot—at least, not at school.

What a great and glorious thing it would be if some enterprising man would corner the trouble market.

Many people need more grit and not on the outside either.

"Opportunity knocks but once"—especially on wood. Take it or leave it.

It has been said that the reason most people are happy is because ignorance is bliss, but we don't think that's altogether true. Do you?

South Side had a big week, last week:

Winner of two baseball games;  
Winner of triangular track meet;  
High school in state Latin contest;  
Winner in district commercial contest;  
Recipient of cup for district discussion victory.

First prize in costume designing contest won by art students.

And all victories came as the result of honest effort and conscientious work.

This week—

May Horn win the state discussion contest;  
May the track team continue its victories;  
May the baseball team keep up its stride;  
And may the earnest, sincere work characteristic of South Side in all lines of endeavor continue forever.

Two men stood in the corridor of a hotel in Cleveland one cold, wintry night. One of them, wanting an evening newspaper, caught his coat collar around his neck, walked out into the biting wind and bought a paper from a shivering newsboy in the street. When he hustled back into the warm hotel his companion asked:

"Why did you run out into the cold like that? There's a news-stand in the hotel."

"Oh," smiled the big man, "that poor, cold little chap outside needs the money more than the fellow inside."

The big man was President William McKinley. Doesn't true greatness often show itself in little things like this? Think it over.

"Are you going out for this?"

"I can't."

"Will you do this?"

"No, I can't."

Words like these we hear everywhere. People always think that there is something or someone in the way—that they simply can't do certain things. Probably there is some obstacle but why not surmount it? It can be done.

We learned last week that the boy who took third place in the district discussion contest at Kendallville was almost blind. Think of it! Almost blind! And he entered the discussion contest and read as best he could all the congressional records and pamphlets and papers that it was necessary for him to read in order to be in the contest. And besides that, one of the instructors at Auburn said that this boy was a very good student.

If he, almost blind, could surmount this great obstacle, surely students of this school ought to be able to surmount theirs, either real or imaginary.

## Open Letters

To the Editor:

Not long ago I offered my seat to an elderly lady who was standing near me in a street car. She would not accept the seat. Was it correct for me to remain standing?

—L. C.

Yes, L. C., it was correct for you to remain standing. At the same time it was incorrect for the lady to remain standing after a seat had been made vacant for her. If a seat is offered to a woman, a girl, or an elderly man who is standing it should be accepted at once with "Thank you." Do not refuse or explain that you don't mind standing.

### OUR DIKE

We've built all around our school a wall made up of good-sportsmanship, honor, loyalty, scholarship and clean principles. Should any part of our wall give way the opposing forces of laziness, crabbiness, yellowness and cheating would soon overcome us. We have all heard the story of the little Holland boy who saved his country by stopping up the small hole in the dike. We, likewise, must watch our dike and, while constantly building it thicker with our support, watch out for weak places in its walls.—Hutchinson Buzz.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel will consist of eight chapters. Members of Mr. Makey's classes will write a new chapter each week and the best one will be published. Chapter I. is by Lucille Lapp.

### CHAPTER I

The brakes of the train screamed, and the long line of cars came to an abrupt stop in the big station. Inside the coach everything was quiet. But outside, all was confusion. Red Caps shouted, friends greeted each other, autos drove up or passengers and men passed on.

The hum of traffic came to Bob's ears as he peered out of the window. The rain beat unceasingly on the pane. Bob wondered vaguely if it would ever stop. He looked disinterestedly at the glare of the lights on the wet pavement.

His belongings were gathered together, and he left the train. Along with the rest of the crowd, he was pushed into the big station. He put down his grips to consider a course of action. Alone in a big city—not a friend in the world—and \$200 between himself and starvation! His predicament did not lend humor to the situation.

He glanced about. To a passerby, Bob looked just a little better than the hundreds that throng to a big city hourly. He was a medium height, had dark hair and eyes. He was plainly, but very well dressed. Perhaps the biggest difference was the fact that he had, besides the usual baggage, a violin case.

He selected a boarding house from the list of "Rooms for Rent" in the crumpled paper he held; and, after long deliberation as to whether he should walk or ride, boarded a taxi and gave the driver the address. After the usual proceedings had been taken care of at the boarding house, he viewed his surroundings with a shudder.

"The rest of my life in this?" he asked the walls, as he slowly sank upon the bed. "Heavens—no."

The second hand of his watch had moved around several times before he had the moral strength to brace up. "I suppose I'd better sleep," he sighed. "I'll be better fit to look for a job then."

The dim cold light of a full morning came in through the dingy window of Bob's room. He awakened. After he lay there in deep thought for several minutes, he rose and dressed.

"I can't resist the temptation!" he cried.

He turned to where his violin lay on the table. Almost tenderly he lifted the old instrument from its case and placed the rest under his chin. He drew the bow across the strings again and again with the stroke of a genius. He drifted from the plaintive strains of Indian Lament and Souvenir to Ave Maria and Rhapsody.

He played on for several minutes, uninterrupted, then stopped suddenly. His bow poised in mid air. Was some one really in the room, or was it just his imagination? He turned quickly, just in time to see the bare feet of a small boy rush around the corner. Bob hurried after him, and begged him to come back.

"What's your name, sonny?" he asked kindly.

"Jack."

"Jack what?"

"Nothin' else. Ain't got no other name. Just Jack."

"What do you do?"

"Oh, I'm a newsboy."

Jack paused, and glanced at the boy's tattered clothes. The boy was embarrassed.

"I hope you didn't mind my peekin', mister?" he asked slowly.

"I heard yer music from the street, and wanted to see who was makin' it."

"That's all right, Jack," answered Bob. "I'm glad you liked it. I'm Bob Allen. I just arrived in the city last night, and so I don't know a thing about it. I can do only one thing about it. I can do a violin!" and he said it almost reverently. "Perhaps you can tell me where to get a job?"

"Sure thing, Wait—I'll get you a mornin' paper!"

The door slammed, and the small street urchin had gone. Bob walked to the window, and pensively gazed out—out over the dusty, dirty, and streets of the city, and the roaring, surging mass of confusion. His eye rested on a tiny figure, hurrying in and out among the big trucks. It was Jack, running through the midst of the downtown traffic to secure a "mornin' paper" from his stand.

"You're a loafer, Bob," he said to himself bitterly. "I do believe Jack can take better care of himself here than you!"

Jack was soon back with his paper.

"If I was you, I'd go to them little out-of-the-way shows first," suggested the small lad. "You order get a job as a fiddler in a jazz band somewhere."

Something inside of Bob seemed to grate against something else, but he took the paper and, with final instructions from Jack, left the boarding house.

Stanton, on a grim, fall morning, with its rushing clanging mass of humans, presents anything but a desirable appearance. Bob, with his violin case, was pushed and pulled around with the crowd. After a great deal of questioning, he boarded a surface car and rode to a small suburb. It was here that the tiny newsboy had directed him.

He did not like the looks of it at all, but he could hardly do anything about it. At a corner he got off and stood for a while, examining his surroundings, while the big car rumbled on.

Along the entire street were dingy houses. A little way down he noticed a large, gaudy bill board. It was toward this that he directed his steps. The bill board advertised a show, a cheap film. He turned into the corner, and, with a trembling hand, grasped the door knob.

He looked into a room full of noisy, coarse people. Young men and women were dancing and some were playing cards, evidently waiting for the morning practice to begin.

"Ho! See the greenie!" bawled out one. "With a fiddle, too!" He laughed a long, coarse laugh. The others turned to see who had entered. "Want to join our jazz band?"

"A—have you a—er—position open for me?" queried Bob.

"Sure thing! Practice starts in ten minutes. Tune yer fiddle there," and he pointed from behind the scenes into the pit, where an old rickety piano stood covered with dust.

Bob's heart leaped. He was getting a job quicker than he had expected. He took off his coat, placed it on a small chair, and carried his violin to the piano. His face was harsh. To think of all these young people—living such a worthless life, when they might be doing something really worth while—something big and fine in the world.

Most tenderly he struck A on the piano and began tuning his instrument. His mind wandered back—but a few days, when he had stood by another baby grand piano, and in the same way, tuned his violin. It is true that the circumstances were entirely different. Instead of being in the midst of a noisy crowd, then there were only a very few of his own family. Instead of the dense, sickening cigarette smoke, there was the pale gauzy film of smoke from a tiny incense burner. Here a gaudy curtain hung before his eyes—at home—only the rim shadows cast by a rosy lamp upon an old tapestry!

He started. The crowd was coming into the orchestra pit. The director barely acknowledged his presence, and told him to sit down. He went along with the violins and sat beside a young chap who looked as if he had just stepped off a bill board.

"What do yer play?" he drawled at Bob.

"Why—I am accustomed to playing first; but, if I have to play a second violin, I can."

"Oh! come on down off'n yer perch!" the boy, for he was hardly more than that, said rudely. "Here we are."

The leader wrapped for silence.

"Allen!" he almost screamed at Bob. "What in thunder are you doing with the first violins?"

"I haven't been told where to go, sir," answered Bob. "I can play first, though," he said. "Try me!"

The leader, a short, fat man, with legs that were too short for his body and a pair of arms that were too long, squinted his beady eyes through a pair of heavy shell-rimmed glasses at Bob.

"Don't you know a player works up to that?" His patience resembled his legs more than his arms. "Don't you really realize that no one ever says he will take the first position? Get with the seconds!"

And so Bob, very much disheartened, carried his violin to where all the seconds were playing. He sat there and played automatically. There was no life in his music or appearance.

In a few minutes the time came for the seconds to carry the lead. Although the snare drums and saxophones were not in time, and the screeching of his neighbors' violins was terrible, Bob braced up and played his best on the lead.

The leader stopped the player in the middle of the piece.

"You do play well, Allen," he said, in a kinder tone than he usually spoke in. "By what right did you wish to play first fiddle?"

Bob held his instrument and bow in one hand. He rose to his feet; his face was flushed.

"Just this right," he said quietly. He reached in his pocket and thrust a small gold medal toward the man.

The leader's eyes opened. He backed a few steps.

"A—a—Steinhart?" he gasped. "Good Land!"

# GREEN TRACKMEN WILL TAKE PART IN TRIPLE MEET

Peru, Wabash, and South Side  
to Have Triangular Contest  
at Peru, Saturday,  
April 25

## WABASH SENDS STRONG AGGREGATION TO PERU

Huntington, Central, and South  
Side Track Meet Postponed  
Until Saturday, May 2

The South Side thinsies will journey to Peru Saturday, April 25, where they will take part in a triangular track meet. The opposing teams are Peru and Wabash. Both of these schools have strong teams and an exciting meet is expected.

Coach Welborn is well pleased with the showing that his men made at Columbia City last Saturday, and he is working them hard in order that they may make even a better showing at Peru.

The triangular track meet which was to be held at the stadium this Saturday will be postponed until Saturday, May 2, it was announced last Tuesday. Central and Huntington will be the opponents in this meet.

# SOUTH SIDE THINLIES CAPTURE TRACK MEET

Five First Places Won by Brubaker, Lighthill, Rahe, and Currie at Columbia City

South Side's thinsies won the triangular track meet at Columbia City last Saturday afternoon, running up a total of 46½ points. Columbia City finished second with 42½ points while Kendallville trailed with 10½. Columbia City gave the Green team a hard battle to the end.

South Side and Columbia City each won five first places, but several second and third places gave South Side the victory by a narrow margin. Welborn's men took first place in the 100 and 220-yard dashes, pole vault, high hurdles and low hurdles.

Captain Ed Rahe starred in the hurdle events, running the rugged track in good time. Brubaker finished first in the 100-yard dash and Lighthill won the 220-yard dash. Currie furnished the big surprise of the afternoon when he cleared the bar at 10 feet in the pole vault event. Allen, of Columbia City, won the mile and half mile, while Clapham finished second.

Summaries:  
High jump—Cummins, C. C.; Guebert, S. S.; Schultz, S. S., and Henry, K., tied for third. Height, 5 feet 2½ inches.

100-yard dash—Brubaker, S. S.; Lighthill, S. S.; Prentice, K. Time—10½ seconds.  
220-yard dash—Brubaker, S. S.; Lighthill, S. S.; Prentice, K. Time—4:58.  
Shot-put—G. Deutsch, C. C.; Prentice, K.; V. Deutsch, C. C. Distance—44 feet.

440-yard dash—Henry, K.; Clugston, C.; Lombard, S. S. Time—58.  
220-yard hurdles—Rahe, S. S.; Boyd, C. C.; Fleming, K.  
Pole vault—Currie, S. S.; Deutsch, C. C.; V. Deutsch, C. C. Height—10 feet.

High hurdles—Rahe, S. S., and Lighthill, S. S., tied; Clugston, C. C. Time—18 4-5.

# BREAK ICE WITH WIN; GREEN DOWNS CORUNNA

First Baseball Game in Stadium  
Annexed When Kelly Klads  
Swing Heavy Bats

South Side opened up its baseball season with a one-sided victory over Corunna high school last Wednesday afternoon at the stadium grounds.

There was no admission charged, in order that the whole school could get a chance to size up South Side and to give them their opinion of how they compared to last year's team.

South Side, behind the strong pitching of Plasket, Bernhard and Dissinger, batted out an 18 to 1 victory over the small town boys.

There were few thrills in the game with Mooney, South Side left fielder, getting a couple of good bingles in as many times up.

The whole South Side team played like veterans, with young George Nulf at shortstop making several nice stops and catches.

Coach Gilbert made many substitutions and tried out three different pitchers, with all showing the makings of good ball players. He was well satisfied with the team but did think that the batting was not up to standard.

# HADSELL'S TEAM TO PLAY CENTRAL GIRLS ON MAY 6

Game To Be Played on Central's Diamond; Second Game To Be Played May 13

Central and South Side girls will clash bats for the first time this season on May 6 on Central's field. On May 13 the Blue ones will journey to our gymnasium; on May 20 a game will be played at Central and the last game of the series will be played on May 27 at South Side. If each school wins two games the tie will be played off on neutral ground.

The girls have been practicing regularly on Mondays, Wednesdays, and Fridays, and Miss Hadsell is confident that the baseball scalp of the Schweinites will be added to the string of basketball victories. The squad has been announced and every girl must attend practices regularly to retain her place. The members of the squad are as follows: E. Augspurger, W. Englehart, V. Fell, L. Foster, D. Graham, M. Koster, W. Kronmiller, A. Mason, N. Merica, D. Miller, M. Mossman, J. Rank, R. Stroebel, L. Wortenberg, E. Wilson, A. Ward, and L. White.

# WARDMEN DOWN AUBURN ON FRIDAY

Brubaker Pitches Entire Game; DeHaven Plays Role of "Babe" Ruth

FINAL SCORE IS 16 TO 3

South Side had little trouble in downing Auburn in baseball last Friday, beating them 16 to 3.

The Green and White team put the game on ice early, scoring twelve runs in the first three innings. "Tinah" DeHaven played the part of "Babe" Ruth in the third inning, when he lifted the horse-hide over the left field wall for a circuit clout with the bases loaded.

Brubaker Pitches  
Charlie Brubaker pitched the entire game and scimped Auburn with one hit till the seventh inning, when Crutcher was the first to score for Auburn with a home-run inside the field.

Wiseman, Auburn's hurler, started the game but was soon taken out, since the Green-clads were 'hitting him with ease. Currie, of South Side, and Funk, of Auburn, each banged out a triple.

# CENTRAL TIGERS WIN OPENING BALL GAME

Wolf Lake Downed By Score of 11 to 0; Baker Pitches Superb Ball

The Central Tigers won their opening baseball game of the season from Wolf Lake by the score of 11 to 0. Baker pitched superb ball for the six innings he was in the box, allowing only one hit in the second inning. Coach Bills removed part of his line-up throughout the game, giving each one on the squad a chance to show his wares. Steinhauer caught a good game. Lindsey pitched a game worthy of mention, but did not receive much support.

The Blue scored two runs in the first inning. Baker struck out the first two men up and the next one popped out. Sawyer and Boyer scored on Steigler's long grounder. Central brought the score 8 to 0 when they scored six runs in the third inning. They scored two in the eighth, while Wolf Lake failed to make anything at all.

# HUNTINGTON NINE NEXT OPPONENTS

Will Give Green Hard Fight; Were Runners-up in State Baseball Meet Last Year

BRUBAKER TO PITCH

The South Side baseball nine will motor to Huntington Friday afternoon, April 24, to battle the Huntington baseball team, which is touted to be in mid-season form. Huntington has a real battery and a group of good hitters.

Last year this Huntington crew was one of the runners-up in the state baseball tournament held at Lafayette, Indiana. They are expected to give the South Side diamond squad a hard battle tomorrow afternoon.

The diamond squad came out of last week's games in good condition and are in the best of form for the game.

Brubaker and Staigt are slated to do the battery work. Huntington will probably use the same line-up used earlier in the season.

# SPORT GUSH

The baseballers pulled one over on us last week by staging a practice game with Corunna without telling us anything about it. By the way, how many of you saw the game? And no admittance was charged, either!!!

It was what is lovingly known as a "bat-fest." Our boys scored so many runs that the scorer ran out of room on his score-pad book.

Maybe our thinsies were the cause of some of our winning. Y'see, they congregate in the vicinity of the third base. And when such notables as Tom and Christ and Richey started jumping, the Corunna third-baseman forgot his job and gazed admiringly at the flopping athletes. And oft times a nice fly would come popping out his way—but he gazed admiringly on.

Two fair basket-tossers—mighty seniors—are sporting a couple of pretty sweaters. (That's rather amusing—each has one.) They won them by three hard years of steady plugging on the varsity squad. They are well known; are active in every sport.—Introducing Maxine Schmieder and Alice Mason.

The other players weren't left out in the cold, even if they didn't have sweaters. Instead the players on the class varsities each received a numeral to keep them warm, while the girls on the varsity squad received adorable gold basketballs.

'Twas some banquet the Mildredites pulled off last Thursday. The decorations were novel and awfully pretty, the "eats" were plenty good and the speeches weren't very long.

Miss Hadsell received the prettiest hammered silver thing-a-ma-jing. What? Oh, it wasn't a thing-a-ma-jing, 'twas a basket (pronounced "bawsket" don't cha know?)

Wasn't old Mr. Sun kind to come out and grace the game last Friday after it had rained most of the day?

More comments were given on the chattering of our team when they take the field. For instance, one fair fan said, "Hmph, they sound like a pack of monkeys."

'Struth, but what would a South Side baseball game be without the gabbing?

Tinah DeHaven whacked a home run—the bases were loaded—four runs were scored—and the crowd (what there was of it) went mad. Sounds exciting, doesn't it? Well, 'twas—and we hope that he does it in every game. (Providing that the bases are all decorated by Green men.)

Chuck proved his ability to toss the horse-hide as well as a pig-skin or basketball. What is the animal name for basketball?

Well, adios, people—it's time for us to take our weekly swim.

(Ed. Note.—Did Gush mean weekly SWIM? Some tub!)

# TANKMEN TO ENTER MEET AT ANN ARBOR SATURDAY

South Side Will Have Six Men; Martin, Backstroke Champion, Will Go

The Junior "Y" tank men will compete in an invitational Junior swimming championship meet at Ann Arbor, Mich., this Saturday. Boys that are 16 years of age or under are allowed to enter the meet.

The team is considered by Coach Slater to be of exceptional ability for junior competition. The relay teams are consistently making very fast time in daily trials and are doped to win the two relays at the meet.

The men who will probably make the trip are as follows: E. Dobler, D. Wiener, J. Niebergall, F. Newell, A. Martin, and R. Bradley, all of South Side, and T. Popp, B. Meaker, G. Blanton, R. Peterson and E. Bender, of Central. Coach J. Slater will take the men tomorrow evening.

Cup Given

A cup will be presented to the winning team, and medals will be awarded for individual places and also in the relays.

Arthur Martin, of South Side, who is the state backstroke champion, will be eligible to enter the meet, as his seventeenth birthday comes five days later.

# AWARDS GIVEN BEST GIRL COURT PLAYERS

Thirty-Six Honored at Annual Basketball Banquet; Interesting Program Given

Twenty-six numerals, eight gold basketballs, and two varsity sweaters were given to the Mildredites at the banquet held last Thursday. Maxine Schmieder and Alice Mason received white slip-over sweaters for their exceptionally fine work during their basketball careers. Max's sweater has three green stripes on the arm, while Alice's boasts two.

The varsity players who received gold basketballs are: Doris Bauer, M. Berlien, G. Guebard, V. Fell, G. Brouwer, N. Merica, V. Stevens, and Mildred Koster. This year's varsity defeated the Centralites twice in succession.

The senior numeral winners are: D. Minier, E. Miller, V. Johnston, B. Newell, F. Wagner, F. Alger. The junior winners are: C. Bade, P. Baumgartner, C. Wager, V. Bell, B. Huguenard, and R. Watkins. The sophomores who won awards are: V. Nobles, C. Hixon, W. Englehart, G. Rohrer, B. Augspurger, R. Spore, and M. Jones. The lucky freshmen were: M. Mossman, L. Foster, J. Rank, G. Hart, A. Ward, E. Wilson, and D. Grooms.

Miss Pittenger's talk on the character-molding influence of athletics was the high-light of the program. Toasts were given by Doris Minier, varsity captain, and by the class captains, Miss Hadsell was another speaker of the evening. Before the banquet proper the girls presented her with a silver basket. Dancng by Ruth Wernhoff, and Maxine Schmieder and Doris Minier, a song by Ruth Richey, and a reading by Mildred Berlien formed the remainder of the program.

# PORTLAND TEAM DEFEATS CENTRAL, AUBURN, DECATUR

Tigers Finish Second In Quadrangular Track Meet Held Last Saturday

Portland won the quadrangular track meet last Saturday afternoon against Central, Auburn, and Decatur by running up a total of 49½ points. Central finished second with 37½ points. Decatur took third place with 18½ points, and Auburn scored 12½ points. Central took four first places. Lamont won the mile and half-mile run. Nobles won the pole vault, and the Central relay team won the mile relay. Central took all positions in the half mile run. Lamont came across the line for first place, Smith followed him for second, and Coleman landed third place.

Highest Scorer  
Abramson, of Portland, was high point man with 18 points. He took first in two events and landed second in the broad jump. Lamont, of Central, and Stone, of Portland, each scored ten points.  
Portland jumped into the lead at the beginning of the meet and was never headed.

# NEW TELEPHONE SYSTEM EXPLAINED IN ASSEMBLY

The new automatic telephone system was explained and demonstrated the eighth period last Wednesday by Frank Staub, equipment engineer of the Home Telephone and Telegraph company.  
Mr. Staub brought with him some switches, two telephones and a large dial representing the dial used on the telephone. With these he gave clear demonstrations and explanations as to the use of the telephone.  
A number of meetings were held in the public schools during last week at which the new system was explained.

## With The Classes

Several interesting reports were given recently by pupils of Miss Miller's eighth period history class. Those given were: "Haugreaves," by Harry Stevens; "Arkwright," by Beatrice Huguenard; "Cartwright," by Ruth Mae Dawkins; "Crompton," by Mildred Obenour; "Dr. Harven," by Irene Drummond, and "Isaac Newton" by Violet Fairfield.

Every day for the last two weeks the pupils in Miss Bert's eighth hour class have been writing the present and imperfect tenses in Spanish. The idea was to write them until everyone in the class received 100 per cent. Now since this has been accomplished, they are writing present, imperfect, and preterite tenses. Each time everyone receives 100 per cent another tense is added. In this way the pupils are sure to learn conjugations of verbs. Since they do not wish to write the same tenses day after day, they try to get 100 per cent.

A donation of six potatoes and one onion was made to the chemistry department by members of the sixth hour class. Mr. Voorhees' private stock was getting low and so a donation was asked for. These objects will be tested for starch and sugar by the chemistry classes. This was a fine donation, and more could be used by the department. Mr. Voorhees wishes to thank the students for their cooperation in keeping the laboratory stocked in substances of this kind.

## SOUTH SIDERS ARE VICTIMS OF SPRING

Effects of Annual Slump, Portrayed in Various Ways, Have Proved Amusing.

"Spring is here!" Yes, but the actions of South Side students prove better than those three words. In and out of school proper, displaying the effects of this timely period. Portrayed in various ways they have proved amusing (at least to the writer).

Our Sport Gusher writes about track men "perambulating around the stadium." Wonder where she learned the flowery language?

The notorious criminal in the mock trial of the public speaking class, namely Oren Plough, tells us about houses being "planned." We always thought they were built, but perhaps he has been "building" some radishes and onions and just can't get the idea out of his head.

Some of us have made additions to our wardrobes (or ransacked last summer's supply) and sported out in thinner raiment to show our appreciation for the warmer weather.

Boys are thanking their stars that they have a good (or good enough) grade on their cards so that now since the spring slump is with us they may sleep through everything and blame it on to the spring fever. At the same time the contrary sex is unintentionally falling in line with the rest of the victims.

Well, anyhow, this all goes (or is supposed to at least) to show that "spring has come!"

Miss Rinehart's 10A students are making oral reports upon lectures and sermons for oral composition. They have finished their work on Julius Caesar and are now studying Macaulay's Clive.

Ruth Jennings has been absent from school for two weeks on account of illness.

Mr. Gould's botany classes have been searching the woods for wild flowers to use in their study of flowers. The following have been brought to the laboratory: Maple, Hepatica, Spring Beauty, Pepperroot, Spring Cress, Bloodroot, Adder's Tongue, and Dutchman's Breeches. Mr. Gould in a trip to Poe, Ind., found thirteen species of wild flowers.

A very large organ is being installed in the Presbyterian church. It costs \$40,000. The music history classes have been to the church three times to see it while it is being installed.

A contest in harmony was held the other day in the music class.

Mr. Schafer announced that the cast is working very hard on the operetta, "Once in a Blue Moon."

Ho Foster has been absent from school for the past two weeks. She is in the Methodist hospital suffering from appendicitis. It is not thought that she will be able to return for about five weeks.

## Society

Catherine Childers recently entertained a number of her most intimate friends at her home on Central Drive. Mary Hale and Bonnie Fries won the prizes in five hundred. Late in the evening a delicious two-course luncheon was served to the following: Marguerite Schiewer, Mervyn Welch, Margaret Mallard, Virginia Trier, Bonnie Fries, Mary Hale, and Marguerite Rahe.

Garnet Creigh entertained a few of her friends recently at a delightful party. The evening was spent in playing bunco and dancing. At a late hour a two-course luncheon was served to the following guests: Maxine Charters, Frances Algers, Katherine Mercer, Evelyn Zern, and Helen Weir.

Evelyn McGinley spent last weekend in Warsaw visiting Helen Cray.

Velma Koeneman entertained with a delightful dinner party recently, the occasion being her birthday anniversary. The evening was spent in playing games and dancing. Those enjoying this good time were Marie Drage, Virginia Wellman and Lillian Springer.

Ruth McKeeman spent last weekend visiting her cousin, Jestead Hocker, in Decatur, Ind. While there she attended a dance given by the Latin club of Decatur high school.

## STUDENTS HAVE VARIOUS DESIRES

*DuWan Wants To Get Rich; Lucille Grosvenor Will Be a Nurse.*

The ambitions of the South Side students range from the desire to keep quiet and to get rich to the desire of becoming "cannibal bait."

Jerry DuWan wants to "get rich quick," so that he can have an automobile, while Ray Warnock says, "All I want is a Ford roadster, although I wouldn't turn down a hundred dollar bill, a fifty dollar bill, a one dollar bill or even a penny."

Lucille Grosvenor, when interviewed gave one of her frank smiles while telling that she was going to be a nurse and that she was going to start that course in Cleveland next fall.

Mary Travis has the ambition to keep from talking just once in the art class, and Maxine Schmieder wants to join the faculty ranks as a gym teacher. Morrill Travis' only desire is to have a new bicycle as "the old bus broke down."

Thelma Burley and Flora Baer intend to make South Side proud of them as famous people, for one wants to become another Mitzi, while Flora wishes to be able to play Bach as well as her music instructor does.

Louise Botenborn has all of our sympathies if her ambition is carried out, for she is going to be "cannibal bait" in the heart of Africa. "Seriously though," Louise says, "I want to be a missionary."

### Reads Italian To Class

Much interest was created in the Springfield (Ill.) high school when Nicolina Laurenza read aloud in Italian two parts of Italian poems, Dante's "Paradise" and the "Inferno" and translated them into English.

### Write to Foreign Countries

French classes of the Central high school of Muskogee, Okla., have written letters to the English speaking students of France. The girls of the classes are now planning to write to students in all countries from Belgium to South Africa.

## Alumni News

An "Adamless" dance was held last Friday night by the Gracchi club in the Y. W. club rooms. The rooms were attractively decorated in spring colors. Dorothy Bolt, '24, was one of the special entertainers and sang two solos. Tuxedos, "sloppy socks," red jazz-bow ties, and the latest fashion in men's dress were predominant among the "Adams." About sixty couples, consisting of club members and guests, were present. Jimmy Willson's orchestra furnished the music.

Stanley Creighton, '23, returned to the University of Michigan Monday after spending the spring holidays with his parents on Hoagland avenue.

Helene White, organ pupil of Vera Sessler, will give an organ recital at the Simpson M. E. church next Tuesday evening, April 28. Roland Schaefer will assist on the program and will appear in several groups of songs. Helene was general manager of the South Side Times last year and a prominent member of the '24 class.

Jeanette Glass, of West Pontiac street, entertained Friday night with a lovely party for Lucile Rasmus, a bride-elect of May 1. Five hundred was played and a dainty lunch was served. Lucile received many useful gifts. Those present were: the honoree, Helen Minnich, Mary Falk, Katherine Bell, Naomi Crummitt, Katherine Roe, Zoe Marahrens, the hostess and the Mesdames Robert Richey, E. C. Szink, M. G. Rasmus, J. M. Rasmus, and George Barbier.

Owen Rindfusz, '23, of West Main street, drove Monday to Ann Arbor to resume his studies at the University of Michigan.

## SOUTH SIDE HAS ELEVEN ENTERED IN STATE FINALS

State Commercial Contest Will Be Held at Muncie Tomorrow; Green Well Represented

## SOUTH SIDE WILL ENTER TEAMS IN FOUR EVENTS

Represented in Novice Typing, Beginning Shorthand, Advanced Shorthand and Bookkeeping

Tomorrow eleven South Siders will journey to Muncie to take part in the finals of the Indiana State Commercial contest which will take place at the Ball Teachers college. South Side representatives will enter in four of the divisions, novice typing, beginning shorthand, advanced shorthand, and bookkeeping.

The first event is beginning typing at 9 a. m. in which Mercedes Nossett, Helen Goette and Gertrude Grimes entered. Beginning shorthand will be dictated at 10 a. m. when Helen Goette, Winifred Beeth and Elizabeth Schmidt will write. Advanced shorthand will follow this with Vesta Johnston, Dorothea Falls and Virginia Wilkinson of South Side taking part. The bookkeeping test will be given to the contestants at 12 o'clock. Esther Shaw, Margaret Malland, and Margaret Schiewer will enter for South Side. Open contests will be given to all who wish to enter in shorthand and typing.

The awards will be given out before the banquet. Medals will be awarded for first, second, and third places. A cup will be given to the school having the greatest number of points in all events. A banquet and dance is to be given by the commercial club of Ball Teachers college for all contestants.

The contestants will be taken to Muncie in machines by Mr. Harris, Mr. Murch, and Vesta Johnston. Mr. Harris and Mr. Murch will leave at 6 o'clock so as to get the students there by nine o'clock.

Official results of the districts contests have been announced. In the local meet, South Side teams ranked first in novice typing, advanced shorthand, beginning shorthand and bookkeeping. South Side representatives took fourth place in advanced typing while they failed to gain a high ranking in penmanship, in which event Columbia City writers won all three high places.

The teams were then all averaged according to points, which were considered in awarding the school honor. South Side received fourteen points in beginning shorthand and bookkeeping and twelve in both novice typing and advanced shorthand, making a total of fifty-two points. Central was second with twenty-five.

## Girls Give Exhibition

Seven hundred girls of the Lincoln high school of Cleveland, Ohio, are putting on a demonstration of various phases in physical education. They will present dances, Indian club drills, marching, corrective exercises, climbing, pyramid building, apparatus, circle games, relays, and competitive team games.

## F. CORBETT IS NAMED BEST ORATOR IN STATE

Will Speak in Zone Contest at Indianapolis Tomorrow; Winner to Speak at Washington

Francis Corbett, a junior at Central Catholic high school, will speak in the zone finals of the national oratorical contest, tomorrow, at Indianapolis. Winners from Chicago, Detroit, Buffalo, and Louisville, Kentucky, will be his opponents.

Corbett was the right to participate in the final elimination of central zone orators by taking first place in contests held in his school, in Allen county, in the twelfth district, in the northeastern Indiana territory, and finally in the state of Indiana.

Two territorial contests were held before Corbett was entered in the state meet. In the first, which was held two weeks ago at Marion, the five regular judges gave a tie vote for first place to Corbett and Miss Hayworth of Muncie. Two additional judges were selected from the audience, and they gave first place to the girl. The state officials did not approve of this method of deciding the winner and authorized a second territorial event to be held at Indianapolis. The judges there gave the contest honors to Corbett and second place to Miss Hayworth.

This Fort Wayne orator has, within a few weeks, won a total of \$650. At the county elimination, the News-Sentinel awarded him \$50 and the district met \$100 for getting first place. A prize of \$500 was given to him by the Indianapolis News last Friday night when he was named state champion orator.

The winner of the zone final, in which Corbett speaks tomorrow, will go to Washington to give his oration on May 8 in the presence of President Coolidge and of the judges of the supreme court.

In Indiana's state contest, Emmanuel Baugh, of Evansville, took the second prize of \$250 and the third prize of \$100. Each of the other speakers were given \$50.

## MARCELLA REITZ WRITES TIMES NOVEL THIS WEEK

Marcella Reitz, a member of one of Mr. Makey's 12A English classes, has her second chapter of the novel which is being written by his 12A English classes, published in the Times this week. Much interest has been stirred up in this contest, and interesting stories are being written by the students. Lucille Lapp's story was published in the last edition of the Times.

## GRADE'S MAY FAIR TO BE TOMORROW

Will Be Held at 2:30 and 7:30; Miss Hadsell Has Charge of Dancing

## FAIR IS ANNUAL EVENT

The third annual May Fair of the South Side grade school will be held tomorrow at 2:30 and 7:30 o'clock. Ten events will take place in the gymnasium and three side attractions will be staged in the classroom.

Mr. Agnew, principal of the grade school; Miss Hadsell and other teachers are rapidly putting the finishing touches on the program. Miss Hadsell has charge of the dancing, but the teachers of each room are doing the directing.

Booths with baked goods, candy, popcorn, coffee, wieners, doughnuts, and ice cream and a fish pond will be conducted.

The program which will take place in the gym is as follows:

- I. Kindergarten—Band and rhythms—Afternoon group.
- II. First Grade—Parade of the Wooden Soldiers.
- III. 1A Grade—Bo-Peep and Boy Blue dance.
- IV. Second Grade—The Coming of Spring.
- V. Third Grade and 4B Section—Uncle Sam and Red Cross Drill.
- VI. 4A Section—Clown Dance.
- VII. Fifth and Sixth Grade Boys—Wand Drill.
- VIII. Seventh and Eighth Grades—Daffodil Dance.
- IX. Topsy-Turvy Boys of Y.M.C.A. Stunts.
- X. Boy Scouts Troop 20—Demonstration.

Besides this the operetta, "The Fairy Shoemaker," will be presented in Room 38. The play, "The House of the Heart," will be given in Room 77, while team room service will be conducted in Room 74.

## HALLSTIEN TO TALK TO MATH-SCIENTISTS

Maurice Felger to Help Him in Static Electrical Experiments Tomorrow Night

Walter Hallstien will give a talk on static electricity and Maurice Felger will help him in some experiments at the next meeting of the Math-Science club to be held tomorrow night in Room 96, at 7:30 o'clock.

The meeting was postponed because the meeting conflicted with another event on the same night. It is regularly held on the last Friday of the month.

Games and eats will feature the last part of the program.

## B. J. GRISWOLD SPEAKS AT JUNIOR HI-Y MEETING

B. J. Griswold, Fort Wayne historian, gave a talk on the founding of Fort Wayne, bringing out especially the part Anthony Wayne played in it at the last meeting of the Junior Hi-Y, April 22.

Bible study was not held after this meeting.

## MICE ENJOY FEED IN TIMES' OFFICE

Papers, Filed Away For Future Use, Are Torn to Pieces by the Rodents.

"When the cat's away, The mice will play."

"That's all true enough," Chester Wyneken, business manager of the Times, echoes. "The mice played a little too much in my office recently."

We thought that a good story was coming and our hopes were rewarded. Chester said that Clara Sherbondy and he had filed a lot of Times issues in a corner of his office and had piled them up neatly for possible future use.

An investigation of his office one morning recently revealed that mice had raided his "private" office and had tasted of the forbidden stock. The pile of Times which had been so neatly stacked in the corner had been torn to pieces by a rapacious bunch of that disgusting class of animals, namely, the mouse.

Chester's only solace is that the mice ate the Times because they knew that there was something in it that was good!

## HORN IS ELIMINATED IN DISCUSSION FINALS

Kokomo Student Takes First Place; Terre Haute and Evansville Get Second and Third

South Side's representative in the discussion contest, Virgil Horn, was eliminated last Friday in the state meet at Bloomington. Competition was pretty close and the judging was on a high grade," states Herman O. Makey, debating coach, who accompanied Horn.

Donald Bailey, of Kokomo, was awarded first honors. Wilfred Fidler of Terre Haute, and Dorothy Welborn of Evansville, were given second and third places. Gold, Silver, and bronze medals were presented to the winners in the order named.

Robert Reed, of Sullivan; Esther Evans, of Georgetown; Alice Griffin, of Greensburg; George Clayton, of Indianapolis; Deloris Williams, of Wabash; Virgil Horn, and Bernard Kilgore, of South Bend, were eliminated in the preliminaries held Friday afternoon. The six who spoke in the evening were Dorothy Welborn, of Evansville; Wilfred Fidler, of Terre Haute; Lillian Dale, of Connersville; Ellis Steiner, of Bluffton; Donald Bailey, of Kokomo, and Vernon Anderson, of Hammond.

The judges of the afternoon deliveries were Prof. Walter Treanor, of the law school, and Prof. A. L. Prickett, of the economics department of Indiana university. Prof. Frank Davidson, of the English department; Prof. H. M. Karr, instructor of debating and Prof. James F. Moffat, of the economics department judged the finals held in the evening.

The three contestants that won medals took the affirmative side of the question, namely, that the proposed twentieth amendment should be ratified. The other speakers in the evening were on the negative.

## Radio Set To Be Made

Radio class, under the guidance of the head of the industrial department of the Central high school, Muskogee, Okla., will build a radio set for the physics department. It is to be a five tube set and will be used in the instruction of radio in the physics class.

## Acknowledgement

The cuts of the Latin contestants and members of the cast of "The Lottery Man," which appeared in last week's Times, were obtained from the Journal-Gazette, while that of Virgil Horn was received from the News-Sentinel.

## PIRATE OPENS CHEST FOR SO-SI-Y MEMBERS

Plans Made for Candy Sale Which Will Be Held Friday After School

Friends, books, good looks, pretty clothes, money, and good health were the various treasures discussed by the So-Si-Y girls at their meeting Tuesday, called "Treasure Island."

The treasures were concealed in a huge chest and a pirate, who owned the chest, gave every three or four girls a scroll which was opened and read. The girls then discussed their treasures and gave their results.

Miss Symons, Girl Reserve secretary, told about the annual Mother-Daughter banquet to be held at the Y. W. C. A., May 8. Miss Thorne, of Room 36, has charge of selling the tickets for So-Si-Y girls and their mothers. The price for mothers is 50 cents and 35 for daughters.

Arrangements were made by the club to hold a candy sale Friday, May 1. Each member is requested to bring candy or twenty-five cents to Miss Thorne this time for the sale. This money will be used to help send two delegates to the Girl Reserve Conference at Saugatuck, Michigan.

## GRADE SCHOOL CHILDREN TO GIVE CANTATA MAY 8

Fourteen Hundred Seventh and Eighth Year Pupils to Sing "Into the World" in Gymnasium

"Into the World," a cantata, will be given by the pupils of the seventh and eighth grades from all over the city on Friday, May 8, in the South Side gymnasium. There will be a performance in the afternoon and one in the evening. Children's tickets for the afternoon will be fifteen cents, and adult tickets twenty-five cents and in the evening all tickets will be twenty-five cents.

Professor Miles, supervisor of music in the city schools, will direct the cantata, and the Majestic orchestra will play the accompaniment. Approximately 1,400 children will take part in the singing.

## MORE BOYS THAN GIRLS ARRIVE AT SCHOOL LATE

Spring fever has made no appreciable difference in tardiness so far this spring. In the past week the boys greatly outnumbered the girls. Twenty boys and seven girls overslept. The number of boys and girls for each day for the last week are as follows:

	Boys	Girls
Monday, April 20	2	0
Tuesday, April 21	2	3
Wednesday, April 22	6	2
Thursday, April 23	4	1
Friday, April 24	1	1
Total	20	7

## Notes Due!

Many Times promissory notes have not as yet been paid and must be paid immediately. Some of these notes that are unpaid were signed at the beginning of the term.

## PARTY PLANS WILL REMAIN DARK SECRET

"Arrangements for Banquet From Are Well Under Way," Says Class President

## SPIEGEL'S ORCHESTRA WILL FURNISH MUSIC

Mr. and Mrs. Harris and Mr. and Mrs. Schmalzried Are Chaperons for Banquet

"Get your tickets early for the Junior prom-banquet," urges Dick Wiener, president of the class.

The entire plans, especially those for the banquet, will remain a dark secret as it will spoil the effect if they are made known," he continued.

Mr. and Mrs. R. C. Harris and Mr. and Mrs. S. C. Schmalzried will be the chaperons for the banquet while those for the dance have not been chosen.

Spiegel's "Melody Men" have been engaged to furnish the music for the dance.

The banquet will be fifty cents a plate while the dancing will be a dollar a couple.

Juniors and their friends will be allowed to attend.

## INDIANA TEACHER PRAISES SOUTH SIDE HIGH SCHOOL

Congratulates Times for Recognition Gained in Contest of Columbia University Press Association

Expressing sincere congratulations to South Side upon again winning national recognition through the Times, an article recently appeared in an editorial column of the Indiana Teacher. This article reads:

"The South Side high school of Fort Wayne has again won national recognition because of the exceptional excellence of its student newspaper, the Times. The Press Association of Columbia university has selected the Times as the best high school paper entered in its most recent contest. Because of this honor and because of the numerous journalistic achievements of the Times the Indiana Teacher extends its congratulations, not only to the South Side high school, but to the city of Fort Wayne."

This magazine is published monthly by the Indiana State Teachers association and has a circulation of 15,000. All teachers who are members of this association receive the magazine and practically all the teachers in Indiana hold membership with the association.

## SEVEN ENTER POSTERS IN STATE ART CONTEST

Miss Ley Believes Entries Superior to Those of Last Year; Judging Done in October

Seven members of the Art department of South Side sent posters to the Indiana Parent-Teacher Poster contest hoping to win more honor for their school through their art work. Those students have spent weeks in thinking up subjects and in carrying them out on paper to make them attractive.

Last year South Side won the third place in this annual contest through the poster submitted by Mary Travis and this year they are determined to take the first prize which is a silver cup. Although the posters were sent in already they will not be judged until October.

Miss Ley, the art instructor here, believes that every poster that was sent this year far exceeded those sent in last year. She says, "I know the judges will have much more difficult work this year than last in judging the posters."

Those entering pictures this year are: Marie Brown, two; Virginia Bell, Beulah Corwin, Thelma Burley, Mary Travis and Virginia Pollack.

## Makey Honored

Mr. Makey has had the honor of being chosen county chairman of the district discussion contest for next year.

## DISCUSS CONFERENCE, BANQUET, JUNE FETE

Interclub Council Makes Final Plans for Events; Mother-Daughter Affair May 8

The Mother-Daughter banquet, the June fete and the Girl Reserve conference, were the three topics discussed by the members of the interclub council at their third meeting this year in the Y. W. C. A. library.

May 8 has been chosen for the date of the Mother-Daughter banquet, an annual affair of the Girl Reserves. Several final arrangements were made at the council meeting. It was decided that a short play will be given by the members of the cabinets of the high school clubs. The tickets are 35 cents and 50 cents for daughter and mother, respectively. This arrangement was made to keep down the price in some cases where a mother had two daughters who were Girl Reserves.

## Offers Lawn

"Since Mrs. W. O. McBride has so graciously offered her lawn for the June fete, the affair should be a great success this year," stated Miss Symons, Girl Reserve secretary, to the girls at the council. Each club will be in charge of the sale of one special article, such as selling just lemonade or candy. Further details of this plan will be made by the various clubs at their meetings.

Every club is striving to make money and send at least one and probably two girls to the Girl Reserve conference at Saugatuck, Michigan, from June 26 to July 6. Reports from the various clubs were made to determine how this is being accomplished.

About 20 girls attended. The U.S.A. club had the distinction of having all their cabinet members present at this meeting.

## LOCAL SURGEON WINS IN NATIONAL CONTEST

Doctor Charles J. Gruber, veterinary surgeon, received notice yesterday that he had been awarded third prize in a nation-wide contest. His discussion on "Caesarean Operation on Boston Terrier" was highly praised by Dr. C. H. Stange. Over two hundred leading veterinarians in this country and Canada were entered in the competition.

Doctor Gruber is a very faithful advertiser in the Times and has been for some time.

## SENIOR CLASS MAKES LARGE SUM ON PLAY

Final Financial Statement Is Made; Take In \$338.44 on Class Play

The senior class of 1925 has raised more money than any other senior class in the history of the school.

By giving a play, a carnival, and selling candy at the tournament, the senior class collected \$348.42.

Most of the senior classes had none, or very little money to start on. The class of 1925 had received but \$6.85 from the class of 1924, for the start of their financial year.

Below is the final statement as was made on April 24 by Mr. Harris, the principal and advisor of the class.

## THIRTY COUPLES ATTEND PARTY-DANCE OF U. S. A.

Miss Symons, Miss Mereness and Miss Rinehart Chaperon Party; Games and Dancing Are Features

Thirty couples attended the U. S. A. club party which was held in the Y. W. C. A. club rooms Saturday evening, April 25. Games were played until nine o'clock, after which dancing and bunco furnished the entertainment for the remainder of the evening.

Miss Symons, Miss Mereness, and Miss Rinehart were the chaperons of the evening. Miss Pittenger and her niece, Miss Osborne, were guests of the club.

## Has Neat Desk

The attractiveness of the southeast corner of the session room has been greatly increased by the neat appearance of the desk in that corner. Miss Kiefer uses this desk during her vacant periods. She adorns the desk with cut flowers daily.

## MR. NULL WILL TALK BEFORE PHILAETHIANS

"A Broad Highway for the Mind" will be the subject of a talk by Mr. Null to be given at the Philaethian meeting next Monday. As this talk promises a good attendance is expected. The meeting will be held in the cafeteria. Music will be furnished by Ruth Wemhoff.

## EXTEMP CONTEST TO BE ON MAY 8

Winner Gets Name on Lange Cup; Three Subjects Will Be Discussed

## TOPICS NOT YET KNOWN

This semester's extemporaneous speaking contest will be held May 8. Three days before the time set for the contest, May 5, Mr. Makey will give out material on three subjects, each of local interest. Just before the eighth period on May 8, the entries will draw lots and determine the topic about which they must give their constructive speech. They will then have one hour before giving their speeches.

The winner of the extemp will get his name engraved upon the cup that Mrs. Ralph H. Lange presented to this school. Mary Forker, Paul Oliver, Josephine Dinklage and Ruth Eickmeyer now have their names upon this cup.

Any student wishing to enter should hand in his name to Mr. Makey.

## BRUNSON TO DESCRIBE CAMP AT HI-Y TONIGHT

New Site Bought Near Kendallville for Y. M. C. A. Boys; Clubs Meet Jointly

"The Call of Summer Camping" will be the subject for the joint Hi-Y meeting tonight at six o'clock when Mr. Brunson will be leader.

A special Hi-Y period will be given for high school boys this summer at the new "Y" camp.

The camp is situated about seven miles north of Kendallville on Blackman's lake. The Y. M. C. A. has purchased 45.5 acres of land on this spot, and will make it the permanent "Y" camp of Fort Wayne.

The meeting this week will be a lively one, and many fellows have already been asked to give their views on different subjects about camp life. Mr. Brunson will give a short review of the daily routine of camp life, and also will show the layout of the camp and describe the new tents which are to be used.

## To Discuss Shakespeare

Shakespeare, whose name is familiar to the entire English speaking world, is the subject of the orations to be given by the students of the Lincoln high school of Cleveland, Ohio. His life and works that gained him immortal fame and the country in which he lived will be discussed.

## GREEN TEAM IS WINNER OF ART CLUB CONTEST

Will Be Given Party by White Team On May 2; Twenty-four Order Club Pins

A kid party will be given May 2 for the Green team which won the merit contest recently conducted by the Art club members. The Green team defeated the White by a forty-five point margin.

At the last meeting Beulah Corwin told of the art museum at Paris. Geraldine Grover, Ivah Riley and Dorothea Kohlmeier reported on some of the latest art news of the world. Thyrja Jurgensen spoke on dress and color schemes. By means of a chart she showed what colors blondes and brunettes should wear.

Plans for a candy sale to be held soon were discussed. More than twenty-four girls have already ordered club pins which are in the shape of tiny palettes.

## "BANGS" AND TIES WORRY STUDENTS

Strive To Get Most Brilliant Red Ties and the Widest Trousers.

Each type of student, as we all know, has his own particular kind of worries. There is no student who can avoid these even if he tries.

A school girl worries because her vanity case may be empty before the dismissal of school or that her "bangs" may not be curled just the right way, or perhaps that her dress is not as short as that of her friend's. The average boy of high school age seems to worry much more than most girls do. Almost every boy is on the verge of a nervous breakdown for fear that his trousers are not nine or ten or twenty inches around the cuff or that his tie is not of the most brilliant red in town.

This worry problem probably accounts for the large number of light-haired pupils (probably peroxide blondes) which are found in the schools today.

## SONGSTERS BEGIN REHEARSALS FOR SPRING OPERETTA

"Once in a Blue Moon" to Be Given May 15 and 16 at Harrison Hill School Auditorium

TICKETS TO BE PLACED ON SALE WITHIN WEEK

Will Be Sold for Thirty-five Cents to Pupils and Fifty Cents to Adults

Rehearsals have begun in earnest for "Once in a Blue Moon," this year's operetta to be given May 15 and 16 at the Harrison Hill school auditorium. Tickets at thirty-five cents for South Side and Central pupils and fifty cents for adults, will go on sale in about a week.

Virgil Hire and Ruth Richey will have the leading roles, and will be assisted by members of the boys' and girls' quartets and glee clubs. Music will be furnished by the South Side orchestra. Roland Schaffer, director of music in the high school, will have complete charge of the affair.

The operetta is considered one of the most popular of musical romances. Mr. Schaffer states. It deals with the tangled love affairs of Bob Harrington and George Taylor, both of which roles are played by Virgil Hire. The story of the operetta is as follows:

Bob Harrington (Virgil Hire) after an absence of four years at college, is expected to return to the home of his foster aunt, Mrs. Mary Montgomery (Helen Crawford). Her daughter, Sylvia (Ruth Richey) was Bob's boyhood sweetheart. While at college, Bob falls in love with another girl and sends his college chum, George Taylor, (Virgil Hire) who closely resembles him, to take his place at a week-end party. George, greatly attracted by Sylvia's picture, has always been anxious to meet her. Arriving amid preparations for a Spanish fiesta, he finds Sylvia far more charming than her photograph.

Unexpected guests in the persons of Sir Percival Chetwood and M. Rene LeMon arrive and are welcomed as distinguished noblemen by Mrs. Montgomery and invited to remain for the party. Dick Porterfield and Bob Miles will appear as these noblemen. That night a robbery takes place while the guests are dancing and suspicion is turned on George, who is forced to disclose his identity. Things look dark for him until the guilty parties are brought to justice. A telegram from the real Bob announcing his marriage leaves George free to finish the story in the approved fashion.

The prologue takes place in the palace of the Moon Lady. Ruth Wemhoff will act as the Moon Lady. Acts I and II take place in Mrs. Montgomery's garden. The time is the present and operetta takes place at Rosemont-by-the-Sea, Monterey, California.

The rest of the cast is as follows: Leatrice Montgomery, youngest daughter of Mrs. Montgomery, Mary McCurdy.

Mr. Babbitt Morton, a home town booster, Howard Crise.

Betty Morton, Sylvia's best friend, Marjorie Matlock.

Mrs. Lila Lavender, still in mourning for her deceased husband, and a very comical character, Neenah Knight.

Billy Maxwell, a true victim of circumstance, Leslie Emerson.

**HUBERT BECK**.....STUDENT COUNSELOR

**ROWENA HARVEY**.....FACULTY ADVISOR

Keep up your pep! There are only twenty-nine days of school left.

"The go-getter is the development of the go-atter."

"Hash is an example of how little things count in the aggregate."

Emerson said that our best thoughts come from others, but we are certain that he didn't refer to tests.

"Pep and pepper are the same things with one exception—pep is not to be sneezed at."

It would be a queer world if all thought alike. Yet we often think others are peculiar simply because their ideas don't agree with our own.

We are often tempted to take life easy and let the days with their opportunities slip by. It is so easy to just drift along. But when the other man is resting, that is our chance to win the race.

Read with a purpose. Reading without purpose is just sauntering, not exercise. You'll get more from a few books on which your thought is set for some definite end than from whole libraries skimmed over by the wandering eye.

In our school life, the locker and the locker room, of course, fill the position of our bank, our home, a meeting place and a store room. The locker is undoubtedly one of the best friends we have.

Now, everyone says that the way we treat our friends reflects upon our character. Are we, then, true friends, worthy of the courtesy and consideration given by others? We can't ask our lockers, so let's ask ourselves and really find out about this.

The citizens' military training camp has been successful in developing men physically, mentally, and morally, in stimulating patriotism and good citizenship, and in establishing self-discipline and the spirit of co-operation.

It would seem that any normal boy would consider a month in such wholesome surroundings an ideal outing. The military features are attractive; the athletic games and exercises are of the sort that most Americans enjoy; and the tasks assigned are almost like sport, for everyone does them.

With all expenses, even transportation costs, borne by the government, certainly a large number of South Side boys should take advantage of this wonderful opportunity this coming summer.

Most of us don't see the value of some of the things that are required in a high school course. We argue that when we get out into the world we will never have to diagram sentences, translate Latin, or work problems in algebra and geometry, so what's the use of learning such truck. But here's the reason these things are required.

Most people's minds resemble an old-fashioned attic. They are full of cobwebs and hats and old trunks and broken furniture and cast-off shoes and the accumulation of rubbish which clutters up a house people live in for a long time. The only way something can be found in such an attic is by hunting for it. Now, these studies that we see no use for, are mental vacuum cleaners. They were invented to tidy up our attic and to take the bats out of our bellies. So there is some use in taking them.

#### THE EXTRA LOAD

I once heard a coal dealer talk to one of his employees. From what I could gather, the employee had met with serious reverses and had gone deeply in debt to his employer, and they were discussing the quickest method of paying this debt. "One or two loads of coal a day," said the dealer, "will pay all your expenses, but each load you get over those two is the one which will put you on your feet, so to speak. In other words, it is that extra load or two which will in the end get you square with the world."

I thought this advice over, and decided that we could use it right here in school. Each of us owes society a debt for making it possible for us to be here. The payment of that debt consists of giving all we have to the world, in whatever line we may work. Now there is just so much work required to pass from grade to grade and eventually graduate. If the pupil performs this minimum amount of required work, he will get at the end of four years, a diploma saying that he has completed his work in high school. But can he repay society in full? Well, maybe he can, but I'd hate to stake my life on his ability to

do so. I'm too young to die that way. Here is where the lesson of the coal man comes in: Every bit of work we do over the minimum required amount is the bit that will make us better able to repay society when we get out in the world. The smallest amount of required work will get us out of school and "pay our expenses," but each bit over that means that much more in proportion. Which are "you doing? Are you making that "extra load" or are you satisfied with merely "paying expenses"? I afterwards learned that the coal hauler cleared himself in six months. How long will it take you to get out of debt?—East High School, Des Moines, Iowa.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel will consist of eight chapters. Members of Mr. Makey's classes will write a new chapter each week and the best one will be published. Chapter II. is by Marcella Reitz.

### CHAPTER II.

Bob continued to play in the jazz orchestra. Every morning he went to rehearse with the rest of the players. Of course, he was allowed to play first violin. He became friendly with the other members of the orchestra. One of them, Dan Franklin, boarded at the same house where Bob boarded. Dan was tall, and he had brown hair and blue eyes. There was nothing that he liked better than a good time. He became Bob's best friend.

One noon Bob and Dan were walking along after rehearsal.

"Say, Bob, let's get a couple of the fellows and have a good time after the show tonight."

"Suits me. But I don't know anybody in this town except the boys in the orchestra."

"Great Scott! It's about time you're getting acquainted. You've been here—let's see—its about six weeks now, isn't it? And you don't know anybody but that gang down there in the orchestra. Well, you just come along with me tonight; you'll meet up with the swellest gang in Stanton."

"All right, Dan; I'm with you."

That night after the show, Dan took Bob by the arm and led him out the stage door. Then they walked rapidly toward the city.

"How far do we have to go?" asked Bob.

"We're going to the gang's clubhouse. It's about a mile from here. I expect we can make it in about fifteen minutes."

"Who are some of the fellows who belong to this gang?"

"Oh, there's James Scranton, Ralph Newcomb, Jerry Davis, Ray Warner, Jack Wolf, and a couple of others. They're all good fellows."

"It seems to me as though I've heard of that first one before. Scranton—James Scranton—I'm sure that I've heard that before."

"Yes, I suppose so. The Scranton Wholesale Dry Goods company is advertised all over the country. You'll like Jim, I'm sure."

But Bob did not answer. In fact, he did not hear what Dan said. He was trying to think where he had heard the name Scranton before. He just vaguely remembered it. He finally gave it up.

"Here we are," said Dan. Bob looked up. They were standing before a large brick building. It had been built for only a short time, and it had a very good appearance among the large imposing office buildings on each side.

"What is this?" asked Bob.

"Why, this is the place where the gang meets. We have to go up to the third floor."

"Oh, I—I thought—"

"I suppose you thought that it would be a rickety old shack, didn't you?" laughed Dan. "Didn't I tell you that I ran around with a swell gang?"

"But how did you—er—"

"And now you are wondering how I, a player in a low-down jazz orchestra, ever happened to be allowed in their midst. Well, Bob, I'll tell you about it some other time. I haven't time now, because we are right here."

By this time they had reached the third floor. They walked along the corridor to a room at one end. When they came nearer, they heard the sound of boys' voices talking and laughing. As Dan and Bob came in, they were greeted by a boisterous shout from the gang.

Dan introduced Bob to the boys. He was greeted cordially by them all. He sat down in a luxurious leather arm chair and looked about him with the eye of a critic.

The room was large and beautifully decorated and furnished in tones of brown. The walls were a light tan, and the ceiling was tinted warm cream color. There were soft, thick rugs on the floor. The arm chairs were massive pieces of furniture, upholstered in leather. There was a fireplace on one side of it and the two adjoining walls were lined with bookcases, which were almost filled with books. It was almost like the library at home, Bob thought, excepting that there were no floor lamps or any feminine touches.

Then he became interested in the conversation which was being carried on by the boys.

It was only thirty before Bob knew it. He had enjoyed himself more than he had for six or seven weeks, and he had made a number of friends. He

was especially drawn to James Scranton; and, before they had talked together for a half hour, Bob had received an invitation to visit Jim at his home in Hillsdale Heights.

One the way home, Dan and Bob were talking together.

"Well, Bob, what did you think of Jim?"

"He was almost too good to be true. He sure is a fine fellow!"

"Yes, just like my old pal back home." There was a catch in Dan's voice as he said this.

Bob looked at him closely. He hardly knew what to say. He was sure that there was something the matter with Dan—or why would he talk that way? He was about to ask Dan about it, when he was stopped by Dan's usual cheerful voice.

"And what's this I hear about your being invited out to his house?"

"Yes, he did invite me out. He wants me to meet his dad."

"You won't meet a finer man anywhere."

"That's the way Jim talks, too. He is certainly very enthusiastic about his father. He wanted me to go out there tomorrow night, but I told him I couldn't. My night off is Thursday night, and I'm going then."

They were soon at their boarding house; and, when they parted for the night, Bob thanked Dan sincerely for the pleasant evening he had given him.

"Maybe I can do something for you some day," said Bob. "You've certainly done me a world of good. I can never thank you enough. If there is ever anything I can do for you, just let me know, and I'll be there."

"Don't thank me, Bob. I know how you feel. I felt the same way when I first came, and I can sympathize with you. Good night."

About five minutes later Dan stuck his head out of his room and called "Yes?"

softly, "Bob!"

"Say, don't forget what you said about doing something for me some day. I might give you a chance."

"Just try me. I'll keep my word."

"Practice dragged the next morning. Bob was sleepy, and the leader became angry with him."

"Allen, if you don't wake up pretty soon, you had better clear out of here. Get your sleep in bed after this."

Bob wanted to talk back, but he knew that his room and board depended on his job.

"Yes, sir," was all he said.

He did his best after that, because he did not want his usual Thursday night vacation taken away from him. Practice went better the next morning. Then it was Thursday. Bob played his very best, and so he earned his wished-for vacation.

That evening he started to Hillsdale Heights. It was about two miles from Bob's boarding house, but he did not mind the walk. He was wondering what Jim's father would be like. The name still haunted him, but he did not worry about it any more.

He finally came to the house. It was very large and beautiful, and it was in one of the most aristocratic parts of Stanton. It was almost like Bob's own home which he had been forced to leave such a long time ago—but, no—it had been only about seven weeks. Bob sighed. It seemed like seven years to him.

He walked up to the house, and he was ushered into a beautiful, cozy room. Jim's father was the only one there.

"Hello, Bob," he said. "Jim has told me all about you."

In fact, Mr. Scranton knew more about Bob than Jim did. He had gone to college with Bob's father, and they had kept up their acquaintance ever since then by writing letters to each other occasionally. But neither Bob nor Jim knew this.

When Bob was comfortably seated, Mr. Scranton began to talk to him. "You are just a newcomer to our city, aren't you?"

"Yes, sir. My home is in Marlborough."

"Oh, I see. How did you happen to come here?" Mr. Scranton hoped that Bob did not see how interested he was in finding out why the son of his old friend was playing in a jazz orchestra in Stanton.

Bob did not want his newly-found friend to know that he had been disinherited because he had stubbornly refused to obey his father; so he told him he just decided to work a little for himself, since he had finished college.

Lottie Dignan: "Believe me, I'm going to give Hazel a piece of my mind tonight."  
Paul B.: "Gee, I wouldn't do that; why, how could you get along without it?"

### NOT LIKELY

Breathes there a man with soul so dead  
Who never to a cop has said,  
When past the limit he has sped—  
"Gee, why don't you pinch that guy ahead?"

The marcel waves dash'd high  
Where the puffs and frizzes crossed;  
And just above a roughish eye  
A little curl was tossed.  
And that little curl hung down  
O'er brow like a holy saint,  
Her goodness was beyond renown,  
And yet—there was a taint.  
Aye, call it deadly sin,  
The temper that she had;  
But that little girl just glori'd in  
Freedom to be real bad.

Upon her rosy-painted cheeks  
A kiss he gently placed.  
And then upon her ruby lips  
He placed a loving kiss.  
The pair were very happy now  
And life seemed perfect bliss,  
And then unto his only love  
These words he softly said,  
"I love you, dear, my baby doll,"  
And stroked her little head.  
Day after day, he always tries  
His love to make her see;  
But never did, for she's a doll

# LOCALS ENTERED IN TRACK MEET HERE SATURDAY

Stadium Will Be Scene of Triangular Meet; Tigers Doped as Strongest Opponent

CENTRAL, HUNTINGTON, ARE OTHER ENTRANTS

"Capt." Rahe and His Men Are in Excellent Shape for the Battle

South Side will meet Huntington and Central in a triangular track meet at the South Side stadium this Saturday. A crowd of 2,000 people are expected to see the contest. The meet will start promptly at 2:00 p. m. The Green and White is fast rounding into a hot track team and is expected to cop honors in the meet. Central will probably furnish the strongest competition for the "Green" team. Nothing much has been heard of the Huntington team but it is expected to furnish plenty of opposition in Saturday's event.

Captain Smith, Lamont and Diehl of Central are expected to carry the brunt of attack against South Side and Huntington. Captain Ed Rahe and his men are confident and are in the best of shape to battle the two track teams.

Muldoon will be the official referee and starter ably assisted by Bob Juday of Olympic fame. Mr. Schmalzried and Mr. Davis will be the official scorers.

After the meet Bob Juday will give an exhibition in the high jump and pole vault. He recently defeated Harold Osborne, the world's champion high jumper, in a meet at Chicago. He will endeavor to break his record for the high jump which is six feet five inches.

Blue, red, and white ribbons will be awarded to individual men who finish first, second, and third in each event. A blue ribbon trimmed in gold will be awarded to the individual high scorer of the meet. The winning team will receive a baton.

A large stand has been erected for the officials and to announce results after each event.

Four men from each team will be entered in every event. The men that have already been entered in each event are as follows:

100-yard dash—Brubaker and Lighthill.  
220-yard dash—Brubaker and Lighthill.  
220-yard low hurdles—E. Rahe and Miles.  
120-yard high hurdles—E. Rahe and Currie.  
440-yard dash—Lombard and R. Fleming.  
Half mile—Miles and Clapham.  
Mile—Miles and Clapham.  
Shot put—Thiele and E. Rahe.  
High jump—P. Rahe, Staley, and Branning.  
Pole Vault—Currie, Staley, and West.  
Broad jump—Thiele and C. Fleming.

South Side's relay teams will be composed of the following men:  
One-half mile relay—Brubaker, Lighthill, Baker, and Dildine.  
Mile relay—Lombard, Miles, Clapham, and R. Fleming.

## Sport Shorts

It was South Side's third victory of the season, when the Green nine shut out Huntington, 6 to 0.

Plaskett pitched his first game of the season.

Spectacular fielding by DeHaven, Thiele and Brubaker helped Plaskett to put over his shut-out.

Staigt played a whale of a game at the receiving end.

South Side's five runs came in the seventh inning when DeHaven, Distel, Dissinger, Thiele, Plaskett, and Staigt, each connected with the bat for two-base hits.

Central had a good week-end last week: They won from Huntertown, 24 to 1; shut out Howe, 8 to 0; won the dual track meet with Garrett, 76 to 31; and won in tennis games at Howe.

Clapham copped the only first place for South Side, when he won the mile event. Miles finished second.

Ed Rahe's leg proved fatal at the meet Saturday.

Everybody out for the track meet Saturday. South Side will compete with Central and Huntington.

South Side will be seen in a baseball game tomorrow afternoon at the stadium when Gilbert's men will battle Garrett.

The track meet, Saturday, should prove a thriller.

Clapham and Miles will give Lamont a good race in the mile and half-mile events.

Gruenert and Phil Rahe will furnish much opposition for Nobles in the high jump. Both men cleared the bars at five feet five inches at the Peru meet.

Wait'll they cross bats with Central!

And didn't Plaskett mow 'em down, though? Atta boy, Chet!

And the infield perculated like that of Washington, winning the World Series. (Perculated seemed like the only word which would describe them).

The team also were good imitators of the champs by batting in five runs in the romantic but lucky seventh. (Tra la la spring is here).

## FOOTBALL CALL!

Spring football practice will start Monday, May 4, for new men, stated Coach Welborn this week. Any man—freshman, sophomore, or junior—who wishes to try out should see Coach Welborn before Monday in order that uniforms may be issued them. This practice will be given for new men only, and everybody who comes out will be given careful coaching. Practice will run for three weeks.

# GARRETT TO PLAY HERE TOMORROW

Brubaker and Staigt Will Probably Make Up Battery for South Side

## GARRETT HAS FAST TEAM

Coach Gilbert's men will again be seen in action on the diamond tomorrow afternoon at the stadium when Garrett's baseball team will try to break South Side's winning streak.

Garrett has a strong team this year and the game is expected to be close. Brubaker will probably be on the mound for the Green and Staigt at the receiving end. No word has been received from Garrett as to who will make up their battery.

The Green squad has been going through a stiff practice this week in order that it may be prepared to tackle the fast upstate team. The same lineup that played against Huntington last week will probably be called upon again.

# GIRL GYMNASTS START BASEBALL TOURNAMENT

Gym Classes of Fourth and Seventh Hour Play First Game of Meet

Baseball was officially started for the Mildredites when the fourth and seventh hour gym classes played the opener in the inter-class tourney last Monday. Immediately following their game, the batteries of the first hour class and the noon class faced each other. The second and third hour classes will mix some time next week, while the eighth hour gang was lucky enough to draw a bye.

The games up to the semi-finals will be forty-five minutes in length. The semi-finals and finals will last one hour and even innings will be played in both instances. The noon hour team is composed of the girls who are not in any gymnasium classes.

No plans have been made so far for tennis; in fact, baseball is the only sport that is holding the attention of the girls at the present time.

# CENTRAL TAKES DUEL MEET FROM GARRETT

Wins 76 Points to 31 of Opponents; Place First in Nine Events

Central high school's thirlies won the dual track meet with Garrett at the South Side stadium last Saturday. Central collected 76 points to Garrett's 31, capturing first place in nine events while Garrett won only three.

Nobles, of Central, was the individual high scorer, with 17 points to his credit. He took first place in both the pole vault and high jump events, and second in the broad jump and 100-yard dash. He was third in the shot-put.

Central started the meet with a bang and were never headed. A remarkable improvement was shown by Central over last week's meet with Portland. Lamont's time for the mile was 4 minutes and 47 seconds, which was his record time.

Summaries:  
100-yard dash—First, Kepler (C); second, Nobles (C); third, Altshol (C). Time—1:1 second.  
220-yard dash—First, Kepler (C); second, Felger (C); third, Altshol (C). Time—2:42 seconds.  
440-yard dash—First, Smith (C); second, Felger (C); third, Karr (G). Time—5:45 seconds.  
Half-mile—First, Metcalf (G); second, Morrill (C); third, Loetz (C). Time—2:163-5.  
Mile—First, Lamont (C); second, Coleman (C); third, Metcalf (G). Time—4:47.  
120-yard high hurdle—First, R. Burch (G); second, Schoaff (C); third, Johnson (C). Time—19 2-5 seconds.  
220-yard low hurdles—First, Schoaff (C); second, R. Burch (G); third, Heaton (C). Time—30 seconds.  
Pole vault—First, Nobles (C); second, Felger (C); third, Cladey (G). Shot put—First, Lwells (G); second, Staimer (G); third, Nobles (C).  
Distance—35 feet 6 inches.  
High jump—First, Nobles (C); second, Montz (G); third, R. Burch (G). Height—5 feet 5 1-2 inches.  
Broad jump—First, Diehl (C); second, Nobles (C); third, Kehler (C). Distance—20 feet, 3 1-2 inches.  
Half-mile relay—First, Central (Felger, Nobles, Smith, Kepler); second, Garrett (Karr, Cladey, Keefe, Metcalf). Time—1:40.

Clapham copped the only first place for South Side, when he won the mile event. Miles finished second.

# GREEN HUMBLER HUNTINGTON NINE

Defeats Lime City Team 6 to 0; Plasket's Pitching Is Feature of Game

## STRIKES OUT THIRTEEN

Playing errorless ball behind the airtight pitching of Chet Plasket, the Green and White shut out Huntington, 6 to 0, last Friday. Plasket allowed the Lime City lads only six scattered hits and sent thirteen men to the bench via the strike-out route.

Up to the seventh inning it was one of the prettiest pitchers' duels that was ever seen at the stadium. Kiracofe also pitched splendid ball. The South Side horseshide tossers managed to squeeze a run across the plate in the fourth inning but were unable to score after that until the seventh when they drove Kiracofe to the showers with five markers and put the game on ice.

Third Straight Win

This was the third consecutive game won by South Side. Not only did the Green play a wonderful defensive game but they also had a good offensive drive. De Haven, Dissinger, Plasket, Staigt and Thiele each hitting for extra bases. Newell relieved Kiracofe in the seventh, after he was driven from the box. The flashy but steady play and Nulf shining.

## SPORT GUSH

Don't you think this weather is unusually warm for this time of the year?

"Twas a nice hot game last Friday. (Literally and figuratively).

The Huntington pitcher was "built like a ruler" as one fan said. Yep, one of the folding kind, because every time he'd windup his legs formed the cutest geometric patterns.

Wardo and Mr. Davis sported red socks with their baseball suits and for a while we couldn't figure out why a couple of Huntington men were warming up our fellows.

Our band did double duty. Not only did they furnish the music, but they cheered our valiant ones on to victory.

There were more Huntington people present than South Siders. Maybe they came up for the ride, huh?

Isn't it about time we had a track meet here in town? We like to watch 'em "yump."

Dear Editor: We didn't like your insinuations about our weekly SWIM one bit. Anyhow, you're a couple days ahead of time. Ours comes on Thursday—not Saturday. It just "ain't that kind of a kitty."

Dear Wardoe, Lundy, and Mildred: Will you please tell us when the tennis courts will be ready for use? We're hoping it's soon—'cause we're a fan-fans (?)—and we're anxious to play (even though we serve double most of the time).

Please let us know P. D. Q. Thanking you in advance, We remain, S. G. (Sour Grapes?)

Sh—don't tell the editor—it's time for us to knock off and go swimmin'—down in the ole gravel pit. Adios!

# CENTRAL BASEBALL TEAM BEATS HUNTERTOWN NINE

Blue and White Get Third Straight Win; Winebrenner Stars for Local Team

The Tiger nine won its third straight game when they easily defeated Huntertown high, 24 to 1. Winebrenner, Central's moundsman held his opponents to four hits.

Scott, who was sent to the mound in the later part of the game to relieve Winebrenner, held the opponents to no hits the rest of the game.

The down-town team cinched the game in the first inning by crossing the plate nine times. Central scored a total of 24 runs from their fifteen hits off Carbon, while the latter's support made twelve errors behind him.

Steinhouser and Stiegler were Central's best hitters, Steinhouser making three hits out of four times at bat, and Stiegler five hits out of five times at bat.

# SOUTH SIDE FINISHES SECOND IN PERU MEET

Clapham Captures First Place in Mile Run; Welborn's Men Place in Eight Events

South Side finished second in a triangular track meet at Peru last Saturday, Peru winning with a total of 52 points. South Side furnished good opposition, but were only able to cop 26 points. Wabash landed third place with 20 points.

Coach Welborn's men placed in eight out of eleven events. South Side captured one first place when Clapham won the mile run, and Thiele came over the line for second place. Thiele won two second places, the shot-put and broad jump events.

Captain Rahe also took two second places in the hurdles. Lighthill copped a second and third place in the dashes. Gruenert and P. Rahe jump 5 feet 5 inches in the high jump the highest they had ever jumped, but not even this placed them in the scoring.

Buskirk, of Peru; Knee, of Wabash, and Sharp, of Peru, were high scorers each collecting 10 points. Knee, the strong, weighty man from Wabash proved to be the individual star of the meet. He cleared the bar at 5 feet 7 1/2 inches tying for first place. He also heaved the shot 48 feet, 1 inch in a trial, and landed third in the broad jump. He is a good dash man.

## Take Early Lead

Peru took the lead in the first event and was never headed throughout the meet. South Side was off form in several events. Captain Ed Rahe was expected to win both hurdle events, but due to a sprained ankle, and an infection on his foot, he was unable to do so.

Blue, red, and white ribbons were awarded to the men who finished first, second, and third, respectively, in each event.

South Side won both the mile and half-mile relays, but points were not received for these events.

The summaries are as follows:

100-yard dash—First, Church (P); second, Nicodemus (P); third, Lighthill (SS). Time, 11 seconds.

220-yard dash—First, Sharp (P); second, Lighthill (SS); third, Brubaker (SS). Time, 25 seconds.

220-yard low hurdles—First, Buskirk (P); second, Rahe (SS); third, Marks (W). Time, 29 3-5 seconds.

120-yard high hurdles—First, Buskirk (P); second, Rahe (SS); third, Marks (W). Time, 18 seconds.

440-yard dash—First, Sharp (P); second, Showalter (W); third, Lombard (SS). Time, 57 4-5 seconds.

Half mile—First, Baker (P); second, Wagner (P); third, Robinson (W). Time, 2: 8 1-5.

Mile—First, Clapham (SS); second, Miles (SS); third, Ash (P). Time, 5: 33-5.

Shot put—First, Knee (W); second, Thiele (SS); third, Riggle (P). Distance, 47 feet 4 1-4 inches.

High jump—First, Knee (W) and Erlengaugh (P); second, Nelson (P). Height, 5 feet 7 1-2 inches.

Pole vault—First, Bundy (W) and Thery (P); second, Nicodemus (P). Height, 10 feet, 8 inches.

Broad jump—First, Briggs (P); second, Thiele (SS); third, Knee (W). Distance, 19 feet, 5 inches.

One mile relay—First, South Side; second, Peru; third, Wabash. Time, 4:43-5.

Half-mile relay—First, South Side; second, Peru; third, Wabash. Time 1:43 4-5.

# W. B. MADDOX TO DIRECT PHYSICAL ED AT Y. M. C. A.

Recently Made General Secretary of the Local Association

Warren B. Maddox, senior at the Chicago Y. M. C. A. college, has been selected to succeed L. A. Schwan, newly appointed general secretary of the Y. M. C. A., as director of the department of physical education at the Fort Wayne association building.

Mr. Maddox will come to this city in the near future to assume his new duties and will return to Chicago in June to take his degree, Bachelor of Physical Education. He has had a varied experience in Y. M. C. A. work, having started in physical education activities in 1914.

Since 1921 he has been a student at the Y. M. C. A. college and since that time has been active in physical education work in the Chicago Y. M. C. A. buildings.

Alumni News

Irene Hiler, '24, of Indiana university, spent last week-end the guest of her parents. She had as her guest, Marie Johnston, of Lawrenceburg, Indiana, who is also attending Indiana university.

The marriage of Lucile Rasmus, of Cornell Circle and Walter Barbier, of South Calhoun street, both popular '24's, will be solemnized tomorrow at high noon in the Plymouth Congregational church by the Rev. Arthur Folsom. Lucile will be attended by Jeanette Glass and Elizabeth Little, formerly South Side students, while the best men will be Maurice Miller and Robert Szink. A half-hour musicale will precede the service. A wedding dinner will be served at the Rasmus home, following the ceremony. All friends are invited to attend the wedding.

Edna Henderson, '23, entertained the members of the Alpha Gamma sorority with a delightful party last Thursday evening. Plans for a subscription dance in May were made. Covers were laid for twelve guests.

Elizabeth Little, '23, arrived today from Athens, Ohio, where she is attending school, to be present at the wedding of Lucile Rasmus.

Frank Brown, '24, of Chicago, spent a few days last week visiting friends in Fort Wayne.

Arline Malcom, a former South Side pupil, drove to Muncie Sunday where she spent the day with Vera Stevens, '24, student at Muncie Normal.

Miss Marie Costello gave several humorous readings at the Gracchi club meeting last Monday evening at the Y. W. C. A. Annalisa Hoglund and Margaret Iler produced a clever "Musical Romance." For the remainder of the program the girls divided into groups and put on original stunts. About 40 girls attended the meeting. Plans were completed for the club to spend the week-end of May 9 and 10 at Camp Yarnelle. A bus will be provided which will leave the Y. W. C. A. at one o'clock and take the girls directly to camp, calling for them again on Sunday evening. Alumnae or young business girls of the city are invited to attend the camp week-end, and any wishing to go are asked to call Miss Marie Umbach at the Y. W. C. A. before Wednesday, May 6.

With the Classes

The girls in the 9B sewing class are making spring dresses. The fabrics are gingham and the colors are variable. Besides sewing dresses these students are learning to use machine attachments and are working on textiles.

In cooking Friday the girls of the eighth grade class served luncheon, each group of four girls serving a different menu. Among the delicious foods were hot biscuits, soups, macaroni and cheese, creamed potatoes and all kinds of desserts.

The 9A boys in wood turning have been giving some special topics on different finishes for wood. The topics were on the finishes used in their work, namely "Walnut Finish," "Golden Oak," "Dark Oak," "Mahogany" and "Polychrome."

The Polychrome finish has become popular in the last two or three years. It can be produced on any kind of wood as the finish does not depend on the grain or color of the wood used. The boy must know the various colors, primary and secondary, and how to blend these to produce different effects. Polychrome finish is used on lamps, candlesticks, small tables and other small articles. Not only the beautiful effect produced but also the low cost of production has led to the popularity of this finish.

"Visit the shops and see what the boys are doing," stated Mr. Chappel.

"VEST POCKET" BATHROOMS

You don't need a large room for that extra bathroom every house

ought to have. The end of a broad hall, an unused sewing room, or

clothes closet, may be sufficient.

We can install a modern bathroom, complete, in a space five feet

square.

Consider the convenience of an extra bathroom for the use of

guests—and for the family, too, to save time and encourage daily

bathing without having to wait. At best there isn't much time in

the morning—if more than one is to have a plunge or shower.

Come in—or telephone. We'll be glad to send someone to show

you where one of these efficient bathrooms can be installed.

## LOCAL SCHOOLS WILL PRESENT HUGE PAGEANT

"The Light," by Catherine T. Boyce, To Be Given May 27, 28 and 29 at Harrison Hill School Auditorium

## SOUTH SIDE STUDENTS HAVE PARTS IN EVENT

Journalism Students Have Charge of Programs; South Side Band Will Play

One of the most spectacular events of its kind ever attempted in the history of Fort Wayne will be in the form of an educational pageant, "The Light," in which all the schools of the city will take part. This pageant will be under the direction of Miss Elizabeth Baldwin, and will be staged at the Harrison Hill school auditorium on May 27, 28 and 29.

This pageant is being given to show the value of education and the necessity for equipment in the schools.

"The Light" was written by Catherine T. Boyce, assistant superintendent of schools in Cleveland, Ohio, and was first presented in that city.

South Side Takes Part  
The principal roles in the pageant will be played by Miss Blanche Hutto, Miss Doris Speaker of South Side, Mr. E. G. Hoffman and Mr. Donald Close.

Briefly the story of the pageant is as follows: Any City is discovered studying his tax budget and decides of several appropriations the only one he is willing to cut is the school appropriation. At this point Education appears holding her lamp aloft and shows him her progress through the ages.

The first part of the pageant is divided into ten glimmers having to do with the light. In the second part it takes the form of showing Education's dream fulfilled. In this part a demonstration is being prepared which includes the work being done in the public schools.

This part will include a chorus of five hundred voices which has been under the direction of Professor Miles, head of the music department in the city, an Indian club drill under the supervision of Mr. Henry Meyer, instructor of physical training in the schools, a demonstration in manual training under the direction of Mr. Russell.

After this the kindergarten band of the South Side grade school will play, after which a safety demonstration by some pupils of the Miner school will be staged, and following this a physical demonstration of humane work taught in the schools follows this.

South Side High School band has the next place on the program and will be followed by a final assembling a group of children from every school in the city.

The journalism students of South Side are in charge of the programs and the advertising connected with them.

## PARTY GIVEN BY ART CLUB ENJOYED BY TWENTY-EIGHT

Play "Kid" Games at Unique Frolic Held Last Saturday in Room 38

Twenty-eight members of the art club enjoyed a kid party last Saturday evening in Room 38. "London Bridge," "Going to New York," "Cat and Mouse," "Streets and Alleys," and Musical Chairs were some of the games played by the children and later in the evening there was dancing.

Popcorn was strung, and prizes were given to the persons who could tear the best rabbits out of paper in the dark. First prizes were won by Mary Travis, Marcella Rietz, Beulah Corwin, Thelma Birely, and Hazel Sloan. Margaret Sebald, Sue Marie Allendorf and Louise Bottenhorn took "booby" prizes.

Before the refreshments were served there was a march through the dark halls of the school, led by Mary Travis beating a bass drum accompanied by the giggles, shrieking and shouting of the juveniles following.

The refreshments, consisting of lollipops, peanuts and crisps were served in sacks to the children.

The Art club candy sale netted \$7.40 for the organization last Thursday. All the candy was sold by 3:15.

## NEW PERSONS NEEDED ON FALL TIMES STAFF

Good Chance for Sophomores and Juniors to Elect Journalism; Positions Open

Since almost the entire Times staff will be made up of seniors next fall, it will be an opportune time for September sophomores and juniors to sign up for journalism.

Vacancies in both minor and major positions will have to be filled next term as many members will be shifted to higher positions or will graduate. Persons for both the business and editorial sides of the staff will be needed for editor, editorial and feature writers, girls' sports editor, reporters, advertising manager and solicitors and many others.

Any who are interested in Times work should see Miss Harvey in Room 20.

## GRADUATE BOASTS PERFECT RECORD

Vesta Johnson, Senior, Has Never Been Absent in Eight Years.

A perfect attendance record has been maintained by Vesta Johnson, a member of the 1925 class. She has never been tardy or absent from school for eight years at least, and maybe more, as she cannot remember many incidents of her first four years. Just think, in all of her 1,480 days of school she was always there and right on time. Many times she had to run through fields in the rain to get to school, and some times she thought that she surely would be late, but the clock always seemed to wait on her.

One time she was so sick she could hardly hold her head up and her mother begged her to stay home and go to bed, but no, Vesta would not miss school.

Her first six years of school were spent at the Rolling Mill school, on Taylor street, and her last two grade school years at the Jefferson school. She entered Central high school as a freshman and a year later she came to South Side from which she will graduate this year.

## HI-YERS TO DISCUSS MOTHER-SON BANQUET

To Meet This Evening at 6:00 at Y. M. C. A.; Will Have Picnic Soon

Important business concerning the Mother-Son banquet will be discussed by the Hi-Y clubs this evening at 6 o'clock.

Members of the different committees have been busy making up a program for the meeting, and it will be put up to the clubs for corrections and criticisms.

At the meeting last week, the members voted to have a Hi-Y picnic to be given some Saturday in the near future at the new "Y" camp near Kendallville. The members will ask their lady friends to accompany them. The caravan will leave the Y. M. C. A. Saturday morning about 10:30, and will motor to the lake, where a good meal will await their arrival.

The discussion last week was "The Call of Summer Camping," and was led by Mr. Brunson, boys' secretary of the Y. M. C. A. The first period of camping this summer has been set aside for Hi-Y fellows, and juniors and seniors of the two high schools.

## EIGHT TIMES SCRIBES WIN PUBLICATIONS PINS

Helen Crawford, Lucille Grosvenor Get Gold Ones; Silver and Bronze Awarded

**TIMES PINS WON**  
**GOLD—**  
Helen Crawford  
Lucille Grosvenor  
**SILVER—**  
Lottie Dignan  
**BRONZE—**  
Ruth Mae Dawkins  
Mildred McCune  
Helene Foellinger  
Ruth Eickmeyer  
Elizabeth Schmidt

Gold publications pins have been won for the first time by pupils who have carried the required 5,000 points. Helen Crawford and Lucille Grosvenor have both exceeded this requirement. A silver pin has been won by Lottie Dignan, and bronze ones by Ruth Mae Dawkins, Mildred McCune, Helene Foellinger, Ruth Eickmeyer and Elizabeth Schmidt. A number will receive awards in June.

Helen Crawford has earned more points than anyone else on the staff. At present she has made over 8,000, with fair chances of reaching the 10,000 mark. If she does, a jeweled gold pin will be awarded her. As advertising manager, most of her points have been gained through getting new advertising accounts. She has also solicited Totem advertising.

Lucille Grosvenor owes most of her points to Totem advertising, as she was able through several weeks' work to jump from a bronze to a gold award.

Lottie Dignan, possessor of a bronze pin, has earned a silver one, and is well on her way to a gold award. Her points came principally through advertising and circulation work.

Ruth Mae Dawkins was the first to qualify for a bronze pin, winning it almost entirely by news and feature story writing.

Mildred McCune has a comfortable start towards a silver pin. Her points were earned by reporting and advertising work. Helene Foellinger won hers by her efforts as exchange editor.

Ruth Eickmeyer and Elizabeth Schmidt accumulated their points by reporting and head writing.

The pins have been ordered for some time but because they are being made of heavier quality have not yet arrived.

Students who have done efficient work in certain positions on the Times and Totem will not get their pins until June.

**Alma Returns**  
Geraldine Markwalder, who graduated in February, has returned to school and is taking art.

## OPERETTA TICKETS ARE NOW ON SALE

"Once In a Blue Moon" To Be Given on Evenings of May 15 and 16

## ORCHESTRA WILL PLAY

Tickets for the operetta "Once In a Blue Moon," to be given May 15 and 16 at the Harrison Hill school auditorium, are now selling. All students may enter for 35 cents but tickets for outsiders will be 50 cents. They can be purchased from any member of the cast or of the Glee clubs.

The cast is practicing very hard and rehearsals with the orchestra will begin next week.

Ruth Richey is taking the leading part, appearing as Sylvia Montgomery. The part of George Taylor is taken by Virgil Hise. George and Sylvia fall in love with each other and many exciting incidents take place. Mrs. Montgomery, Helen Crawford, is hostess at a week-end party. During the party a robbery takes place, creating much interest and excitement among the guests.

Other characters are:

The Moon Lady..... Ruth Wemhoff  
Beatrice Montgomery..... Mary McCurdy  
Betty Morton..... Sylvia's best friend  
Mrs. Lila Lavender..... Neenah Knight  
Billy Maxwell..... Leslie Emerson  
Mr. Bobbitt Morton..... Howard Crise  
Suzanne..... a French Maid.

Thelma Buirley  
Hop Sing Hi, the House Man.....

Robert Nossett  
Shylark Rooms, a Detective.....

Melvin Richendollar  
Mooney, a Policeman..... Tom Ward

Every member of both Glee clubs has some part in the operetta. There are several choruses in which they will all take part.

The orchestra will play at the beginning and between acts and also for the choruses.

## MEMBERS OF P-T CLUB TO HEAR SAFETY TALKS

To Elect Officers for Next Term; Mrs. Bowser in Charge of the Program

Talks on safety by Miss Ida Jones, general secretary of the Y. W. C. A., and Mr. C. M. Bresnahan, traffic director, will be the main feature of the next Parent-Teacher meeting, which will be held May 13 in the session room at 3 o'clock. Mr. Schafer will furnish the music for this program.

Election of officers for the coming semester makes this one of the most important meetings of this term.

"We hope that there will be a large attendance at this meeting and everyone is cordially invited to come," said Mrs. H. Bowser, who is in charge of the program.

## SILVER CUP WON BY TIMES IN PRESS CONTEST ARRIVES

Award Is About Twenty-four Inches High; Is Now on Display in Library

The silver cup, won by the Times for receiving first place in the first annual contest conducted by the Columbia University Scholastic Press association, is now on display in the library.

The cup is about twenty-four inches high including the base. Publications from schools having an enrollment of more than 1,000 were in Class A. The Times won first place in this division. The South High Beacon, of Cleveland, and the "E" Weekly of Englewood high school won second and third places, respectively. Over 300 high schools entered this contest.

## Many Are Absent

Lewis and Clark high school of Spokane, Wash., has been visited by a fever epidemic. Over 200 are absent every day of the week and over 129 excused. On one day alone there were 281 absent and 168 more excused. Many events and examinations have been put off for this cause.

## BLUE AND GREEN GIRLS TO CROSS BATS TODAY

Seventh and Noon Hour Teams Leading in Inter-class Tourney; Elect Varsity Captain

Because of the conflict with the big game with Central yesterday, the girls' game was postponed until today. If the field is dry at Central, the clash of bats will take place there. If not, the lassies will compete on the hardwood at South Side.

A strong line-up from both schools is guaranteed, and a royal battle is predicted. The Mildredites are determined to keep their spotless record of victories in the sport world free from dirt, while the Blue ones are determined to spot it all up.

The class ballplayers have been stepping lively and the seventh and noon hour girls have copied the first games in the inter-class tourney. The seventh defeated the fourth, while the noon gang triumphed over the first hour aggregation.

The varsity captain was elected last Tuesday, but the paper went to press before the result was given out.

## REQUEST PAYMENTS NOW

Exactly one-half of the students who have signed for Totems have not finished their payments. Many of these have paid only a quarter. As there are only about fifteen more school days until the book appears, it means that there will be a big rush to pay, with many annoyances and much delay, if these 450 do not pay immediately.

About thirty pupils should complete their payments each day to avoid a last minute mix-up. Only about ten a day for the last two weeks have been paying.

"When the books come, we will stop accepting payments until the annuals have been distributed to all those who have paid in full, and then we will take care of the others," Miss Harvey said yesterday. "Last year we were accepting payments in one place and giving out books in another. This system will be changed this year, and the payments will be suspended until the Totems have been given to those who have met their obligations."

## TYPING AWARDS GIVEN TWENTY-SIX STUDENTS

Vesta Johnson Wins Royal Gold Pin; Underwood Gold Pin to Winifred Beeth

Twenty-six typewriting awards were won during the month of April. One Royal gold pin was awarded to Vesta Johnson, who wrote 45 words per minute, and the Underwood gold pin was won by Winifred Beeth, 26, formerly of Muncie, who wrote 64 words per minute. Other awards which were won during the past month are as follows:

## STAFF FINISHES WORK ON TOTEM

All of Material Sent to Printer; Book Surpasses Last Year's Publication in Many Ways

## FORTY-TWO PAGES ADDED COMPARISON OF TOTEMS

**COMPARISON OF TOTEMS**  
"Figures don't lie"  
No. of pages..... 198 240  
No. of engravings..... 186 341  
No. of individual pictures..... 122 590

The chef of the Totem now sits with idle hands, for he has completed the selection, measuring and mixing of the ingredients of his 1925 masterpiece which is now taking its final form in the printer's oven, and will be ready to serve to a hungry multitude about June 1.

Bud Beck, chef extraordinary, together with his chief cooks and various "bottle washers" are not yet through with their job, however, for proofs of this delectable dish will be sent to them from time to time for a little more spicing and possibly a few more fixins, but the great bulk of the work is done. The printer says, from the way it is coming along, that it will be ready for slicing and serving about June 1.

Exactly 950 slices of this viand will be made. About 930 of them have been spoken for, but the remaining pieces may be obtained by the students and pupils and outsiders who are the first to speak and pay for the privilege of being Jack Horner. Miss Harvey is acting as cashier for the feast and is willing to take anyone's two dollars, or any part thereof, for a share of the pudding.

## EXTEMP POSTPONED FROM MAY 8 TO 22

Eight Sign Up for Speaking Contest; Lucille Lapp Will Be Chairman for Event

The extemporaneous speaking contest, which was to be held tomorrow, has been postponed until May 22.

Hubert Beck, Elsie Crane, Ruth Eickmeyer, Dorothy Emrich, Virgil Horn, Power W. Karr, Thelma Gasser, and Gertrude Schuelke have entered the contest.

Lucille Lapp will be chairman. The judges have not yet been chosen. Each speaker will be allowed eight minutes for the constructive speech and five for the rebuttal.

## HALLSTEIN, FELGER TALK FOR MATH-SCIENCE CLUB

Electron and Static Electricity Are Subject of Speeches Given at Meeting May 1

Walter Hallstein and Maurice Felger, speakers on the program for the Math-Science club meeting held May 1, discussed the electron and static electricity. Felger showed how electricity can be generated by rubbing cat fur and he also used an electro-scope in demonstrating his talk.

Eleanor Colson, president of the club, chose a nominating committee consisting of Mr. Whelan, faculty advisor, Pauline Baumgartner, chairman, Cornelia Bade, Maurice Felger, Kathryn Chapman, and Carl Rohrer. The election of officers will take place at the next meeting of the club.

Plans for the annual Math-Science picnic will be made by a committee to be chosen soon.

Games and eats were enjoyed after the program last Friday.

## One-Act Play Contest Held

A \$10 prize is offered to the student of the Kern County Union high school, Bakersfield, California, who writes the best one-act play.

## SO-SI-Y CLUB MEETING CHANGED TO MAY 20

Change of Date of Mother-Daughter Banquet Causes Girls to Meet Later

"On account of the postponement of the Mother-Daughter banquet, the So-Si-Y meeting has also been postponed from May 12 until May 20," stated Elizabeth Schmidt, president of the club. This meeting will be held in Room 24.

At this time "Grace Dodge Day" will be observed. Grace Dodge was the first president of the National Board of the Y. W. C. A. of America. She was elected to this position in 1906 at a nation-wide meeting, and was interested in many things, such as bettering the working conditions and social activities of girls.

Grace Dodge was also one of the founders of the National Travelers' Aid.

Before the Grace Dodge program the officers for next semester will be elected. Nominations have not yet been made, but will be announced at a later date.

All the members are urged to come and cast their votes for the election and help make final plans for the June Pete to be held June 4.

## POEM IN PAPER REVEALS SECRET

Powder and Paint Used by Girls Twenty-four Years Ago.

Mr. Voorhees recently "dug up" a couple of old high school papers published about twenty-four years ago. A little poem which appeared in one of these papers will break down some of the arguments that the fathers of today tell their daughters who use paint and powder, declaring their mothers never used such stuff. This little poem appears in a four page, three column high school paper published in 1901, just about the time these fathers were courtin' these mothers who didn't indulge in these beauty parlors, and helps to prove that society was as well versed in the use of rouge and powder as some of the flappers of today. This little verse reads:

"Little grains of powder,  
Little drops of paint,  
Make a lady's cheeks  
Look as if they ain't."

## PHILEATHIANS HEAR MR. NULL AT MEETING

Picnic To Be Given June 1 at Diserens' Farm; Senior Meeting May 18

"We want people who can do one thing well, but what I think is that we should have men developed all around," said Mr. Null in a talk given at the meeting of the Philaethians last Monday in the cafeteria. His subject was "A Broad Highway for the Mind." He pointed out that people should specialize in one particular thing but should not neglect other subjects for that one.

Ruth Wemhoff sang two solos, accompanied by Rose Joseph, preceding Mr. Null's talk. Geraldine Lower and Lillian Lower played a duet. After the meeting refreshments were served consisting of orange ice lollipops.

## Picnic To Be June 1

The Philaethian picnic is to be held June 1 at Diserens' farm. All girls who do not pay their dues before that time will not be allowed to go to the picnic.

Senior meeting will be held May 18.

## STANSELL, OF CHICAGO, ELIMINATES CORBETT

George Stansell, of Chicago, took first place in the Central States zone finals of the national oratorical contest. Tomorrow night, in the mammoth Washington auditorium at Washington, D. C., he will face the title holders of the six other zones in the national finals.

Francis Schlageter, of Buffalo, N. Y., was given second honors and was selected as Stansell's alternate in the final meet. Francis Corbett, the orator from Central Catholic high school of this city, did not place.

## Classes Study Cotton

All the classes in chemistry, commerce and industry of the Mansfield (Ohio) high school united to continue the study of cotton with the aid of the picture machine.

## G. R. CLUBS POSTPONE BANQUET TO MAY 12

Inter-Club Council to Present "The Rainbow Trail; Mrs. H. Bowser Toastmistress

The annual Mother-Daughter banquet for all Girl Reserves in the city, which was planned for May 8, has been postponed until Tuesday, May 12.

"The Rainbow Trail," a clever playlet, will be given by the members of the Inter-Club Council. Representatives of the four high school clubs will take part. Mrs. Harry Bowser will be toastmistress for the mothers, and Anna McFarland, of the Friendship club, will represent the girls. Further plans for the program have not yet been announced, but it is probable that there will be some music.

"All Girl Reserves are urged to bring their mothers to this banquet instead of letting their mothers take them," said Miss Symons, Girl Reserve secretary.

## LOCAL NOVICE TEAMS GIVEN THIRD PLACES

Official Results To Be Published Later; Winifred Beeth Takes Third in Open Typing

Individual winners of the state commercial contest, which was held at Muncie last Friday, have not yet been announced. The cups and medals were awarded at Muncie Friday but the standing and percents of South Side's representatives were not given.

South Side's novice typing team received third place and the beginning shorthand writers also took this place.

In the open typing test, Winifred Beeth of South Side was awarded third place. She really had the highest percent of the students entering but teachers took the first two places. Miss LaVera Vail, a former student of Central, won first honors in the open shorthand class.

Individual ratings of the winners and of the South Siders who entered will be published later.

## SALE OF JUNIOR BANQUET TICKETS CLOSES AT NOON

Tickets Selling for Fifty Cents; Can Be Purchased at Booth or From Class Officers

## PROM TICKETS ON SALE UNTIL SATURDAY NIGHT

Class President Advises Juniors and Seniors to Attend Both Banquet and Prom

"Let's put the junior affair over big by attending both the banquet and prom," urges Dick Wiener, president of the class.

Tickets for the banquet, which are 50 cents, can be obtained until noon today at the booth in the main entrance or from any of the class officers. Prom tickets, which are being sold for \$1.00 per couple, can be bought up to Saturday night.

The banquet will get under way in the cafeteria at 6:30 o'clock. The entertainment committee for the banquet is composed of Ruth Eickmeyer, Cornelia Bade, Richard Bickel and Eric Lasch. Maxine Schmieder, Chris Branning, Howard Crise, Gerald Duwan, Violet Fell and Gertrude Schuelke will decorate the cafeteria. Mr. and Mrs. R. C. Harris and Mr. and Mrs. L. C. Schmalzried will be chaperons for the banquet. Miss Burns, faculty advisor of the class, is helping to work out details for the program.

Dancing will begin in the gym at 8:30. Spiegel

**HUBERT BECK.....STUDENT COUNSELOR**  
**ROWENA HARVEY.....FACULTY ADVISOR**

Faint heart never won an honor study hall.  
An old "thinking cap" is better than another new hat.  
All loud voiced people are not high toned.  
A cowardly cur barks more fiercely than he bites.  
While there are but few women orators, most girls are extemporaneous speakers.

"Who is that girl? She looks so cheerful, I couldn't help but notice her," said a visitor. "And I like the looks of that boy, too," he went on. "He looks as though he had the smiling habit, and acts like a good sport."

Both the boy and the girl are popular and when some of their friends were asked why, they said, "Well, it's awfully jolly to be around them. You just know you'll have a good time, and besides, they'd both do anything they could to help a fellow out of trouble."

There is little danger of our studying far beyond assignments, but to keep up will mean much in those crowded days at the end of the semester, when exams stare us in the face and outside activities take up most of our time.

The great men of all ages keep up with the times and with the problems of the day. If we wish to be great some day, it would help us to get the habit now of keeping up with everything. So let's get after those assignments every day and in this way keep up our work.

Be an Engine, not a Freight Car or an Empty. Do your own thinking and exercise some initiative. Don't be content to trail along in the wake of someone else. There is nothing so helpless as a freight car without an engine, unless it is the individual who has no motive power of his own. As useless as an "Empty", we consider the person who is so intent upon big achievements in the future that he neglects present opportunities.

You have motive power of your own. Make use of the opportunities the present offers and have everyone label you as an Engine.

The story of nearly every great success is—beginning again and again after defeat seems certain. When things look black and hopeless, it is not the time to give up, but is the time to start again.

When the sailors with Columbus wished to turn back, and defeat seemed certain, Columbus sailed on and discovered the new world.

General Sheridan turned defeat into victory in the Civil war when he turned back his retreating soldiers and made them carry on.

One of America's greatest novelists had one of her first books rejected more than a hundred times.

If you are at the end of everything, rest a bit, think a lot—then begin.

He may be getting a little old, his pants may bag at the knees; he may not wear his coat in the house and his shoes may be full of holes; he may have carried the lunch pail a good many years, and it may be battered and bent, but don't call him "the old man," for he's your dad.

He has striven to give you the best of things and will do so to the end. He wears old clothes that you may have new, so it's you, the son or the daughter, that has failed and not your dear old dad.

You spend his hard-earned money and then insult him by calling him your "old man." But remember that he is some man, worth respect, and as the term "the old man" implies nothing but disrespect, call him your dad.

## A Mite of Verse

### THE THUNDERSTORM

Earth lay gasping, while the summer sun  
Fired her veins with fever; to her side  
Summoning the South Wind, piteously  
begged  
Earth, the giver of food, life's nourisher,  
"Haste, child, seek the clouds; by prayer or force  
Win the favor that they send me rain.  
Else shall I, who feed both them and you,  
Perish." Heat beat from her ingreant waves  
Speedily the obedient wind rushed forth,  
Seeking the clouds. As when old Proteus met  
Hercules, so matching guile with might,  
Changing form, yet fleeing constantly,  
Over heaven's vast expanse is spread  
Conflict, flight, pursuit. At last, constrained,  
Sullen clouds conceal the burning sun,  
Lightnings flash and thunders roar their rage.  
Vain their strife: they yield to Earth's request;  
Showers refresh and heal Earth's fevered breast.  
—Herman O. Makey.

## Read A Bit

"Knife, fork and spoon help civilized man in eating; Atlas, dictionary and encyclopedia helps him in reading."

"In the Days of Poor Richard" by Irving Bachelor, is a picture of Benjamin Franklin, the man, and stirring incidents of Indian fighting—progressing through the Revolutionary War.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel will consist of seven chapters. Members of Mr. Makey's classes will write a new chapter each week and the best one will be published.

CHAPTER III.  
"Are you going with me tonight?" asked Harry New, a fellow-member of the orchestra Bob played in, a couple of months after Bob's visit to the Scranton home.

The best things that could be said about Harry were that he knew how to play a violin well enough to play in a jazz orchestra and, with difficulty, managed to keep sober while playing.

"I don't know," replied Bob doubtfully. "I'd better practice that new piece the director handed out today."

"I think so, too," Harry replied winking solemnly. An amateur like you, who has hardly touched a violin in his life, had better work to keep up with an orchestra like this. But seriously, you'd better come with me; the gang will have something there that'll keep you in good spirits. It's much better than the last lot; I've already sampled it."

"I'll be ready at eight," replied Bob, laughing.

"All right. I'll be after you at about that time."

Bob walked home to his rooms alone. Dan Franklin had already left and had, therefore, missed the conversation between Harry and Bob, as he had missed similar conversations between them.

"Hello, Bob," said Dan cheerfully, as Bob made his appearance in Dan's rooms. "What are you going to do tonight? You know this is Thursday."

"I've got a date with Harry New," Bob replied. "With Harry New?" "A troubled look came across Dan's face. "Why don't you come with our gang once again? We've been missing you."

"The gang that I go with has a lot of pep."

"So I have noticed. Do you remember when little Jack, the newsy, told me that you were lying in an alley, dead drunk; and I had to get there before a cop beat me to it?"

Bob blushed but did not answer. "Listen, Bob. If I were you, I wouldn't run around with that bunch any longer."

"I don't see anything wrong by going around with them; they're a good bunch of fellows. Who can blame any one for taking a drink once in a while?"

Dan did not answer, but he thought bitterly of the change that had come over Bob since he had started going with Harry's crowd.

At eight o'clock Harry came and then left with Bob, who had gone back to his room to get ready.

"This is going the limit," said Dan to himself after Bob and Harry had gone. "If Bob doesn't look out, he'll be out of a job, sure. Nobody can be out of a job, sure. Nobody can stand the pace he is setting and still play in an orchestra, no, not even a Steinhardt winner. Bob must be blind. Can't he see that the director is losing patience? Some of these days the director is going to get tired of calling him down for being half drunk or for going to sleep, almost in orchestra practice. Next time he asks me for five dollars, I'm afraid I'll have to refuse it."

Dan sat down and started to read a book, but he gave it up and went to bed.

About three o'clock in the morning Dan awoke. He thought that he heard a sound at his door. He crawled softly out of bed and went to the table and got a flashlight and a small revolver. The sound now seemed to move across the hall towards Bob's room. Dan opened the door softly and looked out into the hall, where he could just make out the outlines of a figure that looked as if it had fallen in a heap on the floor. He tiptoed over to it carefully and, seeing no move nor hearing any sound (or was there a faint suggestion of a snore?), he pointed the flashlight at the figure. It was Bob, dead drunk. Dan hurried back to his room and put away his gun and flashlight. Next he carried Bob to his room and laid him on the bed.

"This surely is the limit," Dan said; "but I might have known that it was Bob, even if he did tell me that he was going to stay with Harry tonight."

### TEACHERS AS HUMAN BEINGS

A faculty is a group of teachers. A teacher is a person who assigns lessons, gives tests, deals out cards and catches people doing wrong. After she (feminine for convenience) does all these she is usually a human being. As a rule she has the average amount of intelligence. She has two sides to her bed—the right and the wrong. She wants to choke, knock down and trample upon the students as often as they wish to return the compliment. She bears all she can; then she bears a little more; then she does and says the least of the things she would like to say and do. She goes home each night and prays that the Good Lord will see her through just one more day—and He always does.

### THE SENIORS' GOODBYE

South Side, the time is drawing near, A time of parting, bitter-sweet;  
A rosy time, yet one so drear,  
A time we wish, but dread to meet.

Each year the Senior class leaves you In just the same reluctant way  
With high school work and life we're through,  
And quickly comes the parting day.

Oh, school we hate to leave you now  
Our friends and times to us so dear,  
But our work in life is waiting too,  
And our calling we must hear.

Our wish for you is deep and true,  
We hope you'll prosper through the years,  
That your spirit will remain with you,  
In spite of trials and fears.

We hope we've helped you just a bit  
South Side, to hold your standard high,  
We've tried to do our very best,  
And it's hard to say good bye.  
—Bertryl Merrill.

He won't be able to go to work tomorrow in this condition. What'll he do?"

Dan made Bob as comfortable as he could and then went back to his own room and, after much worry about his friend, finally managed to drop to sleep.

The next morning Dan went to Bob's room to get him up for orchestra practice. He shook him roughly, but Bob snored on. He applied cold water, none too gently, over Bob's face; but all he could get out of him was an almost unintelligible desire to be left alone. Dan gave it up as a bad job and left for his work alone, thinking of the calling down that would be due Bob the next morning. It might even be something worse than a calling down.

"What's the matter with Allen?" asked the director of Dan, when Dan made his appearance at the orchestra. Don't you and he board at the same place?"

"Yes, sir, we board at the same place. He's sick."

"Oh, he's just sick, sir?"

"You tell Allen that I have about enough of this foolishness. When he's here, he's almost drunk half the time, asleep the other half, and at home recovering from the effects of the night before between the halves. Tell him I want to see him just as soon as he gets back."

"All right, sir."

After practice was over, Dan walked home worried. Would Bob get discharged? He walked into Bob's room and saw him sitting up with a wet towel around his head.

"How do you feel?" he asked.

"Fine," replied Bob, grinning. "What did the old man say?"

"Plenty."

"I'll bet he raved; but I don't think he'll fire me, do you?" asked Bob nervously. "Gosh, he wouldn't fire a Steinhardt winner. This isn't the first time I laid off a little, and he didn't do anything but call me down for it."

"Bob," said Dan softly, "do you remember that about two months ago I promised to let you something about why I happened to be playing in a jazz orchestra and still going with that gang down at our club house?"

Well, I won't tell you much, no; but it ought to be enough. About eight months ago, in another city, I was doing exactly as you are doing now. That kind of conduct cost me a million dollars, and a father, and a mother."

"Now listen, Bob," he continued; "you have two chances. You can either go back and do as you have been doing and—O, well; or you can go back and take your medicine and play, maybe, and behave yourself."

Dan had spoken plainly, and Bob knew it. He also knew without Dan's having to mention it that if he chose the former course he would lose a good friend. It was this last thought that prompted his answer.

"Maybe I had better keep sober while playing."

"Tomorrow when you go back, you'll surely get it; but, if you keep your mouth shut, you have an even break of keeping your job or getting fired. Just now, as it happens, there are many more musicians than there are positions; and so let's hope that—"

Dan got up and left the room. He had been angry with Bob and perhaps had already said too much. "I'll see you tomorrow, Bob," he called back.

The next morning Bob and Dan walked silently together to orchestra practice. When they entered the room, the other members suddenly quieted down, for they knew of the impending storm. Dan walked over to his seat, while Bob walked up to the director with the feeling that a man has when he knows he is to be shot at sunrise.

"Allen," said the director quietly, "there's the door, or there's a place with the second violins that you can try for a week. "All right," he continued, turning to the other members of the orchestra, "Let's try that new piece now." He paid no more attention to Bob.

Bob did not hesitate, but walked over to the place among the seconds pointed out by the director.

Edward Hulse (reading Browning's poem, "One Word More"): "I think Browning has a funny idea of one word. This poem is seven pages long."

Marcella Shalley in English class: "The Blackfoots marched forward."

Bob K. (waiting for the show to start): "When does this thing start to commence?"

Bill Baer: "Why is it that tobacco and drief beef are so much alike?"  
H. Baer: "Oh, they aren't."  
Bill: "Well, they're both smoked."

H. Baer erasing a half a page of writing)—  
Bob Miles: "Have you made a little mistake or are you just saving on paper?"

Miss Fish: "What gender is res?"  
Paul H.: "Female."

Mr. Schmalzried: "What do you know about Czechoslovakia?"  
Maurice M.: "It's hard to say."

Miss Smeltzly: "Who killed Abraham Lincoln?"  
Elizabeth S.: "Booth Tarkington."

Jim Wilson: "Did you hear about the man who drowned his wife in bed?"  
Sprunger: "No, how did he do it?"  
Jim: "He picked up the mattress and threw her in the springs."

A tutor who tooted the flute,  
Tried to teach two young tooters to toot.  
Said the two to the tutor,  
"Would you rather toot or  
Tutor two tooters to toot?"

Little Sammy was sitting on the stairs watching a violent storm.  
"What yo' all doin' out in the rain?" called his mother.  
"O mammy," he cried, "I was sittin' hear and the Lawd done took a flash-light of me!"

Ruth Egan: "Do you like codfish balls?"  
Jack Teeters: "Dunno, I never attended one."

Mr. Makey (as bell rings): "Take it to your hearts, and farewell."

Bob: "I didn't know Jack could talk in his sleep."  
Ralph: "Why?"  
Bob: "Yes, he answered a question in history this morning."

MY SECOND POME  
"Fire! Fire!" cried Mrs. McGuire,  
"Where? Where?" questioned Mrs. O'Hare,  
"Down Town," said Mrs. Brown,  
"God bless us and save us," prayed Mrs. McDavis.  
—K. Flaig.

Allen Mason to W. Van Ness: "If brains were bones—you would be a jelly-fish."

Junior Groth bought a two-pants suit from LeRoy Shine's father.  
Shine: "How do you like that two-pants suit?"  
Groth: "Oh—very well. But it's mighty hot wearing two pairs of pants."

Mr. Whelan: "What is dust?"  
B. Fleming: "Mud with the juice squeezed out of it."

J. Lighthill: "What makes the river look so angry?"  
Mr. Schmalzried: "Well because its been crossed so much."

Geraldine Grover, giving an account of Athelstane's death in Ivanhoe: "The people at the castle were celebrating his funeral."

Miss Miller (asking about absence of Melvin Richendollar): "Where is Melvin?"  
E. Loeschner: "He's absent."

Miss Miller: "Mary, tell us about Louis Philippe."  
Mary Falk: "Louis Philippe was very democratic. He walked with an umbrella without a bodyguard."

Mr. Voorhees: "Are you an A student?"  
Bob Miles: "Yes sir."  
Mr. V.: "In everything, are you quite sure?"  
Bob: "Yes, 12 A."

Mr. Schmalzried: "Women are better than men by nature."  
D. Shimer: "What do you mean by that 'by nature'?"  
Mr. Schmalzried: "Nature is the most natural thing there is."

Mr. Makey: "Did I tell you about my neighbor that hasn't slept for 30 days?"  
D. Lombard: "How come?"  
Mr. Makey: "He slept nights."

Telegram to friend: "Washout on line, cannot come."  
Reply: "Come anyway—borrow a shirt."

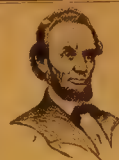

ARE YOU ON IT?  
Cecile (at a football game): "Those faces! I wonder how they ever get them clean!"  
Jerry: "Well, what do you suppose they have a scrub team for?"

"My heart is with the ocean," cried the poet.  
"You've gone me one better," said the seafaring man, "everything I have is in there."

First Little Girl: "What's your last name, Annie?"  
Second Little Girl: "Don't know yet; I ain't married."

He hit me with a tomato—  
Such things a law should ban.  
The tomato itself didn't hurt me,  
But it was inside of a can.

WELL! WELL!  
Don: "Do you know that John talks in his sleep?"  
Windy: "No."  
Don: "Well, it's true; he recited in history this morning."

## SOUTH SIDE NINE TO CROSS BATS WITH MANUAL HI

Green and White and Indianapolis To Meet Saturday Afternoon on the Local Diamond

CAPITOL CITY CLOUTERS ARE HARD HITTING TEAM

Were Runners-up in State Tournament Last Year; Gilbert to Start Regular Line-up

Manual Training high school of Indianapolis will combat with the Green and White baseballers on Saturday, May 9, at the stadium.

Manual high will bring a hard hitting aggregation of ball players to oppose the South Side squad. There are many well known athletes on the team who are going at a great pace among whom are Higgs and Martin of basketball fame.

Last year Manual had one of the best teams in Indiana and the series between Manual and Tech high schools were hotly contested. Tech was beaten by Jefferson of Lafayette in the final game of the state baseball tournament.

To Start Regulars  
Coach Gilbert will probably present his regular line-up for this game, with Brubaker on the mound and Staigt on the receiving end.

This is one of the best games on the schedule and everyone is urged to see this game.

## TWENTY-FOUR NEW MEN ANSWER FOOTBALL CALL

Spring Practice to Last One Week; Old Squad to Help Train Candidates

Coach Welborn's call for men was answered promptly by twenty-four new candidates. These men are green and will be taught the game of football from all points in tackling, charging, falling on the ball, lining up and signaling.

Coach Welborn expects men from last year's squad to assist him in training the recruits. Spring practice will last for one week beginning Tuesday night, May 4.

Equipment was issued to the following men: H. Morris, J. Bolster, N. Mines, C. Martin, C. Lentz, H. Rose, G. Brinkman, H. Minier, V. Bray, P. Sigrist, H. Smith, A. Kap, D. Romey, P. Birely, W. Wenzel, J. Hafert, K. Omerod, C. Matlock, S. Peers, J. Norton, A. Kent, M. Azar, S. Fleming.

## Sport Shorts

Garrett was the fastest team that South Side has bucked up against this season.

DeHaven was the big star of the game when he slammed one out into left field with the bases loaded.

Brubaker was given good support.

Dissinger played an exceptionally good game at first base.

South Side's thinnies will have another chance to meet Central in the district track meet at the stadium, May 15.

Nobles again was the individual high scorer.

Bob Juday, of Olympic fame, was unable to be present to give his exhibition in high jumping and pole vaulting.

South Side captured first place in four events: the 100-yard dash, 220-yard dash, 120-yard high hurdle and the shot-put.

Lundy Welborn was official starter at the dual swimming meet at the Y. M. C. A. pool last Saturday night.

Central was defeated by Bluffton, 4 to 1, last Thursday but came back next to the next day and shut out Auburn 10 to 0.

The Lime City trackmen were unable to cause trouble at the meet last Saturday due to the inexperience of the team.

Miss Smeltz's general history class has completed a study of the Swiss government.

Mr. Null's classes just finished writing a description of South Side high school. They are not writing themes every week now but are working on their long themes. These themes may be on any topic and will be about six hundred words long.

Systematic weather observations made by the 10A physical geography classes during the past three weeks have given the students a better opinion of the accuracy of the weather man. Only two low scores have been given while on seven out of the fifteen days the forecast was rated 100%. The average score on accuracy was 86%.

The horsehide slingers sure are setting an awful pace.

Like all other things at our school the track team has made an exceedingly good showing since its existence.

So far our gallant weatherman has chosen fair weather for baseball games this season. Hope he keeps it up. (Also for some other occasions).

It looks as if the baseball team will go still farther at the state tournament this year.

We suggest getting a steam roller on the track and not make the poor boys work these warm (?) days.

## IF---

If Huntington had not been entered in the triangular track meet last Saturday South Side would now hold claim to the city championship. Huntington's only four points came in the high jump when Heaston and Grayston tied for second place. Gruenert and Rahe finished next to these two men. If Huntington's men had been out of the meet South Side would have taken these four points, thus coping the meet, 50 to 49.

## TRIANGULAR MEET WON BY CENTRAL

Blue and White Noses Out South Side In the Final Event

NOBLES IS HIGH SCORER

South Side's trackmen were defeated in the triangular meet at the stadium last Saturday afternoon, when Central nosed them out in the final event. Central rolled up a score of 49 to South Side's 46 points. Huntington proved to be the weakest team, copping only four points. South Side was in the lead until the final event, when Central took all places in the broad jump. This was the first time that the two local schools were seen in a track contest.

South Side jumped into the lead at the beginning of the meet when Brubaker won the 100-yard dash, and Lighthill crossed the line for an extra point. Brubaker also copped first place in the 220-yard dash while Lighthill again copped third place.

Nobles was the individual high scorer of the meet with 15 points, taking first place in three events. He won the high jump, pole vault, and broad jump. Nobles set a new record for the broad jump, jumping 20 feet 8 inches, 4 1/2 inches farther than Diehl's record of last week. He was awarded a blue ribbon trimmed in gold. Nobles also ran in the half-mile relay.

Smith was the first to cop a first place for the Tigers' when he won the 440-yard dash. Lombard finished second and Richendollar third. Lamont won both the mile and half-mile events. Clapham fought hard to win but could not overtake the star distance runner. Lamont was unable to break his record time of 4 minutes, 47 seconds. Loetz crossed the line for third place. Clapham also finished second in the half-mile, while Miles copped third place.

Welborn's men captured the first three places in the 120 high hurdles. Captain Ed Rahe, the star hurdler, ran true to form and won this event.

C. Fleming finished second and Currie third. Diehl covered the low hurdles in good time and gave Central first place in this event. South Side copped a second and third place. C. Fleming finishing second and Rahe third. Rahe was doped to win this event but his shoe came off in the last 20 yards of the race.

Nobles won the high jump. He cleared the bar at 5 feet 3 inches. Huntington scored its only four points of the meet when Heaston and Grayston tied for second place. Thiele carried off honors in the shot put event when he put the iron ball 39 feet, 6 inches. Kowalczyk finished second and Branning third.

Nobles cleared the bar at 9 feet 6 inches in the pole vault for first place. Staley copped second place and Currie third. Central landed the first three places in the broad jump. Nobles won first place, Diehl second, and Smith third.

The broad jump was the last event of the meet. South Side had 46 to Central's 40 points. Richendollar and Currie were the only entries to qualify for South Side but were unable to equal Nobles' jump of 20 feet 8 inches and Diehl's jump of 20 feet 4 1/2 inches.

Central won both the mile and half-mile relays but no points were given for these events. Felger, Morrill, Smith and Lamont finished the mile relay in good time. The half-mile relay was the closest race of the meet. South Side held the lead until the last few yards, Felger, passing Brubaker just before he reached the line.

After the meet the men that placed first, second, and third in each event were given blue, red, and white ribbons, respectively. A crowd estimated at 500 saw the close contested meet. Bob Juday was unable to be present to give his exhibition in the high jump and pole vault.

The summary of the meet is as follows:

100-yard dash—First, Brubaker (SS); second, Kepler (C); third, Lighthill (SS). Time—107-19 seconds.

220-yard dash—First, Brubaker (SS); second, Kepler (C); third, Lighthill (SS). Time—248-10 seconds.

440-yard dash—First, Smith (C); second, Lombard (SS); third, Richendollar (SS). Time—55 seconds.

Half mile—First, Lamont (C); second, Clapham (SS); third, Miles (SS). Time—2:14.

Mile—First, Lamont (C); second, Clapham (SS); third, Loetz (C). Time—4:56.

220-yard low hurdles—First, Diehl (C); second, Flemming (SS); third,

## GARRETT NINE IS VICTIM OF GREEN

"Tinah" DeHaven Knocks Out Triple Hit in Fifth Inning With Bases Full

IS FOURTH STRAIGHT WIN

Another foe went down before the bats of South Side when the Green baseball team defeated Garrett to the tune of 7 to 3, Friday.

The mighty bat of Lester "Tinah" DeHaven was the direct cause of destruction when he hit a triple in the fifth inning with the bases full, almost duplicating his feat in the Auburn game when he hit a homer with the bases occupied.

Up to the fifth inning the game looked dark for South Side, Garrett having made three runs, one in the first inning and two in the fifth, while the Green and White were able to garner only one run. In the fifth Thompson walked two and Nulf hit a single when DeHaven lined one out to the left hand corner of the stadium and, after reaching third, stole home.

Strongest So Far  
Garrett has presented the strongest opposition against South Side thus far. This was the Green's fourth consecutive win.

Brubaker held the Maroon and Blue to six hits while Garrett's south-paw, Thompson, seemed to have the South Siders slingers helpless for the first five innings.

Distel was the only man, besides DeHaven, to hit for extra bases when he banged out a double. South Side played good ball in the field and only one error was chalked against her.

## SPORT GUSH

These last minute rallies don't appeal to us one little bit. Why did there have to be a last event in last week's track meet? (We'll admit that the latter is a trifle "coo-coo.")

Being out-of-town, we didn't see the baseball game and we didn't get up in time for the meet. So we're using our imagination. It's a very vivid one, so take everything we say with a pinch of salt.

One thing, though, Tinah's triple with the bases full wasn't any imagining. He's following out our order of knocking homers and triples when the bases are full. Understand, the bases must be full. If he keeps it up for the rest of the season, we'll award him a nice award.

There was a large crowd at the meet, but it was composed mostly of Centralites. Not so good, not so good. But then, we oughtn't to talk. We've had the awfulest qualms of conscience for not going with our little notebook and pencil. We know they missed us.

Little Eddie Clapham must be one bundle of speed from his head to his toes. Running a close second to Lamont, the "speed spook," from Central is nothing to sneeze at.

## CENTRAL BREAKS EVEN BY DEFEATING AUBURN

After Being Beaten by Bluffton, 4-1, Blue and White Scores Win Over Week-End

Stinging with the defeat handed them by Bluffton, the Central nine turned around and beat Auburn, 10 to 0, Friday afternoon. She played a tight game, Kowalczyk starring by registering a home run and clouting a three-bagger with the bases full.

Scott pitched good ball for the Tigers, striking out seven of his opponents. Bluffton downed the downtown team by a 4 to 1 score. This defeat spoiled Central's perfect record, they now having one loss in a total of five games played.

## STAFF FINISHES WORK ON TOTEM

(Continued from Page 1)

A larger number had a share in the making of this year's Totem than ever before. As approximately fifty students contributed ingredients. The measuring and mixing was done by a much smaller number, as Beck was afraid of "too many cooks spoiling the broth." About ten art students had charge of putting on the trimmings. The names of all the students who helped will be announced at a later date.

Dick Porterfield has proven an able "provider," Miss Harvey says, as he has obtained about \$350 more advertising than has any other ad manager that the Totem has had. Mary Monroe, too, has broken circulation records, passing the record of 725 in 1923 and the mark of 800 last year. Though a few books remain to be sold, one or two new subscriptions a day are coming in, an average that will take all surplus books, it is thought. Harold Bridge, business manager, has shown unusual ability to look after and co-operate with his business assistants, and will soon start a drive to bring in all delinquent payments for organization pictures and the like.

The greatest difference in this year's book will be its greatly increased size, as it will be about twenty per cent fatter. Some of these extra pages were made necessary by the introduction of individual class pictures, an innovation not tried before. Instead of just the 104 senior pictures as there were in 1924, there will be approximately 590 individuals, the number being fairly evenly divided among the classes.

More pages have been added to the athletic section, making it one of the finest and most interesting seen in a high school annual. In many ways, the sport section in the 1925 book is superior to the ones seen in many college annuals.

The music section is a increase in size due to the rapid growth of this department. All musical activities are represented.

One of the most attractive divisions of the book is the feature section, which is made up entirely of pictures. The photography for this section was extremely expensive, nearly two hundred dollars going to the "shutter men." Not all of the pictures taken could be used in the feature section, and some were used in the snapshot lay-outs.

The idea back of this year's book was to represent all of the worthwhile activities of the school, and the editor and his assistants in looking over their nearly completed work, believe that they have succeeded beyond their fondest hopes.

## With the Classes

Several geraniums are in bloom in one of the window boxes in the botany room.

Another variety of Wandering Jew has been added to the collection of plants in the botany greenhouse.

The advanced botany students have transplanted tomato plants, cabbage plants, snapdragons, and asters. Some of the tomato plants are now in blossom. The pupils will soon take these plants home to plant in their own gardens.

Miss Demaree's English VI classes have finished "Westward Ho!" and will begin the study of "The Rivals" Monday.

## Alumni News

Helen White, '24, was presented last Tuesday evening in an organ recital by Miss Vera Sessler, at the Simpson Methodist church. Helene was assisted during the evening by Mr. Roland Schafer. Many difficult numbers by Bech, Guilman, Verdi, Todeman, LeMare, Johnston, Frime, and many others were well played by Helene. A large crowd attended the recital and many beautiful flowers were received by the organist during the evening.

"Red" Fromuth, '24, freshman at Indiana university, spent last weekend in Fort Wayne, the guest of his mother and friends.

Gustave Rump, '23, assisted in entertaining at a dinner dance at the Fort Wayne country club last Saturday evening in honor of Mr. and Mrs. Roland Appelbaum, Miss Helen Mikeseil, and Mr. Howard Van Ornam.

Helen White visited at Kokomo several days last week. Helene has accepted a position at the Linus Link Music shop on State boulevard and began work this week.

Lucile Rasmus, '24, became the bride of Walter Barbier, '24, last Friday noon at Plymouth Congregational church. A half-hour organ recital preceded the ceremony. During this time, guests were ushered to their places by Maurice Miller, Roland Barbier, Robert Richey, and Fred Linde-meyer. The bride party entered the church to the strain of Lohengren's wedding march, Lucile walking with her father, who gave her in marriage. She was attended by Elizabeth Little, '23, and Jeanette Glass. Robert Szink was best man. Following the ceremony a wedding breakfast was served to fifty guests. Immediately after, Walter and Lucile left on an eastern trip by motor, keeping their destination secret. When they return, they will be at home with Lucile's parents till their apartments are ready. Walter is now manager of a branch of the Superior Metal company of Indianapolis here in Fort Wayne.

## TADPOLES RAISED IN BOTANY ROOM

Students There Are Taking Keen Interest in Watching Their Growth.

Frogs' eggs have recently been hatched into tadpoles in the aquarium in the botany department. The development of the frogs into tadpoles is being watched with keen interest by all the botany students. One tadpole was taken from the aquarium and placed under the microscope. The blood corpuscles running through the arteries in the tale of the tadpole could be seen. This is one of the animals which changes its living environment from the water to land. There are seven tadpoles in the aquarium. The botany students of both the advanced and beginning classes are taking such interest in the tadpoles that before practically every class several students can be seen gazing intently into the aquarium.

Irene Hiler and Miriam Yoder, '24's, both freshmen at Indiana university, attended the I. U. Junior prom last Friday night, one of the biggest formal dances of the year.

Arthur Birely, '24, a student at Purdue university, spent the week-end with his parents, Mr. and Mrs. J. L. Birely, of Kinsmoor avenue.

He had as his guest Wallace Baer, also a Purdue student.

## SOUTH SIDE OUT TO TAKE TRACK HONORS

### Glee Club will present "Once In A Blue Moon"

**WILL APPEAR IN MUSICAL ROMANCE MAY 15 AND 16**

To Be Given at Harrison Hill School Auditorium Friday and Saturday Nights; Program to Start at 8:15 o'clock, Opened by Orchestra

**ABOUT ONE HUNDRED WILL TAKE PART; R. RICHEY, V. HIRE HAVE LEADING ROLES**

Mr. Schafer to Direct; Girls Quartette Will Appear in Several Numbers; Tickets for Students Are Thirty-five Cents; for Outsiders, Fifty Cents

The operetta "Once In A Blue Moon" will be presented by the glee clubs Friday and Saturday nights at the Harrison Hill school. The entertainment will start at 8:15, when the orchestra will play the opening number.

The operetta is a very popular musical romance and is being given in several large cities. The prologue takes place in the palace of the Moon Lady (Ruth Weimhoff). Acts I and II have their setting in Mrs. Montgomery's (Helen Crawford) garden at "Rosemont-by-the-Sea," Monterey, California.

Plans are being made for a week-end party for which Bob H. A. R. R. I. C. H. E. Y. and Mrs. Montgomery's nephew, is expected to come from college. Bob, formerly Sylvia Montgomery's (Ruth Richey) sweetheart, has fallen in love with a girl at school and sends a close friend, George Taylor (Virgil Hire) in his stead. Unexpected guests arrive and are welcomed and asked to remain for the party.

A robbery takes place and George is blamed and forced to disclose his identity until the guilty parties are brought to justice. George is in a very tight place being watched carefully all the time. News arrives of Bob's marriage, leaving George to complete the story in the approved manner.

The rest of the main characters are: Leatrice Montgomery, Mary McCurdy, Mr. Morton, Howard Crise, Betty Morton, Marjorie Matlack, M. Rene Le Mon, Robert Miles, Sir Percival Cretwood, Dick Porterfield, Mrs. Lila Lavender, Neenah Knight, Suzanna, Thelma Bireley, Hop Sing Hi, Robert Nosette, Shylark Roams (a policeman), Melvin Richendollar, Mooney, (a detective), Tom Ward, Billy Maxwell, Leslie Emerson.

Ruth Richey

### "GRACE DODGE DAY" WILL BE OBSERVED

So-Si-Y Club Plans Program in Honor of First National Y. W. C. A. President

"Memory Land" is the name of the program to be carried out next Tuesday by the So-Si-Y club, in Room 24 at 3 p. m. To carry out this idea Grace Dodge day will be observed. Elsbeth Crane will give a short talk on Grace Dodge, who was the first president of the National Board of the Y. W. C. A. of America. She received this position as the result of the election of a nation-wide meeting in 1906 and has always been interested in the welfare of girls.

Marjorie Matlack will sing a solo at the meeting. Additions to the program have been made by Lucille Grosvenor, chairman of the program committee, but have not been announced.

Arrangements for the election of officers have been made. A booth will be placed in the main hall and girls will be in charge of the voting during the fifth, sixth, and ninth periods when members may cast their votes.

Arrangements of this kind were made to enable members who could not attend the meeting at the time of voting to give their decisions in this manner.

The following nominations have been made by the present cabinet:

President: Cornelia Bade and Ruth Eickmeyer.  
Vice President: Margaret Crosbie and Kathryn Chapman.  
Secretary: Dorothy Somers and Alice Diserens.  
Treasurer: Elsbeth Crane and Thelma Gasser.

### GREEN MEETS BLUE FOR TENNIS TROPHY

Rastetter-Schoaff Trophy at Stake; First of Series of Contests Played Tuesday

**RESULTS TENNIS MATCH**  
**CENTRAL VS. SOUTH SIDE**  
**Singles**  
Smith defeated Shoaff, 6-3, 7-9, 6-0.  
Grodrian defeated Popp, 3-6, 9-7, 6-1.  
**Doubles**  
Willson-Smith defeated Popp-Shoaff.  
Buck-Wolf defeated Grodrian-Clapham.

South Side's warriors of the clay courts met Central's Tigers, Tuesday, in the first of a series of three meets for the Rastetter-Schoaff cup.

This cup was first offered last year when Central won it by taking the first meet and by South Side's defaulting the second. The rules which govern the cup play demand that three singles and two doubles matches be played in each meet. This year Willson, Smith and Grodrian will be the singles men for the Green while R. Schoaff, Buck, and R. Popp defend the Blue. The Green challengers for the doubles title are Willson, Smith and Grodrian-Deerstein and they will combat the Schoaff-Buck and Popp-Wolf combinations.

The rules for the tournament play were provided when the cup was presented. They are as follows:

1. The rules of the I. H. S. A. A. as to eligibility shall govern all meets.
2. An umpire agreeable to both Central and South Side shall umpire all matches.
3. A meet shall consist of three singles and two doubles. The school winning three of these five matches will be the winner of that meet.
4. The school winning two of three meets played will win the cup for that year.
5. A match shall consist of three sets and a school winning two out of three sets wins the match.
6. The athletic managers of the two schools shall make all arrangements for meets.
7. The cup will be held by the winner each year until one school has won it three times. The cup will become the permanent property of the school which wins it three times.

(Signed) Fred H. Croninger, Prin. Central High School.

(Signed) Rob't C. Harris, Prin. South Side High School.

### JUNIOR HI-Y ELECTED OFFICERS ON MAY 13

Election of officers was the main feature of the Junior Hi-Y meeting which was held Wednesday evening. Announcement of the successful candidate will be made in next week's paper. The following candidates were nominated for the various offices: President, Ralph Barry and Foster Newell; vice-president, Robert Van Ness and Bruce Grosvenor; secretary, Leland Johnson, Gerald Amerman and Craig Laubenstein; treasurer, Herbert Somers and Joe Hafert.

### CITY SCHOOLS TO GIVE PLAY AT H. H. HALL

"The Light" to Be Given at the Harrison Hill School Auditorium on May 27, 28 and 29

**PURPOSE IS TO SHOW DAILY LIFE OF PUPILS**

Progress of Education, Work of School Children, Safety Demonstration to be Shown

"The Light," a pageant to be given by all the schools of the city, will be one of the most unusual events ever presented in the history of Fort Wayne. Miss Elizabeth Baldwin is directing the pageant which will be staged at the Harrison Hill school auditorium on May 27, 28 and 29.

The purpose of this play is to show the daily life in school and the value of proper school equipment.

Miss Blanche Hutto, Miss Doris Speaker of South Side; Mr. E. G. Hoffman and Mr. Donald Close will have the leading parts in the pageant "The Light," written by Catherine F. Boyce, assistant superintendent of schools in Cleveland, Ohio.

The play begins, showing Any City studying his tax budget and deciding that the school appropriation is the only one he is willing to lower. Education appears and shows her advancement through past eras.

The first part of the pageant is divided into ten glimmers, representing different parts of light. The second part has to do with the fulfillment of Education's dream. This section of the play presents the work being done by public school children.

A chorus of five hundred voices under the supervision of Professor Miles, head of the Fort Wayne Public Schools' music departments, also an Indian club drill under the guidance of Mr. Henry Meyer, physical instructor, and a demonstration in manual training under the assistance of Mr. Russell.

The Miner school will present a safety demonstration following selections by the South Side grade school kindergarten band. A physical demonstration of humane work taught in public schools will succeed the former.

The South Side high school band will play during the last assembly of a picked group of children representing each school in the city.

The South Side high school journalism students have charge of collecting, editing the programs and securing the ads for them.

### ART CLUB STARTS NEW DUES, ATTENDANCE DRIVE

Losing Team To Give Picnic for Winners; Next Meeting To Be Week from Thursday

The Art club has started a new contest in the form of an attendance and dues drive. Points will be given for attendance, for bringing in dues and for taking part in any program at the art meetings.

Two new teams have been found with Margaret Metzner and Mary Travis as leaders. At the end of the semester the losing side must give a picnic for the winners. At the next meeting, which will be a week from Thursday, Miss Ley will give some practical suggestions for modern dress, and Elvah Miller will give some readings. There will also be a chalk talk by some member of the club.

### 3,000 ATTEND CANTATA PRESENTED BY GRADES

Over 3,000 people heard the cantata, "Into the World," given by the pupils of the seventh and eighth grades of the city, Friday afternoon and evening, May 8, in the gymnasium of South Side high school. More than two thousand heard the cantata in the afternoon and over one thousand heard it at night.

### HI-Y WILL ENTERTAIN MOTHERS AT BANQUET

Talks, Music, Stunts and an Address by Rev. Paul Krauss Included in the Program

Members of the Hi-Y club will entertain their mothers at a "Mother and Son Banquet" to be held at the Y. M. C. A. banquet room on Thursday evening, May 14, at 6:30 o'clock.

Invitations have been sent to all the mothers of Hi-Y members. The mothers have been asked to reply so that Mr. Brunson may prepare for the correct number. Mr. Brunson hopes that 120 people will be present at this meeting, and help make it an interesting and helpful one.

The program committees of the two clubs have outlined a program which will be interesting to all. The South Side orchestra will furnish the music for the banquet. Horace Agnew, president of the Hi-Y club, will give the welcome address to the mothers. A stunt of a humorous nature will be put on by members of the Central Hi-Y club, and a few short talks will be given by members of the club.

Rev. Paul Krauss will give the main address of the evening, and everyone can be assured of a good one. All members have been urged to reserve their plates for the banquet, and help co-operate to make this meeting the largest of the year.

The Hi-Y picnic was again brought up before the members, but the date for it has not been settled because of so many conflicting dates. The picnic will be held at Blackman's Lake on May 23 or 30. These two days seem to be the only ones which are at all favorable for the picnic. May 23, however, is the state track meet, and May 30 is Decoration day. Some discussion was had on the subject but the members could not decide on any set date.

The meeting May 7 was led by Mr. Gould. The subject was "A Better Program for Next Year." The program for this year was gone over, and the subjects that were of no great interest were checked off, while those which produced a good discussion were kept on the program. This revised program will be brought up at the setting-up conference next fall, when additions and corrections will be made.

### MATH-SCIENCE OFFICERS TO BE ELECTED MAY 29

Six on Nominating Committee; Nothing Definite Decided About Annual Picnic

The election of officers for the fall semester will be the main feature of the next meeting of the Math-Science club, which will be held next Friday, May 29, at 7:30 o'clock.

The nominating committee consists of Pauline Baumgartner, chairman; Mr. Whelan, faculty advisor; Kathryn Chapman, Cornelia Bade, Maurice Felger and Carl Rohrer.

Nothing certain has been decided about the picnic which will be held some time soon. It is in charge of Elizabeth Schmidt, Mildred Crane, Dorothy Emrick, Harold Bridge and Albert Azar.

### PARKS ELECTED PRESIDENT OF COMMERCIAL TEACHERS

Next Year's Conference To Be Separate From Commercial Contest to Accommodate Teachers

Mr. Parks was elected president of the Commercial Teachers' Conference which was held Saturday, May 2, in connection with the Commercial Contest at Muncie. Other officers elected were: Charles Murray, of Bloomington, vice president; Miss Krenzlin Swigart, Montpelier, secretary; Vernal Carmichael, Frankfort, members of the contest committee.

The conference next year will be held at a date separate from the contest date. This will give the teachers who have found it necessary to accompany their pupils home on the day of the contest a better opportunity to attend the conference.

### BOYS OUTNUMBER GIRLS ON WEEK'S TARDY LIST

As usual more boys than girls were tardy. This week's tardy list is 66% percent lower than last week's. A total of thirteen boys and two girls were late this week. The report for each day is:

	Boys	Girls
Monday, May 4	1	1
Tuesday, May 5	2	—
Wednesday, May 6	3	—
Thursday, May 7	5	—
Friday, May 8	1	—
Total	13	2

### WILL COMPETE WITH FIFTEEN SECTIONAL TEAMS SATURDAY

Green and White Is One of Three Best Entered; Has Good Chances of Winning Though in Her First Year of Track

**CENTRAL, COLUMBIA CITY WILL FURNISH PLENTY OF OPPOSITION FOR SOUTH SIDE**

Men Finishing First and Second in Events Will Take Part in State Finals at Indianapolis, May 23; Central to Manage Tournament Here

Fifteen schools of northern Indiana, including South Side and Central of Fort Wayne, will battle for honors at the South Side stadium, Saturday, May 16, beginning at one o'clock sharp, in the sectional track meet. A week later, Saturday, May 23, men finishing first and second in each sectional event will be entered in the state track meet at Indianapolis. Approximately 2,000 people will be on hand this Saturday to greet the teams. Two men from each team will be eligible to be entered in each event.

### BANQUET PROM IS DECIDED SUCCESS

Idea of Ships Carried Out in Program; Richard Wiener, Skipper, Gives Toast

### CREW DANCES ON DECK

"The junior banquet-prom was a success," declares Cornelia Bade, member of the social council. "About seventy-five were present at the banquet which was served in the cafeteria, and about eighty couples attended the dance in the gym. We broke about even financially."

The ship idea was carried out during the whole evening. Programs were miniature ships. Richard Wiener, called the skipper, was toastmaster. Toasts were given under the subjects, "Past Voyages," "Ports We Hope to Reach," and "Ships Aho!" The "Marine Band" played during the banquet and the Pirates' Log was displayed.

Those who spoke or featured in the entertainment were Richard Wiener, Maynard Patterson, Beatrice Riecke, Gertrude Schuelke, Ruth Eickmeyer, Charles Folsom, Flora Baer, Jane Betner, Draker Lombard, Louisa Fredericks, Pauline Baumgartner, Eric Lash, Maurice Garwood, Helen Goette, Christ Branning, and Howard Bickel.

Both the cafeteria and the gym were decorated in the class colors, purple and white. The orchestra booth in the gymnasium was surrounded by palms. Spiegel's "Melody Men" furnished the music.

The chaperons for the prom were Mr. and Mrs. Greely, Mr. and Mrs. Harris, Mr. and Mrs. Whelan, Mr. and Mrs. Wiener, Mr. and Mrs. Willson, Miss Burns, Miss Pittenger, Miss Chapin, Mr. Schmalzried, Mr. and Mrs. Stultz and Mr. and Mrs. Van Ness.

### PHILOS TO CELEBRATE ANNUAL "SENIOR DAY"

Meeting to Be Held at Fletcher's; Will and Class Prophecy to Be Read

"Senior Day" will be celebrated by the members of the Philaethian Literary society at Fletcher's home, on Broadway, next Monday at 3:30 o'clock. The meeting will be in the nature of a farewell to the seniors a thirty-two members of the club are to graduate this June. The Will and the Class Prophecy of the seniors will be read. Music will be furnished by members of the club, and refreshments will be served.

Dorothy Somers, chairman of the program committee, has charge of the entertainment, which will be a surprise. The annual Philo picnic will be held June 1, at Diserens farm. Cars will be furnished to carry the members there. This promises to be a delightful affair, and a large number of girls are expected to attend.

### SIX GRADE STUDENTS MAKE HIGH AVERAGES

Six of the South Side grade students have made 100 per cent in every spelling lesson this term. Three have made 100 per cent since the grades were issued in March. Those who made 100 per cent all term are: Frank Smith, Mildred Schlie, Beverly LeVack, Robert Finkhouser, Marcella Lehman. Those who have made 100 per cent since the grades were given out in March are Louise Pierson, Georgia Kintz, and Franklin Staver.

### School Contains Treasures

Among the treasures which the Lewis and Clark high school of Spokane, Wash., contains is a \$26,000 organ bought by the school entirely through the hard work of the teachers and pupils. Four hundred fine paintings line the corridors and hang in the classrooms. This collection is worth \$15,000.

The schools that are entered in the Fort Wayne sectional are as follows: Auburn, Bernas Bluffton, Central, (Fort Wayne), Coates, Columbia City, Decatur, Garrett, Geneva, Huntington, Larwill, Liberty Center, Petroleum, South Side (Fort Wayne) and South Whitley. One hundred and forty athletes from these fifteen schools will be seen in action Saturday.

Central high school will have full charge of the meet. "Dad" Northrup, of Central, who is managing the meet, is working hard to put it over big. Central was also in charge of the sectional meet here last year. Louis A. Schwan, general secretary of the Y. M. C. A., will be the official referee and starter, assisted by Pat Hyland, head field judge. Earl Sofin will be clerk of course; Ralph Ormsted, head timer; George Russell, head judge at finish, and Willard Ploystert, head inspector. Macbeth, Popp and Sullivan, of Central, will be the official announcers.

This is South Side's first year in track and much opposition will be given to her sister school. Much rivalry will be shown by both local schools as Central won the triangular track meet with Huntington and South Side.

Both Coaches Welborn and Mendenhall are giving their men stiff workouts in preparation for the meet. South Side, Central and Columbia City, will probably be the strongest teams that will take part in the meet. Captain Ed Rahn, of South Side, is hoped to win the 120-yard and 220-yard hurdles, although he will be given plenty of opposition by Diehl, of Central, and Clugston, of Columbia City. Brubaker will fight hard to win the 100 and 220-yard dash.

Lamont, of Central, who finished second in the half-mile race at the state meet last year at Indianapolis, will again endeavor to repeat. The mile and half-mile race will probably be the most exciting event of the meet when Clapham, of South Side, and Allen, of Columbia City, will try to upset the dope. Lamont's record time for the mile is 4 minutes and 44.3 seconds. Allen finished two yards behind him at a dual meet between the two schools last Saturday.

Cummins, of Columbia City, will probably be the one to muss things up in the broad jump and high jump. Rivalry will be shown between him and Nobles, of Central, as they are cousins. Cummins jumped 21 feet in the broad jump and 5 feet 7 1/2 inches in the high jump, last Saturday against Central. Deutsh, also of Columbia City, will be hard to defeat in the pole vault. He broke a new record, clearing the bar at 11 feet 2 inches. No strongly is known of the other teams, although a thrilling contest is looked for.

Ribbons will be awarded to men finishing first, second, and third in each event. The usual point system will be used, five, three, and one points for men finishing first, second and third respectively.

The board of control of the I. H. S. A. A. has taken out rain insurance to cover the fifteen sectional track meets and the state final track meet to be held a week later.

According to A. L. Trester, secretary of the Indiana High School Athletic association, more than 1,600 high school athletes will compete in sectional meets all over the state of Indiana. Other sectional meets will be held at Indianapolis, Evansville, Logansport, Plymouth, Salem, Scottsburg, Terre Haute, Vincennes, Connersville, Elkhart, Elwood, Gary, Kentland, and Krkono. One hundred and forty-one teams will be entered. First and second place winners in each event of the sections will be eligible to compete in the state finals.

### Orchestra Plays for Radio

The Kansas City (Kansas) high school orchestra broadcasted a musical program over WHB, a radio sending station of the city. It proved to be a success.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes.

This novel will consist of seven chapters. Members of Mr. Makey's classes will write a new chapter each week and the best one will be published. Chapter IV. is by Praline Fletcher.

### CHAPTER IV.

The Knickerbocker club is a very exclusive men's club, located on North Michigan boulevard. It is situated on a high summit overlooking the vast Lake Michigan. One's first opinion of the club would be that it was more of a resort than a men's club. The interior was very elaborately decorated in Egyptian style. Hundreds of thousands of dollars had been spent on this club to make it both artistic and convenient for its members. Stairs led from the club house down to the wide, sandy beach. At one side of the club was a small canal where several large yachts were lying. Altogether, the sight of this colossal club was very picturesque. Its cozy appearance caused one to be quite envious of its members.

It was quite a difficult matter to gain membership to this club. All members had to be unanimously voted in; they consisted of men of high business achievements; as the membership dues were extremely high, it was obvious that the members had to have a very large income; so it was, indeed, a very exclusive club. There were one hundred and fifty members, from all over the country. When those members from distant cities came to Chicago on business, they stay at the club, instead of a hotel, as it is a great rest from the busy hotels in the center of the city. This club had brought together many different business men from all over the country, and so there had been many interesting acquaintances formed.

In the large spacious drawing room sat a group of men intently discussing the business problems of the day. A very elderly, distinguished-looking gentleman had been sitting in the group for some time. He had been silent in the conversation that was going on, as his mind was laden with other thoughts. The voices of the other men soon grew tiresome, and he rose and went into the large den to read and be more to himself. On entering the den he noticed two of his old friends, whom he had not seen for some time.

"Well, look who's here!" spoke the gentleman just mentioned, who was, by name, Mr. Robert Lewis Allen, president of the Delux Baking Powder company of Chicago. "How are you, anyway?" I did not expect to see either of you fellows here this time of the year. You have quite surprised me."

Mr. Allen had just spoken to two of his former college friends, John Ogden Franklin, owner of the large Coconut Grove hotel at Miami, Florida; and James Scranton, president of the Scranton Wholesale Dry Goods company of Stanton, Indiana.

"Well, you see, I had to come to Chicago on business," spoke Mr. Franklin, "and on the train from the south I met Scranton; so I urged him to come on up here at the club and rest up for several weeks."

"Yes, I should be home tending to the business, but Franklin thought I needed a rest, and so here you find us," replied Mr. Scranton.

"That makes it fine," returned Mr. Allen. "We can get in some real games of golf while you're here."

"That's right, Allen; you did beat me in our last game, but I've been practicing all winter down at Florida, and you'll have some close competition this time," spoke John Franklin.

The three men talked for some time, exchanging tales of their experiences since they had last seen each other. Finally, Mr. Franklin changed the subject.

"Bob, what is it that seems to have been worrying you? You seem to have aged five years since last fall. What can be the trouble?"

"Well, boys, I tell you I've had lots to worry me lately. It seems to haunt me everywhere I go. It's a long story; but, if you want to listen, I'll tell you all about it."

"Surely, tell us about it," returned the other two men.

So Mr. Allen, browed-down as he was, went on to tell his two friends about how he had disinherited his son.

"He always had been a good sort of a fellow," went on Mr. Allen, "but, when he went wrong, I wouldn't stand it. He disgraced the Allen name and broke his mother's heart by being expelled from college. He was to have graduated from Dartmouth this June, but he over-cut his classes and was expelled.

"We had planned so much on his future; and, when this happened—well, it was too much. When he graduated, we had planned, he was to inherit his share of his grandfather's fortune; but now he is to get nothing. I tell you, fellows, it's sort of hard on me to have anything like this happen, but I told Bob, the last time, when he was expelled from preparatory school, just what would happen if it ever occurred again, and I had to stick to my word, even if it broke both his mother's and my hearts. Just now I'd give anything to see my boy, but we have not heard a word from him since he left. It's been nearly nine weeks since he left, and I've just about worried myself to death wondering whether or not I've done the right thing by him."

Mr. Scranton had listened to Mr. Allen's story with much interest. He was puzzled as to whether he should tell Bob Allen that his son was in Stanton. Would he be proud of the fact that his son was playing in a jazz orchestra? Jim, his son, had told him that Bob Allen, Jr., was known all over Stanton as being a drunkard, and, if he should tell his father, the shock would kill him. No, he decided, that he would not tell him just yet.

"That's funny," spoke Mr. Franklin. "I've had that same experience with my boy. He did too much dissipation. Why, that boy gambled continuously. He lost as much as twelve hundred dollars one night. I, too, have done a great deal of worrying over him. The other day I heard that he was working in some town in Indiana. It seems queer that both you and I have sent our boys away from home; but, Bob, what are you going to do when they do things our boys have done? It may be for the best that we have sent them out in the world to do for themselves."

"You boys may be right in what you are doing, but I'm afraid I could never send my Jim away," spoke Mr. Scranton.

This remark of Mr. Scranton's set both of his friends to thinking. Maybe they were doing wrong, but it was too late now. Mr. Franklin admitted that he thought he had been a little harsh with his son and that he would like to have him back; but it was different with Mr. Allen. His pride would not let him consider such a thing.

The men talked until very late that night. While the three men were at the club together, much was said about their sons. At the end of two weeks, Mr. Scranton had to go back to Stanton; and, before leaving his friends, he promised them he would do anything he could to help them concerning their sons. Mr. Allen told him not to trouble himself about his sons, but Mr. Franklin made him promise to let him know if he ever heard of his son.

(To be continued)

## With The Classes

Miss Mereness' 10 A cooking classes are studying diet to be planned in cases of disease.

One piece of furniture is required of each pupil in the manual training department. This must be done after all practice exercises are completed.

The members of Mr. Voorhees' chemistry classes seem to be staunch supporters of the Green. At every baseball game you can see this crowd of peppy members crowding around their teacher, and yelling at the tops of their voices. Mr. Schmalzried is another prominent member of this organization. On baseball days, chemistry class is had twice a day by these fellows.

The 9B and 9A woodworking students are now finishing their large pieces of furniture.

The regular meeting of The Manual Arts club will be held Thursday, May 14, at the chamber of commerce.

The boys in Mr. Arnold's woodworking classes are completing their projects. There is a fine assortment of furniture being produced this semester.

Mrs. Bradley, Gertrude's mother, visited Miss Rinehart's sixth period English class last Wednesday.

Ralph Welch has been working on a new way to make lantern slides by a blue print process. Ralph has produced two or three plates that are very clear. He is working on more plates at the present, and hopes to perfect his process.

Raymond Ewell, one of Mr. Voorhees' promising young chemists, has been making different organic compounds. One morning he brought to school some moth balls which he had made. "Ray" has made different dyes, one of them is a dark green, and is still working on this branch of chemistry.

The first draft of the term speeches are due Friday in Mr. Makey's public speaking classes.

Kenneth Wilson, a freshman from Technical high school of Indianapolis, is now a student of South Side.

Mr. Gould has given the pupils of his classes over 2,000 plants to take home and plant. These plants were the cabbage, tomato, snap dragon, and aster seedlings which the classes have been taking care of in the botany greenhouse. There are, as yet, over 500 plants to be taken.

Miss Genevieve Dill of Markle high school visited Miss Demaree's English V class Monday.

Miss Demaree's English VI classes are now reading some modern plays for outside reading.

Mr. Heine's biology classes have been studying the life history of the seventeen years Cicada. Mr. Heine says the moth lays her eggs on twigs of trees, and in doing this causes the death of the twig. The young leave the tree immediately after hatching, burrow underground, and pass from thirteen to seventeen years there. When they are about to mature into adults, they climb above ground, cling to the bark of trees, and crawl out of their skins.

Miss Margaret Welsh was absent from chemistry class Thursday and Friday. Miss Welsh's beaming countenance was missed very much by the teacher, and he was delighted to see this student return. Mr. Voorhees stated, however, that the quiet atmosphere was again disturbed by the entrance of Miss Welsh in the class this morning. The third hour had been very quiet Thursday and Friday mornings, and Mr. Voorhees had commented on the fact. Miss Welsh broke the spell, however, and the class is back in its natural atmosphere.

What a wad of chewing gum  
Each cheerful chewer chews it.  
Each one chews it, chews it, chews it,  
With a never ending zest.  
Oh, they simply love to use it,  
And they never, never lose it,  
And their jaw bones never rest.  
Keeping time, time, time,  
Lacking reason, lacking rhyme,  
They are chewing, chewing, chewing,

# GREEN OUTSCORES BLUE ON DIAMOND

The First of Inter-School Games Taken by South Side, 13-11; Both Teams Pound Ball

## COLD CAUSES MISPLAYS

South Side triumphed over Central in the first baseball game played between the Blue and the Green, winning by the score of 13 to 11. A second game will be played this spring in the series to determine the public high school championship.

The game was a wild slugging match, filled with misplays, partly due to the chilly weather. As the game proceeded, the lead switched back and forth, with South Side finally the victor.

"Peanuts" Staight proved to be the most successful at bat, getting three hits out of five trips to the plate, while Stiegler, the heavy hitting third sacker from Central, failed to connect, as he was walked four out of five times at bat. Pitchers of both teams were ineffective throughout and the starters failed to finish the full route.

Supporters of both teams were on their feet as the first annual battle on the diamond started and the cold weather failed to keep down any enthusiasm. Plasket started hostilities by walking the first three men up and it looked like a bad day for the Green. Coach Gilbert then replaced Plasket with Brubaker. Kowalczyk then hit a single, scoring Ramsey and Ridgley. Kowalczyk scored on Steinhauser's hit and Brockel struck out, retiring the side. The Blue rosters went wild over the team's success. In the Green and White's half of the inning Nulf was walked and Currie brought him in on a sacrifice. DeHaven was the only batter to hit safely, but was left stranded on the bases.

Central failed to score in the second stanza while the Green succeeded in getting two more markers across the plate. In the third the Blue managed to squeeze across the plate. Things began to look brighter for South Side as Distel hit a single, DeHaven was intentionally passed and Staight cleaned the bags with a two-bagger to left. Thiele walked and Brubaker brought him in on a single.

In the fourth and fifth innings both teams played good ball and neither scored. The Blue and White rallied in the sixth and five runners scored. Score: Central, 9; South Side, 6. South Side's hopes seemed to vanish as a large "goose-egg" was marked up for their half of the sixth.

Central scored two more runs in the seventh. But traditions seemed to hold true in the seventh inning, the "lucky seventh," for the Green and White made their greatest rally in this inning. Staight was safe on Manth's error. Thiele went out to Kowalczyk and Brubaker was safe on Manth's second error. Currie also was safe on an error. Distel hit a double, scoring three runners, and Mooney whanged out a single, scoring DeHaven and Distel. Dissinger stopped the scoring by going out, Stiegler to Kowalczyk. Score: Central, 11; South Side, 11.

Pandemonium broke loose as the Blue and White batters were retired in the eighth. Staight was first at bat in South Side's half of the eighth and Umpire Johnson called him safe on Stiegler's error. Brubaker got a free trip to first base and Currie hit a triple, scoring Brubaker and Staight. Central failed to score and it was South Side's ball game. Score: Central, 11; South Side, 13.

# MONTPELIER BEATEN BY GREEN AND WHITE

Visiting Team No Match for the Kelly Klads; Score Is 14 to 1.

The South Side baseball nine won its sixth straight victory in an easy game at the high school stadium last Friday afternoon, defeating Montpelier by a score of 14 to 1. The game was called at the end of the seventh inning.

The Green sluggers hit Sharp, Montpelier's moundsman, so consistently that he was replaced by Lucey, whose hurling was no better than Sharp's.

Plaskett on the mound for South Side pitched great ball, striking out eight men during the five innings he pitched. Barnhart, who relieved Plaskett, held Montpelier scoreless during the two innings he pitched.

Mooney gave the ball a ride for the only homer of the game. Distel connected for a single, double and triple, while Nulf smacked three singles.

# MILDREDITES DEFEAT CENTRAL MAIDS 37-27

Pile Up Many Runs in First Inning; Schmalzried and Russel Umpire

By amassing 37 runs in a seven-inning game, the Mildredites triumphed over their friendly enemies, the Schmalzrieds, last week at Central's home ground. The Blue girls were no slouches, either, when it came to batting, for they tallied 27 runs during the course of play. The game was a veritable bat-fest and slugging match. Excitement was furnished when some strong-armed maid would pound out a three-base hit or a homer in dangerous proximity to the Administration building.

The Green girls went to bat first and tallied up four runs, while the Hilda-maids were only able to mark up two in the first frame. However, they came back strong in the second and crossed the plate eight times, but the Mildreds were still going strong and they made eleven trips home. From then on the story was the same. Both teams had their innings when they didn't score quite so much and at the final frame the South Siders were on top. In the seventh inning, the Centralites did not even make one hit.

There were no special stars. Each girl made at least three or four runs. Both pitchers held their own fairly well. The fielding of both teams was rather ragged and it was through this loophole that many of the runs came through.

Line-ups: South Side—Foster, ss.; Mossman-Miller, lf.; Merica, c.; Wilson, 1b.; Englehart, 2b.; Koester, rf.; Mason, cf.; Brouwer, p.; Word, 3b. Central—Hartman, c.; Soles-Bertram, 1b.; Bradmiller, 3b.; Faus-Phipps, p.; Pratt, lf.; Koberly, 2b.; Zwick, 1b.; French, rf.; Michaels, c.; Shulze, ss. Umpires—Schmalzried and Russel.

## Sport Shorts

South Side has now won seven straight victories on the diamond this season. Keep it up, gang!

DeHaven smacked out his second home run of the season when he knocked one over the left field fence in the Central game last Wednesday.

Mooney and Thiele each got a home run in the Manual Training game on Saturday.

Manual had a hard-slugging crew but South Side proved to have a harder one.

Currie, Brubaker and Thiele were seen in both the track meet and baseball game last Saturday.

Thiele broke a new record for the shot put with a distance of 40 feet 5 inches.

Plaskett pitched a steady game against Montpelier last Friday. He was relieved by Barnhart later in the game.

DeHaven relieved Staight on the receiving end. Staight has caught in every Green game this season.

Brubaker was seen on the mound both Wednesday and Saturday last week. In the seventh inning he was relieved by Plaskett, who struck out three Manual players in two innings.

The district track meet will be held at the South Side stadium this Saturday afternoon.

The results for the baseball games last week are as follows: South Side, 13; Central, 11; South Side 14, Montpelier, 1; South Side 15, Manual Training, 8.

The Green thinlins held the lead until the last two events in the dual track meet with Portland when the latter took both first places in the high jump and broad jump, copping the meet 53 1/2 to 45 1/2.

Abramson was high point man with 11 points to his credit.

Knee, of Wabash, set a new state record for the shot put when he put the iron ball 48 feet 10 1/2 inches in the Wabash Valley track meet last Saturday at Peru.

Sid Peers was announcer at the Portland-South Side track meet.

Central will have full charge of the district track meet next Saturday.

The Tigers came out victorious at Huntington last Friday afternoon, defeating them, 5 to 3.

Hank Kowalczyk pitched his first game of the season for the Blue and White. He allowed only six hits while his team-mates were able to collect ten safe bingles.

Central met defeat at Columbia City last Saturday in a dual meet by a score of 63 to 36.

Lamont broke a new record for the mile, covering the distance in 4 minutes 44 3-5 seconds.

# SLUGGIN' NINE WIN SEVENTH STRAIGHT

Kelly Clads Pile Up 15 Points to Manual Training's Eight Runs

## MOONEY LEADS BATTERS

South Side defeated Manual Training, of Indianapolis, in a hard-hitting slugfest at the stadium last Saturday afternoon.

Bob Mooney, left fielder, led the Green and White batters with four hits out of five times at bat including a home run, a triple and two singles. Thiele and Harmeson also got circuit smashes. Coach Gilbert used three different pitchers, starting with Brubaker who gave way to Bernhart who was relieved by Plasket.

Cassidy was unable to hold the Wardloites down and was driven from the mound in the seventh stanza. Plasket, relief pitcher, in the eighth, fanned four out of six batters, pitched eight balls to the first three men who faced him.

The Red and White scored in the first inning but South Side took the lead when Nulf hit a single. Currie brought him home with a triple and Mooney scored DeHaven with a home run. Harmeson began the second inning with a home run. In the second half of the second Thiele also drove the ball over the fence with two strikes on him and two outs.

The "lucky seventh" again proved good for South Side and they rallied with two runs in sixth inning, and went into the lead in the seventh when they batted in three more runs. The South Side baseballers have been going at a terrific rate, this being their seventh straight win and no losses.

## SPORT GUSH

Rawther a successful week-end, donchaknow?

Our baseballers surely are mighty sluggers. Just notice the top-heavy scores they pile up against their weaker—literally and figuratively—opponents.

But they have nothing on the Mildredites. Talk about your weaker sex! Huh! Gaze at this score: South Side Girls, 37; Central, 27. Laff that off.

Here's a brief (?) side-lite from the Blue game as it might have come from the pen of Warner Fabian: 'Twas a cold afternoon in May. Numerous hundreds of people were huddled together (some huddled very close together), in a mammoth stadium. On the field flashes of Blue, Green and Red (from Wardcoe's socks) were seen. The umpire (a nice fat, padded one) calls "Play ball." And the teams—yes, it is a baseball game do so for numerous innings.

The rest need not be described—you all know the glorious finish. Sounds like a horse race.

While we were shivering at the game, a bright one remarked: "They ought to run this game by halves." Yep, and move a basketball game into innings. The thought of that makes us giggle.

Have you noticed the nice, new jazz peppy music the band has been blowing? They are answering our unspoken wish. Thanx!

And the candy stand and I-scream cones made their initial bow last week. And while they were bowing a ball singed Chester's left ear, bounced hither and yon and nearly demolished all the "goodies."

Howja like the Barney-Tinah battery? (Is that the correct way of putting it?)

This is gorgeous tennis weather. Can't you just imagine gamboling gleefully on the courts at the north end of the stadium? "Tha's all you can do—just imagine," she spake in a sorrowful voice. (You should see the expression that goes with that—).

# COLUMBIA CITY DEFEATS TIGERS IN TRACK MEET

Central Takes First Place in 200-Yard Dash, Half-Mile Run and Mile Run

Central's trackmen were defeated in a dual track meet at Columbia City last Saturday afternoon by a score of 63 to 36. The Tigers were able to capture only three first places, while Columbia City took first place in eight events. Central won the 200-yard dash, half-mile and mile runs.

Clugston, of Columbia City, was individual high scorer of the meet, collecting 15 points. He won first place in the 120-yard high hurdles, 220-yard low hurdles and the 440-yard dash.

Lamont, Central's star distance runner, was high point man for his team. He won the mile and half-mile runs. He set a new record for the mile when he covered the distance in 4 minutes, 44 3-5 seconds. Keppler, of Central, won the 200-yard dash. Central took the first three places in the half mile. Lamont came over the line for first place, Morrill finished second, and Smith landed third.

Cummins was another star of the meet. He was credited with 13 points. He won the broad jump, jumping 21 feet. He cleared the bar at 5 feet, 7 1/2 inches in the high jump, taking first place. He finished second in the 440-yard dash.

Coach Gilbert is still working the team hard on batting as the squad is batting on an average of only .240.  
  
This year's team is playing a lightning brand of baseball with the infield working like clock mechanism and the outfield making opposition look easy by their seemingly impossible catches.  
  
In three of the five games won up to the Central game, the squad played errorless ball and in the other two the Fighting Green had only one error chalked against them.  
  
Staight, the peppy catcher, has proved to be a second George Wyss, last year's man on the receiving end. He is still improving with every game.

PORTLAND DOWNS GREEN TRACKMEN

Green Leads Until Last Two Events When Portland Jumps Ahead; Score 53 1/2-45 1/2

SOUTH SIDE IN GOOD FORM

After trailing until the last two events, Portland came from behind and defeated South Side's thirlins in a dual track and field meet, last Saturday afternoon at the stadium. Portland rolled up a score of 53 1/2 to South Side's 45 1/2 points. The Green team was one point in the lead until the last event. Portland took a first and a third place in the high jump and landed a first and second place in the broad jump.

The meet got under way at 1:30 o'clock with a large number of rooters on hand. Following the meet South Side defeated Manual Training high school of Indianapolis in a baseball game, 15 to 8, making it seven straight victories for the sluggers. Brubaker, Currie, and Thiele were entered in both the track meet and baseball game.

Abramson, of Portland, was high scorer with 11 points to his credit. He took first place in the 220-yard low hurdles, and second place in the 100-yard dash, and 440-yard dash. Renner, also of Portland, counted up 10 1/2 points. He topped first places in the high jump and broad jump and tied for third in the pole vault.

South Side took the lead at the beginning of the meet when Brubaker won the 100-yard dash with Lighthill crossing the line for third place. Abramson finished second. Stone won the 220-yard dash; Lighthill and Baker finishing second and third respectively. Brubaker did not enter this event because he was slated for mound duty in the baseball game which followed. Stone also captured first place in the 440-yard dash with Abramson second and Lombard landing third place.

The mile run was won by Clapham, of South Side, who ran this event in fine style. Miles landed third place. South Side captured a second and a third birth in the half-mile event.

The 220-yard low hurdles gave Welborn's team another second and third place. Abramson won this event, covering the hurdles in the very best of form. Captain Rahe gave South Side another first place when he won the 120-yard high hurdles. C. Fleming crossed the line for second place with Holmes following.

Thiele set a new record for the shot put, heaving the weighty ball 40 feet 5 inches, 11 inches farther than his record of last Saturday. Abramson, Portland's star athlete, topped second place. Branning added another point to South Side's score, who landed third in this event.

Portland went strong in the close of the meet taking a first place in the last three events.

Hiatt, of Portland, had to clear the bar at only 9 feet 6 inches to take a first place in the pole vault. Currie and Renner were tied for second place. Renner won the high jump event, keeping the bar in place at 11 feet 6 inches. Haven, of South Side, finished second. He cleared the bar at 5 feet 5 inches. Gruenert and Hiatt were tied for third place.

A new record was set in the broad jump when Renner, of Portland, sailed through the air for a distance of 20 feet 10 1/2 inches. Abramson jumped far enough to land a second place. C. Fleming was third. Thiele, South Side's best broad jumper, was unable to enter this event because he also, was in the baseball game.

Portland and South Side split in the relays, Portland winning the half mile and South Side the mile.

Portland has the strongest team that has been seen here this season. South Side made a good showing against the strong team.

Blue Piles Up Five Points to Lime City Lads' Three; Kowalczyk Pitches Good Game

The downtown baseball nine defeated Huntington high at Huntington Friday afternoon when they downed the Lime City boys by the score of 5 to 3. Kowalczyk, Central's second baseman, was sent to the mound, as Baker and Scott are ineligible. He pitched a good game, offering only six singles Huntington's defense gave way in the fourth, when Central piled up four runs.

Huntington fought the duel to the finish but was not able to pull over a win.

### PROFESSIONALS PRAISE

The operetta, "Once in a Blue Moon," was given Friday and Saturday nights, May 15 and 16, under the direction of Mr. Roland Schafer, assisted by Miss Mildred Hadsell, with Mrs. Helen Kettler-Schafer at the piano. This was the finest thing in amateur theatricals that has been presented in this city in years. Professionals, even, who saw it said that it was far superior to most amateur productions.

This is one of the most popular operettas that have ever been given. It was produced in Chicago as one of the acts of the popular operetta "Stepping Stones," which was composed of different parts of recent operas.

Draped curtains were used in the stage setting. When the curtain rose a blue moon was in the middle of the stage. On this the moon lady was sitting. Her attendants were dressed in blue, while blue lights and a blue spot light were used to produce one of the most beautiful scenes in the whole operetta. The lighting effects were especially good in this scene. Ruth Wemhoff, as the moon lady, gave a very pretty dance with her chorus. The solo was exquisite.

The garden setting for the two acts was quite charming. The arbors were covered with blossoms, and real trees were used on the stage. An imported Japanese umbrella and Japanese lanterns were used in the second act. Birds in black and blue on the curtains made the scene very realistic.

Robert Nossett, as Hop Sing Hi, did some clever acting and dancing. Thelma Bireley, as Suzanne, sang an unusually beautiful solo. Helen Crawford, as Mrs. Montgomery, made a charming hostess. Ruth Kitchie, as Sylvia, and Mary McCurdy, as Beatrice, were the daughters. Sylvia was an alluring heroine, and Beatrice distinguished herself with her clever repartee. Neenah Knight, as Mrs. Lavender, captivated the audience by her incessant predictions of calamities. Many people thought that Ruth Wemhoff, as the Spanish dancer, was a professional. Very few recognized her as the moon lady of the prologue.

Virgil Hine, as George Taylor, alias Bob Harrington, was splendid, especially in his solo, "In My Garden." Leslie Emerson, as Billy Maxwell, gave a clever dance and sang a catchy solo, "No Use Proposing." Dick Porterfield, as Sir Percival, an Englishman, and Robert Miles, as Monsieur Rene LeMon, were quite realistic. The typical love affair between the policeman, Tom Ward, and the maid, Suzanne, was very entertaining. Dorothy Kohlmeier gave a very delightful solo.

During the Spanish chorus the girls threw bouquets, and the boys threw candy kisses to the audience.

The orchestra deserved special note for its playing. Mrs. Helen Kettler-Schafer was the accompanist. The ensemble dancing was very well done. The boys' quartet, composed of Joe Little, Robert Nossett, Paul Berlien, and Robert Thompson, sang two very good numbers. Sidney Peers ran the spot light, which produced many beautiful effects.

The principals received many beautiful bouquets.

Costumes for the Blue Moon chorus were made by the sewing classes under the direction of Miss Mott. Part of the costumes for the two acts were furnished by Seanev & Anderson. The garden furniture was furnished by the Wagner Furniture Company.

## FORGING CLASS STUDY F. RING AND WELDING

The 10B's are taking up welding. The building and maintenance of the fire has been pointed out as the most important duty in this operation, as fluxes are not allowed in the shop. Boys as a rule look upon flux as some adhesive substance that holds the iron together and therefore neglect their fires. If a boy can make a weld without a flux, he can make one every time with flux.

The two-piece weld is always the hardest to make, as two pairs of tongs are needed during this operation, and boys at their best are not very ambidextrous. The old adage, "Strike when the iron is hot," is now fully appreciated by all the class.

## TADPOLES MAKE READY FOR A NEW EXISTENCE

The transformation of a legless, aquatic, long-tailed tadpole into a tailless, four-legged, amphibious frog is being observed by students in the botany laboratory.

A number of tadpoles have been hatched, and are in various stages of development into adult froghood. Mr. Gould says that he hopes the new chorus which may soon be heard will not lull new drowsy ones to slumber nor produce any new recruits for the spring fever brigade.

## P. T. A. DISCUSS MEANS TO DECREASE ACCIDENTS

Plans Laid For Senior Fun-Fest;  
Officers Re-elected for the  
Coming Year

Haste, nerves, a spirit of recklessness, and disregard for law, are the causes of most traffic accidents, according to Miss Ida Jones, general secretary of the Y. W. C. A., in her remarks before the Parent-Teacher club Tuesday, May 12.

She suggested that the home could do much to lessen the number of accidents by inculcating regard for law and respect for life and by teaching obedience and unselfishness.

As this is the final meeting of the year, officers were elected for the following year. Mrs. W. C. Rastetter, president; Mr. E. S. Gould, vice-president; Mrs. Henry Beadell, treasurer, and Mrs. A. G. Burry, secretary, were unanimously re-elected.

It was announced that Mrs. Dildine and Mrs. Harry Fletcher would have charge of the parents' part in the senior fun-fest to be held June 8. The program of the afternoon was under the direction of Mrs. Harry Bowser.

## COSTUMES FOR PAGEANT HISTORICALLY CORRECT

The costumes for the pageant to be given at the Harrison Hill school are to be historically correct. They are designed by Madam Minnie Smith, a member of the Chicago Historical society. She has given a special study of costume and recently gave an exhibit for this society showing wax figures costumes for the past three thousand years.

The lighting effects are to be something new and are being prepared especially for this pageant.

South Side students are preparing posters and programs for the pageant.

## SENIORS LOOK FORWARD TO COMMENCEMENT WORK

Students Gain Freedom From Classes  
If Grades Are Satisfactory  
for Graduation

Senior week promises to be a busy and exciting time for the graduates, from the baccalaureate services through the commencement exercises. Seniors whose grades are satisfactory will be excused from classes Monday and Tuesday, June 8 and 9.

Baccalaureate services will be held at 10:45 Sunday, June 7, at the Plymouth Congregational church. Reverend Folsom will speak to the seniors. Monday evening the Parent-Teachers' Association will hold its annual fun-fest. Parents, seniors, and faculty will each present a contribution to the entertainment.

Tuesday evening will be the time of the senior dance.

Grades will be given out Wednesday morning, and at 2:30 the commencement exercises will be held. The program is as follows:

Music..... Orchestra  
Invocation..... Horace Agnew  
Introductory..... L. C. Ward  
Superintendent of Schools  
Address..... Dr. Louis Sherman Davis  
Professor of Chemistry, Indian University

## Teacher Has New Plan

A geometry teacher of the Sacramento, (Cal.) high school, has a good way of making the pupils in his classes want to work. He draws the figures on the board in pink, red, lavender and white chalk which pleases the feminine portion of his classes.

## South Side Now Boasts College Graduates Upon Alumnae List

Hilda Schrier and Alice Keesberry to Graduate From  
Michigan State Normal in Kindergarten Course; Both  
Prominent in College Work at Ypsilanti.

Hilda Schrier and Alice Keesberry are the first two South Side alumnae to graduate from college. Both will finish the kindergarten primary course of Michigan State Normal College, Ypsilanti, on June 22. Hilda has been prominent in college activities, serving this year as president of the college Y. W. C. A. Alice was recognized by being chosen honor teacher at the Lincoln school. They will teach in Fort Wayne next year.

While in South Side high school, Hilda was business manager of the Totem, assistant business manager of the Times, and also an honor student.

Gretchen Smith, from Central, will finish the physical education course at Ypsilanti this June. She will teach in Plymouth, Michigan, next year.

## How Can He Watch Them All?

## South Side Scouts Claim Champ Fire-by-Friction Maker of City

William Bassett, 9A, Makes Fire Without Coal Oil and Matches;  
Local Troop Combines Character and Fun and Accumulation  
of Related Facts.

"What's burning? Do you smell that smoke? Maybe the school is on fire! But no such luck, I suppose."

Upon tracing the pungent odor of burning wood it was found to emanate from Room 65, where a husky freshman in uniform was diligently working the bow of a fire-by-friction set. As the spindle whirled in the socket, and the smoke curled upward, the scout was heard to whisper:

"Now light me the Council Fire after the manner of the Forest Children, even as Wakanda, the Great Spirit, himself doth light the fire—by the rubbing together of two trees in the storm wind, so cometh forth the Sacred Fire from the wood of the forest."

"What is he doing? What is it all about? Who is he?"

These and many other questions came from the group of interested spectators crowded around the fire-builder. Someone answered:

"Oh, that is Billy Bassett of Troop 20. He's the city champion fire-builder. Troop 20 is the Boy Scout troop here at South Side."

"But what is he doing that for?"

"Oh," came the reply, "they do all sorts of things. Not just for fun alone, but real things, such as first aid, life-saving, hiking and nature study, camping and how to live out of doors; you see, real work while things that are fun, too."

And the speaker was right. For scouting is fun, but it is not made up of just empty fun. It derives its pleasure from doing real work. Every task in scouting is a man's job cut down to a boy's size. It is the man in the boy that is emphasized, and the type of manhood idealized is that

Jack Gilliom, former student of South Side, now attending Northwestern University, was recently elected warden, the freshman officer of the Phi Delta Theta fraternity, a national order.

## LIBRARY TO RECEIVE THREE HUNDRED BOOKS

About three hundred new books will be added to our school library next term. All the departments are getting some additions, but the history and civics books lead the list.

The most copies of any one title ordered are of Tarkington's "Harp for the Study of Our Constitution," of which thirty copies were ordered. Eighteen new copies of Long's "English Literature" and twelve copies of Francillon's "Gods and Heroes" are welcome additions. The set of Trill's "Social England," in twelve volumes, will be found the most useful of any single title on the list. It not only deals with customs, inventions, and great men of England but is vividly illustrated throughout. It will be a valuable reference work for English classes as well as for history students. There are many additional biographies on the list this year, which give a working nucleus to supplement the history work.

These additions will make our collection total over three thousand volumes.

## 9DUY MEANS SOUTH SIDE FOR RADIO AUDIENCES NOW

Three Licensed Operators Work on  
Outfit in High School Physics  
Laboratory

Last October the South Side high school was issued a license for a General Amateur Radio Station by the Supervisor of Radio at Chicago. The official call assigned was 9DUY.

The station did not begin operation until the latter part of January, 1925. Since that time it has been operated at regular intervals, during which communication has been established with various distant stations along the Pacific, Gulf, and Atlantic coasts, as well as the Provinces of Canada. Up to this time the most distant station that has been communicated with through code transmission is 6GU, located at Berkeley, California. Successful voice transmission has also been carried on with eastern and middle western states, the most distant of which is Oklahoma. Reception has also been very good on a laboratory built set. The verified reception record is Amateur Station 60A, located at Honolulu, Hawaii.

Experimental work has been carried on at various times in order to determine the most efficient types of circuits and apparatus. It has always been the aim, during this experimental work, to operate the transmitter at its utmost efficiency and at the same time refrain from interfering with the reception of broadcasting in Fort Wayne and surrounding territory. The station has been very successful, since many favorable reports have been received with reference to interference.

The operators of the South Side station, Kenneth Hart, Stewart Windt and Mr. Hull, each hold a First Class Amateur Radio Operator's License, issued to them by the Supervisor of Radio after an examination given by a Radio Inspector had been passed.

## VIRGINIA POLLACK PLACES IN STATE ART CONTEST

South Side Senior Wins Third Place  
In Contest Entered by Forty-  
Five Schools

Virginia Pollack, a senior of South Side, has been announced as the winner of the third prize in the high school division of the state poster contest. Her subject for the poster was "Beautify Your Home."

The official awarding of prizes took place May 19, 1925, at the Lincoln Hotel at a luncheon by the Indiana State Parent-Teacher Association, at 12:30 p. m. South Side received a banner, which will be on display in the South Side high school.

Judges in the contest were Miss Edna M. Shover, principal, John Herron Art School, Indianapolis; Mrs. B. W. Stoddard, head of the art department Indiana Central College, and Miss Florence Felch, supervisor of art, Indianapolis public schools.

Several hundred students competed in this, the second year of the contest, according to information given out here by the University Extension Division and by officers of the State Parent-Teacher association, under whose joint auspices the contest was carried out. Last year 27 school systems were enrolled as compared with 45 different school system this year. South Side was also winner of the third prize in the high school division last year, Mary Travis being the winner of last year's banner.

Hugh W. Norman, director of the Bureau of Visual Instruction of the Indiana University Extension Division, stated that the purpose of the poster contest is two-fold. It is intended to stimulate an interest in simple works of art, treating of subjects easily within the comprehension of students of the public schools. It is also to obtain visual material for state-wide distribution that will appeal to the spirit of co-operation between school and home.

## STUDENTS SIGN UP FOR SUMMER WORK

Sufficient students have already signed up for summer school to make certain that there will be classes in at least some of the subjects. Mathematics and English seem to be most in demand, with Latin a close third. There have also been a few elections for General History, German, Physics and Chemistry. Should more ask for these subjects, they will, of course, be offered.

Students thinking of coming during the summer should leave their names with the desired subjects in the office as soon as possible, in order that some definite plans may be announced soon. It has been practically decided that the tuition fee will be \$10.00 for each course, excepting the sciences requiring laboratory work.

## Local Girl Writes Play

Mrs. Virginia Philley-Withey is presenting another play next Thursday, May 28. "The New Road," the name of the play, is in three acts. It is written by Ruth Martin, a Fort Wayne girl. This is the first time Mrs. Withey has ever produced a play written by a resident of Fort Wayne. Ruth Martin has had training in this particular line of work, and the play is expected to be a huge success. Little Virginia Beverford and Grace Butler are the star juvenile characters. Given at Little Art Theater. Admission, 50 cents.

Nine or More Credits Completed  
Place Students in List of  
Class of 1926

The office records indicate that the following pupils will graduate next year, provided they make their credits which they should elect. In making this list people with nine or more credits were considered in the class of 1926. If your name is not on the list and you are expecting to graduate next year, you should consult the office in regard to the matter.

## EXTEMPORANEOUS SPEAKING EVENT STIFF CONTEST

Experienced Debaters Will At-  
tempt to Win Lang Cup from  
Ruth Eickmeyer

## EIGHT ENTRANTS COMPETE

The most hotly contested extemporaneous speaking contest in the history of South Side will be held Friday, May 22, in Room 38.

Ruth Eickmeyer, who won the Lange cup last semester, will defend her title against Gertrude Schuelke, Dorothy Emrick, Hubert Beck, Elsiebeth Crane, Power Karr, Thelma Gasser, and Virgil M. Horn. Power W. Karr represented the school in the Oratorical Contest on the Constitution, and Virgil M. Horn won his way to the state contest in the Discussion League Contest. All the contestants have represented the school in debate, except Thelma Gasser, who was nevertheless a member of the debate squad this year.

Eight period English classes will be dismissed so that they may attend the contest.

The subjects are Home Owning, Part-time Schools, Community Centers, and Student Self Government. These subjects were announced Tuesday at 3 p. m. Material had been assembled by Miss Schulze, the librarian, and the contestants will study on each of the four subjects. Friday morning they will draw to determine their subject.

Each speaker will be expected to speak on some phase of his subject, connecting it with Fort Wayne conditions. After the constructive argumentative speeches of eight minutes each, rebuttals of five minutes will be made.

The judges are Mrs. L. G. Ellingham, Reverend H. B. Hostetter, and E. M. Hulst. The judges will grade the contestants on effectiveness of discussion and of rebuttal. These will be averaged and the winner will have his name inscribed on the Lange Extemporaneous Speaking Cup now in the library.

## FACULTY VOTES UPON SCHOLARSHIP AWARDS

The winners of the Kiwanis club medal and of the Business and Professional Women's club scholarships were chosen last week by two ballots. The winners will be announced at the commencement exercises.

The Kiwanis club offers a gold medal to the boy in the graduating class who in the judgment of the principal and the faculty has displayed in the highest degree the qualities of scholarship, initiative, and character.

The Business and Professional Women's club offers a scholarship of \$50 for the girl who meets the same tests.

## SCHOLARSHIPS OFFERED ALLEN COUNTY STUDENTS

State University Gives Two Appoint-  
ments on Basis of High Rank  
During Entire Course

The following letter has been received by Principal Harris in regard to scholarships which the state legislature of 1919 created:

To the Principals of Commissioned High Schools:

By an Act of the General Assembly of 1919, each County Superintendent of Schools in Indiana is authorized to appoint two graduates of the Commissioned High Schools of his county to County Scholarships in Indiana University. These appointments held during the freshman year at the university, and are equal in value to the university contingent fees for that year.

The law requires that the scholarships be granted to the two in each county having the highest general average in the entire high school course. To aid the County Superintendent in making this selection it is suggested that each Principal or Superintendent nominate at least one student from his high school who has attained superior standing in his studies, and also send the County Superintendent a transcript of the record (blanks enclosed) of each nominee. The student should also make application to the County Superintendent for the appointment.

Not all appointees to county scholarships in the past have made creditable records in the University. For the current year 153 appointments were made, eleven of whom did not enter the University, and six of whom withdrew, leaving 136 students holding scholarships. During the first semester of this year these 136 students made a total of 358 hours "A," 745 hours "B," 660 hours "C," 141 hours "D," and 98 hours "Condition" or "Fail." These records are entirely too low.

To avoid appointment of those who are not likely to make high grade records at the University, the aid and cooperation of the Principals and Superintendents are requested. Please announce to your high school pupils that these scholarships are available, and assist in obtaining high grade appointments from your county.

Very respectfully yours,  
DAVID A. ROTHROCK.

Subscribers Start Early  
Lottie Dignan and Dorothy Bales are the first seniors to sign for the Times for next year. The subscriptions were made May 15. Lottie also subscribed for the 1926 Totem.

Attention is one thing everyone can pay.

Old age has overtaken you when your curiosity has died.

We nominate the strawberry (with fixings) for the honor roll.

While your mother is cleaning house, experiment with your locker.

Inspiration is a plant which produces no fruit until it is copiously watered by perspiration.

Isn't it curious how one will work all semester for a grade and then be annoyed when he gets it?

Even the shrubbery about the school is for "Green and White" with all its might." Keep off the grass.

"What are the wild waves saying?" we wonder after seeing some of the results of the marcel "parlor."

Muscle alone never built anything. Brains alone never built anything. Muscle and brains in teamwork have built everything.

Seniors, don't forget that you can be only a freshman next year. How fortune's wheel turns. Now one is on top; tomorrow—where?

What is a hero? We nominate the individual who does the task of the moment at the moment, even though the fish are begging for worms.

Life may be a three-ring circus; but, if you want your money's worth, watch one ring at a time. And don't miss the main performance in the big tent.

Chimneys can smoke, parrots can swear, and cats can stay out at night. Why be puffed up because you happen to be a combination chimney-parrot-cat.

These are the days when seniors are looking back over their records, checking up to see if they have made the grade. You may be a senior sometime. Eventually! Why not now.

According to the report of appraisers, Fort Wayne's schools are her largest industry. Her output is citizenship. Are you proud of the quality? In this industry the product has an active part.

South Side has entrants in many contests. There is one contest, however, which is of unusual interest; even though no one seems aware of it. You are an entrant in the contest between yourself and the self you may be.

When one goes into a store for a common article and is told, "We have none," he forms his opinion of the store. When the teacher asks a question which you should know and you say, "I don't know," he forms his opinion of you. Such opinions crystallize into grades.

"Never look a gift horse in the mouth," says an old proverb. The age of the proverb is proof sufficient that lack of appreciation of free benefits is no new phenomenon of human conduct. It should not be a source of surprise that speakers and musicians receive scant or no respect. Ought we not to say with the prophet of old, "Now let us die, for we are no better than our fathers?"

We often hear school and life contrasted—as if they were different. But the same attitudes and habits which we cultivate in school follow us in after years. The responses we make now determine our reactions when school days are long past. Industry, competition, concentration, citizenship—or the lack of them—are not peculiar to school. The rewards, on the surface, may seem different; but, in reality, the reward of each is character.

One can not get up some morning and say, "Now I have graduated; school is over; life is beginning; now I shall be different," and go about the world a new individual. The roots of character strike too deep into the past for that. Consciously or unconsciously you are choosing today what you will be in the future.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel will consist of seven chapters. Members of Mr. Makey's class will write a new chapter each week and the best one will be published. Chapter V. is by Mildred Crane.

### CHAPTER V.

The fall twilight had settled down over the city of Stanton. Just the dim outline of massive buildings and imposing houses was discernible in the growing dusk. A few late pedestrians, having been detained on business, walked briskly to their cozy homes.

In the better residential district of the metropolis, two men were making their way towards the two-story stone structure termed the Club House.

"Isn't Bob coming tonight?" asked James Seranton.

"No, he had an appointment a usual."

"As usual is right," said James dully. "Well, I think he might try and come once in a life-time."

"Don't be too hard upon him, James," pleaded Dan. "You know he is working hard to earn a name to be proud of and, believe me," he exclaimed enthusiastically, "he's doing it!"

"Yes, I was too hasty in my remarks," admitted James; "but, honestly, it seems he never gets to come to the club any more."

"Do you remember the first time he came with our bunch?" asked Dan. "Let's see—Why, James, it's been just six years ago this fall. It seems almost unbelievable—six years!"

"Great Scott, Dan, it surely hasn't been that long! Why, it was only a few weeks ago when you brought him back to our crowd after he had been bunning around with Harry's gang."

"No—no, you don't realize how fast time flies. It's been six years."

"Bob doesn't look a day older than when I first met him."

"That's because you've been with him so much you haven't noticed the slight stoop of his shoulders and the worn, tired look on his face. Poor Bob, he's homesick, disheartened."

"Here we are at the Club House!" exclaimed James, as he bounded up the steps, followed closely by Dan.

"Hello, late comers," the boys greeted them. "Where's Bob? Not coming? What's the matter with him?"

"He had to go to orchestra practice," volunteered Dan.

"Humph! Then why aren't you at orchestra practice?" quizzed one of the crowd.

"Oh, Bob was transferred to the orchestra up at the Palace Theater."

"At the Palace?" gasped a dozen astounded voices. "Such luck!"

"It wasn't a case of luck, but of hard work and continual practicing," chided Dan. "You see, often when we were enjoying ourselves and having a good time, he was studying music. Luck?—oh, no, work!"

"You're right, Dan. We haven't the stamina and determination to sacrifice pleasure for a profession or talent."

"Hello, Dan," called a cheery voice as Dan was going home a few hours later. "Have they disbanded for the night? I couldn't get away any sooner."

Dan turned.

"Sorry, Bob, we missed you at the club."

"Don't think I didn't want to be there, but you understand."

"Of course I do, Bob, and so do the rest; but we are proud to know you are making a name for yourself."

"I'm trying to exalt the name I disgraced," murmured Bob in a voice which sounded strangely muffled.

"How did the practice come out?" inquired Dan, hoping to divert Bob's mind from harassing thoughts.

"Same as usual," muttered Bob. "There's to be a concert at the Packard Hall next week, and then I have to play for a dance at Miami, Florida, the following week. Say, Dan, can't you go to Miami with me?"

"Miami—Miami," mused Dan. "I'll see. No, I can't either, Bob. I forgot. That's when I have to play for the Travelers' Association dance at Trier's."

"I wish you were going. It wouldn't be so lonesome, then."

"Where is it to be held?" asked Dan, trying hard to conceal his excitement and interest.

"At one of the hotels—I don't know which one, though."

"I wonder—Shall I? No, not now," said Dan in tones too low for Bob to hear.

"Maybe James will go," suggested Bob.

"The very thing! Ask him!" exclaimed Dan enthusiastically. "He's a mighty fine chap—so like my old pal at home."

Bob grasped his opportunity.

"Say, Dan, tell me about him. You said you would sometime. I've been so busy I completely forgot to ask until now."

"Not now—a little later, maybe," faltered Dan.

Bob yawned, then rolled over and went to sleep again. There was a contented smile playing about his mouth. He was back at the dear old home place.

"Hurry, son, or you'll miss the train," called his father.

"Yes, father, I'm coming," answered Bob, as he hastened out to the car.

"College! Won't that be great?" His father looked at him tenderly for a moment with a pride in his heart. How manly Bob was.

"I wonder what kind of a future is before my son," mused Mr. Allen. "Well, Bob, keep and live up to the high standards and ideals we have set up for you."

"Don't worry, father," laughed Bob boyishly. "Why, the next thing you know I may be in the president's chair."

Almost four years had passed when he again stood on the threshold of his home in far different circumstances than he had then. Anger and resentment blazed up and flashed in his eyes. Opposite him stood Mr. Allen—qually wrathful.

How well Bob remembered that moment and those awful words which had come like a thunderbolt. "Never enter this house again. You are disinherited. The money which was to have been yours will be given to some charitable organization for charitable purposes."

"You needn't worry. I won't shadow your doorway again; but I will go on with my music," he had cried angrily.

Knock! Knock! came at repeated intervals, but no word of welcome came from behind the imposing door. Again came the knocks. Still no answer.

"Say, Mr. Allen, what's the matter with you this morning?" Aren't you going to give me a lesson? You promised," came reproachfully from Jack.

Bob sat bolt upright and glanced at his watch.

"Nine-thirty! Come in, Jack. When I make promises, I keep them."

Jack entered, carrying a violin under one arm and some books under the other.

"I wouldn't have bothered you, but I didn't want to miss a lesson," said Jack, glancing withfully and hungrily at his precious instrument, "and then you said you would—"

"And I will. Why, Jack, I owe you more than I can repay. What fame or glory I ever get will be due in most part to you."

"Don't—don't, Mr. Allen," pleaded Jack, blushing furiously under Bob's words. "Why," he went on earnestly, "look what you have done for me. You have amply repaid me for all my services if you want to view it in that light; but I do not charge for such services. They are free. Rather I am indebted to you for what you have done for me. Mr. Allen, you have sent me to school, and given me violin lessons, and—"

"Tut, tut. Enough of that. Come. Let's start that lesson."

Jack eagerly and tenderly lifted the violin from its case. He put the rest under his chin and, drawing the bow across the strings, drifted into some sweet melodious pieces.

"Count, Jack. You're not keeping time as well as usual this morning," criticized Bob kindly.

"One, two, three—"

"Say, Jack, I'm giving a recital up at the Hall next month, and I want you to start practicing on 'Ave Maria.' It's a difficult piece, but I believe you can do it."

Jack's eyes sparkled. "I'd like to try."

Bob glanced up at Jack as he stood there holding the bow with eager fingers.

"Why—how closely he resembles James Seranton!"

Bob had never noticed it before. Jack was tall and slender. His eyes and hair were dark and the same peculiar smile which characterized James characterized Jack.

The telephone rang.

"Hello. Yes, this is Mr. Allen. Who is this speaking?"

"Professor Kern. I'm to play a violin solo at the Art Theater tonight, but I have to leave the city on business. Will you take my place?"

"Well—yes, I'll do my best."

"Thank you. It will help me out a great deal."

"I wish I could play like you can," said Jack admiringly.

"You will some day, Jack, and that time won't be long in coming if my predictions are true."

"I'll have to be going," said Jack as he gathered up his things.

"Don't be in a hurry."

"Your time to yourself is limited enough without my infringing upon it."

"I like for you to come," rejoined Bob.

"I can't stay this time," reiterated Jack. "Goodbye."

"Good-bye, Jack—no wait. Come back a moment. I wanted to ask you something."

Jack returned. "What do you want?"

"I want you to work hard on 'Ave Maria' and—"

"As if I wouldn't," interrupted Jack.

"And," he paused, "would you like to go to Miami, Florida, with me? I have to go there to play for a dance in a couple of weeks."

"Nothing I'd like better," volunteered Jack with a beaming countenance.

"Will wonders never cease?" he murmured softly as he slipped away to his humble lodgings.

## CENTRAL ANNEXES SECTIONAL MEET

Columbia City, Auburn, South Side, Decatur, Coesee, and Geneva Follow in Order

### SOUTH SIDERS IN STATE

Gathering in points in a majority of events Central high cinder squad copped the local sectional track and field meet over fourteen opponents Saturday afternoon in the stadium, scoring 37½ points, while Columbia City marked up 24½, Auburn 19½, South Side 15, Decatur 1½, Coesee 1, and Geneva ½.

Snyder of Auburn and Lamont of Central were high point men. Snyder took first in the 100-yard dash, 220-yard dash and 220-yard low hurdles. Lamont, true to form, took first in the mile and half mile, for second high in individual scoring with 10 points.

The following sectional records were broken: 440-yard dash, half mile, mile, 120-yard high hurdles, high jump, pole vault, broad jump, mile relay and half mile relay.

The mile proved to be the race the fans expected. Allen of Columbia City, and Clapham of South Side, gave Lamont, the Central star, a real battle for first honors. Clapham early took the lead and held it until the final stretch, when Lamont pulled ahead for a new local record.

Central will have seven men and the mile relay team in the state meet at Indianapolis next Saturday; South Side will have three of the youngest lads entered in the mile relay and the half mile relay team entered in the state finals. Kepler, Lamont, Smith, Nobles, Morrill, Kowalczyk and Diehl are the members of the Tiger squad that will journey to Indianapolis. E. Rahe C. Fleming and Lighthill will represent the Green and White. Brubaker and Baker will be added for the half mile relay.

Cummins, Deutsch and Allen of Columbia City; Simons, Snyder, Frederick of Auburn; Miller of Decatur; Severance of Geneva, are the others who will be entered in the state tournament at Indianapolis.

South Side relay team lowered the local sectional mark two seconds and came within 3½ seconds of the state record. They will undoubtedly finish near the top at the state.

Rahe and Fleming ought to show up well in the hurdles and Lighthill will push hard the best in the state. Jack is one of the youngest lads entered in the meet and made a great showing. Much is expected from him in the future.

Deutsch of Columbia City easily took the pole vault at 11 feet. However, second place was hotly contested, with Miller and Nobles tied for second place and Rhodes taking third.

Nobles of Central and Cummins of Columbia City tied for first place in the high jump. They broke the sectional record by a quarter of an inch when he cleared the bar at 5 feet 8 inches.

Louis A. Schwan, general secretary of the Y. M. C. A., was referee and starter of the meet. Pat Hyland was head field judge; Earl Saffan clerk of the course; A. G. Cleaver, clerk of field events; G. H. Russell, head finish judge; Ralph Omerod, head timer; Willard Plogsther, head inspector; and John DeLong, scorer.

The summaries were as follows:

100-yard dash—First, Snyder (Auburn); second, Kepler (Central); third, Brubaker (South Side). Time—10.4 seconds.

220-yard dash—First, Snyder (Auburn); second, Lighthill (South Side); third, Brubaker (South Side). Time—24.8 seconds.

440-yard dash—First, Smith (Central); second, Frederick (Auburn); third, Felger (Central). Time—54.4 seconds.

Half mile—First, Lamont (Central); second, Morrill (Central); third, Allen (Columbia City). Time—2:06.10 seconds.

Mile—First, Lamont (Central); second, Allen (Columbia City); third, Clapham (South Side). Time—4:43.3-5 minutes.

120-yard high hurdles—First, Rahe (South Side); second, Flemming (South Side); third, Frederick (Auburn). Time—1:18.10 seconds.

220-yard low hurdles—First, Snyder (Auburn); second, Diehl (Central); third, Flemming (South Side). Time—29.5-10 seconds.

High jump—First, Nobles (Central); and Cummins (Columbia City), tie; third, Simons (Auburn), and Severance (Geneva), tie. Height—5 feet 11 inches.

Shot put—First, Deutsch (Columbia City); second, Kowalczyk (Central); third, Van Houten (Coesee). Distance—43 feet 2 inches.

Pole vault—First, Cummins (Columbia City); second, Nobles (Central), Miller (Decatur), and Rhodes (Columbia City), tie. Height—11 feet.

Broad jump—First, Cummins (Columbia City); second, Nobles (Central); third, Diehl (Central). Distance—20 feet 9½ inches.

Mile relay—First, Central; second, South Side; third, Decatur. Time—3:46.6-10 minutes.

Half mile relay—First, South Side; second, Central; third, Columbia City. Time—1:39.

## SPORT GUSH

South Side girls have brung home the bacon twice already. We've got two more chances. (So have the Central girls.)

Didja see the four innings that we held them scoreless?

Mooney has been going great lately—two home runs and nearly killed a cow in the Montpelier game.

The manager of the Huntington Indians is sending a bill for damages done the grand stand caused by Staigt.

The old superstition in the baseball world is that if you fan the first man you lose the game. Plasket fanned the first Huntington man and she worked.

Plasket is pitching great ball—all he needs is more work.

## GREEN PROTEGES WIN WITH COMFORTABLE SCORE

Green Pulls Away From Dangerous Score in Second Inning and Humbles Rivals

Once more the Green girls scored ahead of the Blue on Wednesday, May 13 (the lucky thirteenth). The Green edged the Blue away from a victory by an 18 to 7 score.

At the end of the second inning the score stood 6 to 5 in favor of Central. Loose baseball was greatly in evidence at first. Then the team began to work. In the next four innings Central did not score, while South Side piled up a comfortable lead. One run in the last for Central gave them 7. South Side waived the privilege of their last inning.

The line-up:

### TENNIS THIS YEAR?

Another faculty edition of the Times brings to mind an item which appeared in last year's edition regarding the tennis courts. The reporter then stated on what he supposed was good authority that the courts would be in operation in a few weeks. Some 52 weeks have now elapsed and the several hundred students and teachers who would like to use them are still waiting. There are no doubt many students who would be willing to roll and line the courts for a very small charge or probably just for the chance to play on them.

Let's get some use out of these courts THIS YEAR.

## SOUTH SIDE WINS OVER MONPELIER

Ideal Weather Fails To Give Southern Team Its Coveted Revenge

### THE PITCHERS SHOW FORM

South Side's baseball nine journeyed to Montpelier last Tuesday for a return game at that place. It was an ideal baseball day. The sky was high and clear. The air was warm and balmy with hardly a breeze—a marked contrast to the previous game days. In a meeting earlier in the season South Side had administered Montpelier's only defeat of the season. South Side was confident of repeating while Montpelier was out determined to avenge their first defeat.

Play ball was called promptly at 3 p. m. Nulf, South Side's lead-off man, stepped to the plate. With the count two all he connected for a long two-bagger over the center fielder's head. He promptly stole third and waited patiently for the necessary single that would score him. Currie and Distel gallantly struck out. Nulf then started out to do things himself and inveigled the Montpelier catcher to throw into left field, giving Nulf opportunity to walk home. To end the inning DeHaven whiffed.

The rest of the game was a repetition of the first inning. South Side was over-anxious. They were trying to kill the slow offerings of the Montpelier pitcher and as a result were fanning regularly. Four hits were the sum total of their efforts. The hits came at opportune times, however, and each resulted in a score. Plasket doubled, being good for two runs.

Plasket pitched a steady game. Although touched for nine hits, he kept them scattered and was never in serious danger. An error allowed Montpelier was her only run. Newman, Montpelier's catcher, connected for three triples out of three times up. Both pitchers were in rare form. Plasket shutting out 12, while Sharp whiffed 14.

## MUNCIE SAVES TRIP FOR SOUTH SIDE FANS

Down-Staters Hold Heavy End of Games Won With Local Pill Chasers

The Green and White baseball tossers will play Muncie in the stadium Friday at 3:15 p. m. The Muncie team is made up of practically the same men as played last year with one of the best high school pitchers in the state.

Last year they were defeated in the second game at the state tournament by Bicknell in a no hit no run game. Bicknell went to the semi-finals.

Thus far Muncie has won two of the three games played with the South Side team. Last year the game here went ten innings for a 11 to 10 victory for Muncie.

### With the Classes

Mr. Rother's Latin VIII class begins the study of Ovid Tuesday, taking up the Metamorphoses.

The 9A cooking classes are making cakes.

The 10A cooking classes are studying diet in its relation to disease.

Mrs. E. L. Simpson visited the grade cooking class Wednesday afternoon.

The public speaking students are busy on their term speeches, which take the place of examinations.

Mr. Makey's English VIII classes are ready to begin the study of Wordsworth's poems. This will be the last poet studied in the course.

Miss Esary's 10B classes have finished Types of the Short Story and are now studying The Ancient Mariner. They are also trying to write original blank verse.

Chemistry II classes had a test or reactions in Qualitative Analysis Friday, May 15. The fourth period class averaged 74.9%, and the sixth hour class averaged 85%.

The Chemistry department is fitting up a dark room for photography. Mr. Vorhees hopes to make lantern slides.

Raymond Ewell has made several other complex organic compounds in his spare time in the chemistry laboratory.

Miss Kiefer's 9B English classes have as their goal 100% in spelling for every member. Recently they had a test on all the words in the 9B spelling lessons. Now each member is to make up, individually, all the words he missed. When all are made up, the test will be given again, and a third time, if necessary, to secure a perfect score.

Raymond Ewell demonstrated the action of the Wayne Water Softener by means of a model used by salesmen for this purpose before the sixth hour chemistry class recently.

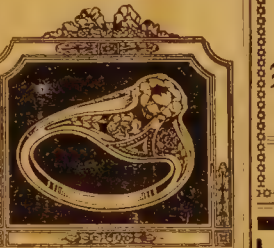

Members of the fourth period college Algebra class have made slide rules as part of their work in studying logarithms. One circular rule was brought in and one wooden one. The remainder were linear rules of cardboard.

### Alumni News

"Red" Fromuth, '24, former star in football, basketball and baseball at South Side, is winning mention for his work on the diamond at Indiana University. In an account of a frosh practice game last week, the Indiana Daily Student says: "Fromuth and Vojtech toed the rubber for the two outfits, and both performed creditably."

Fromuth, graduate of South Side high school, Fort Wayne, has been grooving the plate regularly in his deliveries and promises to be a contender for a berth on the varsity hurling staff next spring."

Dorothy Dix, '24, is leaving Saturday for Northwestern University to attend the Phi Delta formal spring dance Saturday night.

Catherine Roe, '24, is entertaining this week-end in honor of Catherine Miller, '23, whose marriage will occur in June.

Mildred Heintz, '23, spent last week-end in Hammond as delegate to the district Walther League convention.

Vivian Crates, '24, is leaving tomorrow for Ann Arbor, Mich., to attend the Annual May Festival of the University of Michigan.

Several alumnae took leading parts in the Alpha Beta vaudeville program given at the Little Art Theatre last Friday evening. Helen Hobrock, '23, was soloist in the opening chorus. Vallette Wellman, '23, was also a member of this chorus. Dorothy Horst-meyer, '23, took part in the interpretative dance, "Youth."

Gladys Stringer, '23, of Indiana University, entertained her mother at the Delta Zeta's Mothers' Day party.

### WARNING NOTICES TO PREVENT LOSS

Ninety-six Years Saved If All Warnings Prevent Failures in Current Semester.

"Slow Down, Dangerous Curve Ahead!"

Do you appreciate these warning signs that are placed along our highway? The state has discovered that such signs will often save a life.

The school, too, has found that a warning in time will save a student the term's work, if he will take advantage of the warning. Two hundred and fifty of these notices were mailed last week. If a student will put forth the effort and make a passing grade, then he will save twenty weeks of his time in life. If all the students who are warned pass, they will offer to the world ninety-six years of time saved just by giving attention to a warning notice.

It is a wise maxim "to take warning from others of what may be to your own advantage."

### HI-Y ENTERTAINS MOTHERS AT ANNUAL BANQUET

One of the most interesting and successful meetings of the school year was enjoyed by the Hi-Y club at its Mother and Son banquet at the Y. M. C. A. last Thursday evening. Nearly 100 per cent of the total enrollment of each club was present, and each member had his mother as a guest. Not only was the banquet a success from point of view of number, but the program also was quite entertaining. Melvin Wolf, a Central student, acted as toastmaster. Horace Arnew, president of the South Side club, gave the address of welcome to the mothers, and the response by the guests was given by Mrs. Albert Thomas. The Central group that won the prize at camp for the best stunt presented their prize-winning stunt so that their mothers, too, might enjoy it and thus get a glimpse of what camp life means to their sons.

Rev. Strachan, pastor of the South Wayne Baptist church, was the principal speaker. He chose as his central thought the very appropriate remark, "One should strive to give and not wish to receive." A very striking illustration of the punishment to follow "getting" instead of "giving" was the downfall of Rome, of which city it was boastfully said "All roads lead to Rome." The speaker pointed out that Rome might have existed many years longer had it been true that many roads also departed from Rome.

### MATH-SCIENCE CLUB

The last regular meeting of the Science-Mathematics club for this year will be held Friday evening, May 22, at 7:30 p. m., in Room 14. Ralph Frank will prove that black is white and tell us how to solve all sorts of knotty problems. Allen Mason will exhibit his gyroscopes and show us how they perform for him. There will be plenty of eats and snappy games.

As this is the time to elect the officers for next year, all members should attend. The following people have been placed in nomination:

For President:  
Ruth Eickmeyer.  
Maurice Polger.  
Gertrude Schuelke.

For Vice-President:  
Elisbeth Crane.  
Dorothy Emrick.  
Walter Hallstein.

For Secretary:

### TEACHERS' ASSOCIATION HOLDS ANNUAL ELECTION

The final meeting of the Fort Wayne Teachers' Association for this year was held Monday at 4:30 p. m. at the Central high school. As this was the time for the annual election of officers, the meeting was well attended. The election resulted as follows:

President—E. S. Gould.  
Vice-President—Miss Flora Neaderhouser.  
Recording Secretary—Miss Virginia Kinnaird.  
Corresponding Secretary—Miss Laura Phipps.  
Treasurer—Glenn Thomas.

### DISPENSARY AIDS EMERGENCY CASES

Fully Equipped Room Provides Temporary Relief in Cases of Sudden Illness.

Since most of South Side high school students are blessed with good health and happiness, they know little or nothing of the dispensary which is located on the second floor near the General Office. The dispensary is maintained to take care of emergency cases of either illness or accidents. It is equipped with running water, both hot and cold, a hospital bed, chairs, and first aid remedies. The new stretchers which have been recently added to the equipment are a great aid in case some one is hurt or faints and is temporarily disabled.

If a student becomes suddenly ill, he is taken care of in the dispensary until it is safe to remove him to his home. His parents are notified at once, and at their suggestion the family physician is called if it is thought necessary. Most of the cases cared for in the dispensary are not serious and require only temporary relief. Although this little room is not well known, it has proved to be of great value in cases of illness.

### WHO IS THE IDEAL GIRL ASK U. S. A. MEMBERS

Father's, Mother's, Dean's, Teacher's, and Young man's Answers Heard By Students Last Thursday

"Health is the first and most necessary qualification of the ideal girl," said Mr. Voorhees, speaking from the point of view of a father to the U. S. A. on Thursday afternoon. Following this he ranged beauty as a girl's prerogative and right, obedience as a source of great joy to parents, unselfishness, serious-mindedness, and education. "All of these contribute," he said, "to the culture which is the crowning glory of an ideal girl."

Miss Pittenger spoke on the same subject from her angle as Dean of Girls. She said, "It is not ideal for girls to be conspicuous. They should do each next thing in the best way they know how without continually thinking about themselves. They should keep themselves cheerful, contented, well. Regular food and habits keep them well and ready to be depended upon. Girls should cultivate the spiritual values which give sweetness and charm."

As a teacher, Miss Crowe decided that a girl should have the honesty and independence which will make her face her own problems squarely. She should be individual, but open-minded, not set in her ways. Unselfishness should cause her to put herself in the background, and prepare her lessons because they affect so many beside herself; the teacher, the parents, the school.

Hubert Beck, presenting the subject from the standpoint of a young man, maintained that an ideal girl must be developed in every way, spiritually, physically, and intellectually. "She must pass. If she fails in any of her school subjects, she has no chance of being ideal in any boy's mind. She must be cheerful, interesting, and never fickle."

Mrs. Ray, speaking as a mother, added to the points of preceding speakers interesting illustrations of loyalty in principle and graciousness in manner.

Miss Olive Perkins, a South Side teacher, sang "The Lord is My Shepherd." Three selections were given by the Service Committee's Quartet.

### P. BAUMGARTNER TO GUIDE STAFF NEXT SEMESTER

To Be General Manager After Three Terms of Active Work on South Side Times

REMAINING POSITIONS TO BE FILLED LATER

Next Week's Issue of Times Will Publish List of Minor Positions

Pauline Baumgartner will guide the destinies of the Times next fall following her appointment this week as general manager.

Pauline Baumgartner

Pauline has reached the highest active position on the Times after three years of conscientious work. Pauline started the journalism course in the second half of her sophomore year. During her first semester Pauline was a reporter and advertising solicitor. During her second semester's work she very efficiently filled the position of advertising manager. This semester, on her third semester's experience in journalism, she advanced to managing editor.

"Pauline is the best journalism student I have ever had and undoubtedly will be the best general manager the Times has ever had. I am sure Pauline, with the co-operation of the students, will keep the Times up to its reputation and high standard," Miss Harvey emphatically stated.

Other positions on the Times will be announced after Pauline has considered the applicants. Any journalism student who has a preference for a certain position can speak to either Pauline or Miss Harvey.

### MAURICE FELGER IS NEXT MATH SCIENCE PRESIDENT

Walter Hallstein, Kathryn Chapman, Ralph Frank Are Other New Officers Elected

Maurice Felger was elected president of Math-Science club at a meeting held May 22. Walter Hallstein was chosen vice-president; Kathryn Chapman, secretary; and Ralph Frank, treasurer. The new officers will succeed Eleanor Colson, Mildred Crane, Allen Mason, and Florence Hansen.

Ralph Frank and Allen Mason were on the program speaking on puzzle problems and gyroscopes. Mason has a large collection of gyroscopes for which he received a prize in a hobby show conducted by the Y. M. C. A.

The annual picnic has been postponed until next fall as an appropriate date could not be found.

Committees and faculty advisors will be chosen later by the new cabinet.

All Students Pass Bible Test

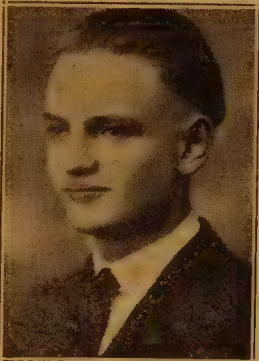

All the fifty-eight students taking the Bible study test this year at the Huntington (Ind.) high school passed the test.

### STENOGRAPHERS LEARN TO USE DICTAPHONE

The 12A stenography students are working with the new electric dictaphone in Room 26. The equipment consists of a dictating machine which makes impressions on wax cylinders and transcribing machines equipped with headphones and a shaving machine which shaves the wax cylinders so they may be used again.

Letters are dictated through a speaking tube on the dictating machine, which records the words on the wax cylinder similar to a phonograph record. Cylinders taken from this machine are placed on the transcribing machine, which is somewhat similar to a phonograph, in that a needle reproduces the sound of the voice. The headphones resemble a doctor's stethoscope and carry the voice of the dictation to the typist's ears.

This work helps increase the speed and accuracy of the typist as it is necessary to type at a good rate to keep up with the dictation, even though it is going rather slow. The dictaphones are used in many of the office and for this reason the stenography students are given work as well as transcribing letters from shorthand.

STRONG ARM

Power W. Karr is taking the part of Strong Arm in the pageant "The Light." He will appear in the first glimmer.

### LAST EIGHT DAYS OF SCHOOL TERM TO BE CROWDED

Seniors' Last Week Filled by Baccalaureate Services, Fun Fest, Dance, Commencement Exercises

DIPLOMAS TO BE GIVEN TO SENIORS ON JUNE 10

Grades To Be Received and Classes Dismissed on Same Day

Just eight more days of school in this term! But they will be busy days for the seniors. On Sunday, June 7, the baccalaureate services will be held at the Plymouth Congregational church. Rev. Arthur J. Folsom will preach the baccalaureate sermon. The senior fun fest given by the Parent-Teachers' association will occur Monday, June 8, in the gymnasium. The commencement dance will be given June 9, also, in the gymnasium. Commencement exercises will occur on June 10, and grades will be given and classes dismissed on the same day.

Students of other classes will also be busy. Besides final exams, the following is the program for the rest of the term:

- June 21—Central baseball—there.
- June 21—Philaethian picnic at Diseren's farm.
- June 3—Economics department style show.
- June 4—Girl Reserve June fete.
- June 5—Central baseball—here.
- June 7—Baccalaureate services.
- June 8—Senior fun fest.
- June 9—Senior dance.
- June 10—Commencement.

### SO-SI-Y CLUB ENJOYS OUT-OF-DOOR MEETING

Officers for Next Term Installed; Committees to Solicit Articles for June Fete

"Memory Land," the title of the So-Si-Y meeting which was held May 20, was carried out by observing Grace Dodge day. The main feature of the program was a talk on Grace Dodge by Elsiebeth Crane. The devotions were led by Violet Fell. A contest in group singing was held and the winners were awarded with prizes.

Plans were made at this meeting for the club's share in the June Fete which will be given at McBride's lawn on June 4. The committee chairman and officers will take charge of soliciting the articles.

The annual picnic for the members at Foster park, May 26, was the last meeting of the year. The name chosen for this meeting was "Greenland," which suggests out-of-door games as a part of the program. The officers which were elected for next term, Cornelia Bade, president; Margaret Crosbie, vice-president; Margaret Somers, secretary; and Thelma Gasser, treasurer, were installed at this meeting.

Eats in the form of a basket lunch with ice cream as a dessert, were enjoyed after the program.

Although all money from the candy sale has not yet been turned in so far, \$8.36 was realized.

Classes Visit Reformatory

Sociology classes of the Mansfield (Ohio) high school visited the Ohio State reformatory where they were conducted through the various departments. They were shown through all the workshops.

LIVES ILLUSTRATED TALK AT JUNIOR HI-Y MEETING

Rev. J. H. String gave an interesting talk on the subjects "The Canadian Rockies" and "Yellowstone National Park" during the last meeting of the Junior Hi-Y, May 13. Rev. String illustrated his talk by the use of lantern slides.

Election of officers has been postponed till next fall.

### SOUTH SIDE HAS LARGE SHARE IN SCHOOL PAGEANT

Four Students Here Have Important Parts in "The Light," Presented at Harrison Hill School

PUBLICITY HANDLED BY JOURNALISM STUDENTS

Their Stories Appear in Daily Papers; Band Plays at End of Pageant

Four South Side pupils, Doris Speaker, Maynard Patterson, Power Karr, and Jerry DuWan, as well as the South Side high school and the kindergarten bands, are taking part in the educational pageant, "The Light," which will be presented again tonight and Friday night, following its very successful premiere last night. This pageant, under the direction of Miss Elizabeth Baldwin, is being given by the school children of the public schools of the city to show the value of education and the necessity of having proper equipment for the schools.

In Education

Doris Speaker, a senior, takes an important role, portraying education. Education appears at the first and has a part through the whole pageant. She shows how important schools are and her light gives off glimmers which help to show the value of education.

Power Karr, a public speaking student and one of the participants in the extemporaneous contests at school, portrays the part of Strong Arm, the father, in the first glimmer, called "Experience." It shows how experience brings about education. Two others will appear in this glimmer, Robert Finkhausen, Adam La Mar, Dorothy Likens, and Mildred Burt, all South Side grade school students.

Maynard Patterson, junior assistant editor of the Totem, and a member of the South Side band, takes the part of Hiawatha, who instructs his people around him with picture writing in the third glimmer, called "Invention." Maynard is also the assistant stage manager for the pageant.

Band Plays

Jerry DuWan makes his appearance in the seventh glimmer called, "The Book," when he depicts the famous picture of Abraham Lincoln studying by the fireside. Jerry is the basketball captain for 1925-26 and is assistant sports editor of the Times.

The South Side band, under the direction of Roland L. Schafer, instructor of music at South Side, appears at the end of the pageant, playing "The Star Spangled Banner," which ends the pageant with a grand finale. The kindergarten band, which makes its first appearance in public, consists of 38 children. Drums, triangles, symbols, bells, and tambourines are among the many instruments played. The children are divided into two groups of 19 each, which appear alternately during the three nights. The band is trained by Miss Esther Erickson and Mrs. June Waltherman, kindergarten teachers.

The journalism classes of South Side are in charge of the programs, which will be distributed free of charge, as the classes have sold enough advertising to cover the expenses. Over 2100 copies of 24 pages each have been printed.

Write for Papers

The advanced journalism class has been handling the advance publicity in the papers. Fourteen stories have appeared in the Journal-Gazette and the News-Sentinel. These stories have been written by Clara Sherbondy, Blanche Hall, Helen Crawford, Ruth Mae Dawkins, Gerald DuWan, Lorna Frauenfelder, Lucile Grosvenor, Gertrude Schuelke, Louise Pollock, Margaret Pocock, William Van Ness and Helene Foellinger.

Eight posters for the pageant were made by the art pupils of South Side. In the upper part of the posters was a picture of a woman representing education and below this are the announcements in regard to the pageant.

In order that the public may have a chance to see what the manual training classes are doing those of South Side are giving an exhibition of their work. This exhibition, under the direction of Mr. Chappell, is being shown in one of the rooms at the right of the main entrance to the Harrison Hill school, as there is not enough time to bring the various articles exhibited are tables, floor and table lamps, taboretts, hope chests, candle sticks, and piano benches.

Thousand Take Part

Over 1000 children from all the public schools in the city are taking part in this huge pageant. The first part of it is divided into ten glimmers having to do with the light which Education holds. In the second part the pageant takes the form of showing Education's dream fulfilled. In this half a demonstration, which includes the work being done in the public schools, is presented.

The tickets, which are on sale at the entrance of the Harrison Hill school, are 50 cents.

Make Designs for School Emblem

Art classes at the Edison high school, Minneapolis, Minn., have made designs for a school emblem which will appear on all class rings and pins. The student council decided which design would be used.

### NEXT TIMES TO BE LAST

Next week's issue of the Times is the last number for this school year. Chronologically it will be known as Volume III, Number 34.

The number of publications has exceeded those of other years. Two years ago there were thirty issues and last year thirty-one were put out. A total of 180 pages will have been published by the end of this year, including a ten page, and four eight page papers. The ten page number was the Regional Tournament issue. The total number of pages this year exceed those of last year by 46 since 134 pages were published then in 31 issues, 136 pages printed in 30 numbers were put out the year before that.

### TOTEMS READY TO BE ISSUED BY NEXT WEEK

Work on Year Books is Nearing Completion; Covers Are Ordered, Printing Under Way

ALL PAYMENTS MUST BE MADE THIS WEEK

Students Who Have Paid in Full Will Get Their Totems First

"The Totems will be delivered sometime next week, according to our present plans," said Bud Beck, editor of the Totem, after returning from a visit to the D. F. Keller Printing company at Chicago. "Work is progressing nicely. Make-up and composition have been completed, and printing has been started. The covers, which have been made by the Book-told Printing company of St. Louis, instead of by Mokey because a much better cover design and higher grade cover have been secured, have been delivered to the printing company."

It is most important that all subscription payments be made this week, because, upon arrival of the Totems, delivery will be made first to those students who have completed their payments.

There is not a student in South Side who will not be proud of his year-book. The cover is to be of grey leather. The unique historic idea, which is carried out through the entire book, is also shown on the cover. This cover design has been drawn expressly for the Totem, and will also be copyrighted. Application for copyright for the entire book has been made, and copies of the Totem will be rushed to Washington for copyright as soon as it comes off the press.

The opening pages and the Ex-libris design are printed in three colors and black and are very good work for a high school annual.

The scenic section contains pair of pictures, which are done alternately in dark brown and dark green. These photographs are scenes of historic interest in Fort Wayne.

The division pages are also made in colors, the borders matching the borders of the scenic section. All the sub-division pages are done by Thelma Buirley.

One of the most attractive points of this year's annual is the appearance of the members of all classes in individual pictures. Approximately 600 class pictures will appear. There will be eight seniors, twelve juniors, fifteen sophomores, and eighteen freshmen to the page. Underneath the seniors will appear their various activity lists, while a complete class history will be run under the others. The football, basketball, and baseball sections have been made especially attractive this year. In story form, there appears a brief sketch of the various games and their scores. Publications, too, is very interesting. Among these pages there are pictures of the awards the Times and Totem have received recently. The workers upon both Times and Totem are recognized in this section, also.

South Side can well be proud of her marked advancement and liberal contributions to all school activities, the staff has tried especially hard to give them credit in their section of the annual.

At intervals in the book are snap shot pages, which always prove so interesting. Many clever sub-titles have been worked out.

### PRIZE OFFERED!

An Oh Henry! will be given by the Times to the person who submits the best title for the Times "Oh Henry" novel, pursuant to the suggestion of Mr. Makey. Rules for the contest are:

1. Any pupil or teacher in school is allowed to enter the contest.
  2. Any number of titles may be submitted.
  3. No titles may be submitted after next Tuesday at 3 p. m.
  4. Each title should be written plainly on a piece of paper, with the contestant's name, also.
  5. All titles should be submitted to Mr. Makey.
- Mr. Makey will decide which title is the best and the winner will be announced in next week's issue of the Times.

### VIRGIL M. HORN JUDGED CHAMP EXTEMP SPEAKER

Gives Speech About Communism; Has Name Engraved on Large Memorial Cup

EMRICH AND GASSER GIVEN SECOND PLAC.

Member of School Board, Minister of Church and Prominent Lawyer Are Judges

Virgil M. Horn, who won his way to the state finals in the Discussion league contest, will have his name engraved upon the Lange cup as the winner of the extemporaneous speaking contest held last Friday in Room 38. He gave a speech on Communism.

VIRGIL HORN

Dorothy Emrich, member of the debate team, and Thelma Gasser, who won the debate squad, tied for second place talking on Home Ownership and Community centers, respectively. Ruth Eickmeyer, Power W. Karr and Gertrude Schuelke were the other speakers. Ruth and Power drew part-time schools as their subjects, while Gertrude had Student Self-Government as hers.

Each one was allowed eight minutes for the constructive speech and five for the rebuttal. The subjects were announced on May 19 and for three days the entries studied material on all four subjects. The morning of the contest, they drew to determine their subjects.

Mrs. L. G. Ellingham, a member of the school board; Reverend H. B. Hostetter, of the Third Presbyterian church, and E. M. Hulse, a prominent lawyer, were the judges. They graded the contestants on effectiveness of discussion and of rebuttals and on the grasp of material and then averaged the grades to determine the winner. Lucille Lapp was chairman.

Eighth period English classes were dismissed so that they could hear the contest.

Five names are now engraved on the Ralph E. Lange memorial cup. These are the winners of extemporaneous speaking contests since the beginning of South Side, Mary Forker, Paul Oliver, Josephine Dimkpage, Ruth Eickmeyer and Virgil Horn.

### HI-Y CLUBS TO ELECT NEXT YEAR'S OFFICERS

Members to Vote at Office; N. Sprunger, C. Newman, R. Schafer Nominated

Nominations for next fall's officers of the Hi-Y club have been made and ballots are to be turned in at the office. Those nominated for president are Noble Sprunger, Clinton Newman, and Raymond Shaffer. Nominations for vice president are Maynard Patterson and Charles Weirich. Those put up for secretary, treasurer are Chris Branning and Bryce Welly.

As a suitable date could not be found for the Hi-Y picnic, the affair will not be given.

The last meeting of the club was held at the Y. M. C. A. last Thursday evening, May 21.

### ART CLUB TO ELECT NEW HEADS AT LAST MEETING

Interesting Program Arranged; Pins To Be Ordered From M. Reitz and T. Buirley

Officers for the next semester will be elected at the last meeting of the Art club next Tuesday, June 2.

Miss Ley will talk on dress and Elizabeth Miller will entertain with some readings. A chink talk will be given by Virginia Pollock, while Thelma Buirley sings. Entals will be served.

Members who want Art club pins must bring \$1.65 to Marcella Reitz or Thelma Buirley before the end of the week.

EDUCATION

Doris Speaker impersonates Education. She has the main part and will appear throughout.

### ECONOMIC DEPARTMENT TO STAGE STYLE SHOW

Argument Made During Term Will Be Exhibited to Public; Girls to Serve Tea

Girls of the home economics department will present a style show on Wednesday, June 3, in rooms 75 and 77, at 3 o'clock.

This is being given in order that the public may see what is being carried on by sewing and millinery classes. The cooking girls will serve tea during the afternoon, so that they may demonstrate some of the work being done in that department.

The girls will show some of the garments which have been made during winter and spring dresses, underwear, gowns, children's dresses, middie, skirts and millinery.

The public is invited to attend and the mothers are especially urged to come.

### U. S. A. CLUB PICNIC TO COME OFF TODAY

New Officers To Be Installed Games To Be Conducted by Social Committee

Members of the U. S. A. club will go on a picnic to Foster park today immediately after school. The girls will take their own suppers and hike out to the park.

The social committee is planning the games and entertainment. The following officers will be installed: Elizabeth Suter, president; Jennett Duryee, vice-president; Katherine Pepper, secretary, and Betty Ray, treasurer.

### PHILAETHIANS TO HOLD ANNUAL PICNIC JUNE 1

To Be Held at Diseren's Farm Next Monday; New Members to Be Initiated

The annual picnic of the Philaethian Literary society will be held at Diseren's farm next Monday, June 1, after school. Only those members who have paid their dues will be allowed to attend. All girls wishing to go must sign up in Room 10 by Thursday evening.

Cars will be provided to take all picnicers. The afternoon will be occupied by music and games, after which a lunch will be served. New members will be initiated. This affair will be the last meeting until next fall.

The "Senior Day" meeting held May 18 at the Fletcher home on South Broadway, was given as a farewell to the seniors who are Philaethian members. Marjorie Matlack, accompanied by Ruth Knatz, sang two solos. Geraldine Lower read the prophecy of the class of '25, after which "final exams" were given, prizes being awarded to those receiving the highest and lowest grades.

Refreshments consisting of ice cream and cookies was served. Officers for the coming year were elected as follows:

President: Dorothy Somers.  
Vice-president: Elvah Miller.  
Secretary: Kathryn Chapman.  
Treasurer: Beatrice Rieke.  
Chairman of program committee: Jeannette Stults.  
Chairman of publicity committee: Mildred Scott.  
Sergeant-at-Arms: Maxine Schmieder.

### SOUTH SIDE ART PUPILS WINS POSTER CONTEST

Isabelle Wilkinson, a student in the art department won a two-dollar prize for the poster she submitted in the Y. W. C. A. Federation festival poster contest. The other posters that were entered were used last week to advertise the festival which was held in Lakeside, May 16.

### GREEN TO MEET BLUE IN SECOND TILT OF SEASON

B.ubaker and Staigh Probable Battery for South Side; Kowalczyk and Steinhouser for Blue

CURRIE WILL BE BACK IN LINEUP THIS WEEK

Both Teams Have Improved Since Last Games; To Start at 3:15 o'Clock

South Side will meet the Central Tigers in their second slug-fest of the season tomorrow afternoon at 3:15 on the Lincoln Life diamond. If South Side wins this game she will claim the city high school championship. However, if Central wins, another game will be played to run off the tie.

Coach Gilbert is giving his men a hard workout in preparation for the game. He will probably start the game with Brubaker on the mound and Staigh on the receiving end. Kowalczyk and Steinhouser will probably make up Central's battery.

Don Currie, who has missed the last two games, will play again in tomorrow's game.

South Side defeated Central in their first game early in the season by a score of 13 to 11. Both teams have showed great improvement since their last tilt and a real battle is expected.

If Dehaven can repeat what he did against Muncie last Friday, when he knocked a homer and two triples, a two baggers and on a single, the Green sluggers will not be greatly in danger.

### CURB SERVICE PLANNED FOR Y.W.C.A. JUNE FETE

All Girl Reserve Clubs of City Will Donate Goodies; Two Programs Arranged

"One of the big features of our June Fete this year will be the 'curb service,'" stated Miss Symonds, Y. W. C. A. secretary, in regard to annual Girl Reserve Lawn festival to be held this year again on McBride's lawn, Thursday, June 4, from 4 p. m. to 11 p. m.

By having this service at the curb people who drive along may stop and have refreshments without getting out of their cars.

Plans for the refreshments have been completed and all the Girl Reserves of this city will donate. Candy, ice cream, cake, pop corn, salads, baked beans, sandwiches, punch, cold meat, nut bread and other "goodies" will be served. About 30 girls will assist in the serving.

A program has also been arranged for the afternoon and evening. A Maypole dance will be given by the grade school girls, the girls' chorus of Central will sing, and South Side's band will play several selections.

The lawn will be lighted for the evening and a large crowd is expected to attend.

The McBride home is located on the corner of Beechwood and South Wayne avenues. This place may be reached by taking the South Wayne street car, or car number 4.

### "SOUTH SIDE CAFETERIA CLEANEST," SAYS VISITOR

Mr. Rockhill of the Crescent Dish Washing Machine company visited the cafeteria recently. He said he found the dish washing machine in almost as good condition as when it was installed three years ago. He also commented on the cleanliness and pleasing appearance of the counter and dining room.

"When Mr. Rockhill said that of all the many restaurants and cafeteria kitchens he has seen, ours was the cleanest, we felt quite proud," said Miss Dixon and the cook.

### MANY CELEBRATE IN COMING WEEK

Eleven Girls and Ten Boys Have Birthdays; Five, on Decoration Day.

The natal days of twenty-one South Siders come during the week from May 25 to June 4.

Juanita Tulley and Winifred Gunter look upon their birthday cakes today, while Edna Bebout, Alvah Corey, Edward Bourns and Neenah Knight will have theirs tomorrow.

On Decoration Day, Robert Claussner, Mary Falk, Queen Esther Hafer, Martha Lee, and Harry Reinke celebrate. May 31 claims Clinton Newman, Lloyd Goings, Violet Fell and Leona Doehman. The first day of June has only one, Marcy Kelsy, but both Mildred Kessler and William Knake go to June 2. Tom Summers, Warden Alger and Harold Buscher have birthdays on June 3.

HUBERT DECK, STUDENT COUNSELOR

ROWENA HARVEY, FACULTY ADVISOR

Cheer up, there are only eight more school days and only one more issue of the Times.

Too bad we're not artists, or we would paint a stirring picture of last week's Times staff.

The faculty gave the regular staff one glorious week of vacation from journalistic work.

Although the seniors have been getting a good bit of mail lately, we need not be envious, for when we are seniors we'll get all kinds of college catalogs, too.

"History is junk," declares Governor McMullen of Nebraska. But since history is capable of teaching lessons to those who are capable of learning them, go to these last recitations with a smile.

The dean of men at the University of Illinois says that there are three things which every boy should strive for if he wishes to succeed—thorough training, a strong, clean character and a willingness to work. We think that this applies to girls, too.

What are those wire contraptions at the back of the stadium for? They've been there for nearly a year and still we don't see any tennis courts being fixed.

It seems rather foolish that we have the place to have a court and then don't have anything but backstops.

South Side has many heroes and heroines attending school, for many boys and girls are going to work this summer instead of having a good time loafing. Of course, some of them work because they like to, but many others get jobs because they feel that they ought to help their parents. They are to be commended.

We are all slightly acquainted with old man "Put-it-off," who has done more to create failure, discourage ambition and generally interfere with achievement than all other forces put together. The proof of efficiency is in doing something after you have made up your mind to do it, without waiting and without hesitating. Hesitancy and waiting, from lack of will power and energy often bring failure.

We do not mean that anyone should act without reflecting. Old man "Put-it-off" represents the lack of will power that makes us hesitate and postpone after we have reflected and after we know what to do. Someone has said that success depends on the ability to follow up resolution with action. Keep this in mind when you see old man "Put-it-off" again.

"Be courteous to the passengers—as far as possible make your car a home"—these words appeared on a metropolitan subway.

And, we question, what makes home? Orderliness and rest, no superfluous bric-a-bracs, no stuffed owls, no discarded cupid and Psyche.

What makes home? Freedom to go in and out and power to find things without having to ask the way.

What else makes home? A welcome. Flowers can help. Do you know how Mr. Britling and the station master swept all British class distinction aside in their common love for sweet peas? A cup of first spring hepaticas unlock the diffidence of the shy and speak their own silent welcome.

What else makes home? An interest. We are trying to make our school library easy of access, a place with a sense of rest and quiet, with a spirit of welcome, and having an interest in you and in what you find of interest.

## THE CRIBBER!

This picture speaks for itself. The guilty conscience of the cheat always asserts itself. Exams are here. Look, listen and stop!

## Open Letters

To the Editor:

Poor Sports

Where is the South Side high school spirit? Are the students of South Side a cheap brand of sports? We hope they are not, but since the beginning of athletic events in our stadium, time and time again there are seen students, pupils of South Side, sneaking over the stadium wall. All our games at the stadium are twenty-five cents and the games are all announced through notices and newspapers, so why can't the pupils prepare for it and bring a quarter along with them?

Your reputation to you is worth a good deal more than a measly little quarter, so why lower it in the eyes of your friends?

Not only at our games, but at Lincoln Life field, boys are seen crawling over the fence. All the letter men at South Side pay to see different games which they are not participating in, so let's all follow the varsity men's idea and give Mr. Hull, Mr. Greely and Mr. Virts our twenty-five cents. We'll all enjoy the games better and be as clean sportsmen as the players.

—Don Currie.

## This Week's Best Editorial

MORNING, NOON, AND NIGHT

"Gimme a knife will you?" "Got an extra pen?" "Loan me some paper." "Got an extra quarter?" I left all my money at home today. "Gimme your gym shoes for today." "Gimme a cookie." "Pass around the olives." "Gimme your chem. for next hour."

Doesn't the above sound familiar? Sure—we like to accommodate our friends, too, but like you we sometimes wish they would all remember everything they'd need for just one day. We venture to state that more perfectly amiable dispositions have been ruined by the above chorus than by almost any other agency in the world—except girls—Messenger, Wichita high, Wichita, Kansas.

## Alumni News

Dorrit Astrom, '23, has been elected member of the Crucible, a junior women's honorary society of the University of Wisconsin. Only twenty sophomore girls have been chosen for the Crucible for next year.

Daniel Sprang, popular member of the '23 class, was married last Thursday at Coldwater, Michigan, to Gladys Lindman, Central high school graduate. For the present they will live with the bride's parents.

Jack Gilliom, '23, and "Rolly" Mackwitz, '24, of Northwestern university, entertained their mothers at the "Mothers' Tea," given by the Phi Deltas, Mothers' Day.

Mildred Heintz, '23, of South Hanna street, entertained the Ka Ka Mo society one night last week. The evening was spent playing progressive fan tan. Later a dainty two-course luncheon was served. Eleven girls were present.

The Gracchi club members entertained their mothers at their regular supper meeting last Monday. Sixty-four people were present. A group of the club girls presented six living pictures for the program. Some of the pictures were: The Gold Dust Twins, Helen Benton and Margaret Her; The Barefoot Boy, Mary Forker; Age of Innocence, Dorothy McDougall, and Song of the Lark, Marie Costello. After the program Miss Marie Umach conducted a sight-seeing tour of the Y. W. C. A. building.

## A Mite of Verse

LIFE

I.  
From mine, and forest, field, and stream are gleaned  
Metal, and wood, and fibre. They by heat  
And wondrous craft an engine takes  
on form,  
Part fitted well to part, as if 'twere meant  
Some action were designed: at last a day  
When one comes to disturb its dull  
blind dreams.  
Then strange new tremblings through  
the engine run,  
And, slow, wheels turn; and pistons  
push; and sparks  
Leap into being. Comes the steady  
throb  
Of life; the gears enmesh; and with a  
shriek  
The fateful journey starts. And such  
is birth.

II.  
Against the perils of the open road,  
Of sun, and wind, and rain, protective cars  
Surrounds the radiant car; and, for a time,  
Restraint controls the driver; but, with use,  
Comes confidence—or more—and greater risks  
Cease to appal, are welcomed, even sought;  
And, as age checks and mars the polished frame,  
The weather's ravage is no longer feared,  
And pride succumbs to pleasure and to use:  
And many a varied scene it passes through,  
And many a goal it strives for, oft achieves,  
And many a passenger goes in and out,  
And many a time repairs must give new strength.  
The coat once black and sleek at last shows rust,  
(Youth ever smiles at age). And such is life.

III.  
With polish gone and many a part awry,  
With wheeze, and rattle, chug, and creak,  
The car still threads the devious net of streets:  
Forgotten is its early splendor; pride  
Has sought to point to but its distant past:  
Transmission, engine, gears, and brakes proclaim  
Their feebleness in terms most eloquent.  
Adown the streets where once it passed with paint  
"Insulted" under its own power, slow  
Towed by the wrecking car at last it crawls  
On its last journey. One by one its parts  
Which yet some trace of usefulness retain  
Are taken away. Meanwhile its owner drives  
Another car, unconscious of the fate  
Which overwhelms the old. And such is death.

## Read A Bit

"Our high respect for a well-read man is praise enough of literature."

Did you ever read that good old-fashioned romance "John Halifax, Gentleman"? Beginning life as a poor boy, John Halifax works his way up to prosperity and happiness by means of his high principles, undaunted courage, and nobility of character. In this story we find that true nobility is of the soil, and does not inhere in wealth, learning, or in position.

Fred (cavemannahly): "Hi,—wanna go to the pag-cant tonight?"  
Elizabeth (shy, yet willing): "Uh-huh!"  
Fred: "Fine. How many tickets wanna buy?"

Ed Hulse: "Who is the sharpest teacher at South Side?"  
W. Dildine: "I don't know."  
Ed Hulse: "Miss Thorne."

W. P. Van Ness had been pointing his finger at Mr. Schmalzried for about five minutes. Finally Mr. Schmalzried said, "Don't point that at me. It has a nail in it."

Did you know that Tom Brothers' sisters, are all Brothers?

Miss Miller: "Le Roy, I believe you have been as bad as you could be this entire period. What have you to say for yourself?"  
Le Roy: "Don't believe it, Miss Miller, I could have been twice as worse."

Ed Clapham: "How much ice cream can a girl eat?"  
E. Hambrock: "Four quarts."  
Ed Clapham: "Where did you get that idea?"  
E. Hambrock: "From the table of measures—4 qt., 1 gal."

Ed Hulse: "What has four legs and flies all around?"  
Smalley Schmalzried: "I don't know."  
Ed Hulse: "A horse."

Mr. Makey was reading from Macbeth. He should have read, "We have scotch'd the snake," but his tongue was twisted and he read—"We have snatched the cake."

Paul B. (in history class): "In some instances the president's wife died while he was running."

## THEY CHEW

They chew. Loose jaws grind,  
Tongues roll and cheeks are lined  
With gum, elastic  
At work, in the home,  
In crowds or when alone.  
Oh, sight, fantastic!

They chew. All the race,  
Matters not time or place.  
When ill, while wooing—  
Rain, snow, winter's gloom  
Spring, again, summer's bloom,  
They go on chewing!

A president dies—  
They chew—the poet sighs.  
And still they do it.  
How, I beseech thee,  
Statue of Liberty,  
Canst thou eschew it

Helen Gaskins (giving a report on Cato): "He was an old man and he liked justice even if he was married twice."

"Is Elvah out for athletics?"  
"No; athletes."

Dehaven hit a line drive to left and, as he was running to first base, said to Coach Gilbert: "Well, I guess I put a tag on that one."  
Gilbert, watching the fielder catching the ball, said: "Yeh, and I guess he took the tag off of it."

## MOTHER GOOSE UP TO DATE

Mary had a little lamb,  
Some lobster and some prunes,  
A glass of milk, a piece of pie,  
And then some mararoons,  
It made the naughty waiters grin  
To see her order so.  
And when they carried Mary out  
Her face was white as snow.

## THE WAY THEY STRIKE US

Hat on nose,  
No cuffs on his pants,  
All he can do is pet and dance.  
Pipe in his mouth,  
Slouch in his walk,  
Nothin' to say, just  
Talk! Talk! Talk!

Pin-covered vest,  
Face full of gum,  
He may look good, but say—  
He's dumb.

For chickens—"An egg a day keeps the hatchet away."

Margie: "Jinny, is Bess a friend of yours?"  
Jinny: "Yes, what did she say about me?"

## EARLY MAIL

In days of old  
When knights were bold,  
And sheet-iron trousers wore,  
They lived in peace,  
For then a crease  
Would last five years or more.  
In those old days  
They had a craze  
For steel skirts, and they wore them:  
And there was bliss  
Enough in this,  
The laundry never tore them.

## A CUT-UP

There was a man in our town,  
And wonderous wise was he;  
And with an ax and many whacks  
He once cut down a tree.  
And when he saw the tree was down,  
With all his might and main  
He straightway took another ax  
And cut it up again.

"Don't you know!" thundered the high school inspector to an errant pupil, "that a preposition is something that you should never end a sentence with?"  
"It's a mistake that I've warned him against," smugly remarked the high school teacher.  
And the potentially intellectual soul of the child fled, shrieking, down the high road to cynicism.

First Freshman: "It was a dirty, underhanded game."  
Second Freshman: "What was?"  
First Freshman: "Pitching horseshoes."

## WHERE?

"Well, I must be going," said the steeplejack as his foot slipped.

Weighty problem: A young woman goes upstairs at 7:45 to dress for the evening. She is 19 years old and weighs 102 pounds. State the wait of the young man downstairs.

## MISTAKES

When a plumber makes a mistake, he charges for it.  
When a lawyer makes a mistake, it's just what he wanted, because he has a chance to try the case over again.  
When a carpenter makes a mistake, it's just what he expected.  
When a doctor makes a mistake, he buries it.  
When a judge makes a mistake, it becomes the law of the land.  
When a preacher makes a mistake nobody knows the difference.  
But when an editor makes a mistake.....  
Good night!!!!!!

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel will consist of seven chapters. Members of Mr. Makey's classes will write a new chapter each week and the best one will be published. Chapter VI is by Carl Rohrer.

Mr. Franklin sat at his desk in a private office of his hotel at Miami. He was trying to get his mind down to his work; but his thoughts of Dan, his son, kept pushing themselves to the fore.

"I'll think no more of him," he told himself. "I gave him his chance, and he wouldn't take it."

Mr. Franklin was slipping back into thinking about one whom he had sworn six years before he would never think about again. In fact, he had nearly succeeded in forgetting about his son until Mr. Allen, Jr., the famed violinist from the north, whom he was entertaining then, had informed him of Dan's whereabouts.

Mr. Franklin deliberately turned his thoughts back on the business letter before him. Soon, however, he did not see the letter any longer, but thoughts of the past began to crowd into his mind against his will. He thought of how his father and grandfather had worked to build the gigantic structure of which he now was owner. He thought of how he, himself, had worked to make improvements in the interior of the hotel until it now could be called the finest in Miami. In his mind he pictured with pride the thousands of luxuriously furnished rooms of the building. It was with the pride that one has of work well done that he thought of the beautiful grounds literally filled with fountains and flower gardens that he himself had added to the property of the hotel.

He had expected to pass the inheritance on to his son, even as he had received it from his father. It was with this end in view that fifteen long years ago he had begun to train Dan, his only son, to fit him to take the place that would be left vacant by the father. He had sent Dan to college. Mr. Franklin, himself, had taught him the ways of the business world and had shown him how to carry things on in managing the affairs of the hotel. And now, what was the result of this trouble he had taken for Dan? In his mind he could still see himself and Dan poring over plans or standing, at times, out in front of the hotel, viewing the magnificent building before them, the result of generations of work of the Franklins. He thought with sadness intermingled with a touch of bitterness of the plans for the future they had drawn up together, of the long chain of hotels they had planned to build all over the country. Yes, they had even planned to build one at Stanton, he thought with irony. Then one day—Dan had been brought home drunk, and it was only through the influence of Mr. Franklin's name that his son had been kept out of jail. The very thought of the scene as he remembered it made him very angry. But this was not all; Dan had not stopped with drinking—he began to gamble and had kept it up almost continuously.

Mr. Franklin got up from his chair. He pushed his work aside and began to pace the floor. It is true that he had sworn not to think of his son any more, but it had been hard enough to try to forget when he did not know exactly where Dan was; and now, especially since Mr. Allen had told him certain things about Dan, he realized that he must think it over again. So again he thought of Dan's behavior. He could not find any satisfactory explanation of it six years ago and was as much at a loss to explain it now. Had he not done all he could for him? Besides sending him to college he had as good as told him that a boy by the name of Dan Franklin would be the next president of the hotel company. It is true that he had kept Dan pretty close to his work and had not allowed him to go around much; and, come to think of it, he had made him go over some things quite often when the boys wanted him to go out with them. But why should Dan want to go any place when there were interesting plans for improvements in the hotel to be worked out? Besides, he had told him over and over what would happen if he ever even thought of doing the way he did—the way so many rich men's sons were doing.

It was Dan's own fault, he thought; and he would have to abide by the consequences of his own act. He had received plenty of warning. But still—thoughts about what Mr. Allen, the great violinist, had said about Dan kept creeping into his mind. Mr. Franklin was fair-minded and would consider both sides of a question—sometimes, at least. He could not help but think with a feeling of pride of how Dan, according to Mr. Allen's own narrative, had set the now great violinist on the right road to fame when he was going rapidly in the wrong direction.

He could not help recalling with a feeling of pleasure Mr. Allen's glowing words when he described how Dan had worked almost night and day for three years—for three years! Heavens! thought Mr. Franklin in momentary anger, if he had behaved they would have had the first hotel of the chain built by that time—to fit himself for a better position at the Palace theatre. He could almost recall Mr. Allen's very words when he described the efforts of Dan in trying to get the position; and how even now he had a good chance at a better position with a Chautauqua orchestra. Indeed, even if Mr. Franklin were very angry at his son, he did like to hear Mr. Allen talk about him.

This brought to his mind the fact that Mr. Allen had already been his guest for a week and had told him that he would have to leave that very day. He had said that he would come to Mr. Franklin's office before he left, however. Mr. Franklin pulled out his watch. He realized that Mr. Allen would be in soon. He seated himself at his desk and turned back to the neglected letter. He was trying

ing to make up his mind about something. There was a knock at the door. "Come in," he called. The door opened, and Bob Allen appeared with a traveling bag in his hand. By his side was Jack. Mr. Franklin smiled in greeting. "Are you going to leave us so soon?" he asked. "Yes, I have received a very important call from Stanton."

There was an awkward silence. Each knew what the other was thinking about. It was Bob who finally broke the silence.

"Did you wish me to say anything to Dan?" he asked.

Mr. Franklin leaned back in his chair and thought rapidly. His anger had cooled much in the past six years, and he wanted Dan. He wanted back the old times that he had been thinking of, when he and his son would plan together new buildings and new improvements. Besides, Dan had shown what was in him. While at home, Dan could hardly play well enough to make a sound, and now look where he was! But Mr. Franklin was too proud (and maybe a little too stubborn), far too proud to admit these things to Bob or even to show in his answer that his attitude toward Dan had changed since Mr. Allen had arrived at Miami.

"Well, yes," he answered, "you may tell him that he can come home if he wants to," he said indifferently.

This answer did not seem to make Bob very happy.

"I'm afraid he won't want to if I tell him that, sir."

Mr. Franklin swallowed hard, and right then and there he swallowed the last vestige of his anger, pride, and stubbornness.

"Tell him to come home," he said softly. "I want him and want him badly."

Love Poetry by Unknown Author  
Scribbled in Book Found Here

Mr. Null Discovers Sentimental Poetry in Text Used by Some Former Senior; Many Moods of Sweethearts Represented in Verses Scattered Throughout Pages.

The thoughts of youth are wild, wild thoughts—and luscious, too, sometimes—we might add in the light of a recent discovery made here. Mr. Null found a book of "Selections from Browning" whose former owner had scribbled a score of verses all over the pages—and strange to say, the poems all referred to love and that state of mind and bliss that a lover is continually in!

The author always secured an idea of what to write by first reading one of the poems in the book of "Selections from Browning." These verses are complete in themselves but the author, incoherent, thought that he could improve upon them.

Perhaps the unknown poet was a bit jealous or suspicious of the sincerity of his sweetheart when this evil emotion led him to compose the verses. As he looked over the pages he found a short poem and a verse of the young author supplied.

*Meeting at Night*

The gray sea and the long black land;  
And the yellow half-moon large and low;

And the startled little waves that leap  
In fiery ringlets from their sleep,

As I gain the cove with pushing prow,  
And quench its speed in the slushy sand.

Then a mile of warm sea-scented beach;  
Three fields to cross till a farm appears;

A tap at the pane, the quick sharp scratch  
And blue spurt of a lighted match,

And a voice less loud, thro' its joys  
And fears,

Than the two hearts beating each to each!

—Browning.

And soon back upon the beach they were,

Her heart aflutter, his astir,  
With a great new love,  
Guided together from above,  
They had met upon this shore,  
But, again, nevermore!

Of course, we must not infer too much that the poet was a fickle, emotional author, because at times there flashes up in his verses an extraordinarily serious tone. A second stanza was added to a beautiful verse by Browning. The ingenious scribe reveals a marked degree of calmness in thought in this bit of poetry.

*Parting at Morning*

Round the cape of a sudden came the sea,  
And the sun looked over the mountain's rim;

And straight was a path of gold for him,  
And the need of a world of men for me.

—Browning.

And straightway he followed the path of gold,  
I went to my world of men and sorrow.

I wonder, shall we meet on the morrow,  
On the future shore when our story is told?

## The Religion of Ancient Rome

By Helen Clapesatt

[Editor's Note:—Following the precedent established by printing the best chapter of the novel written by Mr. May's English classes, the Times will publish the best essay written by the pupils of Mr. Nalla's class. One is printed today, and another will follow next week.]

From the time that Roman religion appears within the pale of traditional and recorded history, it seems to have been subjected to various influences and to have passed through many changes. Originally it was almost entirely nature worship animated by a belief in a ruling power. The Roman deities apparently originated in the days when the Romans were a nomadic people. At that time they were unable to understand what produced thunder and lightning, rain changes of seasons, and a multitude of other phenomena. Fire was a mysterious thing, and the sounds and movements in the forests were perplexing. As a result, they began to feel that things were due to unseen agencies, and they attempted to bring those agencies into some sort of relationship with man. The greatest of all these powers was the one at work in the sky, but countless others were concerned with many different localities. Every wood, every fountain, was controlled by some such power. At first these influences bore no distinctive names and were conceived in no definite shapes; but when the Romans began to settle down and become an agricultural people, their deities assumed more definite attributes and were confined to more restricted atmosphere. The sky-father became Jupiter, and the power concerned with the sowing of seeds became Saturn. After each deity was assigned a name, it was but a short step to embody it as a god, and statues were erected and honored with temples and shrines. This evolution of the gods, of course, was gradual, and in the midst of it, Rome was subjected to various outside influences. This resulted in the introduction of deities from other Italian tribes and from Greece. It was the religion of this latter country that exerted such a great influence on the Roman religion. Many of the Greek gods had functions so closely akin to those of the Roman divinities, that the deities of the two countries were naturally confused, and, as a result, the mythology that we have today as the doctrine of the ancient Roman religion is nothing more than a group of Greek myths, in which the original Greek gods have been replaced by the corresponding Roman deities.

Part of the mythology adopted in this way was the theory of the origin of the world. The most prevalent idea of this was that the yawning abyss, chaos, composed of Void, Mass, and Darkness, preceded everything else. Next came the beautiful broad-bottomed Earth, Heaven, and Love. From chaos came Erebus, the mysterious darkness that is under Earth, and Night, the darkness dwelling in the remote regions of the sunset. Love began to work; weddings took place; children were born. From one of the unions, that of Heaven and Earth, came Saturn, from whose marriage Ops came Jupiter, Juno, Vesta, Neptune, Pluto and Ceres. Jupiter dethroned his father, who was ruler of the world, and the dominion of the universe was divided among Jupiter, Neptune, and Pluto. To Jupiter was assigned the rule of heaven and earth, to Neptune, the rule of the sea, and to Pluto, that of the underworld. Then men sprang from stones and trees to inhabit the world. The gods were intimate with men until the growing sinfulness and arrogance of the latter forced the deities to withdraw their favor.

Each of these gods who ruled man's destiny had his own home in one of four places, heaven, earth, the sea, or the underworld. The first of these realms was supposed to exist on the summit of Mount Olympus. This summit was surrounded by a wall of clouds, through which the gods passed by means of a gate. To Jupiter the gods all gathered when Jupiter called them. Here they feasted on ambrosia and nectar while Apollo played his lyre and the Muses sang for them. At night they returned to their own homes.

Toked with this conception of heaven, was the Roman idea of the earth. This was also taken from the Greeks. To these people who were yet unacquainted with scientific truths, the earth was a flat circular disk with its center at Mount Olympus. This disk was divided into two equal parts by the sea as they called the Mediterranean. Around this disk flowed the River Ocean. Dawn, Sun, and Moon were thought to rise from this river on the east side and to drive across the sky in their chariots. There they embarked on a winged boat and were carried back to the place of starting.

Still more interesting is the Roman idea of the underworld or place of future reward and punishment. The Romans thought of this region as situated beneath the earth. It was bounded by the Styx, the river which the gods invoked in their oaths; Acheron, the river of woe; Phlegethon, the river of fire, and Cocytus, the river of wailing. If a person's body had been properly buried, the soul was conveyed across the River Styx by the ferryman, Charon. If the body had not been buried, the soul was doomed to one hundred years of wandering before it could cross into the underworld. At the entrance to Hades as the underworld was called, lay Cerberus, the three-headed, serpent-tailed dog. He was friendly to the souls who were entering, but to those who wished to depart he was an impassable barrier. In this underworld, the souls came before the judges, who investigated the deeds of their lives in the body. If their lives had been so wicked that they were condemned to everlasting punishment, they were sent to Tartarus, where all sorts of cruel torture at the hands of the Furies awaited them. The souls of the guiltless passed to the Elysian Fields, where each one followed the chosen pursuit of his former life in a land of spring sunlight, happiness, and song. Nearby these plains of bliss there flowed the River Lethe, from which those to whom the Fates had allotted second bodies drank oblivion of their former lives.

The principal deities whose abode was in heaven were Jupiter, Juno, Minerva, Vesta, Mars, Apollo, Diana,

Venus, Mercury, and Vulcan. Of these Jupiter was by far the most important. He was the supreme ruler, the wisest and most glorious of divinities. He was the gatherer of clouds and snows, the dispenser of winds and gentle rains, and the wielder of the thunderbolt. To him bodily strength and valor were dear. He loved the loftiest trees and the grandest mountain parks. He required of those who would worship him cleanliness of surroundings, person, and heart. It was his to repay the violation of duty in the family, in the social group, and in the state. In brief, he was, as Juno said "the father of the gods and the king of men."

The wife of Jupiter was Juno. To men, this goddess was the type of all maternal virtues and dignities. She was the most worthy and queenly of the goddesses; but she could also be, as the Trojans could testify, jealous, vengeful, proud, deceitful, and self-willed. Her jealousy was frequently directed toward Minerva, the virgin goddess, who had sprung from the brain of Jupiter. She was the goddess of storms and the thunderbolt, as well as of wisdom and skill. The olive tree, serpent, owl, and crow were sacred to her.

Probably the most important of the other major deities of heaven was Vesta. She was the goddess of the hearth and the spirit of the fire. She was the divinity of the home and was worshipped as the first of the gods at every feast. The holy flame was cherished before her shrine in city and state. In her temple, a sacred fire was kept alive by six virgin priestesses. Any negligence of the fire on the part of these Vestal virgins was severely punished, because the safety of the city was connected with its presentation. In the family, Vesta was the central point of the entire system of worship. To the Roman people she was "Mater" because of her motherly grace and beneficence. Of the remaining major deities, Mars was the god of war, of cultivation, and of crops. Although in many ways Mars is one of the most interesting Roman deities, he has always been a somewhat doubtful conception. Apollo was the god of the sun. He was also the patron of poetry and music. His sister, Diana, was the goddess of the moon and chase. The lute and lyre were dear to her. Venus was the goddess of love and beauty. To a few her favor was a blessing, but to many, it was a curse. Mercury was the messenger of the gods. His greatest function was to conduct the souls of the dead to the underworld. His great speed and magic power were obtained from his winged sandals and magic wand. Vulcan was the god of fire, of volcanic eruption, and of the glow of the forge. He was the blacksmith of the gods and had a forge in heaven.

The lesser divinities of heaven were Cupid, the god of love; Hecate, the cup-bearer of the gods; the Muses, presiding over song, poetry, and science; the Graces, goddesses from whom came all things beautiful, and the Fates, three deities who spun the thread of life, determined its length, and severed it at the fatal hour.

Next in order to the gods of heaven, were the gods of earth. The chief ones of these were Ceres, Bacchus, and Cybele. Ceres was the goddess of agriculture, in general, of harvest festivals, in particular. The sheaves of corn, sorgho, poppies, cows, sheep, and pigs were sacred to her. She was often connected with the holy ceremonies and rites of the underworld through her daughter, Proserpina. Her brother, Bacchus, was the god of wine and vegetation. His worship was distinguished by the wild abandonism that it inspired, the self-abandonment and communion with the deity achieved through orgiastic rites, and the prominent part played by women. He was looked upon as a promoter of civilization, a law-giver, and a lover of peace. Cybele was the earth-mother. Her festivals were celebrated with trumpets, and cymbals. She presided over mountain fastnesses and fortified places.

The minor deities of earth were Pan, the god of pastoral life, the Nymphs, Pan's partners in the dance, and the Satyrs, deities of the woods and fields. Just as important as the gods of earth were the gods of the underworld. The major deities of this realm were only two in number. Pluto was the king, and Proserpina was his queen. The former was hard and inexorable in his dealing with the dead. In his character of god of all who descend to the depths of the earth, he was feared by men; but he was revered as the god of all that proceeds from the earth, for in the latter form he was the giver of wealth. When mortals called upon him, they beseeched the ground with their hands, and, with averted faces, they sacrificed black sheep to him. The same rites were used in the worship of Proserpina, who was pictured sitting beside her husband directing the Furies. She, too, was cruel, unyielding and inimical to youth and hope.

The principal deities whose abode was in heaven were Jupiter, Juno, Minerva, Vesta, Mars, Apollo, Diana,

Numbered among the less important deities of this region were Phaedra, Aeneas, and Minerva. In the underworld, Hecate, the goddess of witchcraft and sorcery, Somnus, god of sleep, and the Furies, attendants of Proserpina and punishers of the guilty souls.

The other of the four realms was ruled by Neptune and Amphitrite. Their palace was in the depths of the sea, but they were privileged to visit Olympus when they chose Neptune's symbol was the trident. With this he could shatter rocks, call forth or subdue storms, and shake the shores of the earth. In his honor, black and white bulls, white boars, and rams were sacrificed.

Those who ruled with Neptune were Proteus and Triton, his attendants, the Water-Nymphs, sprites of the sea, and the Harpies, the Gorgons, the Sirens, and the Scylla, all horrible monsters who lurked in the sea ready to destroy unwary sailors.

This was the doctrine of the religion in ancient Rome, and it was due to this doctrine, however and in whatever way, that the Romans developed what seems to us a group of very peculiar customs. Because they thought of the gods as creatures that were subject to jealousy, envy, and all the other passions to which man is heir, they felt that these gods must be kept in a good humor all the time, if men's lives were to be successful. Because of this idea, they developed their elaborate rites of sacrifice, by which they hoped to propitiate the gods. There were two types of sacrifices, honorific and placatory. The purpose of the first type was to express reverence, and that of the last was to atone for sin.

The fixed rule in accordance with which every sacrifice was to be performed is an interesting study. In certain sacrifices the victim was to be slain with a flint knife. Elsewhere only earthenware vessels were to be used. In others the grain was to be pounded instead of ground. This rule continued on through a multitude of other precepts. The great offering that could be made was that of a bull or ram. The sacrifices were usually bloody ones of animals. The choice of the victim was made according to rules which stated the color, age, sex, and kind of the required victim. The animal was carefully inspected and decked with garlands and fillets. A basin of water was consecrated by plunging into it a coal from the fire on the altar. The victim, victim, and altar were then sprinkled with the holy water. Next a meal of barley and salt was strewn upon the victim and placed in the victim's head and thrown into the fire to dedicate the animal to death. Then the victim was killed. The head was held back to allow the blood to spurt upward, if the sacrifice were being made to a god of heaven, earth, or sea; but if the sacrifice was being offered to a god of Hades, the blood was allowed to run down into the ground. Then parts of the entrails, bones, and flesh were burned to the gods, and the sacrifice was complete. The rest of the victim was eaten by the spectators. Sometimes unbloody sacrifices of fruit, honey, wine, milk, and cakes were offered to the minor deities and to the spirits of the dead.

Another important part of the Roman life was due to their belief concerning the gods, was the belief of the augurs. The Romans believed that every unusual occurrence had a supernatural significance and contained hidden within it the will of heaven, concerning men. To reveal this hidden will was the business of the augurs. These augurs dealt with two kinds of omens, those that were sought for and those that appeared unexpected. The auguries were taken

in one of four ways. In the first of these, the portent was taken from the sky. It was found in thunder and lightning or in falling stars. In the second method, either the noise or flight of birds was interpreted as an omen. Only the eagle, vulture, crow, raven, and owl could be consulted. In the third way, grain was thrown before the sacred chickens in a cage. If they ate readily without letting the grain fall from their mouths, the omen was favorable. In the last method, four-footed animals consecrated for that special purpose were used. Omens were also found by examining the entrails of a sacrificial victim and by interpreting the peculiar incidents in the daily life, but these were done by the haruspices and pontifices, and so cannot be counted as auguries.

Nothing could be done unless the auguries were taken and the omens declared favorable. The election of every civic officer and religious functionary was invalid if the omens were said to be unfavorable. Any comitia of centuries could be dispersed at a senator's notice by any member of the augural college on the ground that the omens were not propitious.

Thus it was that throughout the entire Roman year, incidents were constantly appearing to show how vitally the Romans were affected by their religious belief. Because ghosts and evil spirits were supposed to enter a house only through the door, a man returning home after his supposed death was forced to enter the house through the roof to prove that he was not a ghost. Since it was essential that a bride be introduced to her new home in a manner which would not disturb the happy relationship between the human and divine members of the house, she smeared the doorposts with oil and wolf's fat before she was carried over the threshold to be received by her husband. Because of the Romans' peculiar ideas of the underworld and concerning the soul's condition there, many rules were to be obeyed in caring for the dead. A piece of money was placed in the person's mouth to pay for his transportation across the River Styx. The only must be carried out of the house with the feet first, so that the spirit could not return. It was very necessary that the body be properly buried, because, if it were not, the soul would wander about on

earth for one hundred years with an evil will. To rid the house of these unblessed souls was the purpose of the Lemuria, which was a festival held on the ninth, eleventh, and thirteenth days of May. At midnight on these days, the *paterfamilias*, father of the family, arose to perform the prescribed ceremony. After washing his hands three times in pure spring water, he turned about and took certain black beans into his mouth. These he then threw behind him for the ghosts to pick up. The man then uttered several mystic expressions without risking a look at the spirits, washed his hands again, beat brazen basins, and called out nine, "Bona, ve spectres of this house." Then he could look around for the spectres were harmless.

Such rituals and festivals as this constituted the daily life of the Romans. Their entire success and happiness depended upon the will of their gods, and they spent much of their time in attempting to obtain the desired divine favor. How strange must the religion of Jesus Christ with its simple doctrine have seemed to a people so steeped in superstition and fear!

**FIFTY-FIVE GRADE PUPILS MAKE APRIL HONOR ROLL**  
System of Awarding Points Used; A's Count Three Points, E's Tally Two

The South Side seventh and eighth grade honor roll for the month of April has on it fifty-five students. The point system which is used is based on the number of A's and E's the students receive, each A counts three points, while an E gives the pupil two points. The list is divided into fourteen groups according to the number of points. Those who fulfilled the requirements for the month of April are:

**CITIZENS TRAINING CAMP ENDS WORRIES OF BOYS**  
Open In July to Boys Seventeen to Twenty-four Years of Age; Bundy In Charge

The problem of what to do with the restless school boys' vacation time has been solved by the establishing of the Citizens' Military Training camps which are open to boys between 17 and 24 years of age. Major-General Omar Bundy has charge of the camps.

Many boys of both high and low rank, spend one summer month at the camps which open in July at Camp Knox, Ky., and Fort Benjamin Harrison, Ind.

The boys are cared for by the earnest-minded officer-parents who guard their physical well-being, attend to their physical training and above all, safeguard them from unnecessary contact with "roughnecks," or boys of doubtful habits.

Parents are invited by General Bundy to visit the camps this year at any time.

**To Get Many Improvements**  
This summer the South high school of Cleveland, Ohio, will get improvements which will cost close to \$75,000. The plans show repairs in plumbing, masonry, lighting, woodwork, ventilation, heating, roof, and basement. In September when the pupils go back to school they will find an almost new school.

**Club Celebrates Foreign Holiday**  
The Spanish club members of the West high school, Minneapolis, Minn., celebrated the Spanish national holiday which commemorates the beginning of the uprising against Napoleon's invading army, at their regular meeting.

**Boys Wire House**  
Boys of the electricity class of the Englewood high school, Chicago, are wiring a model two-story four-room house for lights and door bells. After the boys have finished the wiring, the instructor in electricity inspects it and if everything is approved, the power is turned on, and the miniature house is brightly lighted and the door bells are ready for use. After these six boys finish the job, it is torn down again and six other members of the class are put to wiring the house again.

## LOCAL SLUGGERS Avenge Defeat

Trounce Muncie Bear Cats 18-6;  
Brubaker, Plasket, Bernhard  
Pitch for Green

### "TINAH" DEHAVEN IS STAR

South Side avenged its defeat of last year when the nine downed the crack Muncie high school baseball team with ease at the stadium last Friday by the score of 18 to 6 in a very loosely played game.

The downfall of Muncie was partly due to the eleven errors marked against them. The Green made five misplays. The Bear Cats were helpless before the slants of Brubaker, collecting only three scattered hits while "Chuck" was on the mound. He was relieved by Bernhard in the sixth due to the fact that he had to go to the state track meet. Plasket pitched the eighth and ninth innings.

The spectacular hitting of "Tinah" DeHaven was the feature of the game. DeHaven banged out six hits in six trips to the plate, these including two singles, two two-baggers, a triple and a home run making a perfect score for "Tinah." Nulf and Thiele featured in several circus catches which many times robbed the Muncie batters of safe hits.

Muncie started the scoring when Smith scored on Welsh's error. They did not score again until the sixth inning when three runners crossed the plate. The Bear Cats also scored two more markers in the eighth.

South Side pushed two runs across in the first inning on two errors, a fielder's choice and DeHaven's first hit. Muncie continued to play spotty ball and the Green and White team scored four more runs each in the third and fourth innings on four hits.

The Kelly Klads had the biggest inning in the fifth when Distel scored Welsh and Brubaker with a single and DeHaven brought in Distel with a circuit clout. South Side kept on scoring until a total of seven runs had crossed the platter before the final out was made in the fifth. The Ward-off brought two more runs in the sixth and ended the scoring with another marker in the seventh.

## SPORT GUSH

These successful week-ends are getting to be rather boring—so much sameness, doncha know?

Our gang surely trimmed the Bear Cats' claws prettily. A regular manicure, one might say.

That Muncie game was quite the pickles—the umpire announced the batteries before it began.

Haven't our tennisers been steppin' out, though? Twice they've been marked up on the credit side of the ledger, while Central has drawn the debit one.

"Oh, dear," wailed Fanny the Fan, "no more home games." But—she forgot the remaining battles with Central and the annual Senior-Faculty burlesque (pronounced burly-cue?)

This cold weather makes us want to pull the gag about baseball players wearin' football uniforms—but you know the rest.

Howja like the football—track meet-baseball game staged week ago Wednesday?

It was "worse" than a three ring circus trying to watch the football practitioners, the Garrett game and the track meet with some Lincoln Lifers.

And we saw a couple tennis racquets there, too. All that was needed to complete the scene was a basketball.

Speaking of tennis, this drifted down from Camp Yarnelle: Tennis would be a good game if there wasn't any net.

We're glad that Central's "speed-spook", Lamont, copped that first place at Indianapolis. Congrats, old man. (Doesn't that sound big and bachelor-ish?)

We're trying to decide whether to go swimming or ice-skating—we guess it'll be the former.

Seniors Clear \$150  
The senior class of the Hartford City (Ind.) high school made a profit of \$150 from the production of "Three Wise Fools."

## Sport Shorts

Another successful week for the Green base runners!

"Tinah" was credited with another homer when he smacked one out into center field in the Muncie game last Friday.

He had a perfect day getting a single, three doubles, one triple, and a home run.

Captain Currie was unable to play in the Muncie game because of injuries.

The Bear Cats defeated South Side last year, 11 to 10, in an overtime game.

Dissinger was shifted to the third sack and DeHaven held down first base.

Garrett again fell before the mighty attack of Ward's men when they won, 8 to 3.

Lamont, of Central, is the new state half-mile title holder. He won first place at the state track meet at Indianapolis, last Saturday. His time for the event was 2 minutes, 6-10 seconds.

South Side's tennis men won their second straight victory by defeating the Muncie Bear Cats in a tennis match at the Country Club last Friday.

South Side sent five men to the state meet but were unable to cop places. Central sent nine.

South Side was represented in the half-mile relay and high hurdles.

South Side and Central will again be seen on the diamond tomorrow afternoon at the stadium.

Kokomo, for the second time, won the state track meet. They rolled up 27 points. Froebel, of Gary, was second with 12 points.

Walters, of Kokomo, was individual high scorer at the meet with 10 points. He won enough points himself to win the meet for his team.

He established new state records in the 220-yard and 440-yard dashes, and equalled the state record in the 100-yard dash. He also finished third in the broad jump.

Knee, of Wabash, set a new record for the shot put, heaving the iron ball for a distance of 51 feet 5 inches.

Four records were smashed in the state meet.

## GREEN WINS CUP BY DOWNING BLUE

Take Three Out of Five Matches in Second Round for Interschool Championship

### TIGER WINNER LAST YEAR

South Side annexed the interschool tennis championship for 1925 when she won the second round of the downtown school on the Country Club courts Tuesday. The Rastetter-Shoaff cup, which was won by Central last year, accompanies the victory.

In the first round played May 5, the Green and White won three out of five matches, two singles and one double. Willson lost to Buck, 6-3, 3-6, 2-6 while Smith defeated Shoaff 6-3, 7-9, 6-0. Grodrian overcame Popp in the third singles match 3-6, 9-7, 6-1. At three different times in the set, only one point to win the set and, incidentally, the meet. All three times Grodrian came through and won the game.

In the doubles Willson and Smith came through 6-4, 7-9, 6-1.

In Tuesday's matches Willson vanquished Shoaff 6-1, 6-1, while Buck, a Central man, defeated Smith 6-3, 6-4. Grodrian beat Popp 6-4, 6-4 in the last singles match in the set. Willson and Smith got the long end of a 6-3, 6-4 count over J. Shoaff and D. Shoaff, while Clapham and Grodrian lost to Buck and Wolf 6-2, 6-3. This gave South Side three out of five matches, enough to clinch the meet and incidentally the championship.

The Rastetter-Shoaff cup was presented last year and was then won by Central. It becomes a permanent possession of the school winning the interschool championship three times.

To win this one school must win two out of three rounds, which consist of two doubles and three singles matches.

### STUDENTS SHOW CYCLE OF ECONOMIC CHANGE

Many students in the economic classes have been able to demonstrate the cycle of exchange, showing how bank drafts and trade acceptances are drawn and deposited against commodities sold and offset by bank credits in the communities where the goods are bought and sold.

This is considered a difficult problem to explain. Mr. Murphy feels gratified that so large a number of students were able to present this problem and satisfactorily explain it to the class and teacher.

## LOCALS BEAT OUT GARRETT, 8 TO 3

Team In Fine Form; Welsh  
Plays First Game on Home  
Diamond

### GET FOUR RUNS IN SIXTH

The Green and White baseballers easily defeated Garrett high school at the stadium last Wednesday by the score of 8 to 3.

Chet Plasket was in fine form, pitching a very good game and was seldom in danger. "Hooch" Welsh, playing his first game of the season before a home crowd, put up a very good brand of ball in the field besides collecting a triple and a double. Grant connected for circuit clouts. Staigt led the South Side batters with three hits out of four trips to the plate. O. Lewellyn hit a triple in the second inning.

Draim who started to pitch for the Garretts was hit hard and was relieved by Thompson in the fifth inning. Thompson did not fare any better and the South Side sluggers collected twelve bingles in all while Plasket let Garrett down with five hits. Due to the sickness of Currie and Nulf the South Side defense was slightly crippled.

Brubaker played shortstop while Dissinger took Currie's place at third and DeHaven was moved in from the outfield to play at the initial sack.

South Side's biggest inning was the sixth when Plasket and Brubaker each hit successive singles and raced home on Welsh's long triple. Staigt scored Distel and Welsh. The Green made the game safe by getting two more markers in the eighth. Garrett rallied in the ninth inning scoring two runs.

## C. M. T. C. ENTHUSIASTS ARE REGISTERING FAST

Quota for Second-Year Course Has 250 Too Many Applicants

Applications are coming in increasing numbers to the Citizens Military training headquarters at Columbus, Ohio, for admittance to the camp.

Already the Red, the second-year course, is over-subscribed, having exceeded its original estimate by 250 applications. About 170 vacancies remain in the White, the third-year course, while only 35 applications are needed to fill the quota for the Blue, the final year. Approximately 1,000 assignments are still vacant in the Basic, the first year term.

The quota for Allen county is rapidly filling up. Those who have recently applied for admittance are: Oscar F. Halgren, William D. Newman, Wilfred H. Telmage, Richard T. Cole, Howard M. Fletter, Carl C. Johnston, John W. Johnston, and Frank L. Kintz.

## "TINY" DEHAVEN HITTING NEARLY FOUR HUNDRED

Leading Team With Average of  
386; Thiele Is Close Second With 375

Lester ("Tiny") DeHaven is still leading the baseball team in batting with a grand average of .386. Thiele, juggling center fielder, follows with .376. Distel is third with an average of .341.

The team's batting has jumped up to .275 as compared to .240 a few weeks ago. Out of eleven games played, ten have been won by the Green and White. Huntington was the only team to give the Green the short end of the score, although the Lime City nine was shut out earlier in the season, 6 to 0.

The nine have shown good team work in the games played and the pitchers, Plasket, Brubaker and Bernhard have been smothering the opposition. Plasket proves to be a dangerous batter as well as a pitcher, as he has an average of .263.

The number of games played and individual batting average of the team, the runs scored by each, number of walks and the number of times each player has struck out is as follows:

	Games	At Bat	Runs	Hits	Walks	Strike-out	Average
DeHaven	11	34	12	10	7	12	.386
Thiele	11	32	13	12	5	11	.376

## WADING AND SPORTS DELIGHT MILDREDITES

Many Girls Enjoy Picnic Held at  
Foster Park for Miss Had-  
sell, Girls' Coach

Wading, rowing, eats better than usual, and a love tennis match between Miss Hadsell and her fiancé, Mr. Moier, were features of the picnic given by the Mildredites for their namesake at Foster park last Saturday. The forty girls who attended presented the bride-to-be with an electric waffle iron with which to start house-keeping.

Tennis was the main feature of the afternoon. As the sun waxed hotter and hotter, the fair tennisers sizzled on the courts and then cooled off by wading in the Saint Mary's river. A row-boat was procured and put to good use by the perspiring athletes. Games were also "enjoyed" and at the usual time the picnic supper served.

Even when the shades of night had fallen fast, the girls were determined not to go home, so the caretaker of the park was persuaded to furnish a little light and the "gang" took possession of the pavilion.

Finally, after the mosquitoes had made a nice meal from the tenderer ones, they decided to go home and "hit the hay."

## CENTRAL DISTANCE MAN WINS STATE HALF-MILE

Allen Lamont, star distance runner of Central high school, won the half-mile race in the state track meet at Indianapolis last Saturday. He was the only man to place for either school. His time for the event was 2 minutes, 6-10 seconds. This was the best time that he had ever made in the half-mile run. Last year Lamont finished second in this event. South Side sent five men and Central entered nine men. South Side was entered in the half-mile relay and 120-yard high hurdles. The men that represented South Side at the state meet were: Captain Ed Rahe, C. Fleming, Brubaker, Lighthill, and Baker.

## TENNIS TEAM ANNEXES VICTORY OVER MUNCIE

Locals Win Three Out of Five  
Matches; Central Net Men  
Lose to Marion

South Side's net men won their second game of the season last Friday afternoon when they defeated the Muncie Bear Cats at the country club tennis courts. The Green won three matches out of five played.

Willson defeated Stuart, 6-3, 6-2 in the opening match while Smith defeated Jewett, 6-4, 7-5 in straight sets. Clapham fell before Sticks, 4-6, 6-2, 6-3. In the double matches Smith and Willson defeated Stuart and Jewett, 6-1, 6-2, while Grodrian and Clapham were overcome by Sticks and Jones, 4-6, 6-3, 6-2.

Central was also seen in action at the country club courts last Friday afternoon. They were defeated by Marion in hotly contested matches.

Central was defeated in two single matches by Marion. Buck lost to Bills, 6-3, 6-4, and Popp allowed Dailey to pile up a 4-6, 6-0, 6-3 score. In the double matches Buck and Shoaff won from Bills and Dailey, 7-5, 7-9, 6-1.

## Vacation Time to Find Faculty Scattered Over Entire Country

*Trips East and West, Courses at Various Universities and Working Are Some of the Ways in Which Teachers Are Planning to Spend Vacation.*

Almost all sections of the United States will claim our faculty members during the approaching vacation. Some of the teachers will work, some will go away to school, while others will take tours and spend their summer in resting.

A tour through Mexico, Colorado, Yellowstone National Park, and other western points is planned by Miss Woodward. Three college friends will accompany her.

Miss Paxton is another of the faculty attracted by the beauties of western United States. She intends to go to Colorado, visiting Denver and Estes Park. She will also spend some time at Colorado University.

Miss Thorne is the third faculty member going to Colorado this summer. She will spend part of the time at the geology school which is located in the mountains of Colorado.

Mr. Whelan expects to stay in the city the greater part of the vacation. He will visit his brother in Wisconsin later on.

New York City and Columbia University will be a mecca for Mr. Parks this summer, except for the last two weeks when he will tour northern Michigan.

Mr. Murch is also going to study. He will attend the State Normal at Terre Haute.

Miss Miller will spend her vacation with her parents in the city. She also said that she hoped to take a short trip east, but we should not forget the "hope."

Miss Rinehart will also spend her vacation with her parents who live in Kendallville.

Miss Esarey said that since her home was in Bloomington and that her father and brother taught there she would probably attend school there. When asked what course she was going to take, she said, "Swimming."

For five weeks Mr. Morris will attend Muncie Normal and will then spend the rest of the summer at some commercial school.

Ward O. Gilbert says he will work this summer as far as he knows now. Coach Welborn says that he will probably work, but if he doesn't he will go away to school.

Miss Ley will spend the summer making a statue either here or in Chicago.

Mr. Greeley is going to motor east visiting relatives at Langley Field, Virginia; Washington, D. C.; and Providence, Rhode Island. From there he will drive into Vermont.

Mr. Heine intends to sell insurance for the Heine-Friend Insurance company.

Miss Burns intends to spend her summer vacation at her home in Hamilton, New York.

Mr. Null intends to go to school, but he isn't sure which one.

Miss Mereness will spend the summer at her home in Madison, Wisconsin.

The first two weeks of Mr. Gould's vacation will be spent teaching at the Y. M. C. A. camp. One week will be spent at the Y. M. C. A. convention at Indianapolis. The family then will go to Michigan for four or five weeks where they will visit friends and relatives. Mr. Gould will probably go to Turkey Run then.

The greater part of Mr. Huddleston's vacation will be taken up by trips. He intends, however, to go to Bloomington.

Mr. Schmalzried will spend two weeks at the "Y" camp besides making trips to the lakes and working on his farm at Andrews.

Miss Perkins will study for six weeks at the University of Wisconsin and then she will go to her home in Jefferson, Ohio.

Miss Klefer will be at home for most of the summer and in August she will take a three-weeks' course at Indiana university.

Miss Work is going to Pasadena, California to visit her sister.

Miss Fiedler expects to spend the summer at the University of Wisconsin.

Miss Burt will spend the summer at her home in Tipton, Indiana.

Miss Fish said she hadn't the least idea what she will do during vacation.

Miss Chapin is going east.

Mr. Stahl will have plenty to do. He will care for the lawn around the school, oil mop the corridors, wash all the windows and desks, and will give the school a general clean-up.

Miss McCloskey will probably go to LeRoy, New York to visit her sister the latter part of the summer.

Miss Oppelt will stay home until August. Then she will go to a camp in Wisconsin.

Mr. Chappell will spend all but two weeks selling insurance for the E. A. Crane agency of the Northwestern Mutual Life Insurance company. During the last two weeks of August he will go to the southern

## In Other Schools

### 450 Students Baccinated

Four hundred and fifty students of the West Allis (Wisconsin) high school were vaccinated recently in an attempt to keep out the dreaded disease, smallpox.

### Interesting Debate Held

"Should final examinations be abolished in Jefferson high school," was the subject of a very interesting debate held by an English class of the Jefferson high school, Lafayette, Indiana.

### Seniors Take Trip

Two hundred-fifty seniors of Highland Park (Mich.) high school are going on a trip to Washington, D. C. While there they will visit Mrs. Calvin Coolidge.

### Class Speakers Chosen

The members of the senior class at the Lincoln (Neb.) high school, who are to deliver the addresses at commencement are being chosen by try-out and out of these one girl and one boy will be chosen.

### To Use Flowers in Rooms

A plan is being considered at the Sequia high school of Redwood City, Cal., by which the flowers growing on the campus will be picked and distributed in the classrooms. The reason for doing this is so the rooms may look cheerful and the flowers growing on the campus may not go to waste.

### Have Large Playground

The Lewis and Clark high school of Spokane, Wash., has a 53-acre playground which is paid for by funds raised by the students themselves.

### Cubs To Issue Paper

The Cubs of the Stadium high school, Tacoma, Wash., will have a chance to "show their stuff" on May 20 when a semi-annual "cub" issue of the Stadium World will appear.

### Hold French "Spell-Down"

The French club of the South high school of Cleveland, Ohio, had a French "spell-down." An 11A girl could not be out-spelled by anyone.

## TAKES THE COIN TO HEAT SCHOOL

*As Much as One Hundred Dollars Worth of Coal Is Burned Here Daily.*

When the weather is like it has been for the past week, the local consumption amounts to two or three tons a day, enough to supply an ordinary home for several months. During the colder part of the winter about twenty tons a day are used, which in any of our homes would last the whole winter. During the past winter the amount of coal consumed was approximately 1,200 tons.

The capacity of the coal bunkers in 300 tons and the greater amount of coal is brought to the building as it is used and elevated into the coal bunkers. All the coal used is bought by contract and the contract price is in the neighborhood of \$4.00 a ton. This price makes the average cost of coal \$10.00 a day during the warmer weather and \$100.00 a day during the coldest part of the winter.

Three men tend the heating plant. Mr. Clark, the engineer, with Mr. Wheeler, his assistant, are in charge in the daytime, and Mr. Rainey is on duty at night.

Our heating system is of a direct-indirect method. We have three 335 horsepower B. W. type boilers fed with Illinois chain grate stokers. The boilers were made by the Bass Foundry and Machine company of Fort Wayne.

### Typists Make Errorless Copy

Records have been kept during the past few weeks of typewriting students in Mr. Murch's classes who have written perfect copy tests. They are as follows:

Fifteen minutes without error—Evelyn Misker, Frances Cosik, and Roland Smith.

Ten minutes without error—Mary Monroe, Frances Cosik, Elizabeth Hart, Virginia Wilkinson (2), Evelyn Misker, and Roland Smith.

Five minutes without error—Vesta Johnston, Roland Smith (4), Mercedes Nossett, Ilo Foster, Walter Baker, Helen Goette (3), Dorothea Falls, Margaret Seibold, Robert McAfee (2), Evelyn Misker, Virginia Wilkinson (2), Marie Moellering, Mildred McCune, Gladys Mumy, Carl Rohrer (2), Mary Monroe (2), Queen Esthe Hufort, Frances Cosik, Clara Wager and Florence Hansen.

Miss Elizabeth Scudder, of Forest avenue, was hostess of a pre-nuptial shower of lovely appointments at her home Saturday evening in honor of Miss Catherine Miller, a popular bride elect of the season. Miss Miller is a graduate of the class of '23 of South Side. The evening was spent in playing bridge, the prizes being won by Mrs. George Duncan and Miss Helen Lowry, being in turn presented to the bride. At a late hour a dainty two-course luncheon was served to the following people: Miss Catherine Miller, Miss Helen Scott, Cora Miller, Helen Lowry, Betty Lowry, Lucy Dutton, Catherine Roe, Lottie Donk, Helen Brewer and the mesdames George Duncan and Thomas McK. Evans and hostess.

Virginia Pollock was at Indianapolis Tuesday last week attending the State Parent-Teachers' luncheon given at the Lincoln hotel, at which she was awarded third prize in the state poster contest.

Marjorie Homsher entertained the members of the Rose Bible class at her home on Hoagland avenue Friday. The evening was spent in playing buncos after which a delicious luncheon was served to Betty Fonner, Edith Kraus, Marjorie Crik, Margaret Crosbie, Mary Sherman, Mary Hale, Ruth Hull, Betty Rider, Katherine Homsher, George Anne Gilliom, Florence Phelps, Jean Herd, Martha Sherman, and Mrs. Fonner, teacher.

Marcella Reitz recently visited friends at Celina, Ohio.

Prelina Fletcher spent last week-end at Lake George.

Howard Crise entertained some of his friends at his home last Wednesday. Those present were Helen Ratter, Bovere Potts, Lucile Countryman, Evelyn Misker, Prelina Fletcher, Bob Eggeman, Jim Newell, Virgil Hire and Edward Cook.

Mildred Berlin and Violet Fell will go to Plymouth, Ind., over Decoration Day.

Elizabeth Schmidt entertained some of her friends last week-end at her cottage at Clear Lake. The guests were Edith Kyler, Cornelia Bade, Mildred McCune, Gertrude Schuelke, Florence Hanson, Dorothy Emrich and Ruth Eickmeyer.

Baccalaureate Services to Be Held Sunday Morning at Plymouth Congregational Church; Rev. Arthur J. Folsom to Deliver Sermon for Seniors

165 STUDENTS WILL RECEIVE DIPLOMAS AT EXERCISES TO BE HELD WEDNESDAY

"The Fun Fest Will Be a Continuous Roar," Says Head of the Faculty Committee; Senior Dance to Be Staged Tuesday Evening in Gymnasium

Seniors of this school are ending their career here with four principal events, the Baccalaureate services, the Senior Fun Fest, the Senior dance and Commencement. They are to be dismissed from school tomorrow, will attend the exercises June 7, will frolic at the Fun Fest on June 8, and will receive their diplomas on June 10. At the Baccalaureate services and at the Commencement exercises all seniors will appear in caps and gowns.

Baccalaureate services will be held Sunday morning, June 7, at the Plymouth Congregational church. Rev. Arthur J. Folsom, minister of that church, will deliver the sermon and the regular organist and choir will furnish the music. Services will begin at 10:45 a. m.

The Plymouth Congregational church at which the services are to be held, is situated on the corner of Berry and Fairfield.

Senior Fun-Fest  
"I'll assure you that the Senior Fun-Fest this year will be one continuous roar," said Mr. Schmaltz, chairman of the faculty committee for the fun-fest.

Seniors, their parents, the faculty, and members of the alumni are eligible to attend the frolic which is to be held at the Harrison Hill school, June 8, at 8 p. m.

Three stunts will form the entertainment for the evening. At the close refreshments will be served.

Mr. Schmaltz, chairman; Miss Burns, Miss Work, Mr. Shaffer, Mr. Chappell, and Mr. Null are in charge of the faculty stunt. Mrs. Dildine is planning the stunt to be given by the parents. Edward Hulce, Elizabeth Kline, Thyra Jurgenson, Helen Crawford, and Tom Schultz comprise the committee for the senior stunt.

All the stunts are being kept secret, since the committee wish to spring some big surprises.

Commencement Dance  
The senior commencement dance will be held in the South Side gymnasium Tuesday evening, June 9, from nine to twelve o'clock.

The unique orchestra will furnish the music for the dance. Punch will be served during the intermissions. Tickets for the dance are one dollar, and may be secured from seniors or at the office.

The chaperones for the dance are Mr. and Mrs. E. M. Hulce, Mr. and Mrs. H. P. Fletcher, Mr. and Mrs. H. L. Cline, Mr. and Mrs. C. H. Bales, Mr. and Mrs. W. C. Rastetter, Mr. and Mrs. R. C. Harris, Mr. and Mrs. E. E. Dildine, Mr. and Mrs. D. B. Fishman, Mr. and Mrs. F. P. Martin, Mr. and Mrs. J. G. Wolfram, Mr. and Mrs. F. W. Miles, and Miss Martha Pittenger.

Graduating Exercises  
Next Wednesday 165 seniors will receive their diplomas at the commencement exercises which will be held in the gym at 2:30.

The graduates will wear their caps and gowns both at the baccalaureate services and at the commencement. The music for their affair will be furnished by the orchestra.

At this time the trophy case and the automatic score board will be presented to the school. The Kiwanis medal and the Professional and Business Women's Club Scholarship will be awarded to the winners.

The complete program is as follows:  
Music ..... Orchestra  
March ..... Horace Agnew  
Invocation ..... L. C. Ward  
Superintendent of Schools  
Address ..... Dr. Louis Sherman Davis  
Professor of Chemistry, Indiana University

Music ..... Orchestra  
Announcement of the winners of the Kiwanis Medal and the Professional and Business Women's Club Scholarship.

Presentation of gifts  
Presentation of Diplomas ..... Principal

..... Robert C. Harris, Principal  
School will be dismissed for the other three classes next Wednesday noon. The usual plan of getting grades is to be carried out. Pupils are to get their cards in the gym and then take them along to class. Each of their teachers will fill out the cards in the usual way.

SEPTEMBER 8 TO MARK  
OPENING OF FALL TERM

"The fall term of school will open on Tuesday morning, September 8," announced Mr. Harris. There will be no school on the day before because it is Labor day.

Radio Used in Exchange Work  
Due to the ever-increasing popularity of radio in the high schools of the Pacific coast, a new feature will be inaugurated in the near future. Radio exchange columns will be established in the school papers, the news of which will be received entirely by radio.

Thelma Buirley Advertising  
Manager; Thelma Gasser to Take Care of Circulation

All persons for major positions on next year's Times staff except editor have been chosen, but there are still a few assistantships and minor editorships to be filled.

Gertrude Schuelke, this year's editor, will be managing editor with Mary Pocock as head copy editor, and Helene Foellinger, make-up editor, working under her. Mary was assistant business manager this term and also did some editing. She will be directly in charge of all copy that comes in for the paper. Helene Foellinger who filled the position of exchange editor is make up the pages and take care of the proof.

These two positions were formerly combined and called copy and make-up editor as this threw too much responsibility on one person, it will be put under two separate heads.

Elisbeth Crane will again be news editor, seeing that reporters get in their assignments on time. Her staff will consist of Harry Wedler, sports editor; Mary Hale, society editor; Margaret Pocock, exchange editor, girls' sports editor who has not been chosen, alumni editor which may be filled by Vivian Crates, '24, and the reporters.

Chester Wyneken will hold down the same position of business manager and will have under him, Thelma Buirley, advertising manager, and Thelma Gasser circulation manager. Mildred Olenour and Jack Teeters will be assistants to the circulation manager. The advertising staff will be picked by Thelma Buirley later. Mildred McCune will be her chief assistant, however.

Assistant sports editor will be Gerry DuWan and Bernadean Bennett will also writeup society. Elizabeth Schmidt, Ruth Eickmeyer, and Marjory Burrell will be beat writers. The reporters will be Blanche Hall, Flora Baer, Mary Alice Tannehill, Isabelle Guenther, Don Currie, Helen Masters, Kenneth Flaig, Pauline Hilbish, Mabel Fell, Clara Doenges, Lucy Dutton, Mildred Tons Clarence Gruenert and the journalism classes.

Richard Moores will draw cartoons for the Times and Cornelia Bade, this semester's general manager, will be the student counsellor.

DOROTHY EMRICH FEEDS  
PUBLIC SPEAKING CLASS

Individual loaves of bread were given to members of the public speaking class by Dorothy Emrich as an illustration that bakers' bread was better than home-made. In her term speech, which was given last week, Dorothy tried to prove that it was better for the housewife to buy than to bake bread. Members of the class had no butter or jam to eat with the bread but all agreed that it was good. Other term speeches are being given this week.

MEMBERS OF U. S. A.  
ENJOY PICNIC SUPPER

Twenty members of the U. S. A. club enjoyed a picnic at Foster park. Thursday, May 28 after school. The following officers were installed: Elizabeth Suter, president; Jeanette Duray, vice-president; Katherine Pepper, secretary; and Betty Ray, treasurer. The girls ate their picnic lunches, after which those who wished, played tennis.

### TO BATTLE SOUTH BEND AT STADIUM SATURDAY

Two Competing Nines Have Strongest Teams in Northern Indiana; Each Has Won Eleven Games and Lost One This Season Against Strong Opponents

GREEN AND WHITE READY TO BATTLE  
CHALLENGERS FOR BASEBALL CROWN

Eight Members of Team Are Biffling Over 300; Five Pitchers in Good Shape to Enter Box; South Bend Leads North Central League

The game to decide the state high school baseball championship will be played between South Side and South Bend Saturday, June 6, at 2:30 o'clock, at the stadium. The Green and White baseball squad is claiming the state title on their good record made this season. They played a total of twelve games and lost only one of them.

#### TOTEMS HERE MONDAY

The printing of the 1925 Totem, which has been in progress for two weeks was completed last Tuesday, according to word received by a long-distanced telephone call last Tuesday morning. The books will be bound by this afternoon and put into presses to be dried. Saturday will find them on their way to South Side to be delivered to subscribers who have paid in full for the books. There are still 150 persons who have not paid in full for their Totems. Those subscribers who have not met their obligations for club pictures will not be given their Totems until they have done so.

Coach Gilbert wrote to A. L. Tresler, secretary of the I. H. S. A. A. that South Side would claim the championship and South Bend was first to dispute the Green claim.

South Bend has also won 11 out of 12 games played this season and will be seen in action here Saturday.

South Side has played the strongest teams in Indiana including Manual Training, of Indianapolis; Muncie, and Huntington, and Central. Their only defeat of the season fell into the hands of Huntington. Brubaker, South Side's strongest pitcher, was not used in this game for fear of injury as he was to be entered in the clashes at the state track meet at Indianapolis the next day. South Side defeated Huntington 6 to 0 earlier in the season.

South Bend leads the North Central league, of which many strong teams are represented. Coach Barnum and his team are all set and will give South Side a stiff battle Saturday. Coach Gilbert has been drilling his men through hard practices during the past week and will be ready to tackle the strong South Benders.

Last year, South Side went to the semi-finals in the state baseball tournament, losing to the strong Jefferson high school of Lafayette in a hard battle by a score of 1 to 0. Nine of the twelve men that went to the tournament last year are back again in the lineup this season. New players have been added to the strength of the Green and White team. They have played three errorless games this season.

Coach Gilbert is not certain who will be on the mound for the Green although he can depend upon five strong pitchers. Brubaker, Mooney, Plaskett, Barnhart and Thiele are the five pitchers who will be ready to occupy the box. Staigh will be on the receiving end. The five pitchers are also doing strong work at the bat. Dehaven, the mighty slugger of the squad, will be in the best of form to smack out some bingles.

The regular lineup will start the game Saturday. Captain Currie, who has been out of the game due to an injury to his leg, will play at his regular position.

Word has not been received as yet from South Bend as to who will be their battery.

The record for the season and individual batting for South Side is as follows:

Currie, 1; South Side, 21.
Auburn, 3; South Side, 16.
Huntington, 9; South Side, 6.
Garrett, 5; South Side, 7.
Central, 11; South Side, 13.
Montpelier, 1; South Side, 14.
Manual, 8; South Side, 15.
Montpelier, 1; South Side, 5.
Huntington, 10; South Side, 3.
Garrett, 3; South Side, 8.
Muncie, 6; South Side, 18.
Central, 6; South Side, 19.

### GIRL RESERVE CLUBS TO STAGE FETE TODAY

South Side Band and Central Girls' Chorus on Program; Curb Service Is Feature

Today from 4 to 11 o'clock the Girl Reserves of this city will hold their annual June fete on McBride's lawn at the corner of Beechwood and South Wayne.

The South Side band will play for a part of the evening's program, and the girls' chorus of Central will sing. Grade school Girl Reserves will also share in this program, for the Clay school orchestra will play in the afternoon and a Maypole dance will be given in the evening.

All kinds of "cats" will be served at this fete by members of the older clubs. Even those who do not wish to help, their ears will be waited upon according to the plans made for "curb service."

### GRADUATES GIVE GIFTS TO SCHOOL

Classes of '23 and '24 Present Trophy Case and Automatic Scoreboard

CASE IS READY FOR USE

South Side has received lasting gifts from her two graduating classes. After a successful trial of the automatic scoreboard last winter during the basketball season, the class of '24 bought it for the school. The class of '23 has given the trophy case, which will be presented at the graduation services. It was made in the manual training department under the direction of Mr. Arnold.

The need of this trophy case has been evident for some time and it will be far from empty after South Side cups, wall blankets and certificates are moved into it.

Victories of athletes will be represented by the Rastetter football cup, the fourth place cup of the basketball tournament of 1924, the Rastetter-Schoof tennis trophy, and the wall blanket for winning the South Side-Columbia City-Kendallville track meet.

The commercial department is only placing one trophy in the case but that one is of importance as it is the first prize of the district meet of the state shorthand contest of 1925.

The English department boasts of the district state discussion cup for 1925, won by Virgil Horn.

Journalists Have Most  
The publications trophies are great in number and most important of all. They are a pennant for largest delegation to the C. I. P. A. convention, 1922 a wall blanket for best high school paper in Indiana, 1922; the Rastetter cup for best high school paper in the United States, 1923; a wall blanket and two certificates for best high school paper in the United States, 1923; the Sigma Delta Chi wall blanket for best high school paper in Indiana, 1923; a certificate for a third class annual, 1923; certificates for feature stories and front page make-up, 1923; I. H. S. P. A. cup for best in Indiana, 1923; Art Craft Guild cup for second best annual in the United States, 1923; certificate from C. I. P. A. for an All-American newspaper, 1924, and a cup from Columbia university for best high school paper east of the Mississippi, 1925.

The cup presented by Mrs. C. C. Lange for the extemporaneous contests will also be put in the trophy case.

## TIMES PRIZE NOVEL

Written by Pupils in Mr. Makey's Classes

This novel consists of seven chapters. Members of Mr. Makey's classes have written a new chapter each week and the best one has been published.

Chapter VII is by King Sherman.

### CHAPTER VII.

Mr. Franklin was seated at his desk in his big hotel. He was giving dictation to a young man with a pencil and pad in his hand. At another table a young lady was typing furiously.

"Got that?" said Mr. Franklin. "Send that off as soon as you can. Here you are, Miss Briggs," and he handed the stenographer a pile of papers. "Don't forget to send that telegram, Joe. I'm going to catch the train now. You can close up, can't you?"

The young man nodded, and Mr. Franklin took his grip and his hat and left.

Joe looked at the telegram. This is what it said: "Meet you in Pennsylvania station 10:00 a. m. Friday." It was addressed to Mr. Robert D. Allen, and it was signed by Mr. Franklin.

Joe reached for his hat, saying, "I'll be back in half an hour, Mary. I have to take this down to the Western Union."

Mr. Franklin boarded the train and handed his ticket to the porter.

"Lower four. Yass, suh."

Mr. Franklin noticed that a young man, who the porter said had upper four, was to be his traveling companion. His back was toward Mr. Franklin; but, when Mr. Franklin saw his face he stopped dead.

"Jack," he cried, "what are you doing here?"

"Hello, Mr. Franklin. Why, I'm going to New York to meet Bob. I just got a letter from him yesterday saying that he would arrive tomorrow on the Olympic."

"Oh, is that so? I didn't know that Bob had been abroad. How long was he across?"

"He has been in Europe for three months. He has been playing at different cities. He said in his letter he stayed a week in London, where he received much praise. In Paris also he drew large crowds. It's rather funny; in Paris he was arrested for blocking traffic while he was going 15 miles an hour."

"He played in Madrid, Spain; and, on the night he was there, the king of Spain was in the audience. He also went through Italy, Switzerland, Sweden, and Norway. So he's had quite a long tour."

"Yes, indeed he has," said Mr. Franklin.

After a moment of silence he continued, "You know, Bob did a great service to me when he told me that Dan was living straight. I never knew how I had missed Dan until he returned home. Now he and I are busy with the plans of the new hotel which is to be at Stanton. We have also started plans and considered situations for hotels in several other cities. Some day not far away Dan will take my place when I get too old for the business. I wish I might do for Bob what he did for me and Dan."

"Well, why not?" asked Jack. "I hope you will pardon my boldness in such a delicate matter, sir; but I think, if you are truly grateful to Bob, there is no better way to reward him. Bob has risen to fame and made a good reputation. I think he would be only too willing to go back to his father if his father would receive him. Mr. Allen is getting rather old and, no doubt, is willing to bury the hatchet. Mr. Franklin, I make a personal plea, if that will be any good, that you act as a mediator. I hope you will."

"All right, Jack, I will," exclaimed Mr. Franklin. "Then that's agreed upon."

The next morning, as the Olympic came into the harbor, Jack was among the crowd on the dock. The great boat moved slowly up the dock. Sailors aboard the ship threw hawsers to men on the dock, and soon the vessel was moored. Jack edged as near the first class as he could get and kept looking for Bob. Pretty soon he spied him coming down the gang plank. As soon as he could reach him, he grasped his hand and shook it heartily.

"How are you, Bob, old man? Gee, you look healthy."

"How are you, Jack? My, but you have grown."

"Pardon me, Mr. Allen; but will you pose for us?" It was a newspaper photographer, and behind him were many others.

"Come on, Jack; let's be shot."

After they escaped the newspaper men, Bob gave instructions about his luggage; and then he hailed a taxi.

After they were comfortably settled and were speeding along Forty-second street, Bob said, "Well, Jack, old top, how have things gone with you?"

"Very well, Bob. I have been playing in Miami, as you know; and I just left yesterday to meet you. I intend to go back to Stanton some time this week. I hear you are going to give a concert at the Metropolitan Opera House this week."

"Yes, I cabled the manager while I was still in Europe that I would be able to keep his appointment. Oh, Jack, what do you say to going around New York on a sight-seeing trip?"

"Gee, Bob, that will be fine. When can we start?"

"Right now if you wish. Come on; let's go."

About the time Bob and Jack were on their way to the theater for a short practice after their ride, Mr. Robert D. Allen, Sr., and Mr. Franklin were just emerging from an important business conference. As it was late, Mr. Franklin suggested that they go to a good restaurant he knew of and then to the Metropolitan Opera House.

"I think you will enjoy the music there, Allen," he said. "It is always good, and my favorite tenor sings there."

"All right," said Mr. Allen.

The opera house was crowded to capacity. Mr. Franklin had secured very good seats. His favorite tenor sang, and then a young man came forward on the stage with violin and bow in hand.

"Why—why, that's my son," gasped Mr. Allen.

"Dear me, I believe it is," replied Mr. Franklin.

Bob played a wonderful solo, as the applause indicated; but Mr. Allen did

## UNKNOWN PEOPLE RECEIVE THEMES

Neither Mr. Makey Nor Girls Who Gave Them Away Know Whereabouts.

Two themes are lost somewhere in the north end of town. Early Saturday morning two girls, Lottie Dignan and Dorothy Schiefer, set out for Mr. Makey's home to deliver their themes. Mr. Makey had told them that he would not consider the themes "late" if they were handed in before Saturday night, so the girls started north.

They went to the place where they thought Mr. Makey lived, but only silence greeted them. No one was at home. But the people across the street were at home and gladly promised to give the themes to the "neighbor, across the way" as soon as he came home.

Complications became known early last Monday morning. The girls' themes had not been received. Furthermore, there is no house across the street from the Makey home.

Mr. Makey lives on Annie street, out beyond the feeble-minded home. There are only a few houses in the same block in which he lives and there are none on the other side of the street.

Neither Lottie nor Dorothy knows on which street they were or to whom they gave the themes. They thought they were near Mr. Makey's home.

"Now," ask the girls disgustedly, "Where are our themes? We want to know."

### Seniors May Plant Tree

Action is being taken by senior class of the East Denver high school, Denver, Colorado, to plant a tree on the grounds of the new building, Arbor day. If the present plans materialize this will be an elaborate event.

## Congratulations to the 1925 Class

May you continue to be successful

## 1925 Class Prophecy

June 1, 1940.

Dear Betty:

Jack and I just got back from a trip to New York. Of course, we saw piles of shoes and just guess who was playing at the Capital! Bob Miles from the old '25 class, starring in the ancient vehicle, "The Lottery Man." It surely reminded me of senior days. Remember when we gave it for our class play?

We met Dorothy Bales in the train coming back. She just got back from Paris with much new clothes, as usual. She's running the Blackstone Shoppe now. She said that Power Carr, our 1925 Adonis, is competing with Madame Celeste (none other than Frances Wagner) in setting the styles there.

This seems to be all '25 news, but while I'm at it I might as well mention that Beck is journalism teacher at South Side! Imagine—yes, the publications are taking much prizes again. You know they did slump after Miss Harvey left. That reminds me. Lucille Lapp is in the air-mail service now. She always did make a specialty of flying around.

Roland Smith's orchestra is playing at the Palace. It's almost entirely a '25 product. Dorothy Eymann is playing the violin, Evelyn Metsker the traps; Virginia Pollock, Marcella Reitz, Emily Waters are saxophonists; Mary Barnes and Allen Mason are playing the banjo. It's a hot orchestra!

Doris Butley has been awarded the contract to give the lady on the court house a new frock. Highbrow stuff! Ruth Richey is making a tour of the country in behalf of her new patent reducing food. Has she been down your way?

The best yet—would you ever believe that the famous Gregory Gordon is our Ikey Miller? As a heart breaker he's sure seems to have put the once famous Rudolph in the shade. Be sure to see him in "Pride and Prejudice."

You ought to see Marjorie Bell's new "permanent." You know Prelina Fletcher has patented a new permanent marcel, guaranteed to friz Marjorie got one of those. It sure fills the guaranteed Speaking of curls, Tom Wolfson has perfected an electric moustache curler. He needs one, I'd say.

I see Helen Clapesattle is in New York. She's doing light opera now. Bob Hanna is directing Mary McCurdy's new play, "In Love." Ethel Fishman and Loree Bargel are taking minor parts.

You remember Ed Hulse was a vaudeville star. He's gone up quite a bit since then. He's running the elevator in the Woolworth building. And speaking of getting "up in the world," Tom Staley is doing the "Leap for Life" stunt with Ringling Brothers' circus! Edna VanTilburg is surely getting around in the world. She's taking tickets on the merry-go-round with the same circus. And Lottie Dignan is playing the cello.

We went to the Majestic the other night. We saw Ed Bourn's "Gaiety Girls." Stuart Monroe is leading man. Imagine! Vianna Keesbury plays opposite him. Queen Esther Hafert and Ruth Mae Dawkins were in the chorus. It was awfully good.

The very latest—Frances Buckles is going to endow South Side with a new library. It surely needs one.

Did you know Bo potts and Ward Dildine were in business for themselves? Oh, yes! They have taken over the Kewpie Hotel. Tom Shulze and Rose Joseph have their old job putting stripes on stick candy.

Bill Thiele and Chuck Brubaker are managing a Jew's harp band. They are eclipsing Paul Whiteman by their wonderful performances. Rose Kron Miller, Virginia Althouse and Virginia Wilkinson put on a duet specialty.

Dorothy Martin gave the loveliest kid party yesterday afternoon. Clarence VanZile was too cute for words. Little Lord Fauntleroy. Ray Warlock went as Little Boy Blue and Garth White was Jack Horner. Mary Larwell was Mary Quite Contrary and Artie Jamieson was Little Bo-peep. Harold Bride was the King of Hearts—literally and figuratively.

James Newell and Helen Rastetter and Howard McCurdy and Geraldine Markwalder are all spending the

week-end at the Allen county poor house. You know Howard Koehlinger is running it now.

I was talking to King Sherman the other day. He was flopping griddle cakes in the grill at the Keenan. He told me that William Katz is quite the successful business man now. He is making millions in the hair pin business.

Ray Ewell always was more or less of an inventor. He's experimenting now on how to keep flees off the fly wheel.

I see Bill Kleckner is scheduled to engineer Andy Gump's next campaign. Vesta Johnston is his private secretary.

Bertyll Merrill has gone in for beauty culture. She is trying her experiments on Ralph—poor boy! And Lorna Frauenfelder has gone into the ministry. I guess Horace Agnew is considering that profession, too.

I hear Veda Stevens and Garry Lower were presented in the English court a month ago. Eddie Rahe is Lord now, you know, and engineers the job. Kate Diggs has an "Honorable" attached to her name—she's practicing in London.

Bob Duryee is in charge of the day nursery here. He is supposed to be quite efficient. Mildred Kesterson is running bachelor's quarter. She is very prosperous—Grape nuts!

Dorothy Tucker and Ruth McKee are 33rd degree masons. You know they had the contract for Clyd. Bechtold's new dirigible station. Yes they have gotten up to the thirty-third story now. Bernice Richhart and La Verne Sigel are bringing the new blimp through. It's named for Louise Bottenhorn.

Bob Steger, Harry Stephens, Delos Augspurger, Arnold Beske, Calvin Bill and Stuart Windt are traveling salesmen for Stillman Co. Paul Ridgour is modeling for the freckle cream and Louise Larwill for the face cream.

The Clapham-Rose company have a monopoly on the frozen lollypop business and one can scarcely get any anywhere. The Tri-K company, headed by Albert Azar, is trying to break the market but they haven't succeeded yet.

Doris Minier and Elfreda Denis are putting on a twin-sister act at the Palace today. Thyra Jurgensen and Louise Pollock and I saw it this afternoon. It's a scream. Oh yes! Thyra told me that Congressman Huguenaud is going to introduce a bill the next session prohibiting ruffles or pleated skirts. It's to get even with Margaret Welsh for wearing orange ruffles on a purple skirt. Did you know Mabel Markley is in Washington? Being in congress, she found it more convenient to live there.

Did you recognize the leader of the African expedition as Hugh Kelly?—the one that found Pur-Tank-clam! tomb. You know Forest Weddle started a lawsuit on the ground that owner of the tomb was a relative of his. Lucile Grosvenor is his lawyer. I must rush. Elizabeth Kline is having a house party at her cottage at the North Pole. We're all going up in her dirigible. Ed Cook is going to pilot the party. Eleanor Church, Bert Branning and Abe Martin are already there.

I must stop. I have loads of clothes to get ready.

Gobs of love,  
SALLY.

## The Causes of the World War

By Ruth Kettering

The world war is the greatest calamity that ever befell the human race since the time of recorded history. The years nineteen hundred and fourteen to nineteen hundred and eighteen are regarded as the most fateful years in the records of civilized nations to date. Centuries will not erase the memory of those years, and many generations will suffer the burdens laid upon them by that mighty conflict. In view of these facts it would seem fitting and proper that we should seriously consider the causes which led up to that catastrophe, in the hope that a better understanding of them will help us and future generations to forever avoid the possibilities of another such conflict.

Many men foretold the great war, but they were only seers and not regarded as pessimists because of their predictions. On the other hand, many millions of people held the firm conviction that men had been civilized to such a degree that they were governed by the golden rule, and that they would no longer settle their arguments by force. But those who thought this soon discovered that men today in reality have made great strides in material progress, but in other respects they are essentially the same as their forefathers. Although the possibility of such a war was long foreseen by a few, the suddenness with which it broke, dazed even these.

To the less informed the murder of Hapsburg Prince and Princess was regarded as the primary cause of this awful struggle, when, as a matter of fact, it was simply an insignificant thing, a means to an end, used as a pretext by the powerful to set in motion a highly efficient military machine against the weaker nations. It was for a selfish purpose, premeditated and planned for many years prior to the murder of the Prince and Princess. To understand the real causes it is necessary to go back in our history. This then will lead us to a view of the hostilities that caused Austria-Hungary to declare war on her weaker neighbor.

The causes of the ill feeling were to some degree racial. Europe at this time was inhabited by four great races, the Teutonic, the Slavic, the Latin, and the Turanian. The Germans, the Swedes, the Norwegians, the Dutch, and the English are of Teutonic origin. The Russians, the Poles, and Servians are of Slavic origin. The French, Italians, and Spaniards are Latin. The Turks, Magyars, and Tartars of Russia are Turanian. The Germans living in these different countries formed the Pan-German movement, and the Slavs organized the Pan-Slavic movement. Both of these forces possessed aggressive strength. From these a partial explanation of why Russia united with Serbia and Germany with Austria-Hungary is offered. To this was added the fact that Russia wished to gain possession of the Balkan peninsula.

Aside from the racial question, there were three forces which seemed to have contributed most directly in bringing about the critical situation. The first force was the clashing of national interests and ideals, the second the maintenance of a system of military alliance, and the third the economic rivalry between the nations.

Europe as we have seen was divided into four main branches. Each race had its own language, customs, and traditions. From their ancestors they had received the instinct of fighting and plundering. The records of the primeval days are filled with the struggle of one barbaric tribe against the other. It is the law of life and history that two nations living side by side will fight for supremacy over the other. Hand in hand with this came the ambition to enlarge their kingdoms and even to establish independent nations. So instead of Europe being united politically into one independent nation by mutual cooperation and support, inevitable antagonism prevailed. The smaller states were at the mercy of greater powers and their so-called balance of power which the assassination of the Duke upset. Thus there was a clashing of interests and ideals among the different nations.

Another great factor in the underlying causes was the view that a nation must be protected by large armaments. The idea that war was a means to an end can be traced back to the dawn of history. The belief in the doctrine of preparedness resulted in large standing armies and navies. This in turn led to the grouping of powers. Germany, in particular, advocated this. This fact caused Great Britain to become suspicious of Germany. These things I will discuss later. Germany, situated in a fertile region, grew rapidly. It soon became a question whether Germany could support the increasing population. Germany therefore stood quietly by while other nations plundered and gained new territory; but, nevertheless, she was preparing for the time when she, too, would strike boldly.

There is no question that economic interests played an important part in bringing about the crisis. At the close of the eighteenth century there was a change in industrial conditions. The age of steam, electricity, the invention of the locomotive, steamship, and automobile all produced an interest and rivalry between nations. In general the aim of all seemed to be to gain power and wealth.

A tariff was adopted by which each country assessed certain tariff duties on imports from the other country. This desire to tax foreign imports and at the same time obtain free admission of its own products into foreign countries, caused war-like attitudes among the nations.

But were these forces sufficient to bring so many nations into that mighty conflict? Why did so many nations become involved? The answer to this question is based on events that have taken place in the course of time.

Why France became involved is easy to answer and in all probability undoubted by anyone. France had been allied with Russia for many years and had been on terms of hostility with Germany because of a former conflict. As soon as Russia and Germany became involved, France was forced to take part in order to defend the nation.

The fact is that the hostility of the French people against the Germans

was a question of revenge. The French people had never forgotten the defeat suffered at the hands of the Germans and the lost territory of Alsace and Lorraine.

The dream of revenge seemed to be too far away to be realized, but the French people nevertheless determined not to be found unprepared again. The suspicion caused by Germany's large standing army made their determination even stronger.

Twice during a decade France and Germany had come to a crisis in their relations. In both cases the quarrel was over Morocco. Morocco is a rich, fertile country inhabited by people who are not highly civilized. The greatest part of the time they were in a state of civil war. It soon became evident that some nation would have to take Morocco in hand. A conference was called at which Great Britain agreed to give France full power in governing Morocco, and France in turn recognized Great Britain's rights in Egypt. This arrangement seemed satisfactory to Germany for nearly a year. Quite suddenly Germany changed her attitude. She based her change of opinion on the fact that she had commercial interests at stake. Affairs rapidly came to a climax, and certain war seemed to threaten between them. Another conference was called in the effort to avert war, at which it was agreed that all nations have the power to assist France. This arrangement proved partially satisfactory for a short time. Germany attempted to gain the favor of the reigning Sultan, and failing in this effort unexpectedly recognized France's right in Morocco. France in turn promised to uphold the open door policy.

The question seemed definitely settled; but, disorder again broke. France to send forces there. Against Germany made no effort to protest but with the same suddenness changed her attitude. Germany made her demand that France cede to her the claims of French Congo in turn for standing aside in allowing France to send forces to Morocco. France refused and relations between them again came to a crisis. Through a conference France finally agreed to cede to Germany one hundred and seventy square miles of French Congo. Germany in turn permitted the French to establish a protectorate in Morocco and also ceded the French six thousand, four hundred and fifty square miles of the Province of Kamerun. These two affairs only served to arouse greater hostility between them. Because of these two events they were both very susceptible to any annoyances. Now Germany is accused of purposely acting as she did to test the strength of the Triple Alliance.

The enmity between Great Britain and Germany grew out of the fact that one was something the other wished to be. Germany was powerful but Great Britain was even more powerful. Her population was far greater and her navy was exceedingly strong. At this time Germany was in the making and Great Britain was established. The German people viewed with pride their past accomplishments, gained in spite of opposition with which they had met. As they viewed these achievements they formed the idea that bigger and better things ought to be accomplished in the future, and they firmly believed that Germany must save the world. War, he key that had served in the past, was adopted for the future. As it was, Great Britain stood in the way of her ambition.

It is very evident that Germany had nothing that Great Britain wanted. Consequently Great Britain held no jealousy or suspicion for Germany. When, however, Germany began increasing the size of her navy and army, England started thinking. Gradually the feeling arose that Germany was a menace to her commerce. Their fear augmented and soon came to be a conviction. The general opinion in England was that some day the two nations would clash.

The suspicion of Germany's intentions brought about the principle of "Balance of Power." The idea was to form a balance but it later proved to be of great importance. The idea was that nations must combine against one which threatens the peace and safety of all. Great Britain, France, Russia, and Italy united against Germany.

Some historians contend that the attitude of her people toward war helped in bringing about the ultimate conflict. War is as old as history and has come to us through tradition. It was an established fact that a nation wishing to survive must be prepared to defend itself at all times. In fact the people of Europe seemed to have believed in the righteousness of war. One German historian said, "War is the holiest and noblest expression of human activity." Another averred that war was "a biological necessity."

Germany's attitude toward war and her future greatness is worth mentioning. "Land, more land," was their battle cry. The principle of war was

drilled into the children for many years. The teacher would ask, "What is the shortest way to Paris?" The Kaiser in the year of 1900 said, "You must in ceaseless labor offer all the powers of body and soul to the building up and development of our troops." Germany was determined to be the nucleus of the future empire of the West. The kingdom was to extend from Berlin to Bagdad. The Kaiser firmly believed that he was divinely appointed to save the world. "Germany must save the world," was their slogan.

Germany also took great pains to keep those who emigrated to other countries loyal to her. Organizations were formed for this purpose. Public money was sent even to Brazil to aid in keeping them loyal. Just before the war Germany even adopted an act by which a German residence in a foreign country could retain his citizenship in Germany.

Germany had no real causes for war, and so she was forced to create artificial causes. But before this could be done, people had to be stirred up in a war-like spirit. Gradually this was brought about. A report of a Pan-German meeting read, "There is a smell in the air of blood, and no one can tell when and where the torch of war is going to flare up. The glory and need of war was emphasized. The Kaiser said, 'I have dreamed a dream of German world empire, and my mailed fist shall succeed.' The Kaiser was a great actor and statesman. He knew how to reach the hearts of the people. On the night before the declaration of war he addressed the greatest crowd that had ever assembled thus: "From the bottom of my heart I thank you for the expression of your love and loyalty. In the struggle now impending I am proud to stand among you. There are only Germans among us. Whichever parties in the heat of political differences may have turned against me, I now forgive from the depths of my heart. The thing now is that all should stand together, shoulder to shoulder, like brothers, and then God will help the German sword to victory!"

Believing their cause to be just, the deluded people rallied for the Kaiser, and for four years displayed an example of unity and devotion rarely equaled in history.

Now we are ready for the actual course of events in the region where he war first broke out. The dream of the Dual Monarchy to extend its possessions in the Balkan peninsula endangered Serbia. Serbia had dreams of refounding her lost empire. This purpose was in the way of the Hapsburg ambitions. Serbia was very bitter against Austria-Hungary because she opposed her efforts in gaining a way to the Adriatic Sea.

On June 28th, 1914, the Archduke Francis Ferdinand, heir to the Hapsburg throne, paid an official visit to Sarajevo, the capital of Bosnia. Sarajevo is only a small city and is inhabited by Slavs and Mohammedans. The Archduke was especially hated by the Slavs because he advocated the annexation of Bosnia. He was also a special friend of the Kaiser.

The Archduke could not have picked a more dangerous time to pay a visit to Sarajevo. It was the anniversary of the downfall of the Serbian Empire in 1389, a day celebrated by all true Serbians and one that reminded them of the wrongs done their race. At this time their feelings were raised to the highest pitch.

When the Archduke's car arrived in the town, a youth hurled a bomb which did not injure the royal pair. They escaped but later were fatally wounded by a conspirator when they were having a reception.

The world received the news with interest and regret. Few people realized the possibilities that might develop from this act. In Germany and Austria-Hungary there was much demonstration against Serbia.

Austria-Hungary felt that a conspiracy had been formed in Serbia and that it had its origin in the Pan-Slavic society. Austria therefore sent a commission to investigate the matter. A few facts we can be certain about. The Archduke was assassinated by an Austro-Hungarian subject. Some of the conspirators were members of the Pan-Slavic society. It is probable that the bombs came from a Serbian arsenal, and that minor Serbian officials were involved in the plot. It is unlikely, however, that the Serbian government was concerned in the plot since the gain would have been small. They promptly expressed their disapproval of the act.

Austria resented this assassination for two reasons. The first reason was that Serbia was gaining in strength and was liable to oppose Austria's commercial interests. In the second place Serbia stood in the way of Austria's reaching the Aegean Sea. So Austria, urged by Germany, delivered an ultimatum to Serbia coached in such severe terms that Serbia could not comply without surrendering her independence. Serbia was only allowed forty-eight hours either to accept or reject the ultimatum.

Serbia's answer was almost a complete acceptance of the ultimatum, and even on the points about which they had hesitated they showed a conciliatory attitude. But Austria plainly did not want peace for she termed the reply unsatisfactory and evasive. On July 27, war was declared and preparations for invasion were begun.

It was the hope of all the world that the war would be confined between these two powers. Ultimately all Europe and all world powers became involved. Serbia sought the aid of Russia, her ally and protector. Russia, declaring that she could not allow Serbia to be destroyed, began to mobilize her forces. Germany felt that she must defend her ally of the Triple Alliance and so vouched for Austria-Hungary's rights. Germany sent a note to Russia demanding that she cease to mobilize her forces or war would exist between them after twelve hours. Of course Russia refused to comply with Germany's demand.

Germany's plan was to gain entrance to France and crush her before Russia could aid. The whole frontier of France with the exception of the small region of Belgium was cleverly fortified. Germany therefore laid her plans to march through Belgium since that was the weakest point. The neutrality of Belgium had been guaranteed in a treaty, but Germany paid no

attention to it. When Germany broke the treaty by seizing Luxembourg France saw that she could no longer remain neutral and so assumed preparations for war. Belgium's neutrality was not only protected her own safety but help a state that needed protection.

There is no question that Germany considered Great Britain her most formidable enemy and that she feared her power more than any other nation. It had been Germany's fond hope that Great Britain would remain neutral, and she had taken every step to bring this about. Now it is definitely known that if Germany had realized ten days before she declared war that Great Britain was going to enter the war, she would have been more lenient in her demands and in urging the Serbian ultimatum. But after the first steps were made, withdrawal was out of the question. Thus it was that all Europe became involved in the mightiest conflict ever recorded in history.

The fruits of the great war are bitter. The manhood of Europe is gone; trade and agriculture are at a standstill; but, worst of all, the hope of friendship or co-operation between the old world powers has been lost. International suspicion and animosity seem to be as much alive as ever, and it will doubtless be a long time before Europe will exemplify the sentiment expressed by Robert Burns, "When man to man the world o'er shall brothers be for a' that."

## SOUTH SIDE NOW CLAIMING BEST SLUGGERS IN STATE

Holds Defeats Over Strongest Nines in Indiana; Huntington Is Only Team to Beat Green and White in Thirteen Games Played

### CENTRAL FALLS BEFORE SISTER SCHOOL IN RACE FOR 1925 CITY BASEBALL TITLE

Fightin' Green Victors by Score of 19-6 in Second Game; Are Behind Until Sixth Inning; Collect Ten Runs in Eighth

By her victories over the strongest teams of northern Indiana, including the overwhelming win over Central last Friday, South Side now lays claim to the state baseball championship. Huntington is the only team that has beat the Fightin' Green.

The game with Central to the tune of 19 to 6 was full of errors, both teams making many misplays. The Tiger had seven errors, but against it with the Green and White making nine wrong plays, all of which proved costly as many of the runs were scored through wild throws and erratic fielding.

Bob Mooney, hard-hitting outfielder, started his first game on the mound and allowed the Tigers four hits in three innings. Mooney is a freshman and will be a very big factor in future contests. Plaskett took Mooney's place on the mound in the fifth and finished the game in fine style, scimping the Central nine with three hits.

Kowalczyk was Coach Bill's choice to start the game but was knocked from the box early in the contest. He was relieved by Scott but the Wardites kept up their batting spree and drove him out. Kowalczyk again went into the box and suffered the same fate as Scott. Winebrenner came to the rescue but the Green got six hits in three innings.

Stiegler also tried to stem the tide but failed and Kowalczyk finished the game. Mooney hit a long double, stretched to a triple and came home on an error with the bases loaded. Thiele hit a triple. Troyer, Nulf, Currie, Dehaven and Plaskett also hit doubles. Plaskett had a perfect day at bat, getting three singles in as many trips to the plate.

Central started scoring early in the game, garnering four runs in the first two innings. The Green and White sluggers got two runs in the third and two in the fifth while the Tigers were able to get only one more run thus putting South Side one run behind. The Kelly Klads scored three more runs in the sixth putting them in the lead. Central scored their last run in the sixth.

South Side ran wild on the bases in the eighth and, before the dust had cleared, ten markers had crossed the plate. The Wardites eased up in the ninth and scored only one run which stopped the scoring for both teams. The largest crowd, so far, attended the game.

## SPORT GUSH

A 19 to 6 victory is sort of a fitting finish to a sports year, doncha think?

The Lincoln Life field may be a very nice field to play on, but the seats are "mucho" uncomfortable.

Even the little kids who sell things like our catcher. When he was up to bat, we heard 'em yell: "PEA-NUTS, candy, and chewin' gum." Honest.

And didn't see the whisk-broom the ump dusted off the plate with? It would just have fitted in our Mem'ry book, but the mean old thing refused to part with it. Bet he's goin' to put it in his Remembrance Box.

Tinah is so-o polite. He was taking a walk to first and the ball rolled towards him. He picked it up and handed it to Central's first baseman with the famous Tinah grin. All he needed to do was take off his cap and bow.

Well, we're out of inspiration—or wouldn't you call it that—so we guess we'd better say good-bye—forever?—and here's hoping you-all have one grand and glorious time this nice hot summer. Odios!

## ARTHUR MARTIN WINS CITY SWIMMING TITLE

Bournes Cops Second in Senior Meet; Dobler Takes Title in Junior Division

## Sport Shorts

South Side is now holder of the city public high school championship by virtue of its win over Central last Friday afternoon.

The game surely was evenly matched until the eighth inning when South Side went on a hitting spree and accumulated ten runs before they had any outs.

Mooney pitched his first game for the Green squad, allowing only four hits.

Plaskett relieved Mooney at the end of the fourth inning and held the Tigers to three hits.

Plaskett also starred at the bat, getting three hits out of three times up.

Currie, Mooney, and Brubaker, each got two hits.

Kowalczyk was sent to the mound three times.

Thiele connected with a triple in the eighth inning. He was the first one to start the batting spurt.

Errors proved costly to both teams.

The Green have now to their credit, twelve victories and one defeat.

South Side is now claiming the state championship.

## THIRTY-FIVE SENIORS GOING TO COLLEGES

Indiana, Purdue and Muncie Are Most Popular; List Is Not Complete

Thirty-five South Side seniors have chosen the schools which they will attend next year. The schools of Indiana have been picked by most of the seniors, although some are going to schools out of the state. Many students have not yet decided and therefore the list is not complete. Many more are going to school but have not had their credits sent.

Purdue claims the largest number of students up to the present date, with eight South Side boys going there. Muncie Normal takes second place with six girls enrolled. Third place is taken by Indiana with three South Siders.

Those going to Purdue are Stuart Wendt, Edward Rahe, Raymond Ewell, Ralph Welch, Tom Shulze, Robert Duryee, Thomas Staley, and Albert Azzari.

Those who have chosen Muncie Normal as their future school are Mary M. McCurdy, Edna Van Tillbury, Mary Monroe, Marjorie Matlack, Bettyl Merrill, and Louise Battenhorn.

The three who will be students at Indiana next year are Edwin Clapham, Elizabeth Kline, and Robert Miles.

Edward L. Hulse has chosen Michigan and many other pupils have chosen schools in Indiana, Michigan, and Ohio. Other schools which are to be attended by South Side pupils next year are:

Prelina Fletcher and Helen Rastetter, Lake Forest; George Wyss and Rose Joseph, Northwestern; Arthur Ma Gin and Frances Wagner, Oberlin; Margaret Roor and Dorothy Martin, Rockford; Dorothy Bales, Ward Belmont; Virginia Pollack, Fort Wayne Art school; Lucile Grosvenor and Margaret Welsh, Lakeside hospital, Cleveland, Ohio; Edward Cook, Y. M. C. A. college, Chicago; Helen Mitchell and Helen Crawford, National Kindergarten school of Chicago.

Seniors wishing their credits sent to college should notify the office.

SOUTH SIDERS EXHIBIT  
FURNITURE AT PAGEANT

The manual training exhibit which was held at the Harrison Hill school May 27, 28 and 29, the nights of the pageant, "The Light," proved to be a success. Many pieces of furniture and some drawings made by the 9B, 9A, 10B and 10A classes were displayed.

The forging class also had a display of iron work. The lighting display from the floor lamps made a pleasing effect and also helped to show off the furniture. The public was agreeably surprised to see the splendid work done in the manual training department at South Side.

LOCAL ENTRANTS LOSE  
IN MICHIGAN TOURNEY

South Side suffered unexpected defeats in the Michigan tennis tournament at Ann Arbor last Friday. Willson and Summers represented the Green in both singles and doubles.

Willson drew a bye in the pairings and met Schaffer, of Razen high school, Youngstown, Ohio, in the second round. He was defeated in straight sets by 6-3, and 6-4 scores. Kane, of Owens, Michigan, eliminated Summers, 6-0, 6-4.

## EIGHTH HOUR GIRLS COP CLASS TOURNEY

Green "S" 's to Be Awarded to Those Who Played in Majority of Games

By taking a hard-fought game, to the tune of 9-8, from the seventh hour group, the eighth hour class annexed the girls' inter-class baseball tourney. It was a regular Mildredite game—hard pulling all the way.

Both teams pulled down three runs in the first inning. In the second, the seventh ditted the first frame, while the eighth didn't do a thing. In the third the winners chalked up two, while the losers were powerless. Both drove home one girl in the fourth. One run went to the seventh in the fifth frame, while again the winner were scoreless. However, the "eighthers" dragged home three in the last two frames, while the others were left in the cold.

An official green "S" will be given to the nine girls who have played in the majority of all the games with the Central. They are: N. Merica, captain, catcher; G. Brouwer, pitcher; E. Wilson, first base; W. Englehart, second base; A. Word, third base; L. Foster, short; M. Koster, V. Fell, and A. Mason, fielders.

The scores of the first rounds of the inter-class tourney are:

First Round  
Seventh defeated fourth, 15-4.  
Noon defeated first, 15-11.  
Third defeated second, 11-9.  
Eighth drew bye.

Semi-Finals  
Seventh defeated noon, 12-9.  
Eighth defeated third, 10-2.

# SOCIETY

Ferol Jenkins delightfully entertained a number of her most intimate friends at her home last Monday evening. Bunco was the main feature of the evening, after which a dainty lunch was served to Florence Clemens, Margaret Lew, Kathryn Gauder, Esther Roush, Margaret Howard, Florence Roush, Agnes Bauserman, Florence Hazlett, Gerald Ammerman, Jess Grice, Louis Dewett, Stanley Cuthall, Kenny Flaig, Noble Miller, Claude Bauserman and Charles Carrel.

Gertrude Brouwer entertained with a party for Miss Haddell last week at her home. Games were played and the guest of honor was presented with a linen luncheon set. Those who were present were Janet Rank, Velda Niles, Mildred Koster, Winifred Englehart, Gladys Guebard and Cleta Hixon.

Catherine Fries spent the week-end visiting relatives in Defiance, Ohio.

Mary Hale visited relatives in Bourbon, Ind., over the week-end.

Camilla Waterfield and Jane Stringer spent last week-end at Bloomington, Ind. They were the guests of Gladys Stringer.

Elizabeth Kline spent Decoration day at Columbia City, the guest of friends.

Hazel Cruse had as her guest last week-end Miss Nell Austin of Detroit, Mich.

Virginia Stophor spent last Monday at South Side. Virginia was a former South Side student and is now attending school in Detroit, Mich.

Mervyn Welch recently visited at Warsaw, Ind., where she attended the commencement of the Warsaw high school.

Forty Girls Attend; Trip Through Woods, Initiation of New Members and "Graduation" Are Features

The annual picnic of the Philaethian Literary society was held last Monday at Diserens' farm on the Winchester road. The members of the club were conducted to the farm by autos driven by Margaret Rose, Helen Crawford, Dorothy Somers, Helen Rastetter, Freda Fletcher, and Alice Diserens. Five new members were initiated. They are Mary Hale, Margaret Metzner, Mary Lang, Blanche Hall, and Greta Astrom, Ruth Barber and Ruth Wemhoff had charge of the initiation.

The girls went through the woods, climbing over fences and crossing streams. On their return they were served a delicious picnic supper, following which each senior girl was given a small doll in cap and gown, and a tiny diploma depicting her future.

Miss Pittenger, Miss Demaree, and about forty girls were there.

Unique Advertisement Show

An advertisement for a runaway slave was shown to a history class of the Lincoln high school of Cleveland, Ohio. These announcements appeared daily in the papers of the first half of the nineteenth century. The item carried a complete description of the slave.

Make Great Deal of Money

The senior class of Highland Park, (Mich.) high school has netted more than \$12,000 from various financial activities. Seven hundred dollars was made on a play which was recently presented.

Boys To Run School

As a part of a boys' week program all the Knoxville, (Tenn.) high school curriculum will be run by boys. The faculty is selected by the members of the respective classes. This same plan was carried out last year also and proved a success.

To Have Athletic Field

The Morton high school of Richmond, Ind., is going to get a fine new athletic field. According to plans it will, when complete, include a quarter mile running track with a 220-yard straight-away; a regulation football field and baseball diamond within the oval, and a set of tennis courts.

Contest for Graduation Dresses Held

A contest for the best graduation dress is open to all the seniors of the Abraham Lincoln high school, Council Bluffs, Iowa. Two prizes are being offered. The dresses entered in this contest must conform with all the rules. No dress may cost over fifteen dollars.

Contests On Pronouns

A sophomore English class of the Kansas City, (Kansas) high school held a pronoun contest. Captains were chosen and the class studied all week for the written test which was on pronouns and all their uses. All students passed except two.

Geometry Students Have Contest

Students of the Weatherwax high school of Aberdeen, Wash., who make a grade of 80 or above in the preliminary geometry contest, are eligible to compete in the final contest.

Have New System of Grading

In order to make an "A" in journalism in the Kern County high school of Bakersfield, Cal., a total of 6,000 words or more a month must be turned in. For a "B," 5,000 words and for a "D," 3,000 words must be written. One girl turned in 8,000 words.

Class Has Requirements

Chemistry classes of the Kansas City (Kansas) high school are required to have fifty experiments and 500 problems by the end of the year and are to have certain required experiments in order to make a passing grade.

# GRADE PUPILS TO OCCUPY NEW BUILDING NEXT TERM

Will Vacate Twenty-one Rooms for High School; District Boundaries Not Decided

"Pupils will receive their grades Wednesday morning, June 10," stated Mr. Agnew. "The teachers will spend the rest of the week in arranging affairs at the Harrison Hill school for next fall. All desks and tables now used by grade teachers will be left in the rooms."

The district boundaries for the new school have not as yet been definitely decided, but the district for the junior high or seventh and eighth grades will extend farther than the lower grades.

Harrison Hill school includes 38 recitation rooms, twenty of this number are on the first floor and the remaining eighteen on the second. This includes the domestic science, manual training, and teachers' rest rooms. In addition to this number are the gymnasium, principal's office, and auditorium.

The new school will accommodate 1,200 pupils, but it is estimated that only about 950 will enter next fall.

The school is well equipped in every respect. One of the outstanding features being the gymnasium which measures 50 by 71. The floor is of a maple finish. The auditorium is one of the best in Fort Wayne seating about 670 people.

The twenty-one rooms now occupied by the grade pupils will be used as recitation rooms for high school students next semester.

## STYLE SHOW PUT ON BY ECONOMIC GIRLS

A style show was given by the girls of the home economics department yesterday in rooms 75 and 77 between the hours of 4 and 5 o'clock.

This exhibition was held so that the public might see what kind of work is being done in this department. All the garments made by the sewing classes this year were shown. The cooking classes demonstrated their work by serving tea. Invitations had been sent by the girls to their mothers and a number of them were present.

Attendance Rule Passed

The faculty of the Newton high school, Newtonville, Mass., passed a regulation providing that "every pupil who is absent, tardy, or dismissed five or more times during any marking period is ineligible for any extracurricular activities during the following marking period."

## TIMES AND TOTEM AGAIN TRIUMPH IN INDIANA CONTESTS

Win First Places in Two  
Contests Sponsored by  
Indiana Press Club

## CUPS WILL BE AWARDED

Silver Trophies Will Be Pre-  
sented at State Convention  
at Franklin College

First places in Class A were won by the Times and Totem in the state contest held by the Indiana High School Press association this spring. Silver cups will be awarded to both publications at the convention of the association to be held October 23 and 24 at Franklin College, Franklin, Ind.

Hubert Beck was editor of the Totem and Cornelia Bade managed the Times last term.

Judges for the newspaper contest were Dean A. Edkins, Greensburg, executive secretary of the Indiana High School Press association, R. E. Blackwell, deputy state superintendent of public instruction, and Howell Ellis, secretary of the public service commission.

Frank M. Hohenberger, Nashville, Miss. Ella Schenberger, of the Arsenal Technical high school, Indianapolis, and Arthur S. Overly, Indianapolis, judged the annuals.

This is the second consecutive year that the Times has won first place in this contest and is the third consecutive year that the paper has placed first in Indiana, the contest in 1922-23 being conducted by the Central Interscholastic Press association.

## CLASSES O' E! TODAY AT H. H. GRADE SCHOOL

About Eight Hundred Expected to At-  
tend New School; Mr. Agnew  
Is Principal

"In this new enterprise the Harrison Hill school does not and will not forget its obligation to the South Side high for the privileges and opportunities enjoyed during the three formative years in which it grew up as the South Side grade school. With the best that South Side spirit has to impart, Harrison Hill expects to carry on." This is the opinion of Mr. Agnew, principal of the Harrison Hill school.

This school, which contains forty-one class rooms, teachers' rest rooms, a principal's office, an auditorium and a well-equipped gymnasium, opens its doors today to the pupils who attended South Side grade school last year.

About thirty teachers will instruct the eight hundred pupils which are expected to attend school there this year.

The boundaries have been changed from Packard to Darrow avenue for the kindergarten to the sixth grade and from Woodward to Packard avenue for the seventh and eighth grades. Pupils living in the district which has been changed may go to the Hamilton, Hoagland, South Wayne, or Harrison Hill schools.

## Girl Reserve Club Heads Attend Meet

Four Fort Wayne delegates, Elizabeth Suter of So-Si-Y, Margaret Roberts of the Friendship club, and Florence Koegel of U. P. D., attended the annual Girl Reserve conference held this year at Camp Gray, Saugatuck, Mich.

About three hundred girls representing clubs throughout Indiana, Ohio, Michigan, and Wisconsin were present. Miss Rhoda Harris was general executive while Catherine Sage of Cleveland was chosen girl executive.

The representatives were divided into groups according to interests: Nature, music, scribe, art, indoor and outdoor sports.

## Miss Elma Dixon Weds; To Stay Cafeteria Head

Miss Frances Elma Dixon, manager of the South Side and Central cafeteria, was married to Fred D. Hoham, Jr., on July 25 at Lake George, Mich. Mr. Hoham is a teller at the First National bank. "Miss Dixon" will continue her services here this winter.

Visits Lake  
Mr. Stahl took his two weeks' vacation on week-ends at the lake.

## Three \$100 Scholarships Given to S. S. Graduates

Scholarships, amounting to \$100 each, were given to Albert Azar, Frances Buckles and Dorothy Dunigan by the Indiana University Extension Course.

These three were selected as the most worthy of the graduating class of '25. Scholarship was not taken into consideration as much as general ability.

Frances Buckles also won the Professional and Business Women's Club scholarship. This award, together with the Kiwanis medal which was received by Edward W. Halse, were presented at the commencement exercises last June.

## New Teachers for Five Departments

Girls' Physical Education,  
Art, German, English, Gen-  
eral Science, Have One

## GERMAN INSTRUCTOR ADDED

Five new teachers have been added to the teaching force this year, the following departments each getting one: girls' physical education, art, German, English and general science.

Miss Alice J. Patterson, a 1922 graduate of Ohio Wesleyan University, will have charge of girls' physical education. For the past three years she has been employed by the Young Women's Christian Association of Wheeling, W. Va. This summer she served on the faculty of the Red Cross Life Saving Institute at Culver, Ind., and at Tuxedo, N. Y.

A second art instructor, Miss Helen C. Pape, has also been added to the faculty. She graduated from Fort Wayne high school in 1922 and in 1924 received a general diploma and a two year art certificate from Ward-Belmont. While attending Muncie State Normal, she practiced taught in the Muncie high school under Miss Flora Bilby, a well-known art supervisor. In 1925 she graduated from the Fort Wayne Art school, receiving a two-year diploma in Normal work.

Miss Clara C. Schmidt, who will teach German, is a graduate of Fort Wayne high and Fort Wayne Normal school. She received her A.B. degree at the University of Michigan, and has attended summer sessions at Milwaukee Teachers' Seminary, Gregg School, Chicago, and the University of Michigan. Until June of this year she has been teaching at the Jefferson school, where she taught German, typewriting and English.

Mr. Harvey S. Brand, the new general science teacher, taught for two years in a rural school in Clay county and then for two years in the Clay City high school. Mr. Brand also taught in the South Side grade school last year. He is a graduate of Indiana State Normal School at Terre Haute and has taken graduate work in chemistry at the University of Wisconsin.

The new English teacher, Miss Elizabeth M. Kelley, is a graduate of Indiana University. She received her M. A. degree at Columbia University, and her A.B. at Western College. She taught at Elkhardt for two years.

## Last Year's Girls' Coach Caught in Cupids Snare

Mrs. Ross Moyer, formerly Miss Mildred Hadsell and girls' athletic director at South Side, will pursue her duties as a housewife instead of returning to her former position here. "Miss Hadsell" has taught here for the last two years, and her place has been filled by Miss Alice Patterson.

Strong winning teams have been produced through our former director's supervision, and Miss Patterson will no doubt continue in the same successful manner.

## 87 PUPILS MAKE JUNE HONOR ROLL

Seniors Not Included in List;  
Sophomores Ahead by Nar-  
row Margin

## FIVE SOPHS GET FIVE A's

Last June's honor roll claimed eighty-seven pupils, not including seniors. The juniors lost first rank to the sophomores by a narrow margin, the sops having thirty-six and the juniors thirty-five. The freshmen were last with twenty-six.

Fifty-seven of the students on the honor roll are girls and thirty are boys.

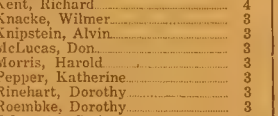

In order to make the honor roll a student is required to make at least three A's. In the case of shorthand and typing and English literature and composition one A must be made in each of the two subjects to count as one.

Virginia Danuser, Helene Feoelinger, Marguerite Schiwer, Martha Sherman and Mary Sherman, all sophomores, each made five A's.

## Matrimony Claims Cooking Instructor

Miss Mereness one of the domestic science teachers, will not return to South Side this fall. She has resigned her position in favor of marrying C. F. Horn.

The couple is now living at 433 West Gilman street, Madison, Wisconsin.

## Former Students Return

Katherine Hoffman has returned to school after a year and a half of absence on account of illness.

Lela Daugherty, who has been out of school for a year, is also returning.

## Out-of-Town People Entering South Side

Two Are Freshmen, Three Sophomores, Three Juniors; Three Are From City

Quite a few students from out of town are coming to South Side this year. Two will enter as freshmen, three as sophomores and three as juniors. In addition to these one junior and three sophomores from other schools in Fort Wayne are coming here.

Those entering the first year class are Vaughn French from Bluffton, Ohio, Byron Webb from Warsaw, LaVerne Harader from Defiance County, Ohio.

The sophomores just entering are Virginia Hodges and Lura Webb from Warsaw, Ethel McCarl from Wells-ville, Ohio, Wilma Jeffrey from Central, Eugene Smith, who attended Central several years ago, and Loreta Acker, who took her freshman year at South Side but has been going to the Fort Wayne Art school for several years.

Charlotte Scott from Crestline, Ohio, Martin Goslin from Central high school, Oklahoma City, and Albert Simminger from the Luther Institute in this city are entering as juniors.

## School Dolled Up For Fourth Year

Seven Custodians Spend All  
Summer Working on Build-  
ings and Grounds

"Seven men worked steadily all summer on the improvements in and about this school," states Mr. Stahl, custodian of South Side.

Tennis courts in the stadium have been cleaned and are ready for use. The baseball diamond has been harrowed and resown with sixty pounds of grass seed. From time to time the grass in the rest of the stadium has been mowed and sprinkled. The rails on the stadium walls have been repainted, and barricades of boiler iron have replaced the old wooden barriers.

Flowers are now growing in the urns in front of the north and south entrances and the three portables have been removed from the south side of the building.

All tin and iron works on the roof have been painted and the roof itself has been repaired.

The walls of Room S, the entrances to the gym, the Physical Directors' rooms, the walls immediately behind the drinking fountains, the window frames and the cafeteria cupboards have been repainted.

Mr. Gilbert has shellacked and varnished the gym floor. The floors of the offices, the teachers' restrooms, the library, the dispensary, the locker rooms, the physics and chemistry rooms, the cafeteria, the kitchen, the rooms of the Physical Directors and the corridors and inclines have been varnished. The floors in the shower rooms and lavatories have been repainted and they, together with all radiators, have been rebored.

Four extra radiators for the southern part of the building and high school equipment for eight more rooms have been received and will be put in.

All broken glass has been replaced and the drinking fountains and the broken catchers and rods on the windows have been repaired.

The furniture, shelves and books in the library and all lockers have been cleaned. Electric light bulbs and shades and skylights have been washed. The halls have been dusted and washed, all desks have been washed and polished and classroom floors have been oil mopped.

## RULES FOR NEW PUPILS

1. All slips for absence are issued in Room S. Tardy pupils will report to Office for admission slips.
2. An excuse for all absence stating time and reason is required on return to school. Only sickness is excused absence.
3. Failure to return absence slips the same day issued, means remaining ninth period the following day.
4. Tardiness is not excused.
5. All pupils are required to be in their seats at ringing of second bell.
6. Slips are not issued for lockers during study periods.
7. Permission to use library during study periods is given to all. Pass between ringing of bells.
8. Failure to sign slip in library with correct seat number for the period forfeits a use of the library for two days.
9. All study periods except those marked excused must have seat assignments in Room S.
10. All talk ceases at ringing of second bell.

## ROOMS ASSIGNED BY DEPARTMENTS

English Section Occupies Large-  
est Number of Rooms While  
Mathematics Require Eight

## DIRECTORY IS CHANGED

Rooms throughout the building have been allotted as much as possible according to departments. Each department has its special section of school. The history teachers will have Rooms 6, 8, 10, 12 and 142. English will be taught in Rooms 56, 58, 60, 62, 64, 66, 68, 70, 72 and 140. French rooms will be 90 and 92, while Spanish will be taught in 82 and 90.

Latin students will occupy 30, 32, 34 and 36, but the mathematics department will be scattered over the building, having Rooms 16, 52, 54, 80, 94, 138 and 146. The commercial department will have 22, 24, 26 and 28.

Science will be taught in Rooms 2, 4, 14, 76, 81, 96 and 98. The reason for the scattering of the science rooms is that the physical geography laboratory is at one end of the building while the botanical laboratory is at the other end. Physics and chemical laboratories are in the center of the building.

Manual training will be taught in Rooms 43, 44, 46 and 50, while the domestic science rooms are 75, 79 and 85.

Several changes have been made this year in the teachers' directory, since for the first time the entire building is occupied by the high school. This is the directory for the coming year:

## BOOK SALE

Books will go on sale immediately after the eight short periods this morning. For today certain text-books have been assigned to special rooms but tomorrow the book store in the middle hall will be opened. Mr. Parks is again in charge of the book store.

## Cafeteria to Begin Serving Tomorrow

Under the management of Mrs. F. Hoham, formerly Miss Elma Dixon, the cafeteria will open Thursday noon to the pupils of South Side.

"We will try to give the pupils the best meals possible at a low price," stated Mrs. Hoham.

A new laundry, located under the cafeteria on the first floor, is an improvement to the cafeteria. Stationary tubs, a gas dryer, and a mangle are some of the features of this laundry.

About twenty-five girls will be needed to help with the meals every day, or about eight each period. Any one desiring to work in the cafeteria should see Mrs. Hoham Wednesday morning.

## TIMES CAMPAIGN LAUNCHED TODAY

Subscription Drive to Last Till  
All South Siders Own  
Paper

## AGENTS PICKED MONDAY

Any one wishing to subscribe for the Times today or at any time before room agents are appointed may bring his money to Miss Harvey in Room 20.

Alumni may mail or send in their subscriptions at any time.

"Subscriptions for the Times will be solicited from today on until every room is one hundred per cent. Room agents will be appointed by next Monday but the campaign begins immediately," declares Thelma Gasser, circulation manager of the Times.

Papers will be distributed each Thursday morning at the end of the first period class. The subscription price is 75 cents for each semester. This includes special Halloween, Thanksgiving and Christmas issues. Altogether there will be seventeen papers this semester.

## Eight Varsity Men Entering Colleges

Several athletes from last year's graduating class are entering college this fall. They will study at Purdue, Indiana University, Butler, Northwestern and Oberlin.

Tom Staley, an all-around athlete, has prospects of winning the Griffin scholarship and going to Yale. Otherwise his plans are made for Purdue. Edward Rahe, football player and captain of the track team, and Bill Thiele are sure about entering Purdue.

Edwin Clapham and Ward Dildine both of the track team, are going to Indiana University.

Robert Hanna, member of the football team and yell leader for several years, has registered at Butler College at Indianapolis.

George Wyss, guard on the basketball varsity, is entering North-western, and Arthur Martin, center on the football varsity, is going to Oberlin.

## Times Room Looks Like Real Newspaper Office

Room 20 boasts several much-needed improvements. The manual training department has made a "cut" cabinet containing forty drawers, in which will be placed all cuts used in the Times and Totem.

A circular copy desk and a newspaper rack have also been made. A steel file has been purchased which contains a safe and some drawers.

A telephone is being installed which will be available for newspaper work only.

## NAMES OF 9B's PRINTED

Additions Are About One Hun-  
dred Greater Than Loss of  
Seniors Last June

Approximately two hundred and sixty 9 B's have been enrolled this semester from the different grade schools of this city and from other cities.

Hoagland school claims eighty-four while South Side grade school comes second with seventy. James H. Smart school sends forty-nine, Jefferson our, Harmar two, Bloomingdale one, Immanuel Lutheran school seventeen, Zion Lutheran school sixteen, St. John's Lutheran three, St. Patrick's Catholic one, Sacred Heart Academy one, Waynedale five, Yoder one, Poe one, Rome City one, Philley's school two, and Pleasant Township one.

The new freshmen from out of town are Vaughn French from Bluffton, Ind., LaVerne Harader from Denance county, Ohio, Alice LaVon Parr, Jackson schools, Adams county, Ind.

LIST OF FRESHMEN  
The following freshmen have been enrolled: Robert Adams, John Agnew, James Anderson, Evelyn Angvine, Minerva Ansara, Jeanette Appel, Virginia Asher, Marie Auer, Alf Baade, Mary Badertscher, Geraldine Baker, Thelma Baxter, Elsie Beal, Mildred Bieberstein, Violet Becker, Walter Bockman, Lillian Beeler, Ruth

## LIST FIVE VACATIONS ON YEAR'S CALENDAR

Students to Have Twenty-one Days  
Off; Nine-Day Recess at Christ-  
mas Provided

OFFICIAL CALENDAR
September 9, 1925—First term begins.
October 21, 22 and 23, 1925—Indiana State Teachers' Association convention.
November 26 and 27, 1925—Thanksgiving.
December 24, January 1 (inclusive)—Christmas.
January 22, 1926—First term ends.
January 25, 1926—Second term begins.
March 29, April 2 (inclusive)—Spring vacation.
June 11, 1926—End of second term.

There will be a total of twenty-one days of vacation during the coming school year. The Christmas vacation of nine days is the longest.

The Indiana State Teachers' Association convention, October 21, 22 and 23, will afford the first vacation. The two-day Thanksgiving vacation, November 26 and 27, is the next. The nine-day vacation at Christmas time will give everyone time to recuperate from the effects of holiday feasting.

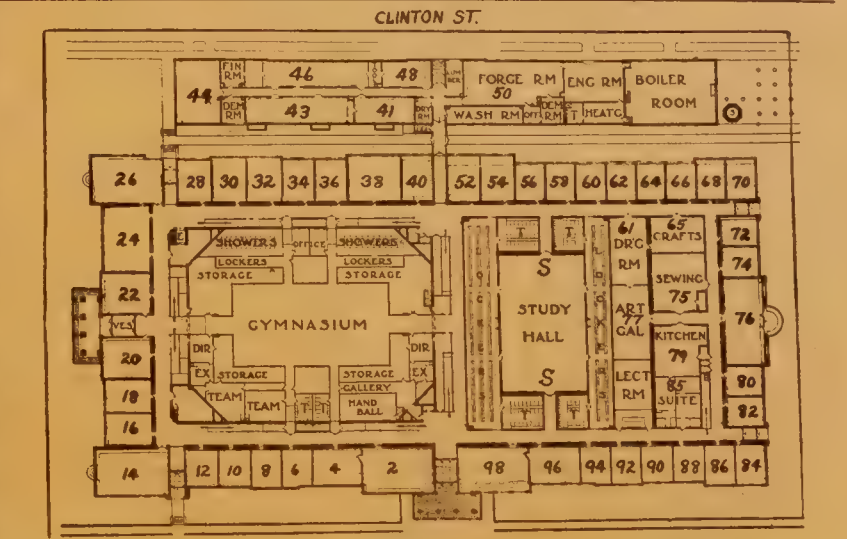

There will also be a two-day recess between terms. The first term ends January 22, and the second begins January 25.

The spring vacation of five days begins March 29. This is the last "time out" until the end of the second term, June 11.

## Times Picnic

All old members of the Times staff who will work on the paper this year and who wish to go on the picnic are asked to report to Room 20 immediately after the eighth period today in order to make arrangements. All Times staff alumni are invited.

## Map of South Side High School

To avoid losing any of our 250 freshmen, the Times has reproduced a guide to the building. The plan for the second floor is not given. The office is located over the Calhoun street-entrance and the cafeteria is over the north entrance.

## WHEN A FRESHMAN NEEDS A FRIEND

When you see a bashful Freshman  
Standing wistfully in the hall,  
With his quaking knees turned inward  
And his faults observed by all.

Juniors, Seniors, then remember  
As your busy way you wend,  
'Tis the time above all others  
When a Freshman needs a friend.

Through the hall he meekly passes,  
Laden down with all his books;  
Then he spies a giggling Junior  
Eyeing him with curious looks.

Thinks he, "Why am I so different?  
Will my troubles never end?"  
This indeed is just the moment  
When a Freshman needs a friend.

Worst of all when laughing Seniors  
Gleefully the Freshman roast,  
Giving to his squeaky footgear  
Many a long and merry toast.

Then indeed the Freshman suddenly  
Seeks his ignorant ways to mend;  
'Tis for him the time most truly  
When a Freshman needs a friend.

## TO THE FRESHMEN

"You're just our size and complexion,  
And you're going in our direction,  
So if you have no objection,  
We'll take you under our protection."

Only 178 more days of school!

A good start will mean a lot. Get it today.

Vacation is glorious, but "Oh, Boy!" it's good  
to be back to school.

Yea varsity! Show the alumni that we're  
still producing flashy gridders.

Glad to see you again, faculty and students.  
Hope you all had the best vacation ever.

Watch out, sophomores!—They may be green  
but the green things are what put us all in the  
shade.

Do something! If conditions do not suit you,  
change them. Changes are not made by wish-  
ing. The desire for something different may be  
the incentive, but it is the doing which accom-  
plishes great things.

"History repeats itself." Since we are all  
creatures of habit and the makers of our histo-  
ries, this is regarded as a great myth. Train  
yourself to follow good habits, have good  
thoughts, and to see good things. We will then  
have good histories.

To some people ambition is the breath of life,  
and when we look from them to the poor, bewil-  
dered creatures leading purposeless lives, we  
are convinced that ambition is necessary to  
beautiful and complete living. Determine your  
ambition and be tireless in your search for op-  
portunities. Happiness is to be found in well-  
earned fulfillment of worth-while ambitions.

Members of the 1925 graduating class who  
are entering college this fall are almost double  
those who entered from the 1924 class. Of that  
class there are thirty-five who are now attend-  
ing colleges while there are sixty-five of last  
year's graduates who have already registered.  
It is with curious interest that we note that in  
the 1924 group twenty-two are girls and thir-  
teen are boys and in this year's group there are  
thirty-three girls and thirty-two boys.

The last issue of the Times, published last  
June, had on the front page a list of important  
events that occurred from 1924-1925. At the  
top of this list, which was three columns wide  
and almost as long as the paper, was printed,  
"South Side's Year."

Of course, the school did have an outstanding  
record last year, but in many ways we should  
be able to make it more outstanding. One big  
reason for this is the increase in enrollment.  
Each South Sider represents one chance of suc-  
cess, so, logically, if we have more South Siders  
we have that many more chances.

There is plenty room for improvement over  
last year. In athletics we could get ahead by  
winning more games. In various contests where  
last year we probably won second or third place  
we could possibly get first place. But to accom-  
plish this, everyone in the school would have to  
co-operate and make himself personally respon-  
sible in trying for higher honors.

Let's help to make the year 1925-1926 a big-  
ger year for South Side than ever before.

# SOUTHERN SPICE

"The enemy have met us and we are theirs," said the  
freshie after his first day at school.

## ODE TO A FROSH

A Freshman was wrecked on an African coast,  
Where a cannibal monarch held sway,  
They seized him and served him on slices of toast  
On the eve of that very same day.  
But the vengeance of heaven followed close on the act  
And before the next morning was seen,  
With cholera morbus the whole tribe was attacked,  
For the Freshman was terribly green.

## SURE RESULTS

For the guidance and assistance of the freshmen, the  
following excuses for absences are printed. Miss Chapin  
always accepts them. In fact, she knows them so well  
that all you have to do is to refer to them by number.  
Clip these and paste them on page 1 of your notebook.  
Here they are:

1. I worked so hard on my geometry that I sprained  
my brain and had to have it put in a plaster cast.
2. My doctor told me to reduce so I stayed home and  
rolled on the floor all day.
3. My cat had the whooping cough and I had to take  
care of it.
4. I ate so much for breakfast that my pants burst  
and I couldn't come to school as my other suit was at the  
cleaner's.
5. One of my roller skates had a puncture and had to

## CLOCK DIDN'T STOP

Hickory, dickory, dock,  
The mouse ran up the clock;  
But hearing a scream,  
He slid down the seam,  
For the clock was designed on a sock.

Attends all football and basketball games.  
Patronizes all school functions.  
Wins political fame.  
Gets a "Carnegie Medal."  
Gains prominent social prestige.  
Gets the "Nobel Prize."

## PREPARATION

"Explain what you did in preparation for working the

"I sharpened my pencil."  
Freshmen are therefore advised always to carry a  
sharpened pencil with them. It pleases the teachers  
when pupils show such interest and hard work before  
coming to class.

Went ahead

## HAIL! HAIL! THE GANG!

Bobbed hair to the right of us,  
Bobbed hair to the left of us,  
Tresses assundered.  
Some with a heavy crop,  
Some with a light crop,  
Into the barber shop  
Walked the bobbed hundred.  
Women of high degree,  
Women of fifty-three,  
Determined that they should be  
One of the numbered.  
Women of every class,  
Mother, daughter, little lass,  
Sweetheart, sister join the mass  
Of the bobbed hundred.  
Some with bangs, some without,  
Some are shingled round about,  
Some in curls, some in doubt.  
In case they floundered,  
Some of them do look swell,  
Some of them do look like—well  
It's sometimes not just nice to tell  
How looked the bobbed hundred.

## HAI! HAI! HE LAFFED

"Now, I've had my revenge," said one assistant in the  
bookshop to a colleague, as the customer left the store.  
"Revenge! How?"  
"Well, the girl who just went out is a telephone opera-  
tor, and I just gave her the wrong number."

## OUR FRESHIE BOY

Blessings on thee, little boy,  
Freshie small in corduroy—  
On thy arm are heavy books,  
On thy face sereneest looks,  
With the green-ness, greener more  
When you entered first the door;  
With the sadness in your heart  
When from books you must depart;  
From my heart I give you joy—  
I was once a freshie boy.  
Prince thou art—the grown-up senior  
Only has to work the harder.  
Let the senior sit and quack,  
Freshie, sitting in the back,  
Thou hast more than he can buy—  
Out of reach of teacher's eye.  
Outward green-ness, inward joy—  
Blessings on thee, freshie boy.

## NOTE-IFIED

There was a little girl  
And she had a little smile;  
She sent it to a little boy  
Across a little aisle.  
He wrote a little note,  
But he made a little slip,

On a little office trip.

## COME ON IN--SCHOOLS FINE

Have you thought of school as limiting your pleasures and  
confining your attention to irksome duties? If so, the reminder  
that we receive good from things only in proportion to the good  
which we put into it, ought to be timely. The season for the  
"Ole swimmin' hole" is ended and it is now time to get in the  
swim at school. Let us try to make the coming year true "Dear  
old Golden Rule days" by welcoming the new students with all  
the graciousness of which we are capable and by all our action  
proving that "The school's fine."

## The Principal Says---

South Side welcomes you new students.  
You will meet teachers and fellow students who are courteous  
and obliging.  
We believe you are fortunate to have South Side as your  
high school.  
This is your school now and forever. You can make it better  
and finer.

## Open Letters

To the Editor:  
Say, isn't it queer how folks are al-  
ways changing their minds? Two  
weeks ago I was so blue that I had  
desperate thoughts of entering a cir-  
cus as "The Indigo Man," and as the  
first day of school came nearer and  
nearer, I gazed at those menacing  
hands—it's the clock's hands I'm talk-  
ing about—with decided symptoms of  
blank despair. It's the truth, I didn't  
have any peace at all. My naturally  
sunny countenance assumed such  
an astonishing dark expression that  
the lightning bugs followed me  
around in the day time.

Well, this state of affairs contin-  
ued 'til not only mine but the nerves  
of all my fond relation were precari-  
ously balanced on edge and every mo-  
ment it was feared that spontaneous  
combustion would burst out.

At last I decided I would go take  
a look at my enemy. Meet it face to  
face, you understand. I pulled myself  
together—not that I was falling  
apart, but then, you know—and  
walked down Calhoun street with a  
determined air. As I neared the high  
school I was surprised to find myself  
whistling our school song with that  
carefree air that poets are always  
poeting about. My whistle attracted  
the attention of two of my friends  
across the street who were bound for  
the same destination as myself, and it  
wasn't so long 'til we had the events  
and results of the whole school year  
named and decided upon to our com-  
plete satisfaction.  
In giving my reason for this lengthy  
epistle, I'll just say that I heard hon-  
est confession was good for the soul,  
and sign myself,  
I'm-Glad-To-Get-Back.

## I Am A Nut

Hello—I guess you remember me.  
I went to school here last year. I'm  
the guy that was always borrowing  
paper and pencils when I needed them  
for class. It never puts me out any  
to ask for things like that. I'm used  
to doing it. Maybe you don't know  
it but I never intend to pay back the  
things I borrowed. I guess I don't  
have to because I'm a privileged char-  
acter. I believe the teachers would  
almost loan me their heads if they  
thought it would do me any good.  
Now that I've told you what I'm like,  
I suppose I'll have to hunt around for  
some more suckers from whom I can  
borrow things. Well—so long!

# **VARSIY-ALUMNI GAME SATURDAY**

## **FORMER GRIDDERS WILL MEET GREEN IN INITIAL GAME**

Ex-Stars Expected to Furnish Welborn's Men Plenty of Opposition

### **GILBERT COACHING GRADS**

Coach Welborn Predicts Winning Team; Says Both Line and Backfield Will Be Strong

For the first time in South Side football history, the Alumni and Varsity eleven will meet on the gridiron. The date set for the contest is next Saturday, September 12.

The cream of former Green and White teams will represent the Alumni. Ex-Captain Aldrich, Fromuth, the triple threat fullback of 1922 and 1923; Currie, who stepped into Fromuth's shoes last season; Louis Norris, all-city center; Brubaker and Thiele, both flashy wingmen; Parker and Staley, old time quarters, and Wilkens, Plasterer, Rahe, Jurgensen, Martin and Shafer, all stars in their day, will make up a crew that promises to furnish the Varsity plenty of opposition.

The Varsity has been practicing steadily for the past two weeks and has already rounded into a smooth running machine.

Welborn is taking no chances on the game, for he realizes that it will take a fast, hard-hitting team to defeat the Alumni aggregation, but he states, "I look for Richendollar, Lighthill, Nulf, McCormick and Welsh to round out a backfield that will be hard to beat. With Captain Rahe, Sprunger, DeHaven, Schopf, Kingsley, Barbier and Lombard to form a nucleus, our line ought to be as strong as last year's and I think our chances of having a winning team are very bright."

## **Rivalry is Keen for Places on Football Team**

Squad of Sixty Candidates Expected; Practice Has Been Held Since Aug. 31

### **Good Schedule Lined Up**

Muncie and Bloomington Are New Attractions; Tech of Indianapolis, and Central Play

About thirty candidates answered Lundy Welborn's call for the initial football practice August 31. Thirty or more are expected to come out now that school has started.

Coach Welborn has been sending his charges through a very hard workout both morning and evening for the past week in preparation for the Alumni game next Saturday.

The Green and White gridders, although handicapped by the loss of such stars as Aldrich, Brubaker, Currie, Staley and a host of others will have one of the fastest teams in the state this year and expect to go far toward annexing the state title.

The veterans who return this fall will be headed by Captain P. Rahe, one of the team's most consistent linemen. "Hooch" Welsh will be back and Lighthill is expected to be one of the chief point-getters with his flashy running.

McCormick also is expected to see much service back of the line, while Wiener will be stationed at end where he showed much promise last season.

"Nobs" Schopf, veteran linesman, will be back at his old position while the opposite side of the line will be protected by DeHaven, another veteran. Nulf will assist Welsh at quarterback, with Rastetter in reserve.

After considering the fact that South Side has lost eleven players by graduation, the prospects look very rosy for the coming season. With the above mentioned players as a nucleus Coach Welborn expects to build a team that will continue to win as consistently as has any team in the past three years of the school's existence.

South Side will have the hardest schedule is the Alumni, who will meet such teams as the Muncie Bear Cats, Indianapolis Tech and Bloomington, Muncie and Bloomington being newcomers on the Green and White schedule. Muncie is one of the strongest teams in the state and is always a contender for the state title. Indianapolis Tech, an old rival, will again meet the Wellbornites. Tech always has a strong team and South Side triumphed last year by the scant margin of two points. Not much is known of Bloomington but a hard fight is expected.

Another new opponent on the schedule are the Alumni, who will furnish the opposition next Saturday. This game seems to be one of the Kolby Klads' hardest, as the Alumni line-up will be composed of such stars as Fromuth, Aldrich, Brubaker, Currie, Parker, Jurgensen, E. Rahe, Norris, and a host of other former players.

Garrett and Peru, always dangerous, also will be on the Green and White card, while the annual battle with Central is a climax to the best schedule that has ever been played.

Mr. Greeley announces that single admission prices to all games will be 50 cents, while season tickets are being sold at \$1.50. Every student is urged to purchase a season ticket, as he will save money by doing so.

MEET YOUR FRIENDS AT KREUDER'S.

## **Ties For State Championship**

Coach Gilbert

State Champion Baseball Team

By virtue of its victory over South Side in the final game of a two-game series, South Bend now shares the state baseball championship with the Kelly Klads. The game was played at South Bend.

The first game, played at the stadium, was a very hectic encounter, the Green and White team apparently having the game on ice, when the up-staters' offensive broke loose and South Bend scored six runs in the last inning to go into the lead. South Side finally triumphed over the Benders by staging a thrilling rally in their time at bat.

The game at South Bend was also a thriller, both teams hitting the ball hard. The South Bend team had the edge on the Green and White hitters, and eventually won by a small margin.

## **Green Monopolize City Tennis Titles**

South Siders Win All Four Singles Tournaments; Also Share in Doubles Victories

South Side won distinction in tennis circles this summer when several of her students emerged champions from the city tournaments. The boys' and the juniors' and the girls' and the juniors' singles titles were won by South Siders. Other South Siders were also on the winning doubles teams.

Roland Smith, class of '25, upset the dope bucket when he defeated Willson in the semi-finals of the junior tournament of the city and eventually won the title in a hard-fought match from Joe Herr. Jimmy Willson had won the junior title for two consecutive years before being beaten by Smith.

South Side can also claim another title holder in the personage of Ad Grodrian, who triumphed in the boys' division for the last two years. He was also the star of the doubles tournament and, pairing off with Knacke, was the main factor in winning that title.

Three South Siders were among the finalists of the doubles tourney. Bob Mooney, with Herr as his partner, won the junior doubles from Bill Rastetter and George Dierstein. Joe Herr attends Central Catholic High.

Maxine Schmieder and Wilma Kronmiller, both of South Side, won the junior and girls' tournament. The Maxine Schmieder-Veda Stevens pair took the doubles title.

Howdy, everybody! Well, here we are again, safe and sound, after having a delightful cruise on the good ship "Vacation." We don't feel a bit sea-sick. (Ship Ahoy! Here we come!)

Well, (I am requested to supply enough wells in Sports Shorts so that there won't be any dryness or water shortage in the Times) to start with, as I gaze into the vast and varied spaces I can see the football squad toiling under a boiling sun where it is 90 degrees in the shade. Atta fight, team!

Metinks if those fellows have the spunk and the school spirit to work like they are doing, the rest of the school ought to be able to spend a little time and money watching them show their wares (not underclothing) and give them a little encouragement or, in plain words SUPPORT THE TEAM! How about it, gang?

We now have two more loyal supporters for the Green. Congratulations, Ward!

The Kelly Klads have the hardest football schedule since the school has been in existence and will have to fight for every point they get.

But Sport Shorts expects and hopes, to see the school turn out for the first game enmasse and YELL!!!

## PURPLE OF BLOOMINGTON TO CLASH WITH GREEN SATURDAY

SUBSCRIPTION DRIVE  
PROGRESSES FAST  
THE FIRST WEEK

Times Gets About One Hundred Payments a Day at First; Will Continue Indefinitely

W. BEETH SECURES MOST  
Has 88 Percent Room; Lucille Long Is First Subscriber of Fall Term

"A hundred subscriptions per day was the average of the opening week of the Times campaign," stated Thelma Gasser, circulation manager. "However there is still much to be gained and the campaign will last until every room is 100 per cent."

If one person in a family subscribes, the subscription counts for all other members of the family attending school. That is, it will count on the percentage of the room but only one will receive the Times.

The following were the leading agents when the Times went to press:

Teacher	Agent	Pct
Murch	Beeth	88%
Chappell	Crates	69%
Voorhees	Beeth	65%
Null	Kohlmeier	61%
Schmalzried	Egan	57%
Burns	Wescher	49%
Work	Burt	45%
Park	Parker	33%
Harvey	Johnson	31%
Fiedler	Prine	31%
Crowe	Wilson	30%

Lucille Long, a freshman, was the first one to subscribe for the Times this fall. She is in room 30 and so far holds the distinction of being the only subscriber in the room.

LIT SOCIETY INSTALLS  
SEMESTER'S OFFICERS

President and Staff "Sworn In"; Wiener Bake at Foster Park Announced for Next Meeting

New officers were installed at the first meeting of the Philaethian Literary society. They are: Dorothy Summers, president; Elvah Miller, vice president; Kathryn Chapman, secretary; Beatrice Riecke, treasurer; Jeanette Stults, chairman of program committee; Maxine Schmieder, sergeant-at-arms.

Elvah Miller was elected yell leader of the club, and the new yells were practiced at the meeting.

Plans for a Wiener bake to be held at Foster Park Monday, September 28, are being made.

South Side Tennis Fans  
May Hold Tournaments Soon

Though no definite plans for tennis tournaments have been made, it is probable that tournaments for boys and girls will be held early this fall.

New Teachers Give  
South Side Praise

All the new teachers seem to have about the same opinion in regard to the school. Miss Kelly and Miss Schmidt said that they thought the pupils were so orderly and they both declared that they liked the school very well.

Miss Spake was especially pleased with the teachers. "The pupils are so considerate and interested in their work," said Miss Pope.

"The building seemed very large when I first came," stated Mr. Brand, "but I am used to it now."

Plentiful Changes Take Place  
In Room 20 During Summer

Inkwell, Telephone, File Cabinet, and Copy Table Make a Real Newspaper Office; Equipment, Made by Manual Training Teachers, is Pleasant Surprise to Staff.

Day by day in every way—the Times room looks more and more like a real newspaper office. Gradually new things are introduced, such as inkwells, telephone, file cabinets, etc. After a three months' vacation it was a surprise to the Times staff to find a news rack, a copy table and a cut cabinet besides the other equipment ready for use when the first issue of this semester's Times was started.

And where was this office furniture made? Well, it was made in our manual training department by Mr. Spaulding and Mr. Russell. The original was given at the close of school last spring by Miss Harvey, to be "dedicated" by the time school opened.

This was not the only order to be filled by the manual training teachers, for they were to make fifty art tables for the art department. But as a proof that teachers finish their assignments on time as well as demand them on time, the furniture was completed two weeks before school again started.

Now to make the "home-made" equipment seem more interesting, a description seems quite necessary.

The news rack is a standard, arranged to hang newspapers. Each

Another Teacher Added  
To South Side Faculty

Among the new teachers added to the faculty of this school, is Miss Spake. Miss Spake has two classes of domestic science and a class of sewing. She is a graduate of Purdue University and has had several years' experience in the Hoagland school.

Miss Paxton, who filled this position last year, is not teaching this year.

TIGERS TO MEET  
BLUFFTON ELEVEN

Central, With Many Veterans Back in Line-Up, Is Confident of an Easy Victory

By the present indications it appears that the Central Tigers will not have a very hard task in defeating Bluffton, with whom they clash next Friday at Bluffton in their first game this season.

Since Central has almost a veteran team back, she is confident of an easy victory over the Blufftonites. The Blue has defeated Bluffton for five consecutive years.

A great deal of interest has been aroused in the Tigers' camp, due to the fact that a true running mate for Baker has been found. Billingsley is his name and he hails from Mississippi. He will hold down the other half back position opposite Baker, while Ramsey, stellar line plunger, will occupy the berth at full back.

Steigler is scheduled to start at quarterback, thus completing one of the most well-balanced backfields that the up-town school has ever had. Jasper is playing his third year for the Tigers at end and is expected to be one of the outstanding players of the year. Wiener will play left tackle, while Bond will start at left guard.

Szink, due to ineptitude, was unable to play last year, but is now a large factor in the defense, holding down the job at center. Weber is another husky guard who is expected to cause considerable trouble for his opponents. O'Connell will start at tackle and Hockemeyer, another veteran, will take his place at the right end of the line. This is the probable line-up when the Tigers start their first grizzly battle.

With this husky team and many good men in reserve, Coach Billingsley expects to go far into the win column before his proteges meet defeat. The Blue is anticipating heavily a victory over the Kelly Klads.

SEVENTEEN FRESHMEN  
ARE OUT-OF-TOWNERS

Come From Eight States in the Union; Six Are Indiana Folks

Seventeen freshmen from out of town have enrolled at South Side since last Tuesday. Six came from Indiana, four from Ohio, two from Illinois, one each from Tennessee, Wisconsin, New York, Michigan, and Oklahoma.

Those who entered are Helen Damon from Pontiac, Ill.; William Day from Lima, Ohio; Gwendolyn Deerwester from Dunkirk, Ohio; James G. Duff from Adams County, Indiana; Harry Eichholtz from Indianapolis; Ernest L. Howes from Michigan; Theodore Krudart from Milwaukee; Bernice Miller from Chicago; Philip Palmer and Richard Palmer from Lima, Ohio; Alice LaVaun Parr from Adams County, Indiana; Trevor A. Rife from Rome City, Ind.; Kenneth Rosenberger from Yoder, Ind.; Mary Shoup from Texoma, Okla.; Lucille Mary Sorg from Yoder, Ind.; Mary Wilhoite from Shelbyville, Tenn.; and Neil Waterman from Brooklyn, N. Y.

Two Alumni to Take  
Test for Scholarship

Hubert Beck, Thomas Staley, Chosen to Compete with Three Others for Griffin Award

Hubert Beck and Thomas Staley, both of the class of '25, are two of the five boys who will take the examination to decide the recipient of the Jack Merrill Griffin scholarship for Yale. Allen Lamont, of Central, and James Roy and Donald Mulhaupt, of Central Catholic High, are the other three.

The examination will be given September 21 to 24 at Chicago but hereafter try-outs will take the test in June instead of in the fall.

About twenty boys of the Twelfth congressional district applied. The five were chosen on a basis of scholarship, character and general ability.

## Are Honor Pupils

Beck and Staley both made high scholastic standings while at South Side. The latter tied for salutatorian of his class and the former was sixth highest on the four-year honor roll.

Staley showed up best in athletics while Beck was prominent in journalistic activities, having been general manager of the Times and editor of the 1925 Totem.

The award is worth about \$800 a year to the winner. It was given by William Griffin in memory of his son Jack Merrill Griffin, who was killed in an accident while a student at Yale.

DEAN OF GIRLS ENJOYS  
TOUR OF OLD COUNTRY

Miss Pittenger Spends Vacation in Europe; Visits World War Battlefields

During the summer vacation Miss Pittenger took a trip to Scotland, England, and parts of the Europe mainland.

"I enjoyed it all," Miss Pittenger said. "I enjoyed England and Scotland for their historic and literary associations and Holland for its quaintness, cleanliness, and the thrift—it was not different from my mental pictures."

"I was very enthusiastic about the beautiful scenery of Switzerland and I would like to have a long vacation there."

"It would take volumes to describe the historic places I visited in Italy. Rome and Florence were the most interesting, but I should have been sorry to have missed Venice and Sorrento."

"The day on the battlefield in France was one of the most important because it made me realize and appreciate a little more the significance of the World War."

"The best part of it all was getting home."

Miss Pittenger said that she came back a better American than she was when she went away.

U. S. A. TO SOLICIT  
MEMBERS AT BOOTH

So-Si-Y and U. S. A. to Have Joint Meeting September 17; Other Meeting Dates Announced

Booths will be placed in the hall Thursday and Friday of next week so that girls may join the U. S. A. and pay their dues for the semester.

The first meeting of U. S. A. will be a joint meeting with So-Si-Y, to be held September 17, in room 86.

Dates for U. S. A. meetings for the whole term are as follows:

September 17.  
October 1.  
October 15.  
October 29.  
November 5.  
November 26.  
December 10.  
January 14.

New Desks to Be Placed  
in Rooms in South Half

One hundred forty-four new desks have been ordered for room S, and two hundred eighty-eight tablet arm pedestals will be placed in the various rooms in the southern part of the building which will be used by high school classes this year.

League to Pick Debate  
Subjects at Meeting

The Debate League will meet in October during the time of the Northwestern Indiana Teachers' association meeting. The subjects for the four debates of this year will be selected at this time.

Hi-Y Clubs to Hold  
Summing-Up Meet

Hi-Y clubs will have a summing-up meeting at the Y camp over this weekend and a meeting of all the old members on Thursday, September 25, at the Y. M. C. A.

During this meeting the programs for the following year will be planned and on the following Thursday, October 1, the new members will be admitted.

RALPH C. WELCH  
PRESENTS BATON

Former Drum Major Leaves Token of Interest in Musical Activities

## MADE ENTIRELY BY DONOR

Ralph Welch, '25, has presented the South Side band a baton to be used by the drum major. This baton is a long, solid walnut stick wrapped in green and white cord, with white tassels, and with a four-inch silver plated ball on the end.

This ball has on the top a gold-plated S. H. S. Inside the ball is a silver bar with the inscription: "Presented to the South Side High School Band by Ralph C. Welch, '25, September, 1925."

Ralph Welch

William McMahon, the new drum major, will have the honor of initiating the presentation.

Ralph, during his high school career, was always interested in music, and belonged to the band and the orchestra for several years. He was drum major of the band last year.

College Beckons  
to Many Alumni

Sixty-eight Students of Last Year's Class to Seek Higher Education

Sixty-eight of the 165 boys and girls that graduated from South Side last year have already registered at various colleges. Thirty-six are entering Indiana schools, ten are going to Ohio, nine to Illinois, eight to Michigan, and one each to Kentucky, Missouri, Tennessee, Maryland and Massachusetts.

Nine more of the class of 1924 are starting for college this year and four of the same class are changing schools. Joe Zahrt is changing from the University of Michigan to Purdue, while Virginia Gaskins from Ferry Hall in Illinois, Eleanor Crowe from the teachers' college at Charleston, Ill., and Helen Toay Underwood from Ward Belmont, will attend Indiana University this year.

Albert Azar, Gilbert Collier, Calvin Bill, Raymond Ewell, Virgil Horn, Robert Duryee, Carl Rohrer, Edwin Rahe, King Sherman, Tom Staley, William Thiele, Ralph Welch, Stuart Windt, and Tom Wolfrom, of the class of '25, and Bob Jurgensen and Josephine Dinklage, of the class of '24, are planning to attend Purdue.

Harold Bridge, Edwin Clapham, Helen Crawford, Ward Dikine, Eliza Beth Kline, Geraldine Lower, Robert Miles, Bernice Richart, Loma Fraufenfelder, Lillian Rolf and Mary Travis, with Paul Pepper, of the '24 class, have registered at Indiana University this year.

Bertryl Merrill, Louise Rottenhorn, Rose Marie Kronmiller, Marjorie Matlack, Mary McCurdy, Mary Monroe and Edna VanTilbury have added their names to the list of students at Muncie. Arthur Sprandel will study at the Indianapolis College of Pharmacy.

Doris Speaker and Robert Hanna are entering Butler College at Indianapolis, while Kathryn Bell, Dwight Myers and Catherine Roe, of the '24 class, are going to DePauw.

The University of Michigan was chosen by three boys, Edward Hulise, William Katz and William Kleckner. Elizabeth Hart, Dorothy Cline and Annalisa Hoaglund, of '24, will set out for Michigan State Normal at Ypsilanti. Edward Cook is going to Michigan State. Helen Mitchell and Ruth Richey are also going to Michigan State Normal.

Prelina Fletcher and Helen Rastetter have registered at Lake Forest Ill. Rose Joseph and George W. W. at Northwestern, Elizabeth Newell, Dorothy Martin and Margaret Rose at Rockford College, Illinois, and Richard Porterfield and Dorothy Eymann at the University of Illinois.

Powder W. Karr is going to Ohio State, Adele Sundemo, of '24, to Oxford College, Edward Bowers to Wooster, Eleanor Church, James H. Guenard and Miles Wilkinson, of '24, to Wittenberg, Mary Ann Falk to Western College, Arthur Martin to Frances Wagner to Oberlin, Walter Trautman to Capital University, and Margaret Welsh, Lucile Grosvenor and Helen Smitley, of '24, to the State Medical Board—all colleges of Ohio.

Hubert Beck is planning on Harvard, Ethel Fishman on Goucher, Dorothy Bales on Ward Belmont, Dorothy Potts on Hamilton, Kentucky, Virginia, and George Wager on William Jewell College, Missouri.

While both Tom Staley and Hubert Beck have plans made, if either wins the Griffin scholarship, he will change to Yale.

Summer School Wins  
Praise From Officials

Forty-five Pupils Take Work; State Examination Given at End of Term

"Summer school was very successful," states Mr. Virta, mathematics instructor and principal of the summer school.

"It has been a wonderful opportunity for students who wish to graduate in three and a half years instead of four. By taking two courses in summer schools and five subjects in their senior year they can eliminate one year of high school work."

The school lasted ten weeks and had an enrollment of forty-five students from Central, South Side and St. Catherine's.

Latin, mathematics and history were taught by Mr. Rothert, Mr. Virta and Mr. Murphy. At the end of the term a state examination in each course was given.

Summer school students are very enthusiastic about it. Dorothy Emich says: "I can't praise the course at summer school high enough. I have made it possible for me to graduate in June without taking five subjects in my senior year. I am very much in favor of it."

Jane Bitter says: "I liked summer school very much. It was especially convenient because from 8 o'clock until 8:15 we recited, and then studied for forty-five minutes. After that we were through for the day, to do anything we wished."

EXTENSION DIVISION  
HAS FROSH COURSE

Credit for work Done Given By All Colleges; Most Classes Held at Night

The Indiana University Extension Course is a course whereby graduates from high school, teachers and other individuals may obtain higher education without attending college.

This course is especially advantageous for graduates from high school. It offers for the first time this year a full year teacher's training course; later this may be applied on a regular university degree.

After the freshman year at this extension university students may be taken from the sophomore and junior years; it is possible to complete two whole years' work here. Credit is given for these years at all colleges.

This course has further advantage because students can take studies in the evening, and defray expenses by working through the day. Such subjects as finance, salesmanship, English, art, and others may be taken at the Central high school in the late afternoon and in the evening as part of the extension course.

The three of our high school graduates who won awards in scholarship given by the Indiana University Extension are Frances Duckles, Dorothy Dungan, and Lucile Lapp. Other South Side alumni who have signed up are Marjorie Bell and Ruth McKee-man.

DEBATE CLUB STARTED  
BY SOUTH SIDE PUPILS

Mock Trials, Orations, Readings, Debates and Parliamentary Drills Suggested for Programs

South Siders interested in public speaking organized a debate club last Monday under the direction of Mr. Makey. Meetings will be held immediately after school every other Thursday. A name for the club has not been decided upon.

Suggestions for programs include parliamentary drill, debates, orations, readings and mock trials.

Boys and girls of all four classes are asked to come to the meeting next Thursday and see what the club is like. Details about the program will be published in next week's Times. Gertrude Schmeke, Louise Matt and Cornelia Bade make up the program committee.

No Classes Organized  
For at Least a Week

"Class officers will not be elected or at least a week," Mr. Harris stated yesterday.

Nominations for the officers will be made as usual by handing in suggestions to the office.

Pupils must be passing in at least three subjects to be eligible for nomination.

Three Hundred People  
Fed at Cafeteria Daily

Approximately three hundred people are eating in the cafeteria daily now. When cold weather begins there will probably be more.

The average cost per meal has been estimated at 18 to 20 cents.

Math-Science Has No  
Plans Made for Year

As yet no dates have been set for the meetings of the Math-Science club, and no definite plans have been made for the year.

## EARLY BIRDS

George Simon was the first person in school to subscribe for the 1925 Totem. He was closely followed by Phil Rahe, Earl Hambrick, Frank Robertson, Clarence Grenier, and Bud Beck.

Who will be next?

Phil Rahe, Frank Robertson, and George Simon have also subscribed and paid for the South Side Times for one full year.

WORKMEN EQUIP  
FOURTEEN ROOMS

Office, Cooking Room, Study Hall Art and History Rooms Receive New Articles

Fourteen rooms in the south part of the building will be used this year by the high school pupils. The arrangement of these rooms is being supervised by Mr. Greiner from Chicago. Since September 4 the men have been working on these rooms. It will be two weeks longer until there will be peaceful recitations in the rooms.

All of these rooms were fully equipped with new chairs. Room 76 has been made a sewing room and four new tables were added to it.

Beside the new equipment purchased for the additional rooms, 200 new seats were placed in Room 86, a new study hall. Eighteen more are to be added to the old study hall and four more chairs were put in Mr. Harris' office. Fifty new desks were made by Mr. Russell, of Central, and Mr. Spaulding for the art room.

Three new maps were also obtained for various history rooms.

MISS LEY WILL GIVE  
HINTS ON DRESSING

Talk by Advisor To Be the Feature at Art Club Meeting Next Monday, September 21

"Practical Hints on Dress" is the subject of the talk to be given by Miss Ley at the first Art Club meeting to be held Monday, September 21, in room 61. Art pins will also be ordered at this time.

Any sophomore, junior, or senior or girl who is interested in art is eligible for membership. Meetings are held every other Monday at 3 o'clock.

The programs in general consist of talks on art music or readings, after which the club plays games.

CABINETS OF CLUBS  
ATTEND CONFERENCE

Make Plans for Vaudeville and Rummage Sale to Pay Swimming Pool Pledge

Cabinets of the High School Girl service clubs of Fort Wayne held their annual setting-up conference at the Yarnelle last Saturday.

Plans for membership, finance, library, ring standards, committees and joint meetings were discussed.

A vaudeville and rummage sale will be held to raise money for the last third of the pledge for the swimming pool.

The girls who went from Central are Ruth Schneider, Margaret Roberts, Hazel Warning and Mildred Slater. Elizabeth Suter, Florence Kendrick, Jeanette Duryee, Katherine Pepper, Cornelia Bade, Ruth Eickmeyer, Margaret Crosbie and Marjorie Schwieler represented South Side.

Teachers, Resting From Winter Duties,  
Journey to Many Sections of Country

Some Work at Home, Some Teach School, Others Travel or Attend Summer Schools.

Various parts of the United States and the land across "the pond" attracted the teachers of South Side during vacation. Some journeyed to sunny California, some stayed at home and worked, others attended colleges, and still others taught school.

During the last three weeks of the vacation Mr. Spaulding worked in the manual training department at Central. With the help of Mr. Schell-schmidt, he constructed the new cabinets and tables in the Times room and also made fifty new art desks for Miss Ley.

Mr. Schellschmidt enjoyed the first part of the summer vacation in Chicago. He then visited his parents at Lake Tippecanoe.

Mr. Hull rested for two weeks of his vacation. He then attended the N. E. A. at Indianapolis. Later he spent two enjoyable weeks at the lake. The rest of the vacation was passed in doing necessary work around his new home on Cornell Circle.

Reading, eating, and sleeping was the daily routine for Mr. Voorhees during vacation. He visited in the historic town of Brookville for two weeks.

PLAY IN STADIUM;  
NEWCOMERS LED  
BY CLEVER COACH

Johnson, a Former Indiana University Track and Foot Star, is Bloomington Mentor

## KELLY SQUAD IS READY

No Injuries Suffered in Alumni Game; Long Drills Held Daily in Stadium

Bloomington, who will furnish the opposition Saturday, comes highly touted and ready to give the Green and White eleven a real battle. The teams will kick off at 2:30 in the stadium. Not much of Bloomington's football strength is known here but a genuine fight is in store.

Mr. Gilbert said Coach Johnson of Bloomington was on the Indiana University track and football team. Ward states that if Johnson coaches like he plays, his team is liable to throw a good scare into the Green.

No one was injured in the Alumni game, so all the regulars will be on hand. The line-up for the Bloomington game will probably be the same as the line-up started against the Alumni last Saturday.

Coach Welborn is sending the Green through strenuous practice sessions, in order to cover up the weak spots shown in the Alumni game. The Green and White warriors practice every night until 5:30 or 6 o'clock. Usually the following practicing order is used by Coach Lundy Welborn:

He starts out by allowing ten minutes for limbering up, passing, punting and so on. Then comes the 50-yard dash for speed, so that he may get the fastest back field men. Then comes signal practice in regular formation for about 30 minutes.

After this comes the scrimmage. This lasts for about an hour. By sending the Green through these regular practice sessions every day he hopes to have a well rounded team for the Bloomington game.

Tonight at 7:30 the players will report to school at Mr. Welborn's office to receive a few hours of skull drill. Lundy Welborn means business, and he is sure if the student body comes to the game and "roots" for South Side, the Green will be holding the big end of the score at the end of the game.

'MISS HADSELL' GOES  
TO CAMBRIDGE HOME

Spends Some Time in Boston; Sends Times Subscription for Year to Miss Harvey

Information was received here recently via letter, that Mrs. Ross Moyer, formerly Miss Mildred Hadsell, and her husband have moved to "Boston" as she puts it, and will soon be permanently established in the business of housekeeping in Cambridge.

She says in a letter to Miss Harvey, "We're enjoying the cod-fish, swordfish, lobster, and grand baked beans. You know I never ate baked beans before that would melt in my mouth, but these do."

Mrs. Moyer is sending in her subscription for the Times for a year, and says she would love to "run in and see everyone."

## Employed at Dudlo

Charlie Brubaker, captain of the 1925 basketball team, is now working in the winding department of the Dudlo Manufacturing corporation.

These freshmen look like a pretty able lot. Here's hoping they never raise Cain!

Time and tide wait for no man, yet the expression, "Wait a minute," continues.

Walk down the inclines and see the school. Run down the inclines and see the office.

"Man wants but little here below," but he wants that little cooked. Judging from the eager rush for the cafeteria, it would seem that some people want it very much indeed.

Don't rely wholly on your teachers and textbooks. Don't content yourself with pictures when you can see the original. Teachers and textbooks are good as guides, but not as substitutes for thinking.—Piedmont Highlander.

Are you interested in debating? The Debate club, organized this week, is a very interesting society. If you care for any phase of public speaking, you would like this club, and since it is not conducted as a class for credit, there is "neither the fear nor the joy of receiving a grade!"

The school paper and all its advantages would be practically an impossibility if it were not for the business houses that advertise in its columns. If we consider the school paper as being of any value to us, surely we will be glad to patronize these firms whenever possible—and we might mention the advertisement that induced us to buy there.

Up until Monday evening Mr. Greeley announced that only 236 season football tickets have been sold. This is very, very poor for a school the size of South Side. Mr. Greeley had 600 tickets printed and still has a lot more to sell.

Is this all the support we are going to give the team? Two hundred and thirty-six out of 1,230 pupils have purchased season tickets.

A single admission is 50 cents. For five games that would be \$2.50. Why not get a season ticket for \$1.50? You may get your tickets from Mr. Greeley in Room 94.

A very wise man once said, "Wisdom is like the seven league boots which would fit the giant or the dwarf except only that the dwarf cannot take the same stride in them." Everyone is journeying a long, sometimes tiresome, road, and seven-league boots as an aid towards reaching the goal are much in demand. In our life at South Side high school, the goal is graduation, and the giants are those who appear to have an advantage because of some special knowledge or talent. Though it may seem impossible at the present time for the dwarfs to ever, ever equal the giant's pace, there is the consolation that wisdom is to be gained by patient effort, and, in time, both will reach the same goal.

Now that we are comfortably settled and accustomed to the routine of school duties, it is time to take notice of some other features of school life. In last week's issue of the Times there was published a directory of the school clubs. Looking over this list, we would surely find some organization which appealed to us. Membership in one of them would not only enlarge our circles of friends, but would really be a help in understanding some phases of this school of which we are a part. They are complementary to the courses in the curriculum and have the approval and co-operation of faculty members. Pupils who understand conditions, will not refuse to participate in these activities because they place their studies first in consideration. Of course, lessons should never be neglected, but if we are moderate in extra-curricular activities and make judicious use of our time, there need never be any dissatisfaction on that score.

## A Mite of Verse

Rondel for September

I.  
You thought it was a falling leaf we heard;  
I knew it was the Summer's gypsy feet;  
A sound so reticent it scarcely stirred  
The ear so still a message to repeat,  
'I go, and lo, I make my going sweet.'  
What wonder you should miss so soft a word?  
You thought it was a falling leaf we heard;  
I knew it was the Summer's gypsy feet.

II.  
With slender torches for her service meet  
The golden-rod is coming; soft slurred  
Mid-summer noises take a note replete  
With hint of charge; who told the  
mocking bird?  
I knew it was the Summer's gypsy feet.  
You thought it was a falling leaf we heard.  
—Karle Wilson Baker.

## And Werse

ONLY A PIN

Only a pin!  
And it chanced to lay  
In the shining light  
Of a bright fall day.  
Only a boy  
Who saw the pin,  
And fixed on it a look intent,  
Till the boy and pin alike were bent.  
Only a chair,  
It had no business there.  
The boy put on a fendish grin  
And on the seat of the chair he fixed  
the pin.  
Only a teacher,  
She sat on that chair,  
And as she rose—  
So did her hair—  
"Only a yell!"  
But an honest one;  
It lacked all the elements of fun,  
And she and the boy and pin and  
chair,  
In wild confusion mingled there.

## Read A Bit

We extend a friendly invitation to teachers and pupils to use all of the resources of your school library and hope you will find the deep satisfaction which comes from good books.  
One of the new books on our shelves is a school story called "The Big Year," a story about Yale University.  
Miss Shulze.

## I Am A Nut

You know me. I'm the guy who goes through the halls running and bumping into anyone who happens to be in my way. I stop for nobody. Lots of people try to dodge me when they see me coming. If they get hurt, it is their fault. They ought to get out of my road for I insist upon having the right of way. My business is important, but that of others can wait. Of course, I never say, "Pardon me." Why should I? I get lots of dirty looks when I spoil a shine or step on a white shoe or knock some one's books onto the floor. But I should worry. My elbows are in good working order and I'm going to keep on using them. If you don't like the way I go through the halls you don't have to. Aw, G'wan, get outa the way.

## The Dean Says

It is a pleasure to get back to South Side and find teachers and pupils looking rested, happy, and full of enthusiasm for another year's work.

One of the admirable things was to be able to read a South Side Times, and at once get in touch with all the South Side news.

## Alumni News

Roland Mackwitz, '24, accompanied by his parents, left on a two weeks' trip in the east, including Niagara Falls and Buffalo. Immediately following his return home, he will leave for Northwestern University.

Dean McAfee entertained at six o'clock dinner Monday evening. Dancing and bunco were enjoyed following the dinner. Those who were present are Doris Conn, Miriam Yoder, Vivian Crates, the hostess, Maynard Patterson, Bob McAfee, and Ralph Chalfant.

Lucile Grosvenor and Mildred Kesterson, '25, are leaving in a few weeks for Cleveland to take up their studies in the Nurses' Training school at that place.

Dorothy Dix, '24, on Oakdale, entertained with a bridge party Wednesday afternoon in honor of LaNore Hinkle of Indianapolis, a house guest of Jane Spaulding. At the conclusion of the game, a dainty luncheon was served.

Several alumni have entered married life this past summer. They are Louise Allison and Willis Carter, '24; Lucile Rasmussen and Walter Barber, '24; and Sigrid Ekblom, '24, and one out-of-town man.

Josephine Dinklage, '24, who attended summer school at Indiana University, Bloomington, arrived home last week.

Miriam Yoder, Irene Hiler and Vivian Crates, all '24, left for Bloomington Saturday morning to enter upon their sophomore year at Indiana University.

The alumni wish to extend their deepest sympathy to Margaret Diserens, '24, Albert Diserens, '23, and Alice Diserens, '26, whose mother died recently.

Thirteen alumni are entering Indiana University this fall for their first time. They are Helen Toay Underwood, Louis Ridgway, Eleanor Crowe, Dorothy Dix, Virginia Gaskins and Paul Pepper, all of '24's, and Lillian Rolf, Bernice Richhart, Geraldine Lower, Elizabeth Kline, Mary Travis, Lorna Frauenfelder and Helen Crawford, '25's.

Dean McAfee, '23, returned to Fort Wayne recently after attending summer course at Muncie Normal.

Marcia Cornish, '24, who has been sick in bed for over a year, is now able to be up a little each day.

Dwight Myers, Eleanor McKinney, and Catherine Roe, '24's, are leaving for DePauw University this next week.

Luella Branning, '24, is in nurses' training at the Lutheran hospital, this city.

New Files of Oak Are Put in Library

A new section, to be used for filing pictures, has been added to the file in the library. Another addition making the library more complete is the newspaper cupboard of two sections which will add to the convenience of both teachers and pupils. Both pieces are of quartered oak to match the other library furniture.

Plays In Game

Francis Gillespie, a former South Side student, spent last week-end in the city, and also furnished opposition for the varsity in the alumni game.

Visits Florida

Irene Davis spent several weeks of her vacation in Florida.

## LUNDYITES LOSE OPENING BATTLE

Green Drops First Game of Season to Alumni to Score of 21 To 0

### FROMMUTH, ALDRICH STAR

The Green and White varsity football team dropped its first game of the season to the Alumni last Saturday afternoon at the stadium by the score of 21 to 0. Putting up an aerial attack, which could not be denied, the former Kelly Klads hurled enough passes to net finally three touchdowns.

As was expected, all the former stars who played on the championship eleven of 1922 were in uniform and very active. Coach Lundy Welborn trotted out a squad of thirty-three men.

The muddy condition of the field kept both teams from doing much open field work, although Frommuth brought the crowd to its feet time and time again with his running. Schaefer's punting was one of the main factors for the Alumni victory, while Rastetter handled the varsity very well. The grads' line was a very stable stone wall. The varsity also had a very strong line.

#### None Stands Out

There were no particular stars among the present varsity but Frommuth, Schaefer and Aldrich were the outstanding luminaries for the former wearers of the Green. Currie also did some very nice playing, intercepting a pass in the last quarter and running sixty yards before being downed.

#### First Quarter

The first quarter was played with neither team having much of an advantage. Straight football was used and both teams punted, after not gaining much territory. At this time the varsity played on even terms with the alumni, McCormack's equalling Schaefer's punts.

#### Second Quarter

As the whistle blew for the second quarter the alumni started an aerial attack which seemed to puzzle the varsity. To start hostilities, Frommuth took a pass from Aldrich which netted a gain of 30 yards. Seeing this was successful, they made more attempts but failed and on the fourth down Schaefer punted behind the goal posts. The varsity tried to gain ground by line bucks but could not do so. McCormack punted. The alumni kept up their passing game and gained 60 yards for a touchdown. Frommuth hurled a 20-yard pass to Aldrich, who carried the ball to the 10-yard line.

Aldrich then shot a short pass to Brubaker back of the line for the first touchdown of the game. Aldrich added an extra point on a place kick. At the kick-off the varsity formed a wedge and gained many yards in this formation. Both teams again played straight football and were plugging away in mid-field at the end of the half. Score at the half: Alumni, 7; Varsity, 0.

#### Third Quarter

The teams started punting again. Frommuth went through tackle for a big gain. On the next play Frommuth passed to Williams for a 30-yard gain. The alumni stopped their aerial attack for a while and tried plunging but the varsity line held and the grads kept hurling passes which finally resulted in the second touchdown on a pass from Frommuth to Williams.

"Red" Frommuth also made the point after touchdown. At this point of the game McCormack started passing for the Green and White varsity and it looked like a touchdown but the alumni soon checked the attack. The grads then carried the ball to the 3-yard line and the varsity line held like a stone wall. Seeing they could make no ground through the line, the alumni again resorted to pass work and the third touchdown of the game was made, Aldrich to Frommuth.

#### Fourth Quarter

Both teams started out with an aerial attack. The alumni kept the attack up consistently and it looked like another touchdown when Sprunger intercepted a pass. McCormack passed to Branning for a 30-yard gain and hopes were again renewed by the Green and White. But they were soon quenched when Currie intercepted a pass and ran 65 yards before being downed.

The grads took the ball to the 10-yard line and attempted a try for a field goal but the Kelly Klads blocked Currie's kick and it was the varsity's ball in mid-field when the gun cracked, ending hostilities.

Final score: Alumni, 21; Varsity, 0.

### Phil Sez:

"I am positive that every man on the squad will fight his hardest at the time and that we are hoping for a successful season in football," Captain Phil Rahe said in a statement to a Times reporter recently.

Rahe was elected Captain after serving on the squad a year. Great things are expected of him this season.

### Sport Shorts

Well, I guess the grads showed the youngsters their place last Saturday.

The score was 21 to 0, but since the winners were our former heroes it is not so hard to swallow.

+ + +  
Pretty good crowd. Keep it up, gang, only more so.

+ + +  
It was sort o' hard to tell what team the crowd was "fer" or "agin'." (How's that? By cracky!)

+ + +  
In fact, who could help but yell for "Red" and then holler his head off when Branning nabbed that beautiful pass?

+ + +  
The field was in fine condition—that is, to make clay models, mud pies, etc.

+ + +  
The drinking "fountain" (or geyser) looked like a "fountain of youth" with all the little kids playing around it.

+ + +  
When the umpire first blew a blast on his trumpet, or whatever it is, Sport Shorts started to look for a fox and dogs, thinking it was a hunting contest. (Yawss, we come from bally old England, By Jove!)

+ + +  
Although there weren't any special stars in the varsity line-up, every one played a creditable game and it looks like another victory over the Blue.

+ + +  
South Side almost believes that the ball was in the air most of the time.

+ + +  
Captain Rahe played a whale of a good game and the Alumni guard said after the game, "That fellow Rahe sure can hit hard."

+ + +  
Did you notice how our line held the Alumni's heavy charges? Why shouldn't they with such giants as DeHaven, Schopf, Weirich and Barber?

+ + +  
Rastetter deserves a lot of credit for the varsity's showing last Saturday. He played a heady game and proved to be a regular little eel running back punts.

+ + +  
Lighthill, Nulf and McCormack ran the ends and sliced through tackle in a way that was good to watch.

+ + +  
Mack held his own when it came to kicking. He left-footed the ball consistently 50 yards—and how they would twist coming down.

+ + +  
The boys on the Alumni have nothing but praise for the varsity team and are counting on them going through the season without a defeat.

+ + +  
Chris Branning, at end, looked like "Chuck" Brubaker when he flashed down the field for a smashing tackle.

+ + +  
Take Bloomington, Gang! TAKE BLOOMINGTON!!!

### SPORT GUSH

It surely seems good to pound a trusty typewriter once more, and in other words get "back into harness." (Even though the thermometer is hanging 'round a hundred flat!)

+ + +  
And speaking of warm (?) weather, how would you like to be a footballer and have to cavort on the sun-burned stadium in hours of practice?

+ + +  
But the fellows say it's worth the hours of perspiring toil, and we'll think so, too, when our boys pile up nice, juicy scores in all the games.

+ + +  
The football gang miss a valued player from their daily sessions. Gerry DuWan was seriously ill this summer with pneumonia and consequently will not be able to don the football togs this season.

+ + +  
However, if he promises to be a good boy, eat strengthening food, sleep a lot, and gain weight, he might be able to leap gaily over the hardwood when the basketball seasons open. (Which opening seems a long time from now.)

+ + +  
All the girls will miss Miss Mildred Hadsell, pardon, we mean Mrs. Moyer, who coached so many winning teams. But we're sure that they'll welcome Miss Alice Patterson with "open arms"—as it were.

+ + +  
Now we 'spose the girls will be known as the Alices—instead of the Mildredites. Oh, if that smacks too much of Vincennes, we might call 'em the Patties. Alice-ites has a pleasing sound—if one's tongue doesn't get twisted.

sin in the French House, and the remainder of the time at her home in Cleveland Heights.

Miss Brigham was at Clear Lake in Montana one month and at her home in Toledo, Ohio, the rest of the summer.

Miss Kiefer spent her vacation at home. She did her share of moving by packing and unpacking.

Miss Miller stayed at home during most of her vacation, and in the rest of the time she took a trip to Washington, D. C., and New York.

Mr. Murphy taught civics every morning at summer school. The afternoons were occupied by hard labor at home.

Miss Ley occupied part of the summer modeling in clay and then visited in Chicago with friends.

Miss Mott motored to Clay City, Ill., where she spent one week. She also visited a few days in Sterling, Ill., and the remainder of the summer she entertained two of her small nieces from out of town.

Miss Esarey motored to Florida during the three weeks before school started after being at home the first part of the summer.

Miss Kelly, a new teacher, rested up after attending school last winter. Camping in northern Wisconsin was Miss Opper's summer pleasure.

Mr. Schaefer, during part of his vacation, attended summer school at Northwestern University. There he received a music supervisor's diploma. The balance of his vacation was taken up by motoring to the various lakes in the northern part of Indiana.

Mr. Davis spent his vacation at the lake and took treatments in Fort Wayne for his health. He also visited in his home town, Greendale.

Miss Thorne enjoyed a vacation in Glacier National Park. She also had a delightful camping trip at Estes Park, Colorado.

Miss Paxton also spent her vacation in Colorado. While there she visited in Denver, Colorado Springs, University of Colorado, camped in Big Thompson Canyon and Rocky Mountain National Park. She explained that she had a more delightful time this summer than ever before.

Mr. Heine enjoyed his vacation in Grand Rapids, Mich., where he worked in the Eskimo Cheese company, making a special kind of sweet cottage cheese.

Miss Woodward enjoyed a month's trip to California this summer. She was one of a hundred tourists who went through most of the central western and central states. She also visited in Linton, Ind., for a week and spent the rest of the vacation at her home in Uniondale, Ind.

Miss Fish spent two weeks camping in Kentucky and southern Indiana this summer. She says she nearly froze to death and hasn't really been warm since.

Mr. Roth states that he stayed at home giving private Latin lessons, with the exception of one week, when he was in southern Indiana.

Miss McCloskey went direct to the Illinois State Normal University, where she taught six weeks. After that time she stayed in Fort Wayne, cleaning house and doing other odd jobs. "As a whole," Miss McCloskey stated, "I enjoyed my vacation very much."

Miss Rinehart enjoyed the greater part of her vacation at her home in Kendallville. She enjoyed several week-ends at the lakes.

"I spent my vacation at home in Hamilton, New York," Miss Burns said in regard to the way she whiled away the summer months.

Most of Mr. Brand's vacation was occupied at the University of Wisconsin and one week at Indiana University. The rest of his time was spent at home.

Miss Schmidt spent her vacation at Michigan University and a few weeks at Clear Lake.

Miss Bert enjoyed a vacation at home.

Mr. Gordy spent his vacation working on the Lincoln Highway between Chubbuck and Ligonier where the highway is being paved.

Miss Rehorst spent six weeks of her vacation in Madison, Wis., studying. The rest of her vacation was spent at Lake Wawasee and at home.

## Children Take Part In City Flower Show

Annual Fall Festival to Be Staged September 14-18 at the Court House

Allen county court house will be the scene of Fort Wayne's annual Fall Flower Festival from September 14 to 18. The festival is divided into two departments, the school children's flower show, which will open at 6 o'clock on the evening of September 14 and continue until noon on September 16, and the regular flower festival which starts at noon on September 16 and lasts through the evening of September 18.

At the school children's flower show the plants distributed to the schools last spring and cared for by the children during the summer months will be on display. Prizes will be given to schools and individuals for the best exhibits.

The flower festival proper will have hundreds of exhibits by amateur and professional flower growers in and around Fort Wayne. Prizes will be awarded for the best exhibits in each classification.

Programs with entertainment features and short talks on phases of yard beautification will be presented every evening of the festival in the assembly room of the court house. No admission will be charged.

Mr. Welborn spent eight weeks of his vacation studying at Butler and the last weeks he went to Notre Dame coaching school.

Mr. Gilbert employed his summer vacation varnishing the basketball floor and working around home.

Mr. Schmalzried spent his vacation at the Y. M. C. A. camp and in moving to his new home.

Mr. Virts spent his summer vacation at school. He had charge of the summer course which lasted ten weeks. In his spare time he worked at home painting the house and cutting the grass.

Mr. Greely spent part of his summer vacation in the hospital. It had been the intention of Mr. Greely to take a trip to the coast but because of his illness he was forced to cancel his trip. He took several trips around this section of the country.

Mr. Gould had a fine vacation according to his report, since he spent some of his time at the Y. M. C. A. camp. Later he spent a number of weeks at Olivet, Mich., visiting relatives. While there he stayed a week at a farm milking the cows and feeding the swine. Since he came home he has been resting himself by working around the house.

Miss Demaree spent her vacation in Indianapolis and in Bloomington. She read and rested up for this term's work.

Mr. Mahey spent his vacation in Fort Wayne painting his Ford and doing house work.

Mr. Nulf made his headquarters at a farm near Tipton, Ind. He took several trips into southern Indiana and Kentucky. He also did considerable work on grade school English.

### MEMBERS OF GREEN NINE PLAY INDEPENDENT BALL

Score 131 Points to Opponents' 23; Play Under Name of South Side Indians

Some members of South Side's baseball team played ball during vacation under the name of the South Side Indians. They played some of the fastest independent clubs in the city, including Wayne Independents, La-Marnes and Dodgers. Brubaker, Plasket and Kestner did the pitching, with Staigt on the receiving end. They had very good support with such players as DeHaven, Distel, Nulf and Richendollar in the infield. The outfield, composed of Thiele, Mooney, Miller and Bernhart, proved to be one of the best in the city.

The batting averages was as follows:

Brubaker	.....	.631
Staigt	.....	.500
Distel	.....	.465
DeHaven	.....	.462
Nulf	.....	.315
Thiele	.....	.309

Return To School

Robert Carto and Edward Wehmeyer, who have been out of school several years, have returned to South Side this semester.

Goes to Institute

Donald Arney, a South Side student for two years, is attending Luther Institute. He is taking a two-year business course.

Takes Painting Lessons

Sidney Peers is taking a course of show-card painting under the direction of Frank Welch in the evening classes at the Fort Wayne Art school.

Goes to Purdue

Ralph Welch left Tuesday morning to attend Purdue university. Ralph is taking an engineering course.

To Attend Muncie

Bertrill Merrill is leaving for Muncie Normal in the near future. She is going to prepare herself for a teacher of French and English.

Ross and Neil Waterman have returned to South Side after attending school at New York last year.

Times to Award Cups

Small silver cups will be given away by the journalism department during this and the next term. Awards will be given to the students handing in the most work, the best quality of work, and to those who hand in the most inches of advertising copy. Definite plans for awards will be made later.

Ike Miller, our sports writer of last year, has not forsaken the old school, for about every day Ike can be seen around the building shaking hands or talking to someone.

Cartooning Is Popular

It seems that there will be plenty of cartoonists in school, for in the art classes one half of the fellows are learning to be a cartoonist. They aren't half bad either, the ones the reporter looked over.

And how the girls can draw men. They bring them right down to about four or five inches in height. I guess they're not very popular with the girls.

### CLEVER THEME USED AT GRACCHI BANQUET

Fifty Members Present at the First Meeting of Year; Splash Party and Hike to Feature October

A radio banquet featured the first fall meeting of the Gracchi club Monday evening at the Y. W. C. A. Fifty girls were present and were seated in stations at the tables.

Station R. S. V. P. had charge of the program, which consisted of a piano solo by Helen Rogers, and speeches comparing radio and the Gracchi club which were as follows: Aerials, by Mary Forker; Wave Lengths, by Margaret Iler; Tuning In, by Pauline Habacker; Static, by Marie Costello; Broadcasting, by Myrtle Foxford; and Receivers, by Thyrja Jurgensen.

Ethel Masterson, president of the club, was the announcer. Each station presented a stunt after the program.

A Splash Party will be given on Wednesday, October 23, from 8:15 to 9:00 in the Y. W. C. A. pool. All club members are invited, but must have passed the physical examination required to enter the pool. The splash will cost 15 cents.

Saturday afternoon, October 26, instead of the regular meeting on Monday, the club members will enact Roman Day at Devil's Hollow. South Side's graduates, and any young business girls of the city are cordially invited to attend the hike, and may make reservations with Miss Umbach, at the Y. W. C. A.

New Art Equipment

Have you seen the new equipment in the art rooms? We sure have a model art room now. There are three rooms now turned over for this subject. Rooms 61 and 63 are under the supervision of Miss Ley while Miss Pape has charge of room 75. All of the craft work is done in room 63 and the students may make jewelry, pottery, and enameling work in there. Room 61 is devoted to painting, drawing, and architecture. In these two rooms the pupils may do individual work while the class work is done in room 75.

### "Howling Outing" Says Times Staff

Picnic at Devil's Hollow "Peps Up" Scribes; Grub and Fun Aplenty Furnish Enjoyment

Members of the Times staff are "all pepped up" for this year's work after a howling good time at their picnic the first day of school.

A bus was chartered, and at 3:30 with all the pies, pickles, buns, hamburger, cider, bacon, olives, tomatoes, and so on well established in the rear of the car, about forty-five scribers scrambled for good seats to enjoy the ride to Devil's Hollow, where the picnic was held.

In due time everyone was enjoying themselves hiking on the highways and by-ways, wading in the creek, carrying eats to the top of the hill, and building the fire.

Mr. Schmalzried, chaperone, acted as chief fireman, and was assisted by Mildred McCune. Pauline Baumgartner, Edith Hyle, Margaret Beatty, and Cornelia Bade fried the bacon and hamburger, while Miss Harvey presided at the cider.

After the meal the fire was rebuilt, and everyone sang songs. Soon after this the participants again filled the bus and continued their singing of such songs as "There's a Whole in the Bottom of the Sea" and "Love's Old Sweet Song."

### Many Children Enter Harrison Hill School

Eight hundred and forty-eight pupils are enrolled at the Harrison Hill school. There are thirty-one teachers, counting Mr. Agnew, the principal.

The school contains forty-one class rooms, teachers' rest rooms, the principal's office, an auditorium and a gymnasium.

Rooms Equipped

New seats have been put in the rooms that had been occupied by the grades. The small desks which the grade school pupils had used were taken out and last week there were folding chairs in the rooms. Monday the new seats were in but not fastened.

To Have Test Already

Pupils in Mr. Null's first period English VIII class will have their first test on the History of English literature next Monday.

To Be Nurse

Katherine Gunder has left South Side and entered the St. Joseph hospital training school for nurses.

To Go to Northwestern

Many of the students are wondering what has become of George "Willie" Wyss, star athlete of South Side. George has been working in Detroit for the last year for the Cadillac Motor company, and he is going to Northwestern this year.

## CONFIDENT GARRETT TEAM TO INVADE STADIUM FRIDAY

STAFF FOR TOTEM  
TO BE ANNOUNCED  
IN COMING WEEK

Candidates Should Speak to  
Mr. Harris or Miss Har-  
vey Before Monday  
Afternoon

Minor Positions May Be Filled  
By Boys or Girls of  
Any Class

"Members of the 1926 Totem staff will be chosen this coming week," Miss Harvey announced this week. All candidates for either major or minor positions on the annual should speak to Mr. Harris, faculty advisor of the senior class, or to Miss Harvey, faculty advisor of the annual, before Monday afternoon, September 28.

Major positions on the staff consist of editor-in-chief, senior editor, art editor, business manager, advertising manager, and circulation manager.

The assistant editor, the junior assistant, the junior, sophomore, and freshman editors, the sports editor, the organizations editor, the literary editors, the cartoonist, the snapshot editors, the joke editor and advertising solicitors hold minor positions.

Only seniors may apply for the major positions, but the other positions are open to members of all four classes.

BEGINNERS' BAND  
TO ENROLL BOYS

Instruction and Instruments for  
Starters Free; to Begin  
Practice Soon

Enrollment for new members of the band is now open. The beginners have instruments and instructions furnished free. Any boy desiring to join the band should see Mr. Schafer in Room 40. The beginners' band meets Wednesday at 4 o'clock.

William McMahon is the drum major and Maynard Patterson is lieutenant. The band is practicing marching and drilling under the direction of Mr. Davis.

The band is to play at the Irene Byron Hospital some Sunday in the near future.

GIRLS BECOME PIONEERS  
IN MECHANICAL DRAWING

Cornelia Bade, Ruth Eickmeyer, Gertrude Schuelke Are First to Take  
Subject in Public Schools

Cornelia Bade, Ruth Eickmeyer, and Gertrude Schuelke are the first girls to take mechanical drawing in a Fort Wayne high school.

"I hope that there will be more girls taking this study next year, as the work is very interesting and is really girls' work," states Mr. Arnold, manual training teacher.

The plans for a piece of machinery are first made on drawing paper by pencil and then they have to be put on a tracing cloth with a special rule pen. This work has to be done neatly and requires speed. Girls seem to be able to do this better than boys.

GIRLS' SPORTS START  
WITH TENNIS TOURNAMENT

Basketball and Hockey To Be Played;  
Girls Must Pass Physical  
Examination

"The tennis tournament will be the first sport in which girls will participate this fall," Miss Patterson, senior director of girls' physical education, stated yesterday. She went on to say that the girls will also play hockey and basketball this fall. Physical examinations are being required of everyone taking part in any sport. It consists mostly of an examination of the heart and lungs. The girls will be examined once a year.

In the gym classes they will have regular gym work, including folk dancing and special games.

Returns to School  
Robert Seest has returned to school after an absence of several days on account of illness.

1200 STUDENTS NOW  
ON SOUTH SIDE ROLL

Two Hundred and Seventy Freshmen  
and Fifty-three New Pupils  
Make the Increase

Approximately 1,200 pupils are now enrolled at South Side. Fifty-three new pupils were enrolled at the beginning of this semester, besides two hundred and seventy freshmen. There are one hundred and ninety seniors but the number of juniors and sophomores has not yet been determined.

The teaching force last year was composed of fifty-five teachers but this year fifty-eight are on the staff.

Poor Man With Wife and Son  
Take Tour Through Country

Start in High Spirits on Gloomy Day; Pick Up Man with  
Ten Brothers; Car Top Leaks, So Father Gets Sick;  
All Return Home.

Once there was a Poorman (Howard) who was a Baker (Geraldine) of Graham (Mary) wafers. He had a Ladd (Velma) that was the Appel (Jeanette) of his eye, and was Christen (ed) (Robert) Burt (Mildred). His wife Rose (Evelyn) was Humble (Elizabeth) but was a good Cook (Maurice) and could Bosserman (Marcelle). These three lived in a Brown (Ella) House (r) (Charlotte) on Buchanan (Marjorie) street in that part of the city called Ellenwood (Ralph).

"The Holme(s) (Irene)," they tell us, "Was Auers (Marie) and we lived there Moore (Claudia) Sommers (Marcella) than any one could count. There was a lovely Hall (Wanda) and we had a Dickey (Bernard) bird and a Gardner (Francis), and there was a Davenport (Doris) and a big book-case with all of Scott's (James) novels in it. Outside there was a pretty Crick (Gladys) whose Waters (Russell) trickled merrily. The house was located on a high Noll (Bertha).

Then one day this happy trio decided to go on a trip. They made all preparations, having the Taylor (Marguerite) make their clothes; visiting the Merchant (Vernon); while the Father baked goodies and bought a Springer (Margaret) for them to eat on the way. He said they ought to start Wright (Mildred).

They had hoped it would be a nice day when they started, but when they Rose (Evelyn) that morning it looked like a Bleke (Elsie) day. But they were Young (Maxine) so they didn't care.

They started out bright and early, after the father had locked the door and had put the Kies (Cecil) in his pocket. They were Hale (Marjorie) and in high spirits. They had Goodrich (Mary Frances) tires on their car, so they felt they were safe. They drove along and met a Grim (Francis) old man, whom they picked up. They learned that the man had ten Brothers (Mary) who were Miner(s) (Mildred), Carpenter(s) (Donald), Miller(s) (Katherine), Mason(s) (Velma) and Plummer(s) (Wilma), while he was a farmer and raised Hay (Bernard) and Korn (Gerald) for a family of Nobles (Esther). Leaving the old man they turned North (Mary). There were a great many women along the road selling Reed (Dorothy) baskets. They bought one as a souvenir and went on their journey. At the next town they stopped at a famous shrine, where the Parson (Joe) Shreve(d) (Clifford) them. They also went into a shop and bought some Grogg (John).

The poor father was becoming Gouty (William) and looked very Haggard (Wava). The mother had a Korn (Gerald) which bothered her, but the little boy was Stilwell (Enid). When the little boy asked his father, "Are Ewell (Bartlett)?" the father answered, "No."

They decided to stop at an inn along the roadside, which was so old that it still kept a Hostler (Mamel). The inn was full of folk Lore (Thelma) and was very interesting but the top of their auto was Leakey (Arden) so the father had to attend to it. This made him sick at Hart (Carl) and he was no longer a Wellman (Arthur). They had a French (Vaughn) maid and could understand nothing she said. This made them all dis-gusted and the mother said that she thought home would Suter (Catherine) better than anything, so by morning the little boy Wasson (Pauline) his way home with his father and mother.

PHILO CLUB PICNIC  
SET FOR MONDAY

Wiener Bake to be at Foster  
Park; Berlien and Hale to  
Give Readings

Next Monday, the members of the Philaethian Literary society will indulge in a wiener bake at Foster Park. This will take the place of the regular meeting.

Mildred Berlien and Mary Hale will give readings on "Autumn," and Helen Masters will present a report on "Songs of the Cowboys."

Members who intend to attend the bake must sign up in Room 68 by Friday.

MANY BOOKS ADDED  
TO LIBRARY SHELVES

Circulation Number Increased 7,755;  
February and November Recorded  
as Busiest Months Last Year

There has been a great increase in the number of books on the shelves in the library. In September, 1924, there were 2,241 books; in June, 1925, there were 2,844, and at the present there are 3,152.

Besides the books, 506 pamphlets have been added, making a total collection of 2,627 classified pamphlets.

For the year of 1924, a circulation of 18,598 books was conducted and for the year of 1925, a circulation of 26,353, an increase of 7,755. The busiest month last year was February, when 3,331 books were circulated. November and April followed closely.

NATIONAL ASSOCIATION  
TO HAVE FIFTH MEET

C. I. P. A. Again to Convene During  
Thanksgiving Vacation at  
Madison, Wisconsin

The convention of the Central Inter-school Press Association will be held at Madison, Wisconsin, November 27 and 28. The editors and business managers of 1,500 high school and university publications will attend the convention, which is the fifth of its kind. It is under the auspices of the department of journalism of the University of Wisconsin.

Round table discussions led by a staff of forty experts will take up most of the two-day session.

Since the body was organized in 1921 it increased from 63 members to 804 in 1924. There will be approximately 1,500 delegates attending the convention in 1925.

C. I. P. A. has awarded South Side Times several prizes. In 1922-23 the Times received the title of "The Best in Indiana." The All-American rating and the best high school paper in the United States was the award given in 1923-1924. For 1924-25, it was given an All-American rating. The 1924 Totem won an All-American rating.

Two South Side Y'ers  
Voted Honor Campers

South Side claims the honor of having the only high school Y. M. C. A. members who were awarded as honor campers at Camp Potawatami this summer.

Bob Miles, '25, was awarded the medal during the Hi-Y camp period and Tom Ward, a junior now, was voted honor camper of the Junior Hi-Y period. Both boys earned 3,000 points as honor campers during the two weeks' period and were awarded gold engraved medals. This is the greatest honor achieved at camp.

STATE CONVENTION  
OF H. S. P. A. TO  
BE AT FRANKLIN

Members Get Together Oct.  
23 and 24; Over Three  
Hundred Expected

## PROGRAM IS ANNOUNCED

Business Sessions, Banquet,  
Group Breakfasts, Football  
Game, Election of Offi-  
cers Are Features

Members of the Indiana High School Press association will convene for the fourth annual meeting at Franklin College, October 23 and 24. Approximately three hundred and fifty high school journalists representing more than one hundred Indiana high schools, are expected to attend.

According to the plans announced, the convention delegates will register Friday morning, October 23. Following the registration the opening session will be held in the chapel. Group meetings, a tour of Franklin, and a short business session will feature the afternoon of the first day.

The annual banquet of the convention will be held Friday evening, at which time a nationally-known journalist will address the delegates. Prominent public officials and newspaper men will be present at the banquet which will be followed by a special newspaper movie entertainment.

Group breakfasts for those interested in newspaper work, for those interested in annual work, and for faculty advisors attending the convention will be held Saturday morning. The annual election of officers will be held at noon, after which the delegates will be special guests at a Franklin College football game.

The Indiana High School Press association was organized at Franklin College in 1922. Present officers are as follows: Warren Phillips, Columbus, president; Franklin Mullin, Rushville, vice-president; Miss Ruth Abercrombie, Connersville, secretary-treasurer; and Dan A. Edkins, of Franklin College, executive secretary. District chairmen are Robert Stretch, South Bend; Joseph Coppock, Peru; Gordon G. Boerner, Lafayette; Miss Mattie Cook, Greensburg; Frank Fisher, Connersville; James M. Tucker, Salem; and Miss Mary Helen Wells, West Baden.

Members of all four classes are asked to attend the first meeting of the Debate club, which is to be held today directly after school in Room 86.

An extemporaneous debate is the main feature of the program today. Elsiebeth Crane, Ruth Eickmeyer, Louise Platt, and Maynard Patterson have been chosen as the speakers. All they know is that they are to give an eight-minute constructive speech and five minutes of rebuttal. Mr. Makey is the only one who knows the subject for the discussion. "The subject will be about some phase of school," is all of the secret that he will divulge until the time for the debate.

Elsie Bleke, of the freshman class, and Elvah Miller, a senior, have promised to give readings. Officers of the club will be elected for the coming year.

After the regular extemp debate is over, other members of the club may advance their opinion about the unknown subject or, if they wish, they may rebut the arguments of the other speakers. However, no one need speak, unless he wishes to do so.

MISS PITTENGER  
TO TALK ON TRIP

Math-Scientists to Hear About  
Experiences of Dean; Glad-  
ing and Allen to Talk

"Members and those intending to join are invited to attend the Math-Science meeting to be held Friday, September 26, in Room 96," says Mr. Voorhees to all 10-A's and upper classmen.

There will be a short business meeting in which the new officers will take charge. Those taking up their new positions are Morris Felger, president; Walter Hallstein, vice-president; Katherine Chapman, secretary; and Ralph Frank, treasurer.

The main features of the program will be a long talk by Miss Pittenger on "My Trip to Europe This Summer," Ben Glading and Durward Allen will give talks on trees and will display the leaves, plants and different pieces of wood they have collected.

The committees will announce plans for the picnic to be held October 2, immediately after school.

Eats are to be a surprise for this meeting. Amusement will make up the entertainment for the latter part of the evening.

FIFTY DOLLARS A WEEK  
IS SPENT FOR MAGAZINES

Two Hundred Copies of Literary Di-  
gest To Be Used Daily by  
History Students

One hundred and ten copies of the Literary Digest are available in the library from now until the end of the semester. This magazine will be used one day a week by the history classes. This means that approximately 800 students will read this magazine each week. About one hundred individual copies will be used besides those taken in private homes.

The cost is nearly fifty dollars a week. Each pupil pays twenty-five cents for the use of the Digest for this semester, or \$1.10 for seventeen individual copies. About 3,870 copies, including club and private, will be used an average of six cents per magazine.

Many students have duplicate classes, and in that case they are required to pay only the minimum amount.

Miss Shulze and Mrs. Thompson urge that pupils taking copies from the library return them promptly, so that no students will be handicapped.

JUNE AWARDS GIVEN  
TO ELEVEN STUDENTS

Typists Get Medals Late; No Speed  
Contests or Award Tests Have  
Been Taken Yet

Last June eleven students earned typing awards, but they did not receive them until last week. Several members of last year's graduating class also received medals and certificates.

None of the classes have started any speed contests as yet, but many are trying accuracy tests, to write without an error for a specified length of time.

The following are those who received their awards this fall:

L. C. Smith Awards

Rose Joseph Silver  
Mildred McCune Bronze  
Dorothea Falls Bronze

Underwood Awards

Mabel Fell Bronze  
Juanita Tulley Bronze  
Hazel Cruse Bronze  
Mildred Rabel Bronze

Royal Awards

Journalist Take Trip  
Through News-Sentinel

Fifteen members of the beginning journalism class made a tour of the News-Sentinel plant early this week for the purpose of learning about the publishing of a big commercial newspaper.

Herbert Miller, city editor, conducted the class through the editorial rooms, the classified ad departments, the morgue and the stereotype and press rooms. John L. Sessler, foreman of the composing room, assisted in explaining some of the mechanical operations.

Give First Speeches  
The first speeches by the beginning public speaking class were started last Monday.

Doctor Kane Chosen  
South Side Physician

Dr. A. L. Kane, who has been appointed as the physician for South Side, will be in the building each morning at 9 o'clock. Eight doctors have been appointed to have charge of the schools under a new plan adopted by the school board for the welfare of the student body. Particular attention will be paid to any disease of infectious nature.

SOUTH SIDE GRADS GIVEN  
BIDS FOR FRATERNITIES

Sixteen Are Pledged This Fall at  
Indiana and DePauw  
Universities

Nine graduates of the class of '25 have been pledged to sororities and fraternities at Indiana University, and one has been pledged at DePauw. Six graduates of the class of '24, who waited a year before attending college, have also been pledged at Indiana and DePauw Universities.

Those who are pledged at Indiana University are:

Bernice Richhart—Zeta Tau Alpha.  
Elizabeth Kline—Chi Omega.  
Toay Underwood—Kappa Kappa Gamma.

ing Most of Last Year Team, Enable Coach  
to Pick Strong Combination

"The coming game with Garrett is the hardest early season  
game ever scheduled for South Side," Coach Welborn said in a  
statement to a Times reporter Wednesday. With almost a veteran  
team the Maroon and Blue aggregation comes to the stadium Fri-  
day afternoon to give the Kelly-Klads one of the toughest battles  
ever encountered.

TIMES AGENTS GET  
917 SUBSCRIPTIONS

Seven Rooms Have One Hun-  
dred Per Cent; the Lowest  
Average is 22 Per  
Cent

## MINIMUM GOAL IS 1,000

Between 900 and 1,000 subscribers to the South Side Times have been obtained to date, the count Monday afternoon revealing that 917 had signed for their school paper and more subscriptions have come in daily since that time. The circulation managers, with a minimum goal of 1,000 to reach, are now conducting a "mopping-up" campaign in the hopes of surpassing last spring's mark of 1,025.

Seven rooms have reached or passed the 100 per cent mark, but some rooms and some rows in room S are below the 50 per cent mark. In extreme cases agents in some of the rooms will be changed.

Ned Perkins, room agent in room 58, was the first agent to work his room up to the 100 per cent mark. Dalton Crates, in 43, was the second one to reach the coveted goal. Winifred Beeth was third, Marjorie Mossman was fourth and Mildred Berlien was fifth. Others are Rieke, Clayton and Kohlmeier.

Marjorie Mossman, agent in Mr. Huddleston's room, is the only one, however, to work her room above the 100 per cent mark. This was done by obtaining an outside subscription. Dorothy Parker has an average of 85 per cent, by getting six subscriptions out of school.

Work will begin today in checking the school list to determine who have not subscribed. A special effort will be made to get every senior to subscribe, as all have not done so up to the present time.

Beginning with next week, the room agent list and their subscription per cent will be run on the editorial page as a regular part of the staff. Agents are urged to get their rooms up to as high a per cent as possible by that time. If any mistakes appear in the list below, the agent concerned is to see Thelma Gasser immediately.

The room list follows:

SOUTH SIDE WINS TWICE  
IN COMMERCIAL LEAGUE

Sylvia Weinraub Takes Third In Ad-  
vanced Shorthand, While Mr.  
Murch Gets Second in Open

An advertisement has been issued by the Gregg Publishing company, publishers of the shorthand and typing books used at South Side, which announces the results of the commercial contests held in 1924.

In the rating South Side has two places, third in advanced shorthand, won by Sylvia Weinraub, and first in open shorthand, won by Mr. Murch.

Twenty-one states, including Indiana, are represented on this chart besides Canada and Japan. In Japan the rules are far different from those used in other contests. Only women may enter the Japan meets, and only one point is taken off for an error in typing, whereas ten points are deducted in our state. According to Japanese rules, the winner had a rate of 74.8 words per minute, while if she had typed in Indiana her rate would have been twenty-eight words per minute.

Ninth Period Already  
Summons Few Pupils

Fifty-one pupils spent a ninth period in Room S last week. Monday four had to stay, Tuesday nine, Wednesday seven, Thursday fourteen, and Friday seventeen.

Fourteen had to remain for tardiness, some for lack of sufficient preparation, and a few for improper conduct.

Sign up now for seventy-five cents worth of school paper!

Seems we are already counting the days until our first vacation.

The stadium is an excellent space in which to show your public shouting ability tomorrow.

There has been a great deal of "weather" lately. Conversation ought to be an easy matter.

Our idea of "the irony of fate" is to prepare all our lessons and then not get a chance to recite.

Some folks started this year as usual—claiming their locker keys to have been lost, strayed or stolen.

If some of us didn't have to sharpen our pencils so often, we would have more time to sharpen our wits.

When the locker door is slammed on school books, is it closed on all the lessons had that day? Or are some of them locked away in the mind?

The name "news" is applied to events happening in the north, east, west, and south. Have you ever noticed how these four points of the compass are represented in word N-E-W-S?

Gaps in one's education often become too large and too frequent because of one's inability to select a well-rounded high school course, or because of one's failure to study consistently the subjects which make up a good course. In the case of the former it is well to consult educated persons before choosing your course of study, while the power to correct the latter fault lies within the student himself. By straight thinking and good sound studying these gaps may be closed and others may be prevented from forming.

It is trying that counts! If we keep making an effort to give satisfaction with our work, some good is sure to result. For one thing there would be the satisfaction of having done our best, and that seems so much better than wondering, what we might have done. There is a little verse that expresses this attitude:

"I'd like to be a Could-Be,  
If I could not be an Are;  
For a Could-Be is a May-Be  
With a chance of touching par.  
I'd rather be a Has-Been  
Than a Might-Have-Been by far  
For a Might-Have-Been has never been,  
And a Has-Been was an Are."

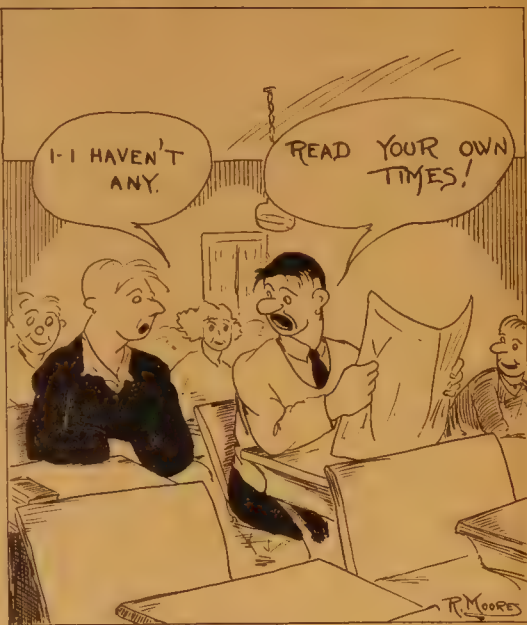

South Side has been blessed with an additional study room comprised of rooms which were originally eighty-six and eighty-eight. At present this room is conducted in the same manner as the Session Room. But within a short time (long enough to establish proper regulations) this room could be made into the much discussed "Honor Study Hall."

If this room is needed as an ordinary study room, another place should be provided for an "Honor Room," thus affording those students who deserve this special room the privileges and advantages which are obtainable from an "Honor Study Room."

Organizations in almost every phase of high school life are prominent at South Side. Many students take advantage of them while others, perhaps, do not comprehend their actual value. There are in existence here four clubs: namely, the U. S. A., So-Si-Y, Junior Hi-Y, and Hi-Y, which offer membership to all classmates, and have as their purpose the same which is set forth by the Y. W. C. A. and Y. M. C. A. There is also an Art club for those who are interested in that subject; the Philathletic society, which is a literary society; the Math-Science organized to promote a higher interest in the sciences and mathematical problems; the Glee club, the Band, and the Orchestra for pupils who are musically inclined, and lastly a new club organized by students interested in public speaking.

It is good to know yourself well enough to decide in which one or two of these societies you are most interested. Then join them, and make yourself a worth-while member!

The fellow with the Times is not a "tight-wad"; he is just fighting for the principle of the thing. It's the "gink" next to him who is tight. No doubt he spends all kinds of money for everything else, but when it comes to the Times all he does is read over someone else's shoulder.

But the idea that the "gink" hasn't a paper of his own isn't as bad as the idea that he hasn't enough self-respect not to read a Times which has been paid for by a fellow-student.

### Thoughts On a Pore Joke

I like fun—and I like jokes  
'Bout as well as most o' folks!  
Like my joke, and like my fun;—  
But a joke, I'll state right here,  
'S got some p'int—er I don't keer  
Fer no joke that hain't got none.  
I hain't got no use, I'll say,  
Fer a pore joke, anyway!

F'r instance, now, when some folks

gits

To rely on theyr wits,

Ten to one they git too smart

And spile it all, right at the start!

Feller wants to jest go slow

And do his thinkin' first, you know,

'F I can't think up somepin' good,

I set still and chew my cood!

'F yo uthink nothin'—jest keep on,

But don't say it—er you're gone!

## And Verse

### Oh! Hang Up

All girls are quite bad  
Of that I've no doubt,  
But a girl with a phone is worse  
Than one without.

There's the sweetie who calls  
Just to gossip and chat,  
And always picks mealtime  
To do it at that.

There's the girl who calls up  
At quarter of eight  
To say she's sorry  
She can't keep her date.

And the party line sweetie  
Who'd like to say more,  
But knows that the neighbors  
Are listening next door.

Or the peevish young lady  
Who just raises Cain  
And hangs up the phone  
When you try to explain.

There's the timid young thing  
Who won't talk on the phone  
But who talks all the time  
When she gets you alone.

There's the out-of-town girl  
In economy versed  
Who calls you quite often  
With charges reversed.

Not to mention the maiden  
Who screams in your ear  
"This line's not so good,  
Can you hear me old dear?"

But the mostest, doggondest,  
Pestiverous Liz  
Is the one who calls up  
And says, "Guess who this is!"

### To the Editor:

I think Room 86 would make a very attractive club room. As it is, the girls and boys have no room which they can call their own. If the students had a club room no doubt more people would become interested in joining the beneficial clubs of the school. But now the club members do not know from one time to the next where the next meeting can or will be held.

Do you think this is a good plan or not?

### A CLUB MEMBER.

### To the Editor:

It appears to me as if these "Times" of ours are rather peculiar beings. In fact they are almost human. In the first place it has "heads" by the dozen; two "ears" almost in their proper places in correspondence to yours or mine, and several "columns" (but, unfortunately not "spinal").

This week's issue will probably suffer from several "cuts" and dark "lines" (not wrinkles this time) around the "heads."

It seems to have some sort of an invisible mouth, because it just tells all the news and everything.

I might "ad" that I consider it a fortunate creature and can now understand why it endures all the trials and hardships of a "Real Newspaper."

### "REAL HUMAN BEING."

## I'm A Nut

I'm the nut who am always singing my favorite song. From morning till night, in class, in the hall, in the locker room and in the cafeteria, all I do is hum my own little tune. There isn't any real melody but I hum it just the same.

My teachers get tired of it and tell me to stop. Even my best friends get sore and tell me to "shut up" for a while. They say they're sick of it, but I like it and if I want to sing or hum it I don't see why it's anyone else's business.

Well, I couldn't hum while I was telling you about this, but now—de-um-te-deedle-te-dum-te-do.

## Alumni News

Edward Rahe, '25, and Robert Jurgensen, '25, have been pledged to the Sigma Nu fraternity at Purdue University. They have also reported for freshman football practice.

Raymond Plasterer, '24, has gone to Bloomington, where he will attend Indiana University.

Doris Minier, '25, is now attending the Anthony Wayne Institute in this city.

Alan Fromuth, '24, and Bob Hanna, '25, have reported for freshman football practice at Butler College, Indianapolis.

Robert Steger and James Newell are taking a business course at Big Rapids, Mich.

Bill Thiele, '25, has decided to stay out of school a year instead of attending Purdue University this fall.

Hilda Schwieler and Alice Keesbury, '23's, are teaching kindergarten at the Harmar and Harrison Hill schools.

Mildred Gruber, '24, has returned to Indiana University, where she is a sophomore.

## The Principal Says---

Alumni, thanks for the example and the gate receipts.

Robt C. Harris

Miss McCloskey (during a discussion on the feet in a line of verse): "Now can anyone tell me a part of a foot?"

R. Bickle: "The big toe."

### SYSTEM!

Miss McCloskey (in English class telling about England and the having of trouble): "First England sent over stamps to the colonies, and then they sent an army to lick them."

Mr. Makey: "When was Burke in the House?"

F. Baer: "He was elected in 1775 and took his seat in 1776."

Mr. Makey: "My, what a long time he had to stand."

F. Switzer: "Do you play golf?"

E. Miller: "Oh, dear no! I don't even know how to hold the caddy."

Mr. Brand (to a pupil in physics class): "Where would you rather buy a pound of sugar, in New York City or in Denver?"

Pupil: "In Denver, because it is fresher."

### NUT SAID

After Mr. Schmalzried had repeated the same question on a written lesson for about the sixth time George Simon asked: "What was the fifth question?"

Mr. Schmalzried (after looking at George and wondering why he couldn't remember the question): "No wonder you can't remember the question after whom I saw you in the hall with this noon."

### ANOTHER NEW TERM

Miss Harvey (quizzing students about their trip through the News-Sentinel): "What is the morgue, Frank?"

F. Barnhart: "A place where they keep dead people."

### FOOLED YOU THAT TIME!

The sofa sagged in the center,

The shades were pulled just so;

The family had retired,

The parlor lights burned low,

There came a sound from the sofa,

Just as the clock struck two,

And a senior (?) slammed her text-book

With a thankful, "Well! I'm through."

"Is Mary out for athletics?"

"No out for athletics."

"Lot's wife hasn't anything on me," said convict No. 1788, as he turned to a pile of stone.

### A BITTER ENDING

There was a look of anguish on her face which I shall never forget. That any human being could experience such grief, pain, and despair as was written on that beautiful countenance, seemed impossible.

"Oh, this parting is bitter, bitter," she moaned as the quinine capsule came apart just as she swallowed it.

They're all crazy about me here," wrote home the new inmate of the lunatic asylum.

### HER REASON FOR FAILURE

Just see what Mabel wrote on her exam paper! At the top was this:

Oh, Lord of Hosts! Be with me yet,

Least I forget, lest I forget.

About halfway down the page she wrote:

The Lord of Hosts was with me not,

I have forgot, I have forgot.

### SAFETY FIRST

The girl about to travel alone was warned not to talk to strange men. At the station the conductor asked:

"Where are you going?"

"Detroit," she said and he put her on the Detroit train.

As the rain pulled out she looked back and said: "Ha, ha, I fooled him that time. I'm going to Chicago."

### HIGH AIMS

My idea of the height of conceit is a person who takes harp lessons.

### WORTH TRYING

South Side Takes Bloomington Into Camp, 39-0; the Purple Outplayed In Every Respect

## BACKFIELD SHOWS UP FAST

Lighthill, Sprunger, Rahe, McCormack, Rastetter, Nulf, Make Spectacular Runs

In her first appearance here, Bloomington lost her game to the South Side footballers by the score of 39 to 0. The Green and White warriors had little trouble in gaining ground against the Purple, plunging through the line and keeping the Bloomington team puzzled with sweeping enu runs.

In straight football South Side was the stronger. The Kelly-Klad hunters also out-kicked Moser, star full-back of Bloomington. Although the Johnsonites outweighed the Green, it was not difficult for the backs to pick out the defects in the Bloomington defense. The playing of the South Side line was a feature.

The Green and White team started the scoring early when, after a series of line bucks, McCormack buried a pass of 20 yards to Lighthill, who raced 20 yards through a broken field for the first touchdown. Shortly after Sprunger plunged through the line for the second touchdown on a fake. South Side continued the attack and had scored six touchdowns before the final gun.

### Promising Backfield

It was shown Saturday that in Lighthill, Sprunger, Captain Rahe, McCormack, Rastetter, and Nulf, the Welbornites have speed and weight in the backfield. This sextette showed up the best behind the line and brought the crowd to its feet many times with dazzling runs.

A great deal must be said of the Green and White forwards. Although outweighed man for man, they made it possible for the backfield to function as it did, opening up hole after hole and putting forth a good interference.

Even though Bloomington had the heavier line, the Purple was unable to check the rush of the Green. This was their greatest weakness. Moser was the luminary of the Bloomington team. He seemed to be the only one able to carry the ball through for gains. His passing, pivoting and running was the feature of the Purple's attack. Bloomington lost the ball many times on fumbles.

### The Game

Bloomington kicked off to South Side. The Kelly-Klads plunged through the Purple's line for a gain. McCormack was thrown for loss. He then punted to Bloomington's 30-yard line. Moser was thrown for loss and punted to Lighthill. He plunged a yard off guard. The Green's line weakened and South Side was thrown for loss. It was the third down, 10 yards to go.

An end run netted the Welbornites 5 yards. McCormack punted to Bloomington's 20-yard line. Moser returned the punt to midfield. McCormack passed 20 yards to Lighthill who raced 20 yards for a touchdown. McCormack drop-kicked the extra point. Cordell was thrown for loss. Moser punted. Lighthill made the first down on a series of line bucks. McCormack made 2 yards around right end. Sprunger took the ball through the left flanks for the second touchdown of the game. McCormack again kicked goal. On kick-off Sprunger ran the ball back 10 yards. McCormack punted to midfield.

Schoaff broke through the line and threw Bloomington back for a loss of 5 yards. Schoaff intercepted pass and it was South Side's ball. McCormack started a long run but the Green was penalized 15 yards. It was the second down and six yards to go, Bloomington at the quarter. Score: Bloomington, 0; South Side, 14.

### Second Quarter

Bloomington tried a pass but failed. Moser punted to midfield. Lighthill plunged through the line for 5 yards. Sprunger dashed for a gain of 20 yards. On a series of plunges the Green made its third touchdown. South Side lost the ball on a fumble in midfield. Barbier recovered the ball on a fumble by Bloomington. The Purple again took the ball. The Johnsonites made their yards on a series of line plunges. South Side again recovered the ball on the 30-yard line. Nulf punted to midfield. Smith was thrown for a loss.

### Third Quarter

South Side ran back and punted 15 yards. South Side again started a march down the field but was stopped when Nulf started a run which looked like a touchdown but the Kelly-Klads were penalized 25 yards for clipping. With Moser, plunging like a demon, Bloomington made their yards. Moser hurled a pass for a 15-yard gain. A plunge through the center of the line netted another gain of 7 yards. Another pass was completed and the Purple scored its first touchdown of the game on a series of effective line plunges by Moser.

### Fourth Quarter

At the beginning of the last quarter McLucas punted and South Side retained the ball on a fumble by Bloomington. Nulf got loose for an end run and scored after a thrilling 35-yard sprint. He also kicked goal for the point after touchdown. Welborn put in first string men. Sprunger crashed through the center of the line for a gain of 18 yards. Lighthill raced around the end for 40 yards and his second touchdown. On the kick-off the Green and White formed a wedge and took the ball to midfield. McCormack was tackled for a loss, third down, 12 to go. Lundy sent in the reserves again. South Side punted and the Purple returned the punt. Bloomington was off sides. South Side was off sides. Rahe took the ball for 10 yards. Fleming went around the right end for 25 yards. The breaks were with the Green when Bloomington was penalized to within

## TIGERS' GRID SEASON OPENS WITH VICTORY

Two Touchdowns and Place Kick Enables Central to Down Bluffton 16 to 0

Playing its first game of the season, the Central Tigers tore through the Bluffton football team to score two touchdowns and a place kick, winning by a score of 16 to 0 at Bluffton last Friday.

Coach Mark Bills took three full teams and used them to great advantage. The Blue and White showed it has good reserve strength, especially in Worton, who was put in at full-back in the second half and was one of the main factors in Central's attack. Billingsley and Baker both lived up to expectations and played a very creditable game. Steigler handled the team in fine condition but did not do much of the running.

The Tigers did not score until the final minutes of the first quarter when, after working the ball down the field on a series of line bucks, Billingsley dropped back and booted a dandy place-kick from the 35-yard line. Bluffton then tightened up on defense and the Blue and White did not score the rest of the half. In the second half Central let loose and started an attack which carried them to Bluffton's 8-yard line, using Baker and Worton for circling the ends and plunging through the line. Captain Baker plunged through for the first touchdown. Billingsley made the point after touchdown on a place-kick. Later in the half Steigler intercepted a Bluffton pass and on the next play he ran through an open field for the final touchdown. Billingsley missed his boot for point.

## TRACKMEN TO BE GIVEN EQUIPMENT BY WELBORN

Wishes To Give Candidates Training Preparatory to City-Wide Track Meet

Since there is going to be a city-wide track meet the first or second week in October, Coach Lundy Welborn wants all trackmen, who are not out for football, and all boys wishing to come out for track next spring, to report Friday evening for equipment so that they may work out on the track in preparation for the meet. This is a good opportunity for all track men to get experience for next year.

A number of varsity men graduated last fall, especially those in the mile, half-mile, 440-yard dash and the high hurdles. The team also lacks pole vaulters, high jumpers and shot-putters. All men interested please report at Mr. Welborn's office.

## ACTION PICTURES TAKEN OF BLOOMINGTON GAME

Four Photographs by the Jefferson Studio Snapped Showing Teams Playing; To Be in Totem

Four "action" pictures of the Bloomington-South Side football game were taken last Saturday afternoon by the Jefferson Studio. These pictures, it is planned, will be used in the 1926 Totem. Pictures will be taken of the teams in action at all football games. More than four will be taken at the most important games. Students will be asked to take snapshots of all out-of-town games and give them to the Totem. The Jefferson studio, who is taking pictures of home town games, photographed all pictures used in the 1924 and 1925 year books.

## Few Season Tickets Bought by Students

Season football tickets were not selling fast, Mr. Greeley announced yesterday.

Only 50 were sold at the Bloomington game. With these added to those that were already sold a total of 268 have been sold so far this term, though there are 1,230 pupils in school.

With four home games still on the schedule it would cost \$2.00 if tickets were bought each time at the gate, but a season ticket can be bought for \$1.50, which saves 50 cents. Tickets may be bought from Mr. Greeley in Room 94, or from Mr. Virts in Room 146.

## Peru High School Hopes to Have Strong Eleven

Coach John Redmon, of Peru high school, states that since many grid-iron veterans are back in the line-up this year, he expects the team to make a very creditable showing. South Side tackles Peru at Peru on October 3.

Peru's schedule as arranged is as follows:

September 26—Jefferson at Lafayette.  
October 3—South Side.  
October 10—Kokomo.  
October 16—Westfield, there.  
October 22—Funtington.  
October 31—Lichamon, there.  
November 7—Wabash, there.  
November 14—Sheridan.  
November 21—Logansport.

# TENNIS TOURNAYS FOR BOYS, GIRLS WILL BE STAGED

Entries Must Be Handed In By Next Tuesday Afternoon to Room No. 20

## QUARTER FEE IS CHARGED

The Singles and Doubles Tournaments Will Be Held On South Side High Courts

Since the athletic department hasn't the time to sponsor a tennis tournament, the Times will promote this project this fall. All contestants wishing to enter the tournament are asked to sign up in Room 20 next Tuesday afternoon, September 29. To cover all expenses for balls and the like, the Times management is forced to charge 25 cents for singles and 50 cents for doubles entries.

Besides a tournament for boys, there will also be one for girls. An endeavor will be made to present suitable trophies to the winners.

The matches will be decided by the winning of two sets until the final, when three sets will determine the winner. The Times staff urges that everyone enter this tournament as it will be the first tennis to be played on the South Side courts since they have been completed.

## Sport Shorts

Bloomington fought hard and well, but her team was not as experienced as ours. 'Sard luck, Bloomington.

Bloomington's fullback must be given credit. He could play good football, and was the mainstay of the invaders' team.

All the boys plunged through the line and skirted the ends for big gains. Nulf and Lighthill inflicted most of the damage.

But say, didn't the Bloomington team look impressive before the game with their purple jerseys.

And don't mention the weather. It was hot enough watching our gallant heroes perspiring in their heavy winter togs.

A pretty good crowd, but not enough for such a large student body.

"Little" George Nulf looked like a fancy diver when he took that header over the line. In fact, we were almost tempted to give him a Life Saver (peppermint).

Now that we are going to have a tournament in tennis, Sport Shorts requests that every follower of Tilden enter so that he may have the honor of playing on the South Side courts for the first time.

My kingdom for an inspiration, ho hum!

It was nobody's ball for a while Saturday, when Bloomington and our gridders had a good game of "hot hand" in the last quarter.

Central started off with a bang and whitewashed Bluffton by the score of 16 to 0. The Tigers played a real game.

## Society

Bill and Louis Rastetter enjoyed six weeks at Clear Lake this summer.

William Kingsley spent two weeks at Indian Lake, Mich., this summer.

Frank Robertson, Mike Gruenert, Edward Rahe, and Philip Rahe spent a week at Clear Lake lately.

Jack Lighthill spent two weeks at the Y. M. C. A. camp at South Milford. While there he won high points in the track meet, taking the 200 and the 100-yard dashes and tying for first place in the high jump.

Marcella Shalley and Betty Augspurger spent an enjoyable week at Bluffton, Ohio, as the guests of relatives before school started.

James Miles motored to Washington, D. C., where he spent two weeks during his vacation.

Louise Ryberg entertained at her home last week in honor of Hillis Fitch, who recently returned from New York, where she has been visiting relatives. Those present are: Ruth Switzer, Billie Rodebaugh, Winifred Switzer, Margaret Colicho, Margaret Hemrick, Lela Switzer, Hillis Fitch, and Caroline Sellers.

DeNeal Pfeiffer delightfully entertained at her home Friday evening. Helen Sellers, Kathryn Wescher, Hazel Sloan, Virginia Kinnerk, and Kathryn Sellers.

Virginia Woebeking entertained at a dinner party Wednesday evening at her home. Covers were laid for Velma Rolf, Virginia Kinnerk and the hosts.

Mildred Berlien spent her vacation in Plymouth, Ind., and Hamilton Lake.

Garnet Smith spent the week-end in Lima visiting friends and relatives.

Doris Jackson recently entertained a few of her friends at her home. A delightful luncheon was served and covers were laid for Rebecca Andrews, Francis Cook, Mildred Tons, Evert Barry, Willard Harland and Lester DeHaven.

Amelia Dillide entertained a large number of her friends at her home last Saturday.

Dorothy and Martha Meyer spent several weeks at Lake James during the summer vacation.

Wilda Bowser, with her mother, spent two weeks of the summer vacation in Hastings, Mich., visiting her cousin.

Eleanor Wilson entertained the World Wide Guild of the South Wayne Baptist Church at her home last Monday.

Maxine Schmieder spent her summer vacation at Detroit, Mich., and Lake Wawasee.

Isabel Walters divided her summer vacation between Gary and North Carolina.

Arthur Distel, Gerry DuWan, Charlie Brubaker and Frank Bernhardt motored to Kendallville and attended a dinner given by Ethel Wolfe.

Betty Fonnor entertained at a slumber party recently at her home on Woodview Park boulevard. Those present are Jean Gillie, Elizabeth Suter, and Margaret Pocock.

Richard Welch had as his guest for the week-end, LaMar Phend, of South Bend.

Alice Miller entertained at her home in Seminole Circle with a charming party in honor of Roma Barnard, of Syracuse, N. Y.; Margaret Welch, who is leaving soon for Cleveland to attend school; and Doris Speaker, who is leaving in the near future for Indianapolis, where she will attend Butler College. Luncheon was enjoyed during the evening and at a late hour a delightful luncheon was served to Alice Elder, Charlotte Kalicker, Charlotte Scott, Margaret McClintic, Marie Moellering, Aveda and Mabel Diefenbaugh, Ruth Grodrian, Helen Polhamus, Virginia Thieme, Vera Young, and the honor guests.

Mary and Martha Sherman motored to South Whitley on Sunday to spend the day.

Margaret Mailand entertained a number of her most intimate friends at her home on DeWald street last Saturday evening. The features of the evening were a mock wedding, dancing, and five hundred. Prizes in the latter were won by Catherine Fries and Marguerite Rahe. At a late hour a delicious two-course luncheon was served to Mervyn Welch, Marguerite Schwieler, Mary Hale, Catherine Fries, Catherine Childers, and Marguerite Rahe.

### Entire School Attends Year's First Pep Session

The school turned out en masse to the first pep meeting of this year held in the stadium last Thursday after school.

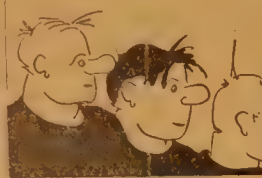

Different arrangements have been made for this year. The music department will have complete charge of the yelling as well as of the music. Three new yell leaders, LeRoy Shine, Sid Pierce, and Howard Crise, tried out at the meeting and also, together with Bartlett Fletcher, led the yells at the Bloomington game.

The following two new yells were introduced at the pep meeting: "Yea! Rah! Rah! Team!" by LeRoy Shine. "Fight! Team! Fight! Team! Fight! Fight! Fight!" by Dean Metzner.

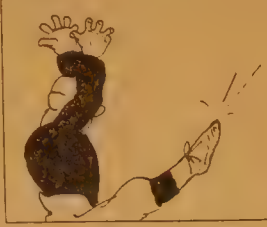

Assembly Committee Appointed For the purpose of having better and more entertaining assemblies at the San Mateo (California) high school a committee has been appointed. This body will give its first program October 2.

### Flag Pole Is Painted By Itinerant Painter

An itinerant painter, who comes through Fort Wayne about once every two years and who makes a specialty of painting flag poles, has just finished doing the one at South Side. He has painted it green.

A kind of black and tackle was used to enable the painter to reach the top. The painter fastened the apparatus around the pole and around himself and moved it up and down at his will.

### "Learn to Work Before College"

So Writes Roger Francis In Article "How About My College Money?"

Most every boy, having entered high school, eventually wonders if he should go on through college. He admires the fellow who is a college graduate and even makes plans for himself to go to college. Yet, generally this is all the further it goes, for there is that question, "How about my college money?"

Here is where the September issue of the "American Boy" gives some kindly suggestions.

"If you want to earn your way through," writes Roger Francis in the "American Boy," "learn a specific trade or business before you go; that is, prepare yourself, while in high school, for a steady and reliable job during college. You will then be ahead of the other fellow for the reason that you 'know your stuff.' Few employers will bother with an unexperienced helper: who is 'a greenhorn.'"

The author of the "American Boy" articles gives the illustration of two college fellows who were hired to work in a book store after school hours. One was experienced in that line, the other was not. Within a few months, "the latter was gently but firmly told that he was not wanted. The other, knowing the business, held the job and was promoted to manager during his junior year." Some fellows, according to the magazine writer, started business of their own and paid their entire way through college.

### Has Lost and Found

In order to lessen the work of the office force of the North high school, Minneapolis, Minn., a bureau for lost and found articles has been established under the auspices of the Blue Triangle club. All articles lost by students are to be called for at a certain room and a small fee will be charged when an article is returned to its owner.

## SO-SI-Y AND U.S.A. TO COLLECT DUES

Clubs to Give "Ship" Parties With Passport Fee Including Dues

Both the So-Si-Y and U. S. A. clubs are planning to give "ship" parties soon. Passports, which will cost 25 cents, will be necessary for admittance. The price of the passport will also include the semester's dues.

A booth where membership cards can be signed has been placed in the hall to aid in the membership campaigns of both organizations. Passports can also be secured there.

The clubs held a short joint meeting last Thursday at which the songs used at Camp Yarnelle and the Girl Reserve conference were learned. Miss Marie Ikenberry, the new associate Girl Reserve secretary, was introduced.

ROWENA HARVEY, FACULTY ADVISOR

What has become of the old-fashioned girl who used to say, "I'll ask mamma?"

Who said these "Move On" signs made them tired? We would suggest a "rest cure" in the gym.

Taxes and registration seem to be the most important topics these days. Tax your ingenuity and register good grades.

A dictionary is written without an index, but that is no reason why we should not be able to find the meaning of a word.

It does not seem so much like a ninth period class when special invitation is sent from the office to those who are invited to attend.

If the needed information can't be found in the text-books, there is always the library. Reference books are provided to help us with our work, and by using them considerable worry can be saved, too.

The booth in the hall used by the girls to secure members for the Girl Reserve clubs worked out very satisfactorily. This same booth might be used to another good advantage for selling season football or basketball tickets.

A mind traffic system for our thoughts would not be such a bad idea, either. When a thought about the next day's football game was headed for a sure collision with an English lesson, a warning signal might prevent a disastrous catastrophe.

Ambition is not an unusual trait of character, but because we are so undecided and are always changing our valuation of certain things, the fulfillment of an ambition seems an occurrence of rare importance. On the first day of school it is quite probable that we all wanted good grades and hoped to see our names on the honor roll. A few weeks often make a great difference. Do the same aims still hold good, or do "fun" and "passing" grades meet the requirements for happiness?

Just as a book is not judged by its cover, neither is a school judged by the architecture of the building. South Side high school is a wonderful building, giving us many advantages which make our work easier, but in spite of all this, the school proper will always be judged by its students.

A high standard in all lines of school work was raised by its pupils during the first year, which every pupil now attending South Side wishes to maintain. Because of this desire we should all be glad to pledge loyalty and service to our school. Being loyal implies that as our school's representatives we are always courteous and fair to those with whom we come in contact. Working for excellence in all lines is another most effective way to be of service.

Again South Side has been honored by claiming the first winner of the Jack Merrill Griffin scholarship a member of its alumni. Not only the first, but also the second place as well was won by a former South Side student.

The winner was selected on the basis of scholarship, character, and general ability. Staley has well fulfilled these requirements, and great things will be accomplished by him in years to come.

Alumni News

Queen Esther Haffert, '25, was married last Thursday to Claude Oran Clark, a resident of this city.

Pauline Sigrist, '24, has spent the summer playing with a girls' orchestra in the east. She will continue her saxophone playing this winter and will return to Indiana University next spring.

Lucile Grosvenor and Margaret Welsh have sent in their subscription to the Times for one term. They are taking a nurses' training course at Cleveland, Ohio, and are room mates. They were both on the Times staff last year. Margaret has one man teacher whom she must like very well because she says he looks and acts a great deal like "Wardo," and teaches like Mr. Voorhees.

Irene Drummond, '25, will leave some time next week to continue her studies at Tri-State college at Angola.

Dorothy Wagner, '25, is remaining in the city this winter because of illness contracted during the summer months.

Frances Buckles and Dorothy Dunagan are continuing their studies at the Indiana University Extension Center at Central high school.

Arthur Sprandel, '25, who is attending the Indianapolis School of Pharmacy, visited his parents in this city last week-end.

Robert Duryee and Ralph Welsh, '24's, who are studying at Purdue University, have been pledged to the Theta Chi fraternity.

The Dean Says

If a school is to attain its highest success there must be unity of spirit. There must be team work and all must pull together. All must work for the good of the whole school, not that of a single group.

Open Letters

To the Editor:

I think that every boy and girl in South Side high school should join some club. The U. S. A. and So-Si-Y are clubs which are conducted under the auspices of the Y. W. C. A. It is the purpose of these clubs to develop its members, socially, mentally and physically. Every girl who joins either of these clubs derives some benefit from them. The boys' clubs which are conducted by the Y. M. C. A. have practically the same purpose. The Math-Science club is one to which every 10-A junior or senior in the school can belong. The Philaethian society is a literary society which offers not only good times to its members, but profitable information.

Thirteen Celebrate Birthdays This Week

Oldest Becomes Seventeen and Youngest, Fourteen; More Girls Than Boys Advance.

Today! Altogether—let's give the glad hand to the fifteen students who will celebrate their birthdays this coming week.

Today two pupils, Ivan Osterman and Pauline Bryant, will have sixteen candles on their cakes, and one, Norma Murphy, will have fifteen to look at. Tomorrow, Friday, October 2, Dortha Thomas will celebrate her fourteenth birthday and Josephine Ansara, her fifteenth. Saturday, October 3, claims two, Isabelle Guenther who will have attained the age of seventeen and Gerald Doty, who will be sixteen. Sunday, October 4, has on record three, Hazel Bridegam, who will drop seventeen pennies in the box, Robert Campbell, who will be fifteen, and James Lang, who will be ending the unlucky year. Monday, October 5, claims Margaret Mailand and Jack Niebergall, who will be seventeen and sixteen respectively. Tuesday, October 6, has only one, Isabelle Wilkinson, who will be seventeen.

# GREEN TO MEET PERU SATURDAY

## TIGERS TO CLASH WITH GREEN MEN IN LEAGUE GAME

To Play Opening Contest of Wabash Valley Conference With Eleven From Downstate

## STIFF CONTEST PREDICTED

Coach Redmon's Men, With Veterans in Line, Have Made Good Showing

To play their first out-of-town game of the season, the Green and White gridders will pack their automobiles and journey to Peru next Saturday. This will be the first Wabash Valley Conference game played by South Side this year. Coach Welborn will take a large squad downstate and expects a hard battle from the Peru Tigers.

Not much is known of the Peru team, but several veteran men are back this year and Coach Redmon's men have made a fine showing so far.

Have Heavy Line  
They have a very heavy line, averaging about 170 pounds, and with two games under their belt the Tigers are growing for more meat to conquer. In their first game of the season they defeated Plymouth by the score of 13 to 6 and last week beat Jefferson of Lafayette 7 to 0.

The Peru backs average about 160 pounds and all are of the line-plunging type. Sharp, Eriengbaugh, and Walke are expected to cause considerable trouble for the Kelly Klads and Captain Church at quarterback is an ace at slipping away from tackle and will keep the Green busy.

Green Ready To Go

The Green and White squad survived the Garrett game in great style and will go on their first journey with full strength. Welborn has been driving his cohorts hard this week in order that they may win their first Wabash Valley Conference game of the season.

The line play in Friday's game was improved over that of the Bloomington game but they are drilling hard to overcome the tendencies for offside which was very evident last Friday. The same line-up that was used last Friday will probably be used against Peru and a large delegation is expected to follow the team to Peru.

## TECH OF INDIANAPOLIS DEFEATS STEEL HIGH

Dayton Team Is One of Best in United States; South Side Plays Tech November 5

Technical high school of Indianapolis last Friday did what they have been trying to do for the last two years, when they defeated Steele high of Dayton, 6 to 0. Steele high is rated as one of the best teams in the United States and for the last two years have defeated Tech by top-sided scores.

South Side will journey to Indianapolis November 6 to do battle with Technical high school.

The game was always in doubt and three times the team from Dayton threatened to score from the 10-yard line. Tech made ten first downs and completed seven passes compared with five first downs and nine passes made by Dayton.

Tech's only marker came in the first quarter after a brilliant run by Johnson, which put the ball on Steele's 6-yard line. A quarterback sneak put the ball over. Balay's drop-kick missed.

## Players Numbers are Printed for Fans Use

Purple Beaten  
Lebanon high school defeated Bloomington at Lebanon by the score of 19 to 0 last Saturday. The game was featured by long runs of the Lebanon Backs.

South Side defeated Bloomington 39 to 0 two weeks ago at the stadium.

Athletes Go to Purdue

Ed Rahe and Bob Jurgensen, former South Side athletes, have left the city and journeyed to Lafayette where they will enter Purdue university.

## Toledo Waite High Eleven Crushes Huntington, 89-0

Huntington lost to Waite high school, of Toledo, by the overwhelming score of 89 to 0 at Toledo last Saturday.

It was evident from the beginning of the game that the Lime City lads were outclassed, but they fought all the way, which drew the admiration of the four thousand fans that saw the game.

Many Huntington players were injured.

Waite high is said to have one of the strongest teams in the history of the school and will again be serious contenders for the national title which it held a few years ago.

South Side plays Huntington October 17 and it will be interesting to note the respective scores. Huntington defeated South Side last year 13 to 6.

## CENTRAL-DECATUR GAME DOPED FAST

Blue in Good Condition to Meet Old Rival; Both Lose Their Week-End Contests

Next Saturday the Central Tigers will tackle their third foe of the season when they meet the Decatur high gridders at the stadium. Decatur is a veteran on the Blue schedule and is rated as being a dangerous team.

Last Saturday Decatur was defeated by the strong South Bend high eleven by the score of 40 to 0. Decatur had a heavy line but seemed very weak against the running attack put up by South Bend. Moser, Bogner, Keywolds and Zwirk form the backfield and everyone is a hard hitter.

Smarting under a 12 to 13 defeat handed to them by the LaPorte eleven, the "Fightin' Tigers" are determined to make amends next Saturday with a victory over the southern team. The squad survived the game in fine shape and is in the best of condition.

LaPorte presented a formidable array of gridders and both teams were playing at top speed all the way. Baker was the chief ground gainer for the Blue army while team and carried the brunt of the attack. Time after time he would shoot off-tackle for large gains. Billingsley appeared for the first time before the home crowd and lived up to all predictions. He appeared exceptionally good at running the ends. Worton, fullback, was used entirely for hitting the line and plunged through for several healthy gains through the center of the line.

The entire LaPorte backfield worked smoothly and consistently but the Orange-jerseyed punters lacked distance in their kicks; this gave the Tigers several opportunities to score.

Central has a well-balanced team and have many trick plays. A triple pass behind the line of scrimmage had the LaPorte team baffled many times.

At the kick-off Central took the ball down the field and it looked like an easy game for the Blue but LaPorte held and Worton could not break through. The Tigers again marched down the field after a poor punt by LaPorte and Captain Baker carried the ball over the line for the first touchdown. LaPorte scored on a fumble of a punt by Worton and the half ended with LaPorte on the long end of a 7 to 6 count.

Both teams battled evenly until toward the final moments of the last quarter, when Baker again went off tackle to a touchdown. It looked like Central's game but LaPorte opened up an aerial attack and Classen snagged a 25-yard pass for a touchdown.

## Schmalzried and Davis Officiate at Mishawaka

Mr. Schmalzried and Mr. Davis, of South Side, officiated at the Mishawaka-East Chicago football game Saturday.

Mr. Davis was head linesman, while Mr. Schmalzried umpired. Both are experienced officials in all lines of sport and are called upon about every week to officiate.

Mr. Schmalzried proved that football could be punctured when, just as the gun went off at the end of the game, he fell on the ball and bursted the bladder.

## PERU AUTO ROUTE

To reach Peru by automobile, one should go to the end of Broadway, take state road 13 to Wayne-dale, turn right onto state road 7, follow that to Huntington and then take state road 7 to Wabash and on to Peru. The distance to Peru is about 70 miles.

The roads, however, are in poor condition, being full of fresh gravel and chucks. The roads are winding and hilly. Inexperienced drivers are advised not to attempt the trip by automobile.

## GREEN AND WHITE DEFEATS GARRETT IN GRID CONTEST

Kelly Klads Down Maroon and Blue, Piling Up 20 Points to Opponents' Nothing

## AERIAL ATTACK Baffles

Puzzling Passing Employed By Up-State Team Is Mystery at First

The Green and White gridders romped over Garrett last Friday afternoon for a 20 to 0 win after being held to a single touchdown in the first half. Both teams fumbled the ball a great deal in the first half and were penalized frequently for being off-sides. The Maroon and Blue team fought hard in the first half and had South Side baffled for a while with their aerial attack.

## Lighthill Scores First

The Green's first marker was scored in the first quarter when Lighthill took the ball over the goal from a three-yard line after the Kelly Klads had taken the ball down the field on a series of end runs and line bucks. A pass from Lighthill to McCormick netted a 10-yard gain; McCormick missed the boot for point after touchdown on a fumble. From this point on Garrett tightened and held South Side in check. Just before the end of the first half the Maroon and Blue threatened to score when they marched down the field by a puzzling passing game with Sapp hurling the ball and Williams receiving. But South Side held them in check, breaking up pass after pass. Fifty seconds before the termination of the first half Stanley's men lost the ball on an attempt to place kick by Sapp. The score was 6 to 0 at the half.

## Second Half

South Side opened up in the third quarter and scored two more touchdowns before the final gun.

The Kelly Klads were on the verge of making their fourth touchdown when they had the ball directly under the goal posts but the gun stopped them.

Nulf rushed through the line in the third quarter and made the point after touchdown on a drop-kick. A few minutes later Staigh intercepted a pass and ran 25 yards for a touchdown, which ended the scoring. Nulf booted the ball over for the point.

Garrett showed a lot of fight and hit the line hard. The men who showed up best for the visitors were Sapp, Williams, and Brown. Sapp, their diminutive quarterback, played a good game and Williams pulled down some difficult passes. Brown proved to be a heavy line plunger and punted well.

## Rahe and Rastetter Star

Captain Rahe and Rastetter played a fine game at quarter back for the Green. Both handled the team well and got it out of some difficult situations. Sprunger proved his ability in hitting the line, while Nulf and Lighthill raced around the ends for big gains.

South Side did not use a very large variety of plays, depending a great deal on plunges and end runs. Garrett played a hard, steady game and gave the gridders a hard battle in the first half but seemed to weaken toward the end. The final score was 20 to 0.

This Week's Games  
Huntington at Kokomo.  
South Side at Peru.

South Side and Peru high schools are the only teams in the Wabash Valley Conference have not played any games in the Conference schedule. At the present time, Wabash and Huntington are leading with one game won apiece and none lost.

South Side is ranked as having one of the best teams in the league and is counted upon to be up in the front fighting it out with the leaders.

This week, South Side will journey to Peru and play the high school team there. This will be the first game for both teams in the Conference. Both have played one or two games outside the standing. A win for South Side, providing Kokomo defeats Huntington, will place South Side even with Wabash as the latter is not playing a Conference game.

If Huntington wins from Kokomo they will lead the league with two wins and if South Side loses the Kellys will share the cellar position with Logansport and Kokomo.

## South Side Picked

The dope bucket says that South Side will defeat Peru and that Kokomo will defeat Huntington. This means that South Side and Wabash will lead the procession after Saturday's games.

Wabash high school will journey to Fort Wayne October 24 and give battle to the Green and White on the local stadium.

Last year South Side was defeated by the score of 32 to 19 in a game featured by brilliant one field running by both teams. Wabash beat South Side on forward passing, scoring three touchdowns by that method.

## Wabash Beats Kokomo

This year Wabash has shown plenty of stuff by trouncing Kokomo 14 to 0 last Saturday. Ross, who was the trouble maker for South Side last year, is going better than ever this year. The flashy halfback ripped around the ends and toe off-tackle Saturday to make both touchdowns. Last year he scored twice against the mighty South Side team and when he gets in an open field he is gone. Bolby, Wabash end, proved to be a wonder against Kokomo as he broke up play after play and threw his man for a loss practically every time.

## Wabash Team Strong

The Wabash team is heavy and fast this year, with their line averaging 180 pounds. The back-field is built around Ross, who is a junior, and they are all rangy and fast.

South Side now has walloped Garrett two years by the score of 20 to 0. Peculiar, isn't it?

Oh, Boy! How that Garrett team could tackle.

And Our Gang weren't any slouches at it either.

I Won't Move!! cries the stadium. Fill 'er up, gang, till it stops yelling.

Next Saturday the team meets the Peruvian Tigers in their lair. We would like to see a large crowd keep the team company down there.

This will be our first Wabash Valley Conference game.

Starner of Garrett surely looked "bad" without a helmet.

Tough luck, Central! You should at least have had a tie.

Well, pretty soon the frost will be on the "punkin" and young man's fancy will "lightly" turn to thoughts of overcoats!!!

Sprunger deserves mention for the way he hit the line.

He can not be called a second Richendollar because of one reason: he hasn't Melv's wonderful raven locks.

## DEAN TELLS MATH CLUB OF TOUR THIS SUMMER

"I Was Especially Interested in Scotland and England," Says Miss Pittenger; Others on Program

"I enjoyed my trip abroad so much that it is hard to confine my speech to any special points," said Miss Pittenger when she addressed those present at the meeting of the Math-Science club last Friday night, September 26.

"I was especially delighted with Scotland and England, as to their manners and customs. I and the party that I was with traveled through Italy. We found Venice romantic and interesting although the old gondolas are being replaced by motor boats. I spent five hours wandering through the ruins of the Roman forum. The short cruise on the Mediterranean was enjoyable. I traveled a few days at Paris. I was thoroughly impressed with the way the Belgians revere the honor of their dead soldiers by keeping an eternal fire." This was the gist of Miss Pittenger's talk.

Bill Glading and Durward Allen gave enlightening talks on the leaf collection they have, giving the scientific names of each and enumerating some of their characteristics. Durward Allen gave many statistics on the use of wood per year.

About seventy students and faculty advisors attended the first meeting. Those of the faculty who were present are Mr. Brand, Mr. Greely, Mr. Gould, Miss Thorne, Miss Pledler, Mr. Virts and Mr. and Mrs. Whelan.

The new officers who were installed are Morris Felger, president; Walter Hallstein, vice-president; Katherine Chapman, secretary, and Ralph Frank, treasurer.

The latter part of the evening was spent in playing games such as, the "chair race," and "popular airs." Refreshments consisting of plums and cookies were served.

## The Line

The writer of this column feels that too much credit is given in the press and by the spectators to the backfield men who carry the ball. Hence the birth of this column.

Everyone should know that the line makes it possible, by opening holes and blocking secondary defense, for the backfield to gain.

## In the Bloomington Game

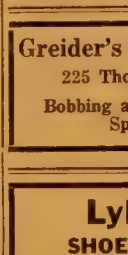

Do you know that: Dick Wiener knocked the half-back off his feet when Lighthill made his first touchdown in the Bloomington game? That Schopf intercepted a pass in the Bloomington game? That the line made holes a mile wide so that the backfield had nothing to do but carry the ball through?

Dick Wiener

## In the Garrett Game

Do you know that: Staight intercepted a pass and ran for a touchdown? Kingsley recovered a fumble? Garrett did not make three first downs through the South Side line? Do you know that coaches prefer a good line and a fairly good backfield rather than a good backfield and a fairly good line?

## BOYS' GLEE CLUB ELECTS HIRE PRESIDENT FOR TERM

Emmerson, Vice-Head; Laubenstein, Secretary; Clayton, Reporter; Three on Social Committee

Virgil Hire was elected president of the Boys' Glee club while Leslie Emmerson will be vice-president, Craig Laubenstein, secretary, and Jack Clayton reporter, at a meeting held last Thursday in Room 35.

Three boys to make up the social committee will be chosen later by the president.

Twenty members were present at the first meeting but more have signed up. The club meets the sixth period on Monday, Wednesday, and Thursday. One-fourth of a credit is given for successfully completing a year's work in the organization. The orchestra now has forty-five members who are busy getting ready for special programs to be given during the year.

Several new quartets are being formed in the music department. George Patterson, Ralph Frank, Orion Patch, and Sam Fay form the brass quartet. A saxophone quartet is also being organized. A boys' quartet, a girls' quartet, and a string quartet are also being formed. It is intended that these quartets will make up parts of the programs for the various meetings.

Chester Wyneken To Be the Editor; Maynard Patterson in Charge of Finances

### WORK TO BEGIN PROMPTLY

Individual Picture Taking Starts October 14; Big Staff to Be Named

To Chester Wyneken goes the honor of being editor of the 1926 Totem. Maynard Patterson has been selected business manager, Thelma Gasser, circulation head, and Mildred Obenour, in charge of the advertising. The rest of the staff will be chosen by Monday.

### Wyneken Has Training

Wyneken is now business manager of the Times but he will resign that position to take up the editorship of the yearbook. Last semester he held down the same position and in 1924-25 was circulation manager. Although he has had only one year of experience in journalistic activities, much is expected of him.

Maynard Patterson has had a great deal of experience on the Times staff, having been managing editor last fall before he took up work on the Totem staff, serving as junior assistant.

### Assistants From Times Staff

Thelma Gasser will be as capable a circulation manager as any that has ever had charge of that department and under her first month's management, the Times has had more subscribers than it has ever had in former years in that space of time.

Although Mildred Obenour has been doing circulation work, as assistant to Thelma, she has also had experience with advertising. She will need several to assist her.

### More Assistants Needed

As yet only about fifteen have been applied for positions on the annual, but there is work for at least thirty-five, not including room agents. Persons who have had experience on the Totem and any wishing to start this line of work in preparation for next year, should see within the next week Miss Harvey, Chester Wyneken, or Maynard Patterson, according to the kind of position desired.

In order to train more people for annual work and to produce a better book, some positions have been split and others created, thus making the staff larger.

### Work To Begin Immediately

Contracts for the photography and engraving will be let within the next ten days.

As a late start has always been the cause of a rush in the spring, every effort will be put forth to get everything well under way this winter.

### Individual Pictures To Be Taken

Seniors will start to have their pictures taken at least by October 14 and the rest of the individual photography will follow in quick succession. Everyone will have his photograph in the annual, as last year.

The subscription campaign will begin immediately after the state teachers' convention which is being held October 22, 23, and 24. Advertising will be solicited at the end of the football season.

### DEBATE CLUB TO HAVE BIG MOCK TRIAL TODAY

Mary Alice Tannehill Accused of Disturbing Public Peace by Chewing Gum

Accused of disturbing the public peace by chewing gum, Mary Alice Tannehill is to be arraigned before Judge Maynard Patterson at the mock trial which is to feature the meeting of the Debate club today directly after school in Room 86.

As is to start the examination of witnesses. She will then turn them over to the attorney for the defense, Gertrude Schuelke, for cross-examination. Two witnesses are allowed on each side.

After the examination of witnesses, the two attorneys are to plead before the judge. The attorney for the defense will close the case with the final plea of "Not Guilty."

Ruth Eickmeyer is the clerk of the court and the other club members are the jury.

Several names for the club are to be suggested at the meeting tonight. As far as the committee, which consists of Cornelia Bade, Ruth Eickmeyer, and Gertrude Schuelke, have been able to find out, the name "Webster Club" meets with the most approval.

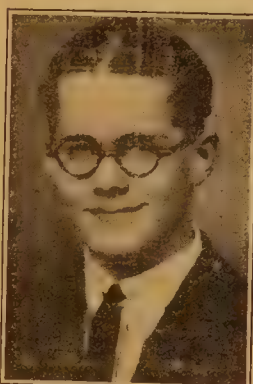

### New Course Added

A course in linotype instruction has been started in the Central high school, Kansas City, Mo., and is open to the second year printing students. This course consists of studying the mechanism, care, and use of the linotype machine.

### Destinies of 1926 Year Book Entrusted to Wyneken, Patterson

Chester Wyneken

Maynard Patterson

The task of making the 1926 Totem measure up to the standards of the 1925 annual, new holder of the high school year book national championship, has been given to Chester Wyneken and Maynard Patterson, editor and business manager, respectively.

### GYPSIES TO ROAM AT FOSTER PARK

Elsbeth Crane is Appointed Secretary; Programs Named for Entire Semester

"Don't forget your gypsy colors for Romany Day, October 13, because you can't get into the park without them," warns Elizabeth Schmidt, social chairman, who has charge of the So-Si-Y picnic, which will be held next Tuesday at Foster Park.

The program will be carried out in true gypsy style with games, contests, and eats. The club will furnish buns and meat, and the members may bring any other "eats" to complete their lunch.

Those wishing to attend please sign up in Room 36 by the end of the sixth period Monday, so the committee may make final plans.

Elsbeth Crane has been appointed secretary of the club to fill the vacancy made by the resignation of Dorothy Somers, who was selected to that position last spring.

Committee heads have also been appointed. They are: Membership, Ruth Eickmeyer; program, Margaret Crosbie; service, Marguerite Schwier; social, Elizabeth Schmidt; and publicity, Ruth Watkins.

The program committee has completed the semester's program. Copies of it will be distributed at Tuesday's meeting. It is as follows:

October 13—Cargo in the Hold.  
October 27—Treasure Ahead.  
November 3—Sister Ships.  
November 24—The Look-out Sights Turkey.

December 8—The Crew in Trim.  
December 22—S. O. S.  
January 12—First Watch Relieved.

### EIGHTY-SIX ADMITTED AT NOVEL SHIP PARTY

Chapel, Singing, Refreshments Make Up Program; Year's Plans Announced

"Suspicious! You'll have to be put off the boat," said Mildred Kessler after examining the bag of Dorothy Hoffman, at the U. S. A. ship party last Thursday. Such things were heard when the bags of the passengers had been searched before they were admitted to the party.

About eighty-six out of the ninety-one members were present.

Chapel was held with Ruth Stroebel in charge.

Interest groups were started for the purpose of getting the girls acquainted and combining their hobbies.

Claire Staley was put in charge of the sports section, Marcel Baals, chairman of the art department, Virginia Hackney, head of the music group, and Margaret Pocock, supervisor of the dramatic section.

Janette Duryee, Ruth Egan, and Eleanor Wilson, accompanied by Virginia Hackney, gave the "Sailor's Hornpipe Dance." After games and singing and refreshments, the party closed with the Girl Reserve Code.

The line of thought for this semester's program is "The Quest." It is as follows:

October 15—The Great Quest—Miss Conde.  
October 29—Romany Day.  
November 5—Questing Together.  
November 19—Searching for Understanding.

December 10—Santa's Bequest.  
January 14—Extending the Quest.

### Hundred Forty-Four Forget Locker Keys

Seventy-three girls and seventy-one boys, making a total of one hundred forty-four, have forgotten their locker keys in the first two weeks of school. Forty-three girls called upon Miss Fiedler, who is in charge of the girls' locker room, to open their lockers last week. Mr. Greely is in charge of the boys' locker room.

### SOUSA'S FAMOUS BAND WILL PLAY HERE OCTOBER 30

One Hundred Musicians Will Come to South Side Friday Afternoon and Evening

### FINE PROGRAM EXPECTED

Musical Novelty "Showing Off Before Company" to Be Introduced by "March King"

John Philip Sousa and his band of one hundred musicians have been engaged to come to South Side Friday afternoon and evening, October 30. The performances will be given in the gymnasium. Lieutenant Commander Sousa and his well-known organization come here under the auspices of the school.

Fair prices will prevail at both concerts, the proceeds of which will go to South Side's music fund. There will be a special reduction for school children at the matinee.

### Is On Long Tour

Lieutenant Commander Sousa is now on his Third-of-a-Century tour with his wonderful band. Though he is seventy years old, he is as able as ever. His present trip will cover forty-three states and four Canadian provinces and will last thirty-five weeks. The trip began in Hershey, Pennsylvania, July 4, and will end in Richmond, Virginia, March 6. This will be his fourteenth trip from coast to coast.

### Musical Vaudeville Promised

A musical novelty entitled "Showing Off Before Company" will be introduced by Lieutenant Commander Sousa at the matinee performance. Various members of the band will do individual stunts. The clarinets will play the ballet music of Sylvia, which will be followed by more individual stunts. The whole performance will revolve itself into a musical vaudeville. Mr. Clarence Russell, the band librarian, will describe the various instruments and their part in the ensemble. There are many instruments in Sousa's Band that are not seen elsewhere.

### Will Play at Universities

From here Lieutenant Commander Sousa will go to Indiana University, Bloomington, Indiana, then to Purdue University, Lafayette, Indiana, and from there to the University of Illinois, Champagne, Illinois.

### MUNCIE TEAM SCORES 224 POINTS THIS YEAR

Downstaters Average 75 Points per Game; Considered Hardest Opponents on Green's Card

Muncie, probably the hardest game on the Green's schedule, has been going at a great pace. They have scored in the first three games 224 points to their opponents' none for an average of about 75 points to a game.

In their first game the Bearcats defeated Knightstown, 110 to 0. Two weeks ago they swamped the strong Bluffton team, 58 to 0, and last week they defeated Newcastle, 66 to 0. They have one of the strongest teams ever representing Muncie, and the Battlin' Green will have to fight hard to win with the Bearcats, October 31.

### Patterson Gives Talk on Athletics at Club

Maynard Patterson, of South Side, and David Heaton, of Central, as the guests of the Rotary club, each gave a short talk on the importance of high school athletics as a civic asset at the meeting last Monday.

Both pointed out that the development of athletics was an important civic asset. Maynard Patterson stressed the point that if the business men attended the games all the year round the students would think that athletics are important because the leaders of Fort Wayne are interested in them.

David Heaton, of Central, explained that amateur athletics affords the broadest field in which every one ties from generation to generation. He went on to say that amateur athletics develop sportsmanship and loyalty.

Chester Wyneken gave a talk before the Optimist club Wednesday on "Why Amateur Athletics Should Be Supported Rather than Professional."

### Lost, Found Collection Includes Many Articles

The following articles have been found and can now be reclaimed at the office: 4 fountain pens, 1 pocket knife, compass, 3 odd keys, 2 pins, 2 rings, green pocketbook, pencil, comb, and 3 compacts, one of which contains locker key 437.

The following locker keys have also been found: on key rings the keys 1000, 762, 428 and one tied in a corner of a handkerchief number 266; also the following twenty-four: 10, 53, 115, 160, 199, 201, 212, 214, 227, 256, 289, 303, 337, 348, 580, 619, 688, 695, 765, 772, 809, 843, 911, 954.

### Headed Editorial Staff of National Prize Winner

Hubert Beck was the successful editor of the 1925 Totem, the best in the United States.

### Directed Fund Raising for South Side Annual

At the head of the business department of annual staff was Harold Bridge, who raised enough money to meet the editorial needs.

### TWO TEACHERS GIVE TALKS AT ART CLUB

Membership Increased Since June; Plans for Notebooks To Be Kept On Lecture Hints

Members of the Art club at the meeting Monday, October 5, enjoyed a talk by Miss Pape, the new art instructor, on "Art Clubs in Other Schools." Miss Pape told the girls how they could make their club more successful, have more good times and make it an educational club as well.

Miss Ley gave an outline on good dress, classing the suggestions under Costume, Footgear, Headgear, Colors, and Velis. Dorothea Kohlmeier then gave a vocal solo.

The art drive has proved a success, as many new members have been added to the roll. Plans were made at the meeting. One is that the making of notebooks in which to keep the suggestions given in lectures. The club is also planning to make Christmas novelties.

### FIFTY-EIGHT TEACHERS, GUESTS ENJOY PICNIC

Instructors and Their Families Have Big Time at Foster Park

The teachers' picnic, which was held at Foster Park on Thursday, October 1, was a huge success. About fifty-eight instructors and families were present.

The merry-makers played many games, including "Drop the Handkerchief," baseball for the men, and apple-eating contest for the ladies. The apples were suspended from trees and the ladies were obliged to eat the apples without the use of their hands.

The eats were plentiful and consisted of ice cream lollypops, coffee doughnuts, potato salad, beans, ham burger sandwiches, cider, pickles, and olives.

The teachers had some very interesting visits among themselves, and everybody had a wonderful time.

### G. Ammerman Chosen Leader of Quartet

Gerald Ammerman has been chosen by Mr. Schafer to form a saxophone quartet. The following have been chosen members of the quartet by Gerald: Paul Berlien, Herbert Snyder, and Eugene Mitten.

"The quartet will make its first appearance in two weeks," states Gerald. Their music will be both popular and classical.

Mr. Schafer will accompany the boys until another pianist is secured. The quartet is the first of its kind in the history of South Side.

The boys will furnish music for private dances, or at any function where their services are required. The proceeds will be appropriated to clear the debt incurred in the purchase of the band suits.

### Enters School Here

Margaret Schubert has entered South Side from Kokomo high school.

### IS BEST HIGH SCHOOL ANNUAL ENTERED IN NATIONAL CONTEST

School Will Be Presented Huge Silver Cup; Judges Give Rating of "Excellent" to Nineteen Out of Twenty Departments of Year Book; Other Department Called "Good"

### MANY SCHOOLS WRITING TO GET COPIES

Judges of Art Crafts Guild Are Harry Hillman, Editor of "Inland Printer," and Ralph D. Rodgers, President of Printing Company; Both Are Experts

The 1925 Totem has won first place in the United States. This achievement was made known this week when announcement was made of the results of the national year book contest conducted under the auspices of the Art Crafts Guild of Chicago. This award was made in the class open to all the high schools in the country having an enrollment of 500 or more.

A silver loving cup, nearly three feet tall, will be given the school. Second and third place winners will also be presented silver trophies.

Judges Are Experts  
The judges of the contest were Harry Hillman, editor of "Inland Printer," an authority on art, make-up, printing and engraving, and Ralph D. Rodgers, president and general manager of Rodgers and Company, a printing and engraving company noted for the fine quality of work they produce and a competitor of the companies using Art Crafts Guild service.

Because of the large number of entrants, the judges took six days to examine all the year books. Judgment was based on editorial make-up, cover design, fly sheets, snapshots, opening pages, division pages, section pages, beauty, view, feature, humor, class, athletic, and organization sections, literary content, page balance, originality and mechanical make-up, including photography, engraving, art, and printing, and financial status.

### Departments Rated Excellent

The judges gave the highest rating possible, "Excellent," to all of these divisions, except the feature section, which they said had too wide a border around the pictures. The rating was placed on a grade card which was sent to the Totem, to be used by the editor of the 1926 Totem to eliminate the mistakes made the year previous. This grade card is reproduced in the next column.

Second place in this contest was won by the Quivarian, of Kansas City, Kansas, high school, the book which won first place in the United States the past three years. They will be awarded the second place cup which the Totem had last year and which was sent back to the Art Crafts Guild this fall. The annual of Waite High School, Toledo, took third. The Guild cups must be won two years in succession or any three years for permanent possession.

South Side has a smaller enrollment than either Kansas City or Waite high schools, which have 1800 and 1500 pupils.

### Announcement Expected Soon

The cup won by the Totem will be sent after the official announcement is made in the September issue of the Art Crafts Review which will be issued within two weeks. Considerable space in this national magazine will be given to the Totem.

Indiana University and Butler university, of Indianapolis, are other Indiana schools to win places in the Art Crafts Guild contests. Indiana university won a cup for making the greatest improvement within one year in the group containing the colleges and universities with an enrollment of 2,000 or more. The Butler "Drift" won first place for having the best book of the universities and colleges having an enrollment of less than 2,000.

### Contests Are Extensive

The Art Crafts Guild has been conducting this national contest for four years and expects to continue the contests indefinitely. Awards are given for first, second and third places in seven classes, three of which are for colleges and universities and four for high schools and girls' schools. Classification include universities and colleges with more than 2,000 enrollment, those with less than 2,000 enrollment and those with less than 700 enrollment. The other classes include high schools having more than 500 pupils, those having an enrollment between 500 and 200 and those having less than 200. The other class is for girls' schools.

The Totem has received many inquiries for books and has sold a number to other schools. Yesterday it received a check from an engraving company in Los Angeles.

### Totem Is In Demand

The Totem was managed by Hubert Beck, editor; Harold Bridge, business manager; Richard Porterfield, advertising manager, and Mary Monroe, circulation manager. Approximately seventy-five persons worked on the Totem last year, including the business staff.

### Freshmen Don War Paint

The freshmen of the Kansas Wesleyan University were required to don war paint for the first week of school. Two girls were painted like circus queens with a gold star on each cheek. A ducking was promised for not painting themselves.

### TOTEMS FOR SALE

A few Totems remain from last year, as an over-supply was ordered then. These may be bought for \$3.00 in room 20 from Miss Harvey. Since many schools and engraving companies are writing in for copies, persons desiring Totems are urged to act promptly.

CORNELIA BADE, STUDENT COUNSELLOR

ROWENA HARVEY, FACULTY ADVISOR

Pay your Times notes now!

Try not to be "I'm a Nut." Try to be "I'm not a Nut."

Repeat the process using Logansport instead of Peru, team!

"Practice what you preach", doesn't mean that we should preach what we practice.

If necessity is the mother of invention, we wonder who invented chewing gum in the classroom.

Our idea of a good loser is one who can keep his seat during an exciting pinch in a football game.

We must have few supporters of our thrifty Coolidge with so many students wearing full-cut trousers.

Don't you feel "rushed" when you are putting forth all your physical strength to reach the locker room in a jam, and glance at the sign "Move On?"

All the "I told you so's" will have a chance to make a little speech when they learn that the Honor Study Hall is a success so far. (I told you so.)

After going through the halls between classes and arriving safely at our destination, we are prepared to testify that it is indeed a "school of hard knocks."

The time is near when the fourth president for the senior class is to be chosen. A capable student with high ideals, and a good scholastic standing, should be elected head of the first class to complete all its high school work at South Side.

Evening classes are now being offered in Fort Wayne by the Indiana University Extension whereby graduates of high schools may receive specialized training in various courses of higher education. It enables a student to remain at home and even work while increasing his knowledge or working for credits toward a university degree. High school students now should plan accordingly to derive the most good from such an offering of our State University.

When a sentence is read it does not necessarily follow that it is understood. So often it seems that the lessons we try to learn, just absolutely can't be understood. Perhaps we have read and re-read until we can repeat every word—and still it remains unintelligible. The thing that most of us don't understand, is that we can't grasp the thought of the whole, just by pronouncing the words. If we have never heard of or seen a cat and someone should spell "c-a-t" we might think he had said "see a tea" and of course we wouldn't understand that. If we would become as thoroughly acquainted with the meaning of each word as we are with the letters which spell it, the purpose intended by the author of our text books would no longer seem such a mystery.

## THE GRITTY GRIDDER

Our little hero had his picture taken this time as he was merrily trotting home about 6:00 p. m. after several hours' practice on the gridiron. Anyone who can whistle on his way home from the stadium with a broken arm or some other injury surely has grit. He deserves recognition as a gritty gridder on the gridiron.

### A Mite of Verse

An Autumn Song  
There is something in the Autumn  
that is native to my blood,  
Touch of manner, hint of mood;  
And my heart is like a rhyme,  
With the yellow and the purple and  
the crimson keeping time.

The scarlet of the maples can shake  
me like a cry  
Of bugles going by.  
And my lonely spirit thrills  
To see the frosty asters like smoke  
upon the hills.

There is something in October sets the  
gypsy blood a-fire;  
We must rise and follow her,  
When from every hill aflame,  
She calls and calls each vagabond by  
name.

Bliss Carman.

### And Werse

A Football Song  
I  
They talk of joy in fighting  
Mid whistling shot and shell;  
They rhyme of bliss in love's sweet  
kiss.

A bliss that none can tell;  
For ages they've been lirting  
The praise of ruby wine—  
All joys most rare, but none compare  
With tacklin' 'hind the line.

Give me the football battle,  
The captain's signal call,  
The rush that fills the heart with  
thrills,  
The line that's like a wall.  
Give me the hard-fought scrimmage,  
The joy almost divine,  
When like a rock we stand the shock  
And tackle 'hind the line.

The muse has long been singing  
The joy the half-back feels  
When like a flash he makes a dash  
And shows the "bunch" his heels  
His joy may be ecstatic;  
It can't be more than mine,  
When with a smile amid the pile  
I tackle 'hind the line.

To smash the interference  
Fills me with heartfelt glee;  
To make a lunge and stop a plunge  
Is more than gold to me.  
In running with the pigskin,  
I ne'er was known to shine,  
But I can hew my way clear through,  
And tackle 'hind the line.

There may be joys in heaven  
More tender and more tame,  
But I don't care to go up there  
Unless they play the game.  
There're gridirons down in Hades,  
But even there I'd pine  
To be once more on this fair shore,  
To tackle 'hind the line.  
—The Sphinx, University of Wisconsin.

### Open Letters

What's the Score?

To the Editor:  
What's the matter with our scoreboard in the stadium? We do not see it anymore. Is it lost?  
We ought to have a scoreboard as everyone should know the score so he will not have to ask the guy next to him. Let's have a scoreboard and save our voices to yell!  
Lester DeHaven.

Silence, Please!

To the Editor:  
During the two pep meetings we have had in Room 3, many of us would have enjoyed the band and orchestra music much more if it had not been for the continual buzz of conversation. Every year this annoying habit on the part of many students has been commented upon and the students were asked to show more courtesy and consideration, however with very little effect.  
If everyone would try listening to the music and the speakers just once, perhaps they would appreciate them enough to listen all the time. Don't you think so?  
A Senior.

### I'm A Nut

I'm the nut, if that is what you insist on calling me, who never does anything for anyone. In the first place this is a "free country" to do as we please, so I don't believe in helping anyone even if they just ask me to open the front door for them when they have a load of books or something. I just walk on in and let the next fellow do it.  
Say, how come do people take so many books home if they can't open a door while they are carrying them back to school. Of course, if I would ever take a load of books home, I would make some one not only open the door for me, but also carry part of them to school.

### I'm Not A Nut

I am not a nut, at least in one respect. I am not like the gink who thinks he can run everything (even my Ford) in his own way. I just take things in a natural way and when somebody gives me some good advice I make the best of it and try to use it to a good advantage. I don't keep on following my old methods and ruining everything I undertake to do. I take on new ideas and profit from them.

### In the Stone Age

OCTOBER 6, 1922—  
We're still walking on the concrete floor without a linoleum covering which makes it seem all the more like the stone age.

The first issue of the Times is published. Cornelia Bade begins her journalistic career as a reporter.

The first football game in history of the school is staged. Aldrich is only player still enrolled at South Side.

Two per cent of students are absent (including Mel Richendollar).

A setting-up conference at Camp Yamelle is held by So-Si-Y and U.S.A. clubs.

Mr. Voorhees gives a test since the noise of the contractors in north end of building is disturbing the peace of the community.

South Side is still under construction. Half-day sessions continue. (What luck!).

HOW TO REDUCE  
By Otto Barbier

Dumb: "Did you know there was going to be a fair in Fort Wayne next week?"  
Dora: "No, how did you find it out?"  
Dumb: "Well, didn't you see in the paper where it said 'Fair and Warmer next week?'"

Mr. Schmalzried (in civics class while discussing bankruptcy): "Bill, how does a man court himself?"  
VanNess: "He doesn't, he courts girls."

Mr. Schmalzried: "Who keeps order in the House of Representatives?"  
Juanita Tully: "Aren't they old enough to take care of themselves?"

Mr. Schmalzried (after reading George Simon's paper): "You know a mark of a great man is his inability to read his own signature. George, you show signs of being a great man."

DeHaven: "Schopf says he can punt fifty yards."  
George Nulf: "Yes, twenty-five up and twenty-five down."

Miss Demaree: "What enjoyments do we have now to 'decieve the burden of life'?"  
Mildred S.: "Inventions."  
Miss Demaree: "Yes, like automobiles to walk in."

Mr. Schafer: "What is Music History?"  
W. Rapp (on paper): "It is the means by which you know what music is and where it comes from."

## TRY TO IMAGINE—

Mr. Welborn with a sheik haircut  
Phil Rahe flirting with girls  
Lester DeHaven exclaiming, "I haven't enough to study!"  
Bob Schopf with a greasy pompadour  
Ed Aldrich without his hair combed  
Jim Wilson weighing 350 pounds  
Frank Bernhart with a moustache  
Paul Staigh without a smile.

Mr. Rothert: "Sam, how did you spell 'Gaul' on your paper?"  
Sam F.: "G-A-L-L."

Mr. Rothert: "Caesar says that 'all Gaul is divided into three parts'; but your 'Gall' must all be in one part."

## WE BITE

"If it hadn't been for the Irish immigration, where would we get our police force of today?" Mr. Schmalzried asked in his history class.

## HOW DECEIVING!

She: "Wonderful! I didn't think you could do it."  
He: "Do what?"  
She: "The Charleston."  
He: "That was a fit I just had."

## FINE!

Miss Brigham: "When is an 'e' mute?"  
E. Todd: "When it is not in a word."

## IS THAT ALL, BUD?

Miss Smeltzly: "What can you tell about King Solomon?"  
Bud F.: "He had a thousand wives."

McCormick: "Am I a halfback or a fullback?"  
Welborn: "No."

## SPEED

Mr. Voorhees: "This is a very poisonous gas I have here. What steps would you take if it should happen to escape?"  
Branning: "Long ones."

## WE DON'T BLAME YOU

Chris: "Say, Frank, what are you going to take up in college?"  
Frank: "Dad wants me to study pharmacy but I don't want to be a farmer."

## SUCH ENMITY

Mr. Brand: "Mr. Voorhees, have you a corkscrew?"  
Mr. Voorhees: "No, I haven't had any use for one since 1918."

## THERE'S A REASON

An apple a day keeps the doctor away.  
But a test every day keeps some students away.

## TREASON!

Mr. Makey: "A friend of mine told me that the poems I wrote for the Times did not amount to much. Should I still consider him a friend?"  
Student: "Why not? Perhaps he was telling you the truth."

## NO, ED

Mr. Huddleston: "Some of the products of dairy cows are butter, milk, and cheese."  
Ed. Wilson: "Cows don't give cheese, do they?"

I went ten rounds with Dempsey  
And I am feeling fine.  
For it was on a ferris wheel,  
His seat was next to mine.

# FAST GAME EXPECTED SATURDAY

## LOGANSPORT HIGH TO FIGHT GREEN IN STIFF BATTLE

**Coach Springer's Men To Invade Stadium Saturday In Hard Contest**

## RED DEVILS EXPECT WIN

**Welborn Keeps Men in Good Trim with Severe Practice; Also Confident**

Returning to its home grounds the Battlin' Green tackles the strong Logansport Red Devils in the stadium next Saturday. Logansport is said to have a scrappy outfit and are determined to turn the tables on the Green and White gridders.

Lundy Welborn announces that the team is in fine shape and is set on giving a good account of itself against the Logansport.

Coach Springer is a newcomer at the downstate school coming from Indiana University. Although being set back in its first two games, the Slippery Dels hit their stride against the Plymouth team, which they defeated 12 to 6 in a hard-fought game at Logansport. The game was featured by the thrilling aerial attack put up by Logansport which resulted in the winning touchdown.

The passing combination of Cumer to Huntsinger was too much for Plymouth as they completed pass after pass. It might be well to note that Huntsinger is of the same family as the Huntsinger who starred on the Notre Dame University varsity last year.

The Logansport line averages about 160 pounds which promises some tough sledding for the Green's attack. Coach Springer has a speedy backfield averaging about 145 pounds, which will cause plenty of trouble for the Kelly Klads. The Red and Black team is coming loaded for "Bar" and are going to fight hard before they are downed.

Coach Lundy Welborn has been sending his proteges through some severe practice sessions in preparation for the game. It was rumored that "Peanuts" Staigt, varsity center, was seriously injured in the Peru game but this proved to be untrue. Staigt suffered a severe attack of acute indigestion and was in a serious condition for a while, but is now in uniform again. The team seemed to have got rid of some "bad" football last Saturday and is now ready to tear into the Red Devils with the old fight and pep.

This is the second Wabash Valley conference game for the Green and it will try hard to repeat last Saturday's victory. Coach Welborn is undecided yet as to what the starting lineup for South Side will be.

## CENTRAL CRUSHES DECATUR'S HOPES

**Tigers Win Easy Victory Over Downstate Team by Score of 32 to 8**

Central's backfield ran roughshod over Decatur last Saturday at the stadium and won in a walk by the score of 32 to 8. Captain Jim Baker and Billingsley starred for the Blue, getting away time after time for dazling end runs.

The Tigers opened up at the start of the game and the outcome was never in doubt. Although outclassed, Decatur never stopped fighting and handicapped by inexperienced players, gave a good account of itself. Meyers proved to be the star of the southern aggregation and won the admiration of the crowd with his tackling.

The Blue and White team started the scoring early when Billingsley slipped through off tackle for the first marker. Baker missed the boot for the point. Billingsley was running wild and, after Decatur had kicked off to the Blue, he took the ball and raced around left end for his second touchdown of the quarter. Baker was forced to punt. Central got the ball on a fumble and Baker tore off tackle for the touchdown. He missed the kick for point.

In the second quarter, Central broke through the line to block a punt and Bebout took the ball over for Decatur's only touchdown.

In the third quarter a triple pass resulted in the Blue's next touchdown. Captain Baker and Billingsley started another rush toward the goal in the last quarter and Baker went through the line for Central's last touchdown. Decatur scored again when the ball went over Overmeyer's head and he was tackled back of the goal posts.

Line-up and summary:

## THE LINE

The line surely proved its grit in the Peru game, although it did not get a good start until the latter part of the game.

The fellows had plenty of fight and determination although practically outweighed man to man.

DeHaven

Staigt surely believes in continuing good work when it is once started. He intercepted one of Peru's passes and ran from mid-field for a touchdown. He pulled this same stunt in the Garrett game.

Peru's line was unable to withstand the terrific charging on the part of Schopf and DeHaven in the second half. They broke through for many fine tackles.

Captain Phil Rahe also showed some commendable ability at end by checking the many end runs tried by Peru.

Weirich, our sturdy guard, was unable to play much in the Peru game due to an injury received in the Garrett game.

Kingsley proved in the Peru game that he has not weakened in his ability to scoop up fumbles and gain several yards.

Schopf

Lombard, who relieved Staigt at center, surely played a fine game. His defensive and offensive playing was done in fine form.

Robert Schopf, who is playing his third year in the varsity crew, and twice chosen on the all-city team, has improved wonderfully in the last games and everyone will admit, that has come in contact with him, that he has not lost a bit of ofree in hitting the line.

Lombard did his part by blocking perfectly Peru's safety man when Richendollar made his touchdown.

DeHaven, who has played since a freshman and has been placed on the all-city team, is surely duplicating his good work in the line at tackling. DeHaven is probably one of the hardest drivers the green and white team has had.

**Results of League Games**

Kokomo 25, Huntington 0.

**This Week's Games**  
Logansport at Fort Wayne.  
Kokomo at Peru.

South Side and Wabash are now sharing the lead in the Conference as a result of last Saturday's games.

South Side defeated Peru, 13 to 6, while Kokomo trounced Huntington, 25 to 0. These were the only Conference games played last week.

Kokomo has a team that will be up in the lead fighting it out at the close of the Wabash Conference. It was downed by Wabash earlier in the season, but it had completed more passes and made twice as many first downs as Wabash when they were defeated.

South Side beat Peru on two intercepted passes; Richendollar, fullback, snatched one out of the atmosphere and raced 60 yards for the first touchdown, and Staigt, center, grabbed one out of the grey sky and outran the Peruvians for the second and last marker.

Kokomo's team had Huntington outplayed throughout, and clearly showed its superiority. The Kokomo halfbacks tore the Huntington line to shreds while Huntington could do nothing.

The defeat of Huntington by Kokomo and the victory over Peru by South Side places South Side and Wabash in a tie for the lead.

This week, South Side has a chance to further strengthen its hold on first place. Logansport will invade the South Side stadium and a win over Logansport will place the Green and White a full game ahead of the Wabash team which does not play a Conference game.

Logansport has a strong team again this year and is bent on wiping out the two defeats handed them by the Kelly Klads the last two years. Logansport was defeated in their only Conference game by Huntington, 8 to 0, but they have improved since then and a royal battle is looked for next Saturday.

Kokomo will travel to Peru and is expected to win over that team. This game will not affect the lead any, but a win for Kokomo will place them in third place, showing Huntington down to fourth position as Huntington does not play Saturday.

## COLUMBIA DOPED TO BOW TO TIGER

**Central Has Hopes of Easy Victory Over Columbia City Team**

## BLUE AND WHITE IMPROVE

From the appearance of Saturday's game with Decatur, Central will have an easy time with Columbia City because she played in fine style, despite the fact that the field was muddy.

Columbia City has a fair team this year, but nothing compared to Central's eleven. Columbia City was trampled down a number of times already this season, once by an overwhelming score at the hands of Kendallville.

Central is improving rapidly and she is looking for a successful season this year. Coach Bills, drilling the team for games in the near future, is already turning his eyes to the annual encounter with the Green. The Central warriors are making it their main point to beat South Side this year, having been defeated by her southern sister for three consecutive seasons.

## Athletes Labor During Vacation

*Some Employed by Companies, Others Go to Lakes as a Diversion.*

Perhaps for the purpose of keeping themselves strong and accustomed to work in preparation for the football season, the majority of the varsity men engaged in some kind of manual labor after school was dismissed last June.

"Peanuts" Staigt worked for the Home Telephone company this summer.

"Knobs" Schopf worked for Daniel Brothers meat market this summer. "Hooch" Welsh spent the summer at Sylvan Lake, Rome City, Ind.

"Cap" Rahe worked for the Stromberg & Carlson company.

"Bill" Rastetter spent the summer vacation at Clear Lake, Ind.

George Nulf worked for Moellering & Co. for several days during his vacation.

"Bill" Kingsley spent the summer working.

Carl Murray worked for his father, who is in the plumbing trade. Drauer Lombard spent the summer working around home with the exception of two weeks, when he was at Sylvan Lake, Rome City, Ind.

Fred Wambganss worked for the Apex Printing company during the school vacation.

## SMASHING ELEVEN DOWNS PERUVIANS IN ROUGH CONTEST

**Faulty Passing by Both Teams Marks 13 to 6 Win; South Side Resorts to Straight Football**

## IS FIRST CONFERENCE TILT

**Green Now Tied With Wabash For First Place In Wabash Valley Conference**

In a game which was rough and marred by frequent penalties, South Side defeated Peru, 13 to 6, in the first Conference game of the season for both teams. The game was marked by poor judgment in passing. In the first half Peru completed only two passes in six, while South Side completed but one in four. This victory places South Side in a tie with Wabash for Conference honors.

**Peru Scores First**  
Peru had a marked advantage during the first quarter, gaining about twice as much yardage as South Side. Despite this advantage they were unable to carry the oval within scoring distance until the final seconds of the quarter.

At the opening of the second quarter Cain, Peru's mighty fullback, carried the ball over the two-yard line well assisted by his linemen, this being the first marker of the game. The try for point failed, and Peru kicked off to South Side. The ball changed hands several times in mid-field. In an effort to score, Peru opened with an aerial attack which proved costly when Staigt intercepted a pass in mid-field and raced 50 yards for a touchdown to tie the score. McCormick's try for point was wide. The half ended soon after without further scoring.

The second half opened with South Side receiving the kick-off. After the ball changed hands several times Peru attempted another pass attack, which again proved costly when one was intercepted by Richendollar, who ran 40 yards to score the second touchdown for South Side, giving them the lead for the first time. Nulf's try for point succeeded, making the score 13 to 6. The rest of the quarter was played at even times. During the last quarter South Side held the advantage and was on the point of scoring when the sound of the gun ended hostilities.

During the last half Schopf, smashing tackle, broke through for several fine tackles behind Peru's line.

South Side relied entirely upon straight football for victory.

**Staigt Becomes Ill**  
During the rest period it became necessary to take Paul Staigt, smashing, dashing center, to the hospital for medical attention, where his condition made it advisable for him to remain in the hospital over night.

As his condition proved not to be serious he will no doubt be seen in the line-ups again this season. Schopf also received a minor injury, but it did not result in anything serious.

Former owners of "The Campus Shop" of Lake Forest College, associated with Patterson-Fletcher Co.

Four years ago a group of boys were discussing the football prospects for the coming season. Sam Fletcher, son of Harry Fletcher, of Patterson-Fletcher company, was one of the group, but, being a freshman, took no part, for a freshman could say very little.

In time the conversation drifted from football to clothes as one of the fellows was sporting an exceptionally smart suit. An inquisitive youth asked, "What did you lay down for it, Red?" "\$47.50," was the reply, and several of the fellows got up to examine it, all pronouncing it smart and a very good buy. Sam looking on said to himself, "Gosh, Dad's got those suits at \$35.00," immediately Sam decided that the fellows were paying too much for their clothes and felt sure that if the Patterson-Fletcher company values could be offered to them, they would buy their clothing right on the campus.

Returning from the Christmas holidays, Sam brought with him a wardrobe trunk filled with suits, overcoats and some haberdashery and started business in his room.

The idea of good clothes at reasonable prices appealed to the college fellows and the business grew astonishingly until the bedroom was no longer sufficient. Sam proposed to

## Educational Fund

According to statistics the percentage of pupils graduating from high school who enter college is rapidly increasing. This means that the young man or woman of today, when entering the business world, must meet the keen competition of higher education and unless similarly equipped must overcome the handicap thus imposed.

In accumulating funds to defray the expenses of a college education a Savings Account with that Definite Purpose in mind is of valuable assistance.

The seventh period 12B chemistry class passed an examination Friday. The grades ranged from 40 to 100. There were four hundreds, making the class average 75.2 per cent.

The first and third period physics classes will have their first important examinations Tuesday, for up to this time they have been given "three-minute" tests.

Thelma Buirley very neatly made outlines on the board for the music history class showing forms of printing which were used in the reading of music from 500 B. C. up to the present date. The forms used in the early times are very odd and are difficult to reproduce on the board.

Miss Spake was absent on Monday on account of illness. Miss Keep took her place.

In recent examinations in botany Vera Mueller and Winifred Beeth received grades of 100 per cent. The following received grades between 95 and 100 per cent: Lucile Ball, Catherine Fries, Esther Shaw, Maxine Thomas, LaVon Blue, Leah Blume, Charlotte Baron, George Anne Giliom, Jean Herd, Minnie Kopp, Elizabeth Schmidt, Marguerite Schwieler, Mary Stover and Anne Hoberstroh.

A fruit which is rarely seen has been studied in the botany classes recently. It is the potato fruit. It grows on the top of the potato vine where the flower preceded it. In size it resembles a small hickory nut. It is green in color and is known to the botanist as a berry. It contains seeds somewhat like the tomato fruit to which it is closely related. It was from seeds like this that Burbank's new potato was developed.

Helen McKinley, former student of South Side, now attending Central, visited here last Monday.

Several new students have recently entered our portals. They are: Marguerite Cramer, a senior from Taft, California; Margaret Schubert, a sophomore from Kokomo, Indiana; Hazel Williams, a freshman from Montpelier, Ohio; and Carl Rubey, a freshman from Cincinnati, Ohio.

Cardinal Michelle is also a new student, a freshman from Marion, Indiana. He has had experience in printing, and although only a freshman, has enrolled in the journalism class.

The 10B mechanical drawing classes are just completing the first group of drawings which consists of a series of geometrical construction problems. These drawings are made to give the students a foundation upon which to work their later problems and also to acquaint them with the use of drawing instruments.

The 10A drawing classes are making drawings in isometric. This is a phase of drafting that shows an object in its true proportion, showing three sides in one view, somewhat like a picture.

9B classes in woodworking are making a series of exercises in wood. This is done to give the boys an idea of the characteristics of wood and the proper handling of tools before they begin to make their masterpieces. A number of boys in the fifth and sixth period 9B woodworking class have never had manual training before due to the fact that they came from country schools. The other boys, who are from Fort Wayne schools, are taught manual training in the seventh and eighth grades.

Mr. Arnold says that he noticed that several of South Side's graduates are taking engineering courses in college. He says that all high school boys who intend to take an engineering course in college ought to sign up in the manual training classes. The work given here in the high school shops and drawing room is a great help to them in their college work.

Mr. Chappell says the boys in 9A manual training classes are learning to operate the lathes. They are beginning on exercises which teach them the uses of tools used in woodturning, so they will be able to turn out objects of real commercial value during the last half of the term's work.

The first-hour arithmetic class in Room 94 is having a series of football contests. There are several teams and each team has a captain. Each captain appoints a player to represent his team at the blackboard. The player who works his problem first wins one point for his team. Six points is a touchdown. In the first contest South Side defeated Central 7 to 6.

In the second contest South Side lost to Arcola, 7 to 0.

Yell Leaders Chosen

The yell leaders, who are under the direction of the music department this year, have been chosen. They are Howard Crise, Dean Metzner, Jack Clayton, and Dale Shimer. The leaders will not appear in uniform until the opening of the basketball season.

**Forty-nine Celebrate Birthdays in October**

**Youngest Will Be Fourteen, While Oldest Claims Nineteen Years of Life.**

October adds another year to the age of forty-nine students. October 3 brought a seventeenth birthday celebration to Isabelle Guenther and a fourteenth and sixteenth to Jean Johnson and Gerald Doty, respectively.

October 4, Robert Campbell was 15, and Hazel Bridgman 17. Jack Niebergall was 16 on October 5. Mildred Brooks reached the age of 18 October 15.

Eight birthdays occur today. These are Gertrude Blume, who will be 17, Freida Buckner, 15, Kathryn Chapman and Irene Elliott, 16, Charles Gruenert, 14, Rosella Lindlag, 17, Mildred McCune, 17, and Enid Stilwell, 14.

Evelyn Harrod and Jane Newby will become 15, Bernice Jenkins, 14, and Juanita Peters, 16, tomorrow. October 10 adds the sixteenth birthday to Andrew Filler and Eleanor Wilson while Howard Poorman and Helen Ducey become 15.

October 11 adds to the age of the following, Robert Adams, 14, Virgil Brennenman, 19, while Howard Jeffries and Mary Hillis Miles will become 15. This date is also the natal day for Tom Switzer, who will be 17, Morrell Travis, 18, Hubert Smith, 17, and Beulah Seip, 17.

Helen Camon will be 14, Lela Daugherty and Thelma Dill, 16, Mildred McCune, 17, and Kenneth Wilson, 15, on the 12th of October.

October 13 claims Ralph Burry and Jack Calkins, who will be 15, Carl Dissinger, 18, Thelma Bachellor, 15, Thelma Kerns, 19, Dorothy Meyers, 16, and Dorothy Steiner, 14. October 14 proves Doris Morton to be 15, and Ruby Shirk, 14.

Four students have birthdays to celebrate on the fifteenth day of October and these are Gregg Kimmel, Witaker, 16, Bernice Hamilton, 15, Kenneth Flaig, 17, and Clara Baumgartner will be 15.

**New Student Enrolled**

Elizabeth Williams has come to South Side from Oak Park high school. Elizabeth is a sophomore and is carrying three subjects.

Mrs. Luck, Mr. Luck and all the little Luckies were with us Saturday at Peru when Our Team won, 13 to 6.

Richendollar, playing his first game this season in the backfield, proved he was still the old "war horse" by plowing through the line consistently.

The Green won on two intercepted passes by Richendollar and "Peanuts" Staight.

The Tigers lived up to predictions and relied on line plunges to a great extent.

By the way, it was rumored that Staight was injured but it was something more serious as "Peanuts" had an attack of a pretty er— a—we mean acute indigestion, but is getting along nicely by this time.

Central opened up against Decatur and walloped the down-state team 32 to 8 with Captain Baker starring as usual.

Since South Bend beat Decatur 40 to 0 and the Tigers also gave them a good beating, the Blue and White team ought to have an even chance with the upstate team when they meet.

Speaking of statistics, Garrett downed Laporte, 9 to 6, and the Battlin' Green took a fair out of Garrett, 20 to 0, and Central lost to Laporte, 13 to 12—well, "foregoing events always cast their shadows before them," or words to that effect (we don't recall the author at the present).

Beware of Muncie! They have a strong team this season, having defeated Bluffton, 58 to 0, and New-castle, 66 to 0.

Another reminder of winter showed itself last week when our ambitious basket losers started practicing under the tutelage (rhymes with mucle-lage) of Mr. Heine.

Cain was raised by Cain of Peru when he scored their only touchdown.

The Battlin' Green now shares the lead with Wabash in the W.V.C.

**Tennis Tourney Entrants Are Physically Perfect**

Every girl that goes out for girls' athletics must first pass a physical examination. So far, only entrants for the tennis tourney have been examined by Doctor Kane, the school physician.

Of the twenty-two girls taking the physical test every one has passed it. Hockey has been started and girls wishing to go out for this sport should see Miss Patterson for an examination.

**Miss Patterson Thanks Girls Umpiring Tourney**

Last week the girls held a tennis tournament on the school courts and a few girls who were not in the tournament helped umpire the games. These girls are Alice Mason, Gertrude Brouwer and Leola Foster. Miss Patterson wishes to thank these girls who assisted. She also says, "The spirit of all girls entered in the tournament has been splendid, and I believe the year bids fair to be an interesting one in girls' athletics."

**Girl Scouts**

Troop I of the Girl Scouts met in Room 36 Wednesday, September 23, for the first time this year. These meetings have never before been held at South Side. Mrs. Eric Bradley, captain, gave a short talk on Scout organization. Plans were made for two campaigns, one for membership and the other for attendance. The troop is divided into two sides which will oppose each other in the drives. Great competition is expected. It is hoped that a permanent Girl Scout camp can be established in the near future. For the past two years camp has been held at Clear Lake.

There are now five troops in Fort Wayne. Those permanently established are at the South Wayne, Harrison Hill, Rudisill, Forest Park, and South Side high schools. The South Side troop is the only one composed entirely of high school girls.

Mrs. Calvin Coolidge is the Honorary President of the Girl Scout organization. This movement is gaining new supporters very rapidly. The girls get a great deal of fun out of all their activities, as well as many good policies to follow throughout life.

## EDITOR-IN-CHIEF

### ELECTS STAFF FOR THE 1926 TOTEM

Chester Wyneken Chooses  
Business and Editorial  
Assistants; Several  
Openings Left

### WORK ON ANNUAL STARTED

Seniors to Have Pictures Taken  
This Week, Juniors Next;  
Price One Dollar

With the selection of the minor staff of the 1926 Totem and the taking of senior pictures, work on the year book has been started in earnest.

The taking of senior pictures began yesterday when seniors whose names begin with A to F were taken. Those from G to L will be taken today, M to T on Friday, and U to W on Saturday.

#### Junior Pictures

Junior pictures will be finished by next Thursday, October 22, and sophomore pictures will be begun on Friday. Juniors whose names begin with A to F will be taken on Monday, G to L on Tuesday, M to T on Wednesday and U to W on Thursday. The sophomores from A to J will be taken on Friday and K to R on Saturday. The contract for taking Totem pictures has again been given to the Jefferson studio.

A dollar which covers the cost of the cut for the picture in the Totem should be taken to Miss Harvey in Room 20. When this is paid, the student will receive a receipt which authorizes the studio to take the picture.

#### Staff Assistants

During the last week, Chester Wyneken, editor-in-chief, has named most both his editorial and business assistants. On the editorial staff are: Cornelia Bade, editorial assistant; Ruth Eickmeyer, senior editor; Marguerite Schwiery, junior editor; Mary Hale, assistant junior editor; Jeanette Duryee, sophomore editor; Wilma Plummer, freshman editor; Frank Robertson, sports editor; Wilma Krommiller, girls' sports editor; Thelma Buirley, art editor; Mildred Scott, snapshot editor; Tom Ward, Herbert Snyder, Dorothea Kohlmeier and Margaret Beatty, snapshot editors; Dorothea Johnson, organizations editor; Jack Teeters, music editor; Pauline Baumgartner, publications editor; Richard Moores, cartoonist; and Margaret Beatty, typist.

#### Business Helpers

Maynard Patterson, business manager of the annual, will have as his assistants, Thelma Gasser, circulation manager; Ruth Egan, assistant circulation manager; Mildred Obenour, advertising manager; and Olive Prime, Pauline Hilbish, Eleanor Wilson, Herbert Weinraub, Helen Crosby, Bartlett Fletcher, Willis Klein and Elizabeth Schaefer, assistant advertising managers.

The position of humor editor and a few other positions are still open. Persons who would like to fill these openings should see Miss Harvey or Chester Wyneken. Representatives from each club are also wanted as assistants to the organizations editor.

## MECHANICAL DRAWING IS SIMPLE FOR GIRLS

Cornelia Bade, Gertrude Schuelke and Ruth Eickmeyer Make A's in All Drawings

"Mechanical drawing must be an easy subject for girls by the looks of things," says Mr. Arnold. "Cornelia Bade, Gertrude Schuelke, and Ruth Eickmeyer have each made A's in all their drawings."

Mr. Arnold will give information to any girls desiring to find out about this course. "I would like to enroll a large number of girls in next semester's classes," he says.

## Edwin Clapham Placed in Advanced Comp Class

Two students, Edwin Clapham, '25, and Arletta Schmuck, a graduate of Central, were selected for the advanced class in English at the Indiana University after taking an examination.

Bloomington, with five students selected for the second consecutive year, leads all the other cities in the state, Indianapolis, Fort Wayne, Salem, and St. Marys are credited with two students each.

### More Early Birds

"Do your Totem subscribing early" was the slogan heeded this week by two more South Siders. One was Mr. Morris, the first faculty member to subscribe, who paid in full for his the same day that the announcement was made of the national championship won by the 1925 yearbook. He evidently believes that history repeats itself.

Doris Jackson, a senior, was the other one. The speeches at the senior meeting must have been inspiring, for she handed Miss Harvey a check at the end of the meeting.

Other seniors who have subscribed early are Clarence Gruenert, Phil Rahe, Frank Robertson, Earl Hambrook and George Simon. "Voluntary subscriptions will be taken gladly before the campaign opens," Miss Harvey says. "This early subscribing gives the staff a great deal of encouragement to go ahead and get out a good annual."

## DEBATE CLUB NAME IS "THE WRANGLERS"

Constitution Adopted at Meeting  
Last Thursday; Mock Trial is  
Postponed Till Oct. 29

"The Wranglers" is the name chosen by the debate club at the meeting last Thursday.

Other names suggested by Cornelia Bade, chairman of the name committee, were "The Rhetors" and "Webster Club."

After finally adopting a constitution, the club postponed the mock trial until the next meeting.

As temporary president, Ruth Eickmeyer appointed a nominating committee, made up of Maynard Patterson, Louise Platt and Dorothy Emrich. They are to report at the next meeting, October 29.

## NEW YORK AUTHOR TO ADDRESS GIRLS

Miss Bertha Conde, National Y.  
W. C. A. Worker, to Talk  
to Girl Reserves

Girl Reserves of South Side are the hostesses at the mass meeting of all girls of the school in Room 86 at 3 o'clock this afternoon.

At this time, Miss Bertha Conde, a national Y. W. C. A. worker of New York City, will talk on "Friendship and Love." This theme is one of Miss Conde's lectures on her course of "Life's Quests."

"It is a real opportunity for girls to meet and hear an author and a woman who has the profound understanding of girls' problems," says Miss Pittenger, dean of girls at South Side. Miss Pittenger further hopes "that no South Side girl will miss this opportunity."

Miss Conde has a very attractive personality, and she is able to present her thoughts in a convincing manner. The meeting today will take the place of the regular U. S. A. club meeting which was scheduled for the same time. Elizabeth Suter, president of U. S. A., will preside.

## Edith Kyler Takes Place of C. Wyneken on Staff

Edith Kyler

Edith Kyler is taking Chester Wyneken's place as business manager of the Times since the latter has been made editor of the 1926 Totem. This is Edith's first year on the staff but she takes an interest in Times work and will no doubt prove capable.

### TIMES DEAD-LINE

Material to be published in the Times must be received at the Times Office no later than 5:00 p. m. on the Tuesday preceding the day of the issue.

PAULINE BAUMGARTNER,  
General Manager.

## SO-SI-Y GIRLS ENJOY ROMANY DAY AT PARK

Gayly Dressed Gypsies Roam Through  
Park, Eat and Sing  
Songs

"Romany Day" was celebrated by the So-Si-Y club Tuesday, October 13, at Foster park. Many gypsies, "dressed up" in their colored togas and jewelry, attended this affair.

The social committee, who had charge of the program, directed the playing of games such as "Automobile" and "Captain" to keep everyone warm. Five gypsy trails, leading through the park ended near the campfire where the "romancers" found the "cats."

After all the food was consumed, a "camp sing" was staged.

"Treasure Ahead" is the name of the next meeting, October 27. This will be a business meeting with a short program following.

### Classes Attend Fair

The agricultural classes of the Blackwell (Okla.) high school attended three days of the fair, judging and scoring livestock. On Wednesday the work consisted of scoring Holstein-Friesian cattle, Thursday the work was scoring horses, and Friday all the classes were present in a body watching the judging of hogs, beef cattle, and dairy cattle.

## CHRIS BRANNING PICKED AT MEET TO LEAD SENIORS

Class of 1926 Chooses Presi-  
dent at Convocation  
In Room 86

### \$500 PLEDGED TO ANNUAL

Miss Harvey Talks, Urging Full  
Co-operation of All Seniors  
With Year Book

Chris Branning was made skipper of the ship '26 last Friday when the crew met in Cabin 86 to elect its officers for the year. Charles Weirick was chosen first mate, and Cornelia Bade, secretary. Richard Wiener, Maxine Schmieder and James Willson were selected for the social council.

Mr. Harris spoke briefly about the big undertakings of the senior class, the 1926 Totem, the senior carnival, the senior play, and the commencement dance.

Miss Harvey, faculty advisor of the Times and Totem, told of the ways in which the individual members of the class could cooperate with the staff to put the year book over. She showed how by subscribing and bringing in outside subscriptions, by giving the advertising heads "tips" about possible advertising, by filling out activity lists promptly, by handing in snapshots and by having pictures taken on time each senior could help make the 1926 annual measure up to last year's.

Following the precedent set by former classes, this year's senior class pledged five hundred dollars to the year book.

The election of officers from the large number of nominees for each position was very close.

Those named for president were: Dick Wiener, Chris Branning, James Willson, Cheeston Plasket, Noble Sprunger and Thelma Gasser. Those nominated for the vice-presidency were: George Simon, Richard Wiener, Jack Clayton, Margaret Metzner, Charles Weirick and Richard Bickel.

Maxine Schmieder, Isabel Walters, Cornelia Bade, Dorothy Somers, Gertrude Schuelke and Mary Pocock had been nominated for secretary. Those in the race for positions on the social council were: Beatrice Rieke, Isabel Walters, Cheeston Plasket, Violet Fell, Dick Wiener, Ruth Eickmeyer, Kathryn Chapman, James Willson, Dorothy Somers, Jeanette Stultz, Elvah Miller, Maxine Schmieder, Elsiebeth Crane, William Baer, and Jack Clayton.

## MR. NULL REORGANIZES CLASS IN 12A ENGLISH

Students Entering Universities Are  
Benefited by Course, Says  
Instructor of Class

"Due to the fact that students entering universities and colleges feel handicapped in taking freshmen composition because of the lack of previous training in the organization and writing of longer pieces of composition, the English 8 course has been reorganized," said Mr. Null yesterday in announcing the changes in the course. "The first five weeks will be given to short themes in which chief emphasis will be placed upon paragraphing and upon a review of punctuation. Following this drill there will be two long articles, seven or eight hundred words, on subjects taken from the history of English literature. Subjects such as 'Development of the Drama,' and 'The Age of Classicism' are examples from the history of English literature," he continued.

Another phase of the course will be one short story and an essay upon a subject of the student's own choice.

## MRS. HOHAM ATTENDS CONVENTION AT DETROIT

Visits Cass Technical High School's  
Cafeteria Which Feeds 5,500  
Students Daily

Mrs. Hoham attended the Managers association convention at Detroit, Mich., recently. While there she visited the Cass Technical high school cafeteria, where 5,500 pupils eat daily. The cafeteria seats approximately one thousand students, who are taken to and from the cafeteria on the seventh floor by means of elevators.

"Although the Cass high cafeteria is so much larger than ours, it is not so attractive, and the food is no better than ours," Mrs. Hoham said.

## D. Shirey to Speak at Junior Hi-Y Meet

The first meeting of the Junior Hi-Y club will be held October 14 at the Y. M. C. A. Dwight Shirey, former president of the Hi-Y at Central, will be the speaker. His topic is to be "What Hi-Y Meant to Me."

At the next meeting, Wednesday, October 21, officers will be elected and committees appointed for the semester.

### Theater Manager Offers Prize

The manager of the Broadway theater of Council Bluffs, Iowa, has complimentary tickets to all the members of the squad of the team winning the city title in football. The victorious team will see Harold Lloyd in "The Freshman," a thrilling football picture.

## Sousa and Band of 100 Artists To Play in South Side Gymnasium

The Concert of Lieut.-Commander John Philip Sousa and his Band Will Be a Rare Treat for Music Lovers of Fort Wayne.

## SCHOOL LIBRARY TO BE INSPECTED

Miss Shulze to Show South  
Side's Browning Room to  
Librarians at Conference

South Side High School library will be open Wednesday, October 21, for inspection by librarians from Michigan, Indiana and Ohio. The tour of the library is to show how an up-to-date and well organized school library works.

The Librarian convention, the largest of Fort Wayne has ever had, will be held from Tuesday, October 20 to Friday, October 23. The 900 delegates will have their headquarters at the Anthony hotel.

Mr. Glenn Frank, editor of the Century Magazine and President of the University of Wisconsin, will speak, Wednesday evening, on "The Librarian as an Educator."

The program consists of round table meetings, general sessions and a sight-seeing trip of the city.

## GIRL RESERVES PLAN BIG-FOUR VAUDEVILLE

To Be Given at Central and Harrison  
Hill Auditorium Friday,  
November Sixth

A Big-Four Vaudeville will be given by the Girl Reserve clubs of Central and South Side on Friday, November 6. The afternoon performance will be staged at Central high auditorium, while the evening program will be put on at the Harrison Hill grade school auditorium.

Six or seven main acts and several curtain acts are being planned. The ten's quartet of each school will sing the afternoon program and the South Side orchestra in the evening.

The money raised will be used for the payment of the last third of the swimming pool pledge. A similar plan was carried out two years ago when the first Big Four Vaudeville was given.

## PUPILS GIVE SPEECHES ON SPORTS AT MEETS

Wayne Gustenlager, Maynard Patterson, Richard Bickel Talk at Friars,  
Kiwanis and Exchange Clubs

Wayne Gustenlager spoke at a meeting of the Friars club Monday evening on "The Value of Amateur Sports."

Maynard Patterson and Richard Bickel spoke on "The All-Year Support of Athletics." Maynard gave his talk to the members of the Kiwanis club Tuesday noon and Richard Bickel before the Exchange club at the same time.

## Helen Crawford Chosen Reporter on "Student"

Helen Crawford, '25, advertising manager of the Times last year, who is now a freshman at Indiana University, was placed on the editorial staff of the "Indiana Daily Student," the paper of the university.

As a rule the work is not open to freshmen and then the student is required to take a semester of theory. By being placed on the student staff she is given sophomore standing in journalism.

## SOUSA'S BIG BAND OF 100 MUSICIANS HERE OCTOBER 30

Famous Bandmaster Him-  
self to Direct; Musical  
Vaudeville to be In-  
troduced in Matinee

### MR. HARRIS HAS TICKETS

School Children Admitted for  
Fifty Cents in Afternoons  
and \$1.10 in Evening

Sousa's band, made up of more than 100 men and led by the famous director himself, will play in South Side's gym two weeks from tomorrow, October 30. Proceeds will go to the school's music fund.

There will be a concert both in the afternoon and evening. At the matinee Lieutenant Commander John Philip Sousa will introduce a musical vaudeville, called "Showing Off Before Company."

Since the beginning of his career in 1892, it has been Sousa's custom to write at least one new march every year. There are two this year. The one, "The National Game," which is destined to be the nation's baseball march, was written at the invitation of the high commissioner of organized baseball, and the other, "The Black Horse Troop" was dedicated to the famous military organization at Culver.

Other features include the annual humoresque, based on "Follow the Swallow" this year, a new fantasy, "Jazz America," and a new suite, "Cuba Under Three Flags." In the last, Cuba's musical change from Spanish music to ragtime and then to jazz is traced.

Touring Country

Sousa will conduct both performances from beginning to end. The Journal-Gazette says that he is probably the only director in the world who does this with all his concerts. "Every conductor, save Sousa," the paper continues, "has a chair placed at his music stand into which he drops for a few seconds of rest between numbers. Sousa does not leave his platform, except during the intermission, until the end of the concert."

For thirty-two years now Sousa's band has given no program without the famous bandmaster leading every number.

Through the efforts of Mr. Harris, principal of this school, the band will appear at the lowest prices ever charged by Sousa in this city.

It has been estimated that the expense of the average performance is not met until the attendance is more than 5,000 persons. The operating expenses of the band for a single season exceed \$722.00.

Prices Low

In spite of this, Sousa keeps his prices comparatively low. Here at Fort Wayne, at the matinee performance, school children may hear him for fifty cents and adults for \$1.10. In the evening the prices will be \$1.10 for children and \$1.65 for adults. The sale opens October 26. Mail orders with self-addressed stamped envelopes addressed to Mr. Harris will receive prompt attention.

In the beginning of the musical vaudeville of the matinee, no one is on the stage. The first section that appears consists of the clarinet players. Then come the other sections of the band doing individual stunts.

The different instruments and their part in the band will be described by the band librarian, who was formerly a superintendent of schools in Massachusetts. He will explain the names and relative merits of various instruments, which are seldom seen or even heard of.

To Direct Both Times

On this third-of-a-century tour, Sousa is giving concerts in forty-three states and four provinces of Canada. In all, he will conduct no more than 432 performances. Sousa attracts a large audience everywhere. As many as 10,000 people have paid admission to a single concert and 19,000 have heard two concerts in a single day. From here, the band will go to Indiana University and then to Purdue.

## More Than One Hundred Dollars Worth of Candy Sold by Times

Candy Peddled at Front Entrance Daily; About Five  
Dollars Each Day and Thirty Dollars at Games Are  
Taken In By the Venders.

"Next!"  
"Got who? Oh, Aurentz peppermints."  
"Huh?"  
"Yes, all free . . . for ten cents."  
"No, we can't charge it."

From the sound I knew that I was near some candy sale, yet, here I was being jolted away, when I was told to go to it for a report on the amount of candy being sold for the Times. It reminded me of the rush scene in the "Thundering Herd," so I pretended that I was "one of them" and made a dive for the booth. My attempt was successful and I landed on my knees in front of the candy counter.

My manner of approach attracted the "clerks," who hurriedly asked, "What—er—are you selling candy here?" I asked meekly as though I had just "come to."

"Yes, we're selling candy here every afternoon after school," replied both of the candy venders in one voice.

"Well, I'm a reporter for—"

"Come back here," broke in Tom Ward, one of the salesmen, "You're blocking traffic where you are."

CORNELIA BADE, STUDENT COUNSELLOR

ROWENA HARVEY, FACULTY ADVISOR

Finish paying your Times note now!

We have reached the conclusion that "board" expressions belong to people with wooden heads!

The major Totem staff for 1926 has been selected. Good luck, "ye eds"—may you follow closely in the footsteps of the '25ers.

After that rain the other day, the stadium reminded us of a "landslide" when the fellows were amusing themselves sliding all over the field.

South Side certainly is an "up and coming" school. We "keep moving" at all times, and as for honors—we have to be a good school in order to tote 'em!

Hair-ribbons made senior class rooms look like flower gardens last Friday; but as one girl expressed it, "Most of the 'flowers' were frost-bitten." We'll bet she didn't wear a hat.

This is the month for ghosts and goblins, so we'd better get our lessons and mind our p's and q's, or the goblins'll get us, "if we don't watch out." Warning notices are to be sent out this week.

Edward Bach once said, "Give to the world the best you have, and the best will come back to you." This may well be applied to great advantage here at South Side, especially in our lessons. So give to your school the best you have, and the best will come back to you.

"By their fruits ye shall know them." Thus by publishing the 1925 Totem, South Side shall long be remembered. This book was recently judged and given the first place in the nation at the National Arts Craft Guild's grading of high school annuals. As a result a cup—approximately three feet in height and given by the Guild—will decorate our trophy case in the near future.

It is because of the consistent, steady labor of the book's persistent editors that the Totem of 1925 was able to stand out above the hundreds of other annuals of that year. It is because of the good common sense used by the judges that they were able to realize and come to the conclusion that the 1925 Totem deserves this well-earned title.

It is today, this day, that is of the most importance to us. The yesterdays are memories, useful only because of the lessons learned then; and tomorrow's joys can not be realized unless today's duties are met. Upon the accomplishments of today depends the fulfillment of ambitions for tomorrow.

Our lives are sometimes thought of as problems in addition and subtraction. The duties done today will bring us nearer to the complete sum, or our aim in life; but if they are left undone, then tomorrow, satisfaction in proportion to the amount of neglect, will be subtracted. Since yesterday can not be recalled, we are in danger of falling far from our aims, and life's sum will be very small unless each day's work is faithfully completed.

## NOW FOR HUNTINGTON

### A Mite of Verse

PROCRASTINATION  
My friend, have you heard of the town of Yawn,  
On the banks of the River Slow,  
Where blooms the Waitwhile flower fair  
And the some-time-or-other scents the air

And the soft Go-easys grow?  
It lies in the Valley of What's-the-use,  
In the province of Let-her-slide;  
That old "tired feeling" is native there—  
It's the home of the listless I-don't-care,  
Where the Put-it-offs abide.  
—Walter Pulitzer.

### And Werse

STOP THIEF!  
I had a book,  
It was a history,  
And where it went  
Is sure a mystery.

I've tried to guess  
Just who acquired it,  
And often wondered  
Why they desired it.

I suppose they had  
To pay a fine,  
And theirs was gone,  
So they took mine.

I got that book  
In the very same way.  
If they only knew,  
What would they say?  
—Ex.

### Dignified Seniors Discard Airts by Donning Many-hued Ribbons

Colors of Ties and Hair-Bows Vary From Black and Navy Blue to Don Currie's Pink Decoration, on Annual Senior Day.

Bows, bows everywhere, around the neck and on the hair. This fact was true on Senior Day, which was observed last Friday. All colors and shades of ribbon, from the darkest navy blues and blacks to the delicate pink of Don Currie's tie decorated our dignified seniors.

Mr. Schmalzried couldn't figure out whether the girls were supposed to be sweet girl graduates or if they couldn't get a "bow" otherwise. Of course this wouldn't fit for the boys but they did it anyway.

Miss Work thought it fitting to start her Vergil class on Scott's Elementary Latin. "Since the girls have all brought their bows (beaux) to class they'll have to recite unusually well," she remarked later.

Some of the girls with long corkscrew curls and tight pigtails reminded one of the school days of long ago. The most unusual headdress of the day puzzled everyone, for one

### The Principal Says---

Every pupil, every teacher, and every parent of South Side high school should read the South Side Times every week.

### I'm A Nut

I'm that guy in Room S who is always staring at you. I know you do not like it, but that doesn't bother me, not at all. I never study, so there's nothing for me to do but stare. The reason I never study is that I am so considerate of the teachers' health. One of them said she'd have heart failure if I ever came to class with my lesson prepared. Really, you shouldn't object to my staring now that you know the kindness which prompts my gawking.

### I'm Not A Nut

Of course I'm not a nut. Who said I was! I find delight in keeping a smile on my face even if folks do think I'm a laughing hyena. You would be surprised if you knew how many new worth-while friends I have as the result of being real pleasant and always wearing a smile. Try it, you ginks, and see how well it works.

### In the Stone Age

October 11, 1922:

Ward O. Gilbert was elected president of the Athletic Association at the pep meeting in Room S.

October 12:

As usual, South Side added another feather in its hat by defeating Auburn, 26-0. Remarks: Fromuth and Haynor make spectacular runs.

October 13:

Everyone kept their fingers crossed and no one walked under ladders, because it was "Friday the 13th."

October 14:

It was Saturday four years ago, and our boys won from Kendallville, 10-0.

October 15:

We all went to church today, so nothing much happened.

October 16:

Plans were under way to organize a Spanish club. Official business was transacted in Spanish.

October 17:

Better car service was promised to South Side. (Thanks for keeping your promise, I. S. C.)

## Measured for Uniforms

Monday afternoon the new members of the band were measured by a tailor for trousers and coats. It is expected that these will be ready by the end of the month.

## SOUTHERN SPICE

FIRE!!  
It has been told that Sir Walter Raleigh introduced smoking in England.

Miss McClosky: "He set the world on fire and it has been smoking ever since."

## HE'S ON

P. Rahe: "Why does 0 divided by 0 equal 0?"  
Mr. Greely: "Are you stalling for time, or do you really want to know?"

Mr. Voorhees: "Four absences this morning. Reason: a test."

## SLIGHTLY FORGETFUL

Gertrude S. (after dictating a paragraph to class): "Don't forget your names."

Our Melv. may be Rich(in)dollars but he certainly looks "rich" when he smashes that line.

## STILL WORSE

M. McCune: "Whom do you have for English?"  
D. E. (replying absent-mindedly): "Adverbs."

## LEFT-HANDED ONE

F. W.: "Say, Dorothy, do you have a 'Westward Ho' that I can use?"  
One Freshman to another: "What kind of a hoe does she mean?"

## OR A LATIN TEACHER

Mr. Schmalzried (in civics class): "Now, who is the Secretary of Interior?"  
E. Thomas: "Work."  
Mr. S.: "He ought to have been Secretary of Labor."

Mr. Whelan: "Which way does the land slope on a plane, Miss Stringer?"  
Jane: "Down."

## HOW ABOUT IT, SENIORS?

Mr. Makey says there are usually two reasons why a Senior can't give the meaning on a word or phrase in Burke: "Either he hasn't studied his lesson or he hasn't a second-hand book."

## CONCEITED?

DeHaven was giving a report in Journalism with Gertrude Schuelke acting as teacher.  
G. Schuelke: "Stop, give your report to the class instead of to me."

## NOT HUGO

Miss Demaree: "What were the French Protestants in America called?"  
Jack C.: "The huge knots (Huguenots)."

## GHOSTS OR BEARS?

Miss Paxton had spent some time explaining a proposition.  
Ross: "Yes, I see."  
Miss Paxton: "Good! Ross is seeing things today."

Mr. Makey: "Elsbeth, have you ever seen the reflection of the Wrigley building in the river at Chicago?"  
E. Crane: "No, I never noticed it."  
Mr. Makey: "Why, even it is Wrigley."

Marjorie Homsher: "The gods lived on the top of the summit of Olympus."

## DUMBELL POMES

Mary had a little lamb,  
He was both mild and meek;  
She led him here, she bossed him there  
For he was Mary's Sheik.

"Why did you break off your engagement with that school teacher?"  
"Every night I didn't show up she wanted a written excuse."

James: "I hear that Joe was kicked out of school for cheating."  
"Bob: "Yes, he got caught with a flower in his buttonhole during a botany exam."

A dumb little freskie named Paul,  
Was running one day down the hall;  
He met with disaster,  
His head struck the plaster,  
And left a grass stain on the wall.

"Have you forgotten that I loaned you my book?"  
"No, but I'll try to."

## FOOLED

Miss Brigham (in French class): "Beatrice, where are the Alps located?"  
Beatrice Huguenard: "Er—I know, in Pennsylvania!"

Mr. Makey to Student in English: "What is the appearance of the sky as the sun rises?"  
Student: "Never been up that early."  
Mr. Makey: "Well then, what is the appearance of the sky at sunset? You have been up that late, haven't you?"

Stude: "There's only one thing that I can remember about my history lesson—and I've forgotten that."

## AT HOME, TOO?

"Mr. Schafer must have a hard time."  
"Why so?"  
"He has to face the music."

This is too deep for me said the bug as it fell in a jar of milk.

## GOODBYE WEEKLY PASS

Madge: "Father, I need a new riding habit."  
Father: "I can't afford it."  
Madge: "But father, how am I going to do without a riding habit?"  
Father: "Get the walking habit."

## RAIN OF BRIBES?

Leo: "Did you hear about the riot at the Umbrella Repairers' ball last night?"  
Cleo: "No, what happened?"  
Leo: "The orchestra started to play 'It Ain't Gonna Rain No More.'"

Our idea of the meanest man in the world is the barber who puts hair restorer in his shaving cream.

## A SMELL'S ENUF

"How do you get so many girls?"  
"Oh, I just sprinkle a little gasoline on my handkerchief."

## GO TO IT

If an S and an I, and an O and a U,  
With an X at the end spell "su,"  
And an E and a Y and an E spell I,  
Pray what is a speller to do?  
Then if an S and an I and a G  
And an HED spell "side,"  
There's nothing much for a speller to do,  
But go commit siouxeyesighed.

Pauline: "May I borrow your new hat, dear?"  
Sister: "Certainly! But why all this formality of asking permission?"  
Pauline: "Because I can't find it."

## QUITE SO

Bert: "I wonder why it is a girl can't catch a ball like a man."  
Elvah: "Oh, a man is so much bigger and easier to catch."

## THE STRATEGY OF SUCCESS

"Four-B—Thirty-six-X—Twenty-four." They're off.

The center snaps the ball into the quarterback's outstretched hands. The right end, skillfully dodging the opposing linemen, starts down the field. The backs, as one, wheel out and around the line, the left half catching the swift accurate throw from the quarterback on the run. Out, out they go in perfect formation, and just as the opposing tacklers hurl their weight against the flying mass to down the man with the ball, he raises his arm and spins the oval over his opponents' heads, and into the arms of the waiting end thirty yards away, who sprints for the winning touchdown.

Days and days of practice perfected that play. So in the game of life must we plan and fit ourselves for success when opportunity offers. A savings policy in the Lincoln National Life will help you cross the goal line.

## R. DORNT IS MAKING "A" GRADES AT PURDUE

Has 12 A's and 2 B's for First Year;  
Dean of Engineering Praises Mr. Harris and Faculty

"It gives me great pleasure to congratulate you upon the excellent scholarship record made by Ralph W. Dornte, a freshman in the School of Chemical Engineering," said A. A. Porter, dean of engineering at Purdue University, in a letter to Mr. Harris. "Mr. Dornte has won twelve A's and three B's thus far in his course."

Ralph Dornte graduated in 1924 and was valedictorian of his class. He is now a sophomore at Purdue. This splendid record is a high compliment to you and your associates who so ably prepared this young man for his successful career at Purdue University," Mr. Porter continued. Investigation has demonstrated that the outstanding student has a far greater chance for conspicuous success in the engineering profession than has the average."

"The greatest reward of the teacher is the success of his pupil," he concluded. "Surely your reward has been great in this case. We are sincerely proud of such students as Mr. Dornte and extend a hearty welcome to more like him."

## Alumni News

Ralph Welch, Robert Duryee and Stuart Windt, graduates of the class of '25, have been pledged to the Theta Chi fraternity at Purdue University. Arthur Bailey, '24; Adolph Hartman, Central, '22, and Otis Wyneken, Central, '21, are also members of this fraternity.

South Side's 1924 baseball team, which won third place in the state tournament, were guests of the Theta Chi while playing there.

Helen Rastetter and Prelina Fletcher have been pledged to the Theta Phi sorority at Lake Forest.

Ralph Welch has joined the Purdue band.

George Wyss, '25, and a three-letter man of South Side, has reported for freshman football at Northwestern university.

Mary Hall, '25, visited at Camp Yarnelle last week-end.

Edna Van Tilbury left last week to enter Muncie Normal.

Howard and Mary McCurdy went to Bloomington, Friday, to visit I. U. students.

Harriet Scott returned to Muncie Normal to complete her course there.

Lingle Craig, a graduate of South Side, is now employed in the shipping department at the Duglo.

Joe Zart, who has been pledged to the Sigma Nu fraternity at Purdue, spent the week-end at home.

Another popular alumnus of South Side is making his alma mater proud of him. Ed Rahe, who has also been pledged to Sigma Nu, at Purdue, has been officially placed on the freshman football team.

Park Williams, a graduate of a few years ago, still holds the position of assistant sports editor of the Journal-Gazette this year.

Robert Hanna, '25, has recently been pledged to the Delta Tau fraternity at Butler College, Indianapolis, Ind. He went to Peru for the South Side-Peru game, and came home for a very short visit. Bob will be remembered as one of our peppy cheer leaders.

Geraldine Lower, '25, who is studying at Indiana, has been put in a special advanced class in chemistry.

Francis Buckles and Lucille Lapp are taking the Indiana University extension course in chemistry.

Ray Ewell, '25, suggested in a letter written to Mr. Voorhees, that he make chemistry tests harder in preparation for the hard ones at college.

Edward Rahe, of Purdue University, attended the South Side-Peru football game at Peru last Saturday.

Hilma Hixon, '25, visited South Side last week.

Harriett Scott, '24, and Hilma Hixon, '25, were visitors at South Side last week.

Rose Krommiller, '25, who is attending Muncie Normal, has taken up the sport of archery.

Helen Clapesattle, Ruth Kettering and Thyra Jurgensen, '25's, have had their hair bobbed recently.

Ed Rahe and Bob Whipple, '25's, saw the Peru-South Side game last Saturday.

Robert Steger and Jim Newell visited their parents in this city over the week-end.

Joe Hart and Tom Wolf from returned from Purdue university to visit their parents in this city over the week-end.

Frances Alger, '25, is employed at Wolf & Dessauer's, in the hosiery department.

Paul Knapp, '24, is a salesman for the Chevrolet Motor company.

Florence Hazelett, '25, entertained the members of the Tri Sigma Delta society, at her home on South Webster street, last Friday evening.

Katherine Diggs, '25, will enter Muncie State Normal, instead of Indiana university.

Lottie Dignan, '25, has been pledged to the Sigma Beta sorority, which is a national sorority of this city.

Donald Smith, '24, is employed in the shipping department at Wolf & Dessauer's.

## Music Class Work Varies on Friday

Current Events and Overtures are Studied; Aid Pupils in Knowing Good Music.

All Mr. Schafer's harmony and musical history students have music appreciation on Friday, studying music from different viewpoints to get a better understanding of the different kinds of music, to learn to know good music, and to learn to listen to it.

Each student must obtain a current event from the musical magazine in the library. This article must be one which furthers the study of music in some way. After the current events are finished, the rest of the period is devoted to the study of an overture. For example, one Friday was devoted in this way to the study of the overture of William Tell. Mr. Schafer dictated the story about William Tell, then, to explain it more clearly, played the records "At Dawn" and "The Storm," and as the records were being played Mr. Schafer told what different scenes they portrayed.

On other days in musical history, the students study the lines of the famous composers: Chopin, Liszt, Beethoven, and Wagner.

Everyone who possibly can should take up the study of music to enable them to know a good concert when they hear one and so they will understand when other individuals speak about different overtures and composers.

## One Hundred Forty Join Girl Reserve

About one hundred and forty girls became members of either So-Si-Y or U. S. A. during the recent membership campaign.

A booth where membership cards could be signed and dues paid was placed in the hall. Members of both clubs worked at the booth during the fourth, fifth, and sixth periods and after school.

Passports to admit the bearers to the "ship parties" planned by each club were given to each member who paid her dues.

## R. Joseph Commends South Side's Exploits

"I'm glad to see that the Green gridders are stepping out in old-time form," writes Rose Joseph, who is now a freshman pursuing her studies at Northwestern University.

Rose, former member of the Times staff, and journalism student, was pressed into service on the college paper, "The Northwestern Daily," the very first day she arrived. She has already written several commendable articles for this paper. They have no difficulty with subscription there, since every student has to pay a one dollar fee, and thus the paper is boosted.

Rose says that her chemistry teacher resembles Mr. Voorhees, and also that she wishes to be remembered to say "Hello" to her old friends back here.

### Sees Shenandoah Wreck

Edna Dean, a student at South Side, on passing through Cambridge, Ohio, while on a trip, saw the Shenandoah a short time after it was wrecked. Although she was not there when it fell, she arrived in so short a time afterward that she was able to see the dirigible before the wreckage was cleared away.

### Classes Take Tests

Miss Smeltzley's history classes were given tests last week over the work covered this term. Miss Smeltzley says that they are now settling down to the term's work.

### Leaves School

May Fern Bleakman has left South Side and is now attending school at Huntington.

### TIMES PHONE—H-3116

A phone has been installed in the Times' Room; the number is H-3116. This is being paid for by the Times and is not for use by the pupils.

### Aids at Scout Camp

Joe Hafert also spent his summer vacation at the Scout camp near Columbia City. Besides being junior leader, he filled the position of swimming instructor and athletic director with great success.

### Math Students Have Test

Miss Paxton gave her solid geometry class their first examination last Friday.

### Redecorates Baton

Miss Ley, of the art department, is redecorating the drum major's stick. She also intends to renew the lettering on the drum.

### Leaves School

Geraldine Jackson, who entered South Side last year, has left school to return to Seattle, Washington, her former home.

### New Class Organized

A new class has been organized at the Hyde Park high school, Chicago, Ill., for the pupils who have trouble in speech. This class meets every Wednesday and the pupils receive private instruction. Twelve have already registered for this class.

### Wins Swimming Contests

Bob Feustel spent two weeks of his summer vacation at the Scout camp near Columbia City. He won many swimming honors while there, finishing first in the 25-yard free style and the 25-yard back stroke.

## MUCH MONEY SAVED IN BUYING OF BOOKS

Mr. Parks Estimates Selling of Books at School Saves Students Three Hundred Dollars

Approximately two thousand dollars worth of books were sold this year at the school bookstore. Mr. Parks, who had charge of the store, estimates that students saved about three hundred dollars by buying their books at school.

The first day of the semester, books were sold in the various classrooms. For the rest of the week books were old at the store before and after school, and at noon. After that pupils were required to go to the Administration building on East Lewis street for books.

Mr. Whelan assisted Mr. Parks in getting the books into the bookstore.

## WORKMEN BEGIN LABOR ON NORTH SIDE HIGH

Building To Be Finished Soon After Beginning of Fall Term In 1926

Work on the construction of North Side high school, which is to be situated overlooking the St. Joseph river just north of State boulevard, has been started. This structure, which will be completed by September 15, 1926, will cost approximately \$225,000 compared with the almost \$1,000,000 cost of South Side.

This new school will be practically three stories in height, while South Side is but one. Five wings, in which the school rooms will be located, will extend from the auditorium, the circular portion of the structure.

A swimming pool, two gymnasiums, and a large auditorium will be features of this building. South Side boasts only one gymnasium, but in the near future, another gymnasium and an auditorium may be added.

Oil burners for the purpose of heating may be installed there, while South Side, at present, is burning coal.

The exterior of the new high school will be of a fine quality face brick, with stone trimmings, the same as South Side.

It is to be so placed that the large tract in the rear will form the area to be occupied by the stadium.

## FIFTEEN TYPISTS WIN CERTIFICATES AND PINS

Tests Will Be Taken Every Month for Awards; Open to All Who Take Typing

Fifteen students qualified for typewriting awards after taking the September tests. This opportunity is given every month to all typing students and each may win several awards.

The following people will receive certificates or medals for their accurate work:

Underwood Certificate—Winifred Englehart, Mildred Bahde, Lillian Springer, Gertrude Brouwer, Eleanor Barz, Vera Young, Charlotte Baron, Amelia Kruckeberg, Gertrude Linne-meier.

Remington Certificate—Mary Granger, Walter Beckman, Ronald May.

L. C. Smith Certificate—Amelia Kruckeberg.

L. C. Smith Bronze Pin—Winifred Gunter, Amelia Kruckeberg.

Remington Silver Pin—Thelma Kern, Winifred Beeth.

### Make Posters

The art classes made placards for the school last week. Some of them were the "Move On" signs for the halls, cards on tables in the cafeteria, and several very interesting cards to get more students interested in yelling at football games.

Some attractive posters for the library have been made to be used in connection with the Ohio, Michigan, Indiana Library convention which is to be held here October 20 to 23. More than 800 are expected to attend the conference and one of the places that they will visit will be the South Side library.

### Makes Drawings

Thelma Burely very neatly made outlines on the board for the music history class showing forms of printing which were used in the reading of music from five hundred B. C. up to the present date. The forms used in the early times were very odd and difficult to reproduce on the board.

### Comes From West

Marguerite Cramer has entered South Side to finish her senior year. She formerly attended school in Los Angeles, California. She likes the Times for she says, "The South Side Times is the best high school paper I have ever seen."

## Women Teachers Sport Cut Locks

Change In Times Shown by Seventeen of Thirty Women on Teachers' Staff.

Times have changed; indeed they have! For instance—can you remember 'way back in the days when it was considered a sure sign of feebleness for a girl to bob her hair? Just look around us now. Even our dignified instructors have succumbed! Seventeen of the thirty women of the faculty who serve as antecedents for most of the "she soids" around school, are sporting haircuts of a style approved as "Klasy Kut."

The seventeen are the Misses Rinehart, Burns, Esarey, Crowe, Harvey, Paxton, Thorne, Work, Fish, Brigham, Perkins, Bert, Rehorst, Mott, Spake, Mendenhall, and Pape.

The language department has five bobbed-haired instructors and domestic science is taught by four "bobbies." The English and mathematics departments each have three in their midst, while Miss Harvey and Miss Pape have the distinction of being the only ones in their respective departments.

Some of the first South Side schoolnarks to commit bobicide were Miss Davitt, Miss Brigham, Miss Fish, and Miss Harvey. Miss Paxton and Miss Work are two converts of the past summer.

## Eight Former Students Now Attending Muncie

Eight former students of South Side reported to their first classes at Muncie State Normal when the school formally opened last Monday.

The list of South Siders is as follows: Mary McCurdy, Bertly Merrill, Rose Marie Krommiller, Marjorie Matlock, Mary Monroe, Edna VanTilbury, Kathryn Diggs, and Louise Bottenhorn.

## V. Crates Has Place on "Daily Student" Staff

Vivian Crates, '24, who is attending Indiana University, has been placed on the reportorial staff of the "Indiana Daily Student," a publication of the University. Vivian was placed immediately on the regular staff by Prof. W. J. Piercy, head of the department of journalism, instead of being required to take the beginning course in journalism at Indiana University.

While a student at South Side Vivian took journalism and at various times held several major positions on the Times staff. Because of this previous training, which received recognition at the university, she was exempted from taking the course in college.

### Makes High Grade

Raymond Ewell, '25, who is attending Purdue, was excused from first year chemistry and was admitted to qualitative analysis. He passed a chemistry examination last week with a grade of 96.

### Goes South

Emma Riggs, formerly of South Side, will enjoy the winter months in St. Petersburg, Florida.

### Home on Furlough

George Shoner, a former student of South Side, returned to his home on Drexel boulevard on a thirty-day leave from the U. S. fleet ship Idaho, which he has accompanied to Australia, New Zealand, Hawaii, Samoa, and other South Sea points.

### Enters School Here

Margaret Schubert has entered South Side from Kokomo high school.

### Visits Art Classes

Miss Mary J. Hiene, supervisor of the art department of the Wabash (Ind.) high school, visited the art classes last week. She examined the work of the students.

# LOGANSPOUT TEAM TAKEN BY STORM OF KELLY KLADS

Welborn's Men Completely Outclass Red Devils With a Deluge of Nine Touchdowns

## SPECTACULAR RUNS MADE

Lighthill and Nulf Each Tally Three; South Side Has Two Wins in W. V. F. C.

Sweeping all efforts of attack before them, the Battlin' Green completely swamped Logansport in a shower of touchdowns, winning in a walk by the score of 64 to 0. Smartly from its loose playing of last week, the Kelly Klads uncovered an attack that could not be denied, and before the smoke had cleared they had scored nine touchdowns. It was undoubtedly the best football they have shown this year.

This was the Green's second Wabash Valley Conference win.

The Red and Black team, although showing flashes of good football, was inexperienced and light and proved to be no match for the Green squad. Allen seemed to be their mainstay and was the only man who could gain through the heavy forward wall of South Side.

Lighthill and Nulf thrilled the crowd with long runs, the former racing 70 yards to a touchdown while Nulf got away for two touchdowns after running through a broken field for 60 yards each time.

Coach Welborn used two sets of backs against the Red Devils and both gained ground consistently. The playing of the line was exceptionally good for they tore the Loganberries' defense to shreds and made it possible for the backs to get long gains. Lombard intercepted a pass in the third quarter and ran 45 yards to a touchdown.

Rastetter, while doing none of the scoring, played a brainy game at quarterback and handled the team well. Captain Rahe plunged through the line in the first quarter to a touchdown. Richendollar got two markers for the Green.

### The Game

DeHaven kicked off to Logansport's 20-yard line and Allen tried to make the yards but failed and it was South Side's ball. The Green was penalized 15 yards for holding. Richendollar went through the line for six yards, and Captain Rahe made it first, and then for South Side on the play. South Side was then again penalized and McCormick punted but the Kelly Klads recovered the ball on the 15-yard line.

Lining up quickly, Captain Rahe took the ball around right end for the first touchdown. South Side got two more points on a safety. Demerly and McDowell tried to gain through the line but to no avail. Allen tried to punt but the ball was knocked down behind the line, and South Side started another march down the field. Richendollar scored through the line and the score stood 15 to 0 after McCormick kicked goal.

Coach Welborn put in a new backfield and Nulf started on a rampage toward the goal and scored the third touchdown. His drop-kick for point was good. Lighthill and Nulf kept hammering away till the half ended with the score 22 to 0.

Baker received DeHaven's kick-off. Allen went through the line for the yards before he was stopped. The breaks were against Logansport when Demerly fumbled and it was South Side's ball. The teams exchanged punts and the Kelly Klads scored again after Lighthill had circled the left wing for a touchdown. Nulf made the punt.

Logansport tried forward passing, but soon gave up the attempt to gain ground with this method when Lombard intercepted a pass. On the next play Lighthill went around left end to evade the entire team and dashed 70 yards to a touchdown. Lombard then intercepted another pass and ran 45 yards for six points. Nulf made both tries for point good.

The Red Devils seemed demoralized and Nulf tore off two 60 yard runs for touchdowns. Welborn then put the other backfield in and Richendollar made his second touchdown, which ended the scoring for the day. Final score: South Side 64, Logansport 0.

Line-up and summary is as follows:  
South Side (64) Logansport (0)  
Welsh L.E. Huntsinger  
DeHaven L.T. David  
Matlack L.G. Wine  
Lombard C. Rhine  
Weirich R.T. Hight  
Wenzel R.T. Minx  
Kinsley R.E. Baker  
Rastetter Q. Kummer  
Rahe L.H. Demerly  
McCormick R.H. McDowell  
Richendollar F.B. Allen

Substitutions—Thomas for Demerly, Garrison for Wine, Meyers for Garrison, Retroff for Hight; Schopf for Wenzel, Branning for Welsh, Wiener for Kingsley, Barbier for Matlack, Lighthill for Richendollar, Sprunger for Rahe, Nulf for McCormick. Touchdowns—Nulf 3, Richendollar 2, Lighthill 2, Rahe, Lombard. Point after touchdown—Nulf 5, McCormick 2, Lighthill.

## Three Ex-Tigers Are Enrolled at Wisconsin

Three of Central high school's best athletes are enrolled at the University of Wisconsin. Henry Kowalczyk, Allen Marks and William Hoseney. "Hank" Kowalczyk and "Willie" Hoseney were two of the best basketball players Central ever had and the freshman coach at Wisconsin thinks both are varsity men. "Hank" is a four-letter athlete and a hard man to beat in any sport. "Mugs" Marks played on the Central football team for three years. He played end and halfback equally well and was a menace to South Side the last two years. He is the only one of the three to go out for freshman football.

## Girl Scouts

The Girl Scout meeting of Wednesday, October 7, was held at the Forest Park school. The Forest park troop is rather new, and the girls did not know the exact form which is carried on at the regular meetings. The Star Spangled Banner and the Pledge to the Flag constituted the opening exercises. The scout laws and promise were also given. The girls drilled for a short time, after which a knot-tying contest was held. Interesting incidents from last summer's camp were told, including treasure hunts, field meets, and new-come teams. At the end of the meeting games were played.

Yesterday's meeting was held in Room 86. Several written contests were held on flowers, birds, animals and trees. Mrs. Robert Harding, of the Needlework guild talked to the girls.

## HEINE DRILLING MEN FOR BASKET SEASON

Turn-Outs For Team Look Good; Captain DuWan Out for Practice

Basketball practice has already started at South Side under the direction of Mr. Heine. Some of the varsity men are out and prospects for a good team are bright. Mr. Heine has been drilling the squad daily on the fundamentals of the game, such as pivoting, dribbling, and the like. Captain DuWan has been out a while and is expected to go big at the pivot position.

Some of the Green's track men are taking daily workouts in the stadium in preparation for the city-wide meet which is to be held some time in April.

Coach Welborn urges that all men come out that expect to try for the track team next spring, as it is good experience and will give Welborn a line on the prospects for next year.

### Come From Logansport

Margaret Beatty and Marjorie Surface have entered school here, coming from Logansport, where they attended high school.

### Substitutes Here

Miss Augusta Bauer, swimming instructor at the Y. W. C. A., substituted for Miss Patterson, the new teacher, until she arrived.

### Studying Leaves

Mr. Gould's beginning classes in botany are learning the names of the different kinds of trees and are making drawings of the leaves.

### New Club Organized

A Current Events club has been organized at the Lincoln high school, Cleveland, Ohio, for keeping its members informed on important events happening in the world today.

# PLAYS THIRD CONFERENCE GAME FRIDAY

## GREEN TO TACKLE HUNTINGTON THERE WITH FAST TEAM

Lime City Men Are In Good Shape After Two Weeks' Rest

## STIFF CONTEST PREDICTED

Huntington to Observe Homecoming on Same Day; Large Crowds Expected at Game

For the second time this season South Side packs its moleskins and journeys south. This time they stop at Huntington where they take on the strong Red and Black team of that city. After coming through the Logansport game in fine shape the entire squad is ready to get into the fray.

Huntington has not had a game for two weeks and should be in first class shape for the contest. Coach Kinsey has been drilling the squad the entire two weeks in the fundamentals only. Against Kokomo, the Red and Black seemed to be demoralized and lost a hard battle 25-0. Handicapped by the loss of three or four veterans just before the game due to ineligibility, Coach Kinsey was forced to start an inexperienced team.

Some Injured

Many players were out of the game due to injuries received in the Waite High (Toledo) game which Huntington lost 89 to 0. Huntington has a heavy line and a fast backfield. The line is composed of E. Hummer, left end; Briggs, left tackle; Urshell, left guard; Sowers, center; Waters, right guard; Dille, right tackle; G. Hummer, right end; Smith, quarterback; Anson, left half; Bucher, right half; Butts, fullback.

The Lime City squad has been pointed to this game and will expend all its strength to win. This will be homecoming day and the merchants will close the stores and practically the entire town will be at the game.

In Good Shape

The South Side squad has been practicing hard all week and all are in fine condition. It is hoped that Staigh, varsity center, will get back into the game next Friday. This game will be the third Wabash Valley Conference game for the Green and if it wins the championship game will come the following Saturday with Wabash.

It is hoped that there will be over two hundred students at Huntington, as school will be let out at one-thirty if two hundred go. The team played very well against Logansport but there is still room for improvement. One of the greatest obstacles Coach Welborn will have to face this week is overconfidence.

The officials for the game will probably be Muldoon, of Peru, referee, and John Miller, Anderson, umpire.

## Sport Shorts

The Battlin' Green gobbled up the Loganberries, roots and all!

At last the team found itself.

We saw some Huntington scouts in the crowd. Wonder what kind of an answer they took back with them?

High's, right guard, number was 7; Wince's, left guard, was 11. Quite a lucky combination, eh wot?

We heard a fellow ask the Times candy stand when they were going to have their fire sale on burnt peanuts.

Food for thought—Elkhart, last year's state champs, beat Logansport 71-0; South Side 64, Logansport 0.

Once-Over of the News-Sentinel predicted we would win by two touchdowns. Sorry to disappoint you O. O. but it had to happen sometime.

Word comes from Huntington that they expect Lundy and This Gang will be overconfident Saturday—as Brutus said to Caesar, "So is your Aunt Hermina."

The team probably displayed the best football that they have played this year last Saturday, and we're not afraid to stake a wager, bet or gamble (take your choice) that there wasn't three-fourths of the student body present. You who are guilty of being absent surely missed some good playing.

Central came through with another win, giving Columbia City a trouncing to the tune of 34 to 6.

Captain Baker got four of the five touchdowns for the Blue.

With Richendollar back at his old post again it began to look like old times to see him on a rampage.

Oscar wants to know if we called the team "the Green" if the backfield would be called "Greenbacks?"

And don't you think for a little bit that the line didn't PLAY.

They sure put up some corkin' good interference for Lighthill and Nulf.

Funny how our roving centers always intercept passes, isn't it?

This has happened in the last three games. Staigh turning the trick against Garrett and Peru, and Lombard against Logansport.

The Lime City lads will have had two solid weeks of practice without a game and will be primed to down the Green.

You lambasted Logansport, now: HIT HUNTINGTON HARD!! Gang!

## THE LINE

Don't Flinch; Don't Foul; Hit The Line Hard

The line sure showed its stuff against the Loganberries. Without a doubt this was its best game of the season to date.

When Lombard made his touchdown Schopf took out the only opponent who had a chance to make the tackle.

The interference on Lighthill's run was a beautiful sight. Just as a Red Devil would get set to make a tackle a Green linesman would bowl him over.

Nulf also ran behind almost perfect interference on his long runs.

The ends proved adept at recovering balls fumbled by the safety man.

They also proved themselves alert at blocking punts, time and again Kingsley and Welch speeding through to stop the kicker in his attempt to punt.

Weirich played a good game at guard after being out of several games with a bad leg. He sure returned with the old fight and punch that it takes to play the game.

Branning was another rejuvenated cripple. His offensive and defensive abilities are all that could be desired.

Again we must comment on the fine playing showed by the ends, Kingsley and Welch, who are making the loss of Brubaker and Thiele less keenly felt. Both are showing skill in blocking and tackling and in getting down the field under punts.

Staigh was out of the game because of injuries received at Peru.

Schopf and DeHaven played their usual stellar game at tackle. They are driving as hard as ever. Keep it up!

Matlack and Weldy showed great promise at their respective positions.

The spectators thought Otho was made of rubber, as the opponents seemed to bounce off of him.

Altogether they showed great spirit at all times and through a scare at the beginning of the second half, the visitors never reached even the 20-yard line.

The line fought like Trojans and held like a stone wall at all times.

Yes, it was a pretty contented squad that discussed its experiences after the game.

So South Side's second Conference game is won and the struggle with Huntington looms up a sth next contest on the horizon.

Bill Kingsley, who was just a freshman last year and did not win his letter but never lost his spirit. He was just noticed by the coach when playing fullback on one of the teams. He attracted the attention of the coach by his terrific tackling. He was later shifted to end, where he has remained since. This is his sophomore year and he is playing a great game.

Howard (Hooch) Welch is now a senior and has been a mainstay on the team since he was a soph. He has played nearly every position on the team. He is now playing at end and showing some measurability. He is very capable in the backfield also, as he can punt and pass in good form. "Hooch" is still tackling as hard as ever and has shown a marked improvement in the games this year.

Charles (Chuck) Weirich did not reveal himself until he was a junior. When he just reported for practice two games of the schedule had been played. He had never had any experience in playing but he showed the desire to learn. By the time South Side met Logansport on the schedule Charley was given his first chance in a game. This he made good and when this season came around he was ready for all obstacles and is now playing a flashy game at guard.

## CENTRAL DEFEATS COLUMBIAN TEAM

Tigers Win Over Columbia City Lads With Score of 34 to 6

## BAKER STARS FOR BLUE

After being held to a tie at six-all in the first half, the Tigers broke through the Columbia City defense for four touchdowns. Baker, the Blue's captain, again starred for Central.

Columbia City snatched the lead, scoring a touchdown on her fourth play. Central was unable to score until the second quarter, when Baker made a touchdown. The try for extra point missed. The score at the end of the half was: Central 6, Columbia City 6.

Central opened up in the second half, playing a fast, whirlwind game that swept the Columbia City lads off their feet. Baker easily was the star of the game, scoring four touchdowns. Bayer and Billingsley also played a good game at half, while Ramsey was a steady tackle.

Fumbles and penalties were frequent in the first and second quarters but the teams tightened up and few were made in the last two. The final score was: Central 34, Columbia City 6.

Logansport at Kokomo.

Last Saturday South Side further strengthened its hold on first place, by walking all over Logansport, 64 to 0. As Wabash was idle, South Side is one full game in the lead.

In the other Conference game, Kokomo decisively defeated Peru, 12 to 1, and pushed them farther down the list. As a result of this game, Kokomo is now in third place, as Huntington was not playing a Conference game.

In this week's games, South Side will journey to Huntington to meet their old rivals in what is billed as "a hot football game."

Kokomo will meet Logansport at Kokomo and it is expected that Logansport will be defeated.

This league game will give a little light on the strength of Kokomo and South Side. The two teams will not meet this year but both are evenly matched. If South Side loses to Huntington and Kokomo wins from the Loganberries, the South Side Kellies will fall down to third position. But if both South Side and Kokomo win, the Green and White will further strengthen its hold on first place by three wins and no losses.

## W. KRONMILLER IS TENNIS CHAMPION

Elva Miller Is Runner-up in Fast Three-Set Final Match

High honors in the girls' tennis tourney were carried off by the sophomore, when their representative, Wilma Kronmiller, won the final match. Her opponent was Elvah Miller, the senior entrant.

Wilma Kronmiller

The last games on Thursday, October 9, were very close. Elvah won the second set, 6-2. All through the games Wilma fought hard, placing her balls all over the court. In the first set Elvah held her to a 6-4 score and in the second she won, making it tie. In the third set Wilma gained an easier victory, winning 6-1.

Wilma defeated Gertrude Brower in the semi-finals, while Elvah defeated Ann Barrett, the freshman racket wielder, who had triumphed over all other freshmen entrants in the second round.

## HOCKEY TEAMS START PRACTICE IN STADIUM

More Players Needed to Complete Squads; Freshmen Have Good Turn-Out

"Get all the girls you can to come out for class hockey teams," says Miss Patterson. She also stated that if all classes would turn out as well as the freshmen, hockey would surely prove successful.

The following schedule has been arranged for practice: Freshmen, Monday; sophomores, Tuesday; juniors, Thursday; and seniors, Friday.

All girls should report to Miss Patterson's office first to get sticks, and should then assemble on the steps at the south end of the stadium at 3 o'clock.

Practice lasts from forty-five minutes to an hour. Twenty-five girls should be on each squad.

## Green's Future Opponents Downed by Kentuckians

Tech high of Indianapolis lost its first game of the season to Male High School of Louisville, Kentucky, by the score of 28 to 7. The game was hard fought throughout, Male High scoring first. Clark and Balay starred for Tech. Tech scored its only touchdown in the third quarter.

## World Series Returns Heard on School Radio

Mr. Hull has been having quite a few visitors in the radio receiving room for the last few days. Those who have been fortunate enough to visit him during the eighth period have heard the returns of the world's series over the radio.

"It is doubtful whether there will be a radio club this year as not enough students take interest in radio and those who do at first show interest soon grow tired of it," says Mr. Hull.

## SPORT GUSH

Yea team! Those 64 points sure do look dandy on our score card.

Sometimes we do wish some one would get really industrious and invent something new in the line of sports so we'd have a wee bit more about which to write.

Be careful if you ever approach the stadium on Monday, Tuesday, Thursday, or Friday nights, or the "hockey-ists'll hit you if you don't watch out."

That little puck surely does fly. Sometimes you'd think it had wings.

There's still time to "put your name in the pot" for hockey teams.

We truly hope the boys don't freeze when they play their tennis tourney. If it snows they might stretch a canvas over the courts.

Got your pennies all saved up for tomorrow? We're sure the team will just smother Huntington if we all go down and root for them.

As the days grow cooler, more people make use of the gym, both on the floor and otherwise. Just so they don't wear it out before basketball season.

## Bear Cats of Muncie Beat Anderson 74-0

Muncie kept up her heavy scoring and defeated Anderson last Saturday, 74 to 0. This makes the total points 308 to her opponents' none. The entire Bearcat backfield ran wild against Anderson and scored at will. "Thickie" George at quarterback handled the team well.

Next Saturday Muncie tackles Marion and the following week takes on Indianapolis Tech. This is considered one of Muncie's hardest games.

## J. L. Griffith to Speak at Meet of I.H.S.A.A.

Major John L. Griffith, athletic commissioner of the Western Conference, will be the chief speaker at the annual meeting of the Indiana High School Athletic association which will be held at the Manual Training High School, Indianapolis, on October 22.

This will be the first official meeting of the organization under its new legislative body and the meeting will be open for discussion.

The financial report will be given at this time. A. L. Trester, permanent secretary, arranged for the program.

## Times Tennis Tourney Singles Start Tuesday

The Times' tennis tourney got under way last Tuesday. The following boys were entered: F. Feustel, Niebergall, Franke, Dierstein, Lords, R. VanNess, West, Lasch, Shimer, Bell, Fay, and Knacke. If the weather permits, both singles and doubles will be played.

According to statistics the percentage of pupils graduating from high school who enter college is rapidly increasing. This means that the young man or woman of today, when entering the business world, must meet the keen competition of higher education and unless similarly equipped must overcome the handicap thus imposed.

An Exceedingly Beautiful Group of "Quaint" Furniture

It is the fashion of the times for every home to have at least one colorful and decorative interior. Either the bed room, sun room or living room, and in some cases the dining room, is selected to be the particularly attractive room in the home through the use of elaborately colored furnishings.

"Quaint" Furniture has gained wide-spread favor because it is not only extremely decorative but is also so dainty, charming and serviceable.

The Mayflower group is particularly attractive in Chinese Blue, richly decorated with floral ornamentation and gold stripes.

## Places on Freshman Elevens Filled by South Side Alumni

Fromuth, Wyss, Rahe, Hanna, Martin, Plasterer, Jurgensen Cavorting on Gridiron at Colleges and Universities; "Red" Already Leads His Team to Victory.

Many of our former wearers of the Green and White are now in colleges playing on freshman teams.

Fromuth, a three letter man, and Hanna, varsity men in football, are playing on the freshman football team at Butler University of Indianapolis. Hanna is playing guard while Fromuth is showing his stuff at quarterback. Last week during one of the

scrimmages between the varsity and freshmen teams, Fromuth drop-kicked from the 42-yard line making the freshmen winners with a 3 to 0 score. Fromuth likes it very much at Butler and Coach Pace thinks "Red" is a fine prospect.

George "Willie" Wyss is attending Northwestern and will probably put on a uniform and try to show the coaches there the star playing that he showed us. George is an all-around athlete and one of the best baseball players ever turned out by South Side. He played at catcher, holding down that position for two years.

### Gains Weight

Ed Rahe, our rangy tackle for three years, has gone to Purdue and is playing on the freshman team there. Ed has gained about twelve pounds since last fall and now weighs 182 pounds. He is not quite six feet three. Rahe is reported to be one of the best prospects out. He played center in a scrimmage held last week.

Brubaker and Thiele are not going away this year, but both are leaving for college next year. Brubaker is working at the Dudo Manufacturing company and is counted upon as their main point-getter on the basketball team.

Thiele is working for the Pennsylvania railroad at Celina, Ohio. He also, is going to play basketball this year with some fast team. He has had several chances already and will probably play with a local aggregation.

### Is at Oberlin

Arthur Martin, who is now going to Oberlin College, has been taking his place as center on the freshman eleven.

Raymond Plasterer is filling a guard position on I. N.'s first year team. South Side still remembers Ray because of his stellar playing on the hardwood.

Another ex-South Side performer on the field at Purdue is Bob Jurgensen.

## South Side Ratings Are Above Average

The Board of Public Education of Philadelphia sent last year transcription tests to approximately 250 high schools in the United States. These tests were given to all advanced shorthand pupils who had had seven months of instruction of five periods a week.

Six schools of Indiana, including South Side, gave the test. The results of all the tests were averaged according to median, first quartile, and third quartile. No special preparation is made.

The average in the median was 76, whereas South Side's standing was 95; 59 in the first quartile compared to the local rate of 91; 90 in the third quartile was the general average while South Siders were rated at 97.

This test will be given again next spring so the results of last year may be verified and compared.

## PHILOS TO HAVE TALK ON MOVIES

(Continued from Page 1)

She saw Robert Louis Stevenson's home in Edinburgh.

"One of the most wonderful places which I visited was Abbotsford, Sir Walter Scott's home," she said. Shakespeare's and Ann Hathaway's homes she found very quiet.

In London, Miss Pittenger visited Burke's and Matgart's home. Another place visited while in London was Soho Square. Those who have read "The Tale of Two Cities" will be interested in that place.

The program for the rest of the semester has been completed by the club officers. It is as follows:

- October 19—Movies.
- October 30—Hallowe'en party.
- November 2—Readings by Frances Long.
- November 16—A Play.
- November 30—A Review of a Modern Novel.
- December 14—Modern poetry.
- January 4—Musical.
- January 18—Theatre party.

## "Rah" Is Loudest of Man's Sounds

Men of Bell Telephone Laboratories Explain Why "Rah" Is in Yells.

There's a reason why yells so frequently contain the word "rah." Dr. Irving B. Crandall and C. F. Sacia of the Bell Telephone laboratories have discovered that men usually speak this louder than any other vowel.

If the value of fifty be given to the amount of energy delivered by a man's voice to the ear for this particular sound, then the sound of "a" as in tap comes next at forty-four, and as in "talk" at thirty-seven.

Women's voices are a contrast to men's as there are four vowel sounds of practically the same loudness. These are the vowels in "tone," "talk," and "rah."

"Ah" is the easiest sound to produce because fewer throat and mouth muscles are used; therefore it is the basic vowel sound in most languages.

## Football Schedule

- October 17—Huntington, there.
- October 24—Wabash, here.
- October 31—Muncie, there.
- November 6—Technical (Indianapolis), there.
- November 14—Central, here.

### Hurry, Please

The first Totem sales by telegraph were made this week.

After the exchange papers had been sent out bearing news that some 1925 Totems, winners of the national year book title, were on sale, the high schools of Flint and Three Rivers, Mich., were so anxious to make sure that they would not "get left" that they made use of the services of the Western Union Telegraph company to rush in their orders.

The books were shipped immediately.

## Election of Officers for Juniors Delayed

"Election of officers for the junior class will probably take place the week after next," says Mr. Harris.

As the teachers' convention at Indianapolis occurs next week, the election is delayed a week. "No definite date, however has been set for the election," further states Mr. Harris.

Juniors are asked to watch for further announcements of the date of the election, when nominations will close, and where they should be handed in.

## Week Claims Birthdays of Only Five Students

The third week in October is not very suitable for birthday celebrations, evidently, as only five students have birthdays which will occur this next week.

October 19 will bring to Garnet Bly her sixteenth birthday.

On October 20, Marguerite Kendig and Frank Edwards will become fifteen.

October 21 will prove Melvin Richardson and Martha Meyers to be seventeen.

## \$500 Given to Chest is South Side's Gift

"Approximately five hundred dollars was given to the Community Chest

by the faculty and janitors of South Side," said Mr. Harris Monday.

This chest or fund is to be used for the Associated Charities of Fort Wayne, twenty-one in all, such as the Humane Society, Visiting Nurse League, Rescue Mission, Young Women's Christian Association, and the Day Nursery.

Fort Wayne over-subscribed to the chest, giving \$200,000, about 11,000 more than the subscription goal.

## PATIENTS AT HOSPITAL ENTERTAINED BY BAND

Irene Byron Inmates Hear Music by South Side Band; Quartets Make First Appearance

Sunday, October 11, the South Side band played for the patients of the Irene Byron hospital. The brass quartet and the saxophone quartet made their first appearances when they played several numbers during the entertainment. A saxophone solo played by Gerald Ammerman concluded the program of the afternoon.

Dr. Crull gave a talk to the members of the band in which he expressed his appreciation for their efforts in entertaining the patients.

## MORE THAN \$100 WORTH OF CANDY SOLD BY TIMES

(Continued from Page 1)

actly \$27.00 was taken in at the Garrett game, where Mildred sold ten dollars' worth of candy. She was given credit of having sold more candy than any one else at the game.

"And she orders the candy from the candy company," I suppose," I remarked during the conversation.

"No, Tom has that sweet job; he is the official decorator," Mildred replied, pointing to the green and white paper around the table. I then remembered where I had seen that paper before. It was when I had been so eager to get to the candy booth that I landed of the floor close to the paper.

On further questioning I discovered that candy will be sold in the hall at the close of school every afternoon, at the games and at social events. So far more than one hundred dollars' worth of candy has been sold in this manner.

#### 1925 TOTEM AWARDS

First in Indiana—Indiana High  
School Press Association.

First in the United States—Art  
Crafts Guild.

First in the United States—Central  
Interscholastic Press Association.

"The Undeclared Year Book"

That the 1925 Totem has won first place in the national secondary school yearbook contest sponsored by the Central Interscholastic Press Association, was the news carried throughout the country this week by the Associated Press wires.

With the addition of this recent honor, the Totem has to its credit the highest and most awards any high school annual could possibly gain: two national first places, those awarded by the Art Crafts Guild and by the C. I. P. A., and its state title.

Hubert Beck was the successful pilot of the book and Harold Bridge managed the business end of the edition.

A twenty-two inch loving cup will be awarded South Side by C. I. P. A. This becomes the permanent property of a school winning it for two successive years or for three years whether consecutive or not. The same kind of a cup is given for the one winning in the university and college division. The Totem will also be given a permanent trophy for being rated All-American. The Totem was first in the All-American class.

Exactly 422 annuals were entered in the fifth All-American contest. Other books of secondary schools that rated high are the Roll Call, Culver Military Institute; the R. H. S., Rockford, Ill., high school; The Hesperian, West high school, Minneapolis, Minn., and the Quiverian, Kansas City, Kan., high school. The Quiverian won first place last year in its division. The books and the Totem were the only ones to be rated All-American. Of a maximum grade of 1,000 points, the

## Art Club Will Design Covers for Notebooks

At the next Art club meeting, which is Monday, October 26, the girls will start designing the covers for their art notebooks. The time will be spent in planning these covers, after the business meeting. No program has been planned as yet.

The Art membership drive has been a success as it has quickened the paying of dues. Team one has a list of fourteen girls and team two has fifteen girls. This contest will close at the end of the next meeting.

#### Name Omitted

William Dammeyer's name was omitted from the honor roll published this fall. William got four A's on his card.

## Musical Students Scratch Heads to Answer Questions on Sousa

Origin, Dates, and History of Liberty Bell Included in Questionnaire; All Pupils and Teachers Eligible to Compete in Contest; Winner to Get Tickets to Concerts.

"Oh, I know when the Liberty Bell was brought to America, but when was it last sounded, and what gave Sousa the inspiration to write the Liberty Bell March?" Such are the questions that will be asked within the next few days while students are scurrying around and racking their brains for dates in regard to our Liberty Bell.

It is all because the music department of South Side, under the direction of Mr. Shaffer, is having a contest on "The Story of the Liberty Bell." The contestant who has the highest number of questions correctly answered will receive as first prize a \$1.50 adult ticket to Sousa's band concert Friday, October 30. The next prize is a dollar ticket, and the third prize is a 50-cent student ticket.

Twenty questions compiled by one of Sousa's agents must be answered and turned into the office by Tuesday, October 27, at 3 o'clock.

- The questionnaire is as follows:
1. When was the Liberty Bell first cast?
  2. When was it brought to America?
  3. When was it recast and why?
  4. Quote the inscription prophetically inscribed upon it.
  5. When was this inscription placed on the bell?
  6. Give its Biblical reference.
  7. How was the bell preserved from capture by the British during the Revolution?
  8. When and upon what occasion did the bell become cracked?
  9. When was it last sounded?
  10. When was it removed from the tower of Independence Hall?
  11. Where was it placed?
  12. What is its present location?
  13. Upon what kind of a pedestal was it mounted?
  14. When was the Liberty Bell first removed from Philadelphia?
  15. Name two great expositions at which it subsequently has been exhibited.
  16. When did Lieut. Com. John Philip Sousa write the Liberty Bell March?
  17. What gave him the inspiration?
  18. When and where was it first played?
  19. What occasion did it mark in the life of Sousa?
  20. What is the occasion of its revival this year?
- The following rules have been drawn up by the music department:
1. Students and teachers of South Side high school are eligible to enter the contest.
  2. The answers must be turned in at the office by Tuesday, November 27, at 3 p. m.
  3. The answers must be written in ink on one side of the paper.
  4. The contestant's name must be written at the top right hand corner of the paper.

#### APPRECIATION!

After having bought one copy of the 1925 Totem, the Bryan-Brandenburg Engraving company of Los Angeles, Cal., was so well pleased with it that they immediately ordered another sent by special delivery. Each copy cost them \$3.51, the fifty-one cents being for postage.

## THREE DELEGATES WILL BE PRESENT AT I. H. S. P. A. MEET

Pauline Baumgartner Will  
Represent the Times;  
Chester Wyneken,  
the Totem

### MISS HARVEY TO SPEAK

Problems of Newspapers, Annuals and Magazines Will Be Discussed at the Convention

Three delegates will represent South Side high school at the fourth annual convention of the Indiana High School Press Association to be held at Franklin College Friday and Saturday of this week. These are Pauline Baumgartner, general manager of the Times; Chester Wyneken, editor of the Totem, and Miss Rowena Harvey, faculty director of publications.

At the banquet to be held Friday night, South Side will be presented with two silver loving cups, in recognition of the Times and the Totem winning premier honors in the state publications contest conducted by the association.

Pauline will receive the cup for the Times and Wyneken will represent last year's Totem staff in accepting its trophy.

To Talk On Staff

Miss Harvey will be one of the speakers at the convention, talking Saturday morning before the faculty advisors on the topic, "The Selection and Organization of a High School Newspaper Staff." Miss Harvey lectured on this subject twice this summer to her journalism classes at the Indiana State Normal school at Muncie.

Chester Wyneken and Pauline Baumgartner will leave Fort Wayne at 6:30 a. m. Friday morning for Indianapolis where they will be met by Miss Harvey, who have been in attendance at the State Teachers' convention.

Miss Harvey will drive the two to Franklin, where they will register and be in time to attend the afternoon meetings on Friday.

The three will probably return to Indianapolis early Saturday afternoon to see the Music-Technical game. The student representatives will return Saturday evening, when Miss Harvey will spend the rest of Saturday and part of Sunday with her parents at Indianapolis.

## Marches to be Introduced by Sousa Oct. 30

In the Fort Wayne band concert of October 30, Lieutenant Commander John Philip Sousa will revive "Liberty Bell," a march that he wrote in 1892. In another part of the concert, he will introduce his latest piece, "The National Game." This march, which glorifies the great American pastime, was written at the suggestion of the high commissioner of organized baseball, Judge Kenesaw Mountain Landis.

## P. T.'S TO DISCUSS ROOM FURNISHING

First Meeting of Parents and  
Teachers Next Wednesday;  
to Fit Up Room 86

"Plans for fitting up the club room, or Room 86, will be discussed at the first Parent-Teacher meeting of the semester, to be held next Wednesday, October 28, in Room 86," states Mrs. William C. Rastetter, president of the organization.

At this meeting a report will be given on the State Parent-Teacher convention, to be held at Indianapolis using the teachers' convention this week. Several members of the club, including Mrs. Rastetter, will attend the convention.

Other officers of the club are: Mrs. Henry Beadell, treasurer, and Mrs. A. J. Burry, secretary. Mrs. George J. Burry is chairman of the program committee, Mrs. Byron Somers, chairman of the ways and means committee, and Mrs. Oscar Foellinger, chairman of the publicity committee. Other committee chairmen have not yet been appointed.

## MISS CONDE TALKS ON "FRIENDSHIP AND LOVE"

Elizabeth Suter Presides Over Meeting  
Attended by Many Girl  
Reserves

"Friendship and Love" was the theme of the talk given by Miss Bertha Conde last Thursday at a meeting of the high school girls. Elizabeth Suter, president of U. S. A., presided.

Special emphasis was placed on the fact that a person should have more than one friend in order to get a wide knowledge of life.

"Friends are of great importance," she said, "and one can not have too many of them."

"There was a fine representation of all the clubs," said Miss Pittenger, "and I am proud of it."

## Mr. Schafer Chooses Girl's, Boy's Quartet

Mr. Schafer made known this week the members of this year's boys' and girls' quartets. Ruth Barber and Violet Fell are new members of the girls' quartet and all the members of the boys' quartet are new.

The girls' quartet is composed of Thelma Birely, first soprano; Ruth Barber, second soprano; Violet Fell, first contralto, and Dorothea Kohlmeier, second contralto.

The boys' quartet is made up of Dudley Wass, first tenor; Virgil Hire, second tenor; Melvin Richendollar, bass, and Leslie Emmerson, baritone.

Senior Enters  
Leona Kuhn, senior, has entered school. Leona has been enrolled at Madison, Indiana.

### SUBSCRIBERS TO GET TAGS

Senior Week to Begin Monday:  
General Campaign to Start  
November Second

The taking of sophomore pictures for the Totem begins today, when all sophomores whose names begin with A to G are scheduled to be "shot" at the Jefferson studio. Those from H to P and R to Z are in line for Friday and Saturday.

Chester Wyneken, editor-in-chief, will take money for pictures in Room 20 until noon Wednesday, and at the Jefferson from 2 until 3 o'clock Thursday.

"Senior week," when the circulation campaign is to be started by the seniors, begins Monday, October 26. The campaign for the whole student body begins the following Monday, November 2.

"Tags will be given to all subscribers," says Thelma Gasser, circulation manager. "There will not be any promissory notes for the Totem. Students can either pay in full or make a first payment of not less than twenty-five cents. A second payment will be expected some time before Christmas and the balance should be paid before March."

"Totem agents will be appointed this week for each first period class and everything will be ready to start the campaign next Monday," she continued.

Senior and junior pictures for the year book were finished up yesterday when the last of the juniors posed for the photographer.

## JACKSON SPEAKS AT HI-Y MEETING

Prosecuting Attorney Talks to  
Members of Club on Evolution and Bible

Samuel Jackson, prosecuting attorney, gave an interesting address to the Hi-Y clubs last Thursday on the danger of young men's forgetting the teachings of the Bible, and taking evolution too seriously. Mr. Jackson also consented to be the speaker at the Hi-Y meeting on November 19.

Mr. Levy, who has just returned from China, also gave a talk on the work of the Y. M. C. A. among the Chinese. He explained the difficulties encountered by the American secretaries in learning the Chinese language.

Nine new members were initiated into the South Side Hi-Y. Those who took the pledge to live up to the ideals of the club and the Four C's were as follows: Ad Grodrian, Joe Matlack, Joe Hafert, Walter Schmidt, Willis Klein, Alvah Corey, Earl Hambrick, Paul Hostetter and Ross Waterman.

## Five Dollars Offered Winner of Disler Contest

The names submitted in the Disler barber shop contest were not satisfactory and none of them was chosen. It has been decided to keep the contest open until the middle of November.

Although Mr. Disler liked some of the names turned in he would like to have something with only one word. The shop is at present located on Woodland avenue and is known as "Johnnie's Barber Shop."

A prize of five dollars is offered for the best name turned in.

## ART PUPILS ENTER STATE COMPETITION

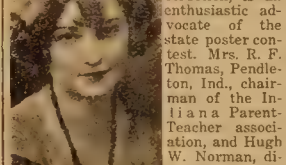

South Side to Submit Posters in  
Contest; Has Won  
Honors

South Side will enter the third annual state poster contest this year hopeful of getting more honors than they have received in preceding years.

In 1923 South Side carried off the third prize through the poster submitted by Mary Travis, and last year Virginia Pollock's poster received honorable mention. Miss Levy is art teacher of both girls.

Grade and high schools in Indiana are eligible to compete in this contest, which is under the auspices of the Indiana Parent-Teacher association and the extension division of Indiana University.

Doctor H. N. Sherwood, state superintendent of public instruction, is an enthusiastic advocate of the state poster contest. Mrs. R. F. Thomas, Pendleton, Ind., chairman of the Indiana Parent-Teacher association, and Hugh W. Norman, director of the department of visual education of Indiana University, are in charge of the contest.

## LIBRARIANS TO INSPECT SOUTH SIDE'S SHELVES

Nine Hundred Delegates From Three  
States Attending Convention  
Here This Week

Today the South Side high school library will be visited by librarians from Indiana, Ohio, and Michigan. The school library was the one chosen to be inspected because it is up-to-date and well organized.

The librarians convention began yesterday, Tuesday, October 20, and will end next Friday, October 23. About 100 delegates are attending this Tri-State convention. They have their headquarters at the Anthony Hotel.

Mr. Glenn Frank, former editor of the Century Magazine and president of the University of Wisconsin, will speak this evening on "The Librarian as an Educator."

## Requests for Totems Still Come Steadily

The manager of an engraving company in Los Angeles, California, has sent for a 1925 Totem.

He says in a letter received last week: "The Totem is very pleasing and the staff is to be complimented very highly on its construction."

Since the 1925 Totem won both the Art Crafts Guild contest and the C. I. P. A. contest, many other requests for Totems have been received by telephone and telegraph.

Reservations Being Made  
for Gracchi Club Dinner

Reservations for the regular meeting of the Gracchi club, which will be held Monday evening at 6:30 o'clock in the club rooms of the Y. W. C. A., should be made to Miss Umbach. All alumni are invited.

#### REAL WORKERS

Putting out the Times in two days instead of the usual week has been the task of the staff in preparing this issue of the paper. It was necessary for about ten of the staff to work on Saturday afternoon and for the sport editor and general manager to toil on Sunday to get in Saturday's sports. Most of the copy was in before Monday.

## FORT WAYNE MEN TO GIVE SPEECHES BEFORE TEACHERS

Teachers and Principals of  
Our City to Talk to State  
Gathering to Be Held  
at Indianapolis

### LOCAL TEACHERS TO LEAD

Instructors From Grade Schools  
and Central Hold Offices in  
Various Departments

Fort Wayne teachers will contribute to department programs of the Indiana State Teachers' association which will meet for its seventy-second session on October 22, 23 and 24 at Indianapolis.

L. C. Ward, superintendent of the local public schools, will speak to the high school principals' section on

"The High School School Principal as the Superintendent Sees Him," and Merton Kimes, history teacher at Central high school, on "The High School Principal as the Teacher Sees Him." At this meeting the Central High School orchestra, directed by William Cur, will furnish music. Fred Croninger, principal of Central, is head of this department.

Mr. Ward Speaks Twice  
For the handwriting section Mr. Ward will talk on "Good Judgment in Teaching Penmanship." O. L. Rogers, supervisor of penmanship of the Fort Wayne public schools, is president of this section.

E. M. Suter, another Central teacher, is on the executive committee and Nelson Snider, a vice-president of the association, is principal of the James Smart school. Other Fort Wayne members holding offices are: Carrie A. Snively, vice-president of the physical education division; Mary E. Garden, secretary of the mathematics section; Mary E. Cromer, secretary-treasurer of the English and library department; Martha Doan, secretary for clerks and secretaries.

Central's orchestra will play again at the general meeting of the association. The Clay school musicians will entertain at meetings of grade school teachers.

Since 1882, when the association claimed 220 members, the enrollment has increased to 14,312.

Various clubs, sororities, and organizations will have luncheons, break fasts and meetings for its members besides the regular section meetings.

## Miss Harvey is Member of Association Committee

Miss Harvey, faculty advisor of the South Side Times, has been appointed a member of the press committee of the Fort Wayne Teachers' association. She will aid with publicity in the association.

## Seven Feminine Seniors Still Boast that Tresses are Uncut

Number of Shorn Maids Decreased When Dorothy Emrich Parts With Curly Blonde Locks; Brunettes and Auburn-Haired Girls Like Long Style Best.

It seems that nearly all the girls of the senior class have given way to the fashion of shorn locks. There remain but seven maidens with long tresses.

Brunettes seem to favor it as Flora Baer, Marjorie Burres, Pauline Baumgartner, and Mildred Brooks still have long hair. Dorothea Johnson, Dorothy Somers, and Mary Pocock have kept their locks intact, so the "red-heads" to make a variety in the senior class.

I cut my hair on the sides to see how I would look but bobbed hair is not becoming to me. I just seem to better with long hair," says Flora Baer.

Pauline Baumgartner says that she has been thinking after having them so long, and maybe nobody blames her.

## CONCERT RETURNS ARE TO INCREASE S. S. MUSIC FUND

Tickets for Each of Sousa's  
Performances to Go on  
Sale in Office on  
October 26

### MISS MOODY IS VOCALIST

Young American Artist Gets  
Inspiration from "March  
King's" Pieces

"Proceeds of Sousa's concerts in South Side's gym on October 30, a week from Friday, will go to our music fund," states Mr. Schaffer, head of the music department. "Tickets will be on sale next Monday, October 26. Anyone who sends a mail order with self-addressed stamped envelope to Mr. Harris, principal of this school, will receive prompt attention."

Admission prices are comparatively low. School children may hear the matinee performance for 50 cents and adults for \$1.10. In the evening tickets will be \$1.10 for children and \$1.65 for others.

On Long Tour  
Sousa is stopping at Fort Wayne on his third-of-a-century tour through America. His band will play in forty-three states and four provinces of Canada and will give 432 concerts during this trip.

The famous "March King" is traveling with more than 100 men and several soloists. Sousa has selected Miss Marjorie Moody, a vocalist of American birth and training, for solo appearances in his concerts.

American Girl to Sing  
Miss Moody has attracted much interest at every performance. She was reared in Boston and received her first vocal training under the direction of Mme. M. C. Piccoli, who has trained many singers for the operatic and concert stages. Sousa's attention was first drawn when he heard her sing with a Boston organization, the Apollo club, known throughout the country for its singing. But Miss Moody is not the first woman whom the famous band-master has introduced to the American public.

The late Maude Powell, a violinist, began her career with Sousa, and became famous through her country-wide tours with the band. Everywhere, on this third-of-a-century tour, Sousa's band has been received with enthusiasm. As many as 10,000 people have paid admission to a single concert and 19,000 have heard two concerts in a single day. Paul Stahr, a young American artist famous for his war posters, has found inspiration again in the marches of Lieut. Commander Sousa.

## SO-SI-Y TO INITIATE MEMBERS, OCT. 27

To Have Funny and Serious  
Ceremonies; Will Discuss Honor  
Method of Getting  
G. R. Rings

Initiation of new members and a discussion of rings are the most important things scheduled for the next So-Si-Y meeting, entitled "Treasure Ahead." The meeting will be held on October 27 in Room 86.

The officers of the club will take charge of the serious initiation while the program committee will stage a funny ceremony. Miss Symons urges all new members to come so that they may be made true members of the club.

A discussion on "How To Win a G. R. Ring" will take place after the business meeting. Last year the juniors did not work for these honors, and so this year a plan has been arranged whereby the seniors may complete these honors in one year.

## Two S. S. Alumni Given Leading Roles In Play

Valette Wellman, '23, and Louis Ridgway, '24, have been selected to play the leading roles in the new Sentinel comedy-drama, "Fl. Way and Hero," which is being shown on the screen this week at the Riley theatre.

In addition to their popularity their unusual dramatic ability was responsible for their being chosen.

"Signs of the TIMES" can be seen in Room 20.

Even if we did miss a half-day vacation last Friday, we will all make up for it the rest of this week.

Now that our time for signing registration cards is over, we will give our fond parents time to sign those warning notices on the dotted line this week.

The faculty is wise in sending out the warning notices just before they convene to Indianapolis, so they will be out of the reach of the angry mob.

We all agree that a good game of football requires "brain work," but when we are required to make an extra trip to the library for some reference book, we complain that we "don't come to school to exercise our feet."

If all our classes could be conducted in such a quiet manner, with all the pupils listening as attentively as they did in the radio room during the returns of the World's Series, we are sure that all of our teachers would be as happy as kings.

Profane language shows bankruptcy of the vocabulary. If we would increase our vocabularies with words which would be no value to anyone, the dictionary would be in good use. Let us not allow ourselves to get into the habit of using words of profane character. Some people think that such language is more effective. It is effective in bringing down one's character and reputation.

A great deal of waste paper is left on the desks in Room S, and much of it is eventually brushed off onto the floor. This using of the floor for a paper-dump, gives the room an untidy and cluttered appearance that is very displeasing. It is so much easier to study in a room that is neat and quiet. Let us help to make Room S a pleasant place to study, and the studying will be a more agreeable duty.

The 1925 Totem of South Side high school has won all the honors that a high school annual of the United States can win! The last achievement which completed the goal was gained by winning the Central Interscholastic association grand prize. This prize is awarded to the best annual published by secondary schools.

There is now no question about the 1925 Totem being the best annual in the nation. The National Art Crafts Guild has recently declared our annual to be the winner of their grand prize, and now, from an altogether different source, the same recognition has been bestowed to the same book.

So now not only in the hearts and minds of the Totem's own editors is there a feeling that their book exceeds all others, but also there is the same feeling in the hearts and minds of other people.

## HAPPY DREAMS

### A Mite of Verse

When the wind is racing both high and free,  
A fast driven car is the place to be,  
When the road unrolls like a white gold chain,  
O'er the horizon to appear again.

Then the wind blows the cobwebs out of your mind,  
And your cares and worries are left behind,  
When you race the wind in the wind's own way,  
And Time is forgotten, except to-day.

I long to drive when the wind blows so free,  
There is naught but the wind to race with me,  
Then we'll race for miles and miles till twilight will come, and the night descend.

Then I turn slowly homeward; all my fun  
Goes with the wind when the day is done,  
And while I sleep, errant wind will recall  
My pleasure back over Slumberland's wall.

### And Werser

## ENGLISHMAN ON FOOTBALL

Football is a nasty game,  
Indulged in by the touch;  
They hit each other in the face  
Which makes the game quite rough.

They tackle men they never met  
And try to snatch the ball  
When the other men are visiting,  
It isn't fair at all.

And when he whispers, "one, two, three,"  
Who knows the play by heart,  
The quarterback's a clever chap  
Away the fellows start.

The referee is paid a fee  
For wearing long, white pawns.  
If he should ever reason wrong  
He'd not have hawf a chance.

Despite the rudeness of the game  
I swear it's awful fun,  
And jolly well I'm going again  
To see just how it's done.  
—McClaymond's Record.

### The Dean Says

It is of interest to all of us not only to know of the plans and policies of our own school, but also to learn of the ideals and purposes of our educational leaders. The great theme of the World Federation of Education, which met in Edinburgh, Scotland, this summer, was to give teachers and students a world outlook, to advocate universal education, and to foster the promotion of international understanding among the children of the world. Every pupil and teacher can have a part in helping to realize this great aim.

Martha McPillinger

### I'm A Nut

I'm one of those nuts in your history class who never brings a pen or pencil to class. Why I wouldn't even think of it, besides bringing one. What's the use? I can always borrow one. I am liable not to need one anyway. If I do, there are plenty of folks around me who usually carry two. Sometimes they look sour or aggravated when I ask for their extra one, but I don't care because "I'm a nut."

### I'm Not A Nut

You may be a nut, but I'm not any more. I study in the library in a quiet, peaceful manner. Some folks mumble when they study, and some slam books across the table, or tramp from one end of the room to the other to find nothing, but the student like myself who has a little respect for other people is not loud and boisterous in our library.

### Alumni News

Louise Bottenhorn, '25, visited at South Side Friday afternoon.

Bertryl Merrill, '25, attended the Theta Chi dance at Purdue University, Lafayette, Indiana, last Saturday.

Bertryl Merrill will come home today to spend several days with her parents.

Queen Esther Hafert, '25, now Mrs. C. O. Clark, wrote to Miss Harvey and congratulated her on the success of the Totem.

Rose Joseph, '25, gives three cheers for "Best in the U. S. A." She is still doing feature writing for the "Northwestern Daily." Her latest write-up made the front page, the goal of all writers.

Lucile Grosvenor, '25, said it made her feel proud of the Totem and she told everyone about it at the school she attends. She thinks the Times is very good and reads even the "ads."

Mary Monroe, '25, sends congratulations for the Totem. She thinks the Times is better than the Easterner of Muncie, where she is attending.

Deane McAfee will leave tomorrow for Indiana University, where she will spend the week-end visiting Vivian Crates and Miriam Yoder, both members of Chi Omega.

Elizabeth Hart, a graduate of 1925, visited at the home of her parents on Cottage avenue last week-end. She is attending school in Michigan. A theater party was given in her honor.

Lillian Rolf, '24, left Indiana University for the week-end to be with her parents.

Dumb: "Lundy has a new plan for football against Central?"  
Dumber: "Wot's that?"  
Dumb: "The two halves will make a hole and the fullback will rush through."

Dick Wiener: "Are you taking Spanish, too?"  
George Simon: "Why, no, I'm taking Spanish III."

## SQUARE DEAL

Teacher: "What is a well-balanced meal?"  
Freshie: "One where the young ones get as much as the older ones."

Miss C.: "What is one product of ivory?"  
A. L.: "Ivory soap."

Mr. Greeley (in Geometry class): "What is a complement (complement)?"  
Bright Stude: "Oh, that's what a student gives a teacher in order to make a good grade."

Mr. Shaffer: "Do you know what black keys you have just played?"  
Pupil: "No, sir, they all look alike to me."

Mildred O.: "What word is the opposite of misery?"

She: "How many feet is that a second?"

Mr. Makey: "How far did the English go for their freedom?"  
Senior: "Cut King James' head off."  
Mr. Makey: "Yes, and James never really got over that."

## ORDERS

Mamma: "Where have you been Charles?"  
Charles W.: "Playin' ball."  
Mamma (severely): "But I told you to beat the rug, didn't I?"  
Charles W.: "No, mamma; you told me to hang the rug on the line and then 'beat it'."

## REALLY!

Overheard in the hall: "Gee, Mr. Schmalzried must be funny. He's always laughing."

## FOR SHAME

It has been discovered that the reason leaves turn red in the fall is because they're blushing to think how green they have been all summer.

Mr. Schmalzried: "Some day I'll tell you about the man who has six degrees, and I may have him visit us."  
Tom Switzer: "Will he bring his degrees?"

## GENEROUSITY

Only a seasoned football player knows how much better it is to give than to receive.

Mr. Whelan (asking question of pupil): "Give a definition of shoal."  
Student doesn't answer.  
Mr. Whelan: "Louder, I can't hear you."

## WE WONDER WHY

Nulf, acting disgusted in scrimmage: "What's the matter, Nulf?" asked Lundy Welborn.  
Nulf: "Oh, the fellow that carries the ball is afraid of me; he won't wait for me to catch up with him," said George.

## IMPOSSIBLE

I wonder if twenty-five years from now:  
Virgil Hirc will still be at South Side?  
Lester DeHaven can dance?  
Phil Rahe will be married?  
George Nulf will play football?  
Dick Smith will be teaching Algebra?  
Paul Staught will be playing baseball with the Lincoln Lifes?  
Paul Marrs will be a sheik?  
Frank Bernhard will go to Kendallville?

T. P.: "Have you read 'Looking Backwards'?"  
L. E.: "I did once during a test and nearly got kicked out of class for it."

## NATURES OF THE BRUTES

Freshman: "Huh?"  
Sophomore: "What?"  
Junior: "I beg your pardon."  
Senior: "I did not comprehend the nature of the inquiry."

## RIGHTO

Mr. Greeley: "What will we do with this problem?"  
P. Rahe: "Skip it."

## MY HOW ANCIENT!

Mr. Schmalzried (becoming exasperated with a very ignorant class in Civics): "I told you this over a hundred years ago—"

Mr. Schmalzried: "What are the duties of Secretary of State?"  
E. Crane: "He sees to domestic affairs."  
Mr. Schmalzried: "Probably he does if he is a married man."

## SKILL VERSUS RESOURCES

A forward pass is a thrilling thing. Straight and true is hurtles over the struggling elevens; a leaping catch; a dash across the goal line and the game is won.

When you sign for a Lincoln National Life savings policy you forward pass over all obstacles to the goal. And you always have reserves of unfailing strength to call into action when needed.

# CONFERENCE FOOTBALL TITLE IS AT STAKE

## SOUTH SIDE, WABASH TO MEET SATURDAY FOR W. V. HONORS

Both Are Undefeated In the League; Thomcats Are Strongest on the Green's Card

## HAVE ENVIABLE RECORD

Visitors Have Scalps of Manual of Indianapolis, Kokomo, and Goshen

Next Saturday South Side plays the strongest team she has on her schedule this season in the form of Wabash.

Since both teams have gone through the scheduled undefeated, this game will decide the championship of the Wabash Valley Conference.

### Is Very Strong

Wabash has one of the strongest teams that it has had in years and it is looking for a win over the Battlin' Green. The Hill Climbers have always been a jinx to South Side and this year appears to be no exception. With Ross, fast backfield ace of Wabash, running like wildfire, it seems as if the Green and White is in for an exceptionally hard tussle. He plays quarterback and the Thomcats' offense is built around him. He will bear plenty of watching Saturday.

Austin, fullback, is another star, getting the winning touchdown in Wabash's battle with Manual of Indianapolis, which the former won by the score of 14 to 7. Smarting under a 13 to 0 defeat handed to them last Saturday by Emerson of Carey, Coach Thom's proteges are howling for blood and with the championship of the Wabash Valley Conference at stake, will fight their hardest for a win over South Side.

### Beaten by Emerson

Their defeat at the hands of Emerson last Saturday was the first this season for the Orange and Black has chalked up victories over strong teams, such as Manual of Indianapolis, 14 to 7; Kokomo, 14 to 0, and Goshen, 31 to 0.

Showalter, right end, is one of the best ends in this section and is a bear at tackling. Wabash has a line like the proverbial stone wall and it is one of the main factors in their wins, making wonderful interference for the backfield to function.

### Has Three W. V. C. Wins

South Side will enter the game with three Wabash Valley Conference victories tucked away under her belts and is primed to win the game. With the entire squad in good shape the Green and White gridders are ready to get into the fray and fight it out with the Thomcats.

The following men will probably start for Wabash: Marks, left end; Woods, left tackle; Chronister, left guard; Coburn, center; Vice, right guard; Baylor, right tackle; Bowlby, right end; Ross, quarterback; Stauffer, left half; Hogan, right half; and Austin, fullback.

A large crowd will come from Wabash and all the other Conference towns to see the championship battle. South Side is expected to turn out en masse as this game is as important, if not more, than the Central game.

## Sport Shorts

And the score was 57 to 0! And oh, what a dirty game!

Richendollar can well be called the Plungin' Fool as he has scored six touchdowns in the last two games.

And nothing but MUD!!

And more mud.

Butts, of Huntington, reminded one of Harold Lloyd when he kicked and missed the ball altogether which drew a good laugh from the moisty mob.

Miller, the ref, looked like a participant of the manly game of Muddball (or football) after he had officiated for about ten minutes.

We saw Lombard wiping his hands on Miller's clean (?) knickers at least three times.

The ball had a special caretaker from the sidelines, who would clean it ever so often with a towel just as if it would not get dirty again.

Our sister school from Lewis street also won again Saturday, playing a tune on Auburn something like 25 to 6.

Again it was Captain Baker who was the star performer, assisted by Billingsley.

They also had a fine time in the mire and muck of the stadium. In fact it was a very mudslingin' affair.

By the way, Muncie seemed to have struck a Tartar (whatever that is) in Marion Saturday, barely scraping through for a 7 to 0 win.

Next Saturday South Side tackles the Wabash Thomcats at the stadium and Sport Shorts would like to see the entire school at the game.

The attendance so far at the games has been rotten and with a winning team like ours there is no reason for it. The game Saturday will be just as important as the Central game, as the Wabash Valley Conference title is at stake and just as the conductor says at the end of the line, EVERYBODY OUT!

First the Thomcats, then the Bearcats and finally the Tigers.

Ross, of Wabash, is a triple threat man and will be one of their many threats.

## Battlin' Green Determined to Cop First in W. V. C.

South Side's eleven is perhaps the strongest it has ever had. With one-hundred percent standing in the Wabash Valley Conference, she is anxious for a win over Wabash to clinch the title. From left to right the line is: Wiener, DeHaven, Weirich, Staight, Richendollar, Schopf, Branning; the backfield: Rastetter, Lighthill, Rahe and McCormick.

## GREEN IS VICTOR OVER HUNTINGTON IN THIRD W. V. TILT

Takes Vikings 57 to 0 In a Game Featured With Loose Playing and Mud

## "RICH" IS HEAVY SCORER

Makes Four of Nine Touchdowns Red and Black Weakened By Lack of Reserves

Taking advantage of the breaks and mud, the Battlin' Green defeated Huntington at Huntington, 57 to 0 for their third Wabash Valley Conference victory. The game was filled with fumbles on both sides but the Kelly Klads simply outclassed the Lime City eleven and would have run up a larger score on a dry field.

Richendollar was the star of the Green and White's offense, getting four of the nine touchdowns. The Vikings could not stop the rushes of the Green's husky fullback and time and again he tore through the line for consistent gains. Rastetter and Nulf handled the team well at quarterback and also did some good open field running.

Line Is Strong Throughout the game the South Side line was a veritable stone wall and the Red and Black could not gain in their futile attempts through the forward wall. In the last quarter it looked like there would be a bigger score but the Battlin' Green were set back a lot of ground on penalties. Branning, Lighthill, McCormick and Wiener also made touchdowns.

At the kick-off South Side started a march for the goal and was not stopped until Richendollar had made his first touchdown. Richendollar started plunging again and scored another touchdown. Captain Rahe carrying the ball over the line for point. The teams then started punting and Butts was no match for the Green-jerseyed kickers, and South Side gained ground.

Butts tried to get a punt away and it was blocked and Branning picked up the ball and ran fifteen yards to a touchdown. Richendollar ploughed through for another and Nulf passed to Welch for the point after touchdown which ended the scoring for the half. The score at the half was: South Side 38, Huntington 0.

The Second Half Nulf and Lighthill started getting long gains in the second half but were stopped on the 20-yard line on a fumble by Lighthill. The Vikings recovered the ball and on line plunges by Anson and Butts carried the ball to midfield. They lost the ball on a fumble after making three first downs and South Side started their offensive again, Lighthill scoring after a series of end runs.

Slackens Towards End In the last quarter, South Side, handicapped by numerous penalties, did not gain much ground but McCormick scored after the Kelly Klads had been penalized 25 yards for clipping. A pass from McCormick to Kingsley made the point after touchdown. The final touchdown resulted in a pass from McCormick to Wiener. The final score was: South Side 57, Huntington 0.

Coach Lundy Welborn kept putting in new men constantly and had a fresh team on the field almost throughout the whole game, while Coach Kinsey was forced to keep his first string men in throughout the contest, due to lack of good reserve forces.

Huntington fought hard throughout the game and although never even threatening South Side's goal line, were always in the midst of it, scraping like demons.

The summary and line-up is as follows:

Huntington (0)	South Side (57)
Erschel	L.E. Branning
Gillie	L.T. Schopf
Wise	L.G. Matlack
Coble	C. Lombard
Souers	R.G. Weirich
Briegs	R.T. DeHaven
Smith	Q.B. Rastetter
Anson	L.H. Rahe
Jung	R.H. McCormick
Butts	F.B. Richendollar

Touchdowns—Richendollar 4, Branning, Lighthill, McCormick, Wiener, Rastetter. Points after touchdown—Welch (pass from Nulf), Rahe, and Kingsley (pass from McCormick). Substitutions—E. Hummer for Erschel, Erschel for E. Hummer, Nulf for McCormick, Sprunger for Rahe, Wenzel for Branning, Barbier for Schopf, Kingsley for Wiener, Murray for Sprunger, Rastetter for Nulf, Weirich for Wenzel, Lake for Lombard, Lombard for Lake, Schopf for Weirich, Buirely for Schopf, Lighthill for Rahe, Murray for McCormick, Feustel for Sprunger, Referee—Miller (Anderson). Umpire—Muldoon (Peru).

## THE LINE

Don't Flinch; Don't Foul; Hit The Line Hard

The line was in fine form against the Vikings. The mud and rain seemed to be no obstacle in their performance of duty.

The 15-yard run of Branning after receiving one of Huntington's kicks was done in fine shape. He perfectly side-stepped the two men that would have made the tackle.

Weiner also made his touchdown in fine form by completing a well executed forward pass over the goal line.

Otho was playing a great offensive game. He held like a stone wall at all times.

Lombard has been playing a great game at center in the last few games. Before the injury of Staight he had been playing tackle. Afterwards he was shifted to center where he has remained since. His passing of the wet ball in the Huntington game was good. He has been out for football for the last two years, but it was not until this year that he was placed on the regular team. This is his last year on the Green and White team as he is now a senior.

The ends were surely getting down the field under punts and were doing their part in having end runs well executed.

DeHaven was driving with some mighty force. His kicks on the kick-offs were well done. He also did his part when it came to receiving the kick-off. He nabbed one once and ran for 25 yards before being downed by the enemy.

Leake played a great game at center. This was also his first chance in a game and he, too, played like a veteran. He broke through the enemy's line time after time to down the one with the ball several yards behind the line of scrimmage.

Birley showed considerable ability at guard.

Weirich surely kept up his good work at guard. He broke through the line several times to make a good tackle.

The interference looked great. The linemen would down the opponents making a clear field for the one with the ball.

Schopf played his usual fine game at tackle. His offensive and defensive work was done well-nigh perfectly.

Although the opponents showed great spirit they did not have the punch to penetrate the terrific charging of the South Side linemen.

## TIGERS DOPED TO WIN GAME WITH PORTLAND

To Meet on Opponents' Field Saturday; Central Downs Auburn, 25 to 6; Team In Fine Shape

Next Saturday Fighting Central plays Portland at Portland. Not much is known of the Portland team this year but the Blue ought not to have much trouble with the down-staters as they defeated Decatur by the score of 6 to 0.

The Central squad survived the Auburn game in fine shape and will probably use the entire team.

At the stadium last Saturday the Blue and White gridders ran through the Auburn team for a 25 to 6 win. Due to the muddy condition of the field, the backfield could not get started as usual and this was one of the main factors in the low score.

Captain Jim Baker was the star of the game, breaking away time and again for long runs which resulted in two touchdowns. Billingsley also broke away for long end runs and scored one touchdown. The score at the half was 13 to 6.

In the second half Central opened up her aerial attack and scored two more touchdowns before the final gun. The last marker was made by the reserves.

## Marion Gridders Hold Muncie to Seven Points

Holding the strong Muncie Bearcats to a 7 to 0 win, Marion not only surprised herself but also the rest of the football world, as Marion was supposed to have nothing but an outside chance against the Bearcats.

Although not defeating them, Marion proved that it was the only team that could stop the Muncie's offense so far this season.

Next week South Side tackles Muncie and a good fight is in store.

## SATURDAY'S GAME TO DECIDE CHAMPS

Wabash-South Side Tie to Be Broken for W. V. F. C. Winner

## KOKOMO COMES THIRD

STANDINGS	W.	L.	Pct.
South Side	3	0	1.000
Wabash	1	0	1.000
Kokomo	2	1	.667
Huntington	1	2	.333

Logansport	0	2	.000

This Week's Results  
South Side 57, Huntington 0.

Today's Game  
Huntington at Peru.

Saturday's Games  
Wabash at South Side.  
Logansport at Kokomo.

In a sea of mud and in a drizzling rain South Side again smothered her Conference brothers under a shower of touchdowns finally amounting to 57 to 0. Wabash, who is tying with the local team, did not play a Wabash Valley Conference game and thereby kept its slate clean. The tie for Wabash Valley Conference honors will be decided next Saturday, when the Green plays Wabash at the stadium. If South Side loses next Saturday she will go into a tie with Kokomo, who is expected to win from Logansport.

Using comparative scores it looks as if Peru will take Huntington from fourth place to fifth, since the Green walloped the latter 57 to 0. Logansport is expected to have a monopoly on the cellar position, with three losses after Saturday's game with Kokomo.

If Wabash loses Saturday it will go into third place with a percentage of .500 but according to advance rumors from the Hill Climbers' camp, there 'ain't gonna be no ifs.

**Cappy Twining and Beatrice Rieke Speak; Club to Have Hallowe'en Party**

Movie stars and historical and literary characters will be represented by Philalethian members at the Hallowe'en party to be given Friday, October 30. No definite plans have been made as to where the party will be held.

Interesting talks were given by Cappy Twining and Beatrice Rieke on "Movie Land" and "Tricks in Photography" at the meeting held last Monday.

Harold Lloyd was there in his football garb direct from playing in "The Freshman." America's sweetheart, Mary Pickford, honored the club by being present. Our poor little orphan, Jackie Coogan, stopped in to get additional dope on the movies. These persons were impersonated by Isabel Walters, Dorothy Somers, and Elisabeth Crane, respectively.

## Only Three Celebrate Natal Day This Week

It was thought that few birthdays occurred last week but it was found that these anniversaries are fewer in number this week. Only three from a student body of about 1,200 celebrated their natal days this week.

Thelma Dull and Frank Edmunds reached the age of eighteen and fifteen respectively yesterday. Today brought Henry Meyers his seventeenth birthday.

## SPORT GUSH

We surely hate to think of having a vacation for three days, 'cos we'll miss all our friends so. But don't you worry, we'll have a g-r-r-r-a-s-n-d-d reunion at the game Saturday.

And still we're 100 per cent 'on the Conference grade book.

Don't forget to visit Mr. Hull or Mr. Gould Saturday at the stadium gate. Please present your pink calling cards.

In our estimation Huntington's homecoming celebration was a complete success.

And the harder it rained, the faster our team piled up the points.

PRESS ASSOCIATION AWARDS TROPHIES TO TIMES, TOTEM

Indiana High School Press League Contest Held in June; Cups Awarded Last Week

CROWD BREAKS RECORD

Four Hundred Take in Convention; Baumgartner, Harvey, Wynken Go From S. S.

At the fourth annual meeting of the Indiana High School Press association at Franklin College, Franklin, last week, South Side received cups for the Times and Tote, as awards for the first honors won in the classes in the newspaper and annual contests sponsored by the association last June.

The Times won first in its class including weekly papers and those put out oftener. In the second class, made up of bi-weekly and monthly editions, the Stone City Student of Bedford high school took the prize. The class in which the Tote was judged best included schools with over 300 enrollment. The Spectrum of Alexandria high school, was best in the second division, schools having an enrollment less than 300.

Pauline Baumgartner, Chester Wynken and Rowena Harvey represented the local publications' staffs at the convention.

Many Attend Four hundred delegates from approximately sixty-five high schools from all parts of Indiana attended the conference. This record surpasses all others of preceding years.

Helpful information was gained in the round table discussions and general convocations. Prominent newspaper men, teachers and engravers were on the program.

Miss Harvey spoke to faculty advisors on "Selection and Organization of the Staff" Saturday morning. Some of the other speakers were Professor L. E. Mitchell, director of the course in journalism of DePauw University; George W. Purcell, editor The Western Sun, Vincennes; O. H. Worley, Indianapolis Engraving company; A. A. Lubarsky, The David J. Mahoy Cover company; Thomas Smith, editor, 1925 Drift, annual of Butler University; and Dr. Myron McCurry, head of the English department and director of the course in journalism, Franklin College.

Guests of Organizations During their stay at Franklin, delegates were guests of the Franklin Chamber of Commerce in sight-seeing trips of the city and a tour of inspection of the Masonic home. A group picture of the convention was taken here. The Kiwanis club, the Rotary club, and the Faculty Women's club of Franklin College entertained the annual, newspaper and faculty advisor groups at breakfast Saturday morning.

Delegates saw "The Last Edition," a newspaper movie, as the guests of O. I. Demaree, manager of the Franklin Opera House. The annual freshman-sophomore tug-of-war and the Franklin-Muncie State Normal football game were on the program Saturday.

About 415 persons, including delegates, high school officials, faculty advisors, townspeople and college students attended the annual convention banquet. Senator James E. Watson and Governor Ed Jackson were scheduled to speak but because of illness neither could be there. The Franklin Night Owls, a seven-piece orchestra, furnished music. R. H. Sellers, editor, The Franklin Evening Star, presided as toastmaster. Besides the orchestra the Men's and the Girls' Glee clubs of the college sang. The trophies were awarded at this banquet.

Elected Head Lowell Craig, of Rushville high school, was elected president of the association at the business session Jan Edkins, a sophomore in Franklin College, was re-elected executive secretary.

Display tables of engravers, paper companies, photographers, and book cover companies were scattered about the college building. Some schools distributed their newspapers and two special convention issues of the Franklin, weekly organ of Franklin College, were put out. One of the specials containing a play by play account.

History Pupils Prove U. S. is "Melting Pot" Miss Crowe's American History Classes Have Twelve Nationalities Represented.

That the United States is the "melting pot" of the world was borne out by a survey in Miss Crowe's fourth and first period U. S. history class. In the two classes a total of twelve nations are represented. Germany leads the list in both classes and the other nations follow in this order: England, Ireland, Holland, Scotland, France, Canada, Switzerland, Armenia, Poland, Spain, and Portugal.

In the fourth period class two pupils had to go back six generations to find their native land, while most of the rest went back three. Most of the first period class went back four generations.

In spite of all the nationalities represented there were only two pupils who were not citizens of the United States. These two were Canadians.

Lost, Found Case Added to Office

Locker Keys, Combs and Compacts Have Greatest Number of Representatives.

"Isn't that the cutest thing out? But what is it? On first glance it looks like someone's keepsake, but why all the keys? No, it must be a safe-cracker's outfit with all those keys and hooks. Oh, yes, now I have it! It's the case made especially for lost and found articles."

Such were the thoughts of a struggling Times reporter as he gazed at the newest addition to our general office.

The case is about three feet high and two feet wide, containing rows of small hooks on which are placed any lost articles which have been found and turned in at the office.

Locker keys head the list in respect to numbers, totaling thirty-three. Combs and compacts run a close second and pencils and fountain pens of all descriptions and colors lend much color and variety to the case.

GIRLS INITIATED IN U. S. A. CLUB

Romany Day Observed Today in Room 86; Girls to Wear Bright Colors

Romany day will be observed by the U. S. A. club today in Room 86 at 3 o'clock. In keeping with the day the girls should wear bright colors.

All the new girls will be initiated at this meeting. Both serious and mock initiation will be held.

The following persons are to be initiated: Virginia Asher, Ferol Keller, Lillian Shuler, Marie Brown, Mildred Ruple, Charlotte Rothert, Enid Stilwell, Dorothy Likins, Carol Koerber, Ruth Kohlmeier, Marguerite Kendig, Margaret Jones, Helen Hockett, Helen Hilgemann, Wanda Hall, Wava Haggard, Mary Graham, Lurde Garm, Hortense Freisburger, Virginia Cowan, Isabelle Collins, Mildred Butts, Alice Van Buskirk, Ruth Buist, Nellie Buchan, Velma Blum, Elsie Bleke, Ruth Bennhoff, Violet Becker, Frances Blosser, Luella Steger, Dorothy Steiner, Doris Gaylord, Charlotte Marchant, Kathryn Null, Virginia Orr, Beulah Patterson, Wilma Blummer, Shirley Reed, Luella Rogers, Ruby Shirk, Dorothy Smith, Margaret Springer, Bernice Stein, Catherine Suter, Dortha Thomas, Pauline Watson, Harriet Wynken, Kathryn Yahnke, and Elizabeth Williams.

A membership contest will be conducted by the club with Elizabeth Fonnor and Edna Hebert the captains. The members will be divided into two groups and each will try to get new members.

HEINE AND VOORHEES ATTEND CLUB LUNCH

American Chemical Society Meeting Proves Interesting to Science Teachers.

Mr. Heine and Mr. Voorhees attended the luncheon which was given by the Indiana section of the American Chemical Society to which science teachers of the state were invited.

After the luncheon a most interesting illustrated lecture on the serum treatment of hay fever was given. More than sixty pressed plants, with specimens of their pollen, were shown. Any one of these plants might be the cause of hay fever.

The American Chemical Society's Prize Essay Contest was explained at the meeting. This contest is open to any pupil whether he is a chemistry student or not. Mr. Voorhees will be glad to give information to anyone interested. This contest may be of interest to students of English also.

Last year Dorothy Foster, a student of Central High, received second prize in the contest.

Gracchi Members Give Talks on Camp Gray

Reports of the conference held at Camp Gray last summer were given by Margaret Iler, Mary Forker and Purilla Habecker at the Gracchi club business meeting last Monday evening. Orders were taken for club pins.

Mary Forker was elected to represent the Gracchi club on the Y. W. C. A. inter-departmental committee.

About forty girls attended the supper meeting.

Bulletin Boards Made For English Teachers

Mr. Stahl has just completed the construction of several bulletin boards for all rooms of the English department. The boards are made of beaver board with the edges bound very neatly by wooden molding. The size varies according to the room in which they are to be placed. The average size is 32 by 48 inches.

The boards will be placed in the rooms of the English department in a short time.

NOTES DUE

Promissory notes are due and must be paid in full by this noon. THELMA GASSER, Circulation Manager.

MATH-SCIENTISTS CHOOSE CHAIRMAN

Club to Meet a Week From Tomorrow in Room No. 86.

The next meeting of the Math-Science club will be held Friday, November 6, in Room 86, at 3 o'clock.

All of the committees have been chosen. The following are on the program committee: Florence Hansen, chairman; Mr. Greeley, Eleanor Colson, Roger Ralston.

The entertainment committee is composed of Marjorie Burres, chairman; Mr. Voorhees, Kenneth Flaigh, and Ruth Eickmeyer.

The eats committee consists of Mary Pocock, chairman; Miss Fiedler, Louise Platt, and Eldora Snyder.

One of the features of the program for the next meeting is to be a talk on Indian relics by James Miles.

INTER-CLUBMEN ELECT OFFICERS

Margaret Roberts, Friendship Club, is Chosen as President

Margaret Roberts, of the Friendship club of Central, was chosen as president of the Inter-Club council at the first meeting of the year held October 22 at the Y. W. C. A. Marguerite Schwiwer of So-Si-Y was elected vice-president and Mildred Slater of U. P. D., scribe.

Plans for a forum, rummage sale, Big Four vaudeville and awarding of Girl Reserve rings and the defects of the clubs were discussed.

The first series of the forum will start the week before Christmas. If these are successful another series will be held.

The third week in November is the date set for the rummage sale. Miss Symons urged everyone to save up old clothing, especially men's, phonograph records, dishes and other articles.

Ring committees were appointed to decide those worthy of owning a Girl Reserve ring. Ruth Eickmeyer is chairman of the So-Si-Y club ring committee, and Margaret Pocock of the U. S. A.

VISITING LIBRARIANS COMMEND POSTERS

Four Hundred Delegates to Convention Inspect South Side Library; Are Enthusiastic

Between three hundred and four hundred of the visitors at the library convention last week inspected the South Side library. Miss Schulze says that everyone was very enthusiastic about our library and all were busy taking notes on the most interesting points.

The visitors were especially interested in the artistic posters on the wall which were made by our own boys and girls. The visitors remarked about what good looking boys and girls South Side had for students as they passed through the halls on Wednesday. Some said they especially wanted to see the prize "Totem."

Many of the visitors asked to come again to the library when they would have more time to take notes, and several did come three and four times during the week.

All in all it is felt that the South Side high library played a large part in making the convention a huge success.

Howling Hallowe'en Fest Given to Staff

A booming progressive Hallowe'en party will be enjoyed by the Times staff tonight.

All members of the staff should get out their doll dresses, clown suits, or any other costumes, and be in Room 20 at eight o'clock.

The eats will be furnished by the Times, and plenty of them. A howling time is in store for everyone.

Ruth Eickmeyer, Edith Kyler, Cornelia Bade and Mildred Obenour are in charge of the party. They have planned the eats and journey.

Mr. Hull Given Office at Teacher's Meeting

Mr. Hull, who represented South Side's physics department at the teachers' convention, had the honor of being elected president of the chemistry and physics section of the Indiana Teachers' association at Indianapolis last week. He will have charge of the program to be planned for next year.

Thirty-Seven In Orchestra

Thirty-seven pupils have joined the Austin high school orchestra, Chicago, Ill. This orchestra will furnish music for the future assemblies.

Grads Given Positions on I. U. Annual Staff

Vivian Grates, '24, has been chosen sophomore editorial assistant on the "Arbutus," annual of Indiana University, and Helen Toay Underwood, '24, has been named sophomore business assistant. Vivian and Helen are two of the sixteen editorial and business assistants chosen from thirty-four applicants.

Both girls have had experience in journalism in high school. While at South Side Vivian was general manager of the Times and Helen was circulation manager.

Sophomore assistants for the staff were selected on a basis of scholarship, experience, personality and ability and knowledge of campus activities and events.

TIMES SECURES 1125 SUBSCRIBERS

The School is Now 95 Percent for Paper; 1395 Printed Weekly

Exactly 1,125 persons have subscribed to the Times. Of these, 1,068 are in school and fifty-seven are outsiders. Besides delivering these, an average of 200 exchanges and 70 papers to advertisers is sent out every week.

Twenty-two out of fifty rooms are 100 percent or over and every member of the faculty has subscribed.

This is the greatest number of subscriptions the Times has ever had, making South Side 95 percent for the school paper.

"This is the last week to pay promissory notes. Letters will be sent next week to parents of pupils who have not brought their money," says the circulation manager.

STUDENTS RECEIVE 862 FALL WARNING NOTICES

English Classes Still Lead List; Music Department Again Has Perfect Record

Last week-end over 850 warning notices were sent to the homes of South Side students. Many received two or three and even four of these gentle reminders to get to work.

This year a different system of sending and listing them was used, and the number of pupils who received notices is not known. Probably about one-half of the student body escaped these much-feared documents.

The English department leads the list with 269, and the others classify as follows: Language, 178; mathematics, 138; history, about 100; science, 83; commercial, 63; domestic science, 23; manual training, 6; art, 2; and music, none, making a total of 862.

In October, 1924, only 700 were issued, but since then the number in each department has increased, except in commercial, which is decreased slightly.

The music department still has the perfect record which it held in 1924, but the art department, which also had a perfect slate in 1924, has added two to this year's total.

POSTERS FOR CONTEST ARE IN THREE GROUPS

Any High School Pupils May Enter; Pictures Must Be in by April 17

The posters for the State Poster contest will be made in the same groups as those last year, according to the rules of the contest. The three main groups from which posters may be selected are the mental, the physical and the spiritual group.

Under the physical group come health and recreation such as care of eyes, teeth and body.

Value of art, habits, regular curricula, school equipment, activities, and the influence of good books are under the mental and moral group, while devotion, reference, community cooperation, fair play, loyalty, school spirit, and patriotism are under the spiritual group.

Any high school pupil may join this contest. The pictures submitted must be at Indianapolis by April 17, 1926.

Study Chinese

The leads in the annual operetta "The China Shop," to be given by the students of the North Central high school, Spokane, Wash., visited the Central Noodle Cafe for the purpose of studying the actions and speech of the Chinese. After watching the waiters as the orders were served, the players had a much better idea of how to play their parts.

TOTEM CAMPAIGN FOR ALL CLASSES TO START MONDAY

All Room Agents Have Now Been Appointed; Book Still Costs Two Dollars

HEADS PLAN ENGRAVING

Indianapolis Firm Again Leased Contract for Engraving; Mr. Worley Visits School

The Totem circulation campaign for the whole school opens next Monday November 2. "The room agents have been appointed and everything is all ready to take in the orders for the year book," says Thelma Gasser, circulation manager.

The Totem will again cost two dollars. This can be paid in full or a first payment of not less than twenty-five cents can be made. A second payment will be expected before Christmas and the final payment some time before March.

O. H. Worley, of the Indianapolis Engraving company, had a conference with the annual heads yesterday to talk over engraving plans for the 1926 Totem. The Indianapolis firm has again been awarded the engraving contract.

MR. HULL TO LECTURE ON ELEMENTS OF RADIO

To Explain Various Hook-ups and Their Advantages in Course of Ten Lectures

Mr. Hull will conduct an extension course consisting of ten lectures and demonstrations dealing with the elements of radio. The course is intended to acquaint the average radio owner with the fundamentals of radio transmission and reception. The course is non-technical in nature covering the standard parts of a radio receiving set, their action and their relation to each other and also the various hook-ups and the characteristics and advantages claimed by each.

The complete course will cover the radio in every detail. The classes will consist of special lectures selected for this work. The instructions will be given by lectures, demonstrations, and assigned readings. Up-to-date laboratory equipment will be used in demonstrating the hook-ups.

The "bread board" method of mounting parts to illustrate them will be used. Standard sets will be exhibited and explained.

This course will be ten weeks in length, with one lesson each week.

"COUNTY UNIT PLAN" TOPIC FOR DISCUSSION

Subject for State Contests Is Announced; Debates To Be Held In March

The subject of discussion this year for the State High School Discussion League will be the "County Unit Plan." The contest will be held in March.

The district committeemen and the county chairmen will be appointed soon by Miss Adela Bittner, who is in charge of the State High School Discussion League.

Miss Schulze and Mrs. Thompson are now collecting material which is available to all contestants.

Many Compliments Heard at Convention

Mr. Davis said that he received many favorable comments on our school at the State Teachers' association convention from friends who have visited South Side high school some time in the past.

Mr. Davis remarked that at last the people of the central and southern part of our state have begun to notice the splendid work of our athletic teams. He heard many comments on our football team.

Hi-Y Clubs to Convene For Regular Meeting

Hi-Y clubs will hold their regular meeting today at the Y. M. C. A.

The subject for discussion will be "Disrespect for Law." The subjects for the Bible study will be "Sunday Observance" and "Gambling."

Chosen by Teachers

Mr. Whelan was elected to the vice presidency of the geography section at the recent convention at Indianapolis.

Student Council Organized

A student Council has been organized at the Lyons Township high school, LaGrange, Ill. This council consists of four boys and four girls, a boy and a girl from each class. The purpose of this council is to boost the school.

Visit Prison

A number of pupils of the Austin and Branch high schools, Chicago, Ill., took a trip to Joliet, Ill., where in the morning they visited the cells and women's department of the new prison. In the afternoon they were taken through the old prison.

DUO-MEET NAMED "SISTER SHIPS"

So-Si-Y and Friendship Clubs Hold Joint Gathering at Y. W. C. A.

"Sister Ships," a joint-meeting of the Friendship and So-Si-Y clubs, will be held November 3 at the Y. W. C. A. Miss Ida Jones, who spent the summer abroad, will be the speaker.

Twenty-five new members were initiated into the So-Si-Y at the meeting Tuesday, October 27. The serious initiation, which was in charge of Cornelia Bade, was held first. Margaret Crosbie conducted the funny initiation, which consisted of having the member's palms read by a fortune teller (a red S was painted on their palm) and of being perfumed with a delightful fragrance.

Miss Symons gave a talk on how a member could win a Girl Reserve ring by living up to the ring standard. This standard pertains to health, such as a physical examination twice a year, correct posture, comfortable clothing and examination of teeth; knowledge, in regard to books; practical experience, and spirit.

Plans for the rummage sale, which will be given the third week in November, and the Big Four vaudeville were announced.

Miss Symons urges every one to save up old clothing, dishes, Victrola records and other articles for the rummage sale.

35 ARTICLES TURNED IN FOR NEEDLEWORK GUILD

So-Si-Y Members Respond to Call for Garments for Poor of Our City

About thirty-five garments have been turned in for the Needlework Guild by members of the So-Si-Y club. More are expected before the closing date, November 4.

Members should turn in their garments to Miss Burns, Room 62, or any member of the service committee.

Two articles must be submitted by each girl, and they must be new.

So-Si-Y girls are urged to turn in their garments as soon as possible," says Marguerite Schwiwer, chairman of the service committee.

Wranglers to Hold Mock Trial Nov. 5

The Wranglers will have their mock trial and business meeting in Room 86 next Thursday, November 5, instead of tonight. The date has been changed because of a conflict in the school calendar.

Details of the postponed trial, in which Mary Alice Tannehill is to be accused of disorderly conduct because she chews gum, are not to be published until after next Thursday. However, all students are urged to attend the meeting and do jury duty.

Book Creates Interest

"The House of Seven Gables," which is being studied by the second hour junior class of the Central high school, Kansas City, Kansas, has created much interest in the class. A set of postcards brought from the "House of Seven Gables," on 54 Turner street, Boston, Mass., was brought to school by one of the pupils. Another pupil made a drawing of "The House of Seven Gables," according to the architect's drawing in the classic, and a drawing on the floor plan was also made. These features were done by the students on their own accord, which made the work more interesting.

Girls Classed by Type

A new plan is now in use in the 9-A sewing class of the Jason Lee Intermediate school, Tacoma, Wash. The girls are classed according to type, and each is making a chart on which she puts the colors which are becoming to her, the colors she should avoid and a line study to bring out the best characteristics in her individual self.

Movies Presented

"Julius Caesar in Gaul," a movie dealing with the causes leading to the downfall of the Roman empire, was shown in the auditorium of the Provisional Township high school, Maywood, Ill., before the Latin classes. The second of these films, "Spartans," will be given soon.

FAMED MUSICIANS TO APPEAR IN GYM TWICE TOMORROW

John Philip Sousa With His Band of Hundred Men to Treat Music Lovers of Fort Wayne

CONCERTS AT 3:00-8:15

Students to Pay 50 Cents, \$1.10; Adults \$1.10, \$1.65 for Afternoon and Evening

Tomorrow, in South Side's gym, music lovers of Fort Wayne are to hear the famous Lieut. Commander John Philip Sousa and his band. The matinee concert begins at 3 o'clock and the evening performance at 8:15.

Since his first tour in 1892 Sousa has always introduced something new every year. This year there are six new features: the marches, "The National Game" and "The Black Horse Troop;" a suite, "Cuba Under Three Flags;" a jazz piece, "Jazz America;" a humoresque, "Follow the Swallow;" a waltz, "Co-Eds of Michigan;" and a musical vaudeville, "Showing Off Before Company," for the matinee. In addition is the "Liberty Bell March," which featured by the "March King" during his first tour and is now being revived for his third-of-a-century tour. A saxophone octette, a piccolo sextette, and Sousa's 100 syncopators are considered the novelties of the program.

Soloists To Appear Ten soloists are travelling with the organization this year. They are: Miss Marjorie Moody, soprano; Miss Winifred Bamrich, harp; R. E. Williams, flute; John C. Carr, clarinet; Jos. Deluca, euphonium; John Dolan, cornet; George J. Carey, xylophone; H. B. Stephens, saxophone; Clifford Ruchle, bassoon; and J. F. Schueler, trombone.

Sousa's concerts are very popular. The only source of revenue has been the sale of tickets, yet the Lieut. Commander has always found a public so large that at a maximum price of two dollars he has been able to meet operating expenses now approaching a million dollars a season.

At Fort Wayne, matinee tickets for school children are fifty cents and for others \$1.10. Tickets for the evening concert are \$1.10 and \$1.65.

Sousa believes that he has been successful not because he doesn't charge much, but because he always gives programs which contain the elements of novelty and variety.

On Extensive Tour

The great bandmaster is now on his third-of-a-century tour through the United States and part of Canada. He intends to give no more than 422 performances. The public consider his coming an event. In many cities a holiday has been declared for his appearance there. Throughout the country it is the custom to display flags from homes, public buildings, and places of business during his visit.

The programs for the afternoon and evening are as follows:

Tote a Totem tag!

-Thanks, team, for the Wabash Valley Football Conference title!

Seniors, set a good example for the rest of the school and reach your subscription goal 100 percent for the Totem.

With so much Hallowe'en rowdyism going on now it is not likely that the goblins will even have enough courage to venture out to get us.

If our publications and teams keep on winning cups and banners at the rate they have been, our trophy case will have to be somewhat enlarged.

"Smile and the world smiles with you. Frown and you frown alone." But a good exception of this rule will take place when our parents take a glance at the grade cards within a few weeks.

Sousa and his band play here tomorrow. By attending this performance we not only satisfy our own natural desire to hear good music, but also, at the same time, we increase the wealth of our music department.

Warning notices were sent out by the faculty last week. If you were among those who were slighted, rejoice. If not, rejoice too, that the teachers are considerate enough to give us a fair warning of our dangerous situation. It does not necessarily mean that we are going to fail, but it does mean that we will have to put forth a little more effort in our work from now on. So heed the warning and raise those grades!

Several weeks ago one of our football players requested that our scoreboard in the stadium be replaced. As yet, no action has been taken. It seems that in a school the size of this, there is surely a group of boys who have enough gumpation in them to replace this board and find someone to keep score during the games. It would only take a few minutes and this noble act would be performed. Then the spectators at the games could be informed about the scores at all times during the games.

Some of us South Siders are good sportsmen, some are musicians, athletes, yell leaders, debaters, and some hold offices in organizations and become popular. Many of us have the idea that sitting in the gymnasium during noon hours, seeking the companionship of the opposite sex, is the only way to become popular. Yet what is popularity if we do not possess a character to be worthy of popularity? "Seek the best and it shall be found." Let us hold this as our motto, and then live up to it. "What will I do the sixth period?" or probably the fifth, we commonly hear in the halls. If a student were interested in his school, no time would drag. Let us get busy, hunt work, and do something to help the school in one way or another. We are all proud of this school. Now let the school be proud of us. All of us crave to be popular, but let's satisfy this craving in an honorable way, and have reason for being proud.

## PLAYING FOR KEEPS

I've watched him change his bibs and things, from bonnets known as "cute."

To little frocks, and later on I saw him don a suit;

And though it was of calico, those knickers gave him joy,

Until the day we all agreed 'twas time for corduroy.

I say I've seen the changes come, it seems with bounds and leaps,

But here's another just arrived—he's playing mibs for keeps!

The guide posts of his life fly by. The boy that is today,

Tomorrow morning we may wake to find he has gone away,

And in his place will be a lad we've never known before.

Older and wiser in his ways and filled with new-found lore.

Now here's another boy today, counting his marble heaps

And proudly boasting to his dad he's playing mibs for keeps!

Playing for keeps! Another step to wards manhood's broad estate!

This is what some term growing up, or destiny, or fate.

Yet from this game with marbles, played with youngsters on the street,

I hope will come a larger boy, too big to lie or cheat,

And by these mibs which from his clutch another madly sweeps,

I hope he'll learn the game of life which must be played for keeps.

## And Werse

When Ma is sick, she pegs away; She's quiet, though; not much to say.

She goes right on a-doing things, An' sometimes laughs and even sings.

She says she don't feel extra well. But then (she says), it's just a spell.

She'll be all right tomorrow, sure, A good old sleep will be the cure.

An' Pa, he sniffs, and makes no kick For women folks are always sick.

An' Ma she smiles, let's on she's glad— When Ma is sick, it's not so bad.

But when Pa is sick, he's scared to death, An' Ma an' us just holds our breath.

He crawls in bed, an' puffs and grunts And does all kinds of funny stunts.

He wants Doc Brown, an' mighty quick, For when Pa's ill, he's mighty sick.

He gasps and groans, an' sort o' sighs, He talks so queer an' rolls his eyes.

Ma jumps and runs, an' all of us, An' all the house is in a fuss.

An' peace and joy is mighty scarce— When Pa is sick, it's something fierce.

To the Editor: Some time ago at the Hi-Y meeting, Mr. Harris commented on the fact that we had not as yet found it necessary to police the halls or the cafeteria.

For the past few weeks there has been quite a bit of "scabbing" done in the cafeteria the fourth and fifth periods. While I don't think it necessary to police the line, I think that everyone should take his turn, and not push into line beside some personal friend. Let's see if we can't remedy this condition and give everybody a square deal.

## I'm A Nut

In other words I'm a long, lank, lantern-jawed, beardless, white youth—that is, according to the dictionary.

But at South Side I happen to be the person whose middle name is "Forgot."

Already I have spent a handful of pennies to have my locker opened, and have increased the library fund by money for overdue books.

And the worst of that habit takes place the second period when the class has to be interrupted to give me my card. I believe in living up to my middle name in still another way since I never go to any meetings, games, or pep meetings simply because some one didn't drag me along to remind me of it.

Oh well, maybe some day I'll get a gentleman's gentleman to keep me posted.

## I'm Not A Nut

I'm not a nut like my brother just ahead of me. I don't annoy my teachers by trying to make clever remarks. I answer the questions asked me in a sensible manner if I know the answers. If not, I do not try to bluff by shifting to another subject or saying something cute.

I suppose I could be a real clever bluffer if I tried, but what's the use. By bluffing you only bluff yourself into thinking that the teacher doesn't know you are bluffing. So the best policy is to be prepared and answer questions in a sensible way.

## INSIDE DOPE

Gilbert: "You seem very sleepy. Were you out late last night?"

DeHaven: "I had to sit up with the baby."

Gilbert: "Oh, I see. How old was the baby?"

Mr. Schmalzried: "I don't believe in telling a class my politics. However, I am not a Democrat."

## THE MYSTERY

Why Frank Bernhart goes to Rome City?  
Why Gilbert doesn't part his hair?  
Why Lester DeHaven is called "Tiny?"  
Why Richendollar is called the "Plungin' Fool?"  
Why we wrote this?

Mr. Virts' Velle has a good pick-up—three tacks on the Indianapolis trip.

Maycl Kelsy (going to Jefferson Studio): "Have you had your picture taken yet, Dorothy?"

Dorothy Augspurger: "Yes, last night."

Maycl: "Gee, I bet the camera's all broken now."

## PATCH OF NUT-BROWN HUE

Two girls gay met a boy one day,  
His legs were briar scratched.

His clothes were of blue, but a nut brown-hue  
Marked the place where his pants were patched.

They laughed with joy at the blue clad boy  
And his patch of nut-brown hue.

"Why don't you patch with color to match?"  
They said "Why not with blue?"

Don't be coy, my blue clad boy,  
"Speak up" and they laughed with glee;

When he hung his head as he bashfully said  
"That ain't no patch, that's ME."

Mr. Schmalzried (in Civics class): "Are there any other topics you have on your mind that you wish to get off?"

Elsbeth C.: "I'd like to have the lights on."

Mr. S.: "Elsbeth isn't accustomed to the dark. Mary, turn on the lights."

(After lights are on)—"Now is there anyone that wants them off?"

Miss Smeltzly in History class: "In Europe they don't have rubber heels (meaning wheels) to ride on."

McCormack (talking about ministers): "I think Rev. Folsom is a very good referee."

## Alumni News

Several active members of last year's senior class are now studying at Ypsilanti, Michigan. These girls are all interested in Normal work. Dorothy Cline, Ruth Richey, and Vianna Keesberry are a few who enjoy their work. Ruth is finding her English very easy, and is making an "A" grade. She is taking a music course. Vianna and Dorothy are both studying kindergarten work and think it is fine.

Mary Monroe and Bertryl Merrill, both attending the Normal School at Muncie, spent their vacation last week in Fort Wayne.

Ralph Welch, who has been pledged to the Phi Chi fraternity at Purdue University, spent the week-end with his parents.

Edna Tilbury and Mary McCurdy, who are also attending Muncie Normal school, returned home for a short visit during vacation.

Alan Fromuth, '24, returned home from Butler College to witness the South Side-Wabash game Saturday.

Dorothy Cline, '25, has been elected on the freshman social council at Michigan Normal at Ypsilanti. She is the only girl on the committee.

William Thiele was home Sunday from Liverpool, Indiana, where he is working for the Pennsylvania railroad.

Harold Bridge, '25, business manager of the 1925 Totem, has just recovered from an operation. He visited the school recently.

Bertryl Merrill spent several days with her parents during the Teachers' convention. Bertryl is pledged to the Sigma Alpha Sigma at Muncie Normal.

Power Karr is another alumni to get his subscription in early for the 1926 Totem. Power has also paid for his copy of The 1926 Makio, Ohio State's annual. In his letter he stated that he would be able to compare it with one which should again prove to be the best high school annual in the United States.

The alumni expect great results from the 1926 Totem.

Helen Shimer, '24; Jane Bassett, '24, and Alice Keesberry, '24, have returned from Purdue where they attended the football game and Sigma Nu dance on Saturday night.

Dorothy Dix, '24, has returned to Indiana University to resume her studies, after spending the week-end with her parents.

Mildred Kesterson, '25, and Lottie Dignan, '25, are planning on attending the Purdue football game at Indiana University. While there they will be the guests of Ruth Anderson, CHS, '24, and Geraldine Lower, '25.

Lorna Fraunfelder, '25, will spend the week-end with her parents.

Dorothy Cline, '25, has returned to Ypsilanti, after spending the week-end with her parents.

Helen Crawford, '25, who is continuing her studies at Indiana University, returned home to spend the week-end with her parents.

Mary Travis, '25, is continuing her studies at Indiana University.

Evelyn Metsker, '25, will be employed for a few months at the Lincoln National Life.

Dwight Myers, '24, and Helene White, '24, were home from DePauw University to spend the week-end with their parents.

Joseph Zhart, '25, a student at Purdue University, spent the week-end with his parents.

Lottie Dignan, '25, has been pledged to the Sigma Beta sorority, which is a national sorority of Fort Wayne.

Robert Steger, '25, and James Newell, '25, have returned to Ferris Institute, Big Rapids, Mich., after spending the week-end with their folks.

Tom Wolfrum, '25, was home from Purdue University to spend the week-end with his parents.

Frances Alger, '25, is now employed by Wolf & Dessauer.

Mildred Kesterson, '25, Lottie Dignan, '25, and Lela Jean Habel, of Brenau College, will spend the coming week-end in Chicago, Ill.

Theodore Hoge, '23, has recently accepted a new position. He is now employed by Wolf & Dessauer.

Clara Sherbondy, '25, now works at the Frank Dry Goods store.

Maurice Wolf, '25, is now working for his father, owner of the Wolf clothing store of this city.

Charlie Brubaker visited South Side last week.

## Biology Classes Watch Habits of Caged Insects

The biology classes now have cages in which to place the insects they have gathered. The classes are now able to see the insects go through the different stages in their lives, which are egg, larva, pupa and adult.

Mr. Heine says this is the only way to find out the best control measures of the insects. The classes are now raising mosquitoes.

Harry Stephens, a graduate from South Side in 1925, entertained the members of the Young People's branch of the W. C. T. U. at his home at 3302 Broadway. The club was entertained by an absent member, who now resides in California. Mary Kinkaid fully planned the evening in regard to the games to be played and the favors given. She sent many interesting things from that state and sent many cards showing different scenes. Refreshments were also sent by her. Virginia Bell, Orville Coffman and Mrs. Mason received prizes. A letter written by the members was sent to her as a vote of thanks.

Friends of Rosemary Spore enjoyed a radio party at her home, 1312 Woodbine Place. The guests were Opal Kesterson, Esther Ballard, Juanita Tully, Versal Mullen, Gladys Rohrer, Virgil Lee Munser, Marie Brown, Katharine Blackwell, and Garnet Smith.

The H. D. S. club was delightedly entertained by Elvah Fashbaugh at her home on Packard avenue. After a short business meeting a luncheon was served, the appointments being in keeping with Halloween. Those present were Geraldine Grover, Iva Wiley, Mary Scotten, and Ferdonna Wilson.

Catherine Godfrey, of East Leith street, entertained Friday evening with a marshmallow-wiener bake at Weissner Park. Those who were present are Agnes Wehmeyer, Jeanette Blough, Margaret McCreary, Clarice Wehmeyer, Virginia Federspiel, Alice Wehmeyer, and Mrs. Faynell Fuller, who chaperoned the party.

Margaret Nichols was the hostess to a dinner party at her home on West Taber street Saturday evening.

Mary Hale entertained with a fudge party at her home on Bowser avenue Saturday evening. Those who were present are Mervyn Welch, Paul Seyler, and Clinton Newman.

Mervyn Welch entertained at her home on Oliver street Friday evening with a wiener-bake, after which dancing and five hundred were enjoyed, prizes in the latter being awarded to Catherine Fries, Marguerite Schwieler, Paul Seyler, and Dick Welch. Late in the evening delicious refreshments were served to Marguerite Schwieler, Catherine Fries, Catherine Childers, Mary Hall, Carl Murray, Dick Welch, Walter Hallstein, Clinton Newman and Paul Seyler.

Dorothy Johnson entertained a number of her friends at her home on South Calhoun. The evening was spent in playing bunco and dancing. Prizes were awarded to Catherine Childers and Margery Burres, Melvin Richendollar and Carl Swartz. Those who were present are as follows: Margery Burres, Thelma Gasser, Carrie Reiter, Eileen Dillon, Catherine Childers, Wilda Sellers, Hazel Bridgman, Walter Schmidt, Chester Wynneken, Paul Staigh, Walter Hallstein, Morrell Travis, Carl Swartz, Cardinal Michelle, and Melvin Richendollar.

### WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine. Prof. G. M. Whipple, U. of Michigan. "The successful men in college do not seem to be very happy. Most of them, especially the athletes are overworked." Prof. H. S. Canby, Yale. "Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain." Prof. G. F. Swain, M.I.T.

"To students who have never learnt "How to Study," work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Incile, Harvard. "HOW TO STUDY" will show you how to avoid all mis-directed effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

## End of Month Brings Cakes to Twenty-four

Many Students Count Candles During Last three Weeks of October.

Many milestones were passed by students during the last few weeks in October. Twenty-four pupils celebrated birthdays during that period of time.

October 23 brought to Marguerite Howard and Catherine Childers their seventeenth birthday, while Fredona Wilson became eighteen on October 24.

Four birthdays occurred on the next day. Those who celebrated are Leah Blume and Wayne Moore, each eighteen years old, and Hildegard Seibel and Frieda Miller, who became fifteen and sixteen, respectively. October 26 brought to Roscoe Bryce his sixteenth celebration, while Elvah Miller became nineteen and Herbert Trutwig and Ruth Jennings sixteen.

October 27 brought birthday cakes to the following students: Esther Bowman and Tom Brothers, eighteen; Virginia Danuser and Russell Waters, fifteen; and Virginia Bourns, sixteen.

Elizabeth Rider became fifteen, Marjorie Miller, seventeen, and Frieda Saladea, sixteen, on October 28.

On October 31, Doris Coon will blow out twenty-one candles while Jean Johnson and Nadyne Verweire will have fourteen and seventeen respectively.

## GREEN AND WHITE CAGING SCHEDULE TO START DEC. 15

### Thirteen Games Are To Be Played at Home; Several New Teams Have Been Booked

## TEAM HAS STIFF SCHEDULE

### Bloomington, Rushville and Muncie Added to South Side Schedule

The Fightin' Green will open the basketball season on December 5, meeting Auburn in the first tilt at the South Side gymnasium. A hard schedule has been booked for this season by Mr. Greeley, faculty manager of the team.

Although the ruling of the Indiana High School Athletic association prohibits any player from participating in more than twenty games, twenty-two games have been arranged for the season. In order to abide by the ruling of the I. H. S. A. A. it will be necessary to use a great deal of care in substitutions.

Thirteen home games are on the schedule for the Kelly Klads this season. Among the stronger teams appearing here are Shelbyville, Muncie, Huntington, West Lafayette and Central.

The two games with Central will be played on January 19, and February 13. Central has all but three letter men left from last year's squad. Kowalczyk, Nobles and Wolf were lost by graduation. The following letter men remain to form a nucleus for this year's team: Captain Diehl, Baker, Morrel, Scott, and Jasper.

#### Grads to Play Green

The Alumni will stack up against South Side on December 19. This will give the fans an opportunity to compare the ability of former wearers of the Green with this year's squad.

Bloomington, Rushville, and Muncie have been added to the Green card this year. All these teams gained a strong reputation last year.

Coach Ward Gilbert will start basketball practice as soon as the football season is over. As only three of last year's letter men were lost by graduation, a strong team is predicted. The following letter men were left from last year: Captain DuWan, Wiener, Rahe, Simon, Branning, Sprunger, and Willson. Several new candidates are expected to make a strong bid for the team.

#### Last Year Successful

Last season South Side won twelve of the twenty games on the schedule, a record which was considered a successful season. This season a much better record is hoped for. Mr. Heine has been drilling the net men who are not out for football, in preparation for a winning season.

Season tickets for the home games will be on sale after the close of the football season. Pastebords for the first six games will be one dollar. Single admissions will be thirty-five cents.

The complete schedule is as follows:

- Dec. 5, Auburn, here.
- Dec. 11, Bloomington, there.
- Dec. 12, Montpelier, here.
- Dec. 18, North Manchester, there.
- Dec. 19, Alumni, here.
- Jan. 8, Richmond, there.
- Jan. 9, Hartford City, here.
- Jan. 15, Wabash, there.
- Jan. 16, Shelbyville, here.
- Jan. 19, Central, here.
- Jan. 24, Garrett, here.
- Jan. 28, Peru, there.
- Jan. 29, Huntington, here.
- Jan. 30, Kendallville, there.
- Feb. 5, West Lafayette, here.
- Feb. 6, Rushville, there.
- Feb. 12, Central, here.
- Feb. 13, Wabash, here.
- Feb. 19, Manual Training (Indianapolis), there.
- Feb. 20, Muncie, here.
- Feb. 26, Huntington, there.
- Feb. 27, Peru, here.

## SPORT GUSH

At the Wabash game some historically inclined fan remarked that our team looked like Washington's army at Valley Forge, coated with mud and minus socks. (We wonder if their toes were frozen?)

A class tourney and an exhibition game will be the grand finale of the hockey season. These games will probably take place the week before Thanksgiving.

And once more we'll get to hear the music for the gym exhibit floating around the halls.

Rain, rain go away, the hockey girls want to play. (Not to mention the football lads).

Vacation and rain have at least one advantage. The girls have time to heal their shins and rest their arms. Maybe they got their exercise by swinging a broom for the bi-annual house cleaning.

We just know we can't wait till the Central game but in the meantime we can think of the glorious time we're going to have.

Let's hope Sousa and his band leave our roof in place so we can practice raising it this winter.

We can sympathize with you Wabash. We felt that way last year.

If you go to Muncie bring your robes and boots and mittens 'cos we don't want the Muncie gang to freeze us out of a score.

## THE LINE

### Don't Flinch; Don't Foul; Hit The Line Hard

The line had the benefit of facing the strongest opposition met this season, and was also considerably outwitted.

The twins, Kingsley and Welch, were in every play. Welch's clever thinking and his ability to take advantage of all Wabash's misplays was a big factor in South Side's victory. Besides being down on all punts, catching passes, stopping end runs and recovering fumbles "Hooch" had nothing to do except chat with his twin.

Lombard, DeHaven, and Phil Rahe were the only men to play the entire game.

The Line gives fifteen Rahe's for Phil (a graduated linesman).

DeHaven had his hands full watching his dusky opponent from Wabash.

How does South Side keep from fumbling in the mud?

It is doubtful whether Schopf, our mighty tackle, will be able to play in the Muncie game due to an injury received in the Wabash fray.

The line was sure halting line smashes in great style.

Matlock has been showing some great ability in the games this season. This is his second year on the squad. Although he is rather light for a linesman he makes up for it when it comes to charging with his great ability at tackling. A few nights after he received a uniform he attracted the attention of the coach by his hard tackling. He is playing a good game this season, and we are glad to say that he will be one of the main go-getters next fall.

Lombard's accurate passing at center was a feature of the game.

Leakey did some fine charging at the guard position.

Wiener was sure delivering the goods at end. He blocked his opponent perfectly.

Branning blocked his opponents consistently and so did Kingsley when Nulf made his first touchdown.

Schopf charged through the line several times to stop the opponents behind the line.

The interference formed by the line was surely to be commented upon.

The double L's, Leakey and Laubenstein, played a fine game at their respective guard positions.

In regard to the future success of South Side, we believe that more freshmen and sophomores should come out for football. It is becoming such a pass that any boy must have a year's experience before he can make the team. If he waits until his junior year then he loses out because others who come out in their first or second year have a great advantage. These boys who have experience get down to business early and the newcomer does not attract the attention of the coach until the season is half over and then it is too late to break in new men. On the other hand if these boys come out early in their school years and the coach gets a chance to look them over he will know their possibilities and they will be ready to step in as regulars earlier.

## Anderson's \$100,000 Gym is Badly Burned

The new Anderson high school gym was damaged by fire last week to the extent of about \$35,000. The original cost of the gymnasium was \$100,000.

The blaze originated in the boiler room from a cause not yet determined. The framework beneath the bleachers of the building burst into flames before the fire was discovered. The fire spread rapidly across the south end of the building, causing two walls to bulge slightly. They may have to be rebuilt.

The bleacher seats, hardwood floor and machine shop underneath the bleachers were practically ruined by the flames. All fire companies of the city fought the blaze and it is estimated that three or four months will be required to get the gym in condition for use again. The loss is covered by insurance.

## Two Best Hockey Teams to Play Exhibition Game

Plans are being made for a hockey class tournament which will probably be held the week before Thanksgiving. Class teams will be chosen soon.

After the class matches are played off, some of the best players will be selected to form two teams, who will play an exhibition game.

All girls who are out for hockey must keep their training rules. For this reason Miss Patterson has given them training slips which are to be filled out and handed in at the end of each week. The first ones are due October 30.

## CLASSES START PRACTICE FOR ANNUAL GYM EXHIBIT

Complete Program To Be Announced  
Later; Six Girls Play for  
Practice

"Practice for this year's gym exhibit is progressing nicely," states Miss Patterson who has charge of the numbers. She says further that the girls are all co-operating to make it successful.

The complete program has not yet been arranged, but it will be similar to those of preceding years. It will consist of regular gym work. Folk dances, exercises, and other phases of work are to be demonstrated.

Six girls, Rue Neireiter, Dorothea Kohlmeier, Wilhelmina Rapp, Onley Wight, Jean Gillie, and Maxine Schmieder, have offered to play the piano for the classes one period each day. The success of the exhibition depends largely on the playing, which is a most necessary part of the practice.

## Booster Club of 500 to Back Shelbyville

Five hundred basketball fans among the business men and residents of Shelbyville have pledged themselves to membership in the 1925 Citizens Booster club that will support the high school team throughout the coming season. The club membership will close when 100 more sign up.

Distribution of tickets for the 1925 season will be made next week for the entire 2,000 seats which is the capacity of the Paul Cross memorial gym.

The basketball season will open for Shelbyville on Friday, November 6, when they meet the Greencastle team on their home floor. Coach Campbell has narrowed his selection for first team down to sixteen men. Sixty reported for practice at the beginning of school.

## Muncie Press Lauds Welborn's Coaching

Normal City Paper Praises  
Lundy's Work at Wilkin-  
son in Producing Winner.

That South Side is slowly but surely looming up as a menace to Muncie is shown in the following clipping taken from the Muncie Press. They have very much respect for a team coached by Lundy Welborn as it was his team that administered one of their four defeats in the history of the school.

"A new opponent for Central high school loomed up last Saturday, an opponent which has been winning all of its games and which seems to have escaped notice. South Side high, of Fort Wayne, invaded Huntington and took home a 64 to 0 triumph. South Side stands at the top of the ladder in the Wabash Valley Conference, a league including such teams as Kokomo, Logansport, Huntington, Peru and Wabash. The coach is Lundy Welborn, whom Muncie fans will remember of old—he coached Wilkinson teams defeated Muncie, 7 to 0, the first year that Central had a football team and the other played the Centralites to a 0 to 0 tie. It was not until Welborn had resigned as Wilkinson coach that Muncie was able to stop the downstaters."

## SCRAPPIN' GREEN DEFEATS WABASH ON MUDDY FIELD

Downstate Eleven Bows to Coach Gilbert's Men With Score of 20 to 7

## NULF, SPRUNGER SAVE DAY

Touchdowns in Fourth Quarter Pile Up Winning Score; Game Decides Conference Victor

In the most thrilling game seen at the stadium this season the Battlin' Green downed the strong Wabash eleven on a flooded field by the score of 20 to 7. By virtue of beating the Orange and Black, South Side now has undisputed claim to the Wabash Valley Conference title by not losing a game throughout the entire schedule. The field was probably in the worst condition it has been all season and both teams were handicapped by the sea of mud.

Wabash undoubtedly was the strongest team played by the Kelly Klads this season and the Battlin' Green had to fight every minute of play to keep even with the Hill Climbers.

Ross Stars  
Ross was the big noise from the hilly side, and, although being guarded all the time, got away for a couple of nice gains. In the first quarter he brought the large crowd to its feet when he slipped and squirmed his way through the South Side defense for a 30-yard gain. In the third quarter he scored their only touchdown of the game. Austin, fullback, also played a good game doing practically all of the line plunging for the Thomcats. One of the factors in Wabash defeat was the punting of Bowlby, who could not get any distance whatever to his kicks until the final quarter.

Nulf and Richendollar Lead  
Nulf and Richendollar carried the brunt of the attack for South Side, the former making two touchdowns. One in the first quarter was made after Nulf had run a punt back 40 yards. Richendollar proved to still be the old "war horse", plunging time and again for long gains through the line with two or three would-be tacklers hanging on. Captain Rahe, fighting every minute of the game, played one of his best games at halfback. Sprunger also played a good game, snagging a pass in the last minute of play and dashing 50 yards to a touchdown.

Game Play by Play  
South Side kicked off to Wabash and proceeded to hold them for downs. The Green got a first down and it looked like an early touchdown but the Thomcats' line held and Wabash got possession of the ball. On the next play Ross broke away for a 30-yard gain and on the next attempt was thrown for a loss. But it was recovered when Naney called off-sides on the Kelly Klads and Wabash made a first down. The Green's defense tightened and again it was South Side's ball. Nulf fumbled behind the line and was tackled for a fifteen-yard loss. He got five yards back on a run around right end but the Green could gain no advantage, so Nulf punted. Bowlby punted back but it was short and Nulf caught the ball and raced forty yards to a touchdown. Welsh made the score 7 to 0 on a pass from Nulf. The rest of the half was one furious battle with neither side gaining any advantage until near the end when the Battlin' Green worked the ball to Wabash's three-yard line when the gun ended the half.

Second Half  
In the third quarter the Thomcats came back with renewed spirit and for the first time, really outplayed South Side. A pass from Ross to Showalter made four yards and then Bowlby got off his first good kick to the Kelly Klads' eighteen-yard line. McCormack returned the punt to their forty yard line. Then the Thomcats went wild. Austin made five yards through center and Ross added four more. Austin made it first down for Wabash and Ross broke away for ten yards. Then the ball was on South Side's three-yard line. On the next play Captain Ross went off tackle for a touchdown. Bowlby's beautiful drop-kick brought joy to the followers of the Orange and Black as it tied the score. Again it was the old battle renewed with both teams fighting on even terms.

Last Quarter Decisive  
In the last quarter with hopes renewed Wabash started to gain again but South Side tightened and forced Austin to fumble for a loss. Using Richendollar as a battering ram the Green and White eleven marched down the field but were stopped on the three-yard line where the Green lost the ball on a disheartening fumble. Bowlby immediately punted out of danger and after being thrown for a loss kicked to Ross who accidentally touched the ball with his toe and Welsh wrapped himself around the ball on the sixteen-yard line. Nulf then scored a touchdown from the seven-yard line after signalling for a pass and, finding none to pass it to simply dove across the line of scrimmage for the marker. With one and a half minutes of play remaining Wabash grew desperate and Sprunger put the game on ice by intercepting a "misdirected" pass and dashing sixty yards to a touchdown. It was all over but the shouting and Welsh took Nulf's pass for point, making the final score 20 to 7.

## COACHES TEAM WINNING WABASH VALLEY GAMES

Coach Welborn

Lundy Welborn's coaching ability has surely been demonstrated this year. His eleven won the title of champion of W. V. C. last Saturday, by defeating the Hill Climbers from Wabash.

## CENTRAL HUMBLER PORTLAND HUSKIES

Tigers Come From Behind in Last Half to Win Hard-Earned Victory

## BAKER STARS FOR BLUE

After trailing at the half, the Central Tigers staged a comeback in the last half of their game with Portland and won 17 to 7. Portland, being much lighter than her opponents, could not stand up under the strain of the comeback and the drive of the Blue. The game was witnessed by a large crowd, many being from Fort Wayne.

Portland assumed the lead in the first quarter when Pralliman scored a touchdown for the Purple. The try for point was successful. Central did not score until near the end of the second quarter, when Billingsley, right halfback, made a 30-yard drop kick.

Central came back in the last half with renewed fight which resulted in two touchdowns by Baker, both on 50-yard runs. Steigler made both tries for goal, successful.

## Sport Shorts

And Papa Neptune was again with us and a large sea of mud was "enjoyed" by all.

Someone suggested that the players carry umbrellas to keep from getting wet.

Mr. Schmalzer thinks that it takes Muldoon a long time to change clothes since he was asked to be head-lineman till Mr. Muldoon (no, Aloysius, not the ice cream man) put on his working clothes.

The Battlin' Green is surely getting to be a "dirty" team playing almost all its games on a muddy field.

And we surely had a good crowd present. Atta ol' fight, Gang!

But probably they weren't all from our school????

Mr. Stahl announces that if the players keep on carrying out as much dirt as they are at the present time they will have to pay for a couple loads of dirt to fill in the excavation.

Welsh showed that his head was of some use besides a hatrack when he fell on the ball after Ross had accidentally touched it with his foot.

The ball-tender looked like an advertisement for a Chinese laundry with all the towels.

As our team mows down all opposition it looks like the more teams we play the harder they get but remember the old saying that the bigger they are the harder they fall so MANGLE MUNCIE TEAM!!

## SOUTHERN TEAM IS FAST

Downstaters Anticipate Win Over Kelly Klads in Close Battle

With the Wabash Valley Conference title safely stowed away under their belts, the Green and White gridders journey down to Muncie next Saturday to combat with the strong Muncie Central high eleven. Coach Welborn announced that the entire squad is in first class condition and "raring" to go.

Team in Good Condition  
Richendollar, who did most of the line plunging last Saturday against Wabash, has been going good in practice and Nulf seemed to have profited by his playing against Wabash.

This game will be the hardest played this season and the team, although not over-confident, is going to fight their hardest for a win. It might be interesting to note that Coach Welborn did not use his full strength against Wabash, keeping Lighthill and Rastetter out of the game most of the time. So Welborn will have all forces ready to shift into the fray next Saturday.

## First Game With Muncie

This is the first time Muncie has played South Side and the Kelly Klads are rather puzzled as to what kind of a team they will meet but reports come from the Bearcats' camp that they are not underrating the Battlin' Green and are practicing hard for a win. Muncie has a very formidable record this season, scoring on an average of 50 points to a game, and has only been scored on once, last Friday, when they were defeated by Tech of Indianapolis in the only loss of the season by the score of 7 to 6. Muncie had several opportunities to score but could not break through the heavy Tech line.

## Have Strong Team

They have a veteran team and always have been strong contenders for the state title, almost every year since its existence. Coach Myrick has a veteran team this year and, with "Huckle" George guiding the team from quarterback, is sure of a victory over the Kelly Klads.

The probable line-ups are as follows:

Muncie	South Side
S. Boston	L.E. Welch
Fehrsman	L.T. Schopf
Pearcy	L.G. Barbier
Hoover	C. Lombard
Garceau	R.G. Weirich
Wray	R.T. DeHaven
Jois	R.E. Kingsley
George	Q.B. Nulf
R. Boston	L.H. Rahe

## HOPES OF MUNCIE DASHED BY TECH

Bearcats Lose to Indianapolis by Narrow Margin of 7 to 6

The Muncie Bearcats' hopes for the state championship were sent glimmering last Friday when Tech of Indianapolis trimmed their closest rivals by the score of 7 to 6. The Muncians spent a sad day, while Tech was jubilant over her win.

Fox, Tech's sparkling end, grabbed one of Balay's long passes and dashed fifty yards for a touchdown. Fox was the hero of the game, although Balay's point after the touchdown gave the Capital boys the extra point, the scant margin by which they won.

Next Saturday the Green will pack up and travel to Muncie, where they will try to take the Bearcats' hides. The outcome of this battle will give the Green's followers the comparative strength of South Side and Tech.

## Columbia City Team Downs Bluffton High

Bluffton high school kept up her losing streak when she was wallowed by Columbia City, 51 to 0, at Columbia City. Bluffton has not won a game all season.

Playing on a wet field, both teams were handicapped by the mud, but the weight of the Columbia City eleven was too much for the Blufftonites, and Columbia City's backfield scored at will. The next home game for the Columbia City team is with Huntington on Homecoming Day, November 6.

Logansport at Wabash.

South Side is the leader 1925 Wabash Valley Conference. The championship was clinched Saturday when Wabash, after one of the most exciting games ever witnessed, bowed to the Green and White gladiators to the tune of 20 to 7.

Straight football was used throughout the game and with the score at a deadlock with four minutes to play, Nulf, tricky South Side quarter, and Sprunger, fullback, went through for touchdowns which broke the strong Wabash spirit and gave the championship to the Kelly Klads.

In the other Conference games Peru tumbled Huntington farther down the mire, as mire it was Saturday, by the score of 21 to 0. Huntington is now in fifth place and Peru in fourth.

Kokomo trounced Logansport in a sea of mud, 33 to 0, and moved up to second place. Logansport is now fairly entrenched in the sixth place with little chance of getting out.

Only one Conference game is on the card for next Saturday. Logansport will invade Wabash and give Wabash a little practice game. If Wabash wins, Huntington will have fifth place clinched and if a week later Peru bows to Wabash, Huntington will move up to fourth place and Peru will drop back to fifth.

Wabash will find plenty of opposition from the Peruvians, but the writer thinks that Wabash will win and share second place honors with the Kokomo Wildcats.

## With the Classes

The group of U. S. A. girls are to practice their dance every day the fifth period in the gym.

In the study of bacteria (in the botany laboratory) the pupils have the use of the microscope which magnifies 1425 times. The following bacteria have been examined under the microscope: those which produce tuberculosis, those which cause souring of milk, and those found on the roots of clover and beans, and peas.

Mr. Whelan's 10-B Physical Geography class has been assigned the task of finding, identifying, and bringing to class specimens of ten different kinds of rocks or minerals.

Frank Taylor returned to school Monday after a week's illness of bronchitis.

Miss Kiefer's 9B classes have completed the reading of "Kidnapped" and have begun the study of the characters as revealed in the story. They will take the final test on this selection next week.

Miss Mott and Miss Mendenhall visited the Riley hospital with the institutional section of home economics division on Thursday morning.

The boys in the 9-B wood working class have started their masterpieces, consisting of cedar chests, telephone stands, porch swings, sewing cabinets, tables and radio cabinets.

The 10-B mechanical drawing class are now getting acquainted with the use of the ruling pen with which all pencil drawings are inked.

The 10-A mechanical drawing classes will soon be designing machine bolts, making use of the standards in threads and proportions of bolts.

Lela Daugherty, 9-B, left school on account of sickness.

The 9-B's are designing borders and will in a week or so make portfolios for their drawings, on the fronts of which they will carry out the borders they are now working on.

"Why is milk a perfect food?" is the subject being studied by the 9-A home economic girls. They are giving special reports on the subject.

The home economics teachers of South Side will attend the luncheon given on Thursday during the State Teachers' association for all home economics teachers of the state.

Miss Smeltzly has collected the note-books of all pupils in all her classes.

Mr. Herman Makey spoke before the Pleasant Township Sunday school convention Sunday, October 18. His subject was "The Bible in Everyday Life."

The boys in the 9-A wood-turning classes are having their note-books graded. These books contain shop sketches of the different tools used. All the information and written work required is in the note-book. This work requires on the average of two hours each week for the semester. Two grades are given in manual training, one for the shop work done and the other for the drawing and written work.

Mr. Hull was in charge of about 50 students who heard the final game of the World's Series baseball games, played between Washington and Pittsburgh. The game was received play by play, and seemed to be almost as interesting as if it were being witnessed in the great stands of the big league ball parks.

The advance botany classes have just finished the study of Algae. In the final examination on this part of the work Winifred Beeth received 100 per cent. The next highest mark was 97 per cent, which was earned by Charlotte Barón.

**Sing on Campus**  
An all-college sing was held on the campus the first day, in honor of the convention delegates. The boys' band of the Masonic Home was a feature of the performance.

**Convention Sidelights**  
Franklin delegates surely had some royal entertainment at the convention. Some club and organization seemed to be at our heels all the time hankerin' to show us a good time.

The best time of all was at the banquet, when Pauline and Chester made over four hundred journalists green with envy when they walked up to the speakers' table and hauled off two cups.

Pauline is still thrilled over the fact that the young man who presented the trophies called her "Miss Baumgartner" and didn't address the others at all.

Thanks to the Pi Beta Phi sorority and Dr. Theodore Douglas for hanging out their lath strings for the South Side delegation!

The cups didn't mind the rain much 'cause they still shine.

Our bones were saved a lot of weariness through the "Times Ford."

We couldn't figure out how Miss Harvey drove to Indianapolis in four and one-half hours but we understood when she hustled the Lizzie along at 42 miles per on the way to Franklin.

NEXT SEMESTER'S  
PUPILS', TEACHERS'  
PROGRAM FINISHED

The Complete Schedule of  
Classes for Next Term  
Announced by Mr.  
Harris

## IS SUBJECT TO CHANGE

All Seniors Should Check Up on  
Their Programs so That No  
Classes Conflict

The program which is printed this week gives nearly all the classes. There are a few classes that have been omitted. Seniors should check the program carefully to see whether or not they can make out their programs for next semester. They should report to the office if they cannot make out their programs. It will be possible to make changes for the final program. A corrected program will be printed next week.

Mr. Harris' announcement follows: "This year we are asking everyone to make out his or her program. The program should be made out as if the pupil were passing in every subject. In case a pupil fails in a subject, then, of course, the program will have to be changed."

"Junior English is elective. Physical Geography should be elected in the sophomore year only. Biology should be elected in the freshman year only. Office Practice should be elected by freshmen only. Business English and Commercial Geography may be elected in junior year only. Pupils who began their high school work in September and were put in Cooking I should elect Sewing I next term. Those who elect Band, Orchestra, or Glee Club should simply put the subject and period on their program and the days will be arranged later. Beginning Journalism is not open to second-half seniors."

"Physical Education will be offered every other day next term. For example, one week a pupil will have gymnasium on Monday, Wednesday, and Friday, the following week on Tuesday and Thursday. In making elections simply put down the period for gymnasium."

U. S. A. GIRLS INITIATE  
THIRTY-FIVE MEMBERS

Mock and Serious Ceremonies Held:  
Romany Day Celebrated With  
Bright Colors

Approximately thirty-five new members of the U. S. A. club were initiated at the meeting last Thursday. A mock initiation was held besides the serious one.

The girls wore bright colors in keeping with Romany Day. Many wore colored bands on their heads. Devotional exercises were in charge of Mildred Kessler. The captains, Dorothy Hoffman and Edna Hebert, of the membership contest, chose their teams and each girl is responsible for a new member.

After the initiation extemporaneous speeches were given by different girls. Refreshments were served and the meeting was then adjourned.

Juniors Will Elect  
Class Heads Friday

Election of officers for the junior class will take place Friday, November 5, in Room 86. The officers to be elected are president, vice-president, secretary, and three members of the social council. All nominations must be in by noon today.

Judging Annuals is Difficult Task;  
Yearbook's Require Critical Grading

Four Men Pick Ten Most  
Distinctive Products; Two  
Best Become Cup Holders.

Extremely close and careful grading was required to pick the winners of the Central Inter-Scholastic Press association annual contests, a copy of the Scholastic Editor just received reveals.

Of the 418 entered, C. I. P. A. critics selected seventy-three for all American rating and these were given a second judging to determine the ten best, five of which were under fifty or college books and the other five those of secondary schools. These ten were turned over to final judges to rate them in order of merit.

Judges were Oswald Cooper, a leading typographer of the country; Joseph Chenoweth, a nationally known magazine artist; Louis Flader, com-

PROMOTERS CLUB  
TO BE ORGANIZED

Mr. Harris, Miss Pittenger, Miss Work, Miss Ley, Mr. Schafer, Mr. Davis to Direct

## WILL BOOST ACTIVITIES

A Promoters' club has been organized at South Side. The meeting of Mr. Harris, Miss Pittenger, Miss Work, Miss Ley, Mr. Schafer and Mr. Davis, the directors, was held yesterday in Mr. Harris' office.

The purpose of the organization is to discover worthy methods of promoting school activities and to study out clever means of publicity for all school enterprises.

As it develops, representatives from various activities may be called upon to complete the organization.

MOCK TRIAL TO BE  
IN ROOM 86 TODAY

Charge Is That of Disorderly  
Conduct; Maynard Patterson  
to Judge the Case

Accused of disorderly conduct because she chews gum, Mary Alice Tannehill will plead "not guilty" in the mock trial to be held in the Wranglers' meeting today at 3 o'clock in Room 86. The trial will be open to the public.

As prosecuting attorney, Cornelia Bade will open the case by calling out and examining the two witnesses for the state, Elsiebeth and Louise Platt. Cornelia will then turn them over to Gertrude Schuelke, attorney for the defense, for cross-examination.

When this has been finished, the defendant and her two witnesses, Dorothy Emrich and Thelma Gasser, will be placed in the witness stand. After they have been examined, the attorney for the defense will plead before Judge Maynard Patterson, and before the jury, which is to be made up of the entire audience and will demand the verdict of "not guilty." The prosecuting attorney, asking the jury to announce the accused guilty, will close the case with her final plea. The jury will consider the evidence and announce its decision at once.

Ruth Eickmeyer will be clerk of the court. All regular business of the club including the election of permanent officers to serve the rest of the term will be considered after the trial has been completed. Maynard Patterson, Dorothy Emrich, and Louise Platt are on the nominating committee.

DEBATE LEAGUE WILL  
CHOOSE SERIES TOPIC

Gertrude Schuelke and Mr. Makey  
to Represent South Side  
at Meeting

The Northeastern Indiana Debate League will meet at Central high school at 1 o'clock Saturday. The question for discussion for the series of debates to be held this fall will be decided and officers will be elected.

Gertrude Schuelke will be the student representative of South Side and Mr. Makey the faculty representative. Each member of the league will send a student and a faculty representative.

The members of the league that will be represented are Leo, Huntington, Bluffton, Central and South Side. Other towns have been asked to send representatives but it is not known if they will do so.

Helen Toay Underwood  
Elected to Garrick Club

Helen Toay Underwood, '24, was recently voted into the Garrick club, a dramatic organization at Indiana university.

At each of the meetings during the year short programs are to be given in addition to a review of the leading Broadway productions.

## Attends Bloomington

Stephen Johnson, formerly of South Side, now attending Bloomington high school, says that down there his boast of Bloomington high just because they haven't seen a "real" high school.

missioner of the American Engravers' association; and J. L. Frazier, author of books on layout and a printing expert for the Inland Printer.

Decide On Two  
These four picked the Totem and the Savitar, of the University of Missouri, as cup winners for 1925-26.

In both classes after the field had been narrowed down to five in each the judges decided on three books as winners, all but one of each five receiving first or second places. By a composite vote of the men, one in each division was chosen for first honors.

"An all-American book is one which pictures the life of the school in a distinctive and comprehensive manner," says the Scholastic Editor, a national magazine devoted to school publications. In describing books of lower rating it says: "A first class book is a superior book, but which lacks distinction. A second class book is one with unusual features but marred by serious flaws. A third class book is one that is a bit commonplace and the fourth class includes those which have failed to make the most of their material."

Four Classes Awarded  
All-American winners will be given wall plaques; books receiving first and second and third class ratings will receive diplomas.

The Caldron, annual of Central high school, was rated in the second class.

Purdue Pupils Pass  
Frosh English Trial

All of the students from South Side who entered Purdue this fall have qualified for the regular freshman English work. They were put on trial for three weeks and then grouped, the weaker ones taking sub-freshman work.

Freshmen at Indiana University take examinations. Those who are weak in English are required to take review work. All but one from South Side were exempt from this work.

## Ex-Student Recognized

Frederick Peirce, a former student of South Side, has been made a member of the student council of North high school, Omaha, Nebraska.

Mr. Schafer, Orchestra  
to Perform at School

The South Side orchestra will play and Mr. Schafer will sing at the dedication of the Harrison Hill school Sunday afternoon at 2:30.

PUPILS, TEACHERS  
GET NEW RATING

Students to Be Graded on Religious Attendance, Teachers on Community Activity

## PLAN FIRST IN THE U. S.

Students will be graded on attendance in Sunday school, or other religious attendance, and teachers will be graded on participation in community activities, under a rating system for Indiana public schools, it has been announced by the state department of public education.

This plan of rating pupils and instructors on outside activities is said to be the first of its kind in the country.

The rating consists of one thousand possible points received from seven divisions. The first is the school plant, which is perfect scores ninety-five points, which includes the ground, building, heating and ventilation, and equipment. The thermometer, United States flag and flagstaff, talking machine, and piano all receive credit under this head. If the piano is in tune it receives two points. If not, it scores only one.

The second division is that of the teachers and administrators, which receives a total of 650 points if perfect. This section includes elementary teachers, elementary and high school teachers, county superintendents, trustees, and county supervisors. Teachers are graded on their education and experience, travel, membership in educational associations and activity in parent-teacher organizations.

Sunday school or church work. County superintendents, supervisors and trustees are similarly rated. Students are marked according to attendance, per cent beginning and completing high school courses, per cent of graduates attending higher institutions, outside reading, attendance at religious schools and participation in state competitive events.

This new method of rating has been adopted by the state board of instruction, and score cards will be sent to all county superintendents. When they are returned to the state superintendent, they will be used to increase the efficiency of the various institutions.

P. T.'S TO DONATE  
ROOM FURNISHINGS

Mrs. Rastetter Appoints Committee to Buy Furniture; Interesting Meeting Held

The Parent-Teacher club is planning to furnish and equip a much-needed club room for South Side. Until such a room can be set aside wholly for that purpose, the organization has decided to temporarily furnish Room 86 with club furniture.

Mrs. Fred Lang, chairman, Mrs. Byron Somers, Miss Pittenger, and Mrs. Henry Bendall, a committee appointed by Mrs. W. C. Rastetter, president of the club, will determine what is advisable for first purchases. Talks by Mrs. Sam Stringer, Miss Pittenger and Mr. Harris were on the program for the first meeting of the parents and teachers last Wednesday, October 28, in Room 86. Mrs. Stringer reported on the State Parent-Teachers' convention at Indianapolis and the dean told about her trip to Europe.

Mr. Gould's name was omitted in the list of the officers last week. He is vice-president of the association.

TOTEM PURCHASES  
GRAFLEX CAMERA

Middle of November Is Last  
Date for Taking of Pictures for Totem

A Graflex camera valued at \$276 has been purchased by the Totem for the taking of action pictures. The camera takes a picture four inches by five inches.

"Individual pictures should be taken immediately because the Jefferson Studio will not be able to take Totem pictures during the holiday rush," warns Chester Wyneken, Totem head. "Only two weeks remain for the last date will be about the middle of November."

All but about seven seniors have posed for the photographer, but only a small per cent of lower classmen have been "shot." All students who wish to have their pictures in the year book should see their class editors or Miss Harvey immediately.

"Two hundred and twenty-seven subscriptions have been received," says Thelma Gasser, circulation manager. "Of these one hundred and twenty-eight were taken in the first week."

## BULLETIN!

## Another Muncie Game

That a return game with Muncie is highly probable, was expressed by Mr. Greeley in a statement to a Times reporter. Since the last quarter of last Saturday's game was played in utter darkness, both teams were anxious for another game. The return contest will probably be played on November 21 at Muncie.

Association Adopts Code of Ethics  
Presented by Tech of Indianapolis

I. H. S. P. A. Pledges Itself  
to Pact of Ten Conditions  
at Convention.

A code of ethics was adopted by the Indiana High School Press association at the convention held last month. The Arsenal Canon staffs of Technical high school, Indianapolis presented the code which is the first of its kind ever considered by the association.

Ten conditions form the pact which is as follows:

Recognizing the privilege it has in representing the administration and the student body of the high schools of the entire state, the Indiana High School Press association pledges itself to the following code of ethics:

1. To co-operate with the faculty in supporting all school projects and in giving only constructive criticisms to such projects.
2. To maintain at all times a high standard of sportsmanship by avoiding personal enmity and jealousy both within the school and in inter-school relations.
3. To refrain from publishing articles concerning the school that convey the wrong impression to those not familiar with every phase of the situation.

LARGE CROWDS GO  
TO HEAR PROGRAM  
OF SOUSA'S BAND

Last Friday Afternoon and  
Evening Sees 1,500 People  
in South Side's  
Gymnasium

## NET PROCEEDS ARE BIG

South Side's Share Is \$365.36;  
Money Will Be Used for  
Benefit of Band

"The boys do very well for the amount of time they have to devote to the band. They graduate too soon to become expert, though they are good for high school fellows. They are to be congratulated. Most high school bands blush so because the boys blow their heads off," said Lieutenant Commander Sousa in commenting on our band after directing it in two numbers last Friday afternoon in the gymnasium during the intermission in the regular program.

Lieutenant Commander Sousa and his band of one hundred musicians gave two performances last Friday in South Side auditorium which were attended by approximately 1,500 people. The \$365.36 that South Side cleared will go to our band fund. This sum represents one-fourth of the net profits, the share agreed upon for South Side.

Art Club Extends  
Membership Drive

With the hopes of getting still better results, the Art club has extended their membership dues drive until the next meeting. The losing side will then "treat" the winning team at the following meeting, turning the meet into a party.

At the last meeting, the members started the making of their notebooks. The covers are made of a fine grade of covering which looks like imitation leather.

At the next meeting, Monday, October 8, the covers will be designed. At the end of the semester, the girl who has the best notebook will be rewarded a prize.

Grades to Be Received  
Week Before Vacation

Grades will be given out on Friday, November 20, the week before Thanksgiving vacation. Students will go to the gym for their cards as usual and take them to classes for grades.

RUTH BELL GIVES  
NEAREST CORRECT  
ANSWERS TO QUIZ

Wins First in Contest on  
Questions About Liberty  
Bell; Smith and Hull  
Second and Third

## WIN TICKETS TO CONCERT

Hear Sousa's Band Free; Lieut.  
Commander Writes March in  
Honor of Liberty Bell

Ruth Bell, Brooks Smith, and Ruth Hull won first, second, and third places respectively in the Liberty Bell contest which was conducted in connection with the appearance of Sousa's band at South Side last Friday. Tickets to the performances of the band were given to the winners.

The questions were made out by one of Sousa's agents, and covered the history of the Liberty Bell about which Sousa wrote his Liberty Bell March.

Correct answers for this contest are as follows:

1. Where was the Liberty Bell first cast? In England.
2. When was it brought to America? In 1752.
3. When was it recast and why? It was twice recast, first in April, and again in June, 1755, as the result of an accident during the process of unloading from the ship, which spoiled the tone.
4. Quote the inscription prophetically inscribed upon it. "Proclaim liberty throughout the land, unto all the inhabitants thereof."
5. When was this inscription placed on the bell? At the second recasting.
6. Give its Biblical reference. Leviticus XXV-10.
7. How was the bell preserved from capture by the British during the Revolution? It was removed from the tower, and sunk in the Delaware river, near Trenton.
8. When and upon what occasion did the bell become cracked? July 8, 1835, while being tolled in memory of Chief Justice Marshall, who had died two days previously.
9. When was it last sounded? In 1843.
10. When was it removed from the tower of Independence Hall? In 1854.
11. Where was it placed? At the head of the staircase in Independence Hall.
12. What is its present location? In the main corridor of Independence Hall, in Philadelphia.
13. Upon what kind of a pedestal was it mounted? One of thirteen sides; representing the thirteen original states.
14. When was the Liberty Bell first removed from Philadelphia? In 1835, when it was taken, in charge of a guard of honor, to the World's Fair in Chicago.
15. Name two great expositions at which it subsequently has been exhibited. The Louisiana Purchase Exposition at St. Louis, in 1904, and the Panama-Pacific Exposition at San Francisco in 1915.
16. When did Lieut. Com. John Philip Sousa write the Liberty Bell March? On Independence Day, 1892, in the city of Philadelphia.
17. What gave him the inspiration? The fact that his son, John Philip Sousa, Jr., upon that day had made a pilgrimage, with a parade of school children, to the famous relic.
18. When and where was it first played? At Plainfield, New Jersey, September 26, 1892.
19. What occasion did it mark in the life of Sousa? The first performance of the march was at the first concert given by Sousa at the head of his own organization.
20. What is the occasion of its revival this year? The Third of a Century Tour of Sousa and his band.

VERNER GIVES TALK  
ON FIRE PREVENTION

Acts as Though Broadcasting to  
Radio Audience; Eighth Period  
Classes Dismissed

Richard Verner, of Chicago, spoke last Thursday in Room 8 in observation of national Fire Prevention Week. All eighth period classes were dismissed to hear the talk.

Mr. Verner stressed two main points, that fire is a matter of safety and that fire is a matter of dollars and cents. He showed how many serious fires start because of failure to observe common sense fire protection and told the student body what to do in case a fire should start.

Throughout his talk, Mr. Verner spoke as though he were broadcasting to a radio audience from station Fire.

## Teacher Visits School

Miss Small of the Wabash schools visited the music department last Monday. She was very much interested in obtaining new ideas on the methods used in the instruction of music here.

Glee Clubs to Sing  
on Musical Program

Girls' and Boys' Glee clubs of South Side will sing the opening selection on the musical program at the First Presbyterian church Sunday night.

Mr. Clare Edwards will play the accompaniment on the new \$40,000 pipe organ. This organ has been given to the church by Mrs. John Bass, of Brookside, as a memorial to her husband.

Those boyish hair-cuts are very appropriate at Hallowe'en time.

Did you do your Totem shopping early? If not, better late than never.

Only fifteen more school days until another vacation rolls around at the Thanksgiving season.

We suppose the Girl Reserves will "raise the roofs" of the auditoriums at their Big Four Vodvil to "put a roof on their swimming pool" at the Y.

If your companions banter you on your regularity, order, decency, and love of study, banter them in return on their want of these qualities.

—Chatham.

Why not begin now to save our pennies for the expense of witnessing the South Side-Central clash? At the rate of five pennies a day from today on, we will have the required funds to be admitted within the gates, November 14.

So far only two South Side students have entered the State Discussion contest on the County Unit plan, but never the less we fervently hope that one contestant will bring home to us what the subject in an abbreviated form says—C. U. P.

We are all capitalists. The only pauper is a deaf, dumb and blind idiot. Let us examine our resources and assets to find for what purpose they should be used. Nature has given us strength and sense enough for all that is necessary in life and in the opinion of one well-named writer, nature has also endowed "each man with some faculty which enables him to do easily some feat impossible to any other."

Along with the development of the radio a new phase of gaining knowledge has come into practice. Some universities are broadcasting courses by radio. The students enroll by mail, buy the required textbooks in their respective cities, "listen in" to the lectures and take an examination at the end of the year by mail. For this work regular college credits are given.

This is, indeed, a well worth-while development, for it is given due consideration by people who have radios and who desire further learning.

Here at South Side we have eight forty-five minute periods. We should all try to make the most of the opportunities these six hours give us, for it is really worth while to be wise in the use of time. It is with time that we purchase everything that life has of good. It is by the wise use of time that we can make ourselves competent for living. We should not ask, "How much time have we?" For in each day each of us has exactly the same amount, we have "all there is." Time should not be wasted, but there is one point we should never forget—time spent in helping others is not lost. We are spending our time well then we are paying it out in service.

## "A BOOK"

There's a book from which we all do read,  
Of joy and sorrow, of thought and deed,  
Every page is turned, though oft-times,  
We but scan the printed lines.

We read of beauty, we read of dark things, too,  
Things that are false, things that are true,  
But we all must glance at each page  
Though it our thoughts does not engage.

Truths before us, things that might be  
Mayhap the print is dim, the eyes  
cannot see,  
Priceless to man on his rugged way,  
In dark of night or light of day.

We may fail to grasp the golden thing  
That peace to our hearts would bring,  
But the book is there, and we must heed.  
For 'tis from the book of Life we read.

—Ruth Hallyburton.

## And Werse

## PA AND THE RADIO

Was jes' gettin' all upset,  
Kinda worries, kinda frets,  
Has a face just full of woe,  
All on account of the Radio.

Soon as Pa comes in at night,  
Sheds his hat an' gulps a bite,  
Down he sets, provokes us so,  
Dead to all but the Radio.

If sis decides she wants a hat  
Or money for this, or money for that,  
When she goes and stands beside his chair,  
He jes' looks up with a vacant stare.

The evening paper just gets a glance  
On the news of the day he takes a glance,  
If ma has a bit of news to tell,  
He looks up impatient and says well—well!

Then he's buried again for an hour or more  
In jazz while his foot beats time on the floor—  
And if we'd be heard we have to yell,  
Can't even hear the durned door-bell!

Never before could he stand a noise,  
Was always getting after the boys.  
Now he just wears a continual grin,  
While the thing keeps up that awful din.

Perhaps it's a fad and will run its day,  
But some say it's here and it's goin' to stay,  
And we just will have to admit it's so,  
That Pa has gone crazy on Radio.

## I'm A Nut

I'm "the nut," as people call me.  
Merely a title of courtesy, don't you know.  
You see my grandfather was a "kernel" and my father works at the Grape Nut factory and my brother is an engineer on a peanut stand. When I graduate I will go into the business with him. Yes, I'll have charge of the "roasting," hot air and all that sort of thing.

## I'm Not A Nut

I'm not one of those ginks who would make a good rooster, because they're "crowing" around in such a "cocky" way. If I do say it myself, I never make a point of it to rave about my good luck or some favor I do. Some students never do forget that they did something for you, and for weeks afterwards they go around letting out a lot of hot air, about some little insignificant act that they happened to perform. Now I have always gotten along so far without raving about a favor done for a fellow student, and I wish that more people would stop crowing and really do something.

## In the Stone Age

Wednesday, November 1, 1922.  
Martin Reiner was elected editor-in-chief of the 1923 Totem and began his work immediately.

Thursday, November 2  
The workmen again promised Mr. Voorhees that his laboratory would be completed within 24 hours.  
The Philalethian Literary Society held their first meeting and discussed ideas in regard to a Constitution.

Friday, November 3  
We wonder why the Times' staff named the issue published today "The Noisy Number"? (Perhaps the school was crowing about our good football team. No wonder!)

Saturday, November 4  
More new equipment arrives every day. A machine to punch the time of your visits to the office was installed.

Sunday, November 5

## Football

To the Editor:  
Why does a football player risk injuries in the playing of football? Can't he spend the time he puts in on football, three hours a day, five days a week, and twelve weeks a fall, a total of one hundred and eighty hours, to a better advantage? Does he play for the glory he might receive? This may be it, but every athlete knows glory does not last long, the star of today is the dud of tomorrow.

The answer comes from human nature and from the athlete himself. His greatest delight is the problem of dealing with human nature, of handling men, of overcoming the keenest competition, both mental and physical. He glows when he goes upon the field to meet a worthy opponent, knowing that only by desperate play can he accomplish his end. No matter how desperate the physical and mental competition he must exercise self control and stay within the law. The baseball player thrills when he makes a good hit; the business man throbs with excitement when he is matched against his equal. Many times this thrill comes to the football player as he makes a good tackle, as he scoops up a fumble, or snatches a forward pass and races for the goal.

The thrill is what makes football the king of sports. It is the most perfect of contests, because it teaches sportsmanship, and it requires the player to exercise every brain cell, every muscle, and every sense. No other school activity provides such means for actually applying the principles taught in school. In the professional and business branches, the student must wait until after graduation to apply what he was taught. In football he must bring in to play the mental training so necessary in all vocations.

PAUL STAIGHT.

## THE GOOD OL' DAYS

In days of old  
Though nights were cold,  
Students slept contented.  
They slept that way  
For in that day  
Exams were not invented.

Co-ed (at football game): "Hold him, George, I know you can."

I look about the study hall and what is there to greet?  
Each student sitting quietly in his respective seat.  
Their down-cast eyes are on their books, their pencils in their fingers.  
How studious! How hard each works as on each page she lingers;  
For one is writing love notes and she lifts her head and sighs,  
And one has read the Times before the teacher's very eyes;  
One is drawing pictures that were doubtless kindly meant,  
But though I look, I see no head-in ambitious study bent.  
And still I can't condemn these girls, the lessons they forsook,  
For I am writing poetry behind my Latin book.

## Coumarine

By James I. Miles

In the small cramped laboratory of the Coal Tar Products company of New Jersey, Chuck Wiggins was trying to discover some new substance to add to the long list of those now made from the cheap and common coal tar. Chuck was hunched up on his stool watching his apparatus with an eagle eye, watching for the sign that would herald the discovery.

"Wiggins, have you tested that sample that was brought in yesterday by Look of the Washington Refining company?" rasped a disturbing voice. "No, sir not yet, sir," came the muffled reply.

"What the Sam Hill are you doing there, anyway?" "Trying to find a more economical and quicker way to make synthetic coumarine. You know that coumarine is a carbon compound that is used as a substitute for vanillin which is very scarce and expensive. If I could find a new process to make coumarine, it would mean a great deal to the company. I've almost had it several—"

"Say, what do you think we are paying you for? Just to fiddle around the laboratory? Well, I guess not. Now you get busy and test that sample, or you will get your notice."

"Yes, sir," came the automatic reply from the weary Chuck.

"And if I catch you monkeying with it any more, you will be hunting a new job."

Wilkins, the owner of the rasping voice, was inclined to be tyrannical in his dealing with Chuck because he himself had tried to make the very same thing more than once, and he considered it his own problem.

After testing the sample, Chuck returned to his search for his synthetic coumarine, which was the thing that he had set his heart on and was determined to find, job or no job.

"Say, didn't I tell you that I'd give you the gate if you were caught monkeying with that junk again? Go get your time."

"Yes, sir," came the automatic answer.

Now then, what would he do? Without a laboratory he was helpless. Where should he try first? Ah, he knew; the college professor might let him use the school laboratory. At least it would do no harm to try, anyway. A little vacation would do no harm either before he began all over again if he had to do that.

The first train to Logan, his home town, left at 3:39 p. m. There was plenty of time to pack what few clothes he had. On his way to the station he felt as if he were being followed. Every few minutes a creepy feeling would go running up his back, and his scalp would get tight around his ears. Once, when he turned around abruptly, he thought that he saw a fair-haired man jump sideways into a doorway; again he saw the same man peering in at the window of the drug store where he went to buy a magazine. It aroused his curiosity and suspicion. He ran out of the store onto the sidewalk, but there was no one in sight. Without further thought he dismissed the fair-haired man from his mind.

After about two hours the train stopped at Logan. When Chuck alighted from the train, he spied the same man stepping down from the next coach. Right away Chuck decided that he was being followed. But why? He had done nothing that he should be followed. Was it Wilkins' work? It must be. Wilkins must want to find out if he would get another place to work.

Logan, besides being Chuck's home town, was also the seat of Barber College, where Chuck had received his diploma in chemical engineering. He hurried down to the college in hopes of finding Professor McGill still in his office. The professor had not been in all afternoon, he learned.

Chuck's home was only four blocks from the college, so it did not take him long to reach home. It was rather a surprise for Chuck's mother to see him home at this unexpected time.

"Why, Chuck, what are you doing home?" were her first words.

"Oh, I lost my job for trying to find a new process for making coumarine."

"What is that?"

"Coumarine is a derivative from benzene, which is made from coal tar. It is used as a substitute for vanilla because it smells like it and has the same flavor. Most of the vanilla extract is made up of coumarine and a small amount of vanillin. The price of pure vanillin is very high, and it is very scarce. The present

process is too elaborate to make its extensive production profitable."

"That is all very clear, but what are you going to do now?" asked his mother.

"Why I am going to try and get Professor McGill to let me use his own private laboratory until I can find out whether a simpler process is possible. I don't know whether he will let me use it or not, but I can at least try it."

"But what if he will not allow you the use of the laboratory?"

"Then I shall get another job some place and wait until the time comes when I can work on the problem."

"Well, come on. Supper is ready."

The next morning Chuck was over at the building before it was open. He was sitting on a seat near the entrance of the building, when he looked up and saw the fair-haired man peering at him around the corner of the English building. He jumped up and almost upset Professor McGill, who had approached. Chuck had been so absorbed with his problem that until he had seen the man, he had failed to notice the presence of anyone.

"Who is that man?" he quickly demanded of the professor.

"How should I know? I never saw him before. Why what is the matter?"

"Come inside, and I will tell you."

Walking quickly up the steps, the professor opened the door and let Chuck in with him. Going directly to his private office, he directed Chuck to tell him all that had happened. Chuck began by telling of his attempts to find a new process, which had caused his discharge. He also told him of the man who had followed him from Bridgeport.

"I came to you to see if you would let me use your private laboratory."

"Why, sure, you may use it. I have been thinking about the same thing, and I will help you all I can."

Chuck was very grateful to Professor McGill for his offer. He had brought all his calculations with him and was ready to start at once.

Working twelve and fifteen hours a day and with the help of Professor McGill, it took Chuck just three weeks to find what he had been looking for. One afternoon Chuck heard the door squeak and turned around to face three strange men who at once jumped on him and tied him up. They gathered up all his papers and calculations and even took a bottle of the coumarine he had made. Leaving Chuck supposedly tied up on the floor, they ran out of the building. Chuck, who had been a wrestler in college and was also something of a sleight-of-hand performer, had used a trick and was loose almost immediately after the men left. Rushing to the door, he saw the men get into a red sport touring car bearing the license number 883199. Running to the telephone, Chuck called the police and instructed them to arrest the men, giving a complete description.

The three men were arrested just as the two of them were leaving the car to board the train for Bridgeport.

When given the third degree, the men confessed that they had been hired by Wilkins to get all of the papers concerning the new process. A warrant was issued for Wilkins and a detective was sent to arrest him. When he was questioned, he broke down and told all of his plans.

The Coal Tar Products company at once opened negotiations for the new process and also for Chuck's services. He was given the position of chief chemist and a bonus of five hundred dollars.

Ferber and Stevenson Are  
Most Popular.

The South Side library fills an important place in the school. The books are very carefully chosen and only the best are allowed on the shelves of our library.

Miss Shulze, the head librarian, says that of the magazines, "Scientific American," "Popular Mechanics" and "Popular Science" are most popular. "The Mentor," "National Geographic," "The Forum," and "The World's Work" are other magazines in demand. "The Literary Digest" is really used more than the other magazines but is mostly for class work in history.

Edna Ferber's "So Big" is liked very much by the girls. Stevenson's books are always being called for, especially by the boys. They like White's books; such as, "The Blazed Trail," too.

Churchill's stories are very popular, particularly "The Crossing" and "Richard Carvel"; Quick's "The Covered Wagon," and Duma's "Twenty Years After" are read by many students. Charles Major is well liked by everyone. His "When Knighthood Was in Flower" and the "Story of Ab" by Waterloo are favorites. "Janice Meredith," by Ford, is also listed among the worthwhile books read today.

Of the short stories, Clemens, O'Henry's, and Kipling's are always favorites.

Arithmetic Is Most Popular  
The pupils of the Ottawa (Kansas) high school were asked to vote for the subjects they liked best. Arithmetic proved the most popular.

## BEARCATS BEAT GREEN, MARRING PERFECT RECORD

Muncie Downs South Side 10 to 7; is Local's First Defeat in Regular Season Game

### 'RICH' MAKES TOUCHDOWN

Plungin' Fool Is Only Scorer for Kellys; Last Quarter Played in Utter Darkness

The Battlin' Green were defeated last Saturday for the first time in a regular season game this year. The Muncie Bearcats, undefeated last year and only beaten by a 1-point win this year, shattered the Green's hopes when they won in a fast and furious game at Muncie by the score of 10 to 7. The game started almost an hour late and the last quarter was waged in utter darkness. South Side was in possession of the ball most of the time the last quarter.

The game was a match of wits between the two quarterbacks, Captain Rahe and Captain George, all-state quarterback.

Richendollar is Star  
Richendollar proved to be the outstanding luminary of the game with his stellar line-plunging. In the third quarter he snaggled a pass on the Green's 40-yard line and ran ten yards before he was downed. On the next six plays the ball was given to Rich and he scored the only touchdown the Kelly-Klads got during the game.

His defensive play was also good stopping George before he even got started many times. In the first quarter he was given the ball on the two-yard line but lacked six inches of making it a touchdown.

Nulf got a fine run in the first quarter for 45 yards and Sprunger did the same thing a few minutes later. Both times the ball was within scoring distance but the first instance South Side lost the ball on a fumble and the second time the Green failed to make their yards.

Line Is Strong  
South Side's line was one of the main factors in holding the Bearcats aggregation at bay. It was literally a stone wall and at one time held Muncie for their downs in the shadow of the goal posts. "Huck" George, Joris and Liggett were the best players on the Purple and White team with George on the sending and the Bearcats gained many yards with the forward pass. This proved to be Muncie's main forte as they could not gain through the South Side line.

Green Starts Strong  
At the start of the game it looked like an easy game for South Side as DeHaven kicked off to George and he hurled a pass to Joris. On the next play Nulf intercepted a pass and soon after raced 45 yards to Muncie's six-yard line. South Side's hopes for a touchdown were blasted when Rich fumbled on the three-yard line. Wedmore then made ten yards around right end and George punted to the 60-yard line. Sprunger then was given the ball and he dashed through a broken field to the ten-yard line. Richendollar made six yards and Sprunger added two more to it. Captain Rahe tried Richendollar again but he couldn't gain. Richendollar then went through the line to the six-inch line. It was a mighty thrust through the center of the line. But the Battlin' Green lost the ball on downs and George immediately punted out of danger. The rest of the quarter was played in the center of the field.

Second Quarter  
In the second quarter the Purple and White started their aerial attack and gained consistently against the Kelly-Klads. After being penalized for coaching from the side-lines Coach Myrick's men dropped back to the 20-yard line and Joris made a beautiful place-kick. South Side fought hard the remainder of the half but could not score. The score at the half was South Side 0, Muncie 3.

Third Quarter  
In the third quarter the two elevens staged one merry battle with no side having the advantage. This continued until the final minutes of the quarter when the "Plungin' Fool" broke loose. To start hostilities, Richendollar intercepted a pass and on the next play he made six yards. Then he tore through for ten yards and the Bearcats seemed powerless against his sledgehammer attacks. He came from the 20-yard line on a tricky run around left end. Nulf drop-kicked for point and the score stood 7 to 3.

Final Quarter  
The few South Side rooters were jubilant when their ardor was soon quenched when, in the last quarter the Purple and White opened up their passing again. Liggett finally went through the line from the one-yard line and South Side was beaten. George place-kicked for point and it seemed as if all was over but the shouting.

There were twelve minutes of play remaining and with the Green in possession of the ball they started a march down the field. But it was of no avail as it was too dark for the players to even see the ball and the whistle blew with the score, Muncie 10, South Side 7.

## THE LINE

Don't Flinch; Don't Foul; Hit The Line Hard

Although it was checked up as a defeat for the Fightin' Green, the line plenty in checking the offense of the Muncie Bearcats.

There were comparatively no gains secured through our line of chargers.

From one end to the other the line held like an impenetrable stone wall.

Weirich broke through the Muncie line several times to stop "Huck" George the flashy Muncie back, before he could get started.

Barbier held up like a stone wall when Muncie had the ball with only a yard to go.

DeHaven proved to be a mighty man when it came to furnishing interference for the runs of Nulf and Sprunger.

Lombard, who played the entire game at center, got down the field under every punt to stop or aid in keeping the Bearcats from running it back.

The ends Welch and Kingsley were also doing great work in stopping the Muncie Bearcats from running back punts.

The line surely showed its stuff when it held for four downs when Muncie had the ball on South Side's two-yard line.

The line broke through consistently in the first quarter to get the secondary defense.

Wiener showed that he could not only play a good game at end but also a mighty good tackle when he was shifted to this position in the first quarter. He broke through to furnish perfect interference on Nulf's long run.

Distel surely deserves plenty of credit for grabbing a forward pass out of the dark and gaining several yards. Not only that but he probably would have made a touchdown if it hadn't been for the chin-strap on his helmet. This proved to be the cause of him being stopped as one of the Bearcats grabbed it and managed to stop him before he reached the goal.

Kingsley received a severe bruise in the Muncie fray. However, it is not thought that this will keep him out of the Tech game.

Distel surely threw Muncie for a big loss when he downed the passer about twelve yards behind the line of scrimmage.

Schopf, although playing with a bad injury received a week ago, was lighting it out as usual beside his fellow linemen.

## CENTRAL'S TIGERS LOSE TO ELKHART

Blue and White Gets Two Touchdowns in Final Period With Aerial Attack

### BILLINGSLEY, JASPER STAR

Although the Tigers displayed a fine brand of football, they went down in defeat at the hands of Elkhart by the score of 31 to 13 last Saturday.

The Tigers opened up with an aerial attack in the final quarter which brought them two touchdowns. Billingsley and Jasper were the outstanding stars in the attack.

Elkhart started her scoring early in the first quarter and crossed the goal two times before the end of the first period. The state champs relied upon straight football throughout the contest.

The second quarter was played on even terms with neither team having the advantage.

The third quarter opened with Elkhart continuing her plugging at the Tiger defense. She managed to secure two more markers, netting a 25 to 0 lead.

Facing almost certain defeat, the Tigers rallied in the fourth quarter and opened with an aerial attack that carried the champs off their feet. Billingsley and Jasper shot short passes over the line of scrimmage in rapid succession to Jasper who hooked them in for long gains.

It was a game fight staged late in the game which brought two hard-earned touchdowns to the Tigers.

The first touchdown came after two minutes of play in the final period. Jasper crossed from the four yard line to score the first marker for the Tigers, and Billingsley added the extra point. On the next play Elkhart fumbled the kick-off and Central recovered the ball on Elkhart's 30-yard line. The Tigers, unable to gain, lost the ball on downs.

Elkhart rallied to check the Tigers' advance and marched down the field for a fifth touchdown. The Tigers received the kick-off on the 20-yard line. On the first play Jasper snagged a pass which was good for twenty yards and with another immediately following brought the ball to the 26-yard line. Soon after he took the ball to the 10-yard line, where he pulled in another pass and raced to the goal where he scored the second marker for the Tigers.

The Tigers caused plenty of excitement in the Elkhart camp with their desperate struggle for victory in the fourth quarter. Billingsley and Jasper worked with unusual smoothness on the offense and were also very strong on the defense.

## Paul Pepper Writes Poems for "Student"

"Kitty", and "To a 'Rhine' Hat" Published in Indiana University Paper.

Paul Pepper, '23, who is now attending Indiana University, has written two poems, "A Kitty" and "To a 'Rhine' Hat", which were published in the Indiana Daily Student.

A KITTY  
This morning I decided  
To write a little ditty  
And for my theme I picked upon  
A pretty little kitty.

One day when I was walking  
Out among the trees  
I smelled a scent entrancing  
Came to me on the breeze.  
But being of the city  
I didn't know the scent.  
I thought it might be wintergreen  
Or maybe peppermint.

So when I met a kitty  
All striped with black and white  
I thought it was so pretty  
With eyes so sparkling bright.

But when I went to pet it  
Its fur stood right out straight  
It spit, and I jumped backward  
But, oh, I was too late!

My clothes I buried late that night  
Out in the back yard here.  
I could not venture near the spot  
For almost one whole year.

The moral of this ditty is  
That when you're in the wood  
And chance upon a kitty there  
Just hustle for the road.

—Paul Pepper.

TO A "RHINE" HAT  
You're my bonny green bonnet  
With a red button on it  
That the Sophomores say we must wear.

You're made in eight sections  
And need no directions  
And you cover my beautiful hair.

I wear you in summer,  
And I wear you in winter,  
I wear you in rain, sleet, and snow.  
My bonnet, my bonnet,  
My bonny green bonnet,  
We freshmen all love you I now.

# Tech Game Gives South Side Chance To Redeem Last Saturday's Loss

## GREEN TO AVENGE MUNCIE DRUBBING IN CAPITOL GAME

Lundy's Men Out for Victory from Strong Indianapolis Tech Eleven

## TECH TEAM UNDEFEATED

Indianapolis Gridders Have Already Outscored Muncie; Dope Seems Against S. S.

Next Friday the Battlin' Green will have a chance to redeem themselves in the Muncie affair when they take on the strong Arsenal Technical high of Indianapolis.

Since the Green and White gridders from Indianapolis have not been defeated by an Indiana team and in their list of victories Muncie is included, Tech is one of the two or three logical contenders for the state football title. They have only been defeated once and Male high of Louisville, Kentucky, champions of their state, turned the trick.

**Green Has Chance**  
Although South Side was defeated by Muncie last Saturday, this does not lower their chances against Tech, because the Bearcats were defeated by only one point and Muncie had several chances to score but did not take advantage of them.

Technical, without a doubt, is the Kelly Klads' strongest opponent for this season. The team averages about 170 pounds and is probably one of the best offensive teams in this section. Coach Mueller's men have victories over such teams as Muncie, Elwood, Jefferson of Lafayette, and Steele high of Dayton, Ohio. Their backfield rivals that of Muncie's in speed and surpasses it in weight. With Balay the main stay, Tech has a team that averages 170 pounds throughout. Balay is a stellar place-kicker and was seen in action here last year.

**Letter Men Back**  
Besides Balay, Coach Mueller has three other letter men back from last year in the forms of Hicks, Hickman, and Johnson, the first two holding down positions on the line, while Johnson is a 175-pound plunging full-back. This quartet was also on the mythical all-city eleven last year at Indianapolis. Babcock, another full-back who is causing a furore in the backfield, rivals Richendollar in both defensive and offensive play. He weighs 180 pounds.

Hicks, a guard, weighs only 135 pounds, but has the two heaviest men on either side of him in Hagaman and Worth. Davy Clark will match wits with either Nulf or Captain Rahe. He is considered to be the equal of George of Muncie.

**In Good Shape**  
Coach Welborn's crew came out of the Muncie game in good shape and with the exception of a few minor bruises, the squad is in tip-top condition for the kick-off. About thirty men will leave this noon for the state capital. The Battlin' Green will stay at the Indianapolis Athletic Club and will have a short warming up practice Friday morning. This is South Side's last game before the final encounter between the Green and the Blue.

The probable line-ups:

South Side.	Tech.
Welsh.....L.E.	Thompson
Schoff.....L.T.	Hickman

## S. S.--Weights--Tech.

How South Side stacks up in weight with the Tech team is as follows:

South Side.	Pon.	Tech.
Wiener.....159	E. Thompson	150
Welsh.....144	E. Adams	150
Kingsley.....142	E. Fox	160
Schoff.....171	T. Hickman	165

## Huntington has Begun Basketball Practice

Huntington started basketball practice last week and will continue to practice three nights a week after supper until the football season is over when regular practice will begin, since many players are also playing football.

Thirty-seven men answered the first call and there are some likely looking prospects who will probably make the veterans step to retain their positions.

## Trio is Threat of Indianapolis Tech

The above trio represents the main offensive and defensive threat of the Tech eleven. They are, from left to right, Balay, Hickman and Hicks.

Courtesy Arsenal Cannon

These three men are the only letter men left from last year. Balay plays halfback and is one of the best runners that Tech has ever had. He is also a good kicker, winning the Sheridan and Manual games by his stellar drop-kicking and saving the day against Muncie in the same manner. Hickman is said to be the best tackle that has played on the Green and White eleven for some time. He boasts of a record of not having been boxed so far this season. Hicks is the lightest guard that ever played with Tech, as he weighs only 135 pounds, but makes up for his weight with his speed. He generally gets through the line and stops the play before it gets started.

## LOGANSPOUR BOWS TO STRONG WABASH TEAM

Logansport	0	4	.000

**This Week's Results**  
Wabash, 34; Logansport, 7.  
**Next Week's Games**  
Peru at Wabash.

In the only game of the Wabash Valley Conference Friday, Wabash trimmed Logansport by the score of 34 to 7. Wabash had the Loganberries completely at their mercy and scored at will.

Credit must be given to the Springer men for their splendid defense in the second quarter. Twice the Wabash backs, headed by the sensational Ross, their tricky quarterback, had the ball on the Loganberries' five yard line, but the line held like a stone wall and threw back the plunges of Austin, the big Wabash fullback.

Ross did not start the game, but he was in only two minutes before he lashed across the goal line for a touchdown. Before the game had ended he had crossed the last line three times.

As a result of the victory over the Red Devils, Wabash is now tied for second place with Kokomo in the Wabash Valley Conference. The Wildcats of Kokomo do not play any more Conference games, while Wabash has one more with Peru. It will probably be another victory for Wabash out the Peruvians will furnish plenty of opposition. A victory for Wabash will bring Huntington up to fourth place and will force Peru to the fifth position. Logansport is taking good care of the cellar position.

## Technical Swamps Newcastle Eleven

Technical of Indianapolis defeated Newcastle on the latter's field by the score of 64 to 0. Tech scored in every period and never was in danger. The Green and White eleven clobbered the Newcastle goal ten times. Adams broke away in the third quarter for a 90-yard run through the entire team, being stopped on the five-yard line. Newcastle made one first down.

## TIGERS TO TACKLE BENDERS SATURDAY

South Bend Is Claiming One of the Strongest Teams in Northern Indiana

## CENTRAL IN GOOD SHAPE

Next Saturday at 2:30 o'clock the kick-off will start the gridiron battle between the Gold and Black of South Bend and the Blue and White of Central. Not much can be determined as to the relative strength of Central and South Bend, but as far as is known the two teams are practically evenly matched.

After surviving the Elkhart fray in fine condition, the Central Tigers are all set to give the Benders a terrific battle.

South Bend will present a strong line-up with several veterans from last year's squad in the line-up. With a fast and scrappy backfield and a line which is rangy and speedy they should give plenty of trouble to the local eleven.

After the Tigers' marked improvement in the Elkhart game, a stiff contest is predicted.

With Billingsley, Lange, and Jasper carrying the brunt of the aerial attack and the fleet-footed Baker to skirt the ends, Central should add one more game to her win column.

## Several High Schools Commence Net Season

Basketball has already been started in some high schools. Last Saturday night Berne defeated Monroe by the score of 26 to 13 in a hot game. Coesse showed early season strength by dropping Churubusco 32 to 27.

Although we know that Rich is no farmer he surely knows how to plow.

We sure would like to have a crowd like the one that saw the Muncie-South Side game in our stadium at the next game. Wouldn't that be great? Or maybe it would be full.

It was too bad they didn't have flood lights to turn on when it got dark.

Maybe they thought the moon would be up early--but they got fooled.

Anyway, the half we saw in the daylight was worth seeing.

Wonder how the players could tell who was on their side.

Hap Lombard didn't feel flattered when a Muncie player congratulated him on being an all-state center. Just so Lombard can still wear his hat.

Distel must have eyes like an owl to be able to catch a forward pass in the dark.

Last Saturday would have been a good time to get out the ghost ball. It was surely dark enough.

Let the referee had a good time chasing the ball around in the dark.

## SPORT GUSH

Only nine whole days till the Tigers come to play that much-talked-of and looked-forward-to game.

It surely must have been spooky at the Muncie game after dark. Hal-loween had to be represented some way.

The Pattersonians have fallen back on volley ball for their recreation until the field dries up.

And then comes the hockey tourney, and then some more volley ball and then last, but not least, basketball.

Sometimes the boys are just real nice when they get right off the gym floor on girls' practice nights.

And that reminds us to tell you all that the girls have three nights every week to run, jump, skip, and play on the hardwood.

The gym exhibit is on its way. Keep it moving, girls.

Maybe the school board will have to furnish some spotlights so we can see the other games.

Get your club and help hit the puck around the field.

### With the Classes

Miss McCloskey's senior classes have finished reading and have taken their final tests on Ivanhoe, which was a book to be read outside of class.

Miss Rinehart's classes have finished studying the essay and have begun their novel.

Mr. Brand's first and third period chemistry classes blew soap bubbles Monday. The largest bubbles blown were six inches in diameter.

Mrs. Boham, of the cafeteria, announces that the price of potatoes has jumped to two dollars. If this increase continues, potatoes may not appear on the menu in the cafeteria.

Leona Kuhn, of Madison, has entered Miss Demaree's English VII class.

Miss Moore, of Huntington high school, visited Miss Demaree's Burke class last Friday.

Mr. Makey's English VIII classes have written short stories. They are now at work on novelettes.

Mercedes Nossat has returned to South Side to take typing and shorthand.

Gets Dictionaries

The Latin department is the proud possessor of two new English dictionaries. This is the first time the department has "owned its own dictionary." The books are used for derivatives.

Alumni News

Edward Rahe, '25, freshman at Purdue University, spent last week-end in Fort Wayne. He visited in the city and motored to Muncie Saturday to see the Muncie-South Side football game.

Joseph Zart, '24, who is attending Purdue University, spent last week-end at home.

Tom Shultz and Stuart Windt, '25s, attending Purdue University, were at home over last week-end.

Mary Monroe, '25, has been pledged to the Sigma Alpha Sigma sorority at Muncie Normal.

Several of the South Side alumni attended the game at Muncie Saturday. Marjorie Matlack, who is attending the school at Muncie, was a loyal rooter. Lucille Lapp drove down with some friends. Ward Dildine, Edwin Clapham, and Bob Miles, made the journey up from Bloomington, where they are attending Indiana University. Alan Fromuth, '24, was there.

Thomas Staley, '25, who is attending Yale University as the first winner of the Jack Merrillat Griffin Scholarship, will visit Harvard University on November 21, for the Harvard-Yale football game. Tom has gone out for the freshman swimming team, and is enjoying it.

Helen Crawford, who attends Indiana University, spent last week-end visiting her parents.

Helen Gaskins, '25, a student at Indiana University, has been pledged to the Delta Sigma sorority.

### TWENTY-SEVEN AWARDS GO TO TYPISTS IN OCT.

Winifred Gunter Writes Errorless Test; Helen Goette Wins Gold Pin on Royal

Twenty-seven students qualified during October for typing awards given by the Underwood, Remington, and Royal Typewriter companies. Any one taking typing is eligible to try for one or more of the awards.

Winifred Gunter, a student in typing 3 wrote the test for the Remington silver pin without an error. The Remington company has recently changed the requirements for their pins and certificates. A person writing twenty-five words per minute with ten errors or less is entitled to a certificate, and when writing for a silver pin, seven errors are allowed.

The following people will receive awards this month:

Mystery Play Given by Music Classes

Band Boys' Hats Rejuvenated When Mr. Schafer Declares "No Class Today."

Last Thursday Rooms 38 and 40 were the scene of a magnificent play. Laughter and noisy conversation prevailed among the actors. Mr. Schafer, director of the play, proceeded to get the stage settings ready. He sent two of the actors to the corner drug store to get supplies. He then produced a mysterious box, out of which he took a magnificent blue cheese cloth gown; he also passed among the actors a sharp, shiny, instrument commonly known as a scissors. Then he came out of a closet with an armful of hats.

The play finally began: Each student was given his costume, consisting of a hat, and a cloth saturated with mufli. Pieces of blue were flourished over white, and the hats were rejuvenated. Hats were carried from one room to the other, balanced on heads and on thumbs.

Catch on yet?

The play ended by a selection rendered by the world-famed famous pianist, Walter Schmidt.

This play was the outcome of an announcement by Mr. Schafer, "We will not have class today, but will clean the band boys' hats."

Expert Stoker Mechanic Adjusting Furnaces here

Mr. Holliday, of the Illinois Stoker company, has been at the school for the past several days, inspecting and fixing the stokers so that the school can get more efficiency from the coal.

Pupils Study Automobiles

Motor cars and their horse powers are being studied by the freshman Algebra class of the Central high school, Kansas City, Kansas. Each student is assigned to bring in three different makes of motor cars and their piston displacement. The object of this is to teach the students the value of observation.

Band to Play for Patients

Sunday, October 11, the band will play for the patients of the Irene Byron Hospital. The program will be given in the afternoon and will consist of both classical and popular numbers.

Tackle tigers triumphantly team!

Always remember that time once passed can never be brought back for it is gone forever, as Horace Mann said: "Two golden hours were lost yesterday; no reward is offered for they are gone forever."

Those of us who were not doing entirely satisfactory work were warned recently to do better work, but within four days all of us will be favored with a little white card, stating exactly the grade of our work.

Friends, read your Bible for the good you get out of it. Not because your English teacher makes some allusion to it in reading Burke, nor because your history teacher tells you to read it for the civic good you get out of it, but read it for your own good, for your own welfare.

It will often help you to settle some of life's most serious problems. And for entertainment it is better than novels by Curwood, Grey and others. It contains stories which are entertaining and which will hold your interest. Just try reading this book for about ten minutes every day, and you will be surprised at the good derived from it.

Our high school career resembles nothing so much as a mail box or an incubator. The mail box is the one thing we have all looked into more or less since we started school, and by this time most of us realize that what we get out of it depends largely on what we put in.

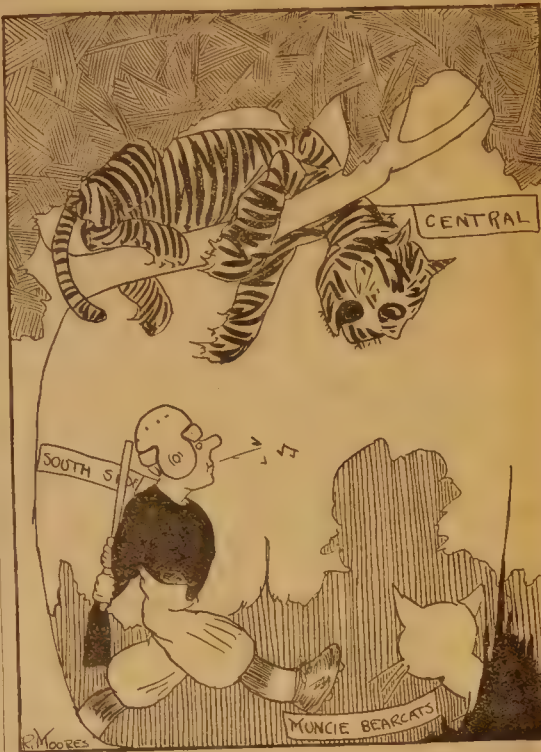

The same principle holds true for our years at high school. What we get out of them depends on what we put in. If we study and put in a lot of work and real effort, we're sure to get something worth while out of high school. On the other hand if we don't care a rap and don't do any good work what we get out of school will compare with the circulars we take from the mail box.

Certain alchemists during the early stages in the development of chemistry believed that there was such a thing as the Philosopher's Stone, which Philalethes described as "a certain heavenly, spiritual, penetrative, and fixed substance which brings all metals to the perfection of gold or silver according to the quality of the medicine and that by natural methods, which yet in their effects transcend Nature." And so they lived in the hope that some day they might gain possession of one.

Just so, many of us evidently believe that there exists a certain intangible something which will hurl an inspiration at us when needed during a recitation or exam; which will, without effort on our part, make us see the relation of certain geometrical theorems in proving the problem and which will enable us to carry on our outside activities without attending committee or staff meeting.

Later developments in chemistry proved that the "gold" the "Philosopher's Stone" alchemists produced was merely an alloy. Perhaps there is also a catch in trusting to sudden inspiration and depending on our "super selves" to do things without study and effort.

## ADDRESS TO THE TOOTHACHE

My curse upon thy venom'd stang,  
That shoots my tortured gums along;  
An' through my lugs gies mony a  
twang.

Wi' gnawing vengeance!  
Tearing my nerves wi' bitter pang.  
Like racking engines.

When fevers burn, or ague freezes,  
Rheumatics gnaw, or cholic squeezes,  
Our neighbor's sympathies may ease  
us.

Wi' pitying moan;  
But this—thou hell o' a' diseases,  
Ave mocks our groan.

Where'er that place be priests call  
hell,  
Whence a' the tones o' misery yell  
And rankled plagues their numbers  
tell,  
In dreadfu' raw,  
Thou, Toothache, surely bear'st the  
bell,  
Among them a'.  
O thou grim mischief-making chiel,  
That gars the notes of discord squeal,  
Till daft mankind oft dance a reel  
In gore a shoe-thick!  
Gie a' the faes o' Scotland's weal  
A towmand's toothache!

—Robert Burns.

## And Werse

Ten little Freshies a-walkin' in line  
One wouldn't hurry and then there  
were nine.  
Nine little Freshies came in late,  
One got chucked—and then there  
were eight.  
Eight little Freshies a-feelin' they're  
in Heaven,  
One fell out of his seat—and then  
there were seven.  
Seven little Freshies—and all of 'em  
hicks,  
One got brain fever and then there  
were six.  
Six little Freshies, Seniors—eat 'em  
alive!  
One fell down the steps, and then  
there were five.  
Five little Freshies—four and one  
more,  
One dropping out, left a perfect num-  
ber—four.  
Four little Freshies a shootin' paper  
wads,  
Soon there were three, and then—  
one nobs.  
Two little Freshies a eatin' a bun,  
One got choked and then there was  
one.  
One little Freshie a playin' all alone.  
A big Senior came up and drove him  
home.

THE TEN MARKS OF AN  
EDUCATED MAN

Albert Edward Wiggam

He keeps his mind open on every  
question until the evidence is all in.  
He always listens to the man who  
knows.  
He never laughs at new ideas.  
He cross-examines his day-dreams.  
He knows his strong point and plays  
it.  
He knows the value of good habits  
and how to form them.  
He knows when not to think and when  
to call in the expert to think for  
him.  
He lives the forward-looking, out-  
ward-looking life.  
He cultivates a love of the beautiful.  
Next week is "Good Book Week."  
Have you been in your school library  
to see what are its resources and  
service?

## The Dean Says

One of the foremost educators of today insists that the highest ideals of a school or a community cannot be reached without the development of correct social habits and that such habits are formed by learning the rules and practicing them. South Side needs to improve in this respect. Why not begin by studying and practicing the rules for good conduct in the corridors, in the lunch room and in the street car.

Martha M. Pittenger.

## I'm A Nut

Ha! Everybody knows me by my  
work. And what is my work? You've  
seen all those artistic (?) little curly-  
cues and funny people on the posters  
and blackboard notices. Well, that's  
just what I do. Other nuts, just like  
me, think it's funny and laugh but  
others think I'm simply terrible.  
Sometimes they say people want to  
save their posters. Humph! that  
doesn't worry me, and the notices on  
the blackboards are just chalk. Even  
if they can't read it I should worry.  
I never go to that old meeting any-  
way. Don't forget to take a look at  
my art exhibition next time and laugh  
like all good nuts do.

## I'm Not A Nut

I'm not a nut when it comes to my  
conduct in our corridors here at South  
Side. I have decided that the best  
policy is to follow rules such as these:  
I. I avoid all running in the cor-  
ridors; I start in time and walk.  
II. I avoid crowds on the inclines  
and in the locker room. When I am  
in a mass of people, I move slowly  
and try to keep breathing space about  
myself.  
III. I have stopped throwing paper  
on the lockers and make it a point to  
pick up at least one piece of paper  
every time I enter the locker room.  
This is what Miss Pittenger calls a  
"social habit."  
IV. I do not try to jostle other  
people. If by chance I do, I say,  
"Pardon me."  
V. I avoid whistling in the school  
building, because if mine sounds as  
bad as some people's, I don't want  
them to hear it.

## Open Letters

## To the Editor:

For a long time South Side has  
needed something to jack up and back  
the school as a whole. Now this need  
has been removed since the students  
and faculty have co-operated and have  
organized a Promoters Club. This  
club is to promote interest in all club  
work, athletics, music, public speak-  
ing contests, yelling and all other or-  
ganizations and contests pertaining to  
the school.  
The question now is, "Will the stu-  
dent body respond to this effort on  
the part of the faculty, and keep the  
machine running smoothly without  
any unnecessary trouble?" It is easy  
to say "Yes" to this question, but  
there are many times when we could  
be just a little more pleasant to a fel-  
low classmate, or sacrifice a little of  
our time to help some organization to  
reach its goal.  
The class of '26, the first all-South  
Siders, should start the ball rolling so  
that the other classes may keep it go-  
ing.

Here's to the success of our Pro-  
moters Club.

—A SENIOR.

## WHAT'S IN A NAME

Mr. Greely drove up to the school in his car, and, on  
stopping, after the fashion of motorists threw over the  
radiator a heavy traveling rug.  
A small urchin, seeing this, grinned in a knowing way,  
and said, "You've no need to cover it up, 'cos I've seen  
the name."

I'm very sure of that—  
For after one big blowout  
She went and left me flat.

WHAT WE SHOULD LIKE THE TEACHERS  
TO SAY—

There will be no homework for tomorrow.  
Won't you have some of my candy?  
I don't mind you looking at your marks.  
Yes, you may cut whenever you want.  
I'll take your final exams for you.  
We shall have tea in detention.  
There will be a discontinuation of school, until fur-  
ther notice!!!

WHAT THE TEACHERS WOULD LIKE US  
TO SAY—

I know my lesson perfectly.  
Yes, I adore homework.  
This is my favorite subject.  
Yes, I study Friday and Saturday nights.  
I never get below 100 in anything.  
Oh, I was sick last night, but I got up at seven to  
study.  
I wish we never had vacations at all!!!

Mr. Makey: "What is the difference between crepe

funerals."

Mr. Makey: "In other words, you mean that one is  
worn in mourning (morning) and the other in the af-  
ternoon or evening."

## DISGUISED

Ruth E. (on way to Times party): "This is a Modern

## With the Classes

DeNeal Pfeiffer has returned to school after several days absence.

Last Friday in music appreciation Mr. Schafer played the records to the opera of Tannhauser. This was doubly interesting because the students heard the opera played by Sousa's band, and because they had studied the story of the opera recently.

One of the two best parts of this opera were: "The Song to the Evening Star, and the 'Pilgrim's Progress'."

Last Friday in civics, Mr. Murphy passed around the class a copy of the teachers' efficiency rating card; this contained some of the following things: a teacher's personal appearance, method of teaching, and of giving out assignments, etc.

William Sohner has entered South Side from Noline, Ill. He is a sophomore.

Mr. Murphy gave his Civics I and Economics I class a test on the constitution last Tuesday.

The girls' gym classes had five visitors during the last week. On Monday three people from Churubusco, Ind., visited the classes. One of the visitors was the boys' athletic director and another was Miss Davis, who is in charge of the girls' athletics. On Friday two visitors from Marion, Ind., visited the first hour gym class. The one visitor was the girls' physical director.

There is to be a vocabulary contest in Latin 1 and 2 classes some time before Christmas. In the spring of 1923 a similar contest was held. "At that time there was a spirit of healthy rivalry among the students and it is hoped there will be the same result this time," said Mr. Rother.

Mr. Updike, principal of the Churubusco high school, visited South Side on Tuesday.

Miss Smeltzley's United States history classes have been writing biographies of George Washington while the general history classes have been writing the life of Alexander the Great.

All of Miss Schmidt's German classes had tests last week. The rivalry between the two divisions of German III continues. The third period class had an average of 85.3 per cent, while the eighth period class was ahead again with an average of 87.5 per cent. In the former section, Howard VonGuten received the highest grade, 99 per cent, while in the latter Helen Goette made a perfect score of 100 per cent.

The students of Mr. Whelan's 10-B class have found and identified ten different kinds of rocks during the past two weeks.

The boys in the 9-A woodturning are designing and beginning to make their individual projects. It takes more time to gain enough skill in woodturning in order to make pieces of commercial value than it does in bench work. Bench work has one distinctive line of work and in making individual projects a combination of lines of work is required.

The boys were delayed in their work last week because of the sad and gloomy atmosphere of the room. The teacher felt very sorry for the boys who could hardly see their work or think correctly because of their sad state of mind. The casket is now removed from our room and a much more refreshing atmosphere prevails. The boys will undoubtedly accomplish a lot more work this week.

Mr. Chappell says: "More boys should take manual training than do now. The largest per cent of boys that graduate from high school take up industrial work. Therefore they should learn something of the use of tools. The purpose of manual training is not to teach a trade. It is to teach a boy to think before he does something. The majority of boys just go ahead with the work they do without finding out how it should be done. Manual training teaches a boy to figure out what he is doing before-hand, thereby saving a lot of trouble."

Mrs. J. S. Jordan, of Roanoke, Ind., visited in Mr. Davis' arithmetic classes last Friday.

Brooks Smith and George Kress have been working for some time on a rather difficult experiment outlined in the Journal of Chemical Education. Such things as this form an interesting part of the study of chemistry.

Mr. Voorhees says: "When elections are made out for next semester, don't forget chemistry, and if anyone doesn't understand the course he should ask any student who is now taking it."

On November 3, Mr. Bolinger, of Churubusco, visited the chemistry, biology, botany and physical geography laboratories.

Mr. Gordon and Mr. Coah, of Huntington, interested in chemistry, visited the laboratories of the various departments of South Side.

The art classes had several visitors from out of town last week.

Mary Alice Hanna, of Ossian, Ind., has entered Miss Demaree's English 5 class.

Glenn Stults, of Huntington, has entered Miss Demaree's English 7 class.

## I. H. S. P. A. Presents Yearbook Trophy

As winner of the annual contest conducted by the Indiana High School Press association, the Totem received this cup. It is permanent property. The association presented the award at the convention held last month. The twenty-two inch cup given by the Central Interscholastic Press association has not yet come and no picture could be secured.

## SOCIETY

Marjorie Reeves entertained the members of her club at a guest dinner Saturday evening. The guests were Bonnie Bennett, Phyllis Toothill, Mary Hughes, Margie Horstmeier, Jeanette Stults, Greta Astrom, Betty Hutchens, Ninah Knight, Florence Kendrick, Mary Miles, Lura Webb, Isabelle Wilkenson, Martha Brothers, Eleanor Williams, Dorothy Troendle, Devona Kaehr, Hildegarde Seibel, Kathryn Dye, Janet Egly, Marjorie Egly, Mary Cooper, Kathleen Holden, Kathleen Grier, Mary Martha Snook, Evelyn Metsker, Sarah Miner, Camilla Waterfield, Bernice Centivire, and Margaret Smenner.

The members of the Qui Vive sorority were entertained in a delightful manner Saturday evening by Marguerite Luecke. Those present are Jane Studer, Alice Yarnelle, Jean Haden, Anne Haden, Dorothy Long, Jane McBride, Dorothy Somers, Margaret Nichols, Amelia Dildine, Kathryn Twining, Maxine Rahe, Anne Barrett, and Marie Williams.

Hillis Fitch visited in Coldwater, Michigan last week-end. She motored there with her parents.

Cardinal Michelle visited at Logansport last week.

Ed Wehmeyer spent last week-end in Bloomington, Indiana, where he was the guest of Dorothy Bennett.

A theatre party was enjoyed by the following girls: Martha Rupley, Louise Ryberg, Mabel Spath, Charlene Snider, and Catherine Thompson.

Iola Wilkenson moved from Bloomington to Kinnaird avenue.

Helen Wier, former student of South Side, has announced her engagement to Charles Manes.

A party was given Saturday night by Mildred Crane and Helen Minnich. Games and dancing were enjoyed during the evening. At a late hour a two-course luncheon was served to the following: Thelma Miller, Naomi Crummit, Dorothy Miller, Dorothea Kohlmeier, Josephine Geier, Lucy Dalton, Elizabeth Scudder, Helen Scott, and Mildred Hersberger, and Ralph Pickette, LaVern Seigel, Ralph Dunlap, Malvin Richendollar, Clarence Lambert, Irvin Snyder, Charles Troyer, Meredith Jones, Ralph Mills, Gordon Diver, and Albert Kohlbacher.

The following girls recently enjoyed horseback riding: Iola Wilkenson, Louise Grossman, Gertrude Brouwer, Winifred Englehart, Ruth Wilson and Leola Foster.

Merville Summers spent the week-end in Indianapolis where he attended the South Side-Tech football game.

Dorothy Augspurger spent the week-end in Hicksville, Ohio.

Kathryn Twining entertained several girl friends at a dinner party Friday evening.

## SO. SIDERS FORM PART OF CAST FOR VAUDEVILLE

About Forty-five Local Persons Help Put Over Performances of Girl Reserve Clubs

Thirty-three U. S. A. girls and six So-Si-Y members besides eight South Side boys and quartets from the music department, took part in the Big Four Vaudeville given at Central high school and the Harrison Hill building, November 6, by the Girl Reserve clubs of both high schools. Each club gave an act for the program.

Proceeds from the performances will be used to pay for the last third of the Girl Reserve pledge to the Y. W. C. A. swimming pool.

Girls who took part in the U. S. A. stunt called "The Slaughter of F." are Jeanette Duryee, Dorothy Niebergall, Dorothy Underwood, Katherine Pepper, Mildred Chenoweth, Florence Kendrick, Betty Ray, Mary Hillis Miles, Ruth Stroebel, Ruth Egan, Ethel Rancey, Marcell Baals, Marguerite Kendig, Jean Gillic, Margaret Pocock, Claire Staley, Bernice Jenkins, Dorothy Likins, Kathryn Nall, Vivian Lower, Virginia Danuser, Mildred Kessler, Margaret Shubert, Hilee Homeyer, Edna Hebert, Eleanor Wilson, Bernice Stein, Catherine Suter, Elizabeth Williams, Helen Hilgemann, Virginia Orr and Eleanor Rupnow.

Those who put on the So-Si-Y art are Ruth Eickmeyer, Jane Bitner, Isabelle Walters, Olive Prime, Pauline Baumgartner, Maxine Bennett, Ed Wehmeyer, Walter Schmidt, Don McLucas, Dale Shimer, Charles Folsom and Joe Goshert.

The Girls' Quartette, composed of Thelma Buirley, Dorothy Kohlmeier, Violet Fell and Ruth Barber, sang in the evening. Orin Patch, Sam Fay, Maynard Patterson and Ralph Frank, making up the brass quartette, and Gerald Ammerman, Paul Berlien, Herbert Snyder and Eugene Mitten, the saxophonists, also furnished some music.

Central had charge of the music in the afternoon. The Gracchi club gave a short playlet in the evening. Other dances, readings and stunts were also part of the program.

## ARITHMETIC CLASSES HAVE CIPHERING TEST

Miss Fiedler's and Miss Thorne's Classes to Fight for Supremacy

In Miss Thorne's sixth period arithmetic class a very interesting ciphering contest is being held. The first thing Miss Thorne did was to pair off the class. The winner of the first pair competed with the winner of the other pair.

This pairing off was continued until there were only six students left. The winners of the ciphering contest are Francis Jones, Dorothy Rinehart, Elsie Beal, Ralph Meyer, Rosanna Haven, Evangeline Switzer, and Bernice Allen.

Plans are being made for Miss Thorne's ciphering team to compete with Miss Fiedler's.

Miss Thorne says that this contest has proved to be a very interesting one, for it is the first ciphering contest to be held between the arithmetic classes.

## NOTEBOOKS DESIGNED AT ART CLUB MEETING

Betty Hutchens Gives Two Readings: Members to Make Christmas Gifts During Vacant Periods

Designs were made for the Art club notebooks at the meeting of the club, Monday, November 9. These will be made in colors, in black and white, or in any other attractive manner, during class periods.

Before the members began work on their notebooks, they were entertained by the two readings given by Betty Hutchens.

The next meeting, November 23, will be in the form of a party and each member may bring a guest.

The club will begin making Christmas presents during vacant periods or evenings, which they will display uptown some time after December 9. They may also sell these gifts to make Christmas money. Some of the things which they may paint or make are candle-sticks, candle-holders, salt and pepper shakers, tie-backs for curtains and handkerchiefs.

## No definite plans made for decorating room 86

No definite plans have yet been made for the decorating of Room 86 by the Parent-Teacher association.

"There will be a meeting of the committee this week to make plans for decorating the club room," stated Mrs. Fred Lang, who is chairman of the committee.

## Last Fire Drill Has Proved Satisfactory

The last fire drill held Thursday afternoon, October 29, was satisfactory. It is compulsory to have fire drills once a month in all schools of Indiana. This is required by a state law.

## CENTRAL HUMBLER BY UP-STATE TEAM

South Bend Downs Tigers by 25  
to 7 Score, Getting Marker in  
Each Period of Contest

### FUMBLES ARE FREQUENT

Under the worst weather conditions imaginable, South Bend defeated the Central Tigers at the South Side stadium Saturday afternoon, before a mere handful of spectators, who stood for two hours in a steady rain, while the Benders and Tigers slipped and slushed through a veritable quagmire. The Benders finally won with a 25 to 7 victory to their credit.

The Black and Gold managed to secure a touchdown in each period of the game while Central did not come through with a marker until the final period. Then the Tigers started an offensive drive which carried them to the South Bend goal, and after losing the ball, managed to get it over for their only touchdown.

Many Fumbles  
Fumbles were frequent and almost unavoidable with a ball that was as slippery as an eel. It seemed that fumbles had a part in practically every play and score that was registered. It was impossible to get punts and passes away as it was no trouble at all for the slippery ball to slide from the fingers of one of the backfield men. However, South Bend proved to be a little more adept in recovering than its rival.

In the first quarter Sherman scored the first touchdown for the visitors by blocking a Tiger punt and falling on the ball behind the Tiger goalposts. In the second quarter South Bend managed to wade through the Central defense for their second score of the game, Galabaski carrying the oval over the goal after Tarack had carried the pigskin for a 30-yard gain around end. In the second half Torier proved to be the outstanding star for the Benders. He intercepted a pass on Central's 30-yard line and, shortly afterwards, on a fake place-kick, dashed around left end for a touchdown. The try for point was good, but the point was lost because of offside play by the Benders. Tarter got away for another 25-yard run during the third quarter but the Benders were unable to score again until the final quarter, when Kinty galloped around the end for the fourth touchdown for the visitors.

Tigers Improve  
In the final period new fight was put into the Tiger team when Captain Baker, Billingsley and Hockemeyer, who had been on the sidelines, entered the game for Central. Link, another fresh man, caught two short passes near the visitors' goal and a touchdown seemed to be at hand, but the Tigers lost the ball. However, they managed to get a touchdown by getting hold of a fumble behind the visitors' goal, Meeks falling on the ball to make the touchdown.

The game was loosely played throughout, but both teams did more than is expected of a team playing under such conditions.

## The Poor Sport

By Mildred Berlien

"Is everything set for the big game tomorrow, Joe?" asked Bob Ryan, when he met his chum on the campus. "Everything has been turning out fine except that Harry has not handed in his theme yet, and Professor Davis declares that he can not play until it is in," was the reply.

"Oh, I'm sure Harry will have his theme in this afternoon. He promised Coach Smith last night that he would have it in today, and you know that Harry is a man of his word."

The two boys walked toward the stadium as they discussed the events that would probably happen on the following day. Bob Ryan, a senior, had played the position of right tackle on the Hale College team for two years. Joe Ery, his chum, had successfully managed the team for those two years. As the boys drew near the stadium they met Jack Carter, the quarterback on the second team.

"Hi, Jack," called Joe, as he noticed the boy approaching. "Hi, yourself," growled Jack. "Wonder what's the matter with him now? I sure do pity the man who aroused his ugly spirit," said Bob, Bob, after Jack had passed.

"He's probably sore because Harry is working hard on that theme and will get to play in tomorrow's game."

"I only hope he doesn't cause a disturbance until after the game, at least. We have enough to worry about at present and—"

"There's Harry," broke in Joe. "Harry came across the campus with his books under his arm and a very noticeable smile on his handsome face."

"Well, how's the theme coming?" asked Joe.

"Thank goodness, I have it all written and am on my way to give it to Davis!" exclaimed Harry, as he took from his book some papers.

"Here it is, boys."

"Come on down to practice now and hand in your theme afterwards."

"Sure, that's the stuff. I've wanted to be out on the field all day."

Then they made their way to the dressing room to change their clothes. Harry reported to the coach that he had succeeded in writing the theme and would hand it in immediately after practice. Upon hearing the good news, the entire team, except one, gave three cheers for Harry.

When the rest of the players left the dressing room, Jack lingered behind. He took the theme from Harry's book and carefully placed it in his own.

"I'll get to play in the game tomorrow, I'll bet," thought Jack. "I'm just as good a player as he is, and I'll have my chance for one entire game. Besides, this is the last game, and I will have to play it all in order to get my sweater."

Then he hurried out on the field to join the rest of the players.

"That sure was one great practice," remarked Harry as they returned from the field.

"If we have as much pep and team work as we did today, we are sure to win," remarked Joe.

"Well, guess I'd better take my theme over to the dear old Professor, and see what he has to say about it."

Harry opened his book to get the theme as he said this. It was not there. He leafed through the book frantically and then turned it upside down and shook it violently, but the theme did not appear.

"What's the matter, Harry?"

"Heavens, that theme is gone, and I'll swear I left it in here."

"I know you had it when you came in here. It must be here some place."

The boys that were still in the dressing room hunted everywhere for the missing theme; it could not be found.

"I can never write it all over again so that I can hand it in before the game. I've even destroyed my notes."

The next day was ideal football weather—bright, clear, and crisp. The team gathered in the office of the coach before going out on the field.

"I am sorry that Harry will not get to play today. It is not his fault, and we'll have to do our best without him. It will be much harder work. Carter, will you play quarterback?"

"I'll bet Carter has something to do with all this," said Joe to Bob as they left the room.

The team filed out. Harry took his place beside the coach on the bench. The whistle was blown; the game started.

The opposing team scored two touchdowns in the first quarter. Carter fumbled repeatedly. At the end of the half the score was 21 to 0. The team gathered in the dressing room between the halves.

"Carter, you are not doing your best. You have fumbled a great deal and confused a number of plays," was the first remark of the coach.

"I'm playing good enough to suit myself," was the snarled answer. Just then Professor Davis entered the room. "Harry Draper may play!"

"Please explain yourself, Mr. Davis," said the coach.

"I found Harry's theme in a book which I had given to Jack for some reference work."

All eyes were turned on Jack. Jack lowered his head sheepishly.

"We have no time to discuss this matter now. We will settle this immediately after the game. Draper, report as quarterback."

The team played the second half with much more enthusiasm. Harry played a marvelous game of football. The score at the end of the game was 27 to 21 in favor of Hale.

After the game all the players assembled in the office of the coach, eager to find out what would happen.

"Ryan, go to the dressing room and tell Carter to report here immediately," said the coach.

"Carter, you not only showed your dishonesty and disloyalty to the team, but also to your school," said the coach when Carter entered the room.

"We can not consider you a member of the team anymore. You surely owe Draper an apology. I hope the rest of you fellows will profit by this event."

## THE LINE

The line was up against one of the best lines it has faced this season. Tech has by all means one of the shiftest and clearest lines in the state.

The line ran interference in good shape, especially in the first half.

On one occasion Lombard downed the Tech safety in his tracks as he received a punt.

Distel threw Babcock for a five-yard loss on a trick play.

Welch did his stuff by scoring the point after touchdown on a pass from Nulf.

Although Schopf received an injury early in the game, he played the entire game at tackle.

Twice the line held for three downs inside the ten-yard line.

Weirich's work at guard deserves much mention. He managed to break through the Tech defense and spoil several plays.

DeHaven handled his clever opponent in good shape.

Wiener made a good showing at tackle while Schopf distinguished himself at the end position.

Lake gave a good account of himself at guard despite the fact that he was considerably outweighed by his strong opponents. He ran interference in good shape.

Barbier surely proved that all big men aren't slow, by getting through and causing plenty of trouble for the Tech backs.

In both of Tech's touchdowns, one four downs and three yards to go, and the other four downs and five yards to go, if the ball had been a fractional part of an inch back they would not have been touchdowns. This shows that the line held up mighty fine for being rammed four times with such a short gain for the opponents to make.

South Side made a touchdown early in the first quarter, but it did not count because of a penalty.

## Answers to Contest to be Announced Soon

Helfrick & Son, who conducted a questioning contest several weeks ago, on the football score for the season, wish to announce that the participants should not become impatient, because it is impossible to award the prizes until after the close of the football season. As soon as the football season closes, and scores are totaled, the one guessing nearest the score will be notified of his good fortune.

## Elkhart Strengthens Claim to State Title

Elkhart strengthened its claim to the state football title by defeating the strong Goshen team, 12 to 0, on a muddy field at Goshen. About 1,500 persons saw the game.

## TECH'S COMEBACK PROVES TOO MUCH FOR LOCAL ELEVEN

Five Thousand Indianapolis Fans Back Team to 13 to 7 Win Over Green of Fort Wayne

### SOUTH SIDE LEADS AT HALF

Holds Capitol City Lads 7 to 0 in First Two Periods; Babcock Makes Two Touchdowns

Cheered on by 5,000 rabid fans, Technical high school, of Indianapolis, downed the Fightin' Green in a heart-breaking battle by the score of 13 to 7, at Indianapolis, November 6. South Side outplayed the state capital grid-ders in the first two quarters, leading 7 to 0 at the halfway mark.

Coming from behind in the last half, the Big Green from Indianapolis scored two touchdowns in a vicious offensive drive led by "Big Bill" Babcock. Reeling off the ends for long gains and hitting the line time and again for first down, Babcock scored both touchdowns for Mueller's men and proved to be the star of the Tech eleven. Balay and Cain also made some good gains against the Green.

**Makes Flashy Play**  
"Half-pint" Nulf, diminutive South Side halfback, made the feature play of the game when he carried the ball 65 yards to a touchdown for South Side's only marker in the second quarter, twisting and side-stepping his way through the entire Tech eleven and running the last 15 yards with no one in front of him. Richendollar, although a marked man, plunged through the line with the same power and ability that he has shown in previous contests, and rived Babcock in hitting the line. Captain Rahe and Rastetter played a brainy game at quarterback, handling the team well all the way.

**Lines Are Strong**  
The lines of both teams held like the proverbial stone wall at the critical moments of the game. The Tech forward wall stopped South Side's march for the goal soon after the game started, holding the Kelly Klads for downs on the Tech ten-yard line. The South Side line made two bitter stands in the shadow of the goal posts but on both occasions weakened enough for Babcock to smash his way through for touchdowns, both touchdowns being made after the Tech men were held for three downs. The last marker was in dispute but finally Davis ruled it in favor of Technical. However, it took the Indianapolis team four downs to make five yards.

**Play by Play**  
DeHaven kicked off to Tech and Balay returned, punting to Rastetter. Rich made two yards through center and Nulf circled right end for five yards. He duplicated it around the other side of the line for first down. After Rich had hit the line for six yards Tech held the Green and White for downs. Balay punted again to Rastetter, who fumbled for an instant and was stopped dead in his tracks. Nulf made up for it by going around right end for 15 yards. Tech's line held again and Nulf was forced to punt on the fourth down.

Cain reeled off ten yards around right end and Balay hit the line for eight more. Babcock made it first and ten for Technical. Using Cain, Balay, and Babcock, the Techmen took the ball down to South Side's 40-yard line where Balay was forced to kick. The ball saw-sawed back and forth until about the middle of the second quarter when Nulf brought the crowd to its feet by taking one of Balay's punts and, eluding the whole team, ran 65 yards to a touchdown. The run was the result of perfect interference by South Side and some pretty open field running on his own part. The point after touchdown was made on a clever fake kick formation with Nulf tossing a pass to Welsh behind the goal line.

The two teams battled furiously the remainder of the half and the ball was near South Side's 20-yard line at the whistle. The score at the half: South Side 7, Tech 0.

**Tech Rallyes**  
In the second half Mueller's men came back with renewed fight and, after an exchange of punts, Cain made ten yards off tackle. Balay and Babcock started a march for the goal taking the ball to the Battlin' Green's ten-yard line. On the next play Babcock carried the ball to the three-yard line. He made one yard through center and on the fourth down with two yards to go he hammered his way through for a touchdown. Fox missed his place kick for punt and South Side was still ahead by one point.

Fox then kicked off to Weirich who was stopped on the 50-yard line. After South Side could not gain, McCormick punted out of bounds to Tech's 25-yard line and Babcock made ten yards. Balay punted and Nulf returned it to Tech's 20-yard line. South Side was gaining consistently on punts up to this time. With only about five minutes of play remaining the Tech supporters were crying eagerly for a touchdown. Balay threw a pass to Fox for a ten-yard gain and Balay and Babcock again started their mad rush for the goal. The ball was worked to the five-yard line by a series of end runs and off tackle plays.

It was first down and five to go for Tech and it seemed like an easy touchdown but Technical was held at bay for three downs and finally Babcock made a stab at the line and the referee ruled that the ball was over the line. Balay then place-kicked for point.

**Threatens Tech**  
In the final moments of play Nulf threw a scare into Tech when he hurried a ten-yard pass to Sprunger but Balay intercepted the next one and the game ended with Tech on top, 13 to 7.

## Central and South Side Grid Leaders

MARK BILLS  
Central Head Coach

CAPT. BAKER  
Leader of the Blues

MURRY MENDENHALL  
Tiger Assistant Mentor

CAPT. RAHE

With the end of the local high school football season only two days away, much interest has been developing as to the outcome of the annual clash of the Tigers and the Fightin' Green. With the three past defeats still fresh in the minds of the Tigers they have been drilling hard this week hoping to annex a victory in their final clash.

Coach Mark Bills says he hopes to send a far better team against the Green this year than any other team from the uptown school that has battled the Southerners. The Tigers have had a most successful season this year which shows they have improved over previous years.

Captain Baker, the flashy halfback of the Tiger team, says he would not dope a winner of this contest but he

LUNDY WELBORN

knows the Tigers will give the Fightin' Green a good run for a victory, as the Tigers do not expect to enter the game thinking of a loss.

The Fightin' Green team also boasts of a much better team than they have had in previous contests. The Kellys have battled some of the strongest teams in the state this year and have also been strong enough to annex the Wabash Valley Conference title. However, Coach Lundy Wel-

WARD GILBERT

born says South Side will have their hands full to stop the Tiger offense, but is confident that the Green's warriors will be scrappin' it out until the final whistle.

Captain Phil Rahe says that two losses are too much to have handed to a team in a row and that if the Green loses a third straight game there is surely something wrong. It being the last game on the schedule, the Kellys are going to try to close the season with a victory.

### Goal Dust

SOCK CENTRAL!

Well, we can take some consolation in the fact that Tech hasn't lost a game to any Indiana school yet.

And those boys hit hard. If you don't believe it, ask Chuck Weirich.

Big Bill Babcock ought to be called Big Bill since he alone beat us out of the game.

Babcock is built like an ice box and hit the line like a tank going into action.

But he wasn't the whole show. No, Sirree, Bo! Our own "little" Nulf proceeded to give heart failure to the Tech followers with a 65-yard dash to a touchdown.

He also did some pretty punting, equaling that of Balay.

Tech also had a Cain who was "able" (eek!) to gain quite a few yards.

"Farmer" Richendollar started his spring ploughing early by raising the "dust" (slightly moistened) in the Tech line.

With everything in doubt in that last quarter we believe that the referee shortened everyone's life by ten years while waiting to give a decision on Tech's last touchdown.

Again we would like to say, SOCK CENTRAL, TEAM!!

We see that Central started a Once-over column in the Spotlight, only they call it the Twiceunder. Attaboy!

Did Tech have a crowd? We'll say she did. It looked just like an old-fashioned German picnic with so many people.

Tech rooters are real sports and they proved it. When Our Team was giving signals in front of the grandstand you could almost have heard the proverbial pin drop.

If you have not seen a game this season

If you have seen part of them Every rhine, sophomore, junior and sophisticated senior should do their ticket shopping early and dig up the four bits some way and go to the game and YELL.

TAKE THE TIGERS, TEAM!!

## 29 LOYAL ROOTERS ACCOMPANY TEAM

Green Corps Rivals Tech in Yellow; Kelly Klads Are Cheered

South Side's football team did not journey to Indianapolis alone last Friday, for twenty-nine loyal rooters traveled with the Kelly Klads to the state capital. They made themselves known too for they could be heard rooting and pulling for our team all over the field.

The members of the football team said they rivalled Technical in making the most noise. The team was grateful to even see one familiar face from South Side, but when the little army of twenty-nine made themselves heard, our team played like coming state champions as an Indianapolis paper declared. Those who made the trip are: Leland Johnson, Herbert Somers, Bruce Grosvenor, D. Grodrian, Mildred Nikolai, Ralph Schroeder, Dean Metzner, A. Grodrian, Harry Wedler, Carl Hambrook, Richard Bickel, Virgil Hire, Chris Branning, Harold Baker, William P. Van Ness, Bob North, Steve Miles, Ford Dull, Wayne Wenzel, Darl Romey, Robert Christen, Norman Christen, Frank Bernhard, Jack Rodebaugh, Merville Somers, Charles Fleming, Jr., and Chester Plasket.

Miss Harvey's father, who lives in Indianapolis, saw the game and rooted for the Kelly Klads.

## BLUE AND WHITE CAGING SCHEDULE

Tigers Have Twenty Games; Practice Will Begin After Close of Grid Season

### THREE NEW TEAMS BOOKED

Central's Tigers will open their basketball season December 4, meeting the fast Warsaw five in the South Side gym. The Tigers have twenty games on this season's schedule and have booked some of the strongest teams in the state. This no doubt is the hardest schedule ever attempted by the Tigers' hardwood gladiators. Several new teams have been added to the Tigers' schedule this season. Coach Mendenhall will take charge of the team immediately after the close of the football season.

There are ten games to be played at home this season. Among the stronger teams appearing on the local court this season are Muncie, Froebel of Gary, Milford, South Side, and Wiley of Terre Haute, all of which gained a strong reputation last season.

#### Has Veteran Team

Coach Mendenhall will have six veterans of last year's squad, and several new candidates are also expected to make a strong bid for the Tiger five. With Captain Diehl, Merrill, Scott, Baker, Manth, and Jasper remaining from last year's sectional tourney championship team, the Tigers are expected to have a successful season. Last year's reserve team will also give plenty of material to build a strong team for such men as Billingsley, McConnell, Lennon, Stiegler, and Ramsey are expected to develop into varsity material.

Washington, Muncie, and Milford are the new teams booked this season. Washington and Muncie have often placed state teams on the hardwood and Milford is very well remembered by local fans, as they are the ones that blasted the Tigers' hopes of playing in the state tourney at Indianapolis last year, and caused one of the biggest upsets of the tourney. The two games with South Side will be played on January 19, and February 12. With several veterans left to South Side these contests are expected to be of no mean calibre.

Last season the Tigers completed one of the most successful basketball seasons in the history of the school and are out to duplicate the feat this year. Season tickets will be placed on sale at the close of the football season.

hard as nails. Richendollar will be opposed by Lange, a fast and rangy fullback of the same type as Rich himself.

### Jasper Good on Passes

Jasper and Hockmeyer are rated as being two of the best ends in this section and the former has been the star of the Central outfit, snagging passes and making it miserable in general for his opponent.

Schoff and DeHaven will be opposed by Casey and Ramsey, and it looks as though they will have their hands full. Weimer, a freshman, and Worton, a three-year man, are expected by the Central followers to stop the rushes of Rich and Sprunger through the line.

Cook, a 170-pounder, will toss the ball opposite Lombard, South Side's pivot man. It is expected to be a battle of wits besides being a battle of brawn, as Captain Rahe and Stiegler are both brainy in getting their respective teams out of difficult situations.

### Green Ready

The South Side squad has been keyed up to this game and, smarting under the two heart-breaking defeats handed to them by Muncie and Tech, will give a good account of itself Saturday. The game will begin at 2:30 p. m.

The probable line-ups are:

## SEVERAL CHANGES MADE IN PROGRAM FOR ENSUING YEAR

(Continued from Page 1)

Biology—Freshmen only.  
Business English—Juniors.  
Commercial Geography—Juniors.  
Beginning Journalism—Not open to second-half seniors.

Those who entered in September and took Cooking 1 instead of Sewing 1 should elect Sewing 1 for next term.

The days for band, orchestra, glee club, and gymnasium will be determined later. Pupils should simply select the periods in each case.

## Beck, Staley Adjusting Selves to Universities Environments

Winners of Scholarship Like Harvard and Yale Despite Hugeness of Buildings; Think Attitudes of Students to Fellowmen Are Ideal; Snobbishness Not Prevalent.

South Side's scholarship winners, Bud Beck and Tom Staley, are still rather bewildered in their strange surroundings. As time flies by, they become more acquainted with their new homes and schools.

"The school is so large, it has so many departments for graduates, and its teaching staff is so big that I am hardly familiar with my little corner of it," says Bud, who is increasing his knowledge at Harvard.

"Yes! I like the school," says Tom in regard to Yale for which he received the Jack Merrill Griffin scholarship.

"Yale has an appropriate mascot in the bulldog," he continues. "Yale football men showed that spirit of determination of stick-to-it-iveness in the Pennsylvania football game. That same spirit pervades the entire school." Of course, Tom would allude to sports as he always was rather athletically inclined.

Bud thinks the freshman teaching staff is excellent because men of degrees and instead of inexperienced men who are merely working for master's degrees.

Tom likes the professors too. "They try to take a close personal interest in each student," he explains. "They have no immense dignity as most people suppose, but are very close to earth."

English, French, government and biology are Bud's pursuits while Tom studies English, drawing, mathematics, chemistry and history. The latter is preparing to enter Sheffield Scientific school.

It is very hard for Harvard men to make high grades for the scholarship is so very high. It is difficult to rise higher than B; in fact the average of the freshmen history course has ranged about fifty-five percent.

Both boys consider the student body fine. "Although one is thrown in with fellows from elite 'prep' schools and backwoods high school, I have not seen one single instance of snobbishness," says Beck. By the way he is rooming with a boy from Lima, Peru, South America.

Here's the way Tom explains himself: "There are snobbish cads; there are tiresome pests. But the gentleman is the characteristic of most of them. Yale customs, Yale traditions, Yale culture make it so."

Besides these abstract things the boys enjoy the historical traces about the universities. During part of the Revolutionary War, colonial soldiers were quartered in one of the Harvard buildings, and military headquarters occupied another. General Washington even lived in the latter a short time. Both buildings are still standing and are being used by the university.

## U. S. AIR SERVICE TO BE DISCUSSED

(Continued from Page 1)

public speaking contests in which teams who are to be met later on the same subject take part, shall be considered unfair by the N. E. I. Debate League.

Five Topics Suggested

In all, five topics for this year's debates were suggested. They were: that the world powers should take their hands off China; that the federal government should subsidize commercial aviation; that the United States should establish a unified air service under separate control; that the United States should be empowered to pass child labor legislation; and that pardons should be granted only when the evidence of the innocence of the convicted person shall have been adduced. The one about the unified air service was chosen almost unanimously.

Debate work started here last Monday after school. Gertrude Schuelke, Ruth Bickmeyer, Elsbeth Crane and Louise Platt, members of last year's debate team, and Cornelia Bade and Winifred Horn, beginners in debating, have come out for debating this year. Others may enter later this week.

What a busy time for the mail carrier when over one hundred exchanges arrive at South Side weekly! The Times mail box in the office is often so full on Mondays and Tuesdays that it is necessary for some of the papers to be put in Miss Harvey's box.

When the exchanges reach Room 20 they are put in the Exchange Editor's box, whose business is to open them, file them and read them.

Our home state, Indiana, furnishes the most, since there are thirty-six out of the 158 on our list from Indiana. Ohio comes next with sixteen; Cleveland sends five; Illinois and Michigan tie with twelve each; Illinois contributes seven from Chicago and its suburbs, and Michigan sends four from Detroit. Minnesota, Oklahoma, and Colorado furnish nine, eight and seven, respectively.

We have six each on our list from Iowa, Washington, California, and Wisconsin. Five come from Kansas and four from Nebraska and Missouri. Three arrive from both New Jersey and Virginia, while Tennessee, Montana, New York and West Virginia have two each on our list. The following states send one each: Texas, Utah, Kentucky, Mississippi, Massachusetts, and Idaho. One is also received from Washington, D. C.

Last year's observance far exceeded in interest the previous efforts and it is expected that this year's week will set a still higher mark.

## FIRST NET GAME OF SEASON TO BE ON DECEMBER 5th

Team Started Practice Last  
Monday; About Sixty  
Men Are Out for  
Positions

### WARDOTES MEET AUBURN

Season Tickets Will Be Put On  
Sale Today in Rooms  
94 and 146

With the football season over, the Green and White athletes are now heeding the call of the hardwood. Coach Wardo Gilbert issued the first call for all net aspirants for practice last Monday.

About 50 men answered and they held a meeting in the athletic room. No practice was held that first night. On Tuesday and Wednesday Coach Gilbert gave every man a thorough workout and started to select out the likely candidates for the team.

**Letter Men Back**  
The letter men back from last year are Captain DuWan, Rahe, Weiner, Branning, Simon, and Willson. It is peculiar that all the men back are forwards and a large task is in store for Coach Gilbert to develop some good guards from the vast store of material on hand. He has also many reserves left from last year.

**First Game December 5**  
South Side's first opponent on the hardwood is Auburn. The Green and White netters play Auburn in the South Side gym on December 5. As a starter, Auburn will be a hard nut to crack so early in the season. This school won its sectional last year and has a great number of letter men back again this year. Since they played only four football games this year they have played basketball for the last two or three weeks and will have a decided advantage in experience over the Green. In the last two games they have defeated Waterloo and Butler by overwhelming scores. Against Waterloo they used twenty-three men and defeated them 68 to 13. The next game they held Butler to one lone field goal. So it looks like the Wardotes are in for a hard opening game.

Single admission to the game is thirty-five cents and season tickets are for sale at \$1.00 for six home games. These will be put on sale today and every student who buys one will save a great deal.

## MR. GEAKE FAVORS EDUCATION WEEK

Mayor-Elect Is Very Interested  
In Our Public Schools and  
Their Progress

"I am very anxious to have Education Week prove a success, as I am very interested in the schools," stated William C. Geake, the mayor-elect of Fort Wayne and present secretary of the school board, to a Times reporter this week.

Education Week, which is being observed in the United States from November 15 to November 21, has been proclaimed by President Coolidge. It is being held so that a greater interest may be created in the schools.

"I am very strong for the public schools and their progress," stated Mr. Geake. "I am in sympathy with the school board because it hasn't enough funds to make all the improvements in the schools that it wishes."

"I am very much in favor of the large school buildings which are being constructed in the city, and of the enlarging of the school system. The methods of teaching and the subjects taught in the public schools are modern and very satisfactory, as the schools of Fort Wayne are giving some subjects which are not given in schools of other cities," Mr. Geake concluded.

In observance of Education Week, South Side had an open night last Wednesday so that the parents might have an opportunity to visit with the teachers.

**Visits Purdue**  
Paul Birely visited his brother at the Theta Chi House, Purdue, Lafayette, Ind., last week-end. While there he saw the Purdue-Franklin football game.

## Miss Rehorst Conducts Millinery Class; Girls Make Hats According to Taste

Course Prepares Student for Position with Any Wholesale Company.

Miss Rehorst has been conducting a very interesting class in millinery in which some very smart and beautiful hats have been made. The girls are permitted to make their hats according to their own tastes. The pupil decides the kind of material, color, and style of hat in which she thinks she looks the best. Then she tries to put her ideas together to make a becoming hat. The girls' hats can be entirely original, they may copy ready-made ones, or they can get their ideas from pictures and magazines. The hat frames, materials, trimmings, and other accessories are bought wholesale so the girls can get

## L. C. Ward Endorses Education Week; Public Gets Acquainted With Work

Schools of Fort Wayne Grow  
Rapidly in the Past Five  
Years.

"Education Week is a fine thing," says L. C. Ward, superintendent of the Fort Wayne public schools. "The public can see what we are doing in our schools."

L. C. Ward

Schools are rapidly taking over many of the duties of the home. "They are doing this in every way," continues Mr. Ward. "For example, every child is given a health examination at least once a year and the grade children are examined even oftener than that."

From two to three hundred children who can not afford to be sent to dentists at the expense of the schools are taught in the home perhaps not even as thoroughly as school instructors teach them.

Leisure time of pupils is now filled in with healthful recreation fostered by the school. Athletics are forming a much greater part of the school life than they once did. Publications, debating and the like are other items in a child's education.

About 600 persons are in bands throughout the schools of the city. At one time a musically inclined student could learn music only by the help of his parents. Not only bands have been organized by music departments, but instruments are furnished for the tryouts and free instruction is given them.

No longer do hungry children have to walk home in the rain, snow, and stormy weather for their lunches be-

## LOOKOUT SIGHTS TURKEY MEETING

Member of Family Service Bureau to Talk; Club to Give  
Two Baskets to Poor

"The Lookout Sights Turkey," the next meeting of the So-Si-Y club November 24, in Room 86, will be one of the most interesting meetings that the club has had this term," Miss Symonds, Girl Reserve secretary, said yesterday in commenting on the program. She announced that there will be a speaker from the Family Service Bureau to tell the members about the spirit of giving during the Thanksgiving season.

This year So-Si-Y will give two baskets to families which the Service Bureau suggests. Members of the club are asked to sign up in Room 86 or 92, or see Marguerite Schiwer, if they can bring some article of food to put in the baskets. Coffee, canned fruits, potatoes, cranberries, vegetables and foods that will keep a few days are wanted.

Virginia Bourns has been appointed chairman of the program committee for the remainder of the term to take the place of Margaret Crosbie, who had to leave school on account of sickness.

A Co-ed Party is being planned for December 5, and will be given in the club rooms at the Y. W. C. A. All girls intending to go as boys should choose their girls, send them a corsage, escort them to the party, and do all the things a regular escort would.

### Sophs. Win First Match In Volley Ball Tourney

Freshmen and sophomore girls have played off part of the first volley ball tournament of the season. The sophomores won two games out of three, defeating their freshman rivals, 21 to 17, and 21 to 11. The freshmen were victorious in one game, taking it by six points.

The juniors and seniors will play their matches next Monday and then the winners will play to decide the class championship.

No plans for basketball have been made yet, but practice will begin shortly after Thanksgiving. The varsity and class teams will probably play Central some time during the season.

The materials at the lowest cost. They may buy their own materials but it is much more expensive.

When asked how the study of millinery benefited the girls Miss Rehorst said, "The course gives the girls a better understanding of the kind of hats they should wear and makes them more capable of distinguishing between a good and bad hat."

Girls interested in millinery work can get enough training from the high school course to get a position at a wholesale house, such as Pidgeon's or Malloy's Millinery company. Quite a number of South-Side-trained girls have gone to Pidgeon's and obtained a good position at making hats. Girls who have any special interest or talent towards the millinery line should not fail to take the course as it is one of the most interesting and beneficial course for girls in the school.

## NET PASTEBOARDS PLACED ON SALE

Season Basketball Tickets To  
Start Going Today; Mr.  
Greely to Sell

## PRICE OF TICKETS \$1.00

Mr. Greely has made the announcement that season tickets for the first six games of the basketball schedule will go on sale today. Students are urged to buy season tickets because it will not only assure them of being able to attend the games but also because a great saving is made. If single admission is paid it will be 35 cents, or fifty cents for such games as the ones with Shelbyville and Central. If single admission is paid for the first six games it will amount to \$2.40, which is just \$1.40 more than the \$1.00 which is charged for the first season tickets.

The tickets may be purchased from Mr. Greely in Room 94 or from Mr. Virts in Room 146.

## OPEN HOUSE NIGHT PROVES SUCCESS

Parents Interview Teachers In  
Regular Rooms; Musical  
Program Heard

"Open House Night" was observed Wednesday night at South Side, when parents were given an opportunity to talk with the teachers. All the instructors were in their rooms from 7 to 8:30 o'clock, where the parents interviewed them.

This time was taken in observance of National Education Week. A musical program was attended by teachers, parents and pupils. The program arranged is as follows:

Band  
Girls' Quartet  
Thelma Birely, Ruth Barbier,  
Violet Fell and Dorothea Kohlmeier.  
Orchestra  
Brass Quartet  
Orien Patch, Sam Fay, Maynard Patterson, and Ralph Frank.  
Trumpet Solo  
Orien Patch  
Saxophone Quartet  
Gerald Ammerman, Paul Berline, Herbert Snyder, and Eugene Mitten.  
Orchestra  
Band

An admission of ten cents was charged for the program.

"Open Night" is considered a decided success by both teachers and parents.

## PILGRIMS' PARTY IS ARTISTS TREAT

Forefathers Will Be Present at  
Party; Each Girl to  
Bring Guest

A Pilgrims' Party will be given by the Art club instead of the regular meeting Monday, November 23, at 3 o'clock. Each girl is to bring a guest to this party.

The program will consist of a short play, music and several living pictures, all of which are to be carried out in a Pilgrim program.

Those members who come must sign up in Room 61; and, if they bring guests, their names are also to be put on the list. The party will cost ten cents for each person present.

### Both Glee Clubs Sing at Presbyterian Church

The Boys' and Girls' Glee club sang "The Lord's Chord" at the first Presbyterian church Sunday, November 8, at a special program held there.

Mr. Goodspeech, a Greek professor, flashed pictures on the screen, and gave a very interesting talk on the time from which we obtained our Bible.

"The music was enjoyed by the congregation and a cordial invitation was given for them to sing there again," says Mr. Schafer.

The Glee clubs are practicing three other selections to be given November 22.

### Boys' Quartet Practices For Public Appearance

The Boys' Quartet, composed of Virgil Hays, second tenor; Dudley Wass, first tenor; Leslie Emmerson, baritone, and Melvin Richmond, bass, are practicing regular periods and they intend making their first appearance in a short time. Their programs will be composed of classical, comic, and popular songs.

## SOPHOMORE CLASS ELECTS McLUCAS YEAR'S PRESIDENT

Election Is Held November  
13, in Room 86; Mr.  
Harris Presides  
at Meeting

### GIRLS HOLD MOST PLACES

M. Luecke, D. Troendle, P. Toot-  
hill, Billy Basset, Betty Hut-  
chens Given Positions

Don McLucas was elected president of the sophomore class at the meeting held in Room 86 last Friday. Mr. Harris presided at the election and with the aid of various members of the class counted the votes.

Marguerite Luecke was chosen vice-president; Dorothy Troendle, secretary; and Phyllis Tothill, Billy Basset, and Betty Hutchens, the three members of the social council. Four girls were elected.

## PLASKETT CHOSEN TO LEAD SENIORS

Sprunger and Bickel Nominated;  
Social Council to Plan for  
Annual Carnival

Chesterton Plasket was chosen president of the senior class at a special meeting of the seniors held last week.

Other nominations were for Noble Sprunger and Richard Bickel. Before the ballot was taken there was some discussion before the class decided to hold the new election.

Chesterton Plasket, rather than appoint Charles Weirich, vice-president, to lead the class for this year.

The class also decided to stage the annual senior carnival although they would not need the proceeds from it to meet their class expenses. The social council will make plans for this affair, but other members of the class are to offer suggestions.

All February graduates who were at the meeting received senior activity lists to be filled out and returned by tomorrow.

## DEBATE SCHEDULE DECIDED BY COACH

Two Series To Be Held; Pro-  
gram Announced by Mr.  
Makey

Mr. Makey, debate coach, has announced the debate schedule for this year. The negative teams of the first series and the affirmative of the second series will speak at home. The first series will be held December 11, and the second December 18.

**First Series**  
South Side vs. Bluffton (here).  
Bluffton vs. South Side (there).  
Leo vs. Central (Leo).  
Central vs. Leo (Central).

**Second Series**  
Central vs. South Side (Central).  
South Side vs. Leo (here).  
Leo vs. Bluffton (Leo).  
Bluffton vs. Central (Bluffton).

### Algebra Classes Accept Challenge to Compete

Miss Thorne's algebra 1 class has accepted the challenge to compete with Miss Fiedler's algebra 1 class. In previous years Miss Fiedler's classes in algebra 1 or 2 have held contests during the ninth period and, as a result, the regular class work was greatly improved.

The first contest between the two classes will be held as soon as the teams have been definitely chosen.

The improvement in both speed and accuracy has been marked since the contest work began.

### South Side Chorus to Sing at Church

The chorus of South Side will take part in a religious program to be given at the First Presbyterian church next Sunday night, November 22, at 7:30 o'clock.

### South Side Musicians Aid in Entertainment

At a community meeting at the James Smart school, November 19, part of the program was furnished by the South Side orchestra and the Girls' Quartet, who played and sang both popular and classical numbers.

Attend Convention  
Walter Wellman and Fred Wambagans attended the Lutheran convention at Kokomo, Sunday.

## ROBERT BRADLEY LEADS FRESHMEN FOR COMING YEAR

Bert Ewell Chosen as Vice-  
President and Robert  
Adams, Secretary  
of Class

### MR. HARRIS GIVES TALK

Urges Members of Class to Push  
Sale of Season Basketball  
Tickets

Robert Bradley was elected president of the freshman class at the election held last Tuesday. Bert Ewell was elected vice-president, Robert Adams, secretary, and Dalma Anderson, chairman of social council, with Don Hiron and Betty Ward the other members of the committee.

The nominees for president were Robert Bradley, Mildred Burk, William Gouty and Rosanna Haven.

Those nominated for vice-president were Bert Ewell and Evangeline Switzer.

Nominees for secretary were Robert Adams, Donita Jenkins and Betty Ward.

The candidates for social council were Don Hiron, Betty Ward, Harold Hazzard, Betty Walters, Dorothy Oren, and Dalma Anderson.

Mr. Harris and Miss Harvey both spoke briefly to the freshmen. Mr. Harris spoke especially of the basketball season tickets and asked each freshman to push the sale of them as much as possible.

Miss Harvey spoke of the fine spirit displayed by the freshmen in having so many pictures taken. She stated that Saturday is the last day for taking pictures before Christmas.

## GEOGRAPHY PUPILS COMPOSE POSTERS

Placards Show Industrial Devel-  
opment in Different Parts  
of the World

Mr. Huddleston's classes in commercial geography are making posters depicting agricultural scenes in all the countries on the globe. The posters of the Asiatic and African regions are very interesting. The modern methods taking the place of the more primitive methods are shown. The purpose of the posters is to show the development of modern methods in the agrarian industry in the different parts of the world, compared to our own country.

Posters are also made featuring fruits and vegetables with their regions of production and their history. In this way the classes become well acquainted with the different parts of the country, and of the world, and for what these particular regions are best adapted and consequently produce.

All the large manufacturing districts are also represented on posters, with their products, illustrating how some particular city leads in the manufacture of some particular article. These show the students for what the city is noted and from where the different articles are coming.

These posters are printed on cardboard and make an interesting study. Some of these posters may be seen in Room 22 on the bulletin board.

## THE WRANGLERS HAVE INTERESTING PROGRAM

Parliamentary Drill, Recitations, and  
Discussion About Debate Sub-  
jects Take Place

Parliamentary drill, recitations, and a short discussion about the unified air service featured last night's meeting of the Wranglers in Room 86.

The club as a whole took part in the drill with Ruth Eickmeyer, president of the organization, in charge. Betty Hutchens recited and the various members of the debate squad discussed several questions connected with this year's debate subject, which is, "Resolved, That the United States should establish a unified air service under separate control."

Cornelia Bade, as chairman of the committee appointed to think up some plan for raising money, gave several suggestions as to how this could be done.

### Geography Classes to Observe Planets

Jupiter and Venus to Appear  
in Sky Shortly After Sun-  
set.

Mr. Whelan's geography classes have been asked to observe two of our planet neighbors, Venus and Jupiter, which are now very conspicuous in the sky just after sunset.

Jupiter is a bright star with a slightly reddish color. It appears a little west of south. Venus is another star which is brighter and lighter-colored than Jupiter and is to be seen more to the southwest.

In spite of the fact that Jupiter is many times larger than Venus, it is not so bright, due to the fact that it is some five hundred million miles further away.

## Thanksgiving Vacation To Start November 26

Thanksgiving vacation begins on Thursday, November 26, and includes Friday, November 27.

Only one more vacation remains this term, and that is the Christmas vacation, which begins on Thursday, December 24, and continues until the Monday after New Year.

## TWO DAYS REMAIN TO TAKE PICTURES

Individual Pictures for Totem  
Will Be Finished Up Today  
and Tomorrow

### MOUNTING TO START SOON

Students can pay their dollar for Totem pictures at the Jefferson studio all day Saturday. Since Saturday is the last day for the taking of Totem pictures and since it will be impossible for students to give Miss Harvey their dollar then, arrangements have been made that students can bring the money to the Jefferson, where the receipt which is necessary before the picture can be taken will be issued.

This afternoon and all of tomorrow are the last dates for the taking of individual pictures for the Totem before Christmas. Only about five seniors have not yet posed for the photographer, but quite a number of the under-classes have not been "shot."

Picture taking will be resumed after the holidays, but only those pictures which are taken now will appear on the panels in alphabetical order.

Proofs of about three hundred pictures have already been sent out to the annual heads and mounting will be started within the next week.

"Proofs should be returned to the studio within three days after they are finished," says Wynken, Totem chief.

The circulation campaign is progressing gradually. It will be pushed harder after the vacation.

Students can have the same picture which they had in last year's annual in the 1926 Totem if they bring one dollar to Miss Harvey for making a new cut.

## MR. BRAND TO TALK TO MATH-SCIENTISTS

"Gases Used in World War" To  
Feature Talk; Wesley Felme-  
lee on the Program

"Poisonous Gases Used in Attacks During the World War" is to be discussed by Mr. Brand at the Math-Science club today in Room 86. Mr. Brand is very well versed in this subject since he attended scientific gas schools at Camp Taylor, in Kentucky, Camp Sherman in Ohio, and at Orleans, France during the World War.

Wesley Felmelee will talk on "Planimeters." These are instruments used for measuring areas in map making.

Since this meeting promises to be a very interesting one, a large number of students are urged to attend. In the latter part of the evening, games will be played and refreshments served.

## MOST ABSENCES HERE ARE DUE TO SICKNESS

Three Per Cent of Student Body Are  
Usually Out; Miss Chapin Con-  
siders Record Good

"More of the absence is due to sickness than to any other cause," says Miss Chapin. "The average tardiness is not more than eight or ten students a day, but on some days, of course, there are more, especially on rainy days." Otherwise the record is very good.

The average absence is not more than three per cent, and is usually less. Most of it is on Monday mornings, and nearly everybody seems to get sick on Friday afternoon.

Only those who are absent for any other reason except sickness are required to stay the ninth period.

Those who are tardy must stay the ninth period and can never be excused. There are between twenty-five and thirty people who stay every night the ninth period to make up their work.

### Girls of Glee Club to Don "Kid Clothes"

Plans have been made for a "kid" party to be given by the Girls' Glee club next Friday. The party will begin at 3:30 p. m. in Room 38 and every girl attending the party will be dressed as a "kid" in keeping with the name of the party.

The committees appointed for the program are Thelma Burley and Dorothy Niebergall in charge of the eats and Dorothea Kohlmeier, head of the entertainment.

### Decorate Stadium

The decoration of the stadium in blue, green and white for the South Side-Central football game last Saturday was the efforts of Elva Miller, Howard Crise, Dean Metzner, Jack Clayton and Dale Shimer.

### Opera To Be Given

"Robin Hood," an opera, is to be given by the students of the Highland Park (Mich.) high school.

## TIMES AND TOTEM SEND DELEGATIONS TO PRESS MEETING

Eight Publications Represent-  
atives Go to C. I. P. A.  
Convention at Madi-  
son, Wisconsin

### IS SIXTH ANNUAL MEET

1,050 Persons From 21 States  
Estimated to Attend;  
Experts to Talk

Eight South Siders will represent the Times and the Totem at the sixth national convention of the Central Interscholastic Press Association to be held at Madison, Wis., November 26, 27, and 28.

Chester Wynken is the only Totem delegate besides Miss Harvey. Pauline Baumgartner, Ruth Eickmeyer, Edith Kyler, Thelma Burley, Mildred Obenour and Mary Hale are going in the interests of the Times.

### Embark Thanksgiving

The party will leave Fort Wayne Thanksgiving noon and will arrive at Madison Friday morning. By Sunday night they will be at home again.

Miss Harvey has been chosen to speak at a meeting of the advisors of newspapers on "The Handling of the Newspaper Staff."

About 1,050 delegates from twenty-one states are expected this year. At the banquet they will be assigned in sections as to states so that persons from the same states may become acquainted.

The greatest improvement has been made in housing the meetings. Madison high school has been taken over for that purpose and all convocations and round table discussions will be held in the auditorium and the class rooms of that building.

### Specialists to Speak

Forty-five men, experts in engraving, photography, printing, and art work and journalism instructors will speak at the various sessions of the convention. As specialists on school publications problems, they will try to solve the problems of the struggling high school journalists.

Esther Palmer, a 1924 graduate of South Side, has again consented to provide lodging for the girls. She also kept them last year.

Vandieside and a ball are on the program for entertaining the delegates.

Newspaper annual contests will not be held this year before the convention but a great deal of constructive criticism is to feature the 1925 meet.

## "Y" CLUBS HEAR ETHEL MC LANE

Joint Meeting of U. S. A. and  
U. P. D. Clubs Was Held  
Yesterday

Miss Ethel McLane, general secretary of the Family Service Bureau, spoke at the joint meeting of the U. S. A. club of South Side and the U. P. D. club of Central, yesterday at 3:15 at the Y. W. C. A. club rooms.

Miss McLane spoke on the situation of the needy of Fort Wayne and a general discussion on that topic was held. This was the Thanksgiving meeting and Miss McLane emphasized the need of giving to the poor of the city.

The U. P. D. club had charge of the meeting. Refreshments were served after the talk.

The Girl Reserves made \$110 on the Big Four Vodvil which was given Friday, November 6. The money is to be used to pay the last part of the pledge made by the clubs of the city for the roof of the Y. W. C. A. swimming pool.

## Teachers Cite Value of Educational Week

Most Think It Worth While  
But Give Different Reasons  
for This.

"About the most important is the publicity value," said Miss Shulze when interviewed concerning her opinion on the value of Education Week. "The public, especially the parents, find out what the school has been doing the previous days of the year."

Miss Ley said that she thought Education Week was a most important week for the school and public.

"I don't think that so far there has been any particular value in this week," thought Mr. Sealmair. "Every week should be Education Week for the students."

Mr. Makey's opinion was different. He said that it would be fortunate and very valuable if the parents could see a real difference and improvement in their children after finishing school as this is the thing which the teachers want most to be able to do.

Mr. Null believes that we might as well have an Education Week, as Good English, Music or Good Book week, and the many other weeks which are celebrated.

"It is all right to center our thoughts for one week on education in particular," he said, "but it would be better if it were for all forty weeks of school."

CORNELIA BADE, STUDENT COUNSELLOR

ROWENA HARVEY, FACULTY ADVISOR

Let's make every week Education Week.

Thanksgiving Day, as the name signifies, is a day to give thanks.

South Side's debate season has opened, and it will take a lot of air to win a debate on aerodynamics. Good luck, entrants!

"It never rains but what it pours." First warning notices are sent out, then grades, and now only seven days until we get sent out—for vacation.

We must roll up our grades like boys roll up their snow-balls. The grades for the past ten weeks have given us a good start, so now let's "keep this ball rolling."

In regard to this game of "grade rolling," we should remember the flap—er, that is, we mean "modern's" slogan and "roll our own."

We students of South Side high school have many things to be grateful for. Among these we have the high rating of both our Times and our Totem, our splendid teams in football, basketball and debate, our different clubs, and splendid co-operation between the students and the faculty.

And above all things we students ought to be proud and grateful that we are also a unit in making up this school.

## HIGH SCHOOL EDUCATION WORTH \$33,000

The cash value of an education is seldom comprehended by people at a time when this comprehension can be used to the best advantage. Many students, girls as well as boys, have a strong desire to "get a job" when they are around the high school age. They should know just what it means to them in terms of dollars and cents to remain in school.

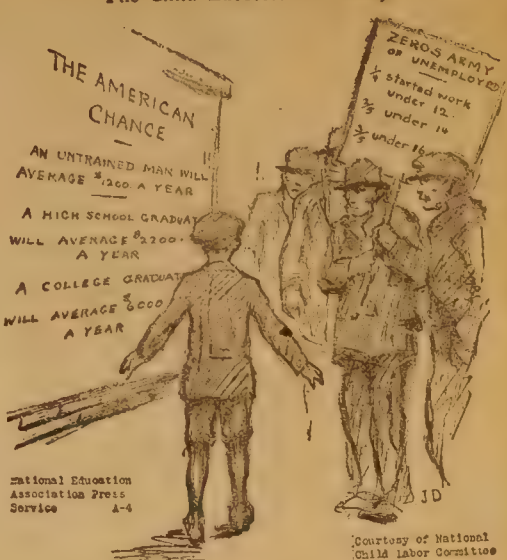

Here it is, according to the statistics compiled by Dean Everett W. Lord of the College of Business Administration of Boston University, after a long study of the earning capacity of high school and college graduates.

Dean Lord places the cash value of a four-year high school education at \$33,000. Between the ages of fourteen and eighteen, the four years which might have been spent in high school, the young man usually earns not more than \$2,000. The total earnings of an untrained man from fourteen to sixty years are about \$45,000.

The average boy who goes through high school starts work at about eighteen. He reaches his maximum income, \$2,211, at the age of forty. By the time he is sixty, he has earned \$78,000, a total of \$33,000 more than the man who left school at fourteen. It is also shown that his wages still increase with a higher education in college.

These figures should do much to further the cause of education among those who demand a material reason for every act in life. And these same figures should be available to every boy of high school age that he might see the real cash value of an education and abandon all ideas of discontinuing school at an early age.

## The Child Laborers Of Today

## Are The Unemployed Of Tomorrow

The labor of children in America is a slowly decreasing evil. It has been shown by statistics that boys and girls who leave school at an early age and go to work are the same people in later years who make up the armies of the unemployed. Although Education Week lasts but seven days, a steady advance in further education should be fostered by the schools throughout the entire year.

## The Dean Says

South Side High School joins heartily in the nation-wide attempt, through Educational Week, to encourage every pupil to appreciate more the privileges of school-days; to foster a spirit of parent-teacher co-operation; and to emphasize the importance of training for citizenship.

## With The Classes

The 10-A cooking class is now serving a series of dinners. They have served breakfasts and luncheons.

The Misses Kline, of Huntington, recently visited the South Side cooking classes.

Teachers from Roanoke visited the Home Economics department last Friday.

Miss Spake and Miss Miller were absent several days recently on account of illness.

Miss Little, domestic science teacher of Churubusco, visited the cooking and sewing classes Tuesday.

The 9-A cooking classes served breakfast last Wednesday, and have been doing special work on serving at home.

Last week Morrell Travis brought a small flute to school. This had been purchased at a public sale for fifty-five cents.

The manual training department hopes to have many of the boys' parents visit the different rooms and see what the boys do, and also ask any questions relating to the work. There are, no doubt, many people in South Side's high school who have never seen this department or know how the work is carried on. They are invited to visit the manual training department at any time and learn what this part of the school is doing.

Mr. Makey's English VIII classes expect to finish Macaulay's essay on "The Life of Johnson," this week.

The chemistry laboratory has been a very popular place for the last week, since the last call for exercises before grade time was issued.

Tennis Mahoney of the first hour physics class is making in his shop at home some special apparatus for the use of the class.

Wesley Felmlee of the seventh hour chemistry class earned a total of 76 credit points in special laboratory work when only 50 were required.

Mr. Rother's Latin I class tried to determine the Latin form for their given names. Some found out that their names came directly from Latin without any change in spelling.

Mr. Rother's German 4 class has finished the reading of "Immensee."

The advanced botany classes have been studying wheat rust this last week. This is the parasitic plant which some years reduces the yield of wheat in the United States by 180,000,000 bushels.

Miss Crowe's U. S. History classes are taking up the study of the Constitution.

Miss Crowe's General History I classes are finishing the history of Rome and for the next few days will have special reports.

The 9A manual training classes have just completed making thirteen frames for the art department. These frames are used in holding the material while the students are painting their designs.

## Calendar

Thursday, November 19—Debate Club at 3:00 p. m. in Room 72.

Hi-Y at 6:00 p. m., at Y. M. C. A.

Friday, November 20—Math-Science, 7:00 p. m., in Room 86.

Glee Club Party, at 3:00 p. m., in Room 38.

Monday, November 23—Art Meeting, at 3:00 p. m., in Room 61.

Tuesday, November 24—So-Si-Y, at 8:00 p. m., in Room 86.

## Week's Anniversaries

November 23, 1804—Franklin Pierce, the fourteenth president of the United States, born.

November 24, 1849—Frances Hodgson Burnett, Anglo-American novelist, born.

November 25, 1837—Andrew Carnegie, American iron-master and philanthropist, born.

November 28—Thanksgiving Day.

November 29, 1799—Louisa May Alcott, American author, born.

## PRETTY DUMB

Mr. Makey: "What if all of the population were as dense, rather as thick, as New York?"

William: "The Tiger river flew outside of Rome."

## How Fortunate!

Miss Crowe, speaking of Cicero: "Toward the end of his life, he died."

Miss Smeltzly: "Dorothy, what did you read in the paper this morning?"  
Dorothy Ball: "The Funnies."

We read in a story book: "She went down the street with a swinging gate" (probably under her arm).

## SASSIETY AS IT'S WROTE

Edwin Aldrich, James Willson and Oren Plough spent the week-end visiting Plough's dairy farm, five miles west of the city. A delightful time was had by all. Bread and milk was served at a late hour.

## SLAMS OF LIFE

Tell me not in mournful numbers

The results of my exam,

For the night before I slumbered,

Golly! What a fool I am.

2 + 2 = 4

Jack: "What has four legs and flies through the air."

John (after thinking a long time): "Geel! I can't think of a single thing that has four legs and flies through the air."

Jack: "Two canary birds."

Miss Crowe: "This assignment is for tomorrow."

Tiny DeHaven (bursting out excitedly): "We don't have class yesterday!"

Louise Platt (seized with a sudden fit of giggles when called to give a report):

Mr. Schmalzried: "Now, Louise, be sensible just once. You would look so unnatural."

Only a few can have their faces on coins. The others are content to get their hands on them.

## SUCH IS FAME

First lady at parade: "Oh! Who are those players in green and white?"

Second lady: "Why, that's Concordia College."

## A FOOTBALL'S REFLECTIONS

So many of the players handle me that I ought to be called a handball.

I think they laced me up too tight in the back.

I'm just like a woman—it takes a good line to stop me.

I sure am a "skin you love to touch."

These fellows on the teams are always kicking about something, and I'm the something that's being kicked about.

I get passed, but as long as I don't pass out, I'm satisfied.

I seem to be the royal bouncer on this field, but the trouble is I never know which way I'm going to bounce.

—Ex.

## Her eyes were red—

Bloody, almost;

But they were bold, fearless.

She had not been weeping.

Her mouth was a pitiful sight—

One time, enticing, pretty;

Now, horribly discolored.

Poor girl! Convulsions as she was,

One could but sympathize.

You see, she was

Just an absent-minded flapper

Who had eye-penciled her mouth

And tip-sticked her eyes.

He: "I scored the winning touchdown, Saturday."

She: "You did! Why I didn't know you played football."

He: "I don't. I run the score board."

## FOOTBALL IN THE LUNCHROOM

End Run—getting to the end of the line.

Hitting the line—battling to get to counter.

Fumble—dropping your change.

Double Pass—from waitress to you to the floor.

Open Field Running—going from lunch room to locker room.

Touchdown—is scored when any one emerges safely from lunchroom with sandwiches, ice cream, and milk intact.

—Ex.

"Well, Coach, how's your football team coming?"

"Like counterfeit money."

"Whaddye mean?"

"The halves are full of lead and the quarters can't pass."

"How many men on a football team, Lloyd?"

"Ten and a quarter, you poor boob!"

## SHE WINS

At the football game last Saturday the ball was in the hands of an opponent and he was running toward his goal.

"Stop that man!" yelled Betty Hutchens, who was very excited.

Just then one of the South Side boys brought the man down.

"It was a good thing I yelled that time," remarked Betty unconsciously.

## ADVICE

"What is the secret of success?"

"Take pains," said the window.

"Push," said the button.

"Always keep cool," said the ice.

"Find a good thing and stick to it," said the glue.

"Be up-to-date," said the calendar.

## THE CANINE CUPID

Ralph W. (elated): "I always kiss the stamps on your letters, because I know that your lips have touched them."

Bertryl: "Oh, dear! and to think that I dampen them on Fido's nose."

"They're off," said the man as he stuck his fingers in a lawn mower.

## THE TEACHER

I pity the teacher.

If the teacher is humorous, she belongs to the stage.

If she is serious, she is dry as dust.

If she is musical, she is too hilarious, or—

If she doesn't play, it's a pity they couldn't have gotten a teacher who had a musical talent.

If she is home a great deal, she does not mingle with the parents whom she should know.

If she is out calling, she is a gad-about.

If she visits the parents of the school, she is a sponger.

If she doesn't, she is too aristocratic.

If she tries to increase her meager salary, she should leave the teaching profession and enter the business world, or be satisfied and glad she is getting half as much as the truck driver, because she is not fitted for anything but the teaching profession.

If her lesson assignments are short, she is not playing square with her pupils.

If her assignments are long, she is breaking down little Jimmy's health by making him study too much.

If her classes are well behaved, she is too strict with them.

If they are allowed any freedom she cannot discipline them.

If she saves money, she is stingy.

If not, she is a spendthrift.

## SPELLING MATCH HELD YESTERDAY

Miss Esarey's Second and  
Fourth Period Classes Line  
Up Against Each Other

## LOSERS TO GIVE PARTY

Miss Esarey's second and fourth period classes held a spelling match yesterday in Room 86. All pupils in both classes stood up until they misspelled a word. The losing side will give a party for the winner today at 3 o'clock. The room is to be decorated in the colors of the winning team. Games are to be played and prizes given to the winners.

Miss Demaree was the judge and pronounced the words. A prize was given to the winner by Miss Esarey.

The following rules were laid down by the committee:

1. No whispering in line.
2. After a word is finished the spelling cannot be changed.
3. Capital letters, hyphens and apostrophes must be included in spelling the word.
4. No word shall be given to two people.
5. The word shall be pronounced by the teacher and a definition or explanation of the word given if asked.
6. There shall be no writing.
7. A pupil may have as long a time to think before and during the spelling of a word as he shall deem necessary.
8. The teacher may ask for the word to be spelled again if she did not understand every letter.
10. If a pupil is not listening when his word is pronounced it shall be counted as a misspelled word.
11. The losing side shall give the winner a party.

## TEACHERS URGED TO GUARD HEATING

Thermostats Being Tampered  
With by Pupils, Says  
Mr. Clark

Mr. Clark, the engineer, asks that the teachers please see that the thermostats in their respective rooms are not tampered with. He has had several complaints about the rooms being cold and in many instances found that the thermostats had been moved.

Mr. Clark says that it is not his fault in that event that the room is too cold, but the fault of the person who tampers with the thermostats. He found in some cases that hairpins and the like had been put into them.

If the rooms get too hot or cold, teachers are to call the engineer, who will make the necessary adjustments.

## \$110 PROFIT SECURED ON BIG FOUR VODVIL

So-Si-Y Conducts Candy Sale at the  
Evening Performance, Under the  
Direction of Cornelia Bade

"The profit made on the Big Four Vodvil, given by the Central and South Side Girl Reserve clubs, totalled \$110," says Miss Esther Symons, Girl Reserve secretary of the Y. W. C. A. So-Si-Y turned in more money from tickets than the U. S. A. girls, Miss Symons says.

So Si Y sold candy at the evening performance, which was given in the Harrison Hill school auditorium. Cornelia Bade had charge of the booth. The proceeds from this sale were an added to So-Si-Y club's treasury.

Central girls conducted a candy sale at the afternoon performance in the Central auditorium.

## SIXTY FATHERS, SONS ATTEND HI-Y BANQUET

Noble Sprunger Is Toastmaster; Robert  
Bradtmiller and Judge  
Ballou Speak

Sixty fathers and sons attended the seventh annual Hi-Y Father-Son banquet held at the Y. M. C. A. last Thursday. Noble Sprunger acted as toastmaster. Readings were given by Francis Long and Phyllis Goeriz.

Mr. Schmalzried led the devotional exercises. Rev. Richardson gave an interesting address on "The Sharing of Life." The toast to fathers was given by Robert Bradtmiller and was answered by the toast to Sons by Judge Ballou.

Last night the subject for discussion was "Bad Habits and Their Effects."

## German Classes Hold Vocabulary Matches

Miss Schmidt's beginning German classes have vocabulary matches for about fifteen minutes every Friday. They are conducted much like the old-fashioned spelling matches. The pupils are required to know not only the German equivalent for the given word and the correct article for every noun, but they must also pronounce it perfectly if they wish to retain their position in line.

So far they have learned 210 German words. Sometimes a regular spelling match is given. By this method the student's interest in acquiring a good vocabulary is greatly stimulated.

## Cymbals Given to Band by Father of S. S. Boy

C. Hiron, the father of Donald Hiron, has presented South Side with cymbals for the band. These were presented last week Thursday so they could be used at the Central game. Donald is a member of the band.

## The Trick Pass By Noble Sprunger

From the concrete-wall-enclosed stadium arose the sharp staccato voices of the three quarter-backs of the Bailey high school football squad. Signal practice was being held.

In the first squad one's attention was irresistibly drawn to the two half-backs. Never were two boys built more the same way than these two. They were equal in speed, stamina, and drive. In their personal characteristics lay the difference. Fred Barnes, the left half-back, was a persistent worker—honest, open-minded, and without a jealous fiber in his whole body. Having been reared in a plain home with a number of younger brothers and sisters, Fred had learned that it is better to give than to receive. Hank Potts, the right half-back, was selfish, and he had an unquenchable thirst for glory and praise. His name was really Henry Theodore Potts, but he was dubbed "Hank" because of his desire to be known by his full name.

He wanted to star over the rest of the team. This was a selfish motive, possibly induced by a life of ease and comfort under a doting mother and a fond father who would give him anything their only son desired. Fred had no aspirations for glory and praise. He desired only to do his best that the team might win for the school.

Coach O'Leary had given his quarter-backs explicit instructions to drive the teams as hard as possible this night, for it was only two days before a hard contest with Kingston. Play after play was called, until a semi-darkness had settled over the field. From the right half position a steady growling was heard after every play. From the left half nothing was heard except the labored breathing of a hard worker.

In the game on Saturday both the half-backs starred, both making spectacular runs for touchdowns. As was usual after a game, the praise and the glory was equally divided. Hank, who could not see why Fred should receive the same amount of praise, because he positively thought of himself as the best half-back in the state. Jealousy overcame Hank, and he vowed privately to cause Fred to appear in a bad light in the eyes of the coach and the crowd.

In the early part of the season the coach gave the team a great scoring pass. The pass was to be from Hank to Fred. The team worked on this pass part of each week, perfecting it to the minutest detail. Hank had an overcoming desire to be the receiver of the pass and thus be the star on the team. Fred, however, having been the logical man on account of the position he played, was, of course, chosen. Hank fell upon the plan to throw the pass just out of Fred's reach and, by great cleverness in passing, in which art Hank really had great ability, make it appear as if he had failed to catch it. Thus, at every practice session, Fred was compelled to make super-human attempts to catch the ball. He faithfully worked at it, however, until he possessed an uncanny ability to catch passes which seemed hopeless.

In the games that followed, Hank was always trying to star over his teammates; while Fred kept doing his level best that he might do his share for the honor of the school. The honors were still very evenly divided, a fact which made Hank more and more furious. He kept throwing bad passes in practice to Fred, and Fred kept getting better and better at receiving wild throws.

The practice sessions and games passed by, one by one. All the games had been won thus far, except one, which had been lost, indirectly, because of a misplay by Hank, who had been devising methods and working on them in practice by which he could put Fred in an unfavorable light. In this way he had not been learning the plays as well as he might have and the bad play that lost the game was the result.

Hank had in mind a paragraph in the paper that should in the future run like this: "The game was closely played throughout, and the score was 7 to 7 at the end of the third quarter. In the fourth quarter Bailey attempted a trick play in a forward pass that would have netted a touchdown and the game, if Barnes had made the catch, which was well thrown by Potts, who had played a wonderful game and who is the undisputed star of the team. Barnes after playing slovenly for three quarters, deliberately threw away the chances of his team by muffing the ball."

Such an article in the paper Hank would have been delighted to see.

In the game preceding the struggle with Cleary High of Tuxton, which was the big game of the season, Fred played a stellar game. It was a close battle; but Fred, by his attitude and by the spirit with which he played, instilled a "do or die" spirit into the team.

The game was won, and everyone in the state had the name of the left half-back of Bailey on their lips. The close followers of football predicted that he would make the all-state team.

These things enraged Hank all the more, and he was doubly sure to commit now the traitorous act which he had planned. That he was as disloyal as he could possibly be to the interest of the school never entered Hank's thoughts.

During the week Hank thought of another idea.

Meeting O'Leary, he said, "Coach, I haven't any confidence in Fred. All season he's been missing the passes I throw to him. We will probably have to use the pass in the coming game, and failure to make the catch might

lose the game. Could I not trade places with Fred on that play?"

"I have thought of that," replied the coach, "but I believe it is too late to change now. The combination I have now works perfectly on all the other plays, and there is no reason why it should fail on this play. If you throw the pass right, I have enough confidence in Fred to believe that he will make the catch." Dismissing Hank, the coach left him.

Hank was more disgruntled than ever to find that the coach had so much confidence in Fred and had given such little heed to his own suggestion.

"I'll sure make that boy Fred sorry he ever tried to hog the works," Hank said to himself.

Seeking to find his judgment vindicated, he approached Red Phillips, the quarter-back.

"Red, don't you think someone else ought to receive that trick pass. Fred doesn't catch them worth a cent."

"No, I don't," said Red, "Fred is really a wonderful receiver, and he has made some marvelous catches out of some bad passes you've thrown."

With this comment Red turned on his heel, and left the raging Hank.

It was the day before the game. In the practice Hank threw all the passes as well as he could, mainly for the purpose of throwing Red Phillips off the track; for he was sure that Red had some suspicions which would be very unfavorable for Hank if they should happen to be revealed.

As soon as the practice was over, Hank hurried eagerly home to see what the sport page had to say about the morrow's game. It tickled his vanity to find a few favorable comments about himself but cast gloom on his features to discover that there was more said about Fred.

Fred had hurried home, too, but not for the purpose of looking in the paper for his name. He hurried home, however, to finish his work early, that he might go to bed early, and in that way be in good condition for the next day's game. Fred did look at the paper, which was what any natural red-blooded boy would do. However, it was not to satisfy his vanity.

The big day had at last arrived. All forenoon Fred had spent his morning resting and in helping his mother with the little things to be done around the house. Hank had spent his morning lying in bed, trying to make up for past neglected sleep.

At last the game was on. From the time of the first whistle to the end of the game, the contest was bitterly fought. In the first quarter both teams punted frequently. Neither team was able to gain consistently by running the ends or bucking, although Fred did get off with one very good run.

In the second quarter Cleary started a drive down the field, only to be stopped when a Bailey lineman recovered the ball on a fumble. Bailey punted out of danger. Cleary again drove down the field, to be stopped at last, only after they had reached the twenty-yard line. Cleary was held for three downs, and on the fourth down, Cleary's scrappy quarter-back booted the ball over the goal for a placement. The score was now 3 to 0 in favor of Cleary.

Between halves O'Leary pointed out the mistakes made and exhorted the team to go back and make a better fight for Bailey high. The team trotted out to the field with determination, and during the third quarter worked the ball up to the ten-yard line, only to lose it on downs. Cleary punted out of danger, and the quarter was over.

In the fourth quarter the teams battled evenly around the center of the field. With five minutes to go, Red Phillips saw that the time had come to use the trick forward pass. Hank heard the signal with greedy malice, thinking only of the way he would be revenged upon Fred. Now was the time to cleverly conceal how bad the pass was to make Fred look at fault, Fred, by hard practice, now could catch anything he could touch, because all season he had been working hard to catch the cleverly hidden bad passes thrown by Hank.

The pass was thrown so that everyone thought Fred could not possibly get it; but Fred, after a hard run, made a spectacular leap and made a circus catch, racing for a touchdown.

Fred made the all-state team that year at half-back; Hank did not but was criticised for throwing such a bad pass, for his cleverly hidden bad pass had not worked.

## MR. HULL IS EAGER TO GET NEW PUPILS

Radio Extension Students Again To  
Be Instructed by South Side's  
Physics Teacher

Mr. Hull, for the second time, will have charge of the Radio Extension course sponsored by Purdue University. Last year Mr. Hull instructed the twenty-one members of the class in the South Side laboratory. The class commenced November 3 and will be held every Tuesday at 7:30 p. m.

"I am anxious to have a large class this term. All those who are interested in radio and who want to learn more about it are welcome to join," says Mr. Hull.

The course consists of ten lessons covering a period of ten weeks. The first lesson or two will be based entirely upon the more important fundamentals of radio. Those following will be the study and construction of the many types of receiving sets now in use.

Mr. Hull has on hand apparatus with which he can give very interesting demonstrations of the subjects in the course.

As an example of the benefit of the course, several members of last year's class who knew nothing of radio at the beginning of the course were capable of constructing simple home-made sets at the close of the last lesson.

## BOOK REVIEW GIVEN BY ELEANOR COLSON

Elvah Miller and Betty Hutchens Fur-  
nish Readings at Last Philo  
Meeting

"The Haunted Bookshop," a modern novel, was reviewed by Eleanor Colson at the Philaethian meeting Monday afternoon. This book proves to be an interesting novel for all high school students to read.

Before the book review, Elvah Miller gave two very humorous readings. They were "The Wedding" and "Nathan's Flat." Betty Hutchens also gave two very good recitations. One of these was "On the Street Car" and the other was in negro dialect.

Novelty programs for the rest of the term were given to all the members of the club. The programs were in the form of a daffodil, which is the chosen flower of the society.

## Forum Plans Begun States Miss Symons

Miss Symons, the girls' director of the Y. W. C. A., and Mr. Hamilton, boys' director of the Y. M. C. A., have as yet made no definite plans for the Forums, but Miss Symons says: "We intend to conduct a series of six or eight meetings, several of these before Christmas, and several afterwards. The meetings are going to be arranged in such a way that they will be of great interest to freshmen as well as to seniors."

The Forums are held on Sunday afternoons at 4 o'clock. Miss Symons urges everyone to attend them, as they will be not only entertaining but also exceedingly instructive.

Mr. Heine's room is adorned with insects of various kinds which are mounted on pasteboard; while others are preserved in jars.

A cabinet near Mr. Heine's desk holds many interesting specimens of insects and small animals; such as, spiders, worms and small snakes, that are preserved.

One rare specimen is a mastodon's tooth which has been contributed to the school.

Mr. Heine says that the pupils are showing a great interest in the gathering of insects.

## Club Room Windows to be Decorated First

"The windows of Room 86 are to be decorated first. The rest of the room will be furnished so as to harmonize with the windows," stated Mrs. Fred Lange, who is chairman of the decorating committee.

Miss Mott's sewing classes are to make the curtains and Miss Ley's art classes are to make the designs for the curtains and help plan the color scheme for the club room.

## Complaints on Size of Servings Unjust

The complaint made by some pupils in regard to the reduced size of the servings of potatoes is unjustified Mrs. Hoham says. The price of potatoes has risen to \$2.70 a bushel.

Mrs. Hoham states that pupils receive the same amount for five or ten cents that they would get in a restaurant.

## EDUCATION AND NATIONAL WEALTH

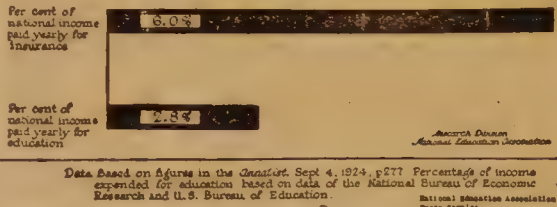

A comprehensive and painstaking study of the expense of running the American public schools, just completed by the Research Division of the National Education Association, fails to give any support to the contention that school costs are more than society can bear. Every phase of the question of school costs as they affect the taxpayer, directly or indirectly, was studied in connection with the economic power of the United States and its ability to meet the ever increasing obligations of public education.

Summarizing the results of its exhaustive investigation, the Research Division says: "To contend that it is impossible for the Nation to provide for school support on the present basis, or on a more generous basis if it seems wise, is to disregard the facts and to base one's conclusions on the imaginings of small-visioned pessimists."

The Research Division has found that people of the United States enjoy far greater quantities of the material comforts of life than those of any other nation;

dollars for schools, the nation would soon be bankrupt. Again, if a nation's income were ten billions, its school costs five billions, and eight more billions were required for other basic needs, the nation would soon be bankrupt.

### TWO KINDS OF INSURANCE PREMIUMS

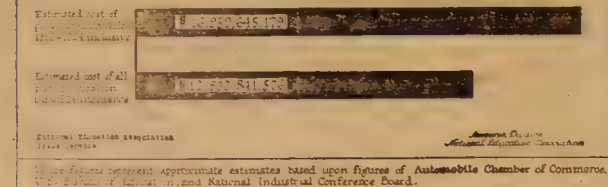

It would be consuming more than it could produce or pay for. In such a case, it might fairly be asserted that school costs were leading to national bankruptcy."

The report asks: "Do either of these situations exist in the United States?" "Do school costs require more than our total supply of economic energy, or such a large part of it that there is insufficient left to provide for other basic needs?"

Facts and figures are then presented to show that the accumulated wealth of the United States in 1922 was \$320,803,862,000, while the cost of public elementary and secondary schools in the same year was \$1,580,671,296. To this, however, must be added the cost of higher education and other forms of education not included in this figure. When this is done, the total cost of public education—that is, tax supported education in 1922—is estimated to have been \$1,799,383,894.

It is clear from these figures, the report points out, that the support of education requires but a small tax on our wealth. A levy of fifty-six hundredths of one per

cent of their ability to enjoy these comforts is steadily increasing, and that enormous sums are regularly available for increasing the Nation's capital and wealth.

The amount of the Nation's savings each year is more than five times the sum expended for all public education," said the Division's report. "Industry finds it possible to set aside billions for business expansion after it has met all other obligations. Millions are readily available for the development of new commercial enterprises. A rapidly growing percentage of our citizens is finding it possible to establish and maintain substantial savings accounts. The total amount in the savings account of 39,000,000 people in 1924 was more than ten times the total cost of public education. The people of the United States protect their future each year by paying insurance premiums to an amount that is double the total cost of public education. After these essential needs have been provided for, billions still remain for non-essentials."

According to the report some have said that the schools are costing too much, contending that the economic strength of the Nation is not sufficient to bear the current school costs. "Education," they cry, "must reckon

### PER CENT OF NATION'S INCOME SAVED AND PER CENT EXPENDED FOR EDUCATION

cent on the Nation's total wealth would cover the cost of education.

The Research Division's statement that the people of far greater quantities of the material comforts of life than those of any other nation is based on the fact that the increasing school costs have not interfered with a substantial growth in the Nation's ability to produce the basic material needs of life. The cost of building construction in the United States in 1924 alone was \$6,012,000,000, just three times the cost of all public education.

"Our yearly expenditures for all public education," the report declared, "constitute but 2.33 per cent of the value of agricultural and manufactured products. School costs each year are less than one-third the amount expended in building construction. If all of the support going to the schools were diverted in the production of agricultural and manufactured products, the amount produced would be increased by 2.33 per cent. Any fear, therefore, that increasing school costs threaten the American standard of life—that is, the ability to enjoy a full measure of creature comforts—is groundless."

The study also presents figures which answer clearly other arguments of those opposed to larger appropriations for public schools. "School costs are so great that the Nation is unable to increase its capital," is one. "School costs prevent business expansion," is another, and a third, "School costs are making it difficult for the individual citizen to save money."

In the first case, the report uses the Federal census figures to show that the wealth of the United States jumped from \$186,299,644,000 in 1912 to \$320,803,862,000 in 1922. Part of this increase is fictitious, since it is measured in terms of a depreciating dollar. When this factor is eliminated, however, there is evidence of a substantial increase in the real wealth of the Nation.

Figures of the Department of Commerce showing an increase of 11 per cent in the growth of the physical wealth of the country between 1912 and 1922 are used in the report along with the following quotation: "This increase, whereas not so large as in the preceding decade, is probably more significant, however, when one considers that between 1912 and 1922 the United States was one of the participants in the World War which destroyed million of dollars' worth of wealth. When we consider that during two of these ten years a large part of the productive activities of the Nation was devoted to the production of materials destroyed in

war, we need not consider an increase of even eleven per cent at all discreditable."

The United States during the decade 1909 to 1918, the report also points out, was able to save a substantial part of its income each year except in 1917-1918 when we were engaged in the war. It is estimated that during these years the Nation saved an average of 15.6 per cent of its income. The report then contends that over five times as much money goes into increasing the Nation's power to produce as is expended for public education. "If all school costs were obliterated and the economic energy thereby released used in an effort to increase the Nation's net savings," it declares, "the increase would be but eighteen per cent."

"It is evident," the report added, "that school costs are not preventing the Nation from increasing its capital—that is, its ability to produce. Not only is this true, but present educational costs constitute a relatively insignificant sum when compared with the sum which the Nation each year finds it possible to add to its capital."

"Are school costs preventing business expansion?" The report shows that the surplus set aside by the corporations of the United States for the years following 1910 ranged from \$500,000,000 to \$3,900,000,000. Commenting on this fact, the report said:

"Evidently the payment of taxes, which, of course, included school costs, has not prevented the Nation's corporation from saving a substantial proportion of their net income. In the light of these facts, it cannot be contended that industry is finding it difficult to increase its capital and thereby to provide for substantial business growth. This is clear when one realizes that a sum equal to four per cent of our National income is set aside each year for business expansion by the industries of the United States organized as corporations." While increasing school costs are not making it difficult for the corporations to save, neither are they making it difficult for the individual citizen to save. In 1924, the report shows that the people of the United States had savings deposits of \$20,873,562,000. By savings deposits is meant the money in savings accounts of the type that the depositor may be required to give 30 days' notice of intended withdrawal.

"At the present time," the report states, "there are approximately 25,000,000 families in the United States as compared with 39,000,000 individual savings accounts. During the decade 1914 to 1924 deposits in savings accounts per capita increased 109 per cent, or from \$89 to \$186. If this last amount is reduced to \$115, sufficient to allow for the loss in value of the dollar between 1914 and 1924, savings accounts per capita made a real increase of 29 per cent."

"These figures clearly indicate that the typical American citizen is able to save. There is no evidence here to support the fear that school costs are greater than society can bear."

Reference is made in the report to the great expansion in the automobile

industry. Twice as much is expended yearly for passenger automobiles as for all forms of public education. A total of 2,893,563 people was directly employed in this industry in 1924, or three times as many as required to conduct the Nation's public schools.

Aside from the vast sums expended for motor vehicles, the Research Division has found that the American people turn into the electric light industry \$5,000,000,000 a year, and spend \$500,000,000 annually to attend moving picture theaters.

Adding to these figures the report cites the amazing figure of \$10,000,000,000 expended for pure luxuries by the American people in 1924. Of this amount \$689,000,000 went for candy; \$1,847,000,000 for tobacco; \$820,000,000 for soft drinks; \$261,000,000 for perfumery and cosmetics; \$934,000,000 for admissions to theaters, dues, etc., and chewing gum, \$87,000,000.

"It is probably safe to say that we spend at least \$15,000,000,000 each year for luxuries and non-essentials," comments the report. "We cannot all agree as to which of the expenditures for the various items that make up our national luxury bill could be best reduced. It is unnecessary to make this decision here."

"The fact exists that we are not only able to make generous provisions for things essential to our economic stability but in addition are able to find billions for the non-essentials of life."

"The cost of education is but a minor fraction of the expenditures regularly made for luxuries. The present cost of education could be doubled without encroaching upon any of the Nation's economic needs. Such an increase could be made by reducing our luxury expenditures but twenty per cent. In the light of such facts, how can it be maintained that school costs are more than society can bear?"—J. C.

The sports departments of the Times and Spotlight, after a careful study of all resources, have finally chosen an all-city team. There has been some dispute as to the players on this mythical eleven and as there is such a vast store of material, it has been a hard task but Harry Wedler, South Side's sports editor, says: "We have endeavored to pick this eleven without any partiality whatever to any team."

Central and South Side claim most all of the positions with the exception of two right guards, and center. South Side has five positions and Central has four. It was very hard to decide to choose between the first and second elevens and there is very little choice between them except that the second team is handicapped somewhat by lack of good punters.

In choosing the ends, there is no doubt that Welsh and Hockemeyer are first choice. There have been quite a few good ends but these two stand out as being the best. Hockemeyer in playing against an all-state tackle at Elkhart, rushed him off his feet and in all contests previous to this he showed marked ability. He probably came to the peak of his game against South Side when he played an exceptional defensive game. Time and again he was down on punts to nail the runner in his tracks. Hockemeyer is undoubtedly the best end in the city.

Pairing with Hockemeyer is Welch. Since playing at this position consistently against such teams as Tech and Muncie, he has by steady playing earned a place on the first eleven. He played his best game against Muncie and Wabash. In these two games he ran down punts well, not letting Ross of Wabash, or George of Muncie get away for any long runs. Up to this season Welsh has played almost every position on the team but he finally found himself at end.

**Change Made**

Because of a shortage of good tackles this year in deciding upon them it was necessary to shift Jasper from end to tackle. This change might draw some criticism but it must be remembered that Jasper played tackle up to this year. He is better suited for this position than for end and has always shifted with Casey to tackle on defensive play. Jasper is probably a trifle slow for end and although he has starred at that position on snaggng passes, he is really better suited at tackle. Schopf is the other selection for tackle. Being an aggressive and fast linesman, Schopf has had his best season in his three years as tackle. He has been bothered somewhat with a bad knee but has always been the star of the South Side line.

**Choice of Guards**

An alteration also had to be made in choosing the guards. Ramsey was changed from tackle to guard for, although he is not a spectacular player, he has been steady throughout the season. Kennerk is the other choice for guard because of his defensive game. He has been the best player on Central's line.

Good and Fitzgerald, of Central Catholic, has drawn this position. He is noted for his accuracy in shooting the ball back and has been the best player on the Irish line next to Kennerk.

**Nulf as Quarterback**

The backfield was by far the most difficult to pick as there was a wealth of material to choose from. For the quarterback position Nulf was chosen. He is one of the best quarterbacks in the state and is an excellent triple-threat man as he can pass, punt and run with equal ability. As an open field runner he has few equals in this section and in almost every game has got away for long runs. He also did most of the punting for South Side and most of the half-back positions. These two men have played an excellent consistent game and it would be difficult to leave them off the first eleven. Baker is a triple-threat man also and can hit the line as hard as the best of them. He is a good defensive player and he played his best game in this respect against South Side. Sprunger, who has been playing full-back most of the season, was charged to the other half because it is very much evident that he deserves to be placed on the first team. He rivals Richendollar in line-plunging

and can run interference with the best of them. He showed up the best in the Central game.

**Richendollar at Full**

Richendollar draws the fullback berth. Rich has been one of the stars of the season because of his line plunging. He is also a good secondary defensive player and has proved to be very speedy in getting through and breaking up the play. Against Wabash he would go through the hole made for the Wabash back, and then would nail him for a loss. It was hard to decide whether Sprunger or Richendollar should play fullback but Rich finally drew that position.

**Second Team**

On the second team the ends are Kingsley and Shea of Central Catholic. Both have been hard fighters but lacked the experience for the first eleven. Casey of Central and DeHaven of South Side, at tackles have not quite come up to par with Schopf and Jasper on defensive play. The guards are Weirich, South Side, and Weimer of Central. This duo of guards are of first string calibre but since Ramsey and Kennerk were the best players in their respective teams' lines, he was forced back to the second string. Lombard has been chosen center and the only reason he is off the first string is because Fitzgerald was all-city last year.

On the selection for quarterback the Times and Spotlight scribes differed. The Times' editor placed Steigler at quarterback on the second and the Blue and White put him at quarter on the first. Rahe and Billingsley, the halves, and well deserve the position. Rahe has played at quarterback almost the entire season but is placed at halfback because of his line plunging. Billingsley is a fine runner with lots of speed. Pequignot was the choice for fullback. He is a good defensive player but is not as consistent a ground gainer as Richendollar.

All the players mentioned in honorable mention are about equal and might be judged by some to be equal to those on the all-city eleven.

## THE LINE

The line played its usual style of football throughout the first half. Central did not carry the ball past even the 50-yard line during the entire first period of the game.

The ends got down under punts consistently to down the receiver in his tracks.

The line opened up holes which enabled the backs to gain several yards on nearly every play.

Kingsley was tackling with a mighty force. He stopped Baker from gaining several times by managng to make good tackles.

Weirich and Barbier held down the guard positions with very good judgment.

Schopf and DeHaven at their respective tackle positions had plenty to do to stop Central's off-tackle plays.

Lombard managed to pass the pigskin with accuracy during the entire game.

Although the line played a very good game we must say that it was not the best game of the season.

Since the last football game has been played for South Side, it also means that this is the last appearance of the Line for this season.

## GREEN AND WHITE DOWNED BY BLUE IN HECTIC BATTLE

South Side Holds Own Until Final Moments, When the Tigers Manage to Push Over Touchdown

## BILLINGSLEY SAVES GAME

Captain Rahe Scores the Only Marker Early in Second Quarter for Fightin' Green

Last Saturday was probably the saddest and gloomiest day in the history of the Green and White, because—South Side, 6; Central, 7—was the final score of the football game.

In a never-to-be-forgotten battle, the Central Tigers spurred in the last few minutes of play and scored a touchdown which, combined with a drop-kick for point, won their first public high school football title in the history of the Green and White by one giant step.

The Tigers' touchdown came in the last five minutes of play after a determined drive by the Blue from their own 20-yard line.

The Battlin' Green scored in the second quarter when Captain Phil Rahe took the ball over the goal from the three-yard line. Time after time South Side had the ball within scoring distance, but always the Central line tightened and the Kelly Klads were unable to score.

**Wins at Crucial Time**

Central's winning touchdown came after she was held by South Side for three downs and on the fourth down with six yards to go and on South Side's ten-yard line, Baker crossed up the Green's defense and shot a pass to Casey, who was tackled three yards from the goal. Lange tied the score on the second try and Billingsley won the game for Central with a drop-kick that just skimmed the cross-bar.

Until the last few minutes of play, South Side seemed to have the game well in hand and after scoring the touchdown early in the second quarter, played defensive football for the rest of the game.

**Nulf and Sprunger Shine**

For South Side the outstanding players were Nulf and Sprunger. These two carried the brunt of the Green's offensive. Nulf got some good gains around the ends, twisting and squirming his way around the Central wingmen time and again. Sprunger, playing his last football game for South Side, battered and smashed his way through the line for five and six yards at a time until the ball was taken within scoring distance. This was by far his best game of the year.

Throughout the entire game Central lost ground on punts with McCormick kicking the pigskin for forty and fifty yards, consistently outpunting Baker by ten or fifteen yards. His judgment of direction was also good, the ball going out of bounds after it had soared its maximum distance.

Captain Rahe handled the team well from quarterback and scored South Side's only marker.

**Stadium Filled**

With the stadium almost completely filled for the first time this year, DeHaven kicked off to Central's 20-yard line. The Blue tried to gain through the line but could not. They lost the ball in midfield. South Side tried the same thing with the same success. Baker then got away a short punt and McCormick returned.

They exchanged punts again and South Side kept on gaining ground in this manner. McCormick then tore around left end for ten yards and Nulf did the same thing for ten more. Rahe snagged a pass good for eight yards, but South Side lost the ball on downs after Nulf had been tackled behind the line. Billingsley failed to

In the final game of the Wabash Conference, Wabash high school defeated Peru, Saturday, 6 to 0, on a field that was flooded with water.

Neither team could gain much headway and straight football was used throughout the game. In the second quarter, Austin, the big Wabash full-back, ripped his way to Peru's five-yard line, where Ross, their tricky half-back, took the ball over on an off-tackle smash.

The try for point was blocked by the charging Peru line.

Peru gave Wabash a hard run for her money and the two teams were battling evenly throughout the game.

By virtue of this victory, Wabash is tied with Kokomo for second place. Each team has won three games and lost one in the conference race. Logansport and Huntington are tied for third place while Peru is in the cellar position with four straight losses.

punt over thirty yards and it was South Side's ball on Central's 40-yard line. Sprunger then started to run wild and on five plays the ball was about three yards from the goal. Sprunger hit the line again and then Captain Rahe hit the line for South Side's touchdown. Nulf dropped back to drop-kick for point but the ball was wet and as slippery as an eel and it skidded off his foot to the left of the goal posts. The remainder of the half was played even, with neither team having the advantage. Score at the half was: South Side, 6; Central, 0.

**Third Quarter**

In the third quarter the Green and White started a march for the goal again when Sprunger made twenty yards around the left end and hit the one yard line. A pass from Nulf to Welsh netted a 20-yard gain. Nulf then reeled off twenty more yards around the left flank and the ball was on Central's 10-yard line. The Central line held for three downs and South Side could not gain through the forward wall.

On the fourth down Nulf shot a pass to Welsh, who was behind the goal posts, but the ball was a little wide and Welsh barely touched it with his finger tips. The ball was brought out to Central's 20-yard line and on a trick pass formation Hockemeyer snagged the ball for twenty yards. The Tigers tried it again but Nulf was looking for it and literally took the ball out of Jasper's arms for a beautiful intercepted pass and it was South Side's ball again.

**Rich Put In**

Richendollar entered the game at this point and hit the line for a long gain but the Green and White were again penalized and South Side was unable to score. During the rest of the game the ball was saved back and forth until the last few minutes, when the Tigers tore their way through for their first football win over the Green. Billingsley started the fine work by going around left end for fifteen yards, finally being downed from the rear by Lombard. Then Lange and Baker hit the line and ran the ends to the Battlin' Green's 15-yardline.

With both crowds frantic the Kelly Klads held the Tigers at bay for three bitter downs but on the fourth down Casey, who had changed from tackle to end with Jasper, hauled in a pass for first down and soon after Lange made the touchdown. Billingsley then proceeded to kick goal for the winning point. The ball was shot back from Cook to Billingsley, who had a hard time getting it, but the line held and he won the game when the ball sailed between the bars. On the kick-off the Green and White lost their chance to score when they fumbled and it was Central's ball in midfield at the gun.

## Goal Dust

Lest we forget—we lost by one point.

It was a Battle of the Marne from start to finish.

"Halfpint" Nulf stalked the Tigers when he stole a pass literally out of Jasper's hands which would have gone for a touchdown as Jasper didn't have a man in front of him.

The fellow in the airplane dropped South Side's horseshoe outside the stadium. No wonder we lost!

Central pulled the unexpected when they shot a rocket into the air which burst into a Blue and White pennant bearing the words "Central."

Not to be outsmarted the Green had a plane drop a horseshoe, but the pilot's arm was a trifle off.

If "Hooch" Welsh would only have caught that pass behind the goal line,—yes—IF!

Noble Sprunger played the best game in his sparkling career, tramping off many long gains for South Side.

It was the last time that Capt. Rahe, "Hooch" Welsh, Sprunger, Weiner, Weirich, Lombard, and Richendollar will ever play under the Green and White of South Side. Each and every one played his best and the whole school wishes them the best of luck on other gridirons.

Now with football over with, Wardo has issued the first call for basketball and it won't be long before you will be able to hear the ol' spheroid swishing through the ring.

So start saving your ducats for a season ticket 'cause its better to pay \$1.00 (20 jitneys or 8 bits) for six games than 35 cents for one game.

Sport Shorts surely would like to see more support for the basketball team than was shown the early part of the football season as that surely was bad attendance.

No one will have an excuse on account of bad weather at the winter's games.

The team needs supporters!

When we say supporters we mean SUPPORTERS, not Supporters, (laugh that off!)

Our first opponent in basketball is Auburn on December 5. Keep this date open for a "date."

Annihilate Auburn!!!

## 1925 Totem Production Cost Per Page Is Low Compared With Cost of Others

Financial Standing Revealed In State-wide Questionnaire; Totem and Caldron Figure Nearly Alike.

That the Totem money was spent wisely last year is revealed in the results of a survey made by E. G. Rupp, assistant principal of Hammond (Ind.) high school. Mr. Rupp sent a questionnaire to a large number of schools in Indiana and neighboring states to get facts in regard to annual costs to see how much money his school should spend on its book.

Among fourteen Indiana schools from whom statements of annual costs were obtained, The Totem ranks sixth lowest in per page cost, the unit for figuring what an annual staff obtains for its money.

### Has Most Pages

Though the Totem spent the greatest lump sum on its book, it produced by far the greatest number of pages, 240,000 in all, surpassing its nearest rival, Muncie, by approximately 70,000 pages. Shortridge high school, Indianapolis, was third with 163,000 pages printed. Central high school, of Fort Wayne, had 149,000 pages printed.

The cost per book and cost per page of Central's and South Side's book were practically the same. The Totem cost \$4.20 each to produce and the Caldron cost \$4.12 each, but due to the fact that the Caldron had 20 pages less to the book, its page cost was \$.0187, slightly higher than South Side's \$.0175.

The Totem spent \$1,400 more than the Caldron, but printed 320 more, thereby being enabled to produce a book costing only eight cents more per copy.

### Columbus Spends Most

Columbus high school produced the most expensive book in the state, judging from what they obtained. The cost of producing each book was \$8.00, and the per page cost was \$.05. Rushville was next, each of her books costing \$5.48 and each page, \$.0461. South Side ranked fourth high in cost of each individual book, \$4.20, but had more pages per book, 240, thereby greatly reducing the price per page. Muncie's book with 224 pages had the second largest number of pages per book, and Central was a close third with 220.

The survey of Mr. Rupp was to determine the average cost of putting out a 144 page annual, the size of the Hammond book. According to his figures, South Side's books of this size

would cost \$1.110, to Central's \$1.178 and the cost per copy of a 144-page Totem would be \$1.11, to a Caldron's \$1.37.

### Has Low Average

On a 144-page basis, the cost of South Side's book would be the fifth low out of 21 books on which Mr. Rupp obtained information.

We are greatly indebted to Mr. Rupp for sending us the results of his survey," Miss Harvey, Totem faculty advisor, says, "for it shows us that we are getting our money's worth. We hope to reduce the unit cost even lower this year, by producing more books for the same money."

### Detailed Costs

The cost per page and per book of the annuals investigated by Mr. Rupp is as follows:

	Per Page	Per Book
Muncie	\$.0091	\$1.35
Shortridge	.0146	1.98
Emmerson, Gary	.0149	2.51
Anderson	.0150	2.25
South Side	.0175	4.20

## In the Stone Age

Wednesday, November 18

The cafeteria which we are all acquainted with now was still in the making and meals were served to about 150 in the Domestic Science rooms.

Thursday, November 17

William P. VanNess was placed on the honor roll with four A's. We bet he hasn't made one since then, though.

Friday, November 18

The girls collected enough money to buy a large mirror for the lavatory. (Oh, the Eternal Feminine!)

Saturday, November 19

Central made a grand attempt to beat us today, but it was no use. The score was 9 to 6 after Fromuth made a drop-kick.

Sunday, November 19

We were still rejoicing over our first football victory from Central.

Monday, November 20

Because today is Monday, nothing much happened except that the basketball schedule was announced today by Mr. Gilbert and caging practice began at once.

Tuesday, November 21

Miss Chapin: "Camilla, what is the cause of your tardiness?" Camilla Waterfield: "I'm sorry, Miss Chapin, but the bell rang before I got here."

## SPORT GUSH

And the superstitious people are saying, "If that horseshoe only had fallen on our side."

But just you wait till basketball is here and we (the girls at least) will give Central the shortest piece of the score.

Considering the results of the game and our grades we're beginning to think the world is pretty hard on us.

Anyone going near the gym Monday night would have guessed that Central had come out here to rejoice. But, lo, and behold, it was only our volleyball players having a grand old time.

The sophs and freshies played off part of the first class tourney.

They are still hoping to feel as victorious as Central and beat the upper-class teams.

To see the mob of freshmen who practice batting the ball over the net we'll bet they will have a wow of a team.

Gradually little hints about the gym exhibit pop out, but all we can find out for sure is that it's still a comin'.

Hurrah! Just think we can be happy for two weeks before we have to "gush" some more.

### Three Pupils in Class

The Latin 5 class of the Tucson (Arizona) high school has three members. This is the smallest class in the school.

## SOCIETY

Kathryn Twining spent the week-end in Chicago.

Winifred Englehart, Gertrude Brower, and Louise Grossman enjoyed a horseback riding party last week.

"Bill" Thiele, '25, came home last week-end for the South Side-Central football game.

John Henry and Kenneth Baumgartner, of Kendallville, spent the week-end with Paul Knight and attended the South Side-Central game.

Louise Spackman entertained the members of her club last Monday evening at her home on West DeWald street. The guests were dressed for hard times. The girls made dainty box lunches, which were auctioned off. The evening was spent playing games and dancing.

Leroy Shine visited in Churubusco, Ind., last Saturday and Sunday, the guests of friends.

Evelyn Jacobs entertained the following friends at her home Thursday evening: Vera Bruns, Virginia Woebeking, Velma Rolf, Madeline White, Pauline Hilbish and Lenora Nachtigall.

Kathryn Sellers gave a party for her intimate friends Friday evening. Those who were present are Virginia Kinerk, Helen Sellers, Marcela Shalley, DeNeal Pfeiffer, Hazel Sloan and Kathryn Wescher.

Katherine Gould entertained the members of her Pot-Luck club at her home on Indiana avenue, Friday. A mock wedding was enjoyed during the evening, after which delightful refreshments were served. Those who were present are Virginia Danuser, Helene Foellinger, Margaret Pocock, Jean Gillie, Boyd Annis Thomas, and Pauline Gould.

A delightful theatre party was enjoyed by Marie Brown, Versal Mullen, Garnet Smith, and Juanita Tulley.

## 3,200 ENTHUSIASTS VIEW GREAT CONTEST

South Side-Central Game Proves To Be Financial Success for Both Schools

Close to 3,200 persons pressed into the stadium last Saturday to view the game between South Side and Central. This is the largest crowd that has ever been in the stadium for any game.

The game was a great success financially for both schools, which split the proceeds evenly. At the west entrance 1750 tickets were sold and at the east entrance 600 were sold, making a total of 2350.

South Side sold two hundred eighty three season tickets, while Central sold three hundred fifty.

A delightful surprise party was recently given in honor of Walter Bonar at his home. Prizes in buncos and other games were won by Elsie Beal, Evelyn Rose and Arnold White. Late in the evening a delicious two-course luncheon was served to Erna Beal, Evelyn Rose, Elsie Beal, Louise Hersberger, Harold Rose, Charles Toubachir, Wayne Johnson, Gerald Durr, and Arnold White.

Marguerite Schwieler was recently the hostess to several of her most intimate friends at her home on East Pontiac street. Those who were present are Mervyn Welch, Catherine Fries, and Mary Hale.

Marie Brown entertained the members of her club at her home last Friday. The guests included Garnet Smith, Rosemary Spore, Gladys Rohrer, Esther Ballard, Catherine Blackwell, Juanita Tulley, Virgil Lee Munsen, Opal Kesterson and Versal Mullen.
